Priority Protection – Overview

Introduction

Priority Protection offers you a range of plans to cater for all your life insurance needs.

There are five plans available under the Priority Protection product. The plans are:

- Term Life Plan
- Crisis Recovery Stand Alone Plan
- Disability Income Plan (Agreed Value or Indemnity)
- Business Expenses Insurance Plan
- Superannuation Term Life Plan

You can purchase each of the Term Life, Crisis Recovery Stand Alone, Disability Income and Business Expenses Insurance Plans separately or in combination with any other plan.

You can also purchase the Superannuation Term Life Plan, which will be issued as a separate policy to the trustee of your self-managed superannuation fund or by becoming a member of the AIA Superannuation Fund.

Important:

It is important to note that the products offered in this document are not investment products. They provide a benefit only when a claim becomes payable. We recommend you discuss your needs with your financial adviser.

What Do The Plans Cover?

Term Life Plan (see [page 9](#))

Under the Term Life Plan, you can choose a Term Life benefit, a Limited Term benefit, a Permanent Disablement Stand Alone benefit or any combination of the three benefits.

Optional benefits are available under the Term Life benefit.

There are no optional benefits available under the Limited Term and the Permanent Disablement Stand Alone benefits.

The optional benefits available under the Term Life benefit are:

- Crisis Recovery
 - Crisis Recovery Buy-back
 - * Crisis Reinstatement

The Permanent Disablement Stand Alone benefit provides a lump sum payment in the event of the Total and Permanent Disablement of the life insured (see definition of Total and Permanent Disablement on [page 49](#)).

Crisis Recovery Stand Alone Plan (see [page 18](#))

The Crisis Recovery Stand Alone benefit eases the financial burden of the costs associated with recovering from a medical

crisis (e.g. heart attack, cancer or stroke). We will provide you with a lump sum payment if the life insured is diagnosed with one of the crisis (medical) events covered (up to 36) under your policy. You can choose from four modules under the Crisis Recovery Stand Alone benefit:

- Comprehensive Crisis,
- Cancer and Coronary,
- Cancer Plus, and
- Coronary Plus.

There are four optional benefits available under the Crisis Recovery Stand Alone Plan:

- Permanent Disablement,
- Crisis Reinstatement,
- Female Crisis Assistance (females only),
- Child's Recovery.

Disability Income Plan (see [page 22](#))

The Disability Income Plan provides for an income stream in the event that the disablement of the life insured is due either to injury or sickness or due to accidental injury only. Also each benefit can be either agreed value or indemnity and provides cover for persons in a wide range of occupations. (See description of agreed value and indemnity on [page 22](#).)

There are four (4) types of benefits available. They are:

1. Disability Income (agreed value)
 - Covers disablement due to injury or sickness
2. Disability Income (indemnity)
 - Covers disablement due to injury or sickness
3. Disability Income Accident Only (agreed value)
 - Covers disablement due to accidental injury only
4. Disability Income Accident Only (indemnity)
 - Covers disablement due to accidental injury only

Only one (1) of the four (4) benefit types above can be selected.

There are five (5) optional benefits available under the Disability Income benefit (types 1 or 2 above):

- Claim Escalation,
- PLUS Optional,
- Day 1 Accident,
- Business Expenses Insurance, and
- Home Expenses.

There are two optional benefits available under the Disability Income Accident Only benefit (types 3 or 4 above):

- Claim Escalation, and
- Day 1 Accident.

Business Expenses Insurance Plan (see [page 31](#))

The Business Expenses Insurance Plan provides cover for reasonable ongoing business expenses incurred in the event of the disablement of the life insured through injury or sickness.

What Do The Benefits Cost?

Please refer to 'How Much Does the Policy Cost?' section on [page 44](#).

What If The Life Insured Travels Overseas?

Full cover is provided 24 hours a day, 7 days a week, anywhere in the world.

Term Life Plan

The Term Life Plan provides a:

- Term Life benefit,
- Limited Term benefit (5 or 10 years), or

Can I Increase the Term Life Cover If the Life Insured's Circumstances Change

Yes, your Guaranteed Future Insurability benefit makes this possible. You may apply for increases in the Term Life sum insured on the occurrence of certain 'personal events' and 'business events' to the life insured without supplying further evidence of health or insurability. Please see the policy document for terms and conditions applicable to all such increases.

What Are the Personal and Business Events Covered

Personal Events covered are:

- Marriage;
- Divorce;
- Birth or adoption of a child; and
- Effecting a first mortgage on the purchase of a home, or increasing an existing first mortgage for the purpose of building or renovation works on the home. (The mortgage must be on the life insured's principal place of residence with a mortgage provider.)

For 'marriage', 'divorce' and 'birth or adoption of a child' events, the Term Life sum insured may be increased under this option by the lesser of:

- 25% of the original Term Life sum insured; and
- \$200,000.

For the 'effecting a first mortgage on the purchase of a home, or increasing an existing first mortgage' event, the Term Life sum insured may be increased under this option by the lesser of:

- 50% of the original Term Life sum insured;
- amount of the first mortgage;
- amount of the increase of the first mortgage; and
- \$200,000.

Business Events covered are:

- Where the life insured is a key person in a business (e.g. working partner or director, significant shareholder) and the value of their financial interest in the business, averaged over the last three years, increases;
- Where the life insured is a key person in a business, and the life insured's value to the business, averaged over the last three years, increases; and
- Where the policy forms part of a written buy/sell, share purchase or business succession agreement and the life insured is a partner, shareholder or unit holder in the business, and the value of the life insured's financial interest in the business, averaged over the last three years, increases.

For a business event, the Term Life sum insured may be increased under this option by the lesser of:

- 25% of the original Term Life sum insured;
- the increase in the value of the life insured's financial interest in the business or of the life insured's value to the business, whichever is appropriate, averaged over the last three years; and
- \$200,000.

A Term Life sum insured increase under this option will be approved upon satisfactory proof being received by us of the occurrence and the date of the 'personal event' or the 'business event'.

During the first 6 months after an increase in the Term Life sum insured the cover for the increase will be death by accident only.

A suicide exclusion will apply to the increase in the Term Life sum insured in the first 13 months following the increase.

The maximum increase from all circumstances will be the lesser of:

Permanent Disablement Stand Alone Benefit

(Also available through Superannuation Term Life Plan subject to conditions [see [page 34](#)].)

This benefit provides:

- lump sum payment on the total and permanent disablement (see [below](#)) of the life insured prior to the latest policy anniversary prior to the life insured's 65th birthday (55th birthday for occupation category E);
- choice of stepped or level premiums (see [page 44](#));
- discounted premium rates for non-smokers;
- discounted premium rates for professional occupations (categories AAA and AA, see [page 46](#)); and

You can purchase a Permanent Disablement Stand Alone benefit on its own or in addition to the optional Permanent Disablement benefit under the Term Life benefit.

This benefit is not available for certain occupations or where the life insured is not working full-time in an occupation acceptable to us.

The definition of 'full-time' for this benefit is working a minimum of 20 hours per week and 48 weeks per year, excluding public holidays.

The standard definition of total and permanent disablement applying to most occupations (categories AAA, AA, A, B, C and D) except heavy blue collar occupations (category E) relates to the life insured's inability to perform 'any occupation'. See definition of categories AAA, AA, A, B, C, D and E on [page 46](#).

You can elect for a life insured in a professional occupation or 'white collar' occupation (category AAA, AA, A and B) (see [page 46](#)) to be covered by a definition that relates to his or her inability to perform his or her 'own occupation'. Only the 'all duties' definition can be selected for a person working in a heavy blue collar occupation (category E) (see [page 46](#)). Only the 'home duties' definition can be selected for a person carrying out domestic duties in their own residence on a full-time basis.

The premium that will be charged for the benefit depends on the definition of total and permanent disablement you select. (See [page 49](#) for the definitions.)

Payment on Total and Permanent Disablement?

Yes, if the life insured becomes totally and permanently disabled (see definition of Total and Permanent Disablement on [page 49](#)), we will pay a lump sum equal to the Permanent Disablement Stand Alone sum insured. The payment of this – benefit will not reduce the Term Life sum insured.

Can My Sum Insured Be Reduced?

No, the Permanent Disablement Stand Alone sum insured will not be reduced by any amount payable under another benefit under this policy. The benefit will cease on the death of the life insured (see [pages 16 and 47](#)).

Conversion to Loss of Independence at Age 65

If the life insured is covered for Permanent Disablement Stand Alone and there has not been a claim under the policy, then the Permanent Disablement Stand Alone benefit will continue as a Loss of Independence benefit from the expiry date of the Permanent Disablement Stand Alone benefit until the expiry date of the policy. This conversion option will not be available to occupation category E.

We will pay a lump sum equal to the Loss of Independence sum insured if the life insured meets the Loss of Independence definition (see [page 52](#)). We will pay the Loss of Independence benefit once only.

The sum insured for the Loss of Independence benefit issued on conversion from the Permanent Disablement Stand Alone benefit will be the lesser of:

- Permanent Disablement Stand Alone sum insured at the time the Permanent Disablement Stand Alone benefit ceases; and
- \$1,000,000.

For an additional premium, you can add one or more optional benefits to the Term Life benefit under your Term Life Plan. You will gain the added security of cover for major medical crises, permanent disablement cover (lump sum payment) and waiver of premium in the event of the life insured being totally and permanently disabled before age 65.

You must have a Term Life benefit before you can add any Term Life optional benefit.

The optional benefits are:

- Crisis Recovery
 - Crisis Recovery Buy-back
 - * Crisis Reinstatement
 - Female Crisis Assistance (females only)
 - Child's Recovery
- Permanent Disablement
 - Permanent Disablement Buy-back
- Waiver of Premium
- Child's Guaranteed Insurability.

Crisis Recovery Benefit

This benefit eases the financial burden of the costs associated with recovering from a medical crisis (e.g. heart attack, cancer or stroke). We have 4 modules to select from depending on your needs, from comprehensive cover for 36 crisis events to specific cover for cancer or coronary crisis events.

Comprehensive Crisis

Provides cover for 36 crisis events. This includes cover for all crisis events in the three main crisis events groups. The groups cover Cancer, Coronary and Other Serious Crisis Events.

Cancer and Coronary

Provides cover against the crisis events in the Cancer and Coronary groups.

Cancer Plus

Provides cover against the crisis events in the Cancer and Other Serious Crisis Events groups

Coronary Plus

Provides cover against crisis events in the Coronary and Other Serious Crisis Events groups.

We will provide you with a lump sum payment if the life insured is covered for and diagnosed with one of the crisis (medical) events listed below and we confirm the diagnosis.

In the event of the payment of a claim, including a claim under the Chronic Diagnosis Advancement benefit (see [page 12](#)), the Term Life sum insured and the sum insured under any Permanent Disablement or Loss of Independence benefit will be reduced by the amount of the payment made under this benefit. The Crisis Recovery sum insured you choose cannot exceed the Term Life sum insured and cannot exceed \$2,000,000 (age 16 to 55 next birthday) or \$1,500,000 (age 56 to 60 next birthday).

Upon the payment of the full sum insured under the Crisis Recovery benefit in respect of a crisis event the benefit will cease and no further Crisis Recovery benefit will be paid for any subsequent crisis event. Pre-existing Medical Condition

If the life insured has consulted a medical practitioner or undergone an investigation in relation to a crisis event (as defined on pages 50 to 53) before the benefit commencement date and has not disclosed full details to us, the Crisis Recovery benefit under this plan will not be paid in respect of that crisis event or any associated crisis events.

Chronic Diagnosis Advancement Benefit

The Chronic Diagnosis Advancement benefit is an advanced payment of the Crisis Recovery benefit. This benefit is payable upon our confirmation of the diagnosis of certain crisis events (see below).

The Chronic Diagnosis Advancement benefit will be paid if an appropriate specialist medical practitioner acceptable to us confirms that the life insured:

(a) has suffered or been medically diagnosed with one of the following crisis events:

- Motor Neurone Disease;
- Multiple Sclerosis;
- Muscular Dystrophy; or
- Parkinson's Disease,

but has not yet met the definition of that crisis event (see pages 52 and 53); or

(b) has been placed on a waiting list to receive a major organ transplant of the kind described for the Major Organ Transplant crisis event (see page 52) and that the procedure is unrelated to any previous procedure or surgery undergone by the life insured.

The payment is 25% of the Crisis Recovery sum insured, subject to a maximum of \$25,000 under all policies issued by us covering the life insured.

If the Chronic Diagnosis Advancement benefit is paid, the Crisis Recovery sum insured, the Term Life sum insured and any Permanent Disablement sum insured will be reduced by the amount paid. If the life insured subsequently qualifies for the Crisis Recovery benefit as defined in the policy document, the reduced Crisis Recovery benefit will be paid.

Only one Chronic Diagnosis Advancement benefit payment will be made in respect of the life insured under the policy.

Conversion to Loss of Independence at age 70

If the life insured is covered for the Crisis Recovery benefit and there has not been a claim under the policy, then the Crisis Recovery benefit will continue as a Loss of Independence benefit from the expiry date of the Crisis Recovery benefit until the expiry date of the policy.

We will pay a lump sum equal to the Loss of Independence sum insured if the life insured meets the Loss of Independence definition (see page 52). We will pay the Loss of Independence benefit once only.

The sum insured for the Loss of Independence benefit issued on conversion from the Crisis Recovery benefit will be the lesser of:

- Crisis Recovery sum insured at the time the Crisis Recovery benefit ceases; and
- \$1,000,000.

Crisis Recovery Buy-back benefit

The Crisis Recovery Buy-back benefit can only be purchased with the Crisis Recovery benefit. After a claim has been paid for the full sum insured on the Crisis Recovery benefit, the Crisis Recovery Buy-back benefit allows the decrease in the Term Life sum insured to be re-purchased on the first anniversary of the date of the payment of the Crisis Recovery benefit.

Crisis Reinstatement Benefit

After a Crisis Recovery benefit has been paid for the full sum insured, the policy owner will have the option of reinstating the Crisis Recovery sum insured on the first anniversary of the date of payment of the Crisis Recovery benefit. The Crisis Reinstatement benefit can only be purchased with the Crisis Recovery Buy-back benefit. The Crisis Recovery Buy-back option will also have to be exercised at the same time as the Crisis Reinstatement option. The Crisis Recovery sum insured at all times may not exceed the Term Life sum insured.

After a Crisis Recovery benefit has been reinstated, the number of crisis events for which the life insured will be covered will be in accordance with the following rules:

Where a Crisis Recovery benefit has been paid for a crisis event in the Other Serious Crisis Events group and the Crisis Recovery benefit has been reinstated, going forward the life insured will be covered for all crisis events within the Other Serious Crisis Events group other than the crisis event for which a crisis benefit has already been paid and the Loss of Independence crisis event.

After the Crisis Recovery benefit has been reinstated, the premium for the Crisis Recovery benefit will be based on the Crisis Recovery module in force prior to the payment of the claim in respect to a crisis event. The Crisis Recovery benefit can be reinstated only once under the Crisis Reinstatement benefit.

Female Crisis Assistance Benefit

This benefit is not available for certain occupations or where the life insured is not working full-time in an occupation acceptable to us.

The definition of 'full-time' for this benefit is working a minimum 20 hours per week and 48 weeks per year, excluding public holidays.

Payment on Total and Permanent Disablement?

Yes, if the life insured becomes totally and permanently disabled we will pay a lump sum equal to the Permanent Disablement sum insured.

In the event of the payment of a claim, the Term Life sum insured and any Crisis Recovery sum insured will be reduced by the amount paid under this benefit.

Conversion to Loss of Independence at Age 65

If the life insured is covered for Permanent Disablement and there has not been a claim under the policy, then the Permanent Disablement cover will continue as a Loss of Independence benefit from the expiry date of the Permanent Disablement benefit until the expiry date of the policy. This conversion option will not be available to occupation category E.

Waiver of Premium Benefit

(Available in superannuation Term Life Plan subject to conditions, see [page 34](#).)

The Waiver of Premium benefit can be selected as the only optional benefit or in conjunction with one or more of the other optional benefits under the Term Life benefit.

The definition of 'full-time' for this benefit is working a minimum of 20 hours per week and 48 weeks per year, excluding public holidays.

The standard definition of total and permanent disablement applying to most occupations (categories AAA, AA, A, B, C and D) except heavy blue collar occupations (category E) relates to the life insured's inability to perform 'any occupation'. You can elect for a life insured in a professional occupation or 'white collar' occupation (category AAA, AA, A and B) to be covered by a definition that relates to his or her inability to perform his or her 'own occupation'. The premium that will be charged for the benefit depends on the definition of total and permanent disablement you select. (See [page 49](#) for the definitions.)

The definition of total and permanent disablement chosen for the Waiver of Premium benefit must be the same as the definition chosen for any Permanent Disablement and/or Permanent Disablement Stand Alone benefit included under the Term Life Plan.

Each definition of the Total and Permanent Disablement that you can choose for the Waiver of Premium benefit contains a qualifying period (either three or six months) during which the life

insured must be 'absent from employment solely as a result of injury or sickness' in order to be eligible to claim under the benefit. You must pay premiums during the qualifying period relating to your chosen definition of Total and Permanent Disablement and they will not be refunded if and when we accept the Waiver of Premium claim.

This benefit guarantees each nominated child the right to purchase a separate insurance policy providing life cover on their own life up to \$300,000 on standard terms and conditions without evidence of health. A premium applies for each nominated child, with a maximum of ten nominated children per benefit.

If the life insured is less than age 49 at commencement date you may purchase this benefit for any child of the life insured who is less than age 10. The nominated child may exercise this option on the policy anniversary prior to their 18th, 21st or 25th birthday or when they marry, buy a home or have a child of their own. This option can be exercised only once by the nominated child.

This benefit ceases on the latest policy anniversary prior to the 25th birthday of the nominated child or prior to the 65th birthday of the life insured, if earlier.

What about Tax?

Usually tax is not payable upon death on any lump sum payment that may be made under this policy, as long as the ownership of the policy does not change. Conversely, premiums for a policy that provides lump sum benefits are not usually tax deductible. Different rules may apply in some circumstances. A tax professional will be able to clarify your particular position.

If the policy is owned in a business environment then the premiums may in some situations be deductible and the proceeds may then be assessable for taxation purposes.

This information is based on the continuance of present laws affecting taxation and our interpretation of them.

Note: Death benefits paid by a superannuation fund are subject to different tax arrangements. Those acquiring the benefit under the Superannuation Term Life Plan should refer to [page 40](#) for information on taxation of benefits in that plan.

If The Life Insured Dies Before The Application Is Accepted, Is Any Benefit Payable?

Yes, if the life insured dies as a result of an accident Complimentary Interim Accidental Death Cover may apply, see [pages 59 and 60](#).

Crisis Recovery Stand Alone Plan

Introduction

The Crisis Recovery Stand Alone Plan eases the financial burden of the costs associated with recovering from a major medical crisis (e.g. heart attack, cancer or stroke). The Crisis Recovery Stand Alone Plan provides a Crisis Recovery Stand Alone benefit to which you can add one or more optional benefits.

Crisis Recovery Stand Alone Benefit

The Crisis Recovery Stand Alone benefit provides:

- choice of 4 crisis modules for you to select from depending on your needs, from comprehensive cover (36 crisis events) to specific cover for cancer or coronary crisis events.
- lump sum payment if the life insured is diagnosed as having sustained at least one of the crisis (medical) events as defined in the crisis module selected, and we confirm the diagnosis;
- lump sum payment of up to \$5,000 if the life insured dies and no benefit is payable in respect of a crisis event;
- choice of stepped or level premiums;
- premium rate discounts (see [page 44](#));
- discounted premium rates for non-smokers; and
- complimentary interim accidental death cover of up to \$5,000 (see [pages 59 and 60](#)).

Crisis Recovery Stand Alone Plan (continued)

Qualifying Period

The Crisis Recovery Stand Alone benefit will not be paid if the life insured sustains one of the following crisis events within 3 months after the plan commencement date or any increase or reinstatement. These crisis events are:

Pre-existing Medical Condition

If the life insured has consulted a medical practitioner or undergone an investigation in relation to a crisis event before the plan commencement date and has not disclosed full details to us, the Crisis Recovery Stand Alone benefit will not be paid in respect of that crisis event and any associated crisis events.

Chronic Diagnosis Advancement Benefit

The Chronic Diagnosis Advancement benefit is an advanced payment of the Crisis Recovery Stand Alone benefit. The benefit is payable upon our confirmation of the diagnosis of certain crisis events (see below).

The Chronic Diagnosis Advancement benefit will be paid if an appropriate specialist medical practitioner acceptable to us confirms that the life insured:

- (a) has suffered or been medically diagnosed with one of the following crisis events:
 - Motor Neurone Disease;
 - Multiple Sclerosis;
 - Muscular Dystrophy; or
 - Parkinson's Disease,
 but has not yet met the definition of that crisis event (see [pages 52 and 53](#));
 or
- (b) has been placed on a waiting list to receive a major organ transplant of the kind described for the Major Organ Transplant crisis event (see [page 52](#)) and that the procedure is unrelated to any previous procedure or surgery undergone by the life insured.

The payment is 25% of the Crisis Recovery Stand Alone sum insured, subject to a maximum of \$25,000 under all policies we have issued covering the life insured.

If the Chronic Diagnosis Advancement benefit is paid, the Crisis Recovery Stand Alone sum insured will be reduced by the amount paid. If the life insured subsequently qualifies for the payment of the Crisis Recovery Stand Alone benefit in respect to a crisis event covered by the crisis module selected, as defined in the policy document, the reduced Crisis Recovery Stand Alone benefit will be paid.

Only one Chronic Diagnosis Advancement benefit payment will be made in respect of the life insured under the policy.

Crisis Recovery Stand Alone Optional Benefits

For an additional premium, you can add one or more optional benefits to the Crisis Recovery Stand Alone benefit under your Crisis Recovery Stand Alone Plan. You will gain the added security of cover for major female medical crises, crisis cover for one or more of your children, cover for total and permanent disablement and the option to reinstate your crisis cover lost in the event you are paid a crisis claim.

You must have a Crisis Recovery Stand Alone benefit before you can add any Crisis Recovery Stand Alone optional benefits.

The optional benefits are:

- Crisis Reinstatement,
- Female Crisis Assistance (females only),
- Child's Recovery, and
- Permanent Disablement

Crisis Reinstatement Benefit

After a Crisis Recovery Stand Alone benefit has been paid for the full sum insured, the policy owner will have the option of reinstating the Crisis Recovery Stand Alone sum insured on the first anniversary of the date of the payment of the Crisis Recovery Stand Alone benefit.

After a Crisis Recovery Stand Alone benefit has been reinstated, the number of crisis events for which the life insured will be covered will be in accordance with the following rules:

Module Chosen	Crisis Events Group Claimed From	Module or Group Reinstated
Comprehensive Crisis	Cancer	Coronary Plus Module*
Comprehensive Crisis	Coronary	Cancer Plus Module*
Comprehensive Crisis	Other Serious Crisis events	Comprehensive Crisis Module #

Coronary Plus	Coronary	Other Serious Crisis Events Group*
Coronary Plus	Other Serious Crisis Events	Coronary Plus Module#

Crisis Recovery Stand Alone Plan (continued)

insured will be covered for all crisis events within the reinstated groups other than the Loss of Independence crisis event.

Where a Crisis Recovery Stand Alone benefit has been paid for a crisis event in the Other Serious Crisis Events group and the Crisis Recovery Stand Alone benefit has been reinstated, going forward the life insured will be covered for all crisis events within the Other Serious Crisis Events group other than the crisis event for which a crisis benefit has already been paid and the Loss of Independence crisis event.

After the Crisis Recovery Stand Alone benefit has been reinstated, the premium for the Crisis Recovery Stand Alone benefit will be based on the Crisis Recovery Stand Alone module in force prior to the payment of the claim in respect to a crisis event. The Crisis Recovery Stand Alone benefit can be reinstated only once under the Crisis Reinstatement benefit.

Female Crisis Assistance Benefit

Please see the section entitled, 'Female Crisis Assistance Benefit' on [page 13](#).

Child's Recovery Benefit

Please see the section entitled, 'Child's Recovery Benefit' on [page 13](#).

Permanent Disablement Benefit

This benefit provides:

- lump sum payment on the total and permanent disablement of the life insured;
- discounted premium rates for non-smokers;
- discounted premium rates for professional occupations (categories AAA and AA, see [page 46](#)); and
- four different definitions of 'total and permanent disablement'. The definitions you can choose from depend on the occupation category of the life insured (see below).

You can select a Permanent Disablement sum insured equal to or lower than the Crisis Recovery Stand Alone sum insured, subject to the maximum sum insured limits for Permanent Disablement under the policy. (See the summary on [page 5](#) for limits and rules for maximum sums insured, entry and expiry ages and occupation categories.)

The payment of a benefit under the Crisis Recovery Stand Alone benefit will reduce the sum insured under the Permanent Disablement benefit.

This benefit is not available for certain occupations or where the life insured is not working full-time in an occupation acceptable to us. The definition of 'full-time' for this benefit is working a minimum 20 hours per week and 48 weeks per year, excluding public holidays.

The standard definition of total and permanent disablement applying to most occupations (categories AAA, AA, A, B, C and D) except heavy blue collar occupations (category E) relates to the life insured's inability to perform 'any occupation'. You can elect for a life insured in either a professional or 'white collar' occupation (category AAA, AA, A and B) (see [page 46](#)) to be covered by a definition that relates to his or her inability to perform his or her 'own occupation'. Only the 'all duties' definition can be selected for a person working in a heavy blue collar occupation (category E) (see [page 46](#)). Only the 'home duties' definition can be selected for a person carrying out

domestic duties in their own residence on a full-time basis. The premium that will be charged for the benefit depends on the definition of total and permanent disablement you select (see [page 49](#)).

Payment on Total and Permanent Disablement?

Yes, if the life insured becomes totally and permanently disabled we will pay a lump sum equal to the Permanent Disablement sum insured.

In the event of the payment of a Permanent Disablement claim, the Crisis Recovery Stand Alone sum insured will be reduced by the amount paid under this benefit.

Can My Permanent Disablement Sum Insured Be Reduced?

Yes, the Permanent Disablement sum insured will be reduced by any payment made under the Crisis Recovery Stand Alone benefit.

Other Essential Information

What Are The Minimum Sums Insured?

There are no minimum sum insured requirements for benefits under the Crisis Recovery Stand Alone Plan except the Female Crisis Assistance benefit. However, a \$300 minimum premium requirement applies to the policy (see summary on [page 5](#)).

The minimum sum insured for the Female Crisis Assistance benefit is \$10,000.

What Are The Maximum Sums Insured?

See summary on [page 5](#).

These maximums will apply to the total sum insured for all similar benefits on the life insured with us and other insurers.

Can I Increase or Decrease My Sum Insured?

Yes, see details on [page 47](#).

Can I Freeze My Premium?

Yes, provided the life insured is aged 35 or older at the policy anniversary at the start of the policy year. You may select to pay in a policy year and in all subsequent policy years, the same premium as you paid for the previous policy year. Any such notification to us must be in writing.

The sum insured for each benefit will decrease on the policy anniversary. This process will be repeated each year on the policy anniversary.

When the Premium Freeze option has been exercised, any indexation of benefit will cease.

If you wish to unfreeze your premium, you will need to write to us for our approval.

The Premium Freeze will not apply to the Female Crisis Assistance benefit.

A tax professional will be able to clarify your particular position.

If the policy is owned in a business environment then the premiums may in some situations be deductible and the proceeds may then be assessable for taxation purposes.

This information is based on the continuance of present laws affecting taxation and our interpretation of them.

Total Disablement Benefit

If the life insured is totally disabled for longer than the waiting period you select, the monthly benefit will be payable from the end of the waiting period and will continue throughout the benefit period you select as long as the life insured continues to be totally disabled. The benefit will be calculated on a daily basis and paid monthly in arrears. The amount of the total disablement benefit may be subject to claim offsets (see [page 28](#)).

Partial Disablement Benefit

If the life insured is partially disabled beyond the end of the waiting period you select, after having been totally disabled for at least 7 consecutive days from the start of the waiting period, a partial disablement benefit will be payable.

This benefit will be a proportion of the insured monthly benefit and will be payable from the first day the life insured is partially disabled after the end of the waiting period. The benefit will continue throughout the benefit period you select as long as the life insured continues to be partially disabled. The benefit will be calculated on a daily basis and will be paid monthly in arrears.

If the life insured is earning 25% or less of his or her pre-disablement income during any of the first 3 months of partial disablement after the end of the waiting period, the total disablement benefit amount will be paid for that month.

Claim offsets may apply to any benefit payable (see [page 28](#)).

Premium payments will recommence from the date on which the waiving of premiums ceases.

Rehabilitation Expenses Benefit

If a total disablement benefit has been paid for at least 3 months, we will reimburse the cost of a rehabilitation program for the life insured that is approved by us. These expenses must be necessary to assist in rehabilitating the life insured back to work.

The benefit does not cover additional expenses such as wheelchairs, artificial limbs, home and car modifications and travelling and education expenses. The maximum benefit is 12 times the insured monthly benefit and is payable in addition to any other benefit received.

Recurrent Disablement Benefit

If the life insured has returned to work on a full-time basis after the payment of a disablement benefit and there is a recurrence of the life insured's disablement from the same or related causes within 12 months of returning to work, we will waive the waiting period.

The claim will be treated as a continuation of the most recent claim and will be payable for up to the balance of the benefit period.

If the life insured dies, we will pay you 6 times the insured monthly benefit up to a maximum death benefit of \$60,000.

Indexation of Benefit

The level of cover will increase by the greater of 3% and the Consumer Price Index (CPI) increase for that year. Your premium will also be adjusted to allow for the higher level of cover and the age of the life insured at that time.

If you are eligible to claim a Crisis Recovery benefit (see below) at the same time as a Specified Injury benefit, you will be paid only for the benefit with the longest payment period.

The Specified Injury benefit will be paid instead of any Total or Partial Disablement benefit, Bed Confinement benefit or Day 1 Accident benefit under the plan. If the life insured is still disabled at the end of the payment period, any other disablement payments will be determined in accordance with the terms of the plan.

Disability Income Plan (Agreed Value or Indemnity) (continued)

'Loss' for the purposes of this benefit means the total and permanent loss of:

- use of the hand from the wrist or the foot from the ankle joint; or
- use of the arm from the elbow or the leg from the knee joint; or
- use of the thumb and index finger from the first phalange joint; or
- sight (to the extent of 6/60 or less) in the eye.

The Specified Injury benefit:

- starts from the date the life insured suffers the event as the result of an injury;
- is paid monthly in advance, and
- will stop when the payment period expires, the benefit period expires, the plan expires or the life insured dies, whichever occurs first.

Crisis Recovery Benefit

If the life insured is diagnosed with any one of 36 crisis events by a medical practitioner, we will pay a lump sum equal to six times the insured monthly benefit. Alternatively, you can choose to receive the payment in monthly instalments.

The lump sum payment is in effect the payment of the first six monthly benefit payments under the Disability Income PLUS Optional benefit which otherwise may have become payable as a result of the life insured's disablement.

The Crisis Recovery benefit will be paid instead of the Total or Partial Disablement benefit or the Bed Confinement benefit under the plan.

The Crisis Recovery benefit is payable once only during the term of the PLUS Optional benefit.

Payment of the disablement monthly benefit may commence 6 months after the start of the benefit period if the life insured is still unable at that time to work due to disablement.

Disability Income Plan (Agreed Value or Indemnity) (continued)

Pre-existing Medical Condition

If the life insured has consulted a medical practitioner or undergone an investigation in relation to a crisis event before the commencement date of the benefit and has not disclosed full details to us, the Crisis Recovery benefit under this plan will not be paid in respect of that crisis event and any associated crisis events.

Bed Confinement Benefit

If during the waiting period the life insured is totally disabled, and is confined to bed and a medical practitioner certifies in writing that the life insured requires the continuous full-time care of a registered nurse for more than three days, we will pay 1/30 of the insured monthly benefit for each complete day he or she is confined to bed and is under the continuous full-time care of a registered nurse up to a maximum of 90 days or until the end of the waiting period, whichever occurs first.

The medical practitioner and the nurse cannot be the life insured or the policy owner, or a family member, business partner, employee or employer of either the life insured or the policy owner. The Bed Confinement benefit will not be paid if a benefit is being received under the Specified Injury benefit or the Crisis Recovery benefit.

Cosmetic or Elective Surgery Benefit

In the situation where total disablement arises as a result of cosmetic or other elective surgery or as a result of surgery to transplant an organ from the life insured into the body of another person, then the Total Disablement benefit is payable, provided that such surgery took place more than 6 months after the commencement date of the benefit or date of any increase or reinstatement.

Accommodation Benefit

The Accommodation benefit will be payable if the life insured becomes totally disabled and is more than 100 kilometres from home, or on the advice of his or her medical practitioner the life insured travels to a place more than 100 kilometres from home. The Accommodation benefit will assist an immediate family member to be accommodated near the life insured, provided the life insured is confined to bed. We will pay \$250 a day, for up to 30 days in any 12 month period, for each day the immediate family member has to stay away from home.

Family Care Benefit

This benefit is payable if, as a result of total disablement, the life insured is totally dependent on an immediate family member for his or her essential everyday needs and consequently the family member's income is reduced. We will pay the amount of the reduction in their pre-tax monthly income, or up to 50% of the insured monthly benefit (whichever is the lesser) for up to 3 months, starting from the end of the waiting period you select.

Home Care Benefit

The Home Care benefit will be payable if, after the waiting period, the life insured is totally disabled, confined to or near a bed, other than in a hospital or a similar institution that provides nursing care, and is totally dependent upon a paid professional home carer. We will reimburse the lesser of \$150 a day or 100%

of the insured monthly benefit for up to six months to help cover the cost, provided the life insured remains totally dependent upon the professional home carer and you are not already receiving the Family Care benefit or Accommodation benefit.

No-Claim Bonus

Periods without a claim against your plan will be rewarded, at no additional cost to you, with a special 'no-claim bonus' that will increase your insured monthly benefit by the percentage shown below if you do subsequently claim.

Claim-Free Years	Bonus
3	5%
4	10%
5 or more	15%

The increased benefit will be paid for up to 12 months while claim payments are being made. This benefit can be payable once only during the life of the policy.

Relocation Benefit

If, while the life insured is travelling or residing outside of Australia, the life insured suffers Total Disablement for a period in excess of three months, we will reimburse you the cost of the single standard economy airfare to Australia upon the most direct available route or three times the insured monthly benefit whichever is the lesser. The amount of this benefit will be reduced by any other reimbursements which the life insured is entitled to receive in respect of the transportation (such as benefits provided by private medical and health insurance and travel insurance).

Rehabilitation Incentive Benefit

If the life insured returns to full-time paid employment after attending a rehabilitation program that is approved by us, and remains in full-time paid employment for six consecutive months, we will pay a Rehabilitation Incentive benefit equal to 3 times the insured monthly benefit. We will pay this benefit just once only.

Guaranteed Future Insurability Benefit

This benefit provides you with an option to increase the insured monthly benefit under the Disability Income benefit, without medical underwriting, whenever the life insured's salary package increases.

The following conditions apply to this benefit:

- You must apply for the increase in the insured monthly benefit within the first 30 days after the increase in the life insured's salary package;
- The life insured must be aged 50 years or younger at commencement of the Disability Income benefit;
- The policy must have been issued without any medical or pastimes loading;
- The maximum increase in the insured monthly benefit is the lesser of:
 - 10% of the insured monthly benefit, after the addition of any benefit indexation increases since commencement of the Disability Income benefit; and
 - \$1,000;

Disability Income Plan (Agreed Value or Indemnity) (continued)

- The total insured monthly benefit, after any increase, cannot exceed 75% of the first \$20,833 of the life insured's monthly income at the time of the increase, plus 50% of the balance of the life insured's monthly income at the time of the increase over \$20,833;
- Total of all increases in the insured monthly benefit cannot exceed the initial insured monthly benefit;
- The benefit can be exercised only if the:
 - life insured is not on claim, or eligible to make a claim, at the time of the request to exercise the option;
 - life insured is less than age 55 years at the time of the request to exercise the option, and
 - total insured monthly benefit under all income protection benefits with us and other insurers on the life insured is less than the maximum insured monthly benefit allowed under the policy for the life insured;
- The option can be exercised once only within a 12-month period;
- Benefit is restricted to employees only (not available to self-employed persons) at time of request to exercise the option; and
- We will require proof of the event e.g. in the form of a letter from the employer confirming the new salary package.

Day 1 Accident Benefit

If the life insured is totally disabled for at least 30 consecutive days due to an Accidental Injury (defined below), we will pay one lump sum per claim equal to the insured monthly benefit less any payments made under the Bed Confinement benefit, Specified Injury benefit or Crisis Recovery benefit under this plan.

This benefit is not available where the Disability Income benefit or Disability Income Accident Only benefit has a waiting period of 14 days.

'Accidental Injury' means a physical injury which is caused solely and directly by violent, accidental, external and visible means, which occurs while the benefit is in force and which results solely and directly and independently of a pre-existing condition or any other cause in total disablement.

Total disablement, which is caused, or contributed to, by an injury suffered as a result of the life insured's participation in any occupation, sport or pastime which we would not normally cover on standard terms, is excluded under the Day 1 Accident benefit.

Business Expenses Insurance Benefit

This benefit is specifically designed for the self-employed person who needs to ensure that the fixed expenses of the business or practice will still be paid even if he or she cannot work due to injury or sickness.

- Recurrent Disablement benefit;
- 24-month benefit period;

- 50% of the balance of income over \$250,000.

The maximum insured monthly benefits for each occupational category are listed below:

Yes, see details on [page 47](#).

This option is not available under the Home Expenses benefit.

Claim Offsets

Occupation Categories AAA and AA (see [page 46](#))

In the event of a claim for a Total Disablement or Partial Disablement benefit we may reduce the amount of the benefit otherwise payable by amounts received from other sources for loss of income in respect of the life insured's injury or sickness.

Amounts that can be offset include regular payments made from another insurance policy or from a superannuation/pension plan, but only if that policy/plan was not disclosed to us when you applied for this policy or when you applied for an increase in cover under this policy.

If any of these regular payments are paid other than monthly or in the form of a lump sum or are exchanged for a lump sum, we will convert them to an equivalent monthly payment. A lump sum payment will be deemed to be the monthly equivalent of 1/60 of the lump sum payment. Any lump sum total and permanent

disablement benefit received will not be offset against your total disablement or partial disablement benefit.

We will reduce the amount of a total disablement benefit or partial disablement benefit only to the extent that;

- the aggregate of the total disablement benefit and any other payments made (see above) cannot exceed 75% of the first \$20,833 of the life insured's monthly pre-disablement income, plus 50% of the balance of the life insured's monthly pre-disablement income over \$20,833;
- the aggregate of the partial disablement benefit, the life insured's monthly income and any other payments made (see above) cannot exceed 100% of the life insured's monthly pre-disablement income.

Occupation Categories A, B, C, D and E (see [page 46](#))

In the event of a claim for a Total Disablement or Partial Disablement benefit we may reduce the amount of the benefit otherwise payable by amounts received from other sources for loss of income in respect of the life insured's injury or sickness.

Amounts that can be offset include:

- (i) regular payments made under a workers' compensation or motor accident claim or any claim made under any similar state or federal legislation; and
- (ii) regular payments made from another insurance policy or from a superannuation/pension plan, but only if that policy/plan was not disclosed to us when you applied for this policy or when you applied for an increase in cover under this policy.

If any of these regular payments are paid other than monthly or in the form of a lump sum or are exchanged for a lump sum, we will convert them to an equivalent monthly payment. A lump sum payment will be deemed to be the monthly equivalent of 1/60 of the lump sum payment. Any lump sum total and permanent disablement benefit received will not be offset against your total disablement or partial disablement benefit.

We will reduce the amount of a total disablement benefit or partial disablement benefit only to the extent that;

- the aggregate of the total disablement benefit and any other payments made (see (i) and (ii) above) cannot exceed 75% of the first \$20,833 of the life insured's monthly pre-disablement income, plus 50% of the balance of the life insured's monthly pre-disablement income over \$20,833;
- the aggregate of the partial disablement benefit, the life insured's monthly income and any other payments made (see (i) and (ii) above) cannot exceed 100% of the life insured's monthly pre-disablement income.

Home Expenses Claim

In the event of a claim we will pay no amount under the Home Expenses benefit if there is any amount of benefit received or receivable by the insured spouse from any other income protection or business expenses insurance benefit with us or other insurer due to the sickness or injury of the insured spouse.

Insured Spouse and Life Insured on claim at the same time

Where the life insured and insured spouse are both on claim, the Home Expenses benefit will be limited such that the total of the Disability Income benefit (life insured) and the Home Expenses benefit (insured spouse) do not exceed 85% of the life insured's pre-disablement income for the first 6 months of the Home

What about Tax?

The monthly benefit payable in the event of a claim is assessable for income tax purposes, but the part of the premium you pay to provide an income for yourself is generally tax deductible.

Usually tax is not payable upon death on any lump sum payment that may be made under this policy, as long as the ownership of the policy does not change. Conversely, premiums for a policy that provides lump sum benefits are not usually tax deductible. Different rules may apply in some circumstances. A tax professional will be able to clarify your particular position.

This information is based on the continuance of present laws affecting taxation and our interpretation of them.

Home Expenses Benefit

Generally premiums paid for the Home Expenses benefit will not be tax deductible to the payor and any benefit received will not be assessable for income tax in the hands of the insured spouse.

Claim offsets may apply (see [page 32](#)).

Extension of Benefit Period

If at the end of the benefit period the life insured remains Totally Disabled (Business Expenses) and the total benefit paid is less than 12 times the insured monthly benefit, payments will continue until the earliest to occur of the:

- payment of 12 times the insured monthly benefit;
- expiry of a further 12 months;
- cessation of the Total Disablement (Business Expenses); or

No Partial Disablement benefit is payable during the waiting period. Claim offsets may apply (see [page 32](#)).

- Depreciation on real estate.
- Losses on investments.
- Taxes, other than in respect of related costs for non income generating employees as above.
- Any payment which we determine on a fair and reasonable basis not to be a regular operating expense.

Claim Offsets

The Business Expenses Insurance benefit payable for a period will be reduced by the sum of:

- the life insured's portion of the income of the business derived from trading during that period;
- the income generated by an employee hired after the life insured became totally disabled, to perform the work normally performed by the life insured;
- any amount received from any other insurance policy for reimbursement of business expenses that was not disclosed to us when the level of cover was applied for. The amount will only be reduced to the extent that the combined Business Expenses Insurance payments from the policy and other insurance would otherwise exceed 100% of the Business Expenses Insurance monthly benefit, and
- business turnover (applies to Partial Disablement benefit only).

Exclusions – Events for Which the Life Insured Is Not Covered

- Disablement due to intentional self-inflicted injury or any such attempt by the life insured;
- Disablement due to engaging in or taking part in service in the armed forces of any country; or
- Normal pregnancy, uncomplicated childbirth or miscarriage.

When Do My Benefits and Cover Stop?

Benefits in the course of the payment under the Business Expenses Insurance plan will stop on the earliest to occur of the:

- death of the life insured;
- life insured ceasing to be disabled;
- end of the benefit period; and
- expiry date of the benefit.

Cover under the Business Expenses Insurance plan will stop on the earliest to occur of the:

- death of the life insured;
- life insured's permanent retirement from the workforce, except when directly due to disablement;
- expiry date of the benefit;
- cancellation of the benefit; and
- lapse of the policy.

What about Tax?

The monthly benefit payable in the event of a claim is assessable for income tax purposes, but the part of the premium you pay to provide an income for yourself is generally tax deductible.

Different rules may apply in some circumstances. A tax professional will be able to clarify your particular position.

This information is based on the continuance of present laws affecting taxation and our interpretation of them.

Superannuation Term Life Plan

Introduction

If you wish, you can include this plan as part of your superannuation arrangements. This plan can be acquired by the trustee of your private/self managed superannuation fund (**SMSF**) on your behalf, or if you do not have a SMSF, by becoming a member of the AIA Superannuation Fund (see [pages 35 to 39](#) for information relating to the AIA Superannuation fund) (the **Fund**). Any benefits are paid to the trustee of the superannuation fund which then deals with the benefit in accordance with the terms of the trust deed of that fund. (See below for details).

Under this plan you will have no direct relationship with AIG Life, as the owner of the plan will be either the trustee of your SMSF or the trustee of the Fund.

Note: All cross references in this part to other parts of the PDS must be read subject to the terms and conditions applicable to the benefits under the Superannuation Term Life Plan set out below.

The Superannuation Term Life Plan offers a:

- Term Life benefit,
- Limited Term benefit (5 or 10 years), and
- Permanent Disablement Stand Alone benefit.

You can choose any of the three benefits or any combination of the three benefits (see [pages 39 to 42](#) for further information on these benefits).

You can also add an optional Permanent Disablement benefit or Waiver of Premium benefit to the Term Life benefit (see [page 39](#) for further information on these benefits). There are no optional benefits available under the Limited Term and the Permanent Disablement Stand Alone benefits.

You can include the Superannuation Term Life Plan in your superannuation arrangements as a member of either the Fund or a SMSF (see [below](#)). The terms and conditions relating to the Superannuation Term Life Plan do not vary depending on the superannuation fund of which you are a member.

Private/Self-Managed Superannuation Fund

If you want to be covered under a Superannuation Term Life Plan and you are a member of a SMSF, the trustee of your SMSF can purchase the plan from us on your behalf.

Important: The Superannuation Term Life Plan is not an investment product. It is a risk product providing protection against death and/or disablement.

Who is the issuer of this plan?

AIG Life is the issuer of the Superannuation Term Life Plan. The Superannuation Term Life Plan is acquired by the trustee of your SMSF by AIG Life accepting an application from the trustee of your SMSF for a Superannuation Term Life Plan. The trustee of your SMSF is the policy owner for the purposes of providing benefits in the Superannuation Term Life Plan.

Given that the Superannuation Term Life Plan is issued by AIG Life, it is a separate benefit from the Superannuation Term Life Plan issued by the Trustee of the Fund (see [page 35](#)) which is subject to the governing rules specific to the Fund.

AIG Life will issue the Superannuation Term Life Plan to the trustee of your SMSF. However, AIG Life is not in a position to describe the governing rules specific to each SMSF to which the Superannuation Term Life Plan has been issued, such as terms with respect to Eligible Rollover Funds (ERF) (if any), the taxation benefits on contributions (if any) etc.

Please refer all of your queries on the governing rules of your SMSF to the trustee of your SMSF.

What are the benefits under the plan?

The insurance benefits you can select are the:

- Term Life benefit,
- Limited Term benefit (5 or 10 years), and
- Permanent Disablement Stand Alone benefit.

You can choose any of the three benefits or any combination of the three benefits (see [page 39](#) for further information on these benefits).

Each benefit pays its sum insured in a lump sum on the death (Term Life and Limited Term benefits) or on the Total and Permanent Disablement (Permanent Disablement Stand Alone benefit) of the life insured.

Also, you can choose to add one or both of the optional benefits available under the Term Life benefit. They are:

- Permanent Disablement benefit, and
- Waiver of Premium benefit

(see [page 39](#) for further information on these benefits).

When you are a member of a SMSF any payment to you or your dependants due under the policy will be controlled by that fund's trust deed and must be paid in accordance with superannuation law.

Nominating a Beneficiary

The trust deed of your SMSF may permit you to:

- direct the trustee to pay the death benefit directly to your nominated dependants, a person who is in an interdependency relationship with you or your legal personal representative with a binding nomination of beneficiary (see [page 37](#) for further details on binding nominations); or
- provide a non-binding nomination of beneficiary to the trustee, which will be taken into account when the trustee determines to whom to pay your death benefit (see [page 37](#) for further information on non-binding nominations).

Different terms and conditions may apply in relation to who can be nominated and the process the trustee requires to be followed concerning these nominations. The trustee of your SMSF will be able to advise you on the type of nomination of beneficiary you are able to make under your fund's governing rules and how you can change your nomination.

How to Apply

Starting your Superannuation Term Life Plan is easy! For information on how to apply, see the 'How to Apply' section on [page 47](#).

Superannuation Term Life Plan (continued)

If you are a member of a SMSF the trustee of that fund must complete and sign Section W (Private/Self-Managed Superannuation Fund) of the Application Form.

Insurance cover will not commence until the risk is accepted by AIG Life.

REMEMBER – Do not forget to keep your Complimentary Interim Accidental Death Cover Certificate (see [page 59](#)) in a safe place.

AIA Superannuation Fund

NOTE: This part applies if you do not have a SMSF and want to obtain the plan as a member of the Fund.

Important: The Superannuation Term Life Plan acquired through membership in the Fund is not an investment product. It is a risk product providing protection against death and/or disablement.

Who is the issuer of this plan?

Trust Company Superannuation Services Limited (Trustee) (ABN 49 006 421 638, AFS Licence No. 235153, RSE Licence No. L0000635) is the trustee of the Fund and the issuer of the Superannuation Term Life Plan. The Superannuation Term Life Plan is acquired by your being accepted as a risk only member of the Fund. The Trustee is the policy owner for the purposes of providing benefits in the Superannuation Term Life Plan.

The Trustee has been granted a Registrable Superannuation Entity (RSE) Licence by the Australian Prudential Regulation Authority (APRA).

The Fund complies with the requirements of the Superannuation Industry (Supervision) Act 1993 (SIS Act) and the relevant provisions of the Corporations Act 2001. Further information relating to the Fund can be obtained by requesting a copy of the Trust Deed between AIG Life and the Trustee (Trust Deed) or the Trustee's latest annual report. The Trustee's annual report will be provided to members free of charge by contacting KPMG on 02 9335 7380 (see below for further information on KPMG).

Who is the administrator?

KPMG Superannuation Services Pty Limited (KPMG) (ABN 90 904 584 755; AFS Licence No. 241366) is the administrator of the Fund.

Application for Membership in the fund

If you want to be covered under a Superannuation Term Life Plan and you are not a member of a SMSF, you must first apply for and be accepted for membership of the Fund as a risk only member.

The application for membership of the Fund can be found in Section X of the Application Form.

As a risk only member of the Fund, your only benefit will be the benefits (if any) payable under the Superannuation Term Life Plan. Any contributions paid by you or on your behalf to the Trustee of the Fund will be used solely for the purpose of payment of the premiums for your benefits under that plan.

Consequently contributions will not be invested on your behalf and will not accrue investment returns.

Special Conditions

Some of the special conditions that apply when you become a member of the Fund are:

- As a member of the Fund you must continue to meet the requirements under the Trust Deed and relevant law as to who can be a member of the Fund; and
- AIG Life may ask for medical and other information about the person to be insured. This evidence is required for AIG Life to assess your application. AIG Life will keep this information confidential. In assessing your application AIG Life may also ask for financial and other information in addition to further medical evidence. (See Health and Other Information Required on [page 47](#).)

What are the benefits under the plan?

Only you, the member, can be insured under the Superannuation Term Life Plan.

The insurance benefits you can select are the:

- Term Life benefit,
- Limited Term benefit (5 or 10 years), and
- Permanent Disablement Stand Alone benefit.

You can choose any of the three benefits or a combination of the three benefits (see [page 39](#) for further information on these benefits).

Each benefit pays its sum insured in a lump sum on the death (Term Life and Limited Term benefits) or on the Total and Permanent Disablement (Permanent Disablement Stand Alone benefit) of the life insured.

Also you can choose to add one or both of the optional benefits available under the Term Life benefit. They are:

- Permanent Disablement benefit, and
- Waiver of Premium benefit

(see [page 39](#) for further information on these benefits).

In the event of a claim under the Superannuation Term Life Plan being accepted, AIG Life will pay the benefit to the Trustee. The Trustee may then pay the member, or in the case of a death claim, the member's dependants, any person who was in an interdependent relationship with the member (see [page 37](#)) or the member's legal personal representative.

A Permanent Disablement or a Permanent Disablement Stand Alone benefit that becomes payable under the policy must be preserved in the Fund under the SIS Act until the Trust Deed permits it to be released. Before the Trustee can pay you, the SIS Act requires that, in addition to satisfying the claim conditions in the Superannuation Term Life Plan policy document, and the Trust Deed, you must demonstrate to the Trustee that:

- you have had to retire from the workforce early because of ill health; and
- you are unlikely to work again in a role for which you are reasonably qualified by education, training or experience because of ill health.

If you cannot satisfy the Trustee that you meet the above requirements, then the claim amount will, unless rolled over to

Superannuation Term Life Plan (continued)

another complying superannuation fund, be retained in the Fund until:

- the Trustee is satisfied that you have met these requirements; or
- you are in severe financial hardship; or
- you retire after age 55 years (or later, as required by legislation); or
- you reach age 65 years; or
- subject to certain conditions and APRA approval, you may be able to access some or all of your benefits on compassionate grounds; or
- you reach your preservation age as shown in the below table and retire:

Date of Birth	Preservation Age
Before 1 July 1960	55
From 1 July 1960 to 30 June 1961	56
From 1 July 1961 to 30 June 1962	57
From 1 July 1962 to 30 June 1963	58
From 1 July 1963 to 30 June 1964	59
After 30 June 1964	60

Where a Term Life, Permanent Disablement or a Permanent Disablement Stand Alone benefit has been paid by AIG Life to the Trustee of the Fund, and the benefit remains in the Fund for more than 90 days pending release to the member, the deceased member's dependants or the deceased member's legal personal representative (as the case may be), interest will be added to the benefit eventually released. The amount of interest will be determined by the Trustee, and will be based on the interest earned by the Trustee on the benefit whilst the benefit is held within the Fund.

When can I contribute to a superannuation fund?

As indicated above the plan is not an investment vehicle. Any contributions paid by you or on your behalf are applied towards payment of the premiums.

Generally contributions to a superannuation fund can be made if you are:

- under age 65 years; or
- older than age 65 but less than age 75, and have been gainfully employed at least 40 hours in a period of not more than 30 consecutive days in the financial year in which the contributions were made.

If you wish the Term Life cover under your Superannuation Term Life Plan to continue after the latest policy anniversary prior to age 75 or after you retire, you may transfer to a non-superannuation plan then on offer by AIG Life.

Can my employer pay the contributions on my behalf?

Yes, if your employer agrees, they can pay contributions to the Fund toward your Superannuation Term Life Plan. They can do that from the start of the plan, or they can start paying later. If they do this, you must tell the Trustee when your employer takes over paying contributions or when they stop paying.

Employer contributions can be compulsory (Superannuation Guarantee, Award) or voluntary.

The circumstances under which the Fund can accept employer contributions vary with your age as follows:

	Under 65 years	65 years to under 70 years	70 years to under 75 years	75 years or over
Compulsory (Superannuation Guarantee)	Yes	Yes	Yes	No
Compulsory (Award)	Yes	Yes	Yes	Yes
Voluntary	Yes	Yes*	No	No

*You are older than age 65 but less than age 70 and have been gainfully employed for at least 40 hours in a period of not more than 30 consecutive days in the financial year in which the contributions are made.

Can I transfer money from other superannuation funds into the AIA Superannuation Fund?

As the Fund is not an investment vehicle, the Trustee will only accept rollover amounts from other complying superannuation funds if the rollover amount is equal to the yearly premium in respect to your insurance benefits under the Fund.

Transfers to an Eligible Rollover Fund

The Trustee may unilaterally transfer the preserved funds, into an Eligible Rollover Fund (**ERF**) in certain circumstances. An ERF is a fund approved by the Australian Prudential Regulation Authority (**APRA**) which can receive benefits payable to members of superannuation funds who cannot be located or who do not respond to letters regarding payment of their benefits.

The Trustee will transfer your benefit to an ERF if, after giving you prior written notice of our intention to do so, you do not notify us of an alternative superannuation arrangement to which you require your benefit to be transferred within the time frame set out in that notice.

The Trustee has selected Super Money Eligible Rollover fund (SMERF) as the fund to which your benefits will be transferred if you cannot satisfy the SIS Act requirements for payment of a disablement benefit.

The Trustee is also the trustee of the SMERF, and the SMERF is administered by:

Pillar Administration
 Locked Bag 8840
 WOOLLONGONG NSW 2500
 Phone: 1800 114 380
 Fax: 1800 118 307

Should your benefit be transferred all subsequent inquiries relating to your benefit should be directed to the administrator of SMERF, whose contact details are shown above. The Trustee may review and alter this arrangement in future.

If you are transferred to the SMERF, your benefit may be impacted for the following reasons:

- You will cease to have an interest in the Fund and become a member of SMERF, meaning you will be subject to its governing rules, including a different fee structure.
- Your benefits will be member protected meaning that generally, administration charges cannot exceed investment earnings on your account in a reporting period. However, Government charges, such as taxes, may be deducted.

- The SMERF is unable to accept any ongoing contributions from you or your employer, however rollovers from other superannuation funds may be permitted.
- The SMERF does not offer insurance benefits. Any insurance cover you had as part of the Fund will lapse on transfer to an ERF.

Nominating a Beneficiary

Under the terms of the Trust Deed governing the Fund, you may nominate a dependant, a person who is in an interdependent relationship with you (see [below](#)) or your legal personal representative to receive the benefit payable from the Fund on your death.

You can make a nomination by completing the Nomination of Beneficiary section of the 'AIA Superannuation Fund – Membership Application' (Section X of the Application Form) and lodging it with the Trustee.

The nomination you make may be either a:

- Binding nomination, or a
- Non-binding nomination.

Both are permitted under the Trust Deed.

If you do not give a nomination to the Trustee, your benefit will be paid to your legal personal representative or dependants or relatives as the case may be.

Binding Nomination

If you provide a valid binding nomination to the Trustee, the Trustee must pay the death benefit in accordance with your nomination as long as the person that you nominate to receive the benefit, or a share of the benefit, is a dependant or your legal personal representative.

Some conditions apply to binding nominations. They are:

- The person or persons that you nominate to receive the benefit must be a dependant or a person in an interdependency relationship with you under the superannuation laws at the time of your death. For a person to be a dependant that person must be your spouse, de facto spouse or child or other person who is financially dependent on you at the date of your death. If anyone you nominate is not a dependant or not in an interdependent relationship with you at the date of your death, they will not be entitled to receive a share of your benefit. In that case the Trustee, if it thinks that it is appropriate, will divide the share of that person between the other persons you have nominated in the percentages or shares in which they are entitled to your benefit;
- You may also nominate that your benefit be paid to your legal personal representative so that it is distributed under your Will as part of your estate, or if there is no valid Will according to the laws of intestacy;
- To be a valid binding nomination it must be signed by you in the presence of two witnesses who must each sign and date the declaration where indicated and set out their full name and date of birth. **Each witness must be over 18 years of age and must not be one of your nominated beneficiaries;**
- A nomination is effective only when it is received by the Trustee;

- A binding nomination is valid for three years from the day after it was first signed by you, or last confirmed or amended by you;
- A valid binding nomination will become a non-binding nomination after three years unless you complete and sign a new binding nomination;
- The Trustee may notify you in writing before the end of the three-year period that the binding nomination is about to lapse and may provide you with the opportunity to lodge a replacement binding nomination;
- You may revoke or change your nomination at any time by completing a fresh, valid Nomination of Beneficiary form and lodging it with the Trustee. You may also change your nomination from binding to non-binding at any time;
- An invalid binding nomination will be treated as a non-binding nomination by the Trustee and will not revoke or replace an existing, valid binding nomination; and
- The Trustee will contact you if your nomination is clearly invalid (completed incorrectly) and will give you the opportunity to re-submit a valid nomination.

What is an 'interdependent relationship'?

An interdependent relationship will exist if the deceased member and person claiming the death benefit:

- had a close personal relationship (i.e. is one of 'continuing mutual commitment to financial and emotional support between two people');
- were living together at the date of death; and
- one or each of them provides the other with financial support, domestic support and personal care.

They may include same-sex couples, live-in adult carers of elderly parents and siblings with common finances. In addition, where there is a close personal relationship and either or both persons suffer from a physical, intellectual or psychiatric disability the requirement for co-habitation or financial and domestic support does not apply. In assessing interdependency cases, the Trustee may request information or evidence before making a benefit payment.

Non-binding Nomination

If you provide a non-binding nomination to the Trustee, the Trustee will take your wishes into account, along with all other available information, but has complete discretion in deciding who will receive the benefit payable from the Fund on your death and the amount that they will receive. The Trustee may pay the benefit to one or more of your dependants or a person who is in an interdependency relationship with you in whatever shares the Trustee thinks fit or may pay it to your legal personal representative to be distributed under your Will as part of your estate, or if there is no valid Will according to the laws of intestacy.

Some conditions apply to non-binding nominations. They are:

- You can nominate a dependant who includes your spouse, de facto spouse or child or a person who is in an interdependency relationship with you at the date of your death or your legal personal representative. If anyone you nominate is not a dependant, interdependent or your legal

personal representative at the date of your death, they will not be entitled to receive a share of your benefit;

- A non-binding nomination does not need to be witnessed to be a valid nomination;
- A nomination is effective only when it is received by the Trustee;
- A non-binding nomination is valid for the whole time that you are a member of the Fund, unless you lodge another valid nomination with the Trustee;
- You may revoke or change your nomination at any time by completing a fresh, valid Nomination of Beneficiary form and lodging it with the Trustee. You may also change your nomination from non-binding to binding at any time.

What fees are payable?

There are currently no fees charged by the Fund in addition to the premiums payable to the Superannuation Term Life Plan. The premiums include a policy fee, any premium frequency charge and any stamp duty applicable (see [page 46](#)).

All the charges of the Superannuation Term Life Plan are fully described in this section. The Trustee agrees not to apply any other charges (other than Government taxes and charges) without your consent.

Please see 'How Much Does the Policy Cost?' ([page 44](#)) and 'What Are The Fees and Charges?' ([pages 45 to 46](#)) for a full description of the charges for your policy.

Tax on Contributions

As the Trustee pays a tax deductible premium for insurance with all contributions received, including rollover amounts, there is generally no tax payable by the Fund on your contributions.

Other Essential Information

What are the benefits under the Superannuation Term Life Plan?

The benefits available under the Superannuation Term Life Plan are the Term Life benefit, Limited Term benefit, Term Life – Optional Benefits and the Permanent Disablement Stand Alone benefit, which are explained in further detail below.

Important: please note that the benefits described below are specific to the Superannuation Term Life Plan and have different terms and conditions from those described under the non-superannuation Term Life Plan ([pages 9 to 17](#)).

Term Life Benefit and Limited Term Benefit

Under the Superannuation Term Life Plan, the Term Life benefit and the Limited Term benefit provide:

- lump sum payment on the death of the life insured prior to the expiry date of the benefit i.e. the latest policy anniversary prior to the life insured's 75th birthday (Term Life benefit) or the 5th or 10th policy anniversary (Limited Term benefit);
- premium reductions for a sum insured of \$500,000 or greater;
- choice of stepped or level premiums (see [page 44](#));
- discounted premium rates for non-smokers;
- discounted premium rates for professional occupations (categories AAA and AA, see [page 46](#));
- Guaranteed Future Insurability for Term Life benefit (see [page 9](#)); and
- complimentary interim accidental death cover up to \$1,000,000 (see [page 59](#)).

What benefit is payable if the life insured dies?

On the death of the life insured AIG Life will pay a lump sum equal to the sum insured under the Term Life benefit and/or the Limited Term benefit to the trustee of your SMSF or the Fund, who will deal with the benefit in accordance with the rules of the superannuation fund.

Term Life Plan – Optional Benefits

For an additional premium, you can add one or more optional benefits to the Term Life benefit under your Superannuation Term Life Plan. You will gain the added security of cover for:

- Permanent Disablement (see below); and
- Waiver of Premium (see below).

Both benefits are payable in the event of the life insured being Totally and Permanently Disabled before age 65 (55th birthday for occupation category E).

You must have purchased a Term Life benefit before you can add any Term Life optional benefit.

Permanent Disablement Benefit

This benefit provides:

- lump sum payment on the Total and Permanent Disablement of the life insured prior to the expiry date of the benefit i.e. the latest policy anniversary prior to the life insured's 65th birthday (55th birthday for occupation category E);
- discounted premium rates for non-smokers;
- discounted premium rates for professional occupations (categories AAA and AA, see [page 46](#)); and
- 3 different definitions of 'Total and Permanent Disablement'. The definitions you can choose from depend on the occupation category of the life insured (see [page 40](#)).

This benefit can be purchased independently of the Permanent Disablement Stand Alone benefit (see [page 40](#)) under the Term Life Plan.

Waiver of Premium Benefit

The definition of Total and Permanent Disablement chosen for the Waiver of Premium benefit must be the same as the definition chosen for any Permanent Disablement and/or Permanent Disablement Stand Alone benefit included under the Superannuation Term Life Plan.

If the life insured becomes Totally and Permanently Disabled we will waive the premiums under the:

- Term Life benefit; and
- Limited Term benefit

up to the latest policy anniversary prior to the life insured's 65th birthday.

Any premium payments by you for the Term Life benefit will then resume.

Each definition of the Total and Permanent Disablement that you can choose for the Waiver of Premium benefit contains a qualifying period (either three or six months) during which the life insured must be 'absent from employment solely as a result of injury or sickness' in order to be eligible to claim under the benefit. You must pay premiums during the qualifying period relating to your chosen definition of Total and Permanent Disablement and they will not be refunded if and when we accept the Waiver of Premium claim.

Permanent Disablement Stand Alone Benefit

This benefit provides:

- lump sum payment on the Total and Permanent Disablement (see [page 49](#)) of the life insured prior to the latest policy anniversary prior to the life insured's 65th birthday (55th birthday for occupation category E);
- choice of stepped or level premiums (see [page 44](#));
- discounted premium rates for non-smokers;
- discounted premium rates for professional occupations (categories AAA and AA, see [page 46](#)); and
- 3 different definitions of 'Total and Permanent Disablement'. The definitions you can choose from depend on the occupation category of the life insured (see below).

You can purchase a Permanent Disablement Stand Alone benefit on its own or in addition to the optional Permanent Disablement benefit under the Term Life benefit.

Who receives the benefit if the life insured dies or becomes totally and permanently disabled?

The trustee of your SMSF or the Fund, of which the life insured is a member, is the legal owner of the Superannuation Term Life Plan and receives the proceeds of any claim we admit under the policy.

The trustee of your SMSF or the Fund will then pay the death benefit to your dependant(s) or legal personal representative as permitted under superannuation law and the terms of the relevant trust deed. For the Permanent Disablement benefit or the Permanent Disablement Stand Alone benefit, the trustee must satisfy itself that you have met the necessary requirements of the trust deed and superannuation law before making any payment to you.

Additional Benefit Information

The conditions below apply to the Permanent Disablement, Waiver of Premium and Permanent Disablement Stand Alone benefits. Conditions are:

- Benefits are not available for certain occupations or where the life insured is not working full-time in an occupation acceptable to us.

- The definition of 'full-time' for these benefits is working a minimum of 20 hours per week and 48 weeks per year, excluding public holidays.
- The standard definition of total and permanent disablement applying to most occupations (categories AAA, AA, A, B, C and D) except heavy blue collar occupations (category E) relates to the life insured's inability to perform 'any occupation'. See definition of categories AAA, AA, A, B, C, D and E on [page 46](#). You can elect for a life insured in a professional occupation or 'white collar' occupation (category AAA, AA, A and B) to be covered by a definition that relates to his or her inability to perform his or her 'own occupation'. Only the 'all duties' definition can be selected for a person working in a heavy blue collar occupation (category E) (see [page 46](#)).
- The premium that will be charged for each benefit depends on the definition of Total and Permanent Disablement you select. (See [page 49](#) for the definitions of Total and Permanent Disablement.)

What About Tax?

Taxation on benefits

The taxation laws are subject to change from time to time. How they may affect you will depend on your individual circumstances. The taxation information provided below is based on tax laws that were current at the date of publication. You should seek professional advice regarding your own personal situation.

Is tax payable on a death benefit claim?

The tax payable on death benefits will depend on who receives the benefit and the amount received. If the benefit is below the deceased's pension Reasonable Benefit Limit, it will be received tax-free if paid to the deceased's dependants, (i.e. as defined in taxation legislation spouse (legal or de facto), child under the age of 18, or person who is part of an interdependency relationship at the date of death).

If the benefit is paid to a non-dependant or legal personal representative, it will be taxed as an ordinary Eligible Termination Payment up to the deceased's pension Reasonable Benefit Limit. Where the benefit is paid to the estate of the deceased, it may be tax-exempt if the Commissioner of Taxation considers that the final distribution is payable to dependants who could have received a direct distribution tax-free. In both cases, where the death benefit exceeds the deceased's pension Reasonable Benefit Limit, the excessive component is taxed at the highest marginal rate plus Medicare Levy.

Is tax payable on a permanent disablement claim?

Disablement benefits are taxed as an Eligible Termination Payment with some components of the benefit taxed at concessional rates.

Can I or my employer receive a tax deduction or rebate on the contributions?

Yes, it may be possible, in limited circumstances, for you to claim a tax deduction or rebate on all or part of the contributions that you pay. If your employer pays contributions on your behalf, then your employer may be able to claim a tax deduction on the

contributions subject to certain restrictions. Each year, the trustee of your SMSF or the Trustee of the Fund will send you a letter confirming the total amount of contributions paid by either you or your employer.

If you are eligible to claim a tax deduction because you are an employee who received no employer support or are self-employed or substantially self-employed, this process will also enable you to notify the trustee of your SMSF or the Trustee of the Fund that you intend to claim a deduction for your personal contributions. If you do, the trustee of your SMSF or the Trustee of the Fund will then send you an acknowledgement form that you will need to retain so you can claim the tax deduction in your tax return.

2006 Budget changes

In the 2006 Commonwealth budget, changes in the way death benefits will be paid, effective from 1 July 2007, were announced by the Treasurer. These proposed changes are not yet Law.

If you are a member of a SMSF, contact your trustee for further information on how the proposed changes will affect you.

The main proposals relating to death benefits, as they relate to the Fund, are:

- Reasonable benefit limits will be abolished from 1 July 2007.
- All lump sum death benefit paid to dependants will be tax free without any upper limit; and
- Lump sums paid to non-dependants will be taxed in the same manner as other superannuation lump sum payments except that the Eligible Termination Payment low rate threshold that would ordinarily apply to the taxable component will not be applicable.

Collection of Tax File Numbers (TFN)

The trustee of either the SMSF or the Fund is authorised under the SIS Act to collect your Tax File Number (TFN) for superannuation purposes. You do not have to provide your TFN to the trustee but you should be aware of the following information before deciding whether or not to provide it.

- The trustee can only use the TFN lawfully, to help it identify your superannuation benefits, to help calculate any tax on those benefits, and to report it to the Australian Taxation Office.
- If you transfer benefits to another eligible superannuation fund or Retirement Savings Account, the trustee can disclose your TFN to the trustee of that fund, unless you tell it in writing not to. The trustee cannot disclose it to anyone else except the Australian Taxation Office. The trustee will treat your TFN confidentially.
- You do not have to give the trustee your TFN. However, if you do not, or you give it an incorrect TFN, then:
 - the trustee may have to deduct more tax from your benefits than it otherwise would (this may be reclaimed through the income tax assessment process);
 - the trustee may not be able to locate all your benefits;
 - the trustee may be slower to pay you as it may be harder for it to match up all your benefits; and
 - you may have to pay surcharge tax (which may not have been payable had you provided your TFN to the trustee) on your contributions unnecessarily. In some circumstances,

you may be able to reclaim the contributions surcharge through the Australian Taxation Office.

- The ways in which the trustee is authorised to use your TFN and the impact of not providing it may change if the tax law changes.

Can My Sum Insured Be Reduced?

No, the Permanent Disablement Stand Alone sum insured will not be reduced by any amount payable under another benefit under this policy. The benefit will cease on the death of the life insured (see [below](#)).

What Happens If I Decrease My Sum Insured?

You can decrease the sum insured of an eligible benefit at any premium due date provided that the reduced sum insured or premium is not below the minimum premium in force at the time of the decrease. You may be able to rollover any excess premium paid into an ERF. (See [page 45](#) for further information on minimum premiums and premium due dates).

Can I Freeze My Premium?

Yes, for the Term Life and Permanent Disablement benefits provided the life insured is aged 35 years or older at the start of the policy year. This is not available for the Limited Term benefit. You may select to pay in a policy year and in all subsequent policy years, the same premium as you paid for the previous policy year. Any such advice to us must be in writing.

The sum insured for each benefit will decrease on the policy anniversary. This process will be repeated each year on the policy anniversary.

When the Premium Freeze option has been exercised, any benefit indexation will cease and you will be unable to exercise any of the Guaranteed Future Insurability options (see details on [page 9](#)).

If you wish to unfreeze your premium, you will need to write to AIG Life for its approval.

Exclusions – Events for Which the Life Insured Is Not Covered

See [page 16](#).

When Does My Cover Stop?

Term Life, Limited Term, Permanent Disablement, Waiver of Premium and Permanent Disablement Stand Alone benefits

Cover under the benefit will stop on the earliest to occur of the:

- death of the life insured;
- payment of the full sum insured under the benefit;
- expiry date of the benefit;
- cancellation of the benefit;
- life insured is not qualified to contribute to a superannuation fund for Superannuation Contribution under the SIS Act;
- lapse of the policy; and
- ceasing to be a member of the Fund or the SMSF that holds the policy.

If The Life Insured Dies Before The Application Is Accepted, Is Any Benefit Payable?

Yes, if the life insured dies as a result of an accident Complimentary Interim Accidental Death Cover may apply, see [pages 59 and 60](#).

How to Apply

Starting your Superannuation Term Life Plan is easy! For information on how to apply, see the 'How to Apply' section on [page 47](#).

In addition, if you are not a member of a private/self-managed superannuation fund, you must complete and sign Section X (AIA Superannuation Fund – Membership Application) of the Application Form.

If you are a member of a private/self-managed superannuation fund the trustee of that fund must complete and sign Section W (Private/Self-Managed Superannuation Fund) of the Application Form.

Irrespective of which superannuation fund the life insured is a member, insurance cover will not commence until the risk is accepted by us.

REMEMBER – Do not forget to keep your Complimentary Interim Accidental Death Cover Certificate in a safe place.

Policy Documents and Schedules

Where the policy is to be owned by the trustee of a SMSF, the policy document and policy schedule will be sent to the trustee of the SMSF.

Where the policy is to be owned by the Trustee of the Fund, the policy document and policy schedule will be sent to the life insured/member of the Fund.

What Is a Cooling-off Period?

After we have assessed and approved your application for cover, you will receive the policy document and policy schedule from us. You will then have 14 days to check that the policy and benefits meet your needs. This is known as the cooling-off period. Within this period you may cancel the policy by forwarding a notice in writing to:

- the Trustee, If you acquired the Superannuation Term Life Plan as a member of the Fund (see [inside front cover](#) for contact details of the Trustee); or
- AIG Life if you acquired the Superannuation Term Life Plan in relation to your SMSF (see [inside front cover](#) for contact details of AIG Life).

If you are a member of the Fund, the premium you paid is a superannuation contribution. Superannuation contributions are generally non-refundable because the money is typically preserved under superannuation law. You may be able to roll over preserved money into another eligible superannuation fund or an ERF.

The cooling-off period starts from when you received the policy document from AIG Life or from the end of the 5th day after the day on which the Superannuation Term Life Plan was issued to you, whichever is the earlier to occur.

To return your policy in the cooling-off period, please send AIG Life:

- your request to cancel the policy either by letter, fax or email or in any other manner permitted by law, and
- the policy document.

Note: You will lose the right to return your policy within the cooling-off period when you first exercise any right or power, other than this right to return your policy, which you have under the terms of your policy.

What Happens If I Cancel My Policy after the Cooling-off Period?

If you cancel your policy after the Cooling-off Period, excess premium paid (if any) may be rolled over to an ERF (see [page 36](#)).

What are the Significant Risks?

There are some significant risks associated with life insurance:

Insurer Fails

Your insurer may become insolvent and therefore may not pay your claims. Life insurers are supervised by the Australian Prudential Regulation Authority and are regulated under the Life Insurance Act 1995. As at the date of this PDS, the reserves in our Statutory Fund No. 1, which back this product, are in excess of the solvency and capital adequacy requirements that apply to life insurers.

Selection of Wrong Product

You may choose an insurance product that does not meet your needs. You should read the PDS and policy document for an insurance product carefully to prevent this. You may wish to consult an adviser for assistance.

Inadequate Amount of Insurance

You may select the correct insurance product for your needs, but you might not choose enough cover. This might cause you to suffer financial hardship after receiving your benefit payment. You will need to assess your needs carefully to ensure that this does not occur. Again, an adviser may be able to help you.

Inability to Obtain an Increase in Cover

You may not be able to obtain an increase in cover because of your particular health or circumstances, now or in the future. You should therefore ensure you do not allow your existing cover to lapse or to be cancelled until new insurance cover is firmly in place.

Premium Rates

The premium rates under your policy are guaranteed for at least one year. We guarantee that any increase or reduction in a table of stepped or level premium rates will not take effect in respect of a benefit until the first anniversary of the policy commencement date or the next policy anniversary following the latest increase or reduction in the table of premium rates for that benefit, if later.

Notwithstanding the 1-year premium rates guaranteed, your premiums may be varied from time to time. A table of premium rates is available on request. Different premium rates apply to males and females, to smokers and non-smokers and to different occupations. The premium rates allow for the cost of cover and the life insurer's expenses, including commission payable to your adviser. Your premium rates may not be altered individually but only for all policies in a group. Your policy cannot be singled out for an increase.

Your Duty of Disclosure

Before you enter into a contract of insurance with an insurer, you have a duty under the Insurance Contracts Act 1984, to disclose to the insurer every matter that you know, or could reasonably be expected to know, which is relevant to the insurer's decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose those matters to the insurer before you extend, vary or reinstate this contract of insurance.

Your duty of disclosure also extends to the Trustee under the terms of the Superannuation Term Life Plan based on your membership in the Fund. This ensures that the Trustee is able to meet its disclosure obligations.

Non-Disclosure

If you fail to comply with your duty of disclosure and the insurer would not have entered into the contract on any terms if the failure had not occurred, the insurer may avoid the contract within three years of entering into it. If your non-disclosure is fraudulent, the insurer may elect to avoid the contract at any time from its inception. An insurer who is entitled to avoid a contract of insurance may, within three years of entering into it, elect not to avoid it but to reduce the sum insured in accordance with a formula that takes into account the contribution that would have been payable if you had disclosed all relevant matters to the insurer.

The consequences outlined above also apply if you elect the Superannuation Term Life Plan.

Additional Information

How Much Does The Policy Cost?

Regular Premiums

All plans under Priority Protection are available on a regular premium basis. The premiums you pay, excluding the premium for the Child's Recovery benefit and the Home Expenses benefit depend on the life insured's age, sex, smoking status, occupation category and state of health. The premium you pay for the Child's Recovery benefit will depend on the insured child's age and sex. The premium you pay for the Home Expenses benefit depends on the insured spouse's age, sex, smoking status and state of health.

Premiums are generally payable on a stepped or level basis. All plans under a policy must be on the same premium basis unless a benefit is solely stepped or level. Female Crisis Assistance benefit must be on a stepped premium basis.

For more details about premiums, a copy of our premium rates or an indicative personalised quote, please contact your adviser or us.

Guaranteed Renewable

Provided you pay the appropriate premium in full when due, each benefit under Priority Protection is guaranteed renewable each year to the expiry date of the benefit regardless of changes in the life insured's health, occupation or pastimes and in the case of the Disability Income Plan and the Business Expenses Insurance Plan, whether a claim has been made.

Policy Reinstatement

Reinstatement can occur within 6 months from the latest premium due date for the first unpaid premium. Underwriting will be required in some circumstances.

What Are Stepped or Level Premiums?

Stepped premium rates generally increase as the life insured's age increases, whereas level premium rates remain constant until the latest policy anniversary prior to the life insured's 65th birthday or the expiry date of the benefit, if earlier.

In addition, stepped or level premiums will change if:

- you request a change in your sum insured;
- you choose to have your sum insured or insured monthly benefit automatically increased to keep pace with inflation; or
- premium rates are reviewed (see Premium Guarantees on [page 45](#)).

You can switch between stepped and level premiums at any time unless otherwise specified by the policy/benefit.

Guarantee of Continuation for Level Premium

Term Life Plan and Crisis Recovery Stand Alone Plan

This guarantee applies only to benefits continuing beyond the life insured's 65th birthday. Where the policy has remained in force to the policy anniversary prior to the life insured's 65th birthday, these benefits will continue on a stepped premium basis until the expiry date of the benefit. The stepped premium will reflect the life insured's age at each policy anniversary, sex and smoking status and original terms of acceptance of the benefits.

Premium Discounts

Term Life Plan and Limited Term Benefits

If you purchase a Term Life benefit or a Limited Term benefit or both, you may be entitled to a premium rate discount based on the sum insured for each benefit and the age of the life insured at the commencement date of the benefit. Please refer to the table below for the discount that may be applicable.

Term Life or Limited Term Sum Insured	Discount to Rate per \$1,000 Sum Insured		
	Age next birthday at entry		
	44 or lower	45 – 54	55 or greater
\$500,000 to \$999,999	\$0.07	\$0.15	\$0.50
\$1,000,000 to \$1,999,999	\$0.15	\$0.30	\$0.75
\$2,000,000 or greater	\$0.17	\$0.40	\$1.00

These discounts apply to the Term Life and Limited Term benefits only.

Also a 5% discount applies to Term Life and Limited Term premium rates for lives rated as occupation category AAA and AA. If applicable, this 5% discount applies prior to the above discounts.

Please consult your adviser for details of all discounts that may apply.

Crisis Recovery Stand Alone Plan

If you purchase a Crisis Recovery Stand Alone benefit, you may be entitled to a premium discount based on the sum insured and the age of the life insured at the commencement date of the benefit. Please refer to the table below for the discount that is applicable.

Crisis Recovery Stand Alone Sum Insured	Discount to Rate per \$1,000 Sum Insured		
	Age next birthday at entry		
	30 – 35	36 – 44	45 or greater
\$300,000 to \$499,999	\$0.10	\$0.15	\$0.50
\$500,000 to \$999,999	\$0.10	\$0.20	\$0.55
\$1,000,000 or greater	\$0.15	\$0.25	\$0.60

Disability Income Plan and Business Expenses Insurance Plan

If you purchase a Disability Income benefit, a Disability Income Accident Only benefit or a Business Expenses Insurance benefit, you may be entitled to a premium rate discount based on the insured monthly benefit for each benefit at the commencement date of the plan. The discount will apply to the yearly premium rate for the Disability Income (Agreed Value or Indemnity) benefit, the Disability Income Accident Only (Agreed Value or Indemnity) benefit and the Business Expenses Insurance benefit.

Insured Monthly Benefit	Premium Rate Discount
Up to \$2,999	Nil
\$3,000 to \$4,999	5%
\$5,000 to \$9,999	10%
\$10,000 or greater	15%

If a Claim Escalation benefit, PLUS Optional benefit or Day 1 Accident benefit is included in your Disability Income Plan, then the premium rate discount applying to the Disability Income benefit or the Disability

Income Accident Only benefit will apply to these optional benefits. The premium rate discount applying to an optional Business Expenses Insurance benefit will be separately determined.

Multi-Plan Discounts

Your policy will enjoy a premium discount (either 5% or 10%) if your policy contains two or more qualifying plans. A plan is a qualifying plan if its contracted annualised premium, excluding the policy fee (see [page 46](#)), any stamp duty (see [page 46](#)) payable and any multi-plan discount applicable, is \$500 or greater. The contracted annualised premium for a plan will include the premium for all benefits under that plan and any premium frequency charge applicable.

If your policy includes two qualifying plans a 5% premium discount will apply; if your policy includes three or more qualifying plans a 10% premium discount will apply.

If your policy qualifies for a multi-plan discount, the discount will apply to all plans under the policy even if one or more of the plans is not a qualifying plan. The discount will apply to the contracted annualised premium, excluding the policy fee and any stamp duty payable.

The minimum yearly premium of \$500 will apply to both stepped and level premium cases for qualification purposes.

A plan may change from being a non-qualifying plan to a qualifying plan as a result of the premium increasing due to a CPI increase (stepped or level premium basis), an increase in the age of the life insured (stepped premium basis), the addition of a new benefit or the voluntary increase in a benefit. Conversely, the deletion of a benefit from a qualifying plan or the voluntary decrease in a benefit under a qualifying plan may result in the plan being re-classified as a non-qualifying plan.

Where the addition or deletion of a benefit or the voluntary increase or decrease in a benefit occurs during a policy year and results in a change to the plan's qualifying status, then the multi-plan discount will change from the effective date of the change in benefit (e.g. the voluntary increase in a benefit or the addition of a new benefit).

We can vary at any time the rules for this premium discount, including the discount percentages, for both new policies and policies in-force at the time of variation.

Minimum Premium

The minimum premium is \$300 per annum per policy. This includes the premium for all benefits chosen, the policy fee and any stamp duty.

Payment of Premiums

Premiums must be paid monthly, half-yearly or yearly. Premium payments made more frequently than yearly are subject to a premium frequency charge (see [page 46](#)).

The first premium must be paid in advance and submitted together with the application form.

Payments Made Easy

Acceptable methods of payment that can be used are:

- Deposit Premium Only
 - Cheque
 - Direct Debit (credit card¹)
 - Direct Debit (financial institution²)
- All Future Premiums
 - Direct Debit (credit card¹)
 - Direct Debit (financial institution)
 - BPAY (half-yearly and yearly only)
 - POSTbillpay (half-yearly and yearly only)

Notes 1: Acceptable Credit Cards are MasterCard, Visa Card, Diners Card and American Express.

2: Direct Debit (financial institution) will cover both the deposit premium and all future premiums.

Premium Guarantees

The premium rates under all plans are guaranteed for at least one year. We guarantee that any increase or reduction in a table of stepped or level premium rates will not take effect in respect of a benefit until the first anniversary of the policy commencement date or the next policy anniversary following of the latest increase or reduction in the table of premium rates for that benefit, if later.

Notwithstanding the 1-year premium rates guarantee, your premiums may be varied from time to time. A table of premium rates is available on request. Different premium rates apply to males and females, to smokers and non-smokers and to different occupations. The premium rates for Priority Protection allow for the cost of insurance and our expenses, including commission payable to an adviser.

Premium rates may not be altered individually but only for all policies in a group. Your policy cannot be singled out for an increase.

What Happens If I Stop Paying Premiums?

If you do not pay premiums in full within 30 days from the premium due date your policy will lapse and cover will cease.

What Are The Fees and Charges?

All the fees and charges of your Term Life Plan, Crisis Recovery Stand Alone Plan, Disability Income Plan (Agreed Value or Indemnity) and Business Expenses Insurance Plan are fully described in this section. We undertake not to apply any other charges without your specific consent.

We will charge a policy fee and any appropriate government stamp duty (see [page 46](#)).

At the time of application for your policy, your initial premium or instalment of premium will be held in a trust account administered by us until the policy is issued to you. Under the Corporations Act we are entitled to retain any interest earned during the period the funds are held in trust.

Policy Fee

A policy fee is charged per policy in addition to the premiums applicable per benefit and any stamp duty. The policy fee is currently \$60 per annum regardless of the number of plans or benefits purchased under the one policy. The policy fee is subject to any premium frequency charge (see below). Two policy fees may apply – one for the Superannuation Term Life Plan and another for the non-superannuation plans.

The policy fee may be changed at our discretion. However, the policy fee at any date cannot exceed \$60 increased by the percentage increase in the CPI since 1 October 2001 up to that date. You will be notified of any change in the amount of the policy fee prior to the change taking effect.

Premium Frequency Charge

There is no premium frequency charge on yearly premiums.

Premiums payable half-yearly or monthly are subject to a charge to cover increased costs. This charge is expressed as a percentage of the yearly premium in the following table.

Premium Payment Frequency	Charge as a percentage of Yearly Premium
Half-yearly	5%
Monthly	8%

You will be notified of any change in the amount of the charges prior to the change taking effect.

Occupation Categories

The following is a description of each occupation category:

Category AAA

Professional white collar workers, other than those in medical and allied occupations, who must have tertiary qualifications, e.g. lawyers and accountants. Other successful high income earning white collar workers such as senior executives who have long-standing experience in their field of business are also considered as category AAA.

Category AA

Professionals who must have tertiary qualifications in the medical and allied occupations, e.g. doctors, dentists, optometrists, physiotherapists and domestic veterinary surgeons.

Category A

Other white collar occupations that involve clerical and administrative work only (no manual work). These workers are generally office bound, e.g. managers, secretaries, sales people (no deliveries), clerical staff. The working environment must present minimal injury or sickness risk.

Category B

Those occupations which are not classified as white collar and which may involve some light manual work, e.g. shopkeepers, supervisors, hairdressers, beauticians. This category also includes supervisors of manual workers and persons in a totally administrative job within an industrial environment. The working environment may present slight injury or sickness risk.

Category C

Fully qualified, skilled tradespersons of various occupations who perform light to medium manual work, e.g. qualified electricians, chefs and mechanics. The working environment may present a moderate injury or sickness risk.

Category D

Unqualified tradespersons who perform light to medium manual work, e.g. cleaners, drivers, fencing contractors. The working environment may present a significant injury or sickness risk.

Category E

Unqualified tradespersons who perform heavy manual work, e.g. concreters, earth moving workers, carpet layers. The working environment may present a significant injury or sickness risk.

Taxation

Please refer to each plan's 'What About Tax?' section for information relating to that plan.

• Tax Changes

Any material change to the taxation position of the policy will be notified to you in the first Renewal Statement following the change.

• Tax or Other Government Imposts

Where we are, or believe we will become, liable for any tax or other imposts levied by any Commonwealth or State government, authority or body in connection with the policy, we may reduce, vary or otherwise adjust any amounts (including but not limited to premiums, charges and benefits) under the policy in the manner and to the extent we determine to be appropriate to take account of the tax or impost.

• GST

The premium applicable to this policy is input taxed for the purposes of the Goods & Services Tax (GST). No GST is payable by you in respect of the purchase of this policy.

• Stamp Duty

Stamp duty may be payable on this policy by us in accordance with the stamp duty rates applicable in the State or Territory in which the life insured is ordinarily resident. These rates currently vary between 0% and 11% depending on the State or Territory.

For some optional benefits the amount of stamp duty payable is included in the premium and is not an additional charge to you. For others, it is not included in the premium and is an additional charge to you. Your adviser can provide you with a personalised premium quotation showing the amount of any stamp duty payable as an additional charge to you.

Nomination of Beneficiary

You are entitled to nominate a beneficiary to receive all death claim proceeds arising from the non-superannuation plans under the Priority Protection policy.

Where you select the Superannuation Term Life Plan, you can nominate beneficiaries direct to the trustee of your superannuation fund (see [pages 34 and 37](#)).

Statutory Fund

Your Priority Protection policy will be written in our Statutory Fund No. 1.

How to Change My Sum Insured

Increase in Sum Insured and/or Insured Monthly Benefit

You can increase your sum insured and/or insured monthly benefit each policy year in line with the increase in the Consumer Price Index (CPI) for that year. You can also select a voluntary increase in your sum insured and/or insured monthly benefit. Any voluntary increase will be subject to underwriting and/or maximum sum insured and insured monthly benefit rules.

Benefit Indexation Increases

If you so choose in the application, we will offer you each policy year the opportunity to increase the sum insured and/or the insured monthly benefit for each eligible benefit under the policy by that policy year's percentage increase in the Consumer Price Index (CPI) or by 3% whichever is the greater (see Summary on pages 4 to 7). Any sum insured and insured monthly benefit increase for a policy year will be effective from the policy anniversary at the start of the policy year.

Your premium will be adjusted to allow for the higher sum insured and/or the higher insured monthly benefit and the age of the life insured at that time. Where level premiums are being paid, the age of the life insured at the time of the increase is used to calculate the premium payable on the increase.

Automatic indexation increases in the sum insured and/or the insured monthly benefit will cease at the latest policy anniversary prior to the life insured's 70th birthday or at the expiry date of the benefit, if earlier.

This option will not be exercisable where a Premium Freeze is in force.

Unless you advise us otherwise, we will assume that you want the benefit indexation to apply to your benefits under the policy.

Voluntary Increases

The sum insured and/or the insured monthly benefit of an eligible benefit may be increased at any time subject to underwriting and maximum sum insured and insured monthly benefit rules.

This option is not available under the Home Expenses benefit.

Decrease in Sum Insured and/or Insured Monthly Benefit

You can decrease the sum insured and/or the insured monthly benefit of an eligible benefit at any premium due date providing the reduced sum insured and/or insured monthly benefit or premium is not below the minimums in force at the time of the decrease.

This option is not available under the Home Expenses benefit.

Indexation of Benefit

Where the sum insured and/or the insured monthly benefit is increased or decreased any indexation of benefit will continue based on the increased or reduced sum insured.

How to Apply

Priority Protection is only sold through advisers who are qualified to provide advice on AIG Life products.

The adviser will provide you with a quotation detailing the benefits you wish to purchase, and assist you with the application process. An application to purchase a Priority Protection policy can proceed only on the Application Form accompanying this PDS.

The Application Form and quotation will then be forwarded to us for processing. At that stage, we may require additional information, such as medical and financial information, to assist with the processing of your application

REMEMBER – Do not forget to keep your Complimentary Interim Accidental Death Cover Certificate and/or Complimentary Interim Accidental Disability Income Cover Certificate.

Health and Other Information Required

We will ask for medical and other information about the person to be insured such as health, income, occupation, residency, travel details, lifestyle and pastimes. This information will assist us to assess:

- your eligibility for the type of cover you have selected,
- if any exclusions or special conditions should apply to your policy,
- the correct premium of your policy.

In some instance it may be necessary for you to complete additional forms or we may ask for financial and other information in addition to further medical evidence depending on your personal situation or the amount of cover you are applying for.

We will ask for medical and other information about the person to be insured. This evidence is required for us to assess your application. We will keep this information confidential. In assessing your application we may also ask for financial and other information in addition to further medical evidence.

Information on Your Policy

Once we have assessed and approved your application for cover, we will mail or deliver to you a:

- policy document, containing policy terms and conditions; and
- policy schedule which sets out the regular premium payable and the benefits purchased under your policy.

Our contract with you comprises the PDS, the policy document and the policy schedule. You should read these documents carefully and contact your adviser or us directly if you have any concerns.

Where the policy is to be owned by the trustee of a SMSF, the policy document and policy schedule will be sent to the trustee of the SMSF.

Where the policy is to be owned by the Trustee of the AIA Superannuation Fund, the policy document and policy schedule will be sent to the life insured/member of the Fund.

What Is the Cooling-off Period?

After we have assessed and approved your application for cover, you will receive the policy document and policy schedule from us. You will then have 14 days to check that the policy and benefits meet your needs. This is known as the cooling-off period. Within this period you may cancel the policy and receive a full refund of all premiums paid.

If you are a member of the AIA Superannuation Fund (see [page 35](#)), the premium you paid is a superannuation contribution. Superannuation contributions are generally not refundable because the money is typically preserved under superannuation law. You may be able to roll over preserved money into another eligible superannuation fund.

The cooling-off period starts from when you received the policy document from us or from the end of the 5th day after the day on which we sent the policy document to you, whichever is the earlier to occur.

To return your policy in the cooling-off period, please send us:

- your request to cancel the policy either by letter, fax or email or in any other manner permitted by law, and
- the policy document.

Note: You will lose the right to return your policy within the cooling-off period when you first exercise any right or power, other than this right to return your policy, which you have under the terms of your policy.

Policy Terms and Conditions

Please note that this PDS provides only a basic outline of the coverage. For precise terms and conditions, you should refer to the policy document. This should be done within the cooling-off period, to satisfy yourself that the policy meets your expectations and needs, as discussed with the person who recommended it to you (see [above](#) for detailed information on your cooling-off rights).

Transfer of Ownership (Assignment)

At any time, you may request a transfer of ownership of the policy to another person or a company or from the trustee of the AIA Superannuation Fund to the trustee of a self managed super fund (SMSF). This is achieved by assigning the policy to the person, the company or the trustee of the SMSF. You should be aware that an assignment will revoke any previous nomination of beneficiary.

Please contact AIG Life on 1800 333 613 if you wish to assign the policy. We will provide you with all of the relevant information required to do so.

Lost or Destroyed Policy Documentation

If your policy document is lost or destroyed we will replace it but may charge to recover the costs involved. This charge is currently not greater than \$100 and covers the cost of reissuing the lost document, including advertising the loss – a statutory requirement. We may vary this charge from time to time. We may also require you to sign a statutory declaration to the effect that the policy document has been lost or destroyed.

Any Questions or Concerns

If you should have any questions or concerns about your policy please contact your adviser in the first instance or us direct on 1800 333 613 and we will promptly investigate your enquiry, referring it if necessary to our Internal Dispute Resolution Committee.

Internal complaints are normally resolved within 45 days. In special circumstances we may take longer. If this is the case we will advise you.

Should you not be satisfied with our response to your concerns after they have been ruled upon by the Committee, then you may take the matter up with the independent Financial Industry Complaints Service (FICS). Details as follows:

Policy Upgrade

Over time we will review the benefits provided under the policy. When the benefits under the policy change we may upgrade your plan with the new benefits. The upgrade will be done automatically and no action is required by you. We will replace your current policy document with a new policy document incorporating the upgrade. The new policy will be effective from the next policy anniversary.

Your rights and obligations will be determined by the new policy document. Should a situation arise where you are disadvantaged in any way as a result of the upgrade, the previous policy wording will apply.

In terms of any upgrade under the new policy, these will only apply to future claims only and not past or current claims or any claims resulting from health conditions or events which began or took place before the effective date of the upgrade.

'INCOME' in the case of an employed person is the pre-tax remuneration paid by an employer, including salary, fees and fringe benefits, for the last 12 months. This will include any statutory superannuation contributions and any other superannuation contributions made by an employer including those that are part of a salary sacrifice arrangement between the employed person and the employer. Where commissions and bonuses form over 40% of the pre-tax remuneration for the last 12 months, we will take them into account. Where the employed person is a professional person employed by a professional practice company, income will include all commissions and bonuses paid, in addition to salary, fees, fringe benefits and superannuation contributions made by an employer, for the last 12 months.

'INCOME' in the case of a self-employed person, a working director or partner in a partnership, is the income generated by the business or practice due to his or her personal exertion or activities, less his or her share of necessarily incurred business expenses, for the last 12 months.

Before you sign this application, be aware that we or your adviser is obliged to have provided you with a Priority Protection Product Disclosure Statement containing a summary of the important information in relation to this product. This information will help you to understand the product and to decide whether it is appropriate for your needs.

Your Duty of Disclosure

Before you enter into a contract of insurance with an insurer, you have a duty under the Insurance Contracts Act 1984, to disclose to the insurer every matter that you know, or could reasonably be expected to know, which is relevant to the insurer's decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose those matters to the insurer before you extend, vary or reinstate this contract of insurance.

Non-Disclosure

If you fail to comply with your duty of disclosure and the insurer would not have entered into the contract on any terms if the failure had not occurred, the insurer may avoid the contract within three years of entering into it. If your non-disclosure is fraudulent, the insurer may avoid the contract at any time. An insurer who is entitled to avoid a contract of insurance may, within three years of entering into it, elect not to avoid it but to reduce the sum that you have been insured for in accordance with a formula that takes into account the contribution that would have been payable if you had disclosed all relevant matters to the insurer.
