

AIA Australia's No-claim bonus

AIA.COM.AU

Did you know that if you haven't made a claim within 3 years of purchasing your Priority Protection Disability Income policy, you may be rewarded, at no additional cost to you?

A no-claim bonus means that your insured monthly benefit will increase by the appropriate percentage shown below depending on the amount of time that you have had your policy.

As long as you don't make a claim, your bonus will increase every year. After only 5 years of having a claim free Priority Protection Disability Income policy, you can enjoy the benefit of a 15% increase in your monthly benefit if you do ever have to make a claim.

| Claim Free Years | Bonus |
|------------------|-------|
| 3 | 5% |
| 4 | 10% |
| 5 | 15% |

The increased benefit will be paid for up to 12 months while claim payments are being made. This benefit can only be payable once during the life of the Priority Protection Disability Income policy.

To find out more about AIA Australia's no-claim bonus, contact your local AIA Australia Sales Manager on Freecall 1800 033 490 (option 4).
