Product Disclosure Statement

This Product Disclosure Statement contains important information about the Term Life Insurance Policy and it will help you to:

- decide whether this product will meet your needs; and
- compare this product with others you may be considering.

Important Notice

Term Life Insurance is not a savings plan. The primary purpose of this product is to provide a benefit in the event of death, terminal illness or total and permanent disability, if selected. If you terminate this policy at any time, you will not get anything back.

About Term Life Insurance

Term Life Insurance can provide financial assistance for you and/or your family by paying a lump sum in the event of your death or on diagnosis of a terminal illness.

By providing a lump sum benefit, this insurance policy can provide financial protection to assist your family meet debts such as mortgages, education costs, leases, overdrafts, and day-to-day expenses that flow from the loss of your income. A lump sum is also payable if you become totally and permanently disabled and the Total and Permanent Disability (TPD) option applies.

Term Life Insurance protects you 24 hours a day, anywhere in the world. So long as you pay the required premium and policy fees when due, we guarantee to continue your cover until your annual renewal date after your 99th birthday.

What are the significant benefits?

Death and Terminal Illness (life cover)

Your life cover Sum Insured (which is set out in your Policy Schedule) is the amount we will pay if you die or are diagnosed as terminally ill while your Term Life Insurance cover is current. We will pay the agreed life cover Sum Insured to the policy owner. If you are both the life insured and the policy owner, on your death, the life cover Sum Insured will be paid to your estate or any nominated beneficiaries. If you have been diagnosed as terminally ill, we will pay the agreed life cover Sum Insured or \$2 million whichever is the lesser. Any remaining amount will be paid on death or on total and permanent disability (if you have selected

this option). You will be considered terminally ill under this policy if you are diagnosed as having less than 12 months to live.

Total and Permanent Disability (TPD) Option

You can choose to extend your cover under this policy by selecting the Total and Permanent Disability (TPD) option. This option provides you with a payment if you become totally and permanently disabled (as defined below and overleaf). The TPD Sum Insured you choose must be equal to, or less than, the life cover Sum Insured you have selected, up to a maximum of \$2,500,000.

Single Pay TPD Option

If you become totally and permanently disabled, we will pay your TPD Sum Insured. If a TPD benefit is paid, your life cover Sum Insured (if higher than your TPD cover Sum Insured) will be reduced by the amount paid for your Total and Permanent Disability and any remainder will be paid upon your death if this occurs while your life cover is in force. Premiums will be reduced to reflect the lower life cover Sum Insured. If your TPD is equal to your life cover Sum Insured your policy ceases.

Double Pay TPD Option

For an additional premium, you can select cover for total and permanent disability under our double pay option. Under this option, if you become totally and permanently disabled we will pay your TPD Sum Insured without affecting your life cover. Then upon your death, we will pay your life cover Sum Insured. The premiums for your life cover Sum Insured are automatically waived after a payment for TPD, until your death or you turn age 60, whichever comes first.

The Double Pay TPD option ceases on the first annual renewal date after your 65th birthday after which time any TPD claim will be assessed under the Total and Permanent Disability Continuation Benefit (see page 3).

Definition of Total and Permanent Disability

You will be considered totally permanently disabled if, after considering medical and/or other evidence, we find you fit into the first category below or, subject to the category of cover you choose, the second third or fourth category below, before the first annual renewal date after your 65th birthday:

1. You have suffered the loss of use of:
 - two limbs*, or
 - sight of both eyes, or
 - one limb and loss of the sight of one eye.

* (a limb is defined as being the whole hand or whole foot).

Product Disclosure Statement

2. **Any Occupation** If you choose this category you must:

- have become incapacitated for six consecutive months, to such an extent that you are unlikely ever to be able to perform again your usual occupation, and you are unlikely to be able to perform any gainful occupation for which you are reasonably qualified; and
- provide us with sufficient medical and/or other evidence regarding your incapacity to work.

3. **Own Occupation** If you choose this category you must:

- have become incapacitated for six consecutive months, to such an extent that you are unlikely ever to be able to perform again your usual occupation;
- have been engaged in this occupation and not employed in another occupation, at the time of the injury or illness that prevents you from working; and
- provide us with sufficient medical and other evidence regarding your incapacity to work.

The Own Occupation category is only available to White Collar Professionals and those working in a profession requiring tertiary qualifications. To qualify for an 'own occupation definition' you must be working in a position directly related to your qualifications for at least 12 months prior to a claim. To find out if you fit into this category you can contact us on 1300 134 669.

4. **Homemaker** (you are wholly engaged in full time unpaid domestic duties in your own residence) and:

- As a result of illness or injury you are under the care of a medical practitioner and are unable to
 - perform normal domestic duties;
 - leave your home unaided; or
 - be engaged in any employment for a period of six consecutive months; and

at the end of the period of six months, you are disabled to such an extent as to render you likely to require ongoing medical care and deemed never again be able to perform normal domestic duties nor any occupation.

"Normal domestic duties" are the duties normally performed by a person who remains at home and is not working in regular employment for income. These normal domestic duties include cleaning the home,

washing, shopping for food, cooking meals and when applicable, caring for children.

If your TPD claim is based on the second, third or fourth category of the definition of Total and Permanent Disability the benefit will be the TPD Sum Insured applying on the first day of the six (6) consecutive months of absence from employment or occupation, or normal domestic duties.

Total and Permanent Disability Continuation Benefit

If we have not already paid a TPD benefit, on the annual renewal date after your 65th birthday your cover under the Total and Permanent Disablement option will switch to the following definition.

We will pay your TPD Sum Insured if, before the first annual renewal date after your 99th birthday, because of injury or illness you become permanently unable to perform the basic activities normally undertaken as part of everyday life. This will be evidenced by being unable to undertake any two of the activities listed below:

- Bathing - to shower or bathe;
- Dressing - to dress or undress;
- Toileting - to use the toilet including getting on and off;
- Feeding - to eat and drink;
- Mobility - to get out of bed or chair or wheelchair; or
- Continence - to control bladder and bowel function.

Please note: If you can perform the activity on your own by using special equipment you will be considered to be able to undertake that activity.

If a TPD benefit is paid, your life cover Sum Insured (if higher than the TPD Sum Insured) will be reduced by the amount paid for your total and permanent disability and the remainder will be paid upon your death if this occurs while your life cover is in force. Premiums will be reduced to reflect the lower life cover Sum Insured.

Waiver of Premium Option

This is an alternative to taking out the TPD option. Under the Waiver of Premium Option, when you have been absent from your occupation for six months due to injury or illness, and you meet the definition of total and permanent disability (see pages 7 & 8) we will waive all your future premiums until you return to work, or when you reach your first annual renewal

Product Disclosure Statement

date after your 65th birthday, whichever comes first. This benefit will expire on your death in which case your life cover Sum Insured will be paid.

Guaranteed Benefit Increase Option

This option allows you to increase your life cover Sum Insured at specified times without needing to satisfy any additional medical requirements.

This option must be requested either at the time you apply for your cover, or within 30 days of the commencement of your policy.

You can apply for an increase following the occurrence of the events listed below:

- marriage;
- the birth or adoption of a child;
- taking out a mortgage or increasing an existing mortgage;
- your 3rd, 6th, 9th, and 12th policy anniversary dates; or

Business events:

- If the insured is a 'Key Person' in a business and their value to the business increases, as determined by a professionally qualified and practising accountant.

"Key Person" is a partner, shareholder, unitholder, or a similar principal in a business and this policy forms part of a written "buy/sell" share purchase or business succession agreement and the value of the insured's financial interest in the business increases, determined as above.

The minimum increase per event is \$25,000.

The maximum increase per event is the lowest of:

- \$80,000; or
- 50% of the original Sum Insured; or
- the amount of the new mortgage or the increase in your current mortgage (if using special event increase option in relation to the mortgage).

The maximum overall increase allowable in total under the Guaranteed Benefit Increase option is \$250,000 or the original Sum Insured, whichever is the lower.

To be eligible for increases under this benefit you must be under age 55 at the time of the event and you must request the increase within 90 days of the actual event occurring.

Child Care Option

Child Care is an insurance option that allows you to insure your children between the ages of 1 and 16. If you select the Child Care option, CitilInsurance will pay \$50,000 for an insured child who suffers any of the eligible events as listed below :

If while the Term Life Insurance policy is in force:

- any Child Insured suffers from Diplegia, Hemiplegia, Loss of Hearing, Loss of Speech, Meningitis, Paraplegia, Quadriplegia, Major Head Trauma, Severe Burns or Blindness, is first found to have Chronic Renal Failure, Encephalitis, Cardiomyopathy, Chronic Liver Failure, Primary Pulmonary Hypertension, Chronic Lung Failure, Multiple Sclerosis or Aplastic Anemia or undergoes Major Organ Transplant Surgery, or falls into a Coma; or
- any Child Insured is first found to have Malignant Cancer, undergoes Coronary Artery by-pass Surgery or Open Heart Surgery or first had a Heart Attack or Stroke at any time after three (3) months after the Commencement Date or the date of reinstatement,

then we will pay the amount of \$50,000.

A maximum of four children can be covered under each Term Life Insurance policy. Any one child cannot be insured under more than one policy. Death cover and the Total and Permanent Disability options are **not** available for children covered by the Child Care option. The payment of a Child Care benefit will not affect the existing cover of any remaining insured persons. However, the payment of a Term Life benefit that results in the termination of insurance cover under your policy, will cause any Child Care cover to cease immediately.

Child Care Cover ceases

When a child reaches age 16, his or her cover ceases under the Child Care option. However, CitilInsurance guarantees to cover the child for up to \$50,000 under a standard CitilInsurance Trauma policy available at the time the child turns 16. The child will not be required to undergo any medical assessments (underwriting). The premium rate applied to the new policy will be our then current rates, plus any loadings applied under the Child Care option to that child. This cover must be requested in writing and the premium paid within 30 days of the child's turning 16 years of age. As Child Care cover is an option, if your policy is terminated or comes to an end for any reason, all Child Care options will cease at that time.

Product Disclosure Statement

Benefit Payments

Any benefits payable are paid to the Policy Owner. If a death benefit is payable to the Policy Owner who is also the Life Insured, that benefit will be paid to the nominated beneficiaries or to the Policy Owner's estate if there are no beneficiaries nominated.

Maximum Insurable Ages

We will continue your cover for death, terminal illness or total and permanent disability (if applicable) up to your first annual renewal date after your 99th birthday provided premiums are paid when due.

Exclusions

No benefit will be payable under the Term Life Insurance policy if the life insured commits suicide within the first 13 months of the commencement or reinstatement date.

Amount of cover

You select the amount of cover in your application form. If we accept your application, you will be issued with a Policy document and Policy Schedule. The amount of cover shown in the Policy Schedule you receive after we have issued the Your Life Protection Plan policy to you, is called your Sum Insured.

Increasing your cover

You can apply to increase your cover at any time. These increases are subject to our agreement, including meeting our financial and medical requirements.

CPI Adjusted Cover

To counter the effects of inflation on your cover, we will automatically increase your Sum Insured each year, in line with any increases in the Consumer Price Index, unless you elect otherwise.

CPI increases are available each year until your policy expires but are not available where the Sum Insured is \$10 million or greater.

Questions about Term Life Insurance**Why Term Life Insurance?**

Generally, life insurance is taken to cover your outstanding debts, including your home mortgage. Life insurance provides financial assistance for your family when you are no longer able to do so because of your death or total and permanent disability.

How does Term Life Insurance fit into my retirement planning?

Your family's ability to cope in a crisis primarily depends on your actions now. If you are still quite young with little superannuation monies or other funds available, Term Life Insurance can be an inexpensive approach to filling the gap.

What about superannuation - Can I add Term Life Insurance to my super fund?

If you have a self managed Superannuation Fund the trustee may take out a Term Life Policy with the option of Total and Permanent Disability cover and have the Superannuation Fund pay the premium. Premiums paid in this manner are deemed as Superannuation contributions and may have the added advantage of attracting tax deductions. The premiums, however, may attract a surcharge tax. (We recommend you seek expert tax advice to cover your particular situation). If you do not have a self managed fund, we have the facility for you to become a member of the Citicorp Retirement Fund. Details of Term Life (under the Citicorp Retirement Fund) can be found in this brochure on pages 11 to 13. You can contact your adviser or Citilnsurance on [1300 134 669](tel:1300134669).

How can this insurance assist in my business?

All too often business partners are not aware of a very simple safety net, Term Life Insurance. Citilnsurance offers business partners the opportunity to insure each other, so that in the event of death or permanent disability, the remaining partners can afford to look after expenses and perhaps purchase their partner's share of the business, known as "Key Person" cover.

"Key Person" cover is a term adopted to describe the type of insurance that businesses may purchase on the lives of those they consider to be "key" to the organisation's success.

In the event of their death or total and permanent disability, the business has the security of knowing they will have enough funds to be able to take the time to find a suitable replacement or at least utilise the funds as compensation for the loss of revenue previously derived from that key person. The Term Life Insurance policy may be utilised as a "Key Person" policy. The taxation treatment of premiums paid and amounts received will vary depending upon the purpose of the business in taking out such a policy. For further information on the taxation position of "Key Person" cover, we recommend you consult an appropriately qualified adviser.

Product Disclosure Statement

This Product Disclosure Statement contains important information about the LifeCare Trauma Insurance policy, and it will help you to:

- decide whether this product will meet your needs; and
- compare this product with others you may be considering.

Important Notice

LifeCare Trauma Insurance is not a savings plan. The primary purpose of this policy is to provide a benefit in the event of a major trauma event, or in the event of death, terminal illness or total and permanent disability, if selected. If you terminate this policy at any time, you will not get anything back.

About LifeCare Trauma Insurance

LifeCare Trauma Insurance can provide financial assistance for you and your family in the event that you suffer a major illness or a serious accident. We will pay you a lump sum if you suffer one of our listed insured trauma conditions or procedures. You select the amount of cover to a maximum of \$1,500,000 and this is called the trauma Sum Insured. The list of Insured Events are outlined on page 21 to 23.

You can also extend your cover under this policy by selecting cover to protect you in the event of death, diagnosis of a terminal illness, or total and permanent disability. If any of these events occur, we will pay the agreed Sum Insured for that particular event.

What are the significant benefits?

Insured Trauma Events

If you take out LifeCare Trauma Insurance, we will pay the trauma Sum Insured, up to a maximum of \$1,500,000, if any of the events listed occur, subject to any waiting period applicable and any conditions that apply. You will find the definitions of the "Insured Trauma Events" on pages 21 to 23 of this brochure.

Note: No LifeCare Trauma benefit will be payable if after diagnosis you do not survive for 14 days. A death benefit may be payable if you choose the LifeCare - Term Life option.

If we pay your trauma Sum Insured and you do not have cover under the LifeCare - Term Life option or the Life Care - TPD option then insurance cover will end.

LifeCare Continuation Benefit - Continuation of Cover under Loss of Independent Existence

On your annual renewal date after your 70th Birthday, if you have not been paid your trauma Sum Insured, cover will continue under our LifeCare Continuation option (see definition below), until the first annual renewal date after your 99th birthday.

Your Sum Insured under the LifeCare Continuation Benefit must be equal to or less than your trauma Sum Insured.

A benefit will be paid under the LifeCare Continuation Benefit option if, because of injury or illness you become permanently unable to perform (without any assistance from another person) the basic activities normally undertaken as part of everyday life. This will be evidenced by being unable to undertake any two of the activities listed below;

- Bathing - to shower or bathe;
- Dressing - to dress or undress;
- Toileting - to use the toilet including getting on and off;
- Feeding - to eat and drink;
- Mobility - to get out of bed or chair or wheelchair; or
- Continence - to control bladder and bowel function.

Please note: If you can perform the activity on your own by using special equipment you will be considered to be able to undertake that activity.

LifeCare Term Life Option

The LifeCare Term Life option can be taken as an extension to your LifeCare Trauma Insurance. If the life insured dies, Citilnsurance will pay the agreed LifeCare Term Life Sum Insured either to you, as the policy owner, or if you are both the policy owner and the life insured, to your estate or beneficiaries, if nominated.

* No payment will be made for these conditions if the insured trauma event occurs within 3 months of the commencement or reinstatement date of the policy. If one of these insured trauma events occurs again after the 3 month period and it is not related to the first occurrence, a benefit will then be paid. This applies to ChildCare cover as well. The 3 month waiting period will not apply where this policy is replacing an existing policy that covered the same events and had been in place for at least 3 months. Note that the 3 month waiting period will only be waived for a Sum Insured level equal to or less than the Sum Insured level under the replaced contract for insurance.

** To be entitled to a benefit for coronary artery angioplasty you must have a minimum trauma Sum Insured of \$100,000. Payment under this benefit will be limited to 10% of your trauma Sum Insured, up to a maximum of \$25,000. Your trauma Sum Insured under the LifeCare Trauma Insurance will then be reduced by the amount paid for Coronary Artery Angioplasty and your premiums reduced to reflect the remaining Sum Insured.

Included in this option is a Terminal Illness Benefit. This means, if you are diagnosed as being terminally ill (having less than 12 months to live), we will pay the agreed Sum Insured or \$1 million, whichever is the lesser. Any remaining amount will be paid on the death of the life insured (if this occurs while cover remains in force), and your LifeCare Trauma Insurance policy will then end.

If you are paid a trauma benefit or a TPD benefit and the amount paid is less than your life cover Sum Insured under this LifeCare Term Life option, then the life cover Sum Insured will be reduced by the amount paid. The premiums for the LifeCare Term Life option will be reduced accordingly and any remaining life cover will be paid upon death, if this occurs while cover is in force.

LifeCare - Total and Permanent Disability Benefit Option

You also have the choice of extending your cover with the Total and Permanent Disability (TPD) option up to a maximum of \$2.5 million (the amount of cover you select can be higher than your trauma cover providing the amount you select is equal to or less than the amount you have selected for the Term Life option).

If you become totally and permanently disabled before the first annual renewal date after your 65th birthday, we will pay the agreed TPD Sum Insured. If you are paid a trauma benefit or a benefit for terminal illness, and the benefit paid is less than your TPD Sum Insured, then your TPD Sum Insured will be reduced by any amount paid and premiums will be recalculated accordingly. Any remaining amount will be paid upon total and permanent disability (if this occurs while your cover is in force).

Definition of Total and Permanent Disability

You will be considered totally and permanently disabled, if after considering medical and/or other evidence, we find you fit into the first category below or, subject to the category of cover you choose, the second third or fourth category below, before the first annual renewal date after your 65th birthday:

1. You have suffered the loss of use of either:
 - two limbs*; or
 - sight of both eyes; or
 - one limb and loss of the sight of one eye.
 - * (a limb is defined as being the whole hand or whole foot)
2. Any Occupation If you choose this category you must:
 - have become incapacitated for six consecutive

Product Disclosure Statement

months, to such an extent that you are unlikely ever to be able to perform again your usual occupation, or any gainful occupation for which you are reasonably qualified; and

- provide us with sufficient proof regarding your incapacity to work.

3. **Own Occupation** If you choose this category you must:

- have become incapacitated for six consecutive months, to such an extent that you are unlikely ever to be able to perform again your usual occupation;
- have been engaged in this occupation and not employed in another occupation, at the time of the injury or illness that prevents you from working; and
- provide us with sufficient proof regarding your incapacity to work.

The Own Occupation category is only available to White Collar Professionals and those working in a profession requiring tertiary qualifications. To qualify for an 'own occupation definition' you must be working in a position directly related to your qualifications for at least 12 months prior to a claim. To find out if you fit into this category, you may contact CitilInsurance on [1300 134 669](tel:1300134669).

4. **Homemaker** (you are wholly engaged in full time unpaid domestic duties in your own residence) and:

As a result of illness or injury you are under the care of a medical practitioner and are unable to

- perform normal domestic duties;
- leave your home unaided; or
- be engaged in any employment for a period of six consecutive months; and

at the end of the period of six months, you are disabled to such an extent as to render you likely to require ongoing medical care and deemed never again be able to perform normal domestic duties nor any occupation.

"Normal domestic duties" are the duties normally performed by a person who remains at home and is not working in regular employment for income. These normal domestic duties include cleaning the home, washing, shopping for food, cooking meals and when applicable, caring for children.

Buy-Back Option

Available only when combined with the LifeCare - Term Life option.

If you survive for 12 months from the date of the:

- diagnosis of a LifeCare trauma event; or
- payment of a TPD benefit;

We give you the option of continuing your Term Life cover, regardless of your state of health. You can choose to continue your cover for any amount up to your previous level of life cover.

The insurance will be continued using our standard Term Life Insurance policy at the then current premium rates applying to a Term Life Insurance policy.

This option ceases on the first annual renewal date after your 65th birthday.

ChildCare Option

The ChildCare Option is an insurance option that allows you to insure your children between the ages of 1 and 16. If you select the ChildCare option, CitilInsurance will pay \$50,000 for any insured child who suffers any of the eligible listed insured trauma events, as set out in the table on page 6. You will find the definitions of the insured trauma events on pages 21 to 23 of this brochure.

A maximum of four children can be covered by each LifeCare Trauma Insurance policy. Any one child cannot be insured under more than one policy.

The LifeCare - Term Life and LifeCare - TPD options are **not available** for children covered by the ChildCare option.

The payment of a ChildCare benefit will not affect the existing cover of any remaining insured persons.

However, the payment of a benefit that results in the termination of insurance cover under your LifeCare Trauma Insurance policy, will cause any Child Care cover to cease immediately.

Child Care Cover ceases

When a child reaches age 16, his or her cover ceases under the ChildCare option. However, CitilInsurance guarantees to cover the child for up to \$50,000 under a standard LifeCare Trauma Insurance policy. The child will not be required to undergo any medical assessments (underwriting).

Product Disclosure Statement

The premium rate applied to the new policy will be our then current LifeCare Trauma Insurance policy rates, plus any loadings applied under the Child Care option to that child.

This cover must be requested in writing and the premium paid within 30 days of the child's turning 16 years of age.

As Child Care cover is an option, if your policy is terminated or comes to an end for any reason, all Child Care options will cease at that time.

Bereavement Benefit

If you do not select the LifeCare - Term Life option, your cover will include a \$5,000 Bereavement Benefit should you die from any cause.

Benefit Payments

Any benefits payable are paid to the Policy Owner. If a death benefit is payable to the Policy Owner who is also the Life Insured, that benefit will be paid to the nominated beneficiaries or to the Policy Owner's estate if there are no beneficiaries nominated.

Exclusions

We will not pay a benefit under the LifeCare Trauma Insurance policy if the trauma event arises out of or in connection with a Self-inflicted injury or any other event referred to in your policy as a special condition.

If you choose the LifeCare - Term Life option, there will be no entitlement to a death benefit if the person insured commits suicide within 13 months of the commencement or reinstatement date.

The exclusions for the ChildCare option are identical to the LifeCare Trauma Insurance exclusions.

Maximum Insurable Age

We will continue your cover (where applicable) up to the first annual renewal date after the ages set out below, provided premiums are paid when due.

Cover	Maximum insurable age
LifeCare Trauma	99 years*
Death and Terminal Illness	99 years
Total and Permanent Disability	65years
ChildCare Cover	16 years*

*Cover for the listed Insured Trauma Events expires on the first annual renewal date after your 70th Birthday but continues for the definition for Loss of Independent Existence until the first annual renewal date after your 99th birthday.

*Cover under the ChildCare option ceases on the 16th Birthday of the child insured.

Amount of cover

You select the amount of cover in your application form. If we accept your application, you will be issued with a Policy document and Policy Schedule. The amount of cover shown in the Policy Schedule you receive after we have issued the LifeCare Trauma policy to you, is called your Sum Insured.

Increasing your cover

You can apply to increase your cover at any time. These increases are subject to our agreement, including meeting our financial and medical requirements.

CPI Adjusted Cover

To counter the effects of inflation on your cover, we will automatically increase your Sum Insured each year (other than for the Child Care option - see page 8 of this PDS) in line with any increases in the Consumer Price Index, unless you elect otherwise.

CPI increases are available each year until your policy expires but are not available where the trauma Sum Insured is \$1.5 million, the TPD Sum Insured is \$2.5 million or the life cover Sum Insured is \$10 million or more.

Why Term Life (under the Citicorp Retirement Fund)?

Generally, life insurance is taken to cover your outstanding debts, including your home mortgage in the event of your death. You may also consider taking life insurance to provide financial assistance for your family when you are no longer able to do so because of your death or total and permanent disability.

Whilst money can never replace the loss of a loved one, it's comforting to know the people who depend on you will be taken care of financially during this difficult period.

Your family's ability to cope in a crisis primarily depends on your actions now. Life insurance can be an inexpensive way to assist your family's financial needs in the event of your death or total and permanent disability and Term Life (under the Citicorp Retirement Fund) is a simple and tax effective way to provide for these needs.

By providing a lump sum benefit in the event of your death, this product can provide financial help to assist your family meet debts such as mortgages, education costs, leases and overdrafts, and day-to-day expenses, that flow from the loss of your income. A lump sum is also payable if you become totally and permanently disabled and the Total and Permanent Disability (TPD) option applies.

This product protects you 24 hours a day, anywhere in the world. So long as you pay the required premium and policy fees when due, we guarantee to continue your cover until your first annual renewal date after your 70th birthday (for TPD, until the first annual renewal date after your 65th birthday) subject to your eligibility to remain a member of the CRF as outlined in the 'Eligibility' section on page 19 of this brochure.

What are the significant benefits?

Term Life

In the event of your death, we will pay the Term Life Sum Insured to the Trustee. The Trustee will then pay the benefit in accordance with the Trust Deed. For further details of how the benefit will be paid, please see pages 12 to 13 of this PDS.

Total and Permanent Disability (TPD) Option

You can choose to extend your cover by selecting the Total and Permanent Disability (TPD) option. This option provides a payment to the Trustee if you become totally and permanently disabled (as defined below). The TPD Sum Insured you select must be equal to, or less than, the Term Life Sum Insured you have selected, up to a maximum of \$2.5 million.

Product Disclosure Statement

Single Pay TPD Option

If you become totally and permanently disabled we will pay to the Trustee your TPD Sum Insured. If your selected TPD Sum Insured is less than your life cover Sum Insured, your life cover Sum Insured will be reduced by the amount paid for your total and permanent disability and any remaining amount (if this occurs while your life cover is in force) will be paid to the Trustee upon your death. Premiums will be reduced to reflect the lower Term Life Sum Insured.

Double Pay TPD Option

For an additional premium, you can select cover for total and permanent disability under our double pay option. Under this option, if you become totally and permanently disabled we will pay to the Trustee your TPD Sum Insured and then upon your death (if this occurs while your life cover is in force) we will pay your full Term Life Sum Insured. The premiums for your Term Life Sum Insured are automatically waived after a payment for TPD, until your death or age 60, whichever comes first.

The Double Pay TPD option ceases on your first annual renewal date after your 65th birthday.

Definition of Total and Permanent Disability

You will be considered totally and permanently disabled if, after considering medical and/or other evidence, we find you fit into the first or second category below, before the first annual renewal date after your 65th birthday.

1. You have suffered the loss of use of:
 - use of two limbs*; or
 - sight of both eyes; or
 - one limb and loss of the sight of one eye.

*a limb is defined as being the whole hand or whole foot.
2. You have become incapacitated for six consecutive months, to such an extent that you are unlikely ever to be able to perform again your usual occupation, and you are unlikely to be able to perform any gainful occupation for which you are reasonably qualified; and provide us with sufficient medical and/or other evidence regarding your incapacity to work.

If your TPD claim is based on the second category of the definition of TPD above, the benefit will be the TPD Sum Insured applying on the first day of the six (6) consecutive months of absence from employment or occupation.

Waiver of Premium Option

This is an alternative to taking out the TPD Option. Under the Waiver of Premium Option, when you have been absent from your occupation for six months due to injury or illness, and you meet the definition of Total and

Permanent Disability, we will waive all your future premiums until you return to work or when you reach your first annual renewal date after your 65th birthday, whichever comes first. This benefit will expire on the earlier of your death, or the first annual renewal date after your 65th birthday.

Continuation Option - into ordinary Term Life policy

If we have not already paid a benefit under the Term Life Plan, on the first annual renewal date after your 70th birthday, this policy will automatically convert to an ordinary Term Life Insurance policy providing cover for death and terminal illness, without you needing to satisfy additional medical requirements. This means that you will be the policy owner. The life cover Sum Insured under this new ordinary Term Life Insurance policy must be less than or equal to your Term Life Sum Insured under Term Life (under the Citicorp Retirement Fund) at expiry. Any special conditions that applied to your Term Life (under the Citicorp Retirement Fund) will still apply to the ordinary Term Life Insurance policy. Cover for Total and Permanent Disability will not be available at this time.

Renewability

Term Life (under the Citicorp Retirement Fund) is guaranteed to continue for as long as you can answer 'Yes' to at least one of the questions in the 'Eligibility' section (Section 26 of the Application Form) and, at each renewal date, you satisfy the renewal age criteria (see table on page 19). If you do not meet the required criteria please advise us in writing. This means that, regardless of any changes to your health, your cover is guaranteed to continue at each renewal date upon payment of your premium when due. The guarantee of renewal is provided by Citicorp Life. If the Trustee determines that the division of the CRF under which you are a member should be terminated, Citicorp Life guarantees to continue your cover in accordance with its standard policy terms. In this circumstance, you will be automatically issued an ordinary Term Life Insurance policy on the same terms as your Term Life (under the Citicorp Retirement Fund) which will be terminated. Please note that if this occurs, you will no longer be entitled to any taxation benefits which may have applied under Term Life (under the Citicorp Retirement Fund).

Payment of Benefits

The benefits payable under Term Life (under the Citicorp Retirement Fund) are payable to the Trustee.

Under superannuation laws, a benefit paid from a superannuation fund in the event of a member's death must be paid to a dependant or to the member's estate. Under the Trust Deed, the Trustee retains absolute discretion as to which of your dependants will be paid benefits upon your death. Dependant beneficiaries are:

Product Disclosure Statement

- your spouse (including defacto spouse)
- your children under 28 years of age, and
- any person financially dependent on you.

Whilst your wishes (as expressed by your nomination of beneficiaries on your application form) will be given due weight, the Trustee may not in all circumstances be free to follow them.

If you have no dependants at the time of death, the proceeds of your policy will be paid to your estate.

If you choose the TPD option and subsequently suffer total and permanent disablement as defined in your policy, any TPD benefit payable under Term Life (under the Citicorp Retirement Fund) will be made to the Trustee. Providing that the Trustee also agrees you are TPD, the trustee will pay the benefit from the CRF to you.

Conditions of release

The Trustee may pay part or all of your benefits when a condition of release is met. Conditions of release include:

- death and ;
- your inability to continue working due to permanent incapacity;

Maximum Insurable Ages

We will continue your cover for death up to your first annual renewal date after your 70th birthday, and your cover for TPD (if applicable) until your first annual renewal date after your 65th birthday.

Exclusions

No benefit will be payable under Term Life (under the Citicorp Retirement Fund) if you commit suicide within the first 13 months after the commencement or reinstatement date.

Amount of cover

You select the amount of cover in your application form. If we accept your application, you will be issued with a Policy Schedule. The amount of cover shown in the Policy Schedule is called your Sum Insured.

Increasing your cover

You can apply to increase your cover at any time. These increases are subject to our agreement, including meeting our financial and medical requirements.

CPI Adjusted Cover

To counter the effects of inflation on your cover, we will automatically increase your Sum Insured each year, in line with increases in the Consumer Price Index, unless you elect otherwise.

CPI increases are available each year until your policy expires but are not available where the Sum Insured is \$10 million or greater.

What are the Guaranteed Premium Rates? Why would I choose them?

Most life insurance companies only offer variable Term Life rates. For all applications CitilInsurance offers you the choice of both Guaranteed Rates and Variable Rates.

Guaranteed Rates allow you to lock into pre-determined premium rates, so you have the convenience of knowing what you will be paying for insurance in 5, 10 or 20 years time. Please refer to the Guaranteed Premium section on page 15.

Irrespective of which type of rate you choose, as this policy is annually renewable, CitilInsurance guarantees to renew your Plan regardless of any decline in health.

The LifeCare Trauma Insurance policy only offers variable premium rates. Variable premium rates are described on page 15.

Product Disclosure Statement

The following information is provided in relation to all of the Your Life Protection Plan policies as outlined.

What are the significant risks?

The significant risks associated with holding a Your Life Protection Plan insurance policy which you should consider include:

- your policy is not a savings plan, you will not get anything back if it is cancelled;
- whether your policy will provide the cover you require. Cover may not be adequate because:
 - the amount of cover you have is more or less than you need;
 - the type of cover you require does not match the cover provided by your policy (for example, because you do not satisfy terms and conditions of cover or an exclusion applies);
 - you do not comply with your duty of disclosure, so we do not pay your claim, pay only part of your claim, or cancel your policy; and
 - you do not comply with the policy terms and conditions (for example, premiums are not paid when due, or you have delayed in notifying us of a claim and our interests have been prejudiced by the delay), so we can refuse to pay part or all of your claim;
- If you have selected variable premiums your premium rates are not guaranteed.
- our ability to pay claims when they are made; and
- no claim is payable unless you can prove the extent of loss or damage.

In addition to the above, the risks of taking out Term Life (under the Citicorp Retirement Fund), which you should consider, include:

- the Trustee has sole discretion in determining to whom a benefit should be paid in the event of your death. Accordingly, your benefits may be paid to a person other than your personal legal representative or to a person you did not intend for a benefit to be paid to. However, the Trustee will take into consideration the beneficiaries you have nominated in your application form when making a determination;
- if:
 - you have chosen the TPD Option;
 - you suffer a condition which gives rise to a claim under the TPD Option;

- Citicorp Life has paid your claim to the Trustee;
 - but you have not met a condition of release, you will not receive a benefit. Any TPD benefit paid to the Trustee by us in these circumstances will be held for you under the CRF until you meet a condition of release (please see page 13 for details).

- You should consult your adviser to assist you in determining which of the above risks are significant in your particular circumstances.

What is the cost of Your Life Protection Plan policy?

All the current charges of Your Life Protection Plan policy are fully described in this section. If we decide to alter the premium rates which apply to this insurance, we will give you at least three months written notice before your premium is affected.

The premium you need to pay will depend on your age, sex, smoking status, Sum Insured and in some cases, your medical history, occupation and any options you require.

Insurance is provided initially for one year, with your first premium payable in advance. Premiums can be paid monthly, half yearly or annually. The date you first join is your commencement date. The anniversary of your commencement date is your annual renewal date. You will be given the opportunity to continue your cover from this date. As long as you pay your required premium when due we guarantee to continue your cover until your annual renewal date after your 99th birthday. If you are paying by direct debit, premiums will automatically be deducted when your renewal notice is sent to you. You will be notified of the new premium amount payable for the following policy year in your renewal notice which will be sent to you at least 30 days before your annual renewal date.

If you do continue, the premium payable will be calculated each year based on the amount of cover (including any CPI adjustment that may apply), your age and our standard premium rates at that time.

The following table over page contains sample premium amounts for the key benefits under the Your Life Protection Plan. Each policy offers a range of optional benefits for which additional premiums are payable.

Your adviser can provide you with an illustration of the premiums for your specific circumstances based on the types of cover you require and the level of cover recommended.

Guaranteed Continuity

Regardless of any deterioration in your health, we guarantee to continue your insurance cover each year, once you have taken out Your Life Protection Plan policy with us. The only condition is that your premiums are paid when they are due.

Minimum Premium

The minimum annual premium payable is \$200, which includes a \$50 policy fee. This minimum premium also applies to policies under which two lives are insured.

Type of Premium

The Term Life Insurance policy and Term Life (under the Citicorp Retirement Fund) offers two types of premiums:

Variable Premium

Your premium rate is not guaranteed. This means it may vary. If we do vary the premium rates, we will write telling you about the changes, which will only take place on your next annual renewal date. A variation will only be made where it is applied to all Term Life Insurance policies. It will not be limited to individual policies.

Guaranteed Premium (Life Cover only)

For a small additional amount over the variable premium rate you can lock in the future premium rates for your life cover. This means as long as your insurance remains in force, the premiums will be based on guaranteed rates. The only changes that will apply from year to year will be based on your age next birthday.

Product Disclosure Statement

However, this guaranteed premium option does not apply in respect of the Total and Permanent Disability option, any government or statutory charges, or the annual policy fee.

Premium Discounts and Loadings

We offer discounts on your premium rates if you:

- are a non-smoker; or
- take out cover for \$500,000 and above. In this case, the discount is 5%.

Loadings (or increases) may be applied to premium rates depending on your medical history and in some cases, your occupation.

Premium Freeze

Under this option you can “freeze” your premium payments. This means your premiums will not increase. What we do instead, is adjust your cover to compensate for the premium freeze. If you have both Term Life and Total and Permanent Disability insurance, we adjust both covers in equal proportions.

Payment Options

You can choose to pay your premiums by one of the following payment methods:

	Cheque	Direct Debit	Credit Card
Monthly		✓	✓
Half Yearly	✓	✓	✓
Yearly	✓	✓	✓

Your first yearly or instalment premium is payable in advance. You can do this by forwarding a cheque or completing a valid direct debit request or credit card authority. If you choose to pay either monthly or half yearly, you will incur a small processing fee. The details are explained below.

Non-payment of premiums

To maintain your insurance cover you need to pay your premiums within 30 days of the due date. Your policy will be cancelled if you do not pay your premiums within this period.

Policy Fee

There is an annual policy fee of \$50, which covers our administrative costs. If we increase this fee, it will be in line with inflation and will apply from your next annual renewal date. You will be advised of the new

policy fee in your renewal notice which we send to you at least 30 days before your next annual renewal date.

If you choose to have a second person insured under this policy, only one annual fee will be charged. (See page 19 for details about including a second person).

Processing Fee

If you choose to pay your premium monthly, there is a processing fee of 6% per annum. For half yearly payments, the processing fee is 3% per annum. The processing fee applies to your premium (including the policy fee).

Superannuation contributions tax

A superannuation contributions tax (surcharge) may apply to your tax deductible contributions if you have Term Life (under the Citicorp Retirement Fund) (see ‘Taxation’ below for further details). Also, if the Trustee becomes liable to pay any surcharge in respect of your contributions, you may be requested to pay an additional charge at the time payment is due.

Taxation

1. You should consider the following taxation information which applies to all Your Life Protection Plan policies.

Under most circumstances, lump sum payments to individuals are not assessable for income tax purposes, and premiums are not tax deductible. However, premiums may be tax deductible where the insurance is for business purposes.

This information is based on our interpretation of current laws and is current as at the date of this Product Disclosure Statement. These laws may change; and as individual circumstances may differ, you should seek advice from a suitably qualified professional in relation to your particular circumstances.

2. You should consider the following taxation information which applies to the Term Life (under the Citicorp Retirement Fund) policy.

Contributions made to the Plan may be tax deductible if you are self-employed or substantially self-employed.¹

The surcharge will apply to tax deductible contributions made by you if your annual adjusted taxable income² exceeds \$94,691.³ The surcharge will apply at the maximum rate of 15% on annual adjusted taxable incomes over \$114,981 and will be

Product Disclosure Statement

phased in at a rate of approximately 1% for every \$1,355 increment between \$94,691 and \$114,981. The surcharge will also apply at the maximum rate where you have not provided your Tax File Number (TFN). You may quote your TFN on your application. If your contributions are subject to this surcharge and you leave the CRF prior to an assessment being made, you may receive a direct assessment for the surcharge payable. If the Trustee becomes liable to pay any surcharge in respect of your contributions, you may be requested to pay an additional charge at the time payment is due.

The payments of the proceeds of the insurance to your dependant beneficiaries will not be subject to taxation provided the payment is within your Reasonable Benefits Limits (RBLs).

For benefits in excess of your RBLs your dependants may be subject to tax on the excess at maximum rates of tax. Payments to non-dependant beneficiaries (including your estate except to the extent that your dependants are likely to inherit) may be subject to lump sum tax.

In the event of TPD, the payment made by the Trustee to you and is tax free except to the extent it exceeds your RBL.

This information is based on our interpretation of current laws. These laws may change; and as individual circumstances may differ you should seek advice from a suitably qualified professional in relation to your particular circumstances and requirements.

Goods and Services Tax (GST)

GST does not currently apply to your Term Life Plan insurance premiums. If Parliament alters the tax law, we reserve the right to increase premiums or charges to reflect any applicable GST.

1. 'Self employed' means less than 10% of your income is from eligible employment as defined in the Income Tax Assessment Act.
2. 'Annual Adjusted Taxable income' generally means taxable income plus the value of reportable fringe benefits, any superannuation contributions subject to the surcharge, but does not include some redundancy and similar benefits.
3. For the 2003-2004 Financial year. These amounts are indexed on 1 July each year to reflect the increase in Average Weekly Ordinary Time Earnings (AWOTE).

How To Apply

Applications for Insurance can only be effected after completion of the current application form either contained in this Product Disclosure Statement or one provided by CitilInsurance.

If we are unable to issue your policy for any reason upon receiving your application and the first premium due (for example, because your application form is incomplete), we are required to hold your monies in a trust account on your behalf. We will retain any interest payable by our bank on this account to meet, among other things, bank fees and other administrative costs.

This Application Form is part of the Product Disclosure Statement Prepared on 1 March 2004. You should read the Product Disclosure Statement carefully. This contains important information you should know about these products.

Information

Before you sign this Application Form, be aware that CitilInsurance, the Trustee or your adviser is obliged to have provided you with a Product Disclosure Statement containing a summary of the important information in relation to the product or products you are applying for. This information will help you to understand the product and to decide whether the product is appropriate to your needs.

Duty of Disclosure (Insurance Contracts Act, 1984)

Your Duty of Disclosure

Before you enter into a contract of Life Insurance with an insurer, you have a duty, under the Insurance Contracts Act 1984, to disclose to the insurer every matter that you know, or could reasonably be expected to know, is relevant to the insurer's decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose those matters to the insurer before you vary or reinstate a contract of life insurance.

Your Duty however does not require disclosure of a matter -

- that diminishes the risk to be undertaken by the insurer;
- that is of common knowledge;
- that your insurer knows or, in the ordinary course of business, ought to know;
- as to which compliance with your duty is waived by the insurer.

Non-disclosure

If you fail to comply with your duty of disclosure and the insurer would not have entered into the contract on any terms if the failure had not occurred, the insurer may avoid the contract within 3 years of entering into it. If your non-disclosure is fraudulent, the insurer may avoid the contract at any time.

An insurer who is entitled to avoid a contract of life insurance may, within 3 years of entering into it, elect not to avoid it but to reduce the sum that you have been insured for in accordance with a formula that takes into account the premium that would have been payable if you had disclosed all relevant matters to the insurer.

Please note that your Duty of Disclosure continues until a Policy has been issued.
