

Zurich Wealth Protection

Product Disclosure Statement including Policy conditions
Issue date: 1 March 2011

About this PDS

Date of preparation: 1 February 2011

This Product Disclosure Statement (PDS) is provided in two parts:

Part 1 – Product information

Part 2 – Policy conditions

This PDS is an important document. You should read both parts (Parts 1 and 2) in full before making a decision to purchase these products.

This PDS will help you to:

- decide whether these products will meet your needs and
- compare these products with other products you may be considering.

Policy conditions

Part 2 of this PDS contains the policy conditions which will apply to your cover once your application has been accepted. It is important that you read them carefully and keep them in a safe place.

Important notes

This PDS describes the products listed in the shaded section 'Issuer information' (right). The PDS is jointly issued by Zurich Australia Limited and Zurich Australian Superannuation Pty Limited, each of whom takes full responsibility for the whole PDS.

Where there is any reference to a third party in this PDS that third party has provided their consent to be named in this PDS.

The Zurich worldwide group of companies has obligations under various Australian and foreign laws. Despite anything to the contrary in this PDS or any other document related to the policies described in this PDS, the policies' terms will operate subject to all laws with which a Zurich worldwide company considers it must comply.

This offer is available only to persons receiving it (including electronically) within Australia. We cannot accept cash or applications signed and mailed from outside Australia.

Cover is only available to Australian residents.

The policies are designed for Australian residents, and its operation and your rights may be restricted if you or the life insured cease to be an Australian resident. Please contact us before an overseas move occurs so that we can provide you with further information, and consider taking independent financial and/or tax advice on your circumstances. We can also transfer your details and those of the life insured to another Zurich worldwide company to check whether a more suitable product is available if you ask us to do so.

Applying for Zurich Wealth Protection products

The only way to apply for a product in this PDS is to complete and submit the Zurich Wealth Protection Application Form accompanying this PDS together with a completed Life Insured's Statement. Your adviser can assist you to fill out both of these forms. Each of the products may be purchased separately.

Cheques must be made payable to Zurich Australia Limited. The cheque should be in Australian dollars and drawn on an Australian bank.

General information only

The information contained in this PDS is general information only. It does not take into account your individual objectives, financial situation or particular needs. You should consider the appropriateness of each product having regard to your objectives, financial situation and needs.

We recommend you seek professional financial and taxation advice before making any decisions regarding these products.

Up-to-date information

The information in this PDS, including taxation information, is based on our understanding of legislation as at the date of preparation of this PDS and its continuing accuracy.

Certain information in this PDS may change from time to time – this includes but is not limited to possible changes which we have identified in this PDS. Where we indicate to you that we will give notice of such changes, then you will be advised of such changes in writing. Where other changes that are not materially adverse to you occur, we will update such information on our website, www.zurich.com.au. A paper copy of the updated information will be available free of charge upon request by calling us on 131 551.

Issuer information

Issued by Zurich Australia Limited
ABN 92 000 010 195, AFSL 232510:

- Zurich Protection Plus
- Zurich Income Replacement

Issued by Zurich Australian Superannuation Pty Limited ABN 78 000 880 553, AFSL 232500:

- Zurich Superannuation Term Life Plus

Zurich Australian Superannuation Pty Limited is the trustee of the Zurich Master Superannuation Fund ABN 33 632 838 393, SFN 2540/969/42 (the Fund). It obtains an insurance policy issued by Zurich Australia Limited for the benefits offered in the product it issues. Zurich Australia Limited is also the administrator of the Fund.

Contact details for both issuers appear on the back cover of this PDS.

About Zurich

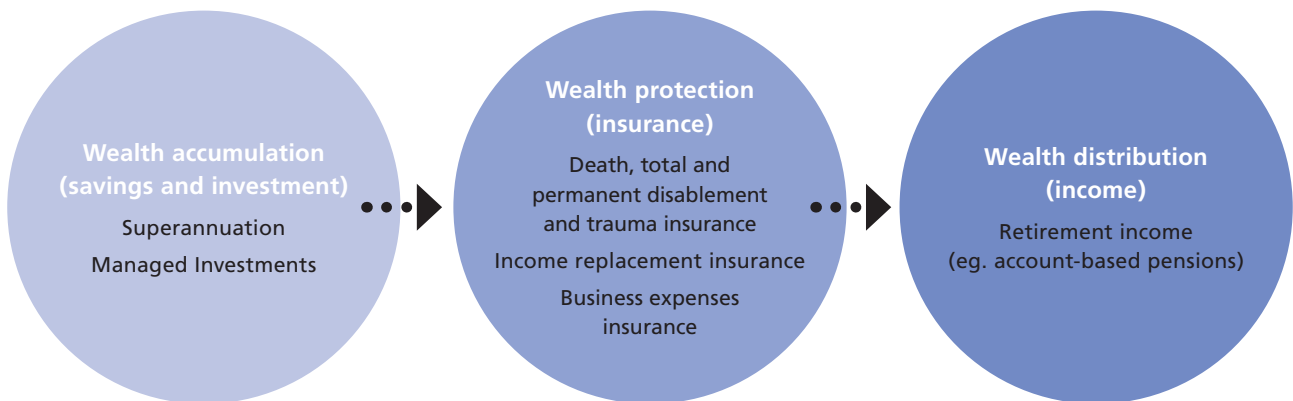

Zurich Financial Services Australia Limited (Zurich) is a member of the Swiss based world-wide Zurich Financial Services Group. Zurich is a global financial services company operating in Australia under a single brand in the core business lines of superannuation, investment, life risk insurance and general insurance solutions and services for individuals, small to medium sized businesses, larger companies and multi-national corporations.

Why choose Zurich?

- quality products and services
- client focussed
- global strength and local knowledge

Zurich: insurance and investments to meet your needs

Wealth creation means more than regular saving. It means accumulating wealth (saving and investment), protecting wealth (insurance) and distributing wealth (income). These three activities are not mutually exclusive and many people want to accumulate, protect and distribute wealth simultaneously. Zurich has a range of investment, life insurance, superannuation and general insurance products that may suit your needs. If you would like to know more about how we can help you achieve your financial goals, talk to your financial adviser.

Corporate Responsibility

Zurich's commitment to Corporate Responsibility is embedded in its basic values and principles, which encourages us to take seriously our obligations toward our employees, communities and the environment. This is an aspiration shared globally with the Zurich Financial Services Group. In Australia, Zurich is committed to proactively addressing Corporate Responsibility through a purpose-built strategy that identifies and acts on relevant social and environmental responsibilities that relate directly to our customers, our intermediaries and our people.

What is wealth protection?

A complete financial plan should generally allow for 'wealth protection'.

The trouble is no one likes having to talk about insurance. It's easy to think 'it'll never happen to me'. But the very reason we don't want to think about it is the reason we should. We have to know that whatever happens we'll be able to take care of ourselves and protect our families and/or business partners.

That means planning ahead and leaving nothing to chance. Ideally you should have a solution in place to manage unforeseen events. Unfortunately, accidents and illnesses can happen to anyone. Insurance is a contingency plan. It takes care of the 'what ifs' and acts to protect you, your family and/or business partners if something goes wrong.

This PDS contains a number of wealth protection products. Those products broadly offer the types of cover described below:

Types of cover available	What is the purpose of the cover?
Death cover	<p>Death cover pays a lump sum on your death or diagnosis of terminal illness. It's one of the easiest products to understand and it's usually the first one people think of. It may:</p> <ul style="list-style-type: none"> • allow your family to repay debts including mortgage, personal loans, guarantees, credit cards and store cards • provide an adequate income for your dependants to pay for living expenses, school fees, child care and regular bills • protect your business if a key person or principal dies • provide a cash deposit to the estate, which may prevent other assets being sold.
Total & Permanent Disablement (TPD) cover	<p>TPD cover pays a lump sum if you become totally and permanently disabled and therefore are unlikely to ever work again. TPD is about ensuring that you retain as much quality of life as possible. It can:</p> <ul style="list-style-type: none"> • provide funds to allow a family member to give up work to care for you or, alternatively, to fund other home care • allow you to repay debts including mortgage, personal loans, guarantees, credit cards and store cards • pay for any major renovations required to your home (eg. to permit wheelchair access).
Trauma cover	<p>Trauma cover provides a lump sum on the diagnosis, or occurrence, of one of a list of specific injuries and illnesses such as heart attack, cancer or stroke. It can:</p> <ul style="list-style-type: none"> • pay for unexpected medical costs • provide for lifestyle changes • provide for necessary professional care at home • repay large debts such as a mortgage • allow you to make lifestyle changes, such as reducing work hours, by providing additional income.
Income Replacement	<p>Income replacement insurance provides a monthly payment generally up to 75 per cent of your pre-tax income if you are unable to work due to sickness or injury. It can allow you to:</p> <ul style="list-style-type: none"> • provide for yourself and your family • continue to pay your mortgage, bills, credit cards and other debts and • keep all your investment strategies in place.
Business Expenses	<p>Business expenses insurance is used to cover fixed business expenses if you are unable to work due to sickness or injury. It can keep the business running while you take time out to recover.</p>

Without wealth protection, your ability to fund your lifestyle or your family's lifestyle may be jeopardised. Together with your financial adviser, you can create a financial plan that will help you achieve your goals.

Introduction

Defined terms

In this PDS, all terms appearing in *italics* (other than in headings) are defined terms with special meanings. Detailed definitions appear in the Policy conditions (Part 2). Product features are capitalised for ease of identification.

Important notice

The primary purpose of the Zurich Protection Plus policy is to pay a lump sum on your Death, *total and permanent disablement* or if you suffer a Trauma, depending on the covers selected.

The primary purpose of the Zurich Income Replacement policy is to provide an *income benefit* if you suffer a loss of income because you experience a disability.

The primary purpose of the Zurich Superannuation Term Life Plus policy is to pay a lump sum on your death.

The products provided in the Wealth Protection PDS are not savings plans. If you terminate your cover at any time other than during the cooling off period, you will not get any money back.

Definitions

In this Part 1 of the PDS:

'Zurich', 'us', 'our', and 'we' normally means Zurich Australia Limited, except:

- in the About Zurich and Your Privacy sections of this PDS where these terms mean Zurich Financial Services Australia Limited and its subsidiaries and
- in the Zurich Superannuation Term Life Plus section (and wherever information is in relation to this product including the Risk-only superannuation section, starting on page 51) where these terms mean Zurich Australian Superannuation Pty Limited.

'You' normally means the policy owner, except:

- in the Zurich Superannuation Term Life Plus section (and wherever information is in relation to this product including the Risk-only superannuation section, starting on page 51) where 'you' means the life insured (who is also the Fund member).

With most Zurich Wealth Protection products, it is possible that the policy owner and the life insured are different people. In this case:

- the policy owner would normally be paying the *premiums* and would be receiving the insurance benefit

- the *premium* amount would depend on the life insured's circumstances
- the insurance benefit would only be payable on the death, illness or disability of the life insured, as described in the Policy conditions
- only the policy owner and not the life insured can extend, vary, cancel or otherwise exercise any right applying to a Zurich Wealth Protection product.

Cooling off period

After you apply for a Zurich Wealth Protection product and you have received your Policy schedule from Zurich, you have 21 days to check that your policy meets your needs. Within this time you may cancel your policy and receive a full refund of any *premiums* paid, provided you have not exercised any rights under your policy (with Zurich Superannuation Term Life Plus this may be subject to preservation requirements. You may be required to nominate a complying superannuation fund to which your premiums will be repaid. Refer to page 51). Your request will need to be in writing and forwarded to Zurich at the address shown on the back cover of this PDS.

If you exercise any rights in relation to your policy (for example, you make a claim) before the 21 day period has elapsed your option to cancel your policy and receive a refund will be forfeited.

Significant risks

There are certain risks associated with holding a Zurich Wealth Protection product:

- if premiums are not paid when due, the policy will lapse, you will no longer be covered and you cannot make a claim.
- if you do not comply with your duty of disclosure, we may not pay your claim, pay only a portion of your claim or cancel your cover.

The duty of disclosure is explained on page 4 of the Application Form.

Interim cover

While we are assessing your application, we will provide you with interim cover for up to 90 days against *accidental death* and/or *accidental injury*, depending on the covers you apply for. The Interim cover certificate (refer to page 54) provides details of the cover provided and the exclusions that apply.

Wealth protection product snapshot

Policy	Covers available	What is it?	More information	Policy conditions
Life insurance				
Zurich Protection Plus	Death cover TPD cover Trauma cover	A life insurance product which allows any combination of Death cover, TPD cover and Trauma cover to be selected (including any single cover on its own).	Part 1, page 6	Part 2, page 8
Zurich Income Replacement	Income protection cover Business expenses cover	A life insurance product which provides an <i>income benefit</i> in the event of loss of income due to <i>sickness or injury</i> .	Part 1, page 22	Part 2, page 26
Risk-only superannuation				
Zurich Superannuation Term Life Plus	Death cover TPD cover	A risk-only superannuation product which offers Death cover and optional TPD cover.	Part 1, page 37	Part 2, page 36

If you select more than one product

Waived management fees

Each of the products described in this PDS is issued as a separate policy. If more than one policy is applied for at the same time, for the same life insured, you will be charged only one Management fee for that life insured (for example if you apply for Zurich Protection Plus and Zurich Income Replacement).

Zurich Protection Plus allows you to cover more than one life on a single policy. In this case, you will be charged only one Management fee.

Loyalty discounts

Depending on which of the above policies you apply for, you may be eligible to receive the following discounts on the premium payable:

Multi policy discount – a discount which rewards people who have more than one life risk policy with Zurich (or who have multiple stand-alone covers within Zurich Protection Plus).

Family discount – a discount for members of the same family who take policies (or one multi-life policy) with Zurich. The more family members involved, the higher the discount applying to each member.

Business discount – a discount for employees/partners in a business who take policies (or one multi-life policy) with Zurich. The more people involved, the higher the discount which will apply to each member.

More than one discount may apply to a policy (ie. multi policy discount and family discount or multi policy discount and business discount). The total discount will be expressed as the 'Loyalty discount'.

Ability to link covers inside and outside of super (related policies)

Zurich will allow a mixture of super and ordinary benefits to be linked by setting up related policies. It is possible to have the following related policy combinations:

- Protection Plus (ordinary) related to Protection Plus (owned by the trustee of a self-managed super fund) or
- Protection Plus (ordinary) related to Superannuation Term Life Plus (owned by the trustee of the Zurich Master Superannuation Fund).

Related policies remain as two separate policies but will behave as if all linked benefits are combined on one policy, which means that a claim on one cover will impact the other/s.

The way in which related policies will interact and other important terms and conditions which apply, are explained in more detail in each of the product sections.

Your adviser can provide all the information you need on these multi-product features.

Zurich Protection Plus

Cover at a glance

A summary of Zurich Protection Plus is set out on this page. An outline of this cover begins on page 8, while the Policy conditions are in Part 2, starting on page 8.

Description

Zurich Protection Plus is a life insurance product which allows you to select any combination of Death cover, TPD cover and Trauma cover. Within these covers there are standard and optional benefits. Your policy may consist of:

- a 'stand-alone' cover, ie. Death cover or TPD cover or Trauma cover; or
- any combination of Death, TPD and Trauma covers

within the minimum and maximum cover levels.

All Protection Plus policies	
Standard built-in benefits	Extra cost options
<ul style="list-style-type: none"> • Inflation protection – cover will increase every year unless declined by you. • Future insurability benefit (personal) – increase cover without <i>underwriting</i> at certain times. • Financial planning advice benefit – reimburses the cost of advice. • Premium freeze – freeze the amount you pay by reducing your cover. • Interim cover – puts some cover in place as soon as you apply. 	<ul style="list-style-type: none"> • Premium waiver option – pays <i>premiums</i> if the life insured is disabled and cannot work. • Accidental death option – extra cover for death due to accident. • Living activities TPD option – a lump sum payment on the life insured's inability to perform at least two <i>activities of daily living</i>, cognitive impairment or <i>specific loss</i>. • Business future cover option – increases cover without health evidence each year. • Needlestick cover option – a lump sum payment on <i>occupationally acquired HIV</i>, Hepatitis B or C. • Insured child option – includes death, terminal illness and trauma benefits for each child you insure.

Death cover	
Standard built-in benefits	Extra cost options specific to Death cover
<ul style="list-style-type: none"> • Death benefit – a lump sum payment on death. • Terminal illness benefit – an advance payment of the Death benefit on <i>terminal illness</i>. • Accidental injury benefit – an advance payment of the Death benefit if the life insured suffers a specified injury. • Advancement for funeral expenses – an advance payment to cover expenses. • Buy back death benefit (TPD) – Death cover can be reinstated following a TPD claim. • Buy back death benefit (Trauma) – Death cover can be reinstated following a Trauma claim. • Future insurability benefit (business) – increase cover without <i>underwriting</i> at certain times. 	<ul style="list-style-type: none"> • Accelerated buy back death option – early reinstatement of Death cover following a Trauma claim.

TPD cover	
Standard built-in benefits	Extra cost options specific to TPD cover
<ul style="list-style-type: none"> TPD benefit – a lump sum payment on the life insured’s <i>total and permanent disablement</i>. Partial TPD benefit – an advance payment of the TPD benefit if the life insured suffers a specified injury. 	<ul style="list-style-type: none"> Double TPD option – Death cover can be reinstated after a TPD claim. Buy back TPD option – TPD cover can be reinstated following a Trauma claim.

Extended trauma cover	
Standard built-in benefits	Extra cost options specific to Extended trauma cover
<ul style="list-style-type: none"> Trauma benefit – a lump sum payment on diagnosis/ occurrence of a range of 38 illnesses and injuries. Funeral benefit – a lump sum payment on death (stand-alone Trauma only). Partial trauma benefit – a part payment of Extended trauma for certain conditions. Paralysis booster benefit – doubles the benefit payable in the event of paralysis. 	<ul style="list-style-type: none"> Trauma reinstatement option – Trauma cover can be reinstated after a Trauma claim (for unrelated conditions). Double trauma option – Death cover can be reinstated after a Trauma claim. Top-up option – increases the Partial trauma benefits payable.

Basic trauma cover	
Standard built-in benefits	
<ul style="list-style-type: none"> Trauma benefit – a lump sum payment on diagnosis/ occurrence of a range of 12 illnesses and injuries. Funeral benefit – a lump sum payment on death (stand-alone Trauma only). Paralysis booster benefit – doubles the benefit payable in the event of paralysis. 	

Zurich Protection Plus – parameters

The following table sets out some important eligibility and product limit information:

Eligible ages	<ul style="list-style-type: none"> • Death cover: 10 – 69 • TPD cover: 19 – 59 • Trauma cover: 18 – 59 • Accidental death option: 19 – 65 • Living activities TPD option: 19 – 69 • Needlestick cover option: 19 – 65
Expiry ages (all benefits expire on the <i>policy anniversary</i> following the age indicated)	<ul style="list-style-type: none"> • Death cover: 99 • TPD: 99 (65 if you also select Extended trauma). Limited conditions apply from age 64. • Trauma: 75 (99 if you select Extended trauma and Death cover. Limited conditions apply from age 75). • Premium waiver option: 69 • Accidental death option: 75 • Living activities TPD option: 99 • Business future cover option: cannot be exercised after age 64 • Needlestick cover option: 75 • Trauma reinstatement option: 74 • Insured child option: 18 • Buy back death benefit (TPD): cannot be exercised after age 74 • Buy back death benefit (Trauma): cannot be exercised after age 74
Minimum premium	\$160 per year excluding fees and charges (for additional lives under age 18 the minimum <i>premium</i> is \$50 per year excluding fees and charges).
Cover levels available	\$50,000 minimum. Maximum cover levels apply depending on the combination of benefits you choose.
Premium options	Stepped premiums increase each year based on the rates applicable for the age of the life insured at that time. Level premiums are based on the age of the life insured when your cover starts. Refer to pages 45 and 46.
How premiums are calculated	<i>Premiums</i> are based on your cover amount, options chosen (including whether you select stepped or level), frequency of payments and the life insured's current age, gender and smoking status. The life insured's circumstances including state of health, occupation and pastimes will also be taken into consideration.
Exclusions, restrictions and limitations	There are limitations and restrictions on when some benefits may be payable. Any such limitation or restriction will be detailed in the Policy conditions. Refer to pages 8 to 25 (Part 2).
Additional information	The Additional information section of this PDS, starting on page 45, provides useful information about this policy, including details about the Management fee, stamp duty, taxation, our complaints handling procedure and our privacy provisions. It also tells you how to make a claim.
Policy conditions	When cover is issued, you will receive a Policy schedule that sets out the particular details of your policy (including: benefit start date/s, benefit expiry date/s, cover amounts, options selected and details of the policy owner and life insured). The Policy conditions (Part 2) will form part of your policy with us, and you should keep them in a safe place.

More detail is provided on the next pages and on pages 8 to 25 (Part 2).

Zurich Protection Plus – overview

The Zurich Protection Plus policy pays a lump sum on the life insured’s death, terminal illness, *total and permanent disablement* (TPD) or if the life insured suffers a specified Trauma, depending on the covers you select.

You can select any combination of Death cover, TPD cover and Trauma cover. Details of each cover begin on page 11.

Who can be covered?

Age eligibility is as set out in the following table:

Cover	Age of life insured at entry	
	Minimum	Maximum
Core covers		
Death cover	10	69
TPD cover	19	59
Trauma cover	18	59
Options		
Accidental death option/ Needlestick cover option	19	65
Living activities TPD option	19	69
All other optional benefits	As per the core covers	

How much cover can I apply for?

The minimum amount of cover you can apply for is \$50,000 per benefit per life insured, subject to a minimum annual *premium* for each life insured of \$160 (excluding the Management fee and any government charges). Additional insured lives who are children under the age of 18 are subject to a minimum *premium* of \$50 a year, unless they are covered under the Insured child option.

The maximum amount of cover you can apply for is subject to the following guidelines in respect of each policy:

Core cover	Maximum amount of cover available per life insured
Death cover	The maximum depends on your needs. Your adviser can help you determine this.
TPD cover	\$5,000,000
Trauma cover	\$2,000,000

Any TPD cover which exceeds \$3,000,000 must be matched by at least the same amount of Death cover.

If you have a *related super policy*, any TPD or Trauma cover under your *related protection policy* cannot exceed the amount of Death cover under the *related super policy*.

Generally the maximum amount of TPD cover available to a life insured working in domestic duties is \$1,000,000.

After your cover is in force, it can increase above the maximums due to Inflation protection (refer to page 15).

Restrictions apply to the total amount of cover in respect of a life insured for all policies from all sources (including all policies issued by other life insurers). Generally:

- the total TPD cover with us and other life insurers cannot exceed \$5,000,000
- the total Trauma cover with us and other life insurers cannot exceed \$2,000,000
- the total *occupationally acquired HIV* cover with us and other life insurers cannot exceed \$2,000,000.

How will my covers interact?

When you select more than one Zurich Protection Plus core cover we will automatically link the covers together. This ensures that you get the most cost-effective package of cover, but it also means that a claim on one cover will impact the other/s.

For example, if you select Death cover and Trauma cover, and you make a claim on your Trauma cover, the Death cover will be reduced by the amount of the Trauma cover claim. While there is a Buy back death benefit which allows the Death cover to be reinstated in the three years following a Trauma cover claim, the Death cover will be reduced for a time.

This PDS will assume that all covers are linked, as this is the most common way to set up a policy. If you want the covers to be stand-alone, which means each cover is independent and is not impacted by a claim, we can arrange for your policy to be set up this way. Your adviser can help you to determine which cover best suits your individual circumstances.

Related policies

It is also possible to have a Protection Plus policy which is **related** to:

- another Protection Plus policy, owned by the trustee of a self-managed super fund (SMSF) or
- a Superannuation Term Life Plus policy, owned by the trustee of the Zurich Master Superannuation Fund.

This allows a mixture of super and ordinary benefits to be linked, even though the benefits are provided under separate policies. This is explained in more detail on page 21.

Can I increase my cover?

Subject to our reassessment of the life insured's personal circumstances, you may apply to increase your cover until the dates outlined.

Cover	Birthday of life insured when ability to increase ends
Death cover	69
TPD cover/Trauma cover	59
Accidental death option/ Needlestick cover option	65
Living activities TPD option	69

When will my cover expire?

Once your application has been accepted and provided you pay your *premiums* as due (refer to page 46), we guarantee that we will renew your covers, regardless of any changes to the life insured's health or other circumstances, until the benefit expiry date.

The expiry ages for each core cover (Death, TPD or Trauma cover) are set out below and may depend on the combination of covers chosen. Benefits expire on the *policy anniversary* following the age indicated (as shown on the Policy schedule).

Cover	Expiry age & any conditions / extensions per life insured
Death cover	99
TPD cover	99 From the <i>policy anniversary</i> following 64th birthday, the only covered conditions are inability to perform at least two <i>activities of daily living</i> , cognitive impairment and <i>specific loss</i> and the maximum benefit payable is \$3,000,000. If you select TPD cover & Extended trauma cover, TPD cover ends on the <i>policy anniversary</i> following 65th birthday and only Extended trauma cover continues.
Trauma cover	75 If you select Extended trauma cover & Death cover, Trauma cover ends at age 99. From the <i>policy anniversary</i> following 75th birthday, the only covered conditions are <i>loss of independence</i> and <i>loss of limbs or sight</i> .

Some standard built-in benefits and extra-cost options have different dates for exercise and expiry to the core covers they attach to. Where this occurs, it is explained in the relevant benefit or option section.

Zurich Protection Plus – Death cover

Built-in benefits which only apply to Death cover (starts on this page)	<ul style="list-style-type: none"> • Death benefit • Terminal illness benefit • Accidental injury benefit • Advancement for funeral expenses • Buy back death benefit (TPD) • Buy back death benefit (Trauma) • Future insurability benefit – business
Standard built in benefits included in all Zurich Protection Plus policies (page 15)	<ul style="list-style-type: none"> • Inflation protection • Future insurability benefit – personal • Financial planning advice benefit • Premium freeze • Interim cover
Extra-cost options available with Death cover (pages 16 to 18)	<ul style="list-style-type: none"> • Premium waiver option • Accidental death option • Living activities TPD option • Business future cover option • Needlestick cover option • Insured child option • Accelerated buy back death option

Death benefit

We will pay the Death benefit as a lump sum on the death of the life insured during the term of the policy and prior to the Death benefit expiry date.

Pages 8 to 10 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Terminal illness benefit

If the life insured is diagnosed as *terminally ill*, we will pay 100 per cent of the Death cover.

Pages 8 to 10 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Accidental injury benefit

If the life insured's *accidental injury* causes the entire and permanent loss of:

- the use of one hand or the use of one foot or the sight in one eye, we will pay the lesser of 25 per cent of your Death cover and \$500,000 or
- more than one loss from the above list, we will pay the lesser of 100 per cent of your Death cover and \$2,000,000.

If you also have TPD or Trauma cover, we will only pay a benefit once in respect of the same *accidental injury* (being the greater cover amount, if cover amounts differ).

Pages 8 to 10 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Advancement for funeral expenses

While a death claim is being settled, we may advance part of the Death benefit, up to \$15,000, towards payment of funeral expenses to you or your estate. An application for payment of funeral expenses must include satisfactory evidence of death and the funeral invoice.

Buy back death benefit (TPD)

This benefit only applies if you select Death cover and TPD cover for a life insured and allows you to reinstate Death cover following a TPD claim.

This and other reinstatements of cover are all explained together on page 19. Page 9 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Buy back death benefit (Trauma)

This benefit only applies if you select Death cover and Trauma cover for a life insured and allows you to reinstate Death cover following a Trauma claim.

This and other reinstatements of cover are all explained together on page 19. Page 9 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Future insurability benefit – business

This benefit entitles you to increase your Death cover prior to age 55, without reassessment of health, within three months of the events described below.

Business events covered:

- if the life insured is a key person in the policy owner's *business* and the *value of the key person to the business* increases
- if the policy owner is a *business* entity, and the value of the life insured's financial interest in the *business* entity increases.

This benefit does not apply if you select the Business future cover option (explained on page 16).

For the first six months after an increase under this benefit, any increased amount is payable only in the event of *accidental death*.

Pages 8 and 9 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Death cover exclusion

No benefit is payable if the life insured commits suicide within 13 months of the benefit start date (or increase in cover but only in respect of that increase) or reinstatement of the policy.

Full details of this exclusion are set out on page 10 (Part 2).

What happens to my other benefits if I receive a benefit under Death cover?

All Death cover, TPD cover and Trauma cover for a life insured reduces by the amount of each Accidental injury benefit, Terminal illness benefit or Advancement for funeral expenses benefit paid for that life insured. If you receive 100 per cent of your Death cover, all cover for that life insured under the policy will cease.

Zurich Protection Plus – TPD cover

Built-in benefits which only apply to TPD cover (starts on this page)	<ul style="list-style-type: none">• TPD benefit• Partial TPD benefit
Standard built in benefits included in all Zurich Protection Plus policies (page 15)	<ul style="list-style-type: none">• Inflation protection• Future insurability benefit – personal• Financial planning advice benefit• Premium freeze• Interim cover
Extra-cost options available with TPD cover (pages 16 to 18)	<ul style="list-style-type: none">• Premium waiver option• Accidental death option• Living activities TPD option• Business future cover option• Needlestick cover option• Insured child option• Double TPD option• Buy back TPD option

Total and Permanent Disablement (TPD) benefit

We will pay the TPD benefit as a lump sum if the life insured suffers *total and permanent disablement* during the term of the policy and prior to the TPD benefit expiry date.

To be eligible for a TPD benefit, the life insured must satisfy a specific three month disablement qualification period (except if the claim is for *specific loss*) within the definition of *total and permanent disablement* on page 53 of Part 2).

Depending on the life insured's circumstances, you can apply for:

- 'any' occupation TPD or
- 'own' occupation TPD.

The life insured will meet our definition of 'any' occupation *total and permanent disablement* if he or she is unlikely to ever work (for reward or otherwise) in his/her profession, business or similar occupation or engage in any other occupation to which he/she is fitted by education, training and experience for the rest of his/her life, as a result of the *sickness or injury*.

The life insured will meet our definition of 'own' occupation *total and permanent disablement* if he or she is unlikely to ever work (for reward or otherwise) in his/her *own occupation* for the rest of his/her life, as a result of the *sickness or injury*.

Regardless of which TPD you choose, the life insured will also meet our definition of *total and permanent disablement* if he or she:

- suffers a *specific loss*
- is unable to perform normal domestic duties
- is unable to perform at least two *activities of daily living*
- suffers cognitive impairment or
- is unlikely ever to earn more than 25 per cent of his/her earnings prior to *sickness or injury*.

From the *policy anniversary* following the life insured's 64th birthday, TPD cover will only provide cover for the inability to perform at least two *activities of daily living*, cognitive impairment and *specific loss*. The maximum benefit payable is then \$3,000,000.

From the *policy anniversary* following the life insured's 65th birthday, TPD cover will cease if you have also selected Extended trauma.

Pages 10 and 11 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Partial TPD benefit

If the life insured suffers the entire and permanent loss of the use of one hand or one foot or the sight in one eye, we will pay the lesser of 25 per cent of your TPD cover or \$500,000.

If you also have Death or Trauma cover, we will only pay a benefit once in respect of the same loss of use (being the greater cover amount, if cover amounts differ).

Pages 10 and 11 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

TPD cover exclusions

We will not pay a TPD benefit if the life insured's *total and permanent disablement* is due to intentional self-inflicted act or attempted suicide or any other event or medical condition specified on the Policy schedule.

Full details of these exclusions are set out on page 10 (Part 2).

What happens to my other benefits if I receive a TPD benefit?

Once you receive a benefit under the TPD cover, any Trauma cover and any Death cover for the same life insured will be reduced by the amount paid.

Refer to pages 19 and 20 for information about reinstating cover after a claim.

Zurich Protection Plus – Trauma cover

Extended trauma cover	
Built-in benefits which apply to Extended trauma cover (page 14)	<ul style="list-style-type: none"> • Trauma benefit (38 conditions) • Funeral benefit • Paralysis booster benefit • Partial trauma benefit

Standard built in benefits included in all Zurich Protection Plus policies (page 15)	<ul style="list-style-type: none"> • Inflation protection • Future insurability benefit – personal • Financial planning advice benefit • Premium freeze • Interim cover
Extra-cost options available with Basic trauma cover (pages 16 and 17)	<ul style="list-style-type: none"> • Premium waiver option • Accidental death option • Living activities TPD option • Business future cover option • Needlestick cover option • Insured child option

Trauma benefit

We will pay the Trauma benefit as a lump sum if the life insured suffers a specified Trauma during the term of the policy and prior to the Trauma benefit expiry date.

You can choose:

- Basic trauma – 12 covered conditions as outlined in the list *trauma events – basic* on page 53 (Part 2) or
- Extended trauma – 38 covered conditions as outlined in the list *trauma events – extended* on page 54 (Part 2).

Each condition is defined in the Definitions section (Part 2).

From the *policy anniversary* following the life insured's 75th birthday the only insured events which apply are *loss of independence* and *loss of limbs or sight*.

Benefits are not payable for some covered conditions if they arise in the first 90 days after cover begins, is increased (but only in respect of that increase) or reinstated.

Any stand-alone Trauma cover (or any Trauma cover which exceeds Death cover) is not payable unless the life insured survives the occurrence of the specified Trauma for 14 days.

Pages 12 to 14 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Funeral benefit

This benefit only applies if Death cover is not selected.

We will pay a Funeral benefit of \$5,000 if the life insured dies during the term of the policy and he or she does not meet the requirements for a Trauma benefit.

We will not pay the Funeral benefit if:

- you have received a Trauma benefit other than a Partial trauma benefit for the life insured or
- death is the result of suicide within 13 months of the benefit start date or reinstatement of the policy.

Page 13 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Paralysis booster benefit

If we pay a Trauma benefit for paralysis (*diplegia*, *hemiplegia*, *quadriplegia* or *paraplegia*) then we will double the amount of Trauma benefit payable. The maximum 'boosted' Trauma benefit we will pay is \$2,000,000.

Partial trauma benefit (Extended trauma)

This benefit provides a life insured with cover for 10 additional events, as long as his or her Extended trauma benefit amount is \$100,000 or more. The list of conditions covered is set out on page 12 (Part 2) and each condition is defined in the Definitions section (Part 2).

The benefit payable for these conditions is 10 per cent of the Extended trauma benefit, subject to a maximum of \$25,000.

For example, if the Trauma cover is \$100,000 and we pay a benefit for *carcinoma in situ*, the amount payable will be \$10,000 and the Trauma cover will reduce to \$90,000.

A Partial trauma benefit will only be paid once for each event, except for *minimally invasive cardiac surgery – including coronary artery angioplasty* which may be claimed on more than one occasion.

Benefits are not payable for some covered conditions if they arise in the first 90 days after cover begins, is increased (but only in respect of that increase) or reinstated.

Page 12 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Trauma cover exclusions

We will not pay a Trauma benefit where the insured event is a result of intentional self-inflicted act or attempted suicide or any other event or medical condition specified on the Policy schedule.

If you have both Trauma cover and TPD cover and claim for the same insured event under both covers, we will only pay the Trauma benefit, unless the TPD sum insured is higher, in which case we will also pay a TPD benefit of the difference in the sums insured.

Full details of these exclusions are set out on page 12 (Part 2).

What happens to my other benefits if I receive a Trauma benefit?

Once you receive a benefit under your Trauma cover or you receive an advance of your Trauma cover, any TPD cover and any Death cover for the same life insured will be reduced by the amount paid. When 100 per cent of your Trauma benefit has been paid your Trauma benefit will cease.

Refer to pages 19 and 20 for information about reinstating cover after a claim.

Zurich Protection Plus – standard built-in benefits

Built-in benefits Death cover	See pages 11 and 12
Built-in benefits TPD cover	See pages 12 and 13
Built-in benefits Extended trauma cover	See pages 13 and 14
Built-in benefits Basic trauma cover	See pages 13 and 14
Standard built-in benefits included in all Zurich Protection Plus policies (this page)	<ul style="list-style-type: none"> • Inflation protection • Future insurability benefit – personal • Financial planning advice benefit • Premium freeze • Interim cover

The following benefits apply to Death cover, TPD cover and Trauma cover.

Inflation protection

Each year, until the expiry of your policy, we will provide you the opportunity to increase the cover by the greater of 5 per cent and the *consumer price index* to keep up with inflation. This is known as an 'Indexation offer'. Unless you reject the Indexation offer, your *premiums* will increase each year by an extra amount to reflect that change. If you take up the Indexation offer you do not have to provide any further health evidence.

Future insurability benefit – personal

This benefit entitles you to increase your Death cover, TPD cover or Trauma cover prior to the life insured's 55th birthday, without reassessment of his or her health, within 30 days of the events described below.

If the life insured:

- gets married or divorced
- becomes a parent (through birth or adoption of a child)
- becomes a full-time carer
- becomes a widow or widower (through the death of a *spouse*)
- takes out for the first time or increases his/her mortgage on his/her principal place of residence
- takes out for the first time an investment property loan
- has a dependent child start secondary school
- experiences a significant increase in salary.

For the first six months after an increase under this benefit any increased benefit amount is only payable in the event of the life insured's *accidental death* or *accidental injury*.

Pages 13 and 14 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Financial planning advice benefit

We will reimburse you up to \$1,000 towards the cost of financial planning advice required as a result of a payment being made under your policy. You may be asked to provide us with sufficient proof.

Premium freeze

At any policy anniversary, you can choose to freeze your *premium*, in which case the amount you pay will stay the same but the amount of cover will generally decrease each year.

Interim cover

While we are assessing your application, we will provide you with interim cover for up to 90 days against *accidental death* and/or *accidental injury*, depending on the covers you apply for.

The Interim cover certificate on page 54 provides details of the cover provided and the exclusions that apply.

Zurich Protection Plus – optional benefits

Extra-cost options available with all Zurich Protection Plus policies (starts on this page)	<ul style="list-style-type: none"> • Premium waiver option • Accidental death option • Living activities TPD option • Business future cover option • Needlestick cover option • Insured child option
Extra-cost options only available with Death cover (page 18)	<ul style="list-style-type: none"> • Accelerated buy back death option
Extra-cost options only available with TPD cover (page 18)	<ul style="list-style-type: none"> • Double TPD option • Buy back TPD option
Extra-cost options only available with Extended trauma cover (page 18)	<ul style="list-style-type: none"> • Trauma reinstatement option • Double trauma option • Top-up option

You can select from the following **optional** benefits to design a policy that best meets your needs. You will be charged an additional *premium* for each optional benefit you select.

Premium waiver option

This option will refund and then waive *premiums* for a life insured (for all benefits under your policy), while he or she is *totally disabled* prior to age 70. You must pay *premiums* for the first three months while a life insured is *totally disabled*. If the life insured remains *totally disabled*, we will refund those *premiums* and then waive future *premiums*.

In addition, if a life insured is involuntarily unemployed other than as a direct result of *sickness* or *injury*, your policy has been in force for the previous 12 months at the time we receive the claim and the life insured is registered with an employment agency approved by us, we will waive the *premium* for that life insured for up to three months (over the life of the policy).

Page 19 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Accidental death option

We will pay the Accidental death benefit as a lump sum in the event of the life insured's *accidental death* while the policy is in force and before the option ends on the *policy anniversary* following the life insured's 75th birthday.

The minimum Accidental death amount you can apply for is \$50,000 and the maximum is \$1,000,000.

Page 16 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Living activities TPD option

We will pay the Living activities TPD benefit as a lump sum in the event that the life insured:

- suffers a *specific loss* or
- is unable to perform at least two *activities of daily living* or
- suffers cognitive impairment

while the policy is in force and before the option ends on the *policy anniversary* following the life insured's 99th birthday.

The minimum Living activities TPD amount you can apply for is \$50,000 and the maximum depends on whether you have also selected TPD cover (as explained on page 12). The maximum across all of these covers cannot exceed \$5,000,000.

From the *policy anniversary* following the life insured's 64th birthday, the maximum benefit payable across all these covers is \$3,000,000.

Page 16 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions. Refer also to the definition of *total and permanent disablement* on page 53 (Part 2).

Business future cover option

This benefit entitles you to increase your cover each year without reassessment of health. Death cover can be increased prior to the life insured's 65th birthday and TPD and Trauma cover can be increased prior to the life insured's 60th birthday.

When you increase cover under this option the *premium* will increase to reflect the increased benefit.

If the purpose of your policy appearing on your Policy schedule is:

- key person insurance or
- loan/guarantor protection or
- buy-sell/shareholder or partnership protection or
- a combination of the above purposes

and the value of the life insured's interest in the *business* or *loan guarantee* or his/her *value of the key person to the business* increases, this option allows you 30 days to apply to increase your cover without providing further health evidence.

You can choose this option:

- on your Death cover only or
- on all covers applied for (ie. Death, TPD and Trauma cover, as applicable). In this case, when you wish to exercise an increase you can either increase only the Death cover, or you can increase all of your covers. Any covers increased at the same time must be increased proportionally.

Pages 17 and 18 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Needlestick cover option

This option is only available to a life insured who works in an exposure-prone occupation such as a doctor, nurse, pathologist or dentist. Your adviser can help you to determine eligibility.

We will pay the Needlestick cover benefit as a lump sum if the life insured becomes infected with HIV, Hepatitis B or Hepatitis C as a result of an accident occurring during the course of his or her normal occupation and before the option ends on the *policy anniversary* following the life insured's 75th birthday.

Accidents leading to the contraction of HIV, Hepatitis B or Hepatitis C could result from sharps accidents, splash back and inhalation of blood or bone dust which could occur during surgery.

The minimum Needlestick cover amount you can apply for is \$50,000 and the maximum is \$1,000,000 (any multiple of \$50,000 may be selected, up to the maximum). We will only pay an amount under this option once.

Indexation offers will not apply to your Needlestick benefit.

Any accident which could result in a claim must be reported to us as soon as possible. In the event of a claim under this option there is very specific evidence which must be provided.

Page 23 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Insured child option

Under this option, you can insure one or more of the life insured's children who live at the same address as the life insured.

The minimum Insured child benefit amount you can apply for per child is \$10,000 and the maximum is \$500,000 (any multiple of \$10,000 may be selected, up to the maximum).

If an insured *eligible child* suffers one of 18 trauma events, we will pay the Insured child benefit. The list of conditions covered is set out on page 20 (Part 2) and each condition is defined in the Definitions section (Part 2).

If an insured *eligible child*:

- is diagnosed as *terminally ill* or
- dies

we will pay the Insured child benefit, up to a maximum of \$200,000.

We will pay a benefit of \$10,000 if the insured *eligible child* suffers:

- *single loss of limb or eye*
- *severe accident or illness requiring intensive care.*

The Insured child benefit for that *eligible child* is reduced by the payment of this benefit.

If the Insured child benefit is \$200,000 or more, a carer benefit also applies to this option. We will pay \$5,000 per month if the life insured has to stop *full-time paid employment* to care for an insured *eligible child* at home (provided that a trauma payment has not been paid or become payable). The insured *eligible child* must be confined to bed for a minimum of five consecutive days and must be under the regular care of, and following the advice of, a *medical practitioner*. The \$5,000 carer benefit is paid for a maximum of three months over the life of the policy.

Indexation offers will not apply to your Insured child benefit, however you can increase cover by \$10,000 without assessment of health on the insured *eligible child's* 6th, 10th and 14th birthdays, provided total cover does not exceed \$500,000.

When an insured *eligible child* reaches his/her 18th birthday, cover can convert to a new death and trauma cover policy without providing health evidence.

Pages 20 and 21 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Accelerated buy back death option

This option is only available if you select Trauma cover and Death cover for a life insured and allows you to reinstate Death cover 12 months after a Trauma claim (rather than over a period of three years).

This and other reinstatements of cover are all explained together on page 19. Page 20 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Double TPD option

This option is only available if you select Death cover and TPD cover for a life insured and allows you to reinstate Death cover following a TPD claim.

This and other reinstatements of cover are all explained together on page 19. Page 11 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Buy back TPD option

This option is only available if you select Trauma cover and TPD cover for a life insured and allows you to reinstate TPD cover following a Trauma claim.

This and other reinstatements of cover are all explained together on page 19. Page 19 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Trauma reinstatement option

This option is only available if you select Extended trauma cover for a life insured and allows you to reinstate Trauma cover following a Trauma claim or a Partial trauma claim.

This and other reinstatements of cover are all explained together on page 19. Page 22 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Double trauma option

This option is only available if you select Death cover and Extended trauma cover for a life insured and allows you to reinstate Death cover following a trauma claim.

This and other reinstatements of cover are all explained together on page 19. Page 22 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Top-up option

This option increases the amount we will pay if you are eligible to claim a Partial trauma benefit.

The Partial trauma benefit will be increased to 25 per cent of the Trauma sum insured, to a maximum of \$50,000 for *minimally invasive cardiac surgery – including coronary artery angioplasty*.

For example, if your Trauma cover is \$400,000 and we pay you a benefit for *minimally invasive cardiac surgery – including coronary artery angioplasty* the amount payable will be \$50,000 and your Trauma cover will reduce to \$350,000.

For all other Partial trauma conditions, the benefit will be increased to 25 per cent of the Trauma sum insured, to a maximum of \$100,000.

For example, if your Trauma cover is \$400,000 and we pay you a benefit for *carcinoma in situ*, the amount payable will be \$100,000 and your Trauma cover will reduce to \$300,000.

Page 23 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Zurich Protection Plus – buying back cover after a claim

Benefit/option	Available with	What the benefit/option does
Buy back death benefit (after TPD claim)	Death cover & TPD cover	If you make a claim for TPD, your Death cover will be reduced. This benefit reinstates the Death cover after 12 months.
Buy back death benefit (after Trauma claim)	Death cover & Trauma cover	If you make a claim for Trauma, your Death cover will be reduced. This benefit reinstates the Death cover over a period of three years.
Accelerated buy back death option (extra-cost)	Death cover & Trauma cover	If you make a claim for Trauma, your Death cover will be reduced. This option reinstates Death cover after 12 months (ie. speeds up the reinstatement).
Double TPD option (extra-cost)	Death cover & TPD cover	If you make a claim for TPD, your Death cover will be reduced. This option reinstates Death cover after 14 days & waives some premiums.
Buy back TPD option (extra-cost)	TPD cover & Trauma cover	If you make a claim for Trauma, your TPD cover will be reduced. This option reinstates TPD cover over a period of three years.
Trauma reinstatement option (extra-cost)	Extended trauma cover	If you make a claim for Trauma, your Trauma cover will end. This option reinstates Trauma cover after 12 months for conditions not related to the claim.
Double trauma option (extra-cost)	Death cover & Extended trauma cover	If you make a claim for Trauma, your Death cover will be reduced. This option reinstates Death cover after 14 days & waives some premiums.

These benefits and options have been grouped here to help with understanding. They all allow cover to be reinstated after a claim, but each one works differently.

The Inflation protection provisions described on page 15 and the Future insurability provisions described on pages 11 and 15 will not apply to any cover bought back or reinstated under the benefits and options in the summary table on this page.

Buy back death benefit (after TPD claim)

After a TPD benefit payment, Death cover (and any Trauma cover) for the same life insured is automatically reduced by the amount paid. However, you can reinstate (buy back) the Death cover without providing any health evidence, 12 months after payment of the TPD benefit provided the *policy anniversary* following the life insured's 74th birthday has not passed.

We will write and offer you the reinstatement 12 months after payment of the TPD benefit and you will have 30 days to accept our offer.

You cannot buy back any amount paid as a Partial TPD benefit payment.

Page 9 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Buy back death benefit (after Trauma claim)

After a Trauma benefit payment, Death cover (and any TPD cover) for the same life insured is automatically reduced by the amount paid. However, you can reinstate (buy back) the Death cover without providing any health evidence, over a period of three years provided the *policy anniversary* following the life insured's 74th birthday has not passed.

We will write and offer you the reinstatement 12 months after payment of the Trauma benefit and you will have 30 days to accept our offer.

You cannot buy back any amount paid as:

- a 'boosted' benefit (under the Paralysis booster benefit)
- a Partial trauma benefit payment.

Page 9 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Accelerated buy back death option

While the above built-in benefit allows Death cover to be reinstated after a Trauma claim, this extra-cost option allows the reinstatement to happen faster. Death cover can be reinstated (without any health evidence) 12 months after payment of a Trauma benefit.

Page 20 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Double TPD option

After a TPD benefit payment, Death cover (and any Trauma cover) for the same life insured is reduced. However if the Double TPD option applies, once a TPD benefit payment has been paid, Death cover can be reinstated without any health evidence 14 days after payment of the TPD benefit.

Premiums for Death cover equivalent to the amount of the TPD benefit paid will be waived until the Death benefit expiry date.

On the *policy anniversary* following the life insured's 64th birthday, the Double TPD option will cease and your cover will automatically convert to standard TPD cover.

Page 11 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Buy back TPD option

After a Trauma benefit payment, TPD cover (and any Death cover) is reduced for the same life insured. However, you can reinstate (buy back) the TPD cover without providing any health evidence, over a period of three years if the life insured has returned to full-time work in his/her *usual occupation*.

We will write and offer you the reinstatement 12 months after payment of the TPD benefit and you will have 30 days to accept our offer.

You cannot make a claim under your reinstated TPD benefit for the same or related cause under which you received the Trauma benefit.

You cannot buy back any amount paid as:

- a 'boosted' benefit (under the Paralysis booster benefit)
- a Partial trauma benefit payment.

Page 19 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Trauma reinstatement option

This option is only available if you select Extended trauma cover for a life insured and gives you the right to reinstate Trauma cover without providing any health evidence, 12 months after payment of a Trauma benefit provided the *policy anniversary* following the life insured's 74th birthday has not passed.

We will write and offer you the reinstatement 12 months after payment of the Trauma benefit or the Partial trauma benefit and you will have 30 days to accept our offer.

We will not pay a claim under the reinstated Trauma cover if the specified Trauma is a *loss of independence* or is related to the original claim or first arises before the reinstatement.

Page 22 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Double trauma option

This option is only available if you select Extended trauma cover for a life insured.

After a Trauma benefit payment, Death cover (and any TPD cover) for the same life insured is reduced. However if the Double trauma option applies, once a Trauma benefit payment has been paid, Death cover can be reinstated without any health evidence 14 days after payment of the Trauma benefit.

You cannot reinstate any Death cover reduced as a result of a Partial trauma benefit payment.

Premiums for Death cover equivalent to the amount of the Trauma benefit paid will be waived until the Death benefit expiry date. On the *policy anniversary* following the life insured's 64th birthday, the Double trauma option will cease.

Page 22 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Zurich Protection Plus – linked cover in and out of super

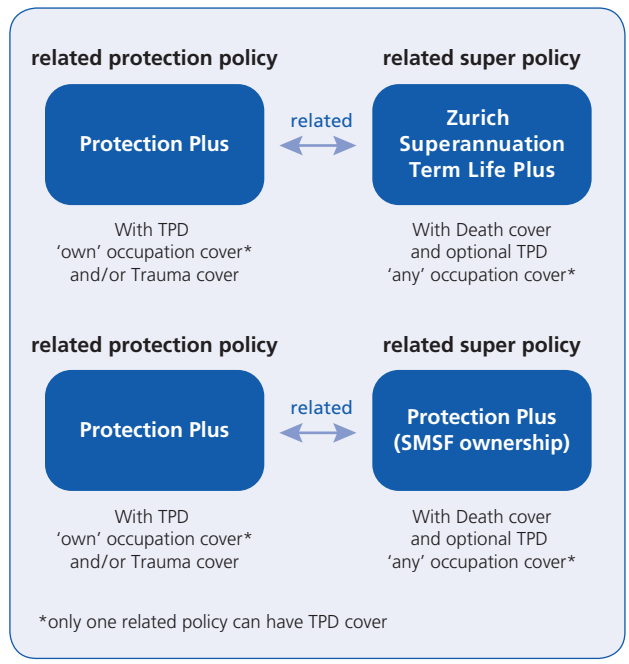

If you wish to link a mixture of super and ordinary benefits, your Protection Plus policy can be related to another Protection Plus policy (owned by the trustee of a SMSF) or a Superannuation Term Life Plus policy (owned by the trustee of the Zurich Master Superannuation Fund).

If you take out cover this way:

- any Death cover must be on your *related super policy*
- you can select optional TPD cover ('any occupation') on your *related super policy* or TPD cover ('own occupation') on your *related protection policy*
- you can select optional Trauma cover on your *related protection policy*.

How policies can be set up

The diagram below shows how related policies can be set up, which covers can be added to each policy and identifies which policy is the *related protection policy* and which policy is the *related super policy*.

Any TPD and Trauma covers must (at all times) be less than or equal to the Death cover on the *related super policy*.

You can only have related policies insuring the same life insured (one life insured only). *Premiums* are separately charged for the related policies but must have the same premium structure (ie. both stepped or level – see pages 45 and 46).

If your *related super policy* is a Superannuation Term Life Plus policy, the *premiums* are contributions to the Zurich Master Superannuation Fund.

When you select more than one core cover on related policies (ie. Death cover, TPD cover, Trauma cover) we will automatically link the covers together. This ensures that you get a cost-effective package of cover, but it also means that a claim on one cover will impact the other/s. Some reinstatement and buy back benefits operate across the two policies.

For example, if you select Death cover (Superannuation Term Life Plus) and Trauma cover (Protection Plus), and you make a claim on your Trauma cover, the Death cover will be reduced by the amount of the Trauma cover claim. While there is a Buy back death benefit which allows the Death cover to be reinstated in the three years following a Trauma cover claim, the Death cover will be reduced for a period of time.

If the *related super policy* terminates, your *related protection policy* will also terminate.

Other special terms and conditions apply if you have related policies which limit and restrict the operation of certain benefits and options. These terms and conditions apply in addition to those explained on pages 6 to 20 which assume you have no related policies.

The additional terms and conditions that will apply to your Protection Plus policy if you have a *related super policy* are explained on page 24 (Part 2). If your Protection Plus policy is related to a Superannuation Term Life Insurance Plus policy, please also read that section of the PDS, starting on page 37. The additional terms and conditions that will apply to your self-managed super fund owned Protection Plus policy are explained on page 25 (Part 2).

Zurich Income Replacement

Cover at a glance

A summary of Zurich Income Replacement is set out on this page. An outline of this cover begins on page 24, while the Policy conditions are in Part 2, starting on page 26.

Description

Zurich Income Replacement is a life insurance product which provides an income benefit if you suffer a loss of income due to sickness or injury. Three levels of cover are available, with each including a range of benefits which are built-in and optional benefits that can be added. Business expenses can be covered under this policy as an extra-cost option.

Built-in benefits	standard	comprehensive	premier
Income benefit – provides an income if you are disabled and suffer a loss of income as a direct result.	✓	✓	✓
Choice of agreed value or indemnity cover.	✓	✓	✓
Waiver of premium – <i>premiums</i> are waived while we are paying your claim.	✓	✓	✓
Inflation protection – cover can increase each year.	✓	✓	✓
Recurrent disability – no <i>waiting period</i> applies if you return to work too soon.	✓	✓	✓
Concurrent disability – if you have <i>sickness</i> and <i>injury</i> , the one which pays the most benefit will apply.	✓	✓	✓
Rehabilitation benefit – extra benefits to help you get back to work sooner.	✓	✓	✓
Funeral benefit – a lump sum to help with immediate expenses is payable on death.	✓	✓	✓
Specified injury benefit – fixed benefits if you suffer from a range of specified injuries.	✓	✓	✓
Interim cover – puts some cover in place as soon as you apply.	✓	✓	✓
Day one partial benefits – you don't have to stop working in the <i>waiting period</i> to be eligible for an <i>income benefit</i> .		✓	✓

Zurich Income Replacement – parameters

The following table sets out some important eligibility and product limit information. When you apply for cover, we will assign you an occupation category (A1, A1M, A2, A3, B1, B2, B3 or SR). Your adviser can help you determine your occupation category.

Parameters which differ by level of cover	standard	comprehensive	premier
Occupation eligibility	Available to all occupation categories (Restrictions apply to the cover available to SR occupations)	Available to all occupation categories, except SR	Available to A1, A1M, A2 and A3 occupation categories
Eligible ages	19 – 48 for benefits to age 55 19 – 53 for benefits to age 60 19 – 59 for all other <i>benefit periods</i> The maximum entry age for SR occupations is 53	19 – 48 for benefits to age 55 19 – 53 for benefits to age 60 19 – 59 for all other <i>benefit periods</i>	
Available <i>waiting periods</i>	All occupations can select from 30, 60 or 90 days All occupations except SR may also select: <ul style="list-style-type: none"> • 14 or 180 days, • 1 or 2 years, or • any number of days nominated between 14 and 90 days 	<ul style="list-style-type: none"> • 14, 30, 60, 90 or 180 days, • 1 or 2 years, or • any number of days nominated between 14 and 90 days 	
Available <i>benefit periods</i>	All occupations can select 1, 2 or 5 years All occupations except SR may also select benefits payable to age 55, 60 or 65	All occupations can select: <ul style="list-style-type: none"> • 1, 2 or 5 years, or • benefits payable to age 55, 60 or 65 A1, A1M, A2 and A3 occupations can also select benefits payable to age 70. Restrictions apply to this benefit period, refer to page 31 (Part 2).	
Offsets Refer to the definition of <i>post-disability income</i> on page 50 (Part 2).	In the event of a claim, we will offset: <ul style="list-style-type: none"> • other disability income policies not disclosed to us at the time of <i>underwriting</i> and • workers' compensation or other legislated benefits (does not apply to A1, A1M or A2 occupations). You can earn up to 10 per cent of <i>pre-disability income</i> in the first three months without any offset.		

Common parameters for standard, comprehensive & premier	
Employment status	You must be working in <i>full-time paid employment</i>
Expiry ages	<ul style="list-style-type: none"> • <i>policy anniversary</i> following 55th birthday for benefits payable to age 55 • <i>policy anniversary</i> following 60th birthday for benefits payable to age 60 • <i>policy anniversary</i> following 65th birthday for benefits payable for 1, 2 and 5 years and for benefits payable to age 65 • <i>policy anniversary</i> following 70th birthday for benefits payable to age 70 The expiry age for SR occupations is <i>policy anniversary</i> following 60th birthday
Minimum <i>premium</i>	\$200 per year excluding fees and charges
Cover available	Minimum \$1,500 per month (subject to your income) SR occupations can apply for a maximum of \$10,000 per month.

(continued next page)

Zurich Income Replacement – parameters

(continued)

Premium options	<p>Stepped <i>premiums</i> increase each year based on the rates applicable for your age at that time.</p> <p>Level <i>premiums</i> are based on your age when your cover starts.</p> <p>You can either select one premium structure, or you can split your <i>premium</i> to allow both structures, in the proportion that you choose.</p> <p>Refer to pages 45 and 46.</p>
How <i>premiums</i> are calculated	<p><i>Premiums</i> are based on your cover amount, <i>level of cover</i>, options chosen (including whether you select stepped or level), frequency of payments, current age, gender and smoking status. Your circumstances including state of health, occupation and pastimes will also be included as will any state or federal taxes. Stamp duty will be added to your <i>premium</i>. Refer to pages 45 and 46.</p>
Exclusions	<p>There are certain circumstances under which benefits will not be paid. There are limitations and restrictions on when some benefits may be payable. Any such limitation or restriction will be detailed in the Policy conditions. Refer to pages 26 to 35 (Part 2).</p>
Unemployment and employment breaks	<p>Generally, cover can continue during short periods of unemployment, however, after 12 months of unemployment, cover will either be limited or, for SR occupations, cover will end. Refer to page 47.</p>
Additional information	<p>The Additional information section of this PDS, starting on page 45, provides useful information about this policy, including details about the Management fee, stamp duty, taxation, our complaints handling procedure and our privacy provisions. It also tells you how to make a claim.</p>
Policy conditions	<p>When cover is issued, you will receive a Policy schedule that sets out the particular details of your policy (including: levels of cover, options selected and details of the policy owner and life insured). The Policy conditions (Part 2) will form part of your policy with us, and you should keep them in a safe place.</p>

Zurich Income Replacement – overview

The Zurich Income Replacement policy pays you, after the expiry of the *waiting period*, an income while you are disabled and suffer a loss of income because of that disability.

The *waiting period* is the number of days that you need to qualify for the *income benefit* before being eligible for payment. The *benefit period* is the maximum period we will pay *income benefits* for when you suffer from the same or a related *sickness or injury*. We pay a proportion of the *income benefit* twice monthly with the first payment due 15 days after the expiry of the nominated *waiting period*.

Agreed value or indemnity

You can choose to apply for cover which is agreed value or indemnity. If you choose indemnity, the cost of cover will be lower but your benefits will generally be capped at 75 per cent of the income you were receiving immediately before any claim. The example calculations on page 29 explain how this works. Refer to page 51 (Part 2) for information on how we calculate *pre-disability income*. Your adviser can help you to determine which cover best suits your individual circumstances.

Levels of cover

You can also choose the level of cover to best fit your needs and budget. Three levels of cover are available to choose from:

- premier
- comprehensive
- standard

The tables on pages 22 and 23 provide a snapshot of the different levels of cover. The tables outline the built-in benefits, extra-cost options, cost-reducing option and product parameters, to show which features differ, depending on the level of cover you select.

Who can be covered?

This policy is generally available to people between the ages of 19 and 59 who are working full-time. However, certain age restrictions apply to certain *benefit periods*: for benefits payable to age 55 the maximum entry age is 48, for benefits payable to age 60 the maximum entry age is 53. For occupations categorised as SR, the maximum entry age is 53.

The availability of cover also depends on the life insured's occupation and state of health. Some optional benefits are restricted to certain occupations. Your adviser can help you to determine your eligibility.

Policy ownership

In most cases, the policy owner and the life insured must be the same person. However, there are exceptions. These include:

- companies – which may purchase this insurance for an owner or major shareholder who is personally responsible for generating income and
- trustees of family trusts or partners in an unincorporated partnership running a family business – which may purchase the insurance for people responsible for generating income.

Because the policy owner and the life insured are generally the same for Income Replacement, in this section of the PDS, 'you' means the life insured (who is generally also the policy owner).

How much cover can I apply for?

The minimum *insured monthly benefit* you can apply for is \$1,500 per month subject to a minimum annual *premium* of \$200 (excluding the Management fee and any government charges). The maximum benefit you can apply for will depend on your income. Generally, you can insure up to 75 per cent of your *average monthly pre-tax income*.

For example if your income (according to our definition) is \$4,000 per month, you can insure up to \$3,000 per month.

For occupations categorised as SR, a \$10,000 per month limit will apply.

In determining your total benefit we will add together your *insured monthly benefit* and the super contributions monthly benefit amount (if applicable).

Your adviser can help you to determine the appropriate amount of cover.

Can I increase my cover?

Subject to our reassessment of your personal circumstances, you may apply to increase your cover up until the expiry of your policy.

When will my cover expire?

Once your application has been accepted and provided you pay your *premiums* as due (refer to page 46), we guarantee that we will renew your policy every year up until the *policy anniversary* following:

- your 55th birthday where you have selected benefits payable to age 55
- your 60th birthday where you have selected benefits payable to age 60 (and for all policies insuring SR occupations)
- your 70th birthday where you have selected benefits payable to age 70 and
- your 65th birthday for all other *benefit periods*

regardless of any changes in your health or other circumstances. Unless otherwise stated, optional benefits will expire at the same time as the policy to which they are attached (refer to the relevant optional benefit descriptions on pages 33 to 36).

Refer to page 47 for details of what will happen if you become unemployed.

If you select benefits payable to age 70, benefits will reduce after the *policy anniversary* following your 65th birthday. Refer to page 31 (Part 2).

Extending cover (if you have the 'to age 65' benefit period and continue working)

On the *policy anniversary* following your 65th birthday, you can extend your cover on a limited basis, up to the *policy anniversary* following your 70th birthday, if you are still working in paid employment for more than 30 hours per week. You must apply to us at least 60 days before your cover would otherwise end (shown on your Policy schedule). The extended cover will be indemnity. You should consult your adviser for information regarding this extension of cover.

The *benefit period* on extended cover is one year and an *income benefit* will only be payable where there is no *post-disability income* (ie. no partial benefits are payable).

Page 31 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

What choice of waiting periods is available?

You can select from the following *waiting periods*:*

- 14, 30, 60, 90 or 180 days
- 1 or 2 years
- any number of days you nominate between 14 and 90 days.

*For SR occupations you can select 30, 60 or 90 days only.

You may choose to split your *waiting period* which means you can have different *waiting periods* for two portions of your Income benefit.

If you include the Business expenses option in your policy, you can choose from the following *waiting periods* for that option:

- 14, 30, 60 or 90 days.

Waiting period flexibility with employment related salary continuance

If you choose a 2 year *waiting period* because you have employment related salary continuance, we may allow a reduction in your *waiting period* if you change employer and salary continuance cover is not provided by your new employer.

To be eligible to make this change to your *waiting period*, you must:

- be in *full-time paid employment* (more than 26 hours per week) in the same occupation/industry
- apply to us within 30 days of ceasing employment with previous employer
- attach a letter of appointment from your new employer or a payslip outlining salary and breakdown of any fringe benefits to support the existing monthly benefit.

You cannot apply to make this change if you:

- have any ownership or financial interest in your employer's business
- have already reached the *policy anniversary* prior to the benefit expiry date
- are currently claiming disability benefits or have claimed disability benefits any time in the last 12 months
- have salary continuance cover with your new employer.

What choice of benefit periods is available?

You can select from the following *benefit periods*:*

- 1, 2 or 5 years
- to the *policy anniversary* following your: 55th, 60th, 65th or 70th birthday.

*For SR occupations you can select 1, 2 or 5 years only.

What happens if I am eligible for more than one benefit at a time?

There are some benefits which will not be paid simultaneously. Refer to page 30 (Part 2) for full details.

What exclusions apply?

We will not pay for *sickness* or *injury* occurring as a direct or indirect result of:

- an intentional self-inflicted act or
- attempted suicide or
- *uncomplicated pregnancy or childbirth* or
- elective surgery or donor transplant surgery (unless the surgery occurs after the specified times – refer to page 30 of Part 2) or
- an act of war (whether declared or not).

If you select the Mental disorder discount option (refer to page 36) we will not pay a claim resulting from any *mental disorder*.

Zurich Income Replacement – the Income benefit

The Income benefit is the core benefit provided by Zurich Income Replacement which pays a benefit if you suffer a loss of income and are under the care of a doctor due to a *sickness* or *injury*. Even though it is the name of a benefit, 'Income benefit' is also a Defined term which appears in italics throughout this section.

Pages 26 to 31 (Part 2) explain the terms and conditions of this benefit and other benefits which are built-in to the policy (depending on your level of cover), including any limits and exclusions.

Qualifying for an Income benefit

To be eligible for an *income benefit*, you must be under the regular care of, and following the advice of, a *medical practitioner*.

We will pay you an *income benefit* after the expiry of the *waiting period* if, solely as a result of a *sickness* or *injury*, until the expiry of the *waiting period*:

- your *pre-disability income* from your *usual occupation* has reduced by 20 per cent or more or
- you are unable to perform one or more *income producing duties* of your *usual occupation* or
- you are unable to perform the *income producing duties* of your *usual occupation* for more than 10 hours per week.

When will payments commence?

- if you have premier or comprehensive cover, payments will commence as soon as you meet the qualifying criteria above (ie. it is possible to claim what is commonly known as a 'day one partial' benefit)
- if you have standard cover, in addition to the qualifying criteria above, you must stop working for a period of at least 14 days during the *waiting period*.

If you are not earning any income

(this is commonly known as being totally disabled)

If, at the expiry of the *waiting period*, you have no *post-disability income* or are working for 10 hours or less per week solely as a result of a *sickness* or *injury* then we will pay you:

- agreed value: the *insured monthly benefit*
- indemnity: the lesser of the *insured monthly benefit* and 75 per cent of your *pre-disability income*.

The *insured monthly benefit* is the amount of benefit you initially apply and are accepted for plus indexation increases (if any).

You can work for up to 10 hours per week and still claim the maximum *income benefit* available under your policy, so that you can check on your business while you are suffering from *sickness or injury*.

If you are still earning income

(this is commonly known as being partially disabled)

If, at the expiry of the *waiting period*, you have *post-disability income* then the *income benefit* we will pay will be proportionate to your loss and calculated on a monthly basis using the following formula:

$$\frac{\text{pre-disability income} - \text{post-disability income}}{\text{pre-disability income}} \times \text{insured monthly benefit}$$

If you select indemnity cover your benefit will be capped so that the amount we pay you does not exceed 75 per cent of your *pre-disability income*.

However, for the first three months that you are receiving an *income benefit*, if your *post-disability income* is 10 per cent or less of your *pre-disability income*, we will pay you an *income benefit* as if you were not earning any income, ie.

- agreed value: the *insured monthly benefit*
- indemnity: the lesser of the *insured monthly benefit* and 75 per cent of your *pre-disability income*.

How long will the Income benefit be paid?

We will continue to pay you the *income benefit* until any one of the following events occurs:

- the *sickness or injury* giving rise to the claim does not prevent you from earning your *pre-disability income* from personal exertion from your *usual occupation*
- the *benefit period* ends
- your cover expires
- your death
- you are no longer under the regular care of a *medical practitioner* for treatment of the *sickness or injury*
- you are not following the treatment recommended by a *medical practitioner*.

Examples

When you are not earning any income

Example 1:

Assuming an *insured monthly benefit* of \$3,000 and a *pre-disability income* of \$4,000, the *income benefit* is the *insured monthly benefit* of \$3,000 regardless of whether the cover is agreed value or indemnity.

Example 2:

Assuming an *insured monthly benefit* of \$4,000 and a *pre-disability income* of \$4,000, the *income benefit* is:

agreed value:

the *insured monthly benefit* = \$4,000

indemnity:

the lesser of the *insured monthly benefit* and 75 per cent of your *pre-disability income* = \$3,000

When you are still earning income

Example 3:

Assuming an *insured monthly benefit* of \$3,000, a *pre-disability income* of \$4,000 (and because of your *sickness or injury* you are only generating 25 per cent of your *pre-disability income*), the *income benefit* would be:

agreed value & indemnity:

$$\frac{\$4,000 - \$1,000}{\$4,000} \times \$3,000 = \$2,250$$

Example 4:

Assuming an *insured monthly benefit* of \$4,000, a *pre-disability income* of \$4,000 (and because of your *sickness or injury* you are only generating 15 per cent of your *pre-disability income*), the *income benefit* would be:

agreed value:

$$\frac{\$4,000 - \$600}{\$4,000} \times \$4,000 = \$3,400$$

indemnity:

Capped at 75 per cent of *pre-disability income* = \$3,000

Zurich Income Replacement – other built-in benefits

Built in benefits (starts on this page)	<ul style="list-style-type: none">• Waiver of premium• Inflation protection• Recurrent disability• Concurrent disability• Rehabilitation benefit• Specified injury benefit• Funeral benefit• Interim cover• Confined to bed benefit• Special care benefit• Family support benefit• Trauma benefit
---	--

The benefits explained in this section are automatically built-in but only for the level/s of cover indicated beneath each heading.

Waiver of premium

(standard/comprehensive/premier)

During any periods when *income benefits* or Specified injury benefits are payable, all *premiums*, except those for the Spouse cover option, will be waived or refunded. Further, *premiums* paid in respect of the *waiting period* will be refunded if your completed claim form is received within 30 days from the start of your disability and we pay you *income benefits*.

Inflation protection

(standard/comprehensive/premier)

Each year, until the expiry of your policy, we will provide you the opportunity to increase your cover by the increase in the *consumer price index* to keep up with inflation. This is known as an 'Indexation offer'. Unless you reject the Indexation offer, your *premiums* will increase each year by an extra amount to reflect that change. If you take up the Indexation offer you do not have to provide any further health evidence.

Indexation increases will apply automatically while you are entitled to make a claim.

If you select indemnity cover, *income benefits* will be limited to 75 per cent of your *pre-disability income*. Therefore to avoid paying unnecessary *premiums* you should reject any Indexation offer that would take you beyond 75 per cent of your average monthly *pre-tax income*.

Recurrent disability

(standard/comprehensive/premier)

If your disability recurs from the same or related cause within 12 months of you returning to work, (six months for SR occupations), the claim will be treated as a continuation of the same claim and a new *waiting period* will not apply. We will start paying the benefit for the balance of the *benefit period* (if any) immediately.

If your disability recurs from the same or related cause later than 12 months after you return to work, (six months for SR occupations), *income benefits* will only be payable after expiry of a further *waiting period* and for no longer than the balance, if any, of the *benefit period*.

If you have employment related salary continuance:

If you take out this policy with a 2 year *waiting period*, and you are also covered by employment related salary continuance which has a 2 year *benefit period*, we will use the original start date of the salary continuance claim to calculate your *waiting period*, excluding any periods where you have returned to work under recurrent disability provisions in the salary continuance policy.

Concurrent disability

(standard/comprehensive/premier)

If more than one separate and distinct *sickness* or *injury* resulted in your disability, you will not be paid the *income benefit* twice. Instead, payments will be based on the policy condition that provides the highest benefit. This ensures that you receive the maximum you are eligible for.

Rehabilitation benefit

(standard/comprehensive/premier)

This benefit is designed to help with the cost of returning to gainful employment by reimbursing rehabilitation expenses. It also pays an additional amount while you are on an approved *rehabilitation program*.

If you have qualified for an *income benefit* or Specified injury benefit, or if you are still in the *waiting period* but would otherwise qualify for an *income benefit*, we will pay the following benefits (provided you obtain our written approval before incurring the expenses):

- if your workplace needs modification, we will reimburse up to three times your *income benefit* for modification expenses
- if you take part in a *rehabilitation program*, we will pay an additional 50 per cent of your *income benefit* each month, while you are on the program, for up to 12 months
- we will reimburse up to twelve times your *income benefit* to cover the expenses of rehabilitating yourself. This benefit does not cover health costs which are typically covered by Medicare or private health insurance.

Specified injury benefit

(standard/comprehensive/premier)

We will pay you this benefit if you suffer a specified injury such as:

- *quadriplegia, paraplegia, hemiplegia or diplegia*
- total and permanent loss of use of limbs or sight or
- a specified *fracture*

as set out in the Specified injury table on page 28 (Part 2).

The table sets out the number of months that we will pay you a benefit for each specified injury.

The *waiting period* does not apply to this benefit and you do not have to qualify for the *income benefit* for this benefit to be paid.

The amount we will pay you each month will be:

- agreed value: the *insured monthly benefit*
- indemnity: the lesser of the *insured monthly benefit* and 75 per cent of your *pre-disability income*.

We will not pay you for more than one specified injury per claim, and benefit payments will cease on your death.

We won't pay this benefit at the same time as an *income benefit*, however you may be eligible for an *income benefit* (for the remaining balance of your *benefit period*) if you are

still disabled when this benefit ends. Certain other benefits are also not payable for the same period, refer to More than one benefit at a time on page 30 (Part 2).

Funeral benefit

(standard/comprehensive/premier)

If you die while your policy is in force we will pay a lump sum of three times your *insured monthly benefit*.

If you have other income policies with Zurich which include a funeral benefit, we will only pay this benefit once.

Interim cover

(standard/comprehensive/premier)

While we are assessing your application, we will provide you with interim cover for up to 90 days against *accidental injury*.

The Interim cover certificate on page 54 provides details of the cover provided and the exclusions that apply.

Confined to bed benefit

(comprehensive/premier)

If you are *confined to bed* for more than two consecutive days during the *waiting period* and unable to earn any personal exertion income because of *sickness or injury*, we will pay this benefit.

The amount we will pay is:

- agreed value: the *insured monthly benefit*
- indemnity: the lesser of the *insured monthly benefit* and 75 per cent of your *pre-disability income*.

We will pay 1/30th of the Confined to bed benefit for each day that you are disabled during the *waiting period*, to a maximum of 180 days.

For example, if your *income benefit* is \$3,000 per month, we will pay \$100 per day for each day that you qualify for this benefit during the *waiting period*.

Certain other benefits are not payable for the same period, refer to More than one benefit at a time on page 30 (Part 2).

Special care benefit (comprehensive/premier)

While we are paying you an *income benefit*, a Specified injury benefit, a Day 4 accident benefit or a Confined to bed benefit, you may be eligible to claim one of the following additional amounts:

Family assistance – we will pay an additional benefit of the lesser of your *income benefit* or \$2,500 per month for up to six months if a *direct family member* has to stop full-time work to care for you at home because of your *sickness or injury*.

Care – if you are dependent on the care of a *nurse* or a *personal care attendant* at home because of your *sickness or injury*, we will pay an additional benefit of \$150 per day for up to six months.

Accommodation & travel – if your *sickness or injury* keeps you more than 100km away from home, we will reimburse accommodation and travel costs for you and for a *direct family member* who has to stay with you. We will reimburse up to \$250 per day for up to 30 days in any 12 month period for accommodation and up to \$500 for travel costs (excluding ambulance costs).

Relocation – if you qualify for an *income benefit* because of a *sickness or injury* while you are overseas, and you choose to return to Australia, we will pay for your airfare and for the airfare of a *direct family member* travelling with you (less any reimbursement from another source). The maximum we will pay is:

- agreed value: three times the *insured monthly benefit*
- indemnity: three times the lesser of the *insured monthly benefit* and 75 per cent of your *pre-disability income*.

The Special care benefit is payable only once in relation to the same or related cause.

Pages 28 and 29 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Family support benefit (premier)

If you die while you are receiving an *income benefit* we will continue to pay your *spouse* the *income benefit* for up to 12 months after your death.

The benefit will only be paid to your *spouse* for the balance of the *benefit period* and will cease if:

- the benefit expiry date is reached or
- your *spouse* dies.

Your *spouse* will receive the same *income benefit* that you would have otherwise received if still living for a further 12 months.

For example, if your policy includes the Increasing claims option, the amount paid to your *spouse* will increase each quarter, in line with that option.

This benefit will not apply if you select the Family care option. Refer to page 34 for information about the Family care option.

Trauma benefit (premier)

This benefit is only available to policies with *waiting periods* of 90 days or less.

If you suffer one of the 38 specified Trauma conditions in the *trauma events – extended* list on page 54 (Part 2) and survive for at least 14 days, we will pay a Trauma benefit to you for a period of six months. This benefit will be paid in advance.

The amount we will pay you for each month will be:

- agreed value: the *insured monthly benefit*
- indemnity: the lesser of the *insured monthly benefit* and 75 per cent of your *pre-disability income*.

The *waiting period* does not apply to this benefit and you do not have to qualify for the *income benefit* for this benefit to be paid.

Each condition is defined in the Definitions section (Part 2).

Benefits are not payable for some covered conditions if they arise in the first 90 days after cover begins, is increased (but only in respect of that increase) or reinstated. Further, only one claim can be made for each event and conditions apply to subsequent claims, refer to page 30 (Part 2).

Unless you also select the Trauma option (refer to page 36), we won't pay the *income benefit* in respect of the same six month period. However you may be eligible for an *income benefit* (for the remaining balance of your *benefit period*) if you are still disabled at the end of the six month period. Certain other benefits are also not payable for the same period, refer to More than one benefit at a time on page 30 (Part 2).

Zurich Income Replacement – optional benefits (extra-cost and cost reducing)

Extra-cost options (starts on this page)	<ul style="list-style-type: none"> • Increasing claims option • Super contributions option • Business expenses option • Lump sum accident option • Family care option • Spouse cover option • Severe disability option • Day 4 accident option • Booster option • Future insurability option • Trauma option • Needlestick cover option
Reduced-cost option (page 36)	<ul style="list-style-type: none"> • Mental disorder discount option

You can select from the following **optional** benefits to design a policy that best meets your needs. You will be charged a *premium* for each optional benefit you select from this section (except for the Mental disorder discount option).

Level of cover does not restrict access to options – **all** options are available, regardless of your choice of standard, comprehensive or premier.

Increasing claims option

While you are on claim, the *income benefit* will be increased after each three continuous months of *income benefit* payments by the percentage increase in the *consumer price index* for the previous quarter.

For example, if your *income benefit* is \$3,000 per month, and the increase for the quarter in the *consumer price index* is one per cent, then your *income benefit* will increase to \$3,030.

Super contributions option

This option allows you to insure your regular superannuation contributions on top of your *insured monthly benefit* so that your superannuation will continue to accumulate while you are unable to work due to *sickness* or *injury*.

You can insure 100 per cent of the average monthly super contributions made by you or your employer in the 12 months before your application however, the super contributions monthly benefit is capped at 15 per cent of your *average monthly pre-tax income*.

If you select this option then your superannuation contributions cannot be included in your *average monthly pre-tax income* when determining your *insured monthly benefit* at application.

For example: if you are earning an annual salary package of \$50,000 which includes \$4,500 in superannuation, you can apply for either:

- An *insured monthly benefit* of \$3,125 (75 per cent of \$50,000) or
- An *insured monthly benefit* of \$2,844 (75 per cent of \$45,500) **and** a super contributions monthly benefit of \$375 per month (100 per cent of \$4,500). This provides a combined total benefit of \$3,219.

The super contributions monthly benefit, or a proportion thereof, is payable when you are receiving an *income benefit*, Specified injury benefit, Confined to bed benefit, or Day 4 accident benefit. Inflation protection, the Increasing claims option and the Future insurability option apply to the Super contributions option.

The amount payable will be:

Agreed value – the super contributions monthly benefit multiplied by the proportion of the *insured monthly benefit* you are receiving as an *income benefit*, Specified injury benefit, Confined to bed benefit, Day 4 accident benefit or Trauma benefit.

Using the same example as above, if your *insured monthly benefit* is \$2,844 and you are receiving an *income benefit* equal to 50 per cent of your *insured monthly benefit* (\$1,422) then we will pay 50 per cent of the super contributions monthly benefit (\$187.50) while you continue to receive the *income benefit*.

Indemnity – the super contributions monthly benefit multiplied by the proportion of the *insured monthly benefit* you are receiving as an *income benefit*, Specified injury benefit, Confined to bed benefit, Day 4 accident benefit or Trauma benefit subject to a maximum of the actual average monthly super contributions you or your employer made in the 12 months preceding your claim.

For example, if you are receiving an *income benefit* equal to 100 per cent of your *insured monthly benefit* then we will pay you the lesser of 100 per cent of the super contributions monthly benefit and the actual average monthly super contributions you or your employer made in the 12 months preceding your claim, while you continue to receive an *income benefit*.

Page 31 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

This benefit counts as part of your income for tax purposes. We pay the entire benefit to the fund you nominate and do not deduct or withhold tax from it. Refer to the Taxation information on page 49.

Business expenses option

The Business expenses option is designed for people who own and operate small businesses which will be directly and seriously affected by their disability. Typically it is suitable where there are less than five income producing employees or less than a total of 10 employees. Your adviser can help you to determine your eligibility.

You can insure up to 100 per cent of your monthly *eligible business expenses* averaged over the previous 12 months. The minimum Business expenses benefit you can apply for is \$1,500 per month.

You will be eligible for the Business expenses benefit when you are receiving an *income benefit* or a Specified injury benefit (or when you would otherwise qualify for these benefits except that the *waiting period* on this option is shorter than that of the *income benefit*). The benefit we pay each month will be the lesser of:

- the monthly Business expenses benefit and
- your actual *eligible business expenses* incurred in that month.

The *benefit period* is 12 months, however, there is a provision for fluctuating expenses, which will allow the *benefit period* to be extended by up to 12 months if the Business expenses benefit paid over 12 consecutive months does not add up to 12 times the monthly Business expenses benefit.

Inflation protection, Waiver of premium and Recurrent disability provisions apply to the Business expenses option.

Page 32 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Lump sum accident option

We will pay you a percentage of your Lump sum accident amount, as a lump sum, if an *injury* results in:

- your death or
- the total and permanent loss of use of limbs or sight

as set out in the Lump sum accident table on page 33 (Part 2) provided *injury* occurs within 180 days of the accident.

The table sets out the percentage of the Lump sum accident benefit that we will pay for a claim under this option. Once we pay an amount under this option, the option ends.

The minimum Lump sum accident amount you can apply for is \$50,000 and the maximum is \$250,000. The amount you select will be shown on your Policy schedule.

Family care option

If you die while you are receiving an *income benefit* we will continue to pay your *spouse* the *income benefit* for up to five years after your death.

The benefit will only be paid to your *spouse* for the balance of the *benefit period* and will cease if:

- the benefit expiry date is reached or
- your *spouse* dies.

Your *spouse* will receive the same *income benefit* that you would have otherwise received if still living for a further five years. For example, if your policy includes the Increasing claims option, the amount paid to your *spouse* will increase each quarter, in line with that option.

Spouse cover option

Spouse cover recognises the important contribution made to family lifestyle by a *spouse* who is not in paid work. This option is available if your *spouse* is working part-time (up to 26 hours a week) or carrying out domestic duties full-time.

If your *spouse* is:

- unable, because of *sickness or injury*, to perform their daily domestic duties for longer than the Spouse cover *waiting period* (60 or 90 days) and
- a *medical practitioner* confirms the need for domestic help for your *spouse*

we will reimburse:

- up to \$700 a month towards fees paid for domestic duties such as cooking, cleaning and home nursing care and
- up to \$1,300 a month towards child care costs for children under 12 years.

The *benefit period* which will apply to your *spouse* will be the same as yours. We won't reimburse expenses after the benefit expiry date or after this option ends (on the *policy anniversary* following your *spouse's* 60th birthday).

Rehabilitation expenses

If you are eligible to receive a Spouse cover benefit we will also pay the following benefits (provided you obtain our written approval before incurring the expenses):

- if your home needs modification for your *spouse* to return to carrying out domestic duties, we will reimburse up to \$6,000 for modification expenses
- if your *spouse* takes part in a *rehabilitation program* for up to 12 months following the *waiting period*, we will pay you up to \$1,000 each month while your *spouse* is on the program
- we will reimburse up to \$12,000 to cover the expenses of rehabilitating your *spouse*. This benefit does not cover health costs which are typically covered by Medicare or private health insurance.

This benefit is payable when your *spouse* has qualified for a Spouse cover benefit, or within the *waiting period* if he/she would otherwise qualify for a Spouse cover benefit.

The standard exclusions which apply to you under this policy also apply to your *spouse* under this option. In addition, a *mental disorder* exclusion always applies to the Spouse cover option.

Page 35 (Part 2) explains the terms and conditions of this benefit, including full details of these exclusions.

Severe disability option

If, while we are paying you an *income benefit* or Specified injury benefit, you have been continuously unable to perform at least two *activities of daily living* for more than three months of your disability, we will increase your benefit by one third while this condition continues.

This benefit is payable until the end of your *benefit period*.

For example, if your *income benefit* is \$3,000 per month, and you meet the requirements of this option, we will increase your monthly benefit to \$4,000 per month while you continue to meet the requirements.

Day 4 accident option

This option is only available for policies with *waiting periods* of 90 days or less.

If you are disabled for more than three consecutive days during the *waiting period* as an immediate consequence of an *accidental injury*, your *pre-disability income* has reduced by 20 per cent or more, and you are not working in any occupation due to that *accidental injury*, we will pay you 1/30th of the *income benefit* for each day of the *waiting period* that you are disabled due to *accidental injury*.

This benefit is not payable if you are eligible for certain other benefits. Refer to More than one benefit at a time on page 30 (Part 2).

For example, if your *income benefit* is \$3,000 per month, we will pay \$100 per day for each day that you qualify for this benefit during the *waiting period*.

Booster option

Under this option, if you are disabled and we are paying you the maximum *income benefit* available under your policy, we will increase your *income benefit* by one third for the first 30 days.

For example, if your *income benefit* is \$3,000 per month, and you meet the requirements of this option, we will increase your monthly benefit to \$4,000 for the first 30 days.

Future insurability option

You can increase your *insured monthly benefit* (and any super contributions monthly benefit) by up to 20 per cent on every third *policy anniversary*, without us reassessing your personal circumstances. You must tell us in writing that you want to make the increase no more than 30 days after the relevant *policy anniversary*. The increase cannot be made if:

- you are over age 55
- you have made a claim in the last six months
- after the increase, your *insured monthly benefit* will be more than 75 per cent of your average monthly *pre-tax income* at that date or
- after the increase, your super contributions monthly benefit will be more than the actual average monthly super contributions you or your employer made in the preceding 12 months (indemnity only).

For example, if your *insured monthly benefit* is \$4,000, after three years you can use this option to increase your *insured monthly benefit* to \$4,800.

Trauma option

We will pay you an additional benefit while you are receiving a benefit under your policy if you:

- die after the *waiting period* or
- suffer one of the 38 specified Trauma conditions in the *trauma events – extended* list on page 54 (Part 2) and survive for at least 14 days.

The benefit payable on your death is a lump sum equal to three times the *insured monthly benefit*.

If you suffer a specified trauma and you have standard or comprehensive cover, we will double the *income benefit* we pay you for up to six months.

If you suffer a specified trauma and you have premier cover, we will pay an amount equal to the *income benefit* for up to six months (in addition to the Trauma benefit, if payable, which is explained on page 32).

Each Trauma condition is defined in the Definitions section (Part 2).

Benefits are not payable for some covered conditions if they arise in the first 90 days after cover begins, is increased (but only in respect of that increase) or reinstated. Further, only one claim can be made for each event. More information about this is on page 33 (Part 2).

Needlestick cover option

This option is only available if you work in an exposure-prone occupation such as a doctor, nurse, pathologist or dentist. Your adviser can help you to determine your eligibility.

We will pay the Needlestick cover benefit as a lump sum if you become infected with HIV, Hepatitis B or Hepatitis C as a result of an accident occurring during the course of your normal occupation. We will only pay an amount under this option once.

Accidents leading to the contraction of HIV, Hepatitis B or Hepatitis C could result from sharps accidents, splash back and inhalation of blood or bone dust which could occur during surgery.

The minimum Needlestick cover amount you can apply for is \$50,000 and the maximum is \$1,000,000 (any multiple of \$50,000 may be selected, up to the maximum).

Indexation offers will not apply to your Needlestick benefit.

Any accident which could result in a claim must be reported to us as soon as possible. In the event of a claim under this option there is very specific evidence which must be provided.

Page 34 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Mental disorder discount option

If you select this option you will not be eligible to receive any benefits for a *mental disorder*.

This includes, but is not limited to, stress (including post traumatic stress), physical symptoms of a psychiatric illness, anxiety, depression, psychoneurotic, psychotic, personality, emotional or behavioural disorders or disorders related to substance abuse and dependency which includes alcohol, drug and chemical abuse dependency.

The full definition of *mental disorder* is set out on page 49 (Part 2).

You are not eligible to apply for this option if you have a history of any of the above conditions.

Once you have selected this option it cannot be removed for the life of your policy.

Zurich Superannuation Term Life Plus

Cover at a glance

A summary of Zurich Superannuation Term Life Plus is set out on this page. An outline of this cover begins on the next page, while the Policy conditions are in Part 2, starting on page 36.

Description

Zurich Superannuation Term Life Plus is a risk only superannuation product. Once your application has been accepted you will have an interest in the Zurich Master Superannuation Fund (the Fund), supported by a life insurance policy issued by Zurich Australia Limited. Under the rules of the Fund, your dependants may receive a lump sum benefit on your death. Zurich Superannuation Term Life Plus includes standard and optional benefits. It does not contain an investment component. There may be tax advantages to pay life insurance premiums through superannuation but there are also restrictions on benefits being paid under superannuation law and there may be tax implications upon payment. Your adviser can help you to determine whether this is an appropriate product to meet your needs.

Standard built-in benefits	Extra-cost options
<ul style="list-style-type: none">• Death benefit – a lump sum payment on death.• Terminal illness benefit – an advance payment of the Death benefit on <i>terminal illness</i>.• Advancement for funeral expenses – an advance payment to cover expenses.• Buy back death benefit (TPD) – Death cover can be reinstated following a TPD claim.• Future insurability benefit – increases cover without <i>underwriting</i> at certain times.• Inflation protection – cover can increase every year.• Financial planning advice benefit – reimburses the cost of advice.• Premium freeze – freeze the amount you pay by reducing your cover.• Interim cover – puts some cover in place as soon as you apply.	<ul style="list-style-type: none">• TPD option – a lump sum payment on your <i>total and permanent disablement</i>.• Double TPD option – Death cover can be reinstated after a TPD claim.• Premium waiver option – pays <i>premiums</i> if you are disabled and cannot work.• Accidental death option – extra cover for death due to accident.• Business future cover option – increases cover without health evidence each year.

Zurich Superannuation Term Life Plus – parameters

The following table sets out some important eligibility and product limit information:

Eligible ages	<ul style="list-style-type: none"> • Death cover: 15 – 69 • TPD option: 19 – 59 • Accidental death option: 19 – 64
Other eligibility restrictions	You must be eligible to become a member of a complying superannuation fund. Refer to Contributing to superannuation funds on page 51.
Expiry age (all benefits expire on the policy anniversary following the age indicated)	<ul style="list-style-type: none"> • Death cover: 99 or earlier cessation of membership of the Fund • TPD option: 99 or earlier cessation of membership of the Fund (limited conditions apply from age 64). • Premium waiver option: 69 • Accidental death option: 75 • Business future cover option: cannot be exercised after age 64
Minimum premium	\$160 per year excluding fees and charges
Cover levels available	\$50,000 minimum. Maximum cover levels apply depending on the combination of benefits you choose.
Premium options	Stepped premiums increase each year based on the rates applicable for your age at that time. Level premiums are based on your age when your cover starts. Refer to pages 45 and 46.
How premiums are calculated	<i>Premiums</i> are based on your cover amount, options chosen (including whether you select stepped or level), frequency of payments, current age, gender and smoking status. Your circumstances including state of health, occupation and pastimes will also be taken into consideration.
Exclusions and restrictions	There are limitations and restrictions on when some policy benefits may be payable. Any such limitation or restriction will be detailed in the Policy conditions. Superannuation law may also restrict direct payments to you. Refer to pages 36 to 43 (Part 2).
Additional information	The Additional information section of this PDS, starting on page 45, provides useful information about this policy, including details about the Management fee, stamp duty, taxation, our complaints handling procedure and our privacy provisions. It also tells you how to make a claim.
Policy conditions	When cover is issued, you will receive a Policy schedule that sets out the particular details of your cover (including levels of cover and options selected). The Policy conditions (Part 2) will form part of the policy, and you should keep them in a safe place.

More detail is provided on the next pages and on pages 36 to 43 (Part 2).

Zurich Superannuation Term Life Plus – overview

Zurich Superannuation Term Life Plus is a risk-only superannuation product that pays a lump sum on your death, *terminal illness* or *total and permanent disablement* (TPD) (if applicable).

In this section of the PDS, ‘you’ refers to the person insured under the policy.

You become a member of the Zurich Master Superannuation Fund (Fund) by buying this product. Zurich Australian Superannuation Pty Limited is the Fund trustee and will issue the product to you. To do so, it first obtains an insurance policy from Zurich Australia Limited (ZAL), to provide the cover for you. A copy of the policy can be found on page 36 (Part 2). Your benefits are therefore governed by the Fund governing rules, the insurance policy and superannuation law.

Superannuation law can restrict when and how much you contribute to the Fund to pay for your cover. It can also prevent the Fund paying out benefits that are received from ZAL under the insurance policy, requiring them to be kept in the Fund until you retire, become *terminally ill* or die. Page 51 explains these restrictions, which also form part of the Fund governing rules.

Your benefits will end on the *policy anniversary* after your 99th birthday (69th birthday for the Premium waiver option and 75th birthday for the Accidental death option) if you have not left the Fund by then.

The product’s specifications and terms may be changed where permitted by superannuation law and the Fund governing rules.

Risk-only superannuation

As this is a risk-only superannuation product, there is important information you should know. Please refer to pages 51 to 53 for details of the following:

- contributing to superannuation funds
- payments of benefits under superannuation
- nominating a dependant to receive benefits
- binding nominations
- taxation
- taxation of superannuation contributions
- tax file numbers.

The built-in benefits and extra-cost options are as follows:

Built-in benefits (pages 41 and 42)	<ul style="list-style-type: none"> • Death benefit • Terminal illness benefit • Advancement for funeral expenses • Buy back death benefit (TPD) • Future insurability benefit • Inflation protection • Financial planning advice benefit • Premium freeze • Interim cover
Extra-cost options (pages 42 and 43)	<ul style="list-style-type: none"> • TPD option • Double TPD option • Premium waiver option • Accidental death option • Business future cover option

Who can apply?

People between the ages of 15 and 69 who are eligible to contribute to a complying superannuation fund can apply for this product. The rules for eligibility to contribute to a superannuation fund are set out on page 51.

To add the TPD option you must be between the ages of 19 and 59. To add the Accidental death option you must be between the ages of 19 and 64.

How much cover can I apply for?

The minimum amount of cover you can apply for is \$50,000 per benefit subject to a minimum annual *premium* of \$160 (excluding the Management fee and any government charges).

The maximum amount of cover you can apply for is subject to the following guidelines in respect of each policy:

Core cover	Maximum amount of cover available
Death cover	The maximum depends on your needs. Your adviser can help you determine this.
TPD cover	\$5,000,000

Additional rules apply to the combinations of cover available:

- if TPD cover is \$3,000,000 or less, but exceeds Death cover, TPD cover is limited at outset to two times the Death cover
- if TPD cover is greater than \$3,000,000, it must be matched by an equal amount of Death cover.

If you have a *related protection policy*, the TPD cover under this policy cannot exceed the amount of Death cover under this policy.

Generally the maximum amount of TPD cover available to people working in domestic duties is \$1,000,000.

After your cover is in force, it can increase above the maximum due to Inflation protection (refer to page 41).

Restrictions apply to the total amount of cover in respect of a life insured for all policies from all sources (including policies issued by other life insurers). Generally the total TPD cover with ZAL and other life insurers cannot exceed \$5,000,000.

Related policies

It is possible to have a Superannuation Term Life Plus policy which is **related** to a Protection Plus policy, allowing a mixture of super and ordinary benefits to be linked, even though the benefits are provided under separate policies. This is explained in more detail on page 44.

Can I increase my cover?

Subject to ZAL's reassessment of your personal circumstances and our consent, you may apply to increase your Death cover any time before your 69th birthday. You may apply to increase your TPD cover at any time prior to your 59th birthday. You may apply to increase your Accidental death option at any time prior to your 64th birthday. The minimum amount you can increase your cover by each time is \$50,000.

When will my cover expire?

Once your application has been accepted, while you remain a member of the Fund, and provided your *premiums* are paid as due (refer to page 46), ZAL has guaranteed that it will renew your cover, regardless of any changes to your health or other circumstances, until the benefit expiry date (as shown on the Policy schedule).

Please note that we are not responsible for the payment of *premiums* or for monitoring your payment of *premiums*.

The table below shows the various expiry ages.

Cover	Expiry age
Death cover	<i>Policy anniversary</i> following 99th birthday
TPD option	<i>Policy anniversary</i> following 99th birthday From the <i>policy anniversary</i> following 64th birthday, the only covered conditions are inability to perform at least two <i>activities of daily living</i> , cognitive impairment and <i>specific loss</i> and the maximum benefit payable is \$3,000,000.

Some extra-cost options have different dates for exercise and expiry which are explained in the relevant option section.

Zurich Superannuation Term Life Plus – built-in benefits

Built in benefits (starts on this page)	<ul style="list-style-type: none">• Death benefit• Terminal illness benefit• Advancement for funeral expenses• Buy back death benefit (TPD)• Future insurability benefit• Inflation protection• Financial planning advice benefit• Premium freeze• Interim cover
---	--

The following benefits apply to Zurich Superannuation Term Life Plus.

Death benefit

The Death benefit is paid as a lump sum on your death during the term of the policy and prior to the Death benefit expiry date.

Pages 36 to 38 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Terminal illness benefit

If you are diagnosed as *terminally ill*, ZAL will pay the Fund 100 per cent of the Death cover.

Pages 36 to 38 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Specific certification of the condition as required by superannuation law will be needed before the Fund can pay the benefit to you.

Advancement for funeral expenses

While a death claim is being settled, part of the Death benefit (up to \$15,000) will be advanced towards payment of funeral expenses, subject to superannuation law (see 'Payments of benefits under superannuation' on page 51). An application for payment of funeral expenses must include satisfactory evidence of death and the funeral invoice.

Buy back death benefit (after TPD claim)

This benefit only applies if you select Death cover and the TPD option.

After a TPD benefit payment, Death cover is reduced by the amount paid. However, you can reinstate (buy back) the Death cover without providing any health evidence, 12 months after payment of the TPD benefit provided the *policy anniversary* following the life insured's 74th birthday has not passed.

We will write and offer you the reinstatement 12 months after payment of the TPD benefit and you will have 30 days to accept our offer.

Page 36 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Future insurability benefit

This benefit entitles you to increase your Death cover or TPD cover prior to your 55th birthday, without reassessment of health, within 30 days of the events described below.

If you:

- get married or divorced
- become a parent (through birth or adoption of a child)
- become a full-time carer
- become a widow or widower (through the death of a *spouse*)
- take out for the first time or increase your mortgage on your principal place of residence
- take out for the first time an investment property loan
- have a dependent child start secondary school
- experience a significant increase in salary.

For the first six months after an increase under this benefit any increased benefit amount is only payable in the event of your *accidental death* or *accidental injury*.

Pages 36 and 37 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Inflation protection

Each year, until the expiry of your policy, you will be provided with the opportunity to increase the cover by the greater of 5 per cent and the *consumer price index* to keep up with inflation. This is known as an 'Indexation offer'. Unless you reject the Indexation offer, your *premiums* will increase each year by an extra amount to reflect that change. If you take up the Indexation offer you do not have to provide any further health evidence.

Financial planning advice benefit

ZAL will reimburse up to \$1,000 towards the cost of financial planning advice required as a result of a payment being made under the policy. You may be asked to provide sufficient proof of the expense.

Premium freeze

At any policy anniversary, you can choose to freeze your *premium*, in which case the amount you pay will stay the same but the amount of cover will generally decrease each year.

Interim cover

While your application is being assessed, you will be provided with interim cover for up to 90 days against *accidental death* and/or *accidental injury*, depending on the covers you apply for.

The Interim cover certificate on page 54 provides details of the cover provided and the exclusions that apply.

Death cover exclusion

No benefit is payable if you commit suicide within 13 months of the benefit start date (or increase in cover but only in respect of that increase) or reinstatement of the policy.

Full details of this exclusion are set out on page 38 (Part 2).

What happens to my other benefits if a benefit under Death cover is paid?

If 100 per cent of your Death cover is paid to the Fund, all cover under the policy will cease.

If a Terminal illness benefit or an Advancement for funeral expenses is paid by ZAL to the Fund, the amount of Death cover and any optional TPD cover will be reduced by payments made under these benefits.

Conversion of cover to a non-superannuation policy

You can apply to convert your cover to a non-superannuation policy. You may apply to effect this conversion:

- at any time while you are a member of the Fund or
- within 30 days of ceasing to be a member of the Fund.

If you are over the age of 65 and do not inform the Trustee whether you are still eligible to contribute, the Trustee will apply to convert your cover to a non-superannuation policy and transfer ownership to you. The premiums will no longer be contributions to a superannuation fund.

Page 38 (Part 2) explains the conditions of conversion and how conversion is effected.

Zurich Superannuation Term Life Plus – optional benefits

Extra-cost options (starts on this page)

- TPD option
- Double TPD option
- Premium waiver option
- Accidental death option
- Business future cover option

You can select from the following **optional** benefits to design a policy that best meets your needs. You will be charged an additional *premium* for each optional benefit you select.

Total and Permanent Disablement (TPD) option

ZAL will pay the Fund the TPD benefit as a lump sum if you suffer *total and permanent disablement* during the term of the policy and prior to the TPD benefit expiry date.

To be eligible for a TPD benefit, you must satisfy a specific three month disablement qualification period (except if the claim is for *specific loss*) within the definition of *total and permanent disablement* on page 53 of Part 2).

Depending on your circumstances, you can apply for:

- ‘any’ occupation TPD or
- ‘own’ occupation TPD.

You will meet ZAL’s definition of ‘any’ occupation *total and permanent disablement* if you are unlikely to ever work (for reward or otherwise) in your profession, business or similar occupation or engage in any other occupation to which you are fitted by education, training and experience for the rest of your life as a result of the *sickness* or *injury*.

You will meet ZAL’s definition of ‘own’ occupation *total and permanent disablement* if you are unlikely to ever work (for reward or otherwise) in your *own occupation* for the rest of your life as a result of the *sickness* or *injury*.

Regardless of which TPD you choose, you will also meet ZAL’s definition of *total and permanent disablement* if you:

- suffer a *specific loss*
- are unable to perform normal domestic duties
- are unable to perform at least two *activities of daily living* or
- suffer cognitive impairment.

From the *policy anniversary* following your 64th birthday, TPD cover will continue, but will only provide cover for the inability to perform at least two *activities of daily living*, cognitive

impairment and *specific loss*. The maximum benefit payable is then \$3,000,000.

Page 39 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

In order for the TPD benefit to be paid, such payment must be permitted under the relevant superannuation law which means:

- you must have ceased to be gainfully employed and
- the Fund trustee must be reasonably satisfied that because of ill health you are unlikely ever again to engage in gainful employment for which you are reasonably qualified by education training and experience.

TPD cover exclusions

No benefit is payable if the life insured's *total and permanent disablement* is due to intentional self-inflicted act or attempted suicide or any other event or medical condition specified on the Policy schedule.

Full details of these exclusions are set out on page 39 (Part 2).

What happens to my other benefits if a benefit under the TPD option is paid?

If a TPD benefit is paid by ZAL to the Fund, the amount of Death cover will be reduced by payments made.

If you have selected the Double TPD option, Death cover can be reinstated to the same level 14 days after the TPD benefit is paid.

Double TPD option

This option is only available if you select Death cover and the TPD option.

After a TPD benefit payment, Death cover is reduced. However if the Double TPD option applies, once a TPD benefit payment has been paid, Death cover can be reinstated without any health evidence 14 days after payment of the TPD benefit.

Premiums for Death cover equivalent to the amount of the TPD benefit paid will be waived until the Death benefit expiry date.

On the *policy anniversary* following your 64th birthday, the Double TPD option will cease and your cover will automatically convert to standard TPD cover.

Page 39 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Premium waiver option

This option will waive your *premiums* while you remain *totally disabled* prior to age 70.

In addition, if you are involuntarily unemployed other than as a direct result of *sickness* or *injury*, the policy has been in force for the previous 12 months at the time ZAL receives the claim and you are registered with an employment agency approved by us, ZAL will waive your *premium* for up to three months (over the life of the policy).

Page 41 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Accidental death option

The Accidental death benefit is paid as a lump sum in the event of your *accidental death* while the policy is in force and before the option ends on the *policy anniversary* following the life insured's 75th birthday.

The minimum Accidental death amount you can apply for is \$50,000 and the maximum is \$1,000,000.

Page 40 (Part 2) explains the terms and conditions of this benefit, including any limits and exclusions.

Business future cover option

This benefit entitles you to increase your cover each year without reassessment of health. Death cover can be increased prior to your 65th birthday and TPD cover can be increased prior to your 60th birthday.

When you increase cover under this option the *premium* will increase to reflect the increased benefit.

If the purpose of your policy appearing on your Policy schedule is:

- loan/guarantor protection or
- buy-sell/shareholder or partnership protection

and the value of your interest in the *business* or *loan guarantee* increases, this option allows you 30 days to apply to increase your cover without providing further health evidence.

You can choose this option:

- on your Death cover only or
- on Death and TPD cover (as applicable). In this case, when you wish to exercise an increase you can either increase only the Death cover, or you can increase Death and TPD cover. Any covers increased at the same time must be increased proportionally.

Pages 40 and 41 (Part 2) explain the terms and conditions of this benefit, including any limits and exclusions.

Zurich Superannuation Term Life Plus – linked cover in and out of super

If you wish to link a mixture of super and ordinary benefits, your Superannuation Term Life Plus policy can be **related** to a Protection Plus policy.

If you take out cover this way:

- any Death cover must be on your Superannuation Term Life Plus policy
- you can select optional TPD cover ('any occupation') on your Superannuation Term Life Plus policy **or** TPD cover ('own occupation') on your Protection Plus policy
- you can select optional Trauma cover on your Protection Plus policy.

How policies can be set up

The diagram below shows how related policies can be set up and which covers can be added to each policy.

Any TPD and Trauma covers must (at all times) be less than or equal to the Death cover on the related Superannuation Term Life Plus policy.

You can only have related policies insuring the same life insured (one life insured only). *Premiums* are separately charged for the related policies but must have the same premium structure (ie. both stepped or level – see pages 45 and 46). The *premiums* for the Protection Plus policy are not contributions to the Zurich Master Superannuation Fund.

When you select more than one core cover on related policies (ie. Death cover, TPD cover, Trauma cover) we will automatically link the covers together. This ensures that you get a cost-effective package of cover, but it also means that a claim on one cover will impact the other/s. Some reinstatement and buy back benefits operate across the two policies.

For example, if you select Death cover (Superannuation Term Life Plus) and Trauma cover (Protection Plus), and you make a claim on your Trauma cover, the Death cover will be reduced by the amount of the Trauma cover claim. While there is a Buy back death benefit which allows the Death cover to be reinstated in the three years following a Trauma cover claim, the Death cover will be reduced for a period of time.

If the Superannuation Term Life Plus policy terminates, your *related protection policy* will also terminate.

Other special terms and conditions apply if you have related policies which limit and restrict the operation of certain benefits and options. These terms and conditions apply in addition to those explained on pages 37 to 43 which assume you have no related policies.

The additional terms and conditions that will apply to the Superannuation Term Life Plus policy if you have a *related protection policy* are explained on page 42 (Part 2). You must also read the Zurich Protection Plus section of this PDS, starting on page 6.

Additional Information about Zurich Wealth Protection products

This information applies to the products described in this PDS. Note: With respect to Zurich Superannuation Term Life Plus, references to the policy should be interpreted as references to your participation in the Fund.

Assessment of health

When you apply for a Wealth Protection product, you must complete our Application Form and a Life Insured's Statement, which asks detailed questions about the life insured's state of health. If you apply for the Spouse cover option or the Insured child option, information about those additional lives insured is also required. We then assess your application in order to make an offer of cover to you. Any health condition you tell us about will be covered under your policy, unless we are unable to offer cover, or we specifically exclude the condition. Prior to the commencement of your policy you will be advised of any other exclusions that result from the personal assessment of your application. Any health condition you do not tell us about may cause you to fail your duty of disclosure. If your non-disclosure is fraudulent we may avoid the contract at any time. If we would not have entered into the contract on any terms we may avoid the contract within three years of entering into it. If we choose not to avoid the contract we may reduce the sum that you have insured for in accordance with a statutory formula.

Premiums

How is my premium calculated?

Your *premium* will depend on:

- the amount of cover you require (the higher the sum insured, the higher the *premium*)
- any options you choose (the more extra-cost options you select the higher the *premium*)
- whether you select stepped or level premiums (stepped premiums are generally lower than level premiums at the start of the policy, but stepped premiums increase each year as you get older whereas level premiums do not)
- the frequency of your *premium* payments (paying half-yearly, quarterly or monthly will attract an increased *premium*)
- the life insured's current age (generally *premiums* increase each year in line with age)
- the life insured's gender (for example, Death cover *premiums* are generally higher for males than for females, while income protection *premiums* are generally higher for females than for males)
- whether or not the life insured is a smoker (*premiums* are higher for smokers than for non-smokers; a non-smoker is defined as a person who has not smoked tobacco or any other substance for the past 12 months)

- the life insured's occupation (generally occupations with hazardous duties or higher occupational risk have higher *premiums*)
- the life insured's health and
- any pastimes the life insured participates in (generally *premiums* are higher for those who engage in hazardous activities).

Your *premium* will also include any stamp duty charged by your State Government as well as any other taxes that may be levied by State or Federal governments.

If you apply for Zurich Income Replacement, some additional factors will also influence your *premium*:

- the *benefit period* you select (the longer the *benefit period*, the higher the *premium*)
- the *waiting period* you select (the shorter the *waiting period*, the higher the *premium*).

State Governments impose stamp duty on income replacement policies. Duties may vary from State to State. The stamp duty will be added to your *premium*.

Your adviser will provide you with a premium illustration for the particular product/s you are applying for taking into account all of these factors. This illustration will show the cost of each coverage and option you select as well as the details of any fees and/or stamp duties or tax that may apply. If you request, your adviser can also provide you with a table of premium rates giving all rates and factors for all of the products described in this PDS. Further information on how *premiums* are calculated can be obtained by calling our Customer Service Centre on 131 551.

Goods and services tax

Goods and Services Tax (GST) is not currently payable on insurance premiums for the products described in this PDS.

Choice of premium structures

You can choose between 'stepped' and 'level' premiums.

Stepped premium

Your *premiums* will increase each year based on the rates applicable for your age at that time. Zurich Protection Plus and Zurich Superannuation Term Life Plus offer the ability to freeze your *premium*. In that case, the amount you pay will stay the same but the amount you are covered for will generally decrease each year.

Level premium

Your *premiums*, excluding the Management fee, will be based on the age of the life insured when cover begins. For Zurich Protection Plus and Zurich Superannuation Term Life Plus, on the *policy anniversary* following the life insured's 64th birthday (*policy anniversary* following the life insured's 65th birthday for Zurich Income Replacement), stepped premium rates apply.

What if I don't pay my premium?

If *premiums* are not paid when due, your policy will lapse after 30 days and you will not be covered. You may be able to reinstate your policy after it lapses, but you must submit an application to us, which is subject to reassessment of the life insured's personal circumstances at the time of application.

What are the payment options?

You can choose to pay your *premiums* monthly, quarterly, half-yearly or yearly by direct debit from your bank, building society or credit union account or credit card. Or, you can pay *premiums* directly by cheque, credit card or B-Pay to Zurich half-yearly or yearly.

How can I pay my premiums?

	First Premium	Monthly	Quarterly	Half yearly	Yearly
Cheque	✓	✗	✗	✓	✓
Direct debit	✓	✓	✓	✓	✓
Credit card	✓	✓ (direct debit)	✓ (direct debit)	✓	✓
BPAY	✗	✗	✗	✓	✓

What if I overpay premiums?

If you make any overpayment of *premium*, we may retain the overpayment, unless it exceeds \$5.00.

Are premium rates guaranteed?

Premium rates for Wealth Protection products are not guaranteed and can change from time to time. Any change, however, will affect all policies in the same category, not just an individual policy. We will notify you of any changes to premium rates at least 30 days prior to the change taking effect. The *premium* payable from the start of your policy is shown on your Policy schedule, and will not change before the first *policy anniversary*.

Commission

We may pay commission and other benefits to financial advisers and other representatives. Your adviser will provide details of the benefits he or she will receive if we issue you a policy in the Financial Services Guide and, if applicable, the Statement of Advice that he or she will give to you. We pay these amounts out of your *premium* payments – they are not additional amounts you have to pay.

What are the other charges?

The current charges are set out below. If we introduce any new charges, or there is an increase to current charges (other than by way of the fee indexation described below) you will be notified at least 30 days prior to such charge taking effect.

In addition to your *premium*, you are required to pay a Management fee which contributes to the cost of administering your policy. The fee payable depends on the frequency of your *premium* payments.

If you are acquiring the Zurich Superannuation Term Life Plus product, the contributions paid to Zurich Australian Superannuation Pty Limited will be paid to Zurich Australia Limited to cover your *premium* and the Management fee.

Premium frequency	Management fee payable	Annual equivalent
Monthly	\$8.15	\$97.80
Quarterly	\$24.45	\$97.80
Half-yearly	\$40.76	\$81.52
Yearly	\$81.50	\$81.50

The Management fees above apply for new policies until 29 February 2012. The Management fee increases each year on the *policy anniversary* in line with the *consumer price index*.

State Governments impose stamp duty on some policies. Duties may vary from State to State. If applicable, the stamp duty will be included in or added to your *premium*. Should changes in the law result in additional taxes or imposts in relation to your policy, these amounts may be added to your policy.

Direct debits from your financial institution may incur an additional fee.

Guaranteed upgrade of benefits

We may improve the terms of the benefits described in this PDS. If we do so, without any change in the standard premium rates, we will incorporate the improvement in your policy. Any medical condition existing at the time the improvement is offered or any injuries sustained prior will be excluded from being eligible for payment under the improved terms.

Guaranteed renewable

Provided you have paid your *premiums* as required, your policy is guaranteed to be renewable up until the expiry age of the benefit(s) you have chosen regardless of any changes in your health or pastimes. Your policy will only cease in accordance with the terms of your policy.

Unemployment/employment breaks and income replacement

Zurich Income Replacement is designed for people who are working in paid employment. However, cover can continue during periods of unemployment.

For all occupation categories except SR

The definition of *usual occupation* will change if you have been unemployed, or on long service, maternity leave, paternity leave or sabbatical leave for more than 12 consecutive months immediately prior to the *sickness* or *injury* causing disability – rather than your *usual occupation* being the occupation you predominantly performed in the 12 months prior to the *sickness* or *injury* it will be any occupation you are capable of performing.

If you are involuntarily unemployed other than as a direct result of a *sickness* or *injury*, your cover has been in force for the previous 12 months and you are registered with an employment agency approved by us, we will waive your *premium* for up to three months at a time (12 months over the life of your policy). Each request to waive *premium* must occur at least 12 months apart.

For SR occupations

Zurich Income Replacement terminates at the end of any 12 month period during which you have not been engaged in *full-time paid employment* other than as a direct result of disability or where we have given prior written approval.

While you are on unpaid leave (eg. maternity leave, paternity leave or sabbatical leave) you can, with our prior written approval, continue your policy beyond these periods.

Claims

You must advise us of an insured event occurring as soon as reasonably possible after the event by sending us a completed claim form. You can access claim forms on our website www.zurich.com.au or by contacting the Zurich Client Service Centre who will forward a claim form to you.

Before a claim is payable under any Zurich Wealth Protection product described in this PDS, we must receive proof to our satisfaction of the insured event.

Proof of the occurrence of any insured event must be supported by:

- one or more appropriate specialist *medical practitioners* registered in Australia or New Zealand (or in another country approved by us)
- confirmatory investigations including, but not limited to, clinical, radiological, histological and laboratory evidence, and
- if a Trauma claim is a result of a surgical procedure, evidence that the procedure was medically necessary.

Our medical advisers must support the occurrence of the insured events. We reserve the right to require the life insured to undergo an examination or other reasonable tests to confirm the occurrence of the insured event.

In assessing your claim we will also rely on any information you have disclosed to us as part of your application. Where information (eg. your income) has not been verified at the time of application we reserve the right to verify it at the time of claim.

You must, on our request, provide us (or our agent) with information (or access to information) that we require to verify the life insured's income and other relevant matters in respect of your claim and any benefits to which you may be entitled. For example: tax returns for all entities including assessment notices issued by the Australian Taxation Office (ATO), profit and loss and financial statements.

Further details about the claims process are set out in the Policy conditions (Part 2, pages 6 and 7). You should read this information carefully.

Nominating beneficiaries

If you take out a Zurich Protection Plus policy and you are the sole policy owner, you may nominate one or more beneficiaries to receive the death benefits in the proportions you specify.

Nominating a beneficiary is optional. Without a nomination, the death benefits are payable to your estate (to your Legal Personal Representative). With a valid nomination, we will pay death benefits directly to your nominated beneficiaries instead of to your estate, provided no law or court order prevents us from doing so.

Your nomination is subject to the following rules:

- you must be both the sole policy owner and life insured to make a valid nomination
- a nominated beneficiary must be an individual, corporation or trust
- contingent nominations (eg. nominations which provide for multiple scenarios) cannot be made
- you may change a nomination at any time or revoke a previous nomination but the change does not take effect until we receive and accept the new nomination
- the nomination must be properly executed in the form we specify before we can accept it
- you may have only one nomination in force at any time, and cannot supplement a nomination (to add beneficiaries, you must replace your nomination by making a new one)
- an attempt at making a new nomination received by us revokes past nominations even if defective (because your attempt to make a new nomination indicates your old nomination no longer reflects your wishes)
- if ownership of the policy is assigned to another person or entity, then any previous nomination is automatically revoked
- payment of death benefits will be made using the latest unrevoked valid nomination
- if a nominated beneficiary dies before you, the portion of the death benefit nominated in respect of that beneficiary will be paid to your Legal Personal Representative
- if a nominated beneficiary is alive at the time of your death but we are notified of their subsequent death before we can pay him/her, then the entitlement will be paid to the deceased beneficiary's Legal Personal Representative
- a nominated beneficiary has no rights under the policy, other than to receive the nominated policy proceeds after a claim has been admitted by us. He or she cannot authorise or initiate any policy transaction

- we may delay payment if your nomination or nominations become the subject of legal proceedings or external dispute resolution processes
- a court order or decision of an external dispute resolution process in relation to a nomination overrides the nomination.

We recommend you seek professional estate planning advice before making a nomination. Once you make a nomination, you should also review the nomination regularly as nominations do not expire.

Statutory fund

The *premiums* paid for the products described in this PDS form part of the Zurich No. 2 Statutory Fund. Any benefits you receive under a product described in this PDS will be paid from that fund.

Memoranda of transfer

If you wish to change the ownership of your policy from one owner to another, you may use a Memoranda of transfer which is available from us. Stamp duty may be payable on any ownership transfer. The Memoranda of transfer cannot be used to change ownership in some instances eg. from a non-superannuation owner to a superannuation fund, instead we will cancel and replace your policy in order to make this change. Please contact us if you require further information about assignment of ownership.

World-wide cover

You are covered under any Zurich Wealth Protection product 24 hours a day, seven days a week, world-wide. If you are claiming while overseas for Zurich Income Replacement, we will require you to have a medical examination in Australia, or in another country by a *medical practitioner* nominated or approved by us, every 12 months for the benefits to continue.

Information about your policy

Part 2 of this PDS sets out the Policy conditions which apply to each of the Wealth Protection products. When you take out your policy, you will receive a Policy schedule (or in the case of Zurich Superannuation Term Life Plus, a copy of your Policy schedule) which outlines the specific details of your particular cover – such as which options you have selected. These are important documents and should be read carefully. Please keep them in a safe place because you will need them to make a claim. Should there be any changes to the benefits included in your policy, you will be notified by mail.

Each year Zurich will send you a renewal advice indicating your new *premium* amount and, where available, an offer to increase your cover in line with inflation.

You may request further information about these products, including a copy of the trust deed for the Fund, by contacting us at the address shown on the back cover of this brochure or by telephoning us on 131 551. If so requested, we will give you further information which has previously been generally made available to the public. The provision of further information may be subject to a charge.

We are committed to providing our customers with high levels of service. If you have any enquiries or complaints about your policy, you should contact your adviser or the Zurich Client Service Centre on 131 551. If we cannot resolve the issue to your satisfaction you have access to an independent complaints resolution body. Refer to page 50.

Taxation information

The following information is a guide only, and is based on current taxation laws, their continuation and their interpretation. For information about your individual circumstances, contact your tax adviser.

The figures provided in the taxation sections (including the section on pages 52 and 53 for Superannuation Term Life Plus) are for the financial year to 30 June 2011 and may change after such time. Please ask your financial adviser or visit the ATO website (www.ato.gov.au) for updated figures.

Protection Plus

In most cases, you cannot claim a tax deduction for the *premiums* you pay for your policy. One exception to this is if you take out the policy as 'key person' insurance in a *business*. In this case, part or all of the *premiums* may be tax deductible, however, there may be other tax implications (such as fringe benefits tax). We recommend you consult your tax adviser on this issue.

If a tax deduction is not claimable for the *premiums*, the benefit paid is normally not assessable for taxation purposes*. If a tax deduction is claimable, the benefit paid may be assessable for taxation purposes.

If you have selected the Insured child option, any carer benefits you receive from your policy must be included in your tax return and will be taxed at your marginal income tax rate.

* This assumes (1) related Death cover proceeds are either received by the original beneficial owner or by an owner who acquired the policy for no consideration, or (2) other cover proceeds are received by the life insured or a relative of the life insured (eg. spouse, brother, sister, etc but not for example, a cousin). If your situation varies from either of these assumptions, there may be different taxation results.

Income Replacement

The *premiums* you pay for your policy, except for the *premiums* for the Lump sum accident option, the Spouse cover option, the

Family care option, the Needlestick cover option and the Family support benefit, if applicable, can generally be claimed as a tax deduction by both employees and self-employed people. Every year we will tell you the amount of *premium* you have paid during that financial year.

The *income benefits* and Super contributions option benefits you receive from your policy must be included in your tax return and will be taxed at your marginal income tax rate. However, lump sum amounts under the Lump sum accident option and Needlestick cover option are not generally taxable.*

If you have opted to insure your monthly superannuation contribution by selecting the Super contributions option then these benefits will be applied directly to your fund as superannuation contributions. Benefits are applied on your behalf pursuant to a 'direction to pay' which you give us by making an application for this benefit. This benefit counts as part of your income for tax purposes and we do not deduct or withhold tax from it. If you are self-employed you may be entitled to a deduction on some or all of the superannuation contributions made on your behalf.

* This taxation information assumes (1) proceeds are either received by the original beneficial owner or by an owner who acquired the policy for no consideration, or (2) cover proceeds are received by the life insured. If your situation varies from either of these assumptions, there may be different taxation results.

Superannuation Term Life Plus

Please refer to pages 52 and 53 for tax information on risk-only superannuation products.

Keeping in touch

The team at the Zurich Client Service Centre understands your product. It is well equipped to answer general questions about the product and provide extra information, although it is not able to give financial advice.

Simply:

- call us on 131 551
- email us at client.service@zurich.com.au
- fax us on 02 9995 3797
- or write to us at:
Zurich Client Service Centre
Locked Bag 994
North Sydney NSW 2059

For financial advice, please contact your adviser.

Processing your application

If we are unable to process your application, for whatever reason, Zurich will deposit any money received into a Trust Account. Under current legislation this money can only be held in a Trust Account for a maximum of one month or a period that is 'reasonable' in the circumstances. Provided Zurich has sufficient proof that we have been attempting to finalise the application by way of following up the outstanding requirements, then the 'reasonable' period will be not more than four months.

Any interest earned on the moneys in the Trust Account will be retained by Zurich to recover administration costs incurred in finalising the application.

Your privacy

We are bound by the National Privacy Principles. Before providing us with any Personal Information or Sensitive Personal Information, you should know that:

- we need to collect Personal Information and, in some cases, Sensitive Personal Information about you in order to comply with our legal obligations, assess your application and, if your application is successful, to administer the products or services provided to you ('Purposes')
- where relevant for these Purposes, we will disclose the Personal Information and/or Sensitive Personal Information to your adviser (and the licensed dealer or broker they represent) and to our agents, contractors and service providers that provide financial, administration or other services in connection with the operation of our business or the products and services we offer
- a list of the type of agents, contractors and service providers we commonly use is available on request, or from our website, www.zurich.com.au, by clicking on the Privacy link on our home page
- we may use Personal Information (but not Sensitive Personal Information) collected about you to notify you of other products and services we offer. If you do not want your Personal Information to be used in this way, please contact us
- we may also disclose Personal Information or Sensitive Personal Information about you where we are required or permitted to do so by law
- if you do not provide the requested information or withhold your consent for us to disclose your Personal Information or Sensitive Personal Information, we may not be able to accept your application, administer the products or services provided to you, action a transaction you have requested or respond to an enquiry raised by yourself

- in most cases, on receiving a written request, we will give you access to the Personal Information we hold about you. However, we may charge a fee for this service
- these privacy provisions apply to the policy owner and lives insured. We may disclose information about the lives insured to the policy owner
- for further information, or a copy of Zurich's Privacy Policy, you can contact us by telephone on 132 687, email us at privacy.officer@zurich.com.au or by writing to The Privacy Officer, Zurich Financial Services Australia Limited, PO Box 677, North Sydney NSW 2059.

Complaints resolution

If you have a complaint about your policy

If you have a complaint about Zurich Protection Plus or Zurich Income Replacement, you should contact the Zurich Client Service Centre on 131 551. We will aim to acknowledge any complaint within 5 days and to resolve your complaint within 45 days (or up to 90 days if you agree). If you are not satisfied with the response you receive from us, or we fail to resolve the complaint within 45 days (or any extended period you approve) you can raise the matter with the Financial Ombudsman Service, GPO Box 3, Melbourne VIC 3001. The telephone number is: 1300 780 808 and the email address is: info@fos.org.au

If you have a complaint about your superannuation fund

Zurich Superannuation Term Life Plus is provided through Zurich Master Superannuation Fund by the Trustee of that fund, Zurich Australian Superannuation Pty Limited. A complaint about the Trustee can be made by contacting the Zurich Client Service Centre on 131 551. We will aim to acknowledge any complaint within 5 days and to resolve the complaint within 90 days. If you are not satisfied with the response you receive from us, or we fail to resolve the complaint within 90 days, you can raise the matter with the Superannuation Complaints Tribunal (SCT) at Locked Bag 3060, GPO Melbourne VIC 3001. The telephone number is: 1300 884 114 and the email address is: info@sct.gov.au

The SCT is an independent body established by the Commonwealth Government to review trustee decisions relating to its members, as opposed to trustee decisions about the management of a superannuation fund as a whole. The objective of the SCT is to provide a fair, timely and economical means of resolution of complaints as an alternative to the court system. The SCT cannot consider complaints that have not been first referred to a trustee's complaints resolution process.

If your complaint is outside the jurisdiction of the SCT, you may instead be able to raise it with the Financial Ombudsman Service (FOS). FOS is an independent body designed to help you resolve complaints relating to your Zurich product, as well as complaints relating to financial or investment advice and sales of financial or investment products. You can contact FOS at GPO Box 3, Melbourne VIC 3001. The telephone number is: 1300 780 808 and the email address is: info@fos.org.au.

Risk-only superannuation

If you have chosen Zurich Superannuation Term Life Plus, you must be aware of the following information.

Contributing to superannuation funds

When you are required to pay *premiums* to pay for applicable cover or you wish to obtain additional cover and wish to pay further contributions, you will need to satisfy relevant contribution requirements under superannuation laws.

In addition to compulsory employer contributions, the Fund may accept contributions that are made:

- in respect of a member who is under the age of 65
- in respect of a member who is over the age of 65 and under the age of 75 and is gainfully employed on at least a part-time basis during the financial year in which the contributions are made (spouse contributions are not permitted after age 70).

A member is gainfully employed on a part-time basis during a financial year if he/she has worked at least 40 hours in a period of not more than 30 consecutive days in that financial year.

WARNING: If the Trustee is notified that you have become ineligible to contribute to the superannuation fund, your cover will in normal circumstances cease due to the Trustee not being able to fund the risk *premiums*.

If you are over the age of 65 and do not inform the Trustee whether or not you are eligible to contribute, the Trustee will apply to convert your cover to a non-superannuation policy and transfer ownership to you.

Premiums paid during a period in which you were ineligible to contribute will not be refunded.

Payments of benefits under superannuation

In some situations a benefit under Zurich Superannuation Term Life Plus may be paid to us where we are not permitted, either by superannuation law or the terms of the governing rules of the Fund, to pay the benefit to you. In this case, the benefit will be held by us until the benefit can be paid under

superannuation law and the governing rules of the Fund.

Also, situations can occur where there is no entitlement to a benefit under Zurich Superannuation Term Life Plus (eg. because there is no TPD cover under the policy or, if there is, because your incapacity does not meet the definition of 'Total and Permanent Disablement' required under the policy) but the incapacity suffered is such that the life insured would be entitled, under superannuation law and the governing rules of the Fund to receive his/her superannuation account balance. It should be noted that in such cases where you are covered for TPD but do not satisfy the TPD definitions, no insurance benefit will be payable under the policy and accordingly by the Fund.

Where a benefit under Zurich Superannuation Term Life Plus is paid to us as the Trustee of the Fund, but we are required to preserve the benefit in the Fund, we will contact you for instructions to transfer your benefit to another complying superannuation fund. If you do not provide us with instructions for payment within 90 days of our request for rollover details, we may transfer your benefit to AUSfund. If this occurs, your entitlements in the Fund including any residual insurance cover, will cease and you must apply to the Trustee of AUSfund for the payment of your benefit.

AUSfund can be contacted at:

AUSfund Administration
PO Box 2468
Kent Town SA 5071

Phone: 1300 361 798
Fax: 1300 366 233

Email: admin@ausfund.net.au

Web: <http://unclaimedsuper.com.au//>

Nominating a dependant to receive benefits

On your death, any benefit will generally be paid as a lump sum to the person you nominate as a beneficiary on the Superannuation Fund Form which forms part of the Zurich Wealth Protection Application Form accompanying this PDS. The amount your beneficiary will receive will be your sum insured less any tax that may apply. If you do not nominate a beneficiary or your nominated beneficiary dies before you, the money will generally be paid to your estate as a lump sum. This type of nomination is generally not binding on us. We may decide that payments should continue to your spouse or dependants, or we may pay the money as a lump sum to your spouse, dependants or estate.

At any time you can nominate a new nominated beneficiary in writing to us. A new nomination is only effective once we receive

your written request and revokes all previous nominations.

The beneficiary you nominate must be your Legal Personal Representative (generally your estate) or a dependant as defined by the Trust Deed. A dependant is defined to include your spouse (including de facto spouse of either sex), your children (including adopted and stepchildren) a person with whom you have an interdependency relationship (as defined below) and any other person who in the opinion of the Trustee, was dependent on you at the relevant time. You must notify the Trustee if your nominated beneficiary ceases to be a dependant (as defined above).

Binding nominations

Generally your nomination is only a guide for us and we are obliged to pay your Death benefit in accordance with the Trust Deed and superannuation laws. If you wish to make your nomination binding, the Trust Deed and superannuation laws require special conditions to be met. We provide you the opportunity to choose various methods when setting up your nominations. Binding nominations can be made by category or by a flat percentage split to facilitate estate planning. You have also the option of naming specific individuals within a category. For example, you could select 'minor children' which would cover all your minor children, or you could elect to nominate specific minor children.

One restriction on binding nominations is that they are only valid for three years from the date the nomination is correctly completed. This is to ensure that your nominations stay up-to-date with your current circumstances. You can confirm this nomination and extend it by an appropriate notice to us.

The beneficiary you nominate on a binding nomination must be your Legal Personal Representative or a dependant (as explained above).

For further information on binding nominations, including the nomination form, please ask your adviser to provide you with a copy of the Zurich Super Estate Management Binding Nomination brochure. Alternatively a copy of the brochure can be obtained by contacting the Zurich Client Service Centre on 131 551.

You should consult your adviser for information regarding the nomination of a beneficiary.

Interdependency relationship

Two people have an interdependency relationship if:

- they have a close personal relationship; and
- they live together; and

- one or each of them provides the other with financial support; and
- one or each of them provides the other with domestic support and personal care.

Two people, whether or not related, also have an interdependency relationship if they have a close personal relationship but due to either or both of them suffering from a physical, intellectual or psychiatric disability, or due to them temporarily living apart, they do not meet the other three requirements of interdependency.

Taxation

The taxation of superannuation is complex and will depend on your age, the type of contribution, and the status of the beneficiary. Contributions made to the Fund are applied by the Trustee as a *premium* towards the policy. Contributions made by an employer may be tax deductible to the employer.

Contributions made by an individual may be tax deductible if the person is self-employed or substantially self-employed (ie. where less than 10 per cent of their assessable income plus reportable fringe benefits is derived from employment or similar activities).

If a benefit becomes payable, any tax must be deducted before a benefit is paid. The taxation of death benefits will depend on the relationship between the member of the Fund and the beneficiary. If the beneficiary is a death benefits dependent (including any person who had an interdependency relationship with the deceased, as defined on this page) the benefit may be paid free of tax. Otherwise, the death benefit will generally be taxed at up to 15 per cent plus the Medicare Levy. If the benefit contains an insured amount then a tax of 30 per cent plus Medicare Levy can apply.

The taxation of lump sum disablement benefits varies depending upon your circumstances. If the benefit qualifies as a disability benefit (requiring certification by two medical practitioners that you are unfit to ever be employed in a capacity for which you are reasonably qualified because of education, training or experience), there may be a tax-free component which can be received free of tax. The balance of the benefit may be taxable, depending on your age and other factors. If you are age 60 or older, the full amount is tax-free. If you are between your preservation age (currently 55) but under age 60, the taxable component up to the low rate cap amount (\$160,000 for the 2010/11 financial year, which may be indexed in future years) is received tax free. The taxable component above the low rate cap amount will be taxed at a maximum rate of 15 per cent plus Medicare Levy. If you

are under your preservation age, the taxable component of the benefit will be taxed at a maximum of 20 per cent plus Medicare Levy.

The taxation of benefits paid under disability will vary if you are terminally ill. If you are determined to be terminally ill the Trustee is not required to withhold any tax on the payment of your benefit if you are under age 60 (once you are age 60 the benefit is tax-free). This change effectively allows terminally ill members to receive their benefit tax-free. In order for the Trustee to pay your benefit under this measure you must be eligible to withdraw your superannuation benefit.

If a TPD benefit is paid to the Trustee of the superannuation fund, but superannuation legislation does not allow the Trustee to pass this to you, it must be preserved in the Fund. Any investment earnings on that preserved amount may be subject to tax at the prevailing rate applicable to superannuation funds (currently 15 per cent) although the ultimate tax liability of investment earnings will depend on the nature of the investments. The accumulated amount will then be paid from the superannuation fund as a Death, Disablement or Retirement benefit and will be taxed (or tax free) accordingly.

Taxation of superannuation contributions

Non-concessional contributions

A non-concessional contribution is made from after-tax income or existing savings. The amount of non-concessional contributions you are eligible to contribute to superannuation in a financial year is limited to \$150,000. If you are under age 65 you are able to bring forward two years' contributions allowing up to a total of \$450,000 to be made in a single financial year, however you cannot contribute more than \$450,000 across the three financial years. Once you are age 65, you are limited to making non-concessional contributions of \$150,000 per financial year up to age 74 if you satisfy the work test. The work test requires you to be gainfully employed for at least 40 hours within a 30 consecutive day period in the year the contribution is made.

The Trustee is only able to accept non-concessional contributions if you provide your TFN and up to the maximum contribution cap (on a per transaction basis).

If you make non-concessional contributions above the limit, the excess non-concessional contribution will be taxed at the highest marginal tax rate plus Medicare levy (currently 46.5 per cent). The ATO will receive information regarding all non-concessional contributions made in a financial year to make an assessment. If you have exceeded the limit and

are liable to pay the additional tax, the ATO will contact you directly. You will need to nominate a superannuation fund to pay this tax liability. As Zurich Superannuation Term Life Plus has no account balance you may need to nominate a different superannuation fund to pay your tax liability.

Concessional contributions

An employer and certain eligible individuals (eg. a self-employed or substantially self-employed person) may make contributions to superannuation and receive a tax deduction on the full amount contributed to superannuation. Within superannuation, contribution caps will limit the amount of concessional contributions which will be taxed concessionally at 15 per cent.

Concessional contributions up to \$25,000 per financial year will be taxed at 15 per cent. Contributions above this cap will be taxed at an additional 31.5 per cent (total 46.5 per cent). The ATO will receive information from superannuation providers to determine if concessional contributions to superannuation in a financial year exceed the cap.

A transitional rule applies which allows those 50 or older to have a concessional contributions cap of \$50,000 per financial year. The transitional period ends on 30 June 2012. A person who turns 50 during this time can also take advantage of the higher contribution cap from the year they turn 50 until the end of the transitional period.

If the ATO determines that excessive concessional contributions have been made in a financial year, the ATO will advise you. You are able to either personally pay the additional tax liability or direct payment from a superannuation fund.

As Zurich Superannuation Term Life Plus has no account balance you will need to nominate a different superannuation fund to pay your tax bill unless you will pay this bill personally.

Tax file numbers

In order to apply for Zurich Superannuation Term Life Plus you must provide your TFN. If you do not provide your TFN, you are unable to become a member of the Fund and purchase the nominated insurance. Provision of the TFN will also allow you to make non-concessional (after-tax) contributions and/or to avoid paying excessive tax on employer (concessional) contributions.

Please refer to the Application Form (Zurich Master Superannuation Fund membership application) for further information about the collection of TFNs.

Interim cover certificate

This certificate is a legal document. It is important that you read it carefully and keep it in a safe place. It is your record of the terms and conditions of the interim cover. Please note that despite anything in this certificate, no contract of insurance exists between a Zurich Superannuation Term Life Plus product holder and Zurich Australia Limited. Zurich Superannuation Term Life Plus product holders are provided with any interim benefits under these terms and conditions subject to the governing rules of the Zurich Master Superannuation Fund and superannuation law.

Defined terms and interpretation

All terms appearing in *italics* (other than in headings) are defined terms with special meanings. Detailed definitions are set out in the Policy conditions (refer to Part 2 of this PDS).

Your adviser acts as your agent, not ours, in relation to this interim cover.

Interim cover

Provided you meet the Interim cover eligibility criteria, we will provide you with interim cover from the Interim cover effective date until the Interim cover termination date, subject to the specific terms of interim cover set out in this Interim cover certificate.

Interim cover effective date

Interim cover is effective from the Interim cover effective date ('Effective date'), which is the date that both of the following have occurred:

- (a) you have properly completed and dated a Zurich Wealth Protection Application Form (the application) for the policy/policies you are applying for and
- (b) your adviser receives the initial *premium* for the insurance you have applied for or a Payment authority signed and dated by you.

Interim cover termination date

The interim cover, once effective, terminates at the earliest of the time and date the policy owner (or your adviser) withdraws your application by contacting us or:

- (a) 4.00pm on the 90th day after the Effective date or such earlier time and date as we advise you or your adviser in writing
- (b) the time and date when insurance cover commences under another contract of insurance (whether interim or not) which you are covered by and that is intended to replace the cover provided under this interim cover
- (c) the end of the 10th business day after the Effective date if you have not submitted your application to your adviser
- (d) the end of the 20th business day after the Effective date if your adviser has not submitted your application to us.

Interim cover eligibility criteria

You are not eligible for this interim cover and no interim contract is entered into if you have on the Effective date:

- (a) current insurance with us or another insurer of a similar type which provides the same or similar cover (whether individually or as part of a package) which you have indicated in your application will be replaced by the cover being applied for in this application or
- (b) a current application with us or another insurer for insurance of a similar type which provides the same or similar cover (whether individually or as part of a package) or
- (c) interim cover with us or another insurer for insurance of a similar type which provides the same or similar cover (whether individually or as part of a package) or
- (d) had interim cover with us for the insurance you are applying for or
- (e) previously applied for insurance of a similar type providing similar cover with us or another insurer (whether individually or as part of a package) and the application was declined, deferred or postponed.

Terms and conditions

The interim cover is:

- (a) only provided for the type(s) of insurance you have applied for in the application
- (b) subject to the terms, conditions and exclusions applicable to the interim cover and
- (c) subject to the other relevant terms, conditions and exclusions of the relevant Policy conditions for the insurance you have applied for, except to the extent the Policy conditions provide greater cover than provided for by the interim cover as set out in this Interim cover certificate.

If you are applying to increase insurance with us then interim cover applies only to the amount of the increase.

Exclusions

To the extent permitted by law, no interim cover is provided:

- (a) if you would not have been entitled to the interim cover or for any amount in excess of what we would have covered you for, based on our *underwriting* criteria applicable for the relevant insurance immediately before interim cover is effective or
- (b) if the event leading to the claim occurs while you are outside Australia or
- (c) where the event leading to the claim is caused directly or indirectly by:
 - (i) suicide
 - (ii) intentional self-inflicted *injury* or act
 - (iii) the taking of drugs other than as prescribed by a doctor
 - (iv) engaging in any criminal activities
 - (v) engaging in any pursuit or occupation which would cause us to reject or apply special conditions to acceptance of the application for insurance or
 - (vi) an act of war (whether declared or not) or military service.

Terms of interim cover provided for:

- **Zurich Protection Plus** and
- **Zurich Superannuation Term Life Plus**

If you have applied for **Death cover**:

We will pay you a benefit in the event of the life insured's *accidental death* during the period of this interim cover.

If you have applied for **Total and Permanent Disablement cover**:

We will pay you a benefit if the life insured is disabled and suffers *loss of limbs or sight* as a result of an *accidental injury* during the period of this interim cover. The life insured must survive at least 14 days after the loss.

If you have applied for **Trauma cover**:

We will pay you a benefit if the life insured suffers one of the following conditions, solely as a result of *accidental injury*

during the period of this interim cover and survives for at least 14 days without being on life support:

- *blindness**
- *coma**
- *severe accident or illness requiring intensive care**
- *paralysis (paraplegia, quadriplegia, hemiplegia, diplegia)*
- *major head trauma**
- *severe burns**

* These conditions are not included when applying for Basic trauma cover. Refer to page 12 (Part 2).

For Death cover, the amount we will pay in respect of any life (regardless of the number of applications being assessed) will be the lesser of:

- \$1,000,000 or
- the amount of cover you are applying for or
- the amount of cover you would have been accepted for under our normal *underwriting* criteria.

For TPD cover or Trauma cover the amount we will pay in respect of any life (regardless of the number of applications being assessed) will be the lesser of:

- \$600,000 or
- the amount of cover you are applying for or
- the amount of cover you would have been accepted for under our normal *underwriting* criteria.

Terms of interim cover provided for:

- **Zurich Income Replacement**

We will pay you an *income benefit* or Business expenses benefit if, solely as a result of an *accidental injury* during the period of this interim cover:

- you totally cease work and
- you are not able to earn from personal exertion any income or generate any *business earnings* for a period of at least the nominated *waiting period* and
- you are under the regular care of a *medical practitioner*.

The benefit will be paid in the event of sustaining an *accidental injury*, which occurs after this cover commences. This benefit is not payable where you choose a *waiting period* of more than 60 days.

The amount we will pay you each month will be the lesser of:

- \$5,000 or
- the *income benefit* you are applying for or
- the amount of cover you would have been accepted for under our normal *underwriting* criteria.

The maximum period we will pay a benefit for is 12 months.

Specific conditions applicable to interim cover

If you make a claim under the interim cover you must pay us the *premium* for this cover that we require, which will be what we would have charged you for the policy/ies you have applied for.

Your duty of disclosure

Before you enter into a contract of life insurance with an insurer, you have a duty, under the Insurance Contracts Act 1984, to disclose to the insurer every matter that you know, or could reasonably be expected to know, is relevant to the insurer's decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose those matters to the insurer before you extend, vary or reinstate a contract of life insurance.

Your duty however does not require disclosure of a matter:

- that diminishes the risk to be undertaken by the insurer
- that is of common knowledge
- that your insurer knows or, in the ordinary course of business, ought to know
- if compliance with your duty in relation to that matter is waived by the insurer.

It is a condition of your application to join the Zurich Master Superannuation Fund that you have the same duty of disclosure to the Trustee.

Non-disclosure

If you fail to comply with your duty of disclosure and the insurer would not have entered into the contract on any terms if the failure had not occurred, the insurer may avoid the contract within three years of entering into it. If your non-disclosure is fraudulent, the insurer may avoid the contract at any time.

An insurer who is entitled to avoid a contract of life insurance may, within three years of entering into it, elect not to avoid it but to reduce the sum that you have been insured for in accordance with a formula that takes into account the *premium* that would have been payable if you had disclosed all relevant matters to the insurer.

Duty of disclosure notice

In signing the Wealth Protection Application Form you declare that you have read and understood your duty of disclosure.

If you have failed to disclose any such matters to us when you complete your application and you have interim cover, we may exercise our rights specified above in relation to the interim cover.

For the policy/ies applied for, the duty also applies up until the time we decide to enter into a contract of insurance with you. Please ensure you contact us if any information in your application changes or you need to disclose further matters after it is completed, as it can affect any final cover.

Confirming transactions

You may contact us in writing or by phone to confirm this transaction if you or your adviser do not already have the required confirmation details.

Please keep this Interim cover certificate (which forms part of the PDS). If you need to make a claim under your interim cover, you must send us this Interim cover certificate as evidence of your cover.

Zurich Wealth Protection Policy conditions

Contents – Part 2

Part 2 – Policy conditions

General policy conditions	3
Zurich Protection Plus	8
Zurich Income Replacement	26
Zurich Superannuation Term Life Plus	36
Definitions	44
Directory	56

Important notes

This section of the PDS (Part 2) contains the Policy conditions which will apply to the following products:

- Zurich Protection Plus
- Zurich Income Replacement
- Zurich Superannuation Term Life Plus

These Policy conditions are a legal document. It is important that you read them carefully and keep them in a safe place. This document is your record of the terms and conditions of your policy once cover is accepted.

Defined terms

In this PDS, all terms appearing in *italics* (other than in headings) are defined terms with special meanings. Detailed definitions begin on page 44. Product features are capitalised for ease of identification.

General policy conditions

These Policy conditions set out the benefits applicable to the following Zurich Wealth Protection policies:

Life insurance

- Zurich Protection Plus
- Zurich Income Replacement

Superannuation (risk only)

- Zurich Superannuation Term Life Plus

and explains how the policies operate. Your policy includes these Policy conditions (Part 2 of the PDS) and your Policy schedule, which we will send to you when your policy is issued. Your Policy schedule shows ownership details, the lives insured, the levels of cover, any optional benefits you have chosen and any terms and conditions particular to your policy.

The Policy schedule also shows whether your policy is related to another policy, and if it is, shows the policy number of the *related protection policy* or *related super policy*.

Please check both these Policy conditions and your Policy schedule carefully to ensure that your policy provides you with the cover you want and has been established in accordance with your wishes.

In these Policy conditions, a reference to 'you' or 'your' is a reference to the owner of the policy. Any reference to 'we', 'our' or 'us' is a reference to Zurich Australia Limited.

If you have any questions about your policy now or at any time, contact your adviser or our Client Service Centre on 131 551. We will be happy to explain any matter to you.

Contract

This policy only provides the insurance benefits outlined and does not have a cash value. The contract is between Zurich Australia Limited and the owner of the policy and is referable to our No. 2 Statutory Fund. **There is no contract between a member of the Fund and Zurich Australia Limited in relation to Zurich Superannuation Term Life Plus.**

Cooling off period

Your policy provides valuable insurance protection. However, if you make a new application and you are not completely satisfied with your cover you can, within 21 days, return these Policy conditions and your Policy schedule to us with a letter asking us to cancel your policy.

We will cancel your policy and promptly send you a full refund of *premiums* paid provided you have not exercised any rights under your policy.

The '21 day' period commences from the date you receive your Policy schedule. Unless you can prove otherwise, we will assume it was received by you within five business days of us issuing it.

Guarantee to renew

As long as each *premium* due is paid within the grace period allowed (see the Unpaid premium clause on the next page), your policy can be continued up to the latest benefit expiry date on your Policy schedule regardless of changes in a life insured's personal circumstances.

Guaranteed upgrade of benefits

We may improve the terms of the benefits. If we do so without any change in the standard premium rates applying to that benefit under this class of policy, we will incorporate the improvement in your policy. Any medical condition existing at the time the improvement is offered or any injuries sustained prior will be excluded from being eligible for payment under the improved terms.

Changes to your policy

You must submit a written request if you want to make a change to your policy. In order to consider your request, we may ask for further information. If we agree, we will confirm any changes in writing. Only an authorised member of our staff can agree to change or waive any condition of your policy. Your adviser does not have authority to change or waive any policy conditions.

If there are any material changes to the circumstances described in your policy we will advise you of that change. Changes to the fees and charges you pay for your policy

(other than adjustments to premium) will be notified to you at least 30 days prior to the change taking effect. All other changes will be notified in the annual statement sent to you.

World-wide cover

This policy covers you 24 hours a day, seven days a week, world-wide.

Termination of your policy

Your policy terminates on the first to occur of:

- the death of the last life insured covered under your policy
- the latest benefit expiry date on your Policy schedule
- the non-payment of any *premium* within 30 days of its due date
- termination of the *related super policy* (if a related Protection Plus or Superannuation Term Life Plus policy exists)
- our receipt of your written notification to terminate this policy.

Some additional terminations apply depending on the cover you select:

Zurich Protection Plus:

- the *policy anniversary* after the last life insured's 99th birthday
- the payment of 100 per cent of the Death benefit in relation to the last life insured under your policy.

Zurich Income Replacement:

- the death of the life insured covered under your policy, unless a benefit continues to be payable under the Family care option, Spouse cover option or Family support benefit.
- if the life insured's occupation is Special Risk (SR), the policy will terminate at the end of any 12 month period during which the life insured has not been engaged in *full-time paid employment* other than where this is a direct result of a claimable event under your policy or where we have given written permission for cover to continue.

Zurich Superannuation Term Life Plus:

- the *policy anniversary* after the life insured's 99th birthday
- the payment of 100 per cent of the Death benefit in relation to the life insured under your policy.

Premium and reinstatements

Payment of premium

The *premium* is payable on the due dates shown on your Policy schedule. *Premiums* must be paid to keep your policy in force. All *premiums* must be paid in Australian dollars.

Unpaid premium

It is your responsibility to pay *premiums* to keep this policy in force. If any *premium* is not paid within 30 days of its due date, regardless of the method of payment chosen, your policy will lapse and no benefits are payable.

Reinstatement

Your policy can be considered for reinstatement if we receive all outstanding *premiums* together with a signed reinstatement application. We will consider an application for reinstatement within 12 months of the due date of the first unpaid *premium* but we may decline to reinstate or impose conditions.

If your policy is reinstated, no payments will be made for an insured event, which occurred or became apparent while your policy was lapsed.

Waiver of premiums

Zurich Income Replacement

You do not have to pay the portion of the *premium* (other than for Spouse cover), for any period during which the *income benefit* or Specified injury benefit is payable. If we receive your completed claim form within 30 days from the start of the life insured's *sickness* or *injury* and the *income benefit* is payable, we will also refund the portion of the *premium* you have paid for the *waiting period*.

If you have the Spouse cover option, you do not have to pay the portion of the *premium* for the Spouse cover option for the period while you are receiving a Spouse cover benefit.

Amount of premium

The *premium* payable from the start of your policy to the first *policy anniversary* is shown on your Policy schedule. Where relevant, your Policy schedule will also show whether you have stepped premium or level premium.

If you make any overpayment of *premium*, we may retain the overpayment, unless it exceeds \$5.00

Stepped premium

Where you have the stepped premium structure the *premium* payable changes on each *policy anniversary*.

At that time, the *premium* is calculated for the life insured from our current standard premium rates on the basis of:

- the gender, age next birthday and smoking status of the life insured
- the *level of cover*, *waiting period* and *benefit period* (where relevant)
- if applicable, any optional benefits applying
- the amount of cover for each benefit provided
- the frequency of payment
- any extra *premium* or loading applying.

Level premium

Where you have the level premium structure the *premium* payable (except for the Management fee) does not change on each *policy anniversary* until the *policy anniversary* following your 64th birthday (*policy anniversary* following your 65th birthday for Zurich Income Replacement) from which date your *premiums* will be calculated each year as per the stepped premium structure. However, if the amount of cover increases at the *policy anniversary* under the Inflation protection benefit, the *premium* for the increase in cover is calculated at that time from our current standard premium rates on the basis of:

- the age next birthday of the life insured
- the gender and smoking status of the life insured
- the *level of cover*, *waiting period* and *benefit period* (where relevant)
- if applicable, any optional benefits applying
- the amount of the increase in cover for each benefit provided
- the frequency of payment
- any extra *premium* or loading applying.

Even when you have the level premium structure, the *premium* may change if we change the standard premium rates applying to a benefit provided by your policy. When the standard premium rates can be changed is explained in the Premium review clause below.

Premium review

We cannot change the premium rates applying to a benefit provided by this policy unless we change the premium rates applicable to that benefit under this class of policy generally. We will notify you of any changes in premium rates applying to this policy at least 30 days prior to the change taking effect.

Management fee

The Management fee at the start of your policy is shown on your Policy schedule.

Each year, the Management fee increases on the *policy anniversary*. The increase is based on the annual *consumer price index* (CPI) increase to the end of the December quarter. If your *policy anniversary* is in:

- April through to December, we use the annual CPI increase to the end of the December quarter of the previous calendar year
- January through to March, we use the annual CPI increase to the end of the December quarter one year earlier.

We retain the right to change the Management fee. Where changes, other than the annual adjustment described above take place, you will be given a minimum of 30 days written notice.

Taxes

Your *premium* will include any taxes imposed by State or Federal Governments. Should any changes in the law result in additional taxes or impost in relation to your policy, these amounts may be added to your *premium*.

Making a claim

You are responsible for providing all evidence to support your claim to us at your expense.

All claims are paid in Australian dollars.

How to claim

If you need to make a claim you should notify us as soon as is reasonably possible after the occurrence of the event giving rise to the claim. You can do this by contacting our Client Service Centre and a claim form will be forwarded to you to complete, sign and return to us. Alternatively you can access claim forms on our website www.zurich.com.au

Claim requirements

We need the following items in a form satisfactory to us before we can assess any claim:

- your Policy schedule
- proof of claimable event or condition and when it occurred
- supporting evidence from appropriate specialist *medical practitioners* registered in Australia or New Zealand (or other country approved by us)
- proof of the life insured's age
- in the case of a claim under the Spouse cover option, proof of the covered *spouse's* age
- proof of incurred costs where the benefit payment is based on reimbursement
- if requested, a signed discharge from the person entitled to receive payment.

For the Business expenses option:

- proof of pre-disability earnings
- proof of *business earnings* received during the period of the claim, and *eligible business expenses* incurred during the period of the claim
- proof of the basis normally applying in your *business* or professional practice for apportioning the expenses and outgoings to the life insured
- proof of any other income, and expenses, taken into account in the calculation of the Business expenses benefit.

Assessing your claim

In assessing your claim we will also rely on any information you or the life insured disclosed to us as part of your application. Where information was not verified at the time of application we reserve the right to verify it at the time of claim.

(a) For Zurich Protection Plus and Zurich Superannuation Term Life Plus, proof of the occurrence of any insured event must be supported by:

- one or more appropriate specialist *medical practitioners* registered in Australia or New Zealand (or in another country approved by us)
- confirmatory investigations including, but not limited to, clinical, radiological, histological and laboratory evidence
- if a Trauma claim is a result of a surgical procedure, we will require evidence that the procedure was medically necessary.

Our medical advisers must support the occurrence of the insured events. We reserve the right to require the life insured to undergo an examination or other reasonable tests to confirm the occurrence of the insured event.

Where the diagnostic techniques used in our trauma condition definitions are impractical to apply or have been superseded due to medical improvements, new techniques may be taken into account, at our discretion.

(b) For Zurich Income Replacement:

- a claimable condition must also be supported by confirmatory investigations including, as appropriate (but not limited to) any clinical, radiological, histological and laboratory evidence that we reasonably require to substantiate the claim
- you may be asked to provide copies of personal and business tax returns, assessment notices and/or other financial evidence to substantiate the life insured's income
- when it is necessary to enable us to calculate the amount of the benefit payable, you must allow us to examine the life insured's business and personal financial circumstances.

Medical examination

We may require the life insured to undergo an examination and reasonable tests, necessary to enable the diagnosis to be confirmed by a specialist *medical practitioner* appointed by us. If we request a medical examination by a *medical practitioner* we select, we will pay for it.

Payment of benefits

(a) Death benefit and Accidental death benefit:

If you had made a nomination of beneficiary or beneficiaries that was valid at the time of the life insured's death, we will pay the Death benefit (and Accidental death benefit where applicable) under this policy in accordance with your directions and in the proportions specified by you if it is lawful for us to do so. If your nomination or nominations are subject to external dispute resolution processes, we will pay these benefits as directed by a court or by the relevant dispute resolution authority.

If you had not made a nomination of beneficiary or beneficiaries that was valid at the time of the life insured's death, we will pay any Death benefit (and Accidental death benefit where applicable) to:

- you if you were not also the life insured
- your estate if you were also the life insured.

(b) Zurich Superannuation Term Life Plus:

All benefits under these policies are payable to the Trustee of the Fund.

All other benefits under this policy will be paid to you unless otherwise specified in these Policy conditions.

Residency and compliance with laws

We and other companies within the worldwide Zurich group of companies have obligations under Australian and foreign laws. This policy has only been designed to meet legal and tax requirements for customers resident in Australia.

Notwithstanding any other term of the policy:

- we may refrain from taking any action which we consider could place us or another company within the worldwide Zurich group at risk of breaching any law in force in Australia or in any other country
- we may take any action which we consider could be necessary to enable us or another company within the worldwide Zurich group to comply with any law in force in Australia or in any other country
- prior notice of any change to residency (of yourself or the life insured) must be given, in which case we may transfer your details and those of the life insured to another company within the worldwide Zurich group of companies to check whether a product suited to the new situation and residence is available
- you and the life insured acknowledge that any change in residency status may alter the tax circumstances and agree to hold us harmless for any adverse tax consequence suffered by you or any life insured as a result of a change in country of residence of yourself or any life insured.

Zurich Protection Plus

These Policy conditions apply to Zurich Protection Plus.

Your Policy schedule shows each life insured covered under this policy and lists the Death benefit amount (if applicable), the TPD benefit amount (if applicable) and the Trauma benefit amount (if applicable) that applies to each life insured. It also shows any optional benefits provided and whether your policy has a *related super policy* or *related protection policy*.

If a *related super policy* is shown, additional benefits and conditions apply (refer to the section 'Related policies – additional benefits and conditions for policies without a Death benefit' on page 24).

If a *related protection policy* is shown, additional benefits and conditions apply (refer to the section 'Related policies – additional benefits and conditions for policies with a Death benefit' on page 25).

A life insured is only covered for the benefits and for the amounts applying to that life insured as shown on the Policy schedule until the applicable benefit expiry dates.

You can apply to add optional benefits or to increase levels of cover, but only if we accept your application after considering the relevant person's personal circumstances including health, occupation and pastimes.

Cover is automatically increased in line with inflation each year under the Inflation protection benefit unless you request us not to make these increases.

These Policy conditions for Zurich Protection Plus are set out in the following order:

- Death benefits
- Total and Permanent Disablement (TPD) benefits
- Trauma benefits
- standard built-in benefits (which apply to Death benefits, TPD benefits and Trauma benefits)
- optional benefits.

Death benefits

Death benefit

The Death benefit amount is payable upon the death of a life insured covered for this benefit, while this policy is in force and prior to the applicable Death benefit expiry date. Your Policy schedule shows the benefit expiry date applying to the Death benefit for each life insured covered for this benefit.

Terminal illness benefit

An advance payment of the Death benefit is payable if a life insured covered for the Death benefit is diagnosed as *terminally ill* while this policy is in force and prior to the applicable Death benefit expiry date.

Accidental injury benefit

The benefit amount specified below in either paragraph (a) or paragraph (b) (but not both) is payable if a life insured covered for the Death benefit suffers an *accidental injury* while this policy is in force and prior to the applicable Death benefit expiry date.

- (a) In the case of an *accidental injury* which causes the entire and irrevocable loss of the use of one hand or one foot or the sight of one eye, a benefit amount of the lesser of 25 per cent of the Death benefit and \$500,000 is payable.
- (b) In the case of an *accidental injury* which causes the entire and irrevocable loss of the use of both hands or both feet or the sight of both eyes or any combination of two of the following:
 - the use of one hand
 - the use of one foot
 - the sight of one eye

a benefit amount of the lesser of 100 per cent of the Death benefit and \$2,000,000 is payable.

The Accidental injury benefit will not be payable if:

- a benefit is paid for the same *injury* under the TPD benefit, the Partial TPD benefit or Extended trauma benefit or
- the *injury* is the result of war (whether declared or not) or
- the *injury* is a result of intentional self-inflicted injuries or attempted suicide.

Future insurability benefit – business

This benefit does not apply to a life insured if the Business future cover option is selected for that life insured.

- (a) If, on the Death benefit start date, we accepted that the life insured was a key person in your *business* then, within three months of the end of each financial

year of the *business*, the Death cover amount can be increased in proportion to the life insured's increase in his/her value to the *business* over that financial year.

The value of a key person in any year will be equal to his/her total remuneration package excluding discretionary benefits, plus his/her share of the net profits distributed by the *business* in that year.

- (b) If the policy owner is a corporation and, on the Death benefit start date, we accepted that the life insured was a shareholder and the person primarily responsible for generating income for the corporation then, within three months of the end of each financial year of the corporation, the Death cover amount can be increased in proportion to the increase in the value of the life insured's financial interest in the corporation over that financial year.

The value of the financial interest of the life insured over the financial year will be based on his/her share of the net assets of the corporation at the end of that year, compared to that applying at the start of the year.

Restrictions

The sum of all increases under this benefit cannot exceed the lower of the cover amount applying to that life insured on the Death benefit start date and \$1,000,000. In any 12 month period increases are limited to 50 per cent of the cover amount applying to that life insured on the Death benefit start date.

For a period of six months after an option is exercised, the increase in the benefit amount is only payable on *accidental death*.

The provisions of this benefit do not apply to any cover which is bought back or reinstated under another policy benefit or option.

Advancement for funeral expenses

While a claim for the Death benefit is being settled, we may advance up to \$15,000 of the benefit towards payment of funeral expenses. An application for payment of funeral expenses must be made by the person to whom the Death benefit is payable or by another person acceptable to us and must include a copy of the death certificate and the funeral invoice.

Buy back death benefit (TPD)

If a life insured is covered for Death and TPD (as shown on your Policy schedule), you can repurchase the Death cover for a life insured which was reduced as a result of the payment of the TPD benefit (other than a Partial TPD benefit) without providing any evidence of the life insured's personal

circumstances, on the date 12 months after payment of the TPD benefit.

A Buy back death benefit opportunity can only be exercised before the *policy anniversary* following the life insured's 74th birthday and within 30 days of the applicable opportunity date. The Future insurability benefit does not apply to any repurchased Death benefit.

The *premium* applying to the Death cover repurchased will be based on our then current rates and the life insured's age, gender, smoking status and any premium loadings which applied to the Death cover which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover repurchased.

You can exercise a Buy back death benefit opportunity by accepting our offer in writing.

Buy back death benefit (Trauma)

If a life insured is covered for Death and Trauma (as shown on your Policy schedule), you can repurchase the Death cover for a life insured which was reduced as a result of the payment of the Trauma benefit (other than a Partial trauma benefit) without providing any evidence of the life insured's personal circumstances, as follows:

- up to one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 12 months after the payment of the Trauma benefit
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 24 months after the payment of the Trauma benefit
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 36 months after the payment of the Trauma benefit.

A Buy back death benefit opportunity can only be exercised before the *policy anniversary* following the life insured's 74th birthday and within 30 days of the applicable opportunity date. The Future insurability benefit does not apply to any repurchased Death benefit.

The *premium* applying to the Death cover repurchased will be based on our then current rates and the life insured's age, gender, smoking status and any premium loadings which applied to the Death cover which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover repurchased.

You can exercise a Buy back death benefit opportunity by accepting our offer in writing.

Exclusions

No claim is paid if the life insured's death is caused directly or indirectly by an event or condition specified on your Policy schedule in relation to that life insured or by suicide within 13 months of:

- the Death benefit start date
- the benefit start date of any increase in the Death benefit applied for (but only in respect of the increase) or
- the latest reinstatement of your policy.

We will waive the suicide exclusion if, immediately prior to the commencement of this benefit, you had death cover in relation to the life insured which was in force for at least 13 consecutive months (without lapsing and/or reinstatement) with us or another insurer, and we agreed to replace this cover. The waiver will only apply up to the amount that we agreed to replace.

Benefit adjustments

The Death benefit applying to a life insured is reduced by the amount paid or advanced, under any of the following:

- Terminal illness benefit
- Accidental injury benefit
- Advancement for funeral expenses
- TPD benefit
- Partial TPD benefit
- Trauma benefit
- Partial trauma benefit

in relation to that life insured.

Your *premium* will be based on the reduced levels of cover from the next premium due date after payment of the relevant benefit.

Termination of the Death benefits

The benefits set out in this section of your policy terminate in relation to a life insured on the first to occur of:

- the payment of the total Death benefit amount
- the death of the life insured
- our receipt of your written notification to terminate this benefit
- the Death benefit expiry date shown on your Policy schedule and
- the termination of your policy (see the Termination of your policy clause on page 4).

Total and Permanent Disablement (TPD) benefits

TPD benefit

The TPD benefit amount is payable upon the *total and permanent disablement* of a life insured covered for this benefit. The life insured must suffer *total and permanent disablement* when this policy is in force and before the applicable benefit expiry date. Your Policy schedule also shows the benefit expiry date applying to the TPD benefit for each life insured.

However, from the *policy anniversary* following the life insured's 64th birthday:

- no benefit will be paid if the life insured meets paragraphs (b), (c) or (e) of the definition of *total and permanent disablement* (on page 53), and
- the benefit amount is limited to a maximum of \$3,000,000.

If the life insured has been engaged in full-time domestic duties in his/her own residence for more than six consecutive months prior to the onset of the *sickness or injury* leading to *total and permanent disablement* then only paragraphs (a), (c) and (d) of the definition of *total and permanent disablement* (on page 53) apply.

Your Policy schedule details whether standard 'Any' occupation TPD, standard 'Own' occupation TPD, Double 'Any' occupation TPD or Double 'Own' occupation TPD are provided for a life insured and, if so, the benefit amount.

Restrictions and limitations

The maximum combined amount we will pay for *total and permanent disablement* under this benefit and the Living activities TPD option following the life insured's 64th birthday is \$3,000,000.

Exclusions

No claim is paid if the life insured's *total and permanent disablement* is caused directly or indirectly by:

- an intentional self-inflicted act or attempted suicide, or
- any event or medical condition specified as an exclusion on your Policy schedule in relation to that life insured.

Partial TPD benefit

This benefit is payable if a life insured covered for the TPD benefit suffers the entire and irrevocable loss of the use of one hand or one foot or the sight of one eye, while this policy is in force and prior to the TPD benefit expiry date.

The benefit is the lesser of:

- 25 per cent of the TPD benefit and
- \$500,000.

The Partial TPD benefit will not be payable if:

- a benefit is paid for the same loss of use under the Accidental injury benefit or the Extended trauma benefit or
- the loss of use is the result of war (whether declared or not) or
- the loss of use is a result of intentional self-inflicted injuries or attempted suicide.

Double TPD benefit

If a life insured is covered for Double 'Any' occupation TPD or Double 'Own' occupation TPD (as shown on your Policy schedule) the amount by which the Death benefit for that life insured is reduced as a result of the payment of the Double TPD benefit is reinstated if:

- the life insured survives for 14 days after the date the Double TPD benefit is paid and
- this occurs before the *policy anniversary* following the life insured's 64th birthday.

The *premium* in respect of the Death benefit amount reinstated is waived until the Death benefit expiry date.

On the *policy anniversary* following the life insured's 64th birthday, the Double TPD cover will automatically convert to standard TPD cover.

Benefit adjustments

The TPD benefit applying to a life insured is reduced by any amount paid or advanced under any of the following:

- Terminal illness benefit
- Accidental injury benefit
- Partial TPD benefit
- Trauma benefit
- Partial trauma benefit

in relation to that life insured.

Your *premium* will be based on the reduced levels of cover from the next premium due date after payment of the relevant benefit. Where you have more than one TPD cover, where such a reduction applies, the reduction in cover will be proportional across all such TPD benefits.

If you have both Trauma cover and TPD cover and a claim for the same insured event can be made under both covers, we will only pay under the Trauma cover unless the TPD sum insured is higher, in which case we will also pay a TPD benefit of the difference in the sums insured.

Termination of the TPD benefits

The TPD cover terminates in relation to a life insured on the first to occur of:

- the payment of the total TPD benefit amount
- the death of the life insured
- on receipt of your written notification to terminate this cover
- the TPD benefit expiry date shown on your Policy schedule
- the termination of your policy (see the Termination of your policy clause on page 4).

Trauma benefits

Trauma benefit

The Trauma benefit amount or applicable proportion in the case of the Partial trauma benefit or partial advancement under *major organ transplant*, is payable if a life insured covered for this benefit is diagnosed with an insured event:

- while this policy is in force
- before the applicable benefit expiry date.

Your Policy schedule shows whether you have selected Extended trauma or Basic trauma. If you have selected Extended trauma, then the list of covered conditions that applies to you is *trauma events – extended*. If you have selected Basic trauma, then the list of covered conditions that applies to you is *trauma events – basic*. The covered event lists and definitions for each condition can be found in the section 'Definitions' beginning on page 44.

Your Policy schedule also shows the benefit expiry date applying to the Trauma benefit for each life insured.

Some trauma events in the list are marked with an asterisk (*) where exclusions apply (see the Exclusions clause on this page).

If Trauma cover is the only cover selected or if Trauma cover exceeds Death cover then in respect of the cover which exceeds Death cover, no payment will be made unless the life insured survives for at least 14 days after the date of occurrence of an insured event.

If the life insured is covered under both Trauma cover and TPD cover and a claim for the same insured event can be made under both covers, only the Trauma benefit is payable, unless the TPD sum insured is higher, in which case we will also pay a TPD benefit of the difference in the sums insured.

From the *policy anniversary* after the life insured's 75th birthday the only insured events which apply are *loss of independence* and *loss of limbs or sight*.

Partial trauma benefit (Extended trauma)

The Partial trauma benefit only applies to a life insured where the Extended Trauma benefit applying to that life insured equals or exceeds \$100,000.

We will pay a benefit equal to 10 per cent of the Extended trauma benefit, subject to a maximum of \$25,000 if a life insured covered for this benefit is diagnosed with one of the following insured events:

- *carcinoma in situ**
- *colostomy or ileostomy**
- *diabetes (type 1)**

- *early stage chronic lymphocytic leukaemia**
- *early stage melanoma**
- *early stage prostate cancer**
- *loss of hearing in one ear*
- *minimally invasive cardiac surgery – including coronary artery angioplasty**
- *severe rheumatoid arthritis**
- *single loss of limb or eye*

A Partial trauma benefit will only be paid once for each event, except for *minimally invasive cardiac surgery – including coronary artery angioplasty* which may be claimed on more than one occasion (subject to the exclusion below). The benefit payable on the first instance will be 10 per cent of the Trauma benefit under this policy, subject to a maximum of \$25,000. The benefit payable for any subsequent *minimally invasive cardiac surgery – including coronary artery angioplasty* claim will be 10 per cent of the Trauma benefit under this policy, subject to a maximum of \$25,000 and a minimum of the amount paid for the first claim.

Exclusions

No claim is paid if the insured event is caused directly or indirectly by:

- an intentional self-inflicted act or attempted suicide or
- any event or medical condition specified as an exclusion on your Policy schedule in relation to the life insured.

In the case of insured events marked with an asterisk (*), no claim will ever be paid if the condition occurred, is first diagnosed or the circumstances leading to diagnosis became apparent or a recommendation of the need to have surgery occurs, within 90 days of:

- the Trauma benefit start date
- the benefit start date of any increase in Trauma benefit applied for (but only in respect of the increase) or
- the latest reinstatement of your policy.

We will waive this 90 day elimination period if the Trauma benefit under this policy replaces cover for the same insured event for the life insured with us or another insurer, but only to the extent of the benefit amount replaced, and only if the life insured is not within our or the other insurer's 90 day elimination period.

We will not pay a benefit for *minimally invasive cardiac surgery – including coronary artery angioplasty* where the procedure occurs within six months after a prior *minimally invasive cardiac surgery – including coronary artery angioplasty* procedure for which a benefit was paid.

Paralysis booster benefit

If we pay a Trauma benefit for paralysis (*diplegia, hemiplegia, quadriplegia or paraplegia*) then we will double the amount of benefit payable up to a maximum 'boosted' payment in respect of a life insured of \$2,000,000.

Benefit adjustments

The Trauma benefit applying to a life insured is reduced by the amount paid or advanced under any of the following:

- Terminal illness benefit
- Accidental injury benefit
- TPD benefit
- Partial TPD benefit
- Partial trauma benefit

in relation to that life insured.

Your *premium* will be based on the reduced cover from the next premium due date after payment of the relevant benefit.

Funeral benefit

This benefit only applies to a life insured if Trauma cover is selected and Death cover is not. A benefit of \$5,000 is payable on the death of a life insured covered for this benefit while this policy is in force and prior to the applicable benefit expiry date, but only if the life insured is not entitled to be paid a Trauma benefit for one of the specified Traumas.

We will not pay this Funeral benefit if:

- the life insured's death was caused, directly or indirectly by suicide within 13 months of the Trauma benefit start date or the latest reinstatement of your policy
- you have received a Trauma benefit other than a Partial trauma benefit.

Termination of Trauma benefits

The Trauma cover terminates in relation to a life insured on the first to occur of:

- the payment of the total Trauma benefit amount
- the death of the life insured
- our receipt of your written notification to terminate this cover
- the Trauma benefit expiry date shown on your Policy schedule and
- the termination of your policy (see the Termination of your policy clause on page 4).

Standard built-in benefits

The following benefits are built into the Zurich Protection Plus policy, and apply to each life insured, regardless of the covers selected.

Future insurability benefit – personal

You have the option to increase the Death benefit or TPD benefit or Trauma benefit applying for a life insured, before his/her 55th birthday, without our reassessment of his/her personal circumstances, as long as:

- you have not received, nor are entitled to receive, a benefit under this policy in relation to that life insured
- we or any other life insurer have not waived or are not waiving, premiums in relation to that life insured.

The option can be exercised within 30 days of any of the following events, on the terms specified:

(a) If the life insured:

- marries
- divorces
- becomes a parent (whether through the birth or adoption of a child)
- becomes a full-time carer
- becomes a widow or widower (through the death of a *spouse*)

you can increase the benefit amount by a minimum of \$10,000 and a maximum of the lesser of:

- 25 per cent of the Death benefit or TPD benefit or Trauma benefit amount applying to that life insured on the applicable benefit start date and
- \$200,000.

(b) If the life insured takes out for the first time or increases, his/her mortgage on his/her principal place of residence or if the life insured takes out a new investment property loan, you can increase the benefit amount by the lesser of:

- the amount of the new mortgage or investment property loan or the increase in the mortgage and
- 25 per cent of the Death benefit or TPD benefit or Trauma benefit amount applying to that life insured on the applicable benefit start date and
- \$200,000.

(c) If a dependent child of the life insured starts secondary school, you can increase the benefit amount by a minimum of \$10,000 and a maximum of the lesser of:

- 25 per cent of the Death benefit or TPD benefit or Trauma benefit amount applying to that life insured on the applicable benefit start date and
- \$200,000.

(d) If the life insured experiences a significant increase in salary (minimum 15 per cent), you can increase the benefit amount by a minimum of \$10,000 and a maximum of the lesser of:

- 25 per cent of the Death benefit or TPD benefit or Trauma benefit amount applying to that life insured on the applicable benefit start date and
- \$200,000.

Restrictions

The accumulative sum of all increases under this benefit cannot exceed the lower of the benefit amount applying to that life insured on the applicable benefit start date and \$1,000,000.

In any 12 month period increases are limited to 50 per cent of the cover amount applying to that life insured on the applicable benefit start date.

You cannot increase your TPD benefit amount for a life insured if the increase would cause you to exceed our *maximum underwriting limit*.

You cannot increase your Trauma benefit amount for a life insured if the increase would cause you to exceed our *maximum underwriting limit*.

We retain the right to confirm the life insured's occupation in relation to any increase in the TPD cover amount for a life insured and eligibility and *premiums* in relation to the increased amount will be based on the life insured's occupation at the time of increase.

For the first six months after an increase under this benefit:

- any increased Death benefit amount in relation to a life insured is only payable in the event of the life insured's *accidental death*
- any increased TPD benefit amount in relation to a life insured is only payable in the event his/her *total and permanent disablement* is caused by an *accidental injury*

- any increased Trauma benefit amount in relation to a life insured is only payable in the event of a Trauma suffered as a result of *accidental injury*.

The provisions of this benefit do not apply to any cover which is brought back or reinstated under another policy benefit or option.

Financial planning advice benefit

We will reimburse you up to \$1,000 towards the cost of financial planning advice required as a result of a benefit paid under this policy. You may be asked to provide us with sufficient proof.

Inflation protection

The value of your insurance cover is protected against the impact of inflation by automatically increasing the benefit amounts each year.

This benefit applies to the Death benefit, TPD benefit and the Trauma benefit, but does not apply to any Death benefit, TPD benefit or Trauma benefit which is bought back or reinstated under another policy benefit or option.

The benefit amount is increased in respect of a life insured on each *policy anniversary* by the greater of:

- 5 per cent and
- the percentage increase in the *consumer price index* published for the quarter ending immediately prior to three months before the *policy anniversary* over that published for the quarter ending immediately prior to 15 months before that *policy anniversary*.

You have the option of rejecting our offer to increase the benefit amounts.

Premium freeze

At any *policy anniversary* you may elect to freeze the *premium* for your policy by notifying us in writing. This causes the *premium* to remain constant until the first benefit expiry date or until you tell us in writing that you no longer wish to freeze the *premium* (unless you make a claim or exercise an option that changes the sum insured). As the cost of providing cover generally rises each year in line with the age of each life insured, the effect of freezing the *premium* will be to reduce the cover each year proportionally for each insured benefit and optional benefit.

Nomination of beneficiaries

If you are the sole policy owner and the sole life insured you may nominate one or more beneficiaries to receive the Death benefit and Accidental death benefit (if applicable) in the event of your death. If you make a nomination we will pay the Death benefit and Accidental death benefit (if applicable) directly to the nominated beneficiaries in the proportions specified in the nomination.

Your nomination is subject to the following rules:

- you must be both the only policy owner and life insured to make a valid nomination
 - a nominated beneficiary must be an individual, corporation or trust
 - contingent nominations (eg. nominations which provide for multiple scenarios) cannot be made
 - you may change a nomination at any time or revoke a previous nomination but the change does not take effect until we receive and accept the new nomination
 - the nomination must be properly executed in the form we specify before we can accept it
 - you may have only one nomination in force at any time, and cannot supplement a nomination (to add beneficiaries, you must replace your nomination by making a new one)
 - an attempt at making a new nomination received by us revokes past nominations even if the attempt at making the nomination is defective
 - if ownership of the policy is assigned to another person or entity, then any previous nomination is automatically revoked
 - payment of the Death benefit and Accidental death benefit (if applicable) will be made using the latest unrevoked valid nomination, unless it has been revoked
 - if a nominated beneficiary dies before you, the portion of the Death benefit and Accidental death benefit (if applicable) nominated in respect of that beneficiary will be paid to your Legal Personal Representative
 - if a nominated beneficiary is alive at the time of your death but we are notified of their subsequent death before we can pay him/her, then the entitlement will be paid to the deceased beneficiary's Legal Personal Representative
- a nominated beneficiary has no rights under the policy, other than to receive the nominated policy proceeds after a claim has been admitted by us. He or she cannot authorise or initiate any policy transaction
 - we may delay payment if your nomination or nominations become the subject of legal proceedings or external dispute resolution processes
 - a court order or decision of an external dispute resolution process in relation to a nomination overrides the nomination.

Optional benefits

Your Policy schedule shows the optional benefits applying under your policy and, if applicable, the benefit amount(s). Your Policy schedule also shows the expiry date applying to each optional benefit. A life insured is only covered for these optional benefits if specified on your Policy schedule.

Accidental death option

When the Accidental death benefit is payable

The Accidental death benefit amount is payable if a life insured covered for this benefit suffers *accidental death* which was sustained while both this benefit, and your policy, were in force.

Exclusions – Accidental death benefit

No claim is paid where the *injury* causing the life insured's *accidental death*:

- is the result of suicide or
- is the result of any event specified as an exclusion on your Policy schedule in relation to that life insured.

Termination of Accidental death option

The Accidental death option terminates in relation to a life insured on the first to occur of:

- the payment of the Accidental death benefit amount
- the death of the life insured
- on receipt of your written notification to terminate this option
- the Accidental death benefit expiry date shown on your Policy schedule or
- the termination of your policy (see the Termination of your policy clause on page 4).

Living activities TPD option

When the Living activities TPD benefit is payable

The Living activities TPD benefit amount is payable if a life insured covered for this benefit meets paragraphs (a) or (d) of the definition of *total and permanent disablement* while both this benefit, and your policy, were in force.

Exclusions – Living activities TPD benefit

No claim is paid where the *injury* causing the life insured's *total and permanent disablement*:

- is a result of an intentional self-inflicted act or attempted suicide or
- is a result of any event specified as an exclusion on your Policy schedule

in relation to that life insured.

Termination of the Living activities TPD option

The Living activities TPD option terminates in relation to a life insured on the first to occur of:

- the payment of the Living activities TPD benefit amount
- the death of the life insured
- on receipt of your written notification to terminate this option
- the Living activities TPD benefit expiry date shown on your Policy schedule or
- the termination of your policy (see the Termination of your policy clause on page 4).

Business future cover option

When the Business future cover option can be used

This benefit entitles you to increase:

- the Death benefit (if applicable) in relation to a life insured prior to the life insured's 65th birthday or
- TPD benefit or Trauma benefit amount (if applicable) in relation to a life insured covered for this benefit prior to the life insured's 60th birthday

without our reassessment of his/her personal circumstances, as long as:

- you have not received, nor are entitled to receive, a benefit under this policy in relation to that life insured
- we or any other life insurer have not waived or are not waiving, premiums in relation to the life insured.

The option can only be exercised once in any policy year within 30 days of the event which triggers the increase.

This option allows you to apply for future increases in the Death benefit or TPD benefit or Trauma benefit amount applying to the life insured without the need to provide further health evidence and the trigger is based on the purpose of your policy (our basis of acceptance of your policy is shown on your Policy schedule).

Trigger events for an increase in cover

- If your policy is a combination of key person insurance or loan/guarantor protection or buy-sell and if the value of the life insured's interest in the *business*, *loan guarantee* or *value of the key person to the business* increases.
- If your policy is key person insurance and if the *value of the key person to the business* increases.
- If your policy is for loan/guarantor protection and if the *loan guarantee* increases.
- If your policy is for buy-sell and if the value of the life insured's interest in the *business* increases.

Restrictions and limitations

The maximum Death benefit amount up to which you can increase the cover applying to a life insured under this option is the lower of:

- three times the cover at the Death benefit start date applying to the life insured or
- \$15,000,000.

The maximum TPD cover amount up to which you can increase your cover applying to that life insured under this option is the lower of:

- three times the cover at the TPD benefit start date applying to that life insured or
- \$5,000,000.

The maximum Trauma cover amount up to which you can increase your cover applying to that life insured under this option is the lower of:

- three times the cover at the Trauma benefit start date applying to that life insured or
- \$2,000,000.

We will not increase the Death benefit or TPD benefit or Trauma benefit amount under this option in relation to a life insured if the total amount of cover applying to that life insured for all policies from all sources (including any policies issued by other insurance companies) would exceed our *maximum underwriting limit* or would exceed (depending on the purpose of your policy):

- the *value of the business* or the *loan guarantee* or the *value of the key person to the business* or
- the *value of the key person to the business* or
- the *loan guarantee* or
- the value of the life insured's interest in the *business*.

If the Death benefit or TPD benefit or Trauma benefit amount applying to a life insured was less than 100 per cent of the *value of the business* or the *loan guarantee* or the *value of the key person to the business* or the value of the life insured's interest in the *business* then the relevant cover amount applying to that life insured can only be increased under this option to an equivalent percentage of the *value of the business*, *loan guarantee* or *value of the key person to the business* or the value of the life insured's interest in the *business* at the time of any application to increase your cover in relation to the life insured.

The provisions of this option do not apply to any cover which is brought back or reinstated under another policy benefit or option.

Multiple purposes

If the Death benefit or TPD benefit or Trauma benefit amount applying to a life insured was for multiple purposes then any increases under this option must be proportionate to the allocation that formed the basis of this policy.

Applying for an increase

You must apply for the increase within 30 days of the event which triggers the increase, and give us proof of the event which is satisfactory to us.

To apply for an increase in relation to a life insured, you must apply to us in writing and provide appropriate evidence of the trigger event. Depending on the purpose of your policy, that will be:

- a *valuation of the business or valuation of the key person to the business* (as provided by an independent qualified accountant or business valuer) or evidence of the *loan guarantee*, and any other contractual or financial evidence we may request, to satisfy us that the *value of the business or the loan guarantee or the value of the key person to the business* is at least equal to the requested increased amount of cover
- a *valuation of the key person to the business* (as provided by an independent qualified accountant or business valuer) and any other contractual or financial evidence we may request, to satisfy us that the value of the life insured's financial interest or *valuation of the key person to the business* is at least equal to the requested increased amount of cover
- evidence of the *loan guarantee*, and any other contractual or financial evidence we may request, to satisfy us that the value of the life insured's financial interest is at least equal to the requested increased amount of cover
- a *valuation of the business* (as provided by an independent qualified accountant or business valuer), and any other contractual or financial evidence we may request, to satisfy us that the value of the life insured's interest in the *business* is at least equal to the requested increased amount of cover.

The valuation method used must be the same method of valuation used when you apply and are accepted for this option.

The independent qualified accountant or business valuer cannot be your or the life insured's, family member, business partner, employee or employer.

If you apply to increase the Death benefit applying to a life insured you do not have to increase the TPD benefit or Trauma benefit amount applicable to that life insured at the same time. However, if you apply to increase your TPD benefit or Trauma benefit amount applying to a life insured then you must also increase the Death benefit amount applying to that life insured by at least the same amount at the same time. Any increase in the benefit must be approved by us.

Exclusions – Business future cover option

If the Business future cover option is not used in three consecutive policy years in relation to a life insured then you will not be able to make any further increases under this option in relation to that life insured unless you can demonstrate to our satisfaction that financial evidence relating to the *business* and the purpose identified by you, in respect of that period, did not support an increase in the cover applying to the life insured.

Termination of the Business future cover option

The Business future cover option terminates in relation to a life insured on the first to occur of:

- the death of the life insured
- on receipt of your written notification to terminate this option
- the termination of your policy (see the Termination of your policy clause on page 4).

Premium waiver option

When premiums will be waived

We will waive your *premiums* in respect of a life insured who is covered by this option, for all benefits under this policy, if the life insured is *totally disabled* prior to age 70. We will continue to waive the *premium* in respect of that life insured while he/she remains *totally disabled*.

To qualify for this waiver you must pay *premiums* for three months while a covered life insured is *totally disabled*. However, if we do subsequently waive your *premiums*, we will also refund any *premiums* paid in those three months.

In addition, if a life insured is involuntarily unemployed other than as a direct result of a *sickness* or *injury*, your policy has been in force for the previous 12 months at the time we receive a claim and he/she is registered with an employment agency approved by us, we will waive the *premium* in respect of that life insured for up to three months. A total of three months *premium* may be waived because of unemployment during the life of your policy.

Exclusions – Premium waiver option

Premiums will not be waived in respect of a life insured for *sickness* or *injury* occurring as a direct result of:

- an intentional self-inflicted act or
- attempted suicide or
- *uncomplicated pregnancy or childbirth* or
- an act of war (whether declared or not).

Premiums will not be waived in respect of any *eligible child* who is insured under the Insured child option (and named on your Policy schedule).

Termination of the Premium waiver option

The Premium waiver option terminates in relation to a life insured on the first to occur of:

- the death of the life insured
- on receipt of your written notification to terminate this option
- the *policy anniversary* following the 69th birthday of the life insured or
- the termination of your policy (see the Termination of your policy clause on page 4).

Buy back TPD option

When the Buy back TPD option can be used

If the Buy back TPD option applies for a life insured, then you can repurchase the TPD benefit which was reduced as a result of the payment of the Trauma benefit (other than a Partial trauma benefit) in respect of that life insured without providing any evidence of the life insured's personal circumstances, as follows:

- up to one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 12 months after the payment of the Trauma benefit, if the life insured has returned to full-time work in his/her *usual occupation* for at least six continuous months
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 24 months after the payment of the Trauma benefit, if the life insured has returned to full-time work in his/her *usual occupation* for at least 18 continuous months
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 36 months after the payment of the Trauma benefit, if the life insured has returned to full-time work in his/her *usual occupation* for at least 30 continuous months.

The *premium* applying to the TPD benefit repurchased will be based on our then current rates and the life insured's age, gender, smoking status, occupation and any premium loadings which applied to the TPD cover which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover repurchased.

You can exercise a Buy back TPD option opportunity by accepting our offer in writing.

Limitations – Buy back TPD option

You cannot subsequently claim a repurchased TPD benefit for the same or related cause for which the Trauma benefit was paid. The Future insurability benefit does not apply to any repurchased TPD cover.

A Buy back TPD option opportunity can only be exercised before the *policy anniversary* following the life insured's 64th birthday and within 30 days of the applicable opportunity date.

Accelerated buy back death option

If the Accelerated buy back death option applies for a life insured then 100 per cent of the Death cover reduced for that life insured as a result of the payment of the Trauma benefit can be repurchased on the date 12 months after payment of the Trauma benefit.

You cannot buy back any amount paid as:

- a 'boosted' benefit (under the Paralysis booster benefit)
- a Partial trauma benefit payment.

Insured child option

This option only applies for the insured *eligible child* named on your Policy schedule.

When a trauma benefit is payable

The Insured child benefit amount is payable if an insured *eligible child* suffers one of the insured trauma events while both this benefit and your policy, are in force.

The insured trauma events are:

- *bacterial meningitis*
- *benign tumour of the brain or spinal cord*
- *blindness*
- *cardiomyopathy*
- *chronic kidney failure*
- *deafness*
- *diplegia*
- *encephalitis*
- *hemiplegia*
- *loss of limbs or sight*
- *loss of speech*
- *major head trauma*
- *major organ transplant*
- *malignant cancer**
- *paraplegia*
- *quadriplegia*
- *severe burns*
- *stroke**

If the Insured child benefit exceeds \$200,000, the portion of cover which exceeds \$200,000 is only payable if the insured *eligible child* survives for at least 14 days after the date of occurrence of the insured trauma event.

When an advance payment is payable

An advance payment of \$10,000 is payable if an insured *eligible child* suffers one of the following additional insured events:

- *single loss of limb or eye*
- *severe accident or illness requiring intensive care*

We will only pay this \$10,000 benefit once in respect of each insured event for each insured *eligible child*. The Insured child benefit amount applying to an insured *eligible child* is reduced by the amount advanced following one of the two additional insured events.

When a carer benefit is payable

A monthly carer benefit of \$5,000 is payable if the Insured child benefit is \$200,000 or more and the life insured has to stop *full-time paid employment* to care for an insured *eligible child* at home. The insured *eligible child* must be confined to bed for a minimum of five consecutive days and must be under the regular care of, and following the advice of, a *medical practitioner*.

This benefit is not payable if the trauma benefit under the Insured child option has been paid or is payable, but may be paid in addition to an advance payment under this option.

The carer benefit is paid for each complete month or 1/30th of the carer benefit is paid for each day that you are eligible for this benefit.

A *medical practitioner* must confirm the insured *eligible child* is confined to bed and requires full-time care. We will require this certification every month that the claim continues. The carer benefit is paid for a maximum of three months over the life of the policy.

When a death or terminal illness benefit is payable

We will pay the lesser of:

- the Insured child benefit amount and
- \$200,000

if an insured *eligible child* is diagnosed as *terminally ill*, or upon the death of the insured *eligible child*.

Cover increase provision

You have the option to increase the Insured child benefit applying for an insured *eligible child* by \$10,000 on his/her 6th, 10th and 14th birthdays, without our reassessment of his/her health, as long as:

- cover for the insured *eligible child* will not exceed the maximum of \$500,000
- you have not received, nor are entitled to receive, a benefit under this policy in relation to the insured *eligible child*.

The option can only be exercised within 30 days of any of the specified birthdays.

Conversion to a death and trauma policy

Within 30 days of his/her 18th birthday, an insured *eligible child* may apply to us in writing for a new death and trauma cover policy for the same benefit amount. We will issue the new policy subject to standard policy issue requirements including an assessment of smoker status but we will not reassess any other aspects of his/her health.

The policy provided will be the product offering the most comparable cover, in Zurich's opinion, available at the time of the conversion. The premiums for the new policy will be based on the rates applying to that product at that time (which may depend on factors including smoker status). Any exclusions or loadings that applied to the original Insured child option may also apply to the new policy.

Conversion is only available if we have not paid a benefit under the Insured child option for the insured *eligible child*.

Exclusions – Insured child benefit

No claim is paid if the insured event is caused directly or indirectly by:

- an intentional self-inflicted act or attempted suicide (in the first 13 months) or
- the intentional act of the policy owner or person who will otherwise be entitled to the benefit payable.

In the case of insured events marked with an asterisk (*), no claim will ever be paid if the condition occurred, is first diagnosed or the circumstances leading to diagnosis became apparent or a recommendation of the need to have surgery occurs, within 90 days of:

- the benefit start date of the Insured child option
- the benefit start date of any increase in the Insured child benefit applied for (but only in respect of the increase) or
- the latest reinstatement of your policy.

We will waive this 90 day elimination period if the Insured child option under this policy replaces cover for the same insured events for an insured *eligible child* with us or another insurer, but only to the extent of the benefit amount replaced, and only if the insured *eligible child* is not within our or the other insurer's 90 day elimination period.

Termination of Insured child option

The Insured child option terminates in relation to an insured *eligible child* on the first to occur of:

- the payment of the Insured child benefit amount
- the death of the insured *eligible child*
- the insured *eligible child* being diagnosed as *terminally ill*
- on receipt of your written notification to terminate this option
- the Insured child benefit expiry date shown on your Policy schedule
- on the *policy anniversary* following the insured *eligible child's* 18th birthday or
- the termination of your policy (see the Termination of your policy clause on page 4).

If an insured *eligible child* suffers more than one insured trauma event, the Insured child benefit is only payable in respect of one insured trauma event.

Trauma reinstatement option

When the Trauma reinstatement option can be used

If the Trauma reinstatement option applies for a life insured then you can reinstate the Trauma benefit which was reduced as a result of the previous payment of the Trauma benefit (including a Partial trauma benefit) in respect of the life insured. 100 per cent of the Trauma benefit can be reinstated without providing any evidence of the life insured's personal circumstances on the date 12 months after payment of the Trauma benefit.

The Future insurability benefit does not apply to any reinstated Trauma benefit.

A Trauma reinstatement option opportunity can only be exercised before the *policy anniversary* following the life insured's 74th birthday and within 30 days of the date 12 months after payment of the Trauma benefit.

The *premium* applying to the Trauma benefit reinstated will be based on our then current rates and the life insured's age, gender, smoking status, occupation and any premium loadings which applied to the Trauma benefit which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover reinstated.

You can exercise a Trauma reinstatement option opportunity by accepting our offer in writing.

Limitations – Trauma reinstatement option

If you are subsequently diagnosed with a specified Trauma, we will pay a claim under the reinstated cover provided the specified Trauma occurred or was diagnosed or the circumstances or symptoms leading to diagnosis became apparent after the Trauma cover was reinstated, subject to the following conditions:

We will not pay a claim under the reinstated Trauma cover if the specified Trauma:

- is the same condition as the original specified Trauma
- is directly or indirectly caused by or related to the original specified Trauma or symptoms or condition(s) which caused the original specified Trauma
- is a *loss of independence*
- is a 'heart condition' if the original claim was for a 'heart condition' or
- is a *stroke* or paralysis (directly or indirectly resulting from a *stroke*) and the original specified Trauma was a heart condition.

In the above paragraph, 'heart condition' means any of the following specified Traumas: *aorta repair, coronary artery bypass surgery, heart attack, heart valve surgery, cardiomyopathy, triple vessel coronary artery angioplasty, primary pulmonary hypertension.*

Double trauma option

If a life insured is covered for the Double trauma option (as shown on your Policy schedule) the amount by which the Death benefit for that life insured is reduced as a result of the payment of the Trauma benefit is reinstated if:

- the life insured survives for 14 days after the date the Trauma benefit is paid and
- this occurs before the *policy anniversary* following the life insured's 64th birthday.

The Death benefit cannot be reinstated where it is reduced as a result of a Partial trauma benefit payment.

The *premium* in respect of the Death benefit amount reinstated is waived until the Death benefit expiry date.

Any exclusions which applied to the cover reduced will also apply to the cover reinstated.

On the *policy anniversary* following the life insured's 64th birthday, the Double trauma option will end and cover will automatically convert from Double Extended trauma to Extended trauma.

Restrictions and limitations

If you have both Trauma reinstatement option and Double trauma option, the Trauma cover that will be reinstated after a Trauma claim will be standard Extended trauma cover (ie. not Double trauma).

Top-up option

If we pay the Partial trauma benefit for *carcinoma in situ, colostomy or ileostomy, diabetes (type 1), early stage chronic lymphocytic leukaemia, early stage melanoma, early stage prostate cancer, loss of hearing in one ear, severe rheumatoid arthritis or single loss of limb or eye*, for a life insured covered for this option, then we will increase the amount of benefit payable to 25 per cent of the Trauma benefit amount, up to a maximum payment in respect of a life insured of \$100,000.

If we pay the Partial trauma benefit for *minimally invasive cardiac surgery – including coronary artery angioplasty*, then we will increase the amount of benefit payable to 25 per cent of the Trauma benefit amount, up to a maximum payment in respect of a life insured of \$50,000. If we pay the Partial trauma benefit for any subsequent *minimally invasive cardiac surgery – including coronary artery angioplasty*, then we will increase the amount of benefit payable to 25 per cent of the Trauma benefit under this policy, subject to a maximum of \$50,000 and a minimum of the amount paid for the first claim.

Your sum insured will be reduced by each amount paid under this benefit and *premiums* will be calculated on the reduced sum insured.

Needlestick cover option

When the Needlestick benefit is payable

The Needlestick benefit is payable if a life insured covered for this benefit becomes infected with HIV (Human Immunodeficiency Virus), Hepatitis B or Hepatitis C as a result of an accident occurring during the course of his/her normal occupation.

Any accident giving rise to a potential claim must be reported to us as soon as possible.

In the event of a claim you must provide us with all of the following:

- proof of the occupational accident that gave rise to the infection including the incident report and the names of any witnesses to the accident
- proof that the accident involved a definite source of the relevant infection
- proof that a new infection with either HIV, Hepatitis B or Hepatitis C has occurred within six months of the documented accident, demonstrating sero-conversion from:
 - HIV antibody negative to HIV antibody positive
 - Hepatitis C antibody negative to Hepatitis C antibody positive
 - Hepatitis B surface antigen negative to Hepatitis B surface antigen positive
- access to test independently all the blood samples used.

Restrictions and limitations

The maximum combined amount we will pay for *occupationally acquired HIV* under all policies issued by us is \$2,000,000. This does not include any income benefits you are entitled to.

Exclusions – Needlestick benefit

A benefit will not be payable if:

- HIV, Hepatitis B and Hepatitis C is contracted by any other means
- a medical cure is found for Acquired Immune Deficiency Syndrome (AIDS) or the effects of the HIV virus, Hepatitis B or Hepatitis C (as applicable) or in the event of a treatment being developed and approved which makes these viruses inactive and non-infectious.

Termination of the Needlestick cover option

The Needlestick cover option terminates in relation to a life insured on the first to occur of:

- the payment of the Needlestick benefit amount
- the death of the life insured
- on receipt of your written notification to terminate this option
- the Needlestick benefit expiry date shown on your Policy schedule or
- the termination of your policy (see the Termination of your policy clause on page 4).

Related policies – additional benefits and conditions for policies without a Death benefit

If your policy has no Death benefit and is related to a Protection Plus or Superannuation Term Life Plus policy with a Death benefit (the *related super policy*), the following additional terms apply to your ordinary Protection Plus policy. These additional terms:

- apply in addition to the conditions for the relevant benefit or option specified elsewhere in these Policy conditions, but
- only apply if you have selected the relevant benefit or option.

TPD benefits

Double TPD benefit

Subject to the conditions specified for this benefit, this benefit also reinstates and waives *premium* on the Death benefit on a *related super policy* in the event a Double TPD benefit is paid.

Benefit adjustments

In addition to the adjustments specified on page 11, the TPD benefit applying to a life insured is also reduced by any amount paid or advanced under a Terminal illness benefit paid under a *related super policy*.

If you have both Trauma cover and TPD cover (or TPD cover under a *related super policy*) and a claim for the same insured event can be made under both covers, we will only pay under the Trauma cover and will not pay under the TPD cover (including TPD cover on a *related super policy*) unless the TPD sum insured is higher, in which case, we will also pay a TPD benefit of the difference in the sums insured.

Trauma benefits

Trauma benefit

If the life insured is covered under both Trauma cover and TPD cover (or TPD cover on a *related super policy*) and a claim for the same insured event can be made under both covers, only the Trauma benefit is payable unless the TPD sum insured is higher, in which case, we will also pay a TPD benefit of the difference in the sums insured.

Benefit adjustments

In addition to the adjustments specified on page 13, the Trauma benefit applying to a life insured is also reduced by any amount paid or advanced under a Terminal illness benefit or TPD option on a *related super policy*.

Funeral benefit

This benefit does not apply if a life insured has Death cover under a *related super policy*.

Standard built-in benefits

Future insurability benefit – personal

In addition to the conditions specified for this benefit, the maximum TPD and Trauma benefit amount up to which you can increase your cover applying to that life insured under this option cannot exceed the Death benefit amount on a *related super policy*.

Inflation protection

If you reject the Inflation protection offer on a *related super policy* in respect of the same life insured, then the offer under this policy is automatically also rejected.

Premium freeze

The election to freeze the *premium* cannot be made if there is a *related super policy*.

Optional benefits

Business future cover option

In addition to the conditions specified for this benefit, the maximum TPD and Trauma benefit amount up to which you can increase your cover applying to that life insured under this option cannot exceed the Death benefit amount on a *related super policy*.

Buy back TPD option

Subject to the conditions specified for this option, this option can also be used to buy back the TPD cover on a *related super policy*. However, the Buy back TPD option cannot be used to the extent that it would increase the TPD benefit (under this policy or under a *related super policy*) to an amount greater than the Death benefit amount under a *related super policy*.

Accelerated buy back death option

Subject to the conditions specified for this option, this option can also be used to buy back the Death benefit on a *related super policy*.

Trauma reinstatement option

In addition to the conditions specified for this benefit, the Trauma reinstatement option cannot be used to the extent that it would increase the Trauma benefit to an amount greater than the Death benefit amount on a *related super policy*.

Double trauma option

Subject to the conditions specified for this option, this option also reinstates and waives *premium* on the Death cover on a *related super policy*, in the event a Double trauma benefit is paid.

Related policies – additional benefits and conditions for policies with a Death benefit

If your policy has a Death benefit and is related to another Protection Plus policy without a Death benefit (the *related protection policy*), the following additional terms apply to your Protection Plus policy. These additional terms:

- apply in addition to the conditions for the relevant benefit or option specified elsewhere in these Policy conditions, but
- only apply if you have selected the relevant benefit or option.

Buy back death (additional benefit)

You can repurchase the Death cover for a life insured which was reduced as a result of the payment of the Trauma benefit (other than a Partial trauma benefit) or TPD benefit (other than a Partial TPD benefit) on a *related protection policy* without providing any evidence of the life insured's personal circumstances, as follows:

- up to one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 12 months after the payment of the Trauma benefit
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 24 months after the payment of the Trauma benefit
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 36 months after the payment of the Trauma benefit
- the full TPD benefit amount paid can be bought back on the date 12 months after the payment of the TPD benefit.

A Buy back death benefit opportunity can only be exercised before the *policy anniversary* following the life insured's 74th birthday and within 30 days of the applicable opportunity date. The Future insurability benefit does not apply to any repurchased Death benefit.

The *premium* applying to the Death cover repurchased will be based on our then current rates and the life insured's age, gender, smoking status and any premium loadings which applied to the Death cover which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover repurchased.

You can exercise a Buy back death benefit opportunity by accepting our offer in writing.

Future insurability benefit

In addition to the conditions specified for this benefit, if the policy has a *related protection policy*, the maximum TPD benefit amount up to which you can increase your cover applying to the life insured under this option cannot exceed the Death benefit amount on this policy.

Inflation protection

If you reject the Inflation protection offer on a *related protection policy* in respect of the same life insured, then the offer under this policy is automatically also rejected.

Premium freeze

The election to freeze the *premium* cannot be made if there is a *related protection policy*.

Benefit adjustments

In addition to the benefit adjustments specified on page 10, the Death benefit applying to the life insured is also reduced by the amount paid or advanced, under any TPD, Partial TPD, Trauma or Partial trauma benefit on a *related protection policy*.

Termination of related policy

If this policy is terminated, any *related protection policy* will also terminate.

If a *related protection policy* is cancelled, this policy will continue in accordance with the policy's conditions. A new Policy schedule will be issued indicating that there is no *related protection policy*. The *premium* applying to the TPD option (if applicable) will increase and be based on our then current rates for the TPD option without a *related protection policy*.

Optional benefits

Total and Permanent Disablement (TPD) option

If the life insured is insured under both TPD cover on this policy and Trauma cover on a *related protection policy* and a claim for the same insured event can be made under both covers, we will only pay under the Trauma cover and will not pay under the TPD cover unless the TPD sum insured is higher, in which case, we will also pay a TPD benefit of the difference in the sums insured.

Benefit adjustment: In addition to the benefit adjustments specified on page 11, the TPD benefit applying to the life insured is also reduced by the amount paid or advanced, under any Trauma or Partial trauma benefit on a *related protection policy*.

Business future cover option

In addition to the conditions specified for this benefit, if the policy has a *related protection policy*, the maximum TPD benefit amount up to which you can increase your cover applying to the life insured under this option cannot exceed the Death benefit amount on this policy.

Zurich Income Replacement

These Policy conditions apply to Zurich Income Replacement.

Your Policy schedule shows the life insured covered under your policy, lists the *level of cover* (standard, comprehensive or premier), the *insured monthly benefit*, whether your policy is 'agreed value' or 'indemnity', the *benefit period*, the *waiting period*, the premium structure and any optional benefits provided. Your Policy schedule also shows the benefit expiry date applying to each insured benefit.

You can apply to add optional benefits or to increase levels of cover, but only if we accept your application after considering the life insured's personal circumstances including health, occupation and pastimes.

We will offer to increase the cover each year in line with inflation under the Inflation protection benefit unless you request us not to make these offers.

The benefits provided by the Income Replacement policy are set out below. The benefits that apply to your policy will depend on the *level of cover* selected. Each benefit description in this section indicates whether it applies to the standard, comprehensive and/or premier *level of cover* and (if applicable) sets out provisions that apply to each *level of cover*. If the *level of cover* shown on your Policy schedule is not listed under a benefit description, then that benefit does not apply to your policy.

Optional benefits are described in the Optional benefits section starting on page 31.

Income benefit

Level of cover: comprehensive/premier

To be eligible for an *income benefit*, the life insured must be under the regular care of, and following the advice of, a *medical practitioner*. He/she must be unable to earn his/her *pre-disability income* from his/her *usual occupation* until the end of the *waiting period*.

The *income benefit* is payable after the expiry of the *waiting period* if, until the expiry of the *waiting period*, solely as a result of a *sickness* or *injury*, while your policy is in force and before the *insured monthly benefit* expiry date:

- the life insured's *pre-disability income* from his/her *usual occupation* has reduced by 20 per cent or more, or
- the life insured is unable to perform one or more *income producing duties* of his/her *usual occupation* or
- the life insured is unable to perform the *income producing duties* of his/her *usual occupation* for more than 10 hours per week.

The Policy schedule will show whether the cover is agreed value or indemnity.

Level of cover: standard

To be eligible for an *income benefit*, the life insured must be under the regular care of, and following the advice of, a *medical practitioner*. He/she must not work in any occupation for a period of at least 14 days and he/she must be unable to earn his/her *pre-disability income* from his/her *usual occupation* until the end of the *waiting period*.

The *income benefit* is payable after the expiry of the *waiting period* if, until the expiry of the *waiting period*, solely as a result of a *sickness* or *injury*, while your policy is in force and before the *insured monthly benefit* expiry date:

- the life insured's *pre-disability income* from his/her *usual occupation* has reduced by 20 per cent or more, or
- the life insured is unable to perform one or more *income producing duties* of his/her *usual occupation* or
- the life insured is unable to perform the *income producing duties* of his/her *usual occupation* for more than 10 hours per week.

The Policy schedule will show whether the cover is agreed value or indemnity.

Agreed value cover

If at the expiry of the *waiting period* the life insured has no *post-disability income* then we will pay you the *insured monthly benefit*. Otherwise, the *income benefit* we will pay after the expiry of the *waiting period* will be proportionate to the income loss and calculated on a monthly basis using the following formula:

$$\frac{\text{pre-disability income} - \text{post-disability income}}{\text{pre-disability income}} \times \text{insured monthly benefit}$$

Indemnity cover

If at the expiry of the *waiting period* the life insured has no *post-disability income* then we will pay you the lesser of the *insured monthly benefit* and 75 per cent of your *pre-disability income*. Otherwise, the *income benefit* we will pay after the expiry of the *waiting period* will be proportionate to the income loss and calculated on a monthly basis using the following formula:

$$\frac{\text{pre-disability income} - \text{post-disability income}}{\text{pre-disability income}} \times \text{insured monthly benefit}$$

Your benefit will be capped so that the amount paid does not exceed 75 per cent of your *pre-disability income*.

Payment of the income benefit

Under agreed value and indemnity cover, we will continue to pay you the *income benefit* until any one of the following events occurs:

- the *sickness* or *injury* giving rise to the claim does not prevent the life insured earning his/her *pre-disability income* from personal exertion in his/her *usual occupation*
- the *benefit period* ends
- your policy ends
- the death of the life insured
- the life insured is no longer under the regular care of a *medical practitioner* with regard to treatment for the *sickness* or *injury*
- the life insured is no longer following the treatment recommended by a *medical practitioner* at such intervals and frequency as will lead to a cure, alleviation or minimisation of the condition causing the disability.

If you are claiming while outside Australia, we will only continue to pay the *income benefit* if the life insured has a medical examination in Australia or in another country by a *medical practitioner* nominated or approved by us, every 12 months. We will pay for this medical examination, but not for transport to Australia or any other country.

We pay a proportion of the *income benefit* twice monthly when the claim requirements have been provided, with the first payment due 15 days after the *waiting period* ends. When the claim ends before the next payment due date, we will pay 1/30th of the *income benefit* for each day less than 15 days.

If the life insured's disability is the result of more than one separate and distinct *sickness* or *injury*, payments will be based on the policy condition which provides the greatest benefit.

We will agree with you whether the life insured's disability is caused by a *sickness* or *injury* before claim payments commence.

Rehabilitation benefit

Level of cover: standard/comprehensive/premier

The Rehabilitation benefit is payable when you have qualified for the *income benefit* or the Specified injury benefit after expiry of the *waiting period* or within the *waiting period* if you would otherwise qualify for an *income benefit*. The Rehabilitation benefit is payable as follows:

Workplace modification

This benefit provides assistance if the life insured's workplace needs modification to allow the life insured to return to gainful employment. We will pay up to three times the *income benefit* for expenses incurred in modifying the life insured's workplace.

Rehabilitation program

While the life insured takes part in a *rehabilitation program*, we will pay you an additional 50 per cent of the *income benefit* each month for a maximum period of 12 months.

Rehabilitation costs

We will pay up to 12 times the *income benefit* for the expenses of rehabilitating the life insured. These expenses include the costs of special equipment designed to assist the life insured to re-enter the workforce. We will not cover health costs which are typically covered by Medicare or private health insurance.

To receive the Rehabilitation benefit, you must have our written approval before expenses are incurred.

Funeral benefit

Level of cover: standard/comprehensive/premier

The Funeral benefit is payable if the life insured dies while this policy is in force. We will pay a lump sum of three times the *insured monthly benefit*.

Confined to bed benefit

Level of cover: comprehensive/premier

The Confined to bed benefit is payable if, while your policy is in force and before the *insured monthly benefit* expiry date, the life insured is *confined to bed* because of *sickness* or *injury* for more than two days in a row and during that period, is totally dependent on the full-time care of a *nurse* or a *personal care attendant* and unable to earn any income from personal exertion.

We will pay the Confined to bed benefit for each complete month or 1/30th of the Confined to bed benefit for each day that you are eligible for this benefit. This benefit is only payable during the *waiting period* to a maximum of 180 days.

Under agreed value cover, the Confined to bed benefit will be the *insured monthly benefit*.

Under indemnity cover, the Confined to bed benefit will be the lesser of the *insured monthly benefit* and 75 per cent of your *pre-disability income*.

Specified injury benefit

Level of cover: standard/comprehensive/premier

The Specified injury benefit is payable if any one of the following specified injuries happen to the life insured while your policy is in force and before the *insured monthly benefit* expiry date. The *waiting period* is waived and the Specified injury benefit is paid (even if the life insured is still earning an income) until:

- the end of the Specified injury benefit period
- the end of the *benefit period* shown on your Policy schedule
- the death of the life insured

whichever happens first.

We will not pay you for more than one specified injury per claim.

Under agreed value cover, the Specified injury benefit will be the *insured monthly benefit*.

Under indemnity cover, the Specified injury benefit will be the lesser of the *insured monthly benefit* and 75 per cent of your *pre-disability income*.

Specified injury	Specified injury benefit period (months)
<i>quadriplegia</i>	60
<i>paraplegia</i>	60
<i>hemiplegia</i>	60
<i>diplegia</i>	60
Loss of both feet, both hands or sight in both eyes	24
Loss of a foot and a hand	24
Loss of a foot and sight in one eye	24
Loss of a hand and sight in one eye	24
Loss of a leg or arm	18
Loss of a foot or hand or sight in one eye	12
Loss of the thumb and index finger of the same hand	6
<i>fracture</i> of a thigh or pelvis	3
<i>fracture</i> of a leg (between the knee and foot), kneecap, skull (excluding bones of the face or nose), upper arm between elbow and shoulder (shaft) or shoulder blade	2
<i>fracture</i> of a forearm (including wrist but excluding elbow or hand) or collar bone	1.5

'Loss' means that the life insured cannot use and will never be able to use that body part again. In the case of the eye, it means that the life insured will never be able to see again from that eye.

The *income benefit* is not payable while you are receiving the Specified injury benefit, however, eligibility to receive the *income benefit* for the remaining balance of the *benefit period* will be determined in the normal way after the end of the Specified injury benefit period (or at the end of the *waiting period* if it is longer than the Specified injury benefit period).

Special care benefit

Level of cover: comprehensive/premier

The Special care benefit is payable if the *income benefit*, a Specified injury benefit, a Day 4 accident benefit or a Confined to bed benefit is payable and one of the following three conditions exist prior to the expiry date shown on your Policy schedule:

(a) if a *direct family member* has to stop *full-time paid employment* to care for the life insured at home because of his/her *sickness or injury*. We will pay an additional benefit of the *income benefit* or \$2,500 per month, whichever is lower, for up to six months after the end of the *waiting period* while the life insured is:

- confined to bed or to the house, while dependent on home assistance and
- unable to earn any income by personal exertion.

We will not pay if the *direct family member* had been working for you, the life insured or for your or the life insured's employer before the life insured suffered the *sickness or injury*.

(b) if the life insured needs the care of a *nurse* or a *personal care attendant* because of his/her *sickness or injury*. We will pay an additional benefit of \$150 per day for up to six months after the end of the *waiting period* while the life insured is:

- confined to bed or to the house, while dependent on home assistance or nursing care and
- unable to earn any income by personal exertion.

We will not pay if the *nurse* or *personal care attendant* had been working for you, the life insured or for your or the life insured's employer before the life insured suffered the *sickness or injury*.

(c) if the life insured is more than 100 kilometres away from home and needs to stay there. We will reimburse accommodation and travel costs if the life insured is 100 kilometres or more away from home and has to stay there beyond his/her scheduled return date on his/her *medical practitioner's* advice. We will also reimburse the accommodation and travel costs of a *direct family member* who has to stay with the life insured.

We will pay a maximum of \$500 for reimbursement of travel costs (other than by emergency transport, such as ambulance which is covered by health insurance). We will pay a maximum of \$250 per day for accommodation up to 30 days in any 12 month period.

However, we will not pay for both a *direct family member* and a *nurse* or a *personal care attendant* for the same period.

We will also pay the following Special care benefit if the *income benefit* is payable and the life insured, having suffered the *sickness* or *injury* whilst overseas, chooses to return to Australia after the end of the *waiting period* but before the expiry date shown on your Policy schedule. We will pay the cost of a single standard economy airfare to enable the life insured to return, less any reimbursement from another source. We will also pay the costs (on the same basis) of accompanying transport for any *direct family member* travelling companion the life insured has while disabled overseas.

Under agreed value cover, the maximum total amount we will pay for these travel costs is three times the *insured monthly benefit*.

Under indemnity cover, the maximum total amount we will pay for these travel costs is three times the lesser of the *insured monthly benefit* and 75 per cent of the *pre-disability income*.

The Special care benefit is payable only once in relation to the same or related cause.

Inflation protection

Level of cover: standard/comprehensive/premier

The Inflation protection benefit protects the value of your insurance cover against the impact of inflation by offering you the opportunity to adjust for this with indexation increases.

Each *policy anniversary* prior to the life insured's 65th birthday, the *insured monthly benefit* can be increased by the percentage increase in the *consumer price index* published for the quarter falling immediately prior to three months before the *policy anniversary* over that published for the quarter falling immediately prior to 15 months before that *policy anniversary*.

You have the option of rejecting the increase if you do not require it. If you reject the increase, you must tell us in writing within 30 days of receiving the offer.

Indexation increases will apply automatically while you are entitled to make a claim.

Under indemnity cover, if the indexation increase would mean that the *insured monthly benefit* is greater than 75 per cent of the life insured's average monthly *pre-tax income* or if the life insured is not in *full-time paid employment*, you may reject the increase to avoid paying an unnecessary *premium*.

Indexation increases will cease on the *policy anniversary* following the life insured's 65th birthday.

Family support benefit

Level of cover: premier

This benefit only applies where you are the life insured.

The Family support benefit is payable if you die, while receiving the *income benefit*, and leave a surviving *spouse*. We will continue to pay your *spouse* an *income benefit* for up to 12 months after your death while your *spouse* remains alive, but not beyond the balance of the *benefit period* or the expiry date shown on your Policy schedule, if earlier.

The amount payable will be adjusted in the same manner that would have occurred had you continued living.

We will not pay this benefit if you have also selected the Family care option.

Trauma benefit

Level of cover: premier

The Trauma benefit is payable if the life insured is diagnosed with an insured event while this policy is in force.

If the life insured suffers an insured event in the *trauma events – extended* list, we will pay a Trauma benefit to you for a period of six months. This benefit will be paid in advance. The covered event list and definitions for each condition can be found in the section 'Definitions' beginning on page 44.

Under agreed value cover, the monthly Trauma benefit will be the *insured monthly benefit*.

Under indemnity cover, the monthly Trauma benefit will be the lesser of the *insured monthly benefit* and 75 per cent of your *pre-disability income*.

Some trauma events in the list are marked with an asterisk (*). If any trauma event marked with an asterisk occurs or becomes apparent within 90 days of the start of your policy or if your policy is ever reinstated, from the date of reinstatement, we will not pay this benefit.

A Trauma benefit will only be paid if:

- the life insured survives for at least 14 days after the date of the insured event and
- this occurs before the benefit expiry date shown on your Policy schedule.

A Trauma benefit will only be paid once for each insured event. You cannot make a subsequent claim if you are entitled to receive a benefit or if you are receiving or have received a benefit under your policy at any time in the last 12 months or if you have not yet returned to work following a claim under this benefit.

The occurrence of the trauma must be confirmed by our medical advisers and, for this purpose, we reserve the right to require the insured to undergo an examination or other reasonable tests, at our expense.

This benefit does not apply if the *waiting period* is longer than 90 days.

Unless the Trauma option is also selected, the *income benefit* is not payable in respect of the same six month period that the Trauma benefit is being paid. However, eligibility to receive the *income benefit* for the remaining balance of the *benefit period* will be determined in the normal way after the end of the six month period.

Other policy features, exclusions and conditions

Level of cover: standard/ comprehensive/premier

More than one benefit at a time

We will only pay one benefit, being the highest, for the same period where it would otherwise be possible to qualify for the following combinations of benefits:

- the Confined to bed benefit and the Specified injury benefit
- the *income benefit* and the Specified injury benefit
- the Trauma benefit and the Specified injury benefit
- the *income benefit* and the Trauma benefit
- the Confined to bed benefit and the Trauma benefit
- the Confined to bed benefit and the Day 4 accident benefit
- the Specified injury benefit and the Day 4 accident benefit
- the Trauma benefit and the Day 4 accident benefit
- the Severe disability benefit and the Booster benefit
- the Family care benefit and the Family support benefit.

Exclusions

No amount will be payable for *sickness* or *injury* occurring as a direct or indirect result of any one or more of the following:

- an intentional self-inflicted act
- attempted suicide
- *uncomplicated pregnancy or childbirth*
- an act of war (whether declared or not)
- any event or medical condition specified as an exclusion on your Policy schedule.

We will not pay a benefit for a disability due to elective or donor transplant surgery unless the elective or transplant surgery occurred at least six months after:

- the start of your policy
- if your policy is ever reinstated, the date of reinstatement
- in respect of an increase in the *insured monthly benefit*, the date of the increase.

If the Mental disorder discount option applies to the life insured, no amount will be payable for *sickness* or *injury* occurring as a direct or indirect result of a *mental disorder*.

Concurrent disability

If more than one separate and distinct *sickness* or *injury* resulted in your disability, payments will be based on the policy condition that provides the highest benefit.

Extending cover (if you have the 'to age 65' benefit period and continue working)

On the *policy anniversary* following your 65th birthday, you can extend your cover on a limited basis up to the *policy anniversary* following your 70th birthday if you are still working in paid employment for more than 30 hours per week. You must apply to us at least 60 days before the benefit expiry date shown on your Policy schedule. The extended cover will be indemnity cover. You should consult your adviser for information regarding this extension of cover.

Limitations which apply to extended cover

The *benefit period* on extended cover is one year.

An *income benefit* will only be payable if the life insured has no *post-disability income* (ie. no proportionate benefits are payable).

The extended cover does not apply if you are entitled to receive a benefit, or if you are receiving or have received a benefit under your policy at any time in the last 12 months.

Any extra-cost options which were part of the original policy will cease to apply from the *policy anniversary* following the life insured's 65th birthday.

To age 70 benefit period

The following conditions and limitations apply if you select the age 70 *benefit period*.

After the *policy anniversary* following your 65th birthday:

- we will not pay a benefit under any extra-cost option selected (as shown on your Policy schedule) and
- the total amount we pay will be the applicable percentage (shown in the table below) of total benefits otherwise payable under the Policy. The applicable percentage at the commencement of a claim will apply for the duration of the claim.

Age at <i>policy anniversary</i> prior to claim commencing:	Percentage of total benefit payable
65	100 per cent
66	80 per cent
67	60 per cent
68	40 per cent
69	20 per cent

Involuntary unemployment

For all occupation categories, except Special Risk (SR), we will waive your *premium* for up to three months if the life insured is involuntarily unemployed, other than as a direct result of *sickness or injury* and if:

- the life insured is registered with an employment agency approved by us
- unemployment started at least 12 months after the start of your policy or, if your policy is ever reinstated, the date of reinstatement and
- each request to waive *premium* occurs at least 12 months after the end of any previous period of waived *premium*.

A total of twelve months *premium* may be waived during the life of your policy.

Optional benefits

Your Policy schedule shows the optional benefits applying under your policy and, if applicable, the benefit amount(s). Your Policy schedule also shows the expiry date applying to each optional benefit (or if not shown, the optional benefit expiry date is equal to that of the main policy). A life insured is only covered for these optional benefits if specified on your Policy schedule.

Increasing claims option

After each three continuous months of *income benefit* payments, the *income benefit* will be increased by the percentage increase in the *consumer price index* for the previous quarter.

Super contributions option

In selecting this option you are deemed to have directed us to pay any benefit payable under this option to a complying superannuation fund you nominate.

The super contributions monthly benefit (or a proportion thereof) is payable at any time you are receiving an *income benefit*, Specified injury benefit, Confined to bed benefit, Day 4 accident benefit or Trauma benefit.

The amount payable will be the super contributions monthly benefit multiplied by the proportion of the *insured monthly benefit* you are receiving as an *income benefit* or Specified injury benefit or Confined to bed benefit or Day 4 accident benefit.

Under indemnity cover, this is subject to a maximum of the actual average monthly superannuation contributions the life insured or the life insured's employer made in the 12 months preceding the claim.

Inflation protection, the Increasing claims benefit and the Future insurability option apply to the Super contributions option.

Business expenses option

To be eligible for a Business expenses benefit, the life insured must be under the regular care of, and following the advice of, a *medical practitioner*. He/she must be unable to earn his/her *pre-disability business earnings* from his/her *usual occupation* until the end of the *waiting period*.

The Business expenses benefit is payable after expiry of the *waiting period* if, until the expiry of the *waiting period*, solely as a result of a *sickness* or *injury*, while your policy is in force and before the Business expenses benefit expiry date:

- the life insured's *pre-disability business earnings* from his/her *usual occupation* has reduced by 20 per cent or more, or
- the life insured is unable to perform one or more *business income producing duties* of his/her *usual occupation* or
- the life insured is unable to perform the *business income producing duties* of his/her *usual occupation* for more than 10 hours per week.

The Business expenses benefit payable after expiry of the *waiting period* will be calculated on a monthly basis as the lesser of:

- the monthly Business expenses benefit and
- *eligible business expenses* incurred in that month less:
 - *business earnings* received during that month and
 - any other income, net of expenses, produced for you or any other person from any source as a result (directly or indirectly) of the provision of the life insured's personal services with respect to the covered business and which relate to the period of disability.

'Income' for this purpose includes salaries, fees, bonuses and commissions and the like, but excludes income from any deferred compensation plans, disability income policies or retirement policies.

We will continue to pay you the Business expenses benefit until any one of the following events occurs:

- the *sickness* or *injury* giving rise to the claim does not prevent the life insured generating his/her *pre-disability business earnings*
- your policy ends
- the death of the life insured
- the life insured is no longer under the regular care of a *medical practitioner* with regard to treatment for the *sickness* or *injury*

- the life insured ceases to follow the treatment recommended by a *medical practitioner* at such intervals and frequency as will lead to a cure, alleviation or minimisation of the condition causing his/her disability
- the *benefit period* ends.

The *benefit period* will be extended if, after the Business expenses benefit has been paid continuously for 12 months, the total amount paid is less than 12 times the monthly Business expenses benefit. The benefit period will be extended:

- for 12 months or
- until the total amount paid equals 12 times the monthly Business expenses benefit whichever happens first.

We pay a proportion of the Business expenses benefit twice monthly when the claim requirements have been provided, with the first payment due 15 days after the *waiting period* ends. When the claim ends before the next payment due date, we will pay 1/30th of the Business expenses benefit for each day less than 15 days.

Exclusions - Business expenses benefit

No amount will be payable for *sickness* or *injury* occurring as a direct or indirect result of any one or more of the following:

- an intentional self-inflicted act
- attempted suicide
- *uncomplicated pregnancy or childbirth*
- an act of war (whether declared or not)
- any event or medical condition specified as an exclusion on your Policy schedule.

Lump sum accident option

The Lump sum accident benefit is payable if the life insured suffers an *injury*, while your policy is in force and before the expiry date shown on your Policy schedule, which causes, within 180 days of the accident, one of the events set out below. The lump sum payable will be the percentage set out below of the Lump sum accident benefit amount shown on your Policy schedule.

We will only pay an amount under this option once during the life of your policy.

Event	Percentage of Lump sum accident benefit amount
<i>accidental death</i>	100 per cent
Total and permanent loss of:	
both hands or both feet or sight in both eyes	100 per cent
one hand and sight in one eye	100 per cent
one foot and sight in one eye	100 per cent
one hand and one foot	100 per cent
one arm or one leg	75 per cent
one hand, one foot or sight in one eye	50 per cent
thumb and index finger from same hand	25 per cent
thumb or index finger	15 per cent
two or more fingers	15 per cent
one finger	5 per cent

'Loss' means that the life insured cannot use and will never be able to use that body part again. In the case of the eye, it means that the life insured will never be able to see again from that eye.

Day 4 accident option

The Day 4 accident benefit is payable if the life insured is disabled due to an *injury* for more than three consecutive days during the *waiting period* as an immediate consequence of an *accidental injury* prior to the expiry date shown on your Policy schedule. If the life insured's *pre-disability income* has reduced by 20 per cent or more, and he/she is not working in any occupation solely due to that *accidental injury*, we will pay you 1/30th of the *income benefit* for each day of the *waiting period* for so long as the life insured continues to meet these criteria solely due to his/her *accidental injury*. We will not pay this benefit for any period for which the Confined to bed, Specified injury or Trauma benefit is payable.

Trauma option

The Trauma benefit is payable if, while the *income benefit* or Specified injury benefit is payable, the life insured:

- suffers a specified Trauma
- dies after the *waiting period*.

Specified Trauma

We will pay you an additional monthly benefit, as follows:

- for standard or comprehensive cover, we will double the *income benefit* for up to six months
- for premier cover, we will pay you an amount equal to the *income benefit* for up to six months (in addition to the Trauma benefit if payable).

The benefit is payable while the life insured survives after suffering any of the traumas in the *trauma events – extended* list. The covered event list and definitions for each condition can be found in the section 'Definitions' beginning on page 44.

Some trauma events in the list are marked with an asterisk (*). If any trauma event marked with an asterisk occurs or becomes apparent within 90 days of the start of your policy or if your policy is ever reinstated, from the date of reinstatement, we will not pay a benefit under this option.

A Trauma benefit will only be paid once for each insured event and no benefit will be payable after the benefit expiry date shown on your Policy schedule.

The occurrence of the trauma must be confirmed by our medical advisers and, for this purpose, we reserve the right to require the insured to undergo an examination or other reasonable tests, at our expense.

Death

We will pay a lump sum of three times the *insured monthly benefit* on the death of the life insured prior to the expiry date shown on your Policy schedule.

Future insurability option

The Future insurability benefit allows you to increase the *insured monthly benefit* (and any super contributions monthly benefit) by up to 20 per cent on every third *policy anniversary* after this option began, without us reassessing the life insured's personal circumstances. You must tell us in writing that you want to make the increase within 30 days of the relevant *policy anniversary*. The increase cannot be made:

- if the life insured is over age 55
- if you have made a claim in the last six months
- to the extent that after the increase, the *insured monthly benefit* will be more than 75 per cent of the life insured's average monthly *pre-tax income* at that date
- to the extent that after the increase, the super contributions monthly benefit will be more than the actual average monthly superannuation contributions the life insured or the life insured's employer made in the preceding 12 months (indemnity only).

Booster option

The Booster benefit is payable if we are paying the maximum *income benefit* under your policy for the first 30 days after the *waiting period* prior to the expiry date shown on your Policy schedule. We will increase the *income benefit* by one third for that 30 day period.

Family care option

This option only applies where you are the life insured.

The Family care benefit is payable if you die, while receiving the *income benefit*, and leave a surviving *spouse*. We will continue to pay your *spouse* an *income benefit* for up to five years after your death while your *spouse* remains alive, but not beyond the balance of the *benefit period* or the expiry date shown on your Policy schedule, if earlier.

The amount payable will be adjusted in the same manner that would have occurred had you continued living.

Severe disability option

The Severe disability benefit is payable if the life insured has been continuously unable due to *sickness* or *injury* to perform at least two *activities of daily living* for more than three months while your policy is in force and before the *insured monthly benefit* expiry date. We will increase the payment by one third while this condition continues and either the *income benefit* or the Specified injury benefit is payable. We will pay you this benefit until the end of the *benefit period* or to the expiry date shown on your Policy schedule, whichever occurs first.

Needlestick cover option

We will pay a lump sum equal to the amount you are insured for under this option if you become infected with HIV (Human Immunodeficiency Virus), Hepatitis B or Hepatitis C as a result of an accident occurring during the course of your normal occupation.

Any accident giving rise to a potential claim must be reported to us as soon as possible.

In the event of a claim you must provide us with all of the following:

- proof of the occupational accident that gave rise to the infection including the incident report and the names of any witnesses to the accident
- proof that the accident involved a definite source of the relevant infection
- proof that a new infection with either HIV, Hepatitis B or Hepatitis C has occurred within six months of the documented accident, demonstrating sero-conversion from:
 - HIV antibody negative to HIV antibody positive
 - Hepatitis C antibody negative to Hepatitis C antibody positive
 - Hepatitis B surface antigen negative to Hepatitis B surface antigen positive
- access to test independently all the blood samples used.

A benefit will not be payable if:

- HIV, Hepatitis B and Hepatitis C is contracted by any other means
- a medical cure is found for Acquired Immune Deficiency Syndrome (AIDS) or the effects of the HIV virus, Hepatitis B or Hepatitis C (as applicable) or in the event of a treatment being developed and approved which makes these viruses inactive and non-infectious.

The maximum combined amount we will pay for this option together with other Needlestick cover options and/or *occupationally acquired HIV* under all policies issued by us is \$2,000,000. This does not include any *income benefit* you are entitled to.

Spouse cover option

This option only applies for the covered *spouse* named on your Policy schedule.

The Spouse cover benefit is payable if:

- the covered *spouse* is unable, because of *sickness* or *injury*, to perform each and every daily domestic duty and
- a *medical practitioner* confirms the need for domestic help for the covered *spouse*

during the *waiting period*, but only while this continues after the end of the *waiting period*.

We will pay you from the end of the *waiting period*, but not beyond the expiry date shown on your Policy schedule or the *policy anniversary* following your *spouse's* 60th birthday, a monthly amount to:

- reimburse fees paid for domestic duties such as cooking, cleaning and home nursing care, up to \$700
- reimburse child care costs for children under 12 years, up to \$1,300.

We will not pay a benefit if the covered *spouse* is disabled due to any one or more of the following:

- intentional self-inflicted act
- attempted suicide
- *uncomplicated pregnancy or childbirth*
- an act of war (whether declared or not)
- *mental disorder*
- any event specified as an exclusion on your Policy schedule.

A Rehabilitation benefit is payable if the Spouse cover benefit is payable, as follows:

Home modification

This benefit provides assistance if the covered *spouse's* home needs modification to allow the covered *spouse* to return to carrying out the domestic duties. We will pay up to \$6,000 for expenses incurred in carrying out the modification.

Rehabilitation program

If the covered *spouse* takes part in a *rehabilitation program*, we will pay up to an additional \$1,000 each month after the *waiting period* for up to 12 months.

Rehabilitation costs

We will pay up to \$12,000 for the expenses of rehabilitating the covered *spouse*. We will not cover health costs which are typically covered by Medicare or private health insurance.

The expenses must be incurred while the Spouse cover benefit is payable and, to receive the benefit, you must have our written approval before expenses are incurred. The Rehabilitation benefit is payable only once in relation to the same or related cause.

Mental disorder discount option

This option allows you to reduce your *premiums* by electing not to receive any benefits if you were to suffer a *mental disorder*. Once you have selected this option it cannot be removed for the life of your policy.

Zurich Superannuation Term Life Plus

The issuer of Zurich Superannuation Term Life Plus is Zurich Australian Superannuation Pty Limited which is the Trustee of the Zurich Master Superannuation Fund (the Fund). The issuer of life insurance under this product (and the administrator of this product) is Zurich Australia Limited.

These Policy conditions apply to Zurich Superannuation Term Life Plus, and are issued by Zurich Australia Limited to Zurich Australian Superannuation Pty Limited.

The Policy schedule shows the life insured covered under the policy and the Death benefit amount. It also shows any optional benefits provided and whether the policy has a *related protection policy*. If a *related protection policy* is shown, additional conditions apply (refer to the section 'Related policies – additional benefits and conditions' on page 42).

Optional benefits or increases in levels of cover may be applied for, but our acceptance is subject to consideration of the life insured's personal circumstances including health, occupation and pastimes of the life insured.

Cover is automatically increased in line with inflation each year under the Inflation protection benefit unless you request us not to make these increases.

We will not refund *premiums* paid during a period when the life insured was ineligible to contribute to superannuation under relevant laws.

Death benefit

The Death benefit amount is payable upon the death of the life insured while this policy is in force and prior to the applicable Death benefit expiry date.

Terminal illness benefit

An advance payment of the Death benefit is payable if the life insured is diagnosed as *terminally ill* while this policy is in force and prior to the applicable Death benefit expiry date.

Advancement for funeral expenses

While a claim for the Death benefit is being settled, we may advance up to \$15,000 of the benefit towards payment of funeral expenses. An application for payment of funeral expenses must be made by the person to whom the Death benefit is payable or by another person acceptable to us and must include a copy of the death certificate and the funeral invoice.

Buy back death benefit (TPD)

If the life insured is covered for Death and TPD (as shown on your Policy schedule) the amount by which the Death benefit for the life insured is reduced as a result of the payment of the TPD benefit is reinstated without providing any evidence of the life insured's personal circumstances, on the date 12 months after payment of the TPD benefit.

A Buy back death benefit opportunity can only be exercised before the *policy anniversary* following the life insured's 74th birthday and within 30 days of the applicable opportunity date. The Future insurability benefit does not apply to any repurchased Death benefit.

The *premium* applying to the Death cover repurchased will be based on our then current rates and the life insured's age, gender, smoking status and any premium loadings which applied to the Death cover which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover repurchased.

You can exercise a Buy back death benefit opportunity by accepting our offer in writing.

Future insurability benefit

You have the option to increase the Death benefit and TPD benefit applying for the life insured, before his/her 55th birthday, without our reassessment of his/her personal circumstances, as long as:

- you have not received, nor are entitled to receive, a benefit under this policy in relation to the life insured
- we or any other life insurer has not waived or are not waiving, premiums in relation to the life insured.

The option can be exercised by you within 30 days of any of the following events, on the terms specified:

(a) If the life insured:

- marries
- divorces
- becomes a parent (whether through the birth or adoption of a child),
- becomes a full-time carer
- becomes a widow or widower (through the death of a *spouse*)

you can increase the benefit amount by a minimum of \$10,000 and a maximum of the lesser of:

- 25 per cent of the Death benefit or TPD benefit amount applying to the life insured on the applicable benefit start date and
- \$200,000.

(b) If the life insured takes out for the first time or increases, his/her mortgage on his/her principal place of residence or if the life insured takes out a new investment property loan, you can increase the benefit amount by the lesser of:

- the amount of the new mortgage or investment property loan or the increase in the mortgage and
- 25 per cent of the Death benefit or TPD benefit amount applying to the life insured on the applicable benefit start date and
- \$200,000.

(c) If a dependent child of the life insured starts secondary school, you can increase the benefit amount by a minimum of \$10,000 and a maximum of the lesser of:

- 25 per cent of your Death benefit or TPD benefit amount applying to the life insured on the applicable benefit start date and
- \$200,000.

(d) If the life insured experiences a significant increase in salary (minimum 15 per cent), you can increase the benefit amount by a minimum of \$10,000 and a maximum of the lesser of:

- 25 per cent of the Death benefit or TPD benefit amount applying to the life insured on the applicable benefit start date and
- \$200,000.

Restrictions

The accumulative sum of all increases under this benefit cannot exceed the lower of the cover amount applying to the life insured on the applicable benefit start date and \$1,000,000.

In any 12 month period increases are limited to 50 per cent of the cover amount applying to the life insured on the applicable benefit start date.

You cannot increase your TPD benefit amount for the life insured if the increase would cause the TPD benefit amount to exceed our *maximum underwriting limit*.

We retain the right to confirm the life insured's occupation in relation to any increase in the TPD cover amount for the life insured and eligibility and *premiums* in relation to the increased amount will be based on the life insured's occupation at the time of increase.

For the first six months after an increase under this benefit:

- any increased Death benefit amount in relation to the life insured is only payable in the event of the life insured's *accidental death*
- any increased TPD benefit amount in relation to the life insured is only payable in the event his/her *total and permanent disablement* is caused by an *accidental injury*.

This benefit will not apply to any cover bought back or reinstated under another policy benefit or option.

Inflation protection

The value of your insurance cover is protected against the impact of inflation by automatically increasing the benefit amounts each year.

This benefit applies to the Death benefit and the TPD benefit (if applicable), but does not apply to any cover bought back or reinstated under another policy benefit or option.

The benefit amount is increased in respect of the life insured on each *policy anniversary* by the greater of:

- 5 per cent and
- the percentage increase in the *consumer price index* published for the quarter ending immediately prior to three months before the *policy anniversary* over that published for the quarter ending immediately prior to 15 months before that *policy anniversary*.

You have the option of rejecting the offer to increase the benefit amounts.

Financial planning advice benefit

We will reimburse up to \$1,000 towards the cost of financial planning advice required as a result of a benefit paid under this policy. We may ask to see sufficient proof of the expense.

Premium freeze

At any *policy anniversary* you may elect to freeze the *premium* for your policy by notifying us in writing. This causes the *premium* to remain constant until the first benefit expiry date or until you tell us in writing that you no longer wish to freeze the *premium* (unless you make a claim or exercise an option that changes the sum insured). As the cost of providing cover generally rises each year in line with the age of the life insured, the effect of freezing the *premium* will be to reduce the cover each year proportionally for each insured benefit and optional benefit.

Exclusions

No claim is paid if the life insured's death is caused directly or indirectly by an event or condition specified on your Policy schedule or by suicide within 13 months of:

- the Death benefit start date
- the benefit start date of any increase in the Death benefit applied for (but only in respect of the increase) or
- the latest reinstatement of your policy.

We will waive this exclusion if, immediately prior to the commencement of this benefit, the life insured had death cover which was in force for at least 13 consecutive months (without lapsing and/or reinstatement) with us or another insurer, and we agreed to replace this cover. The waiver will only apply up to the amount we agreed to replace.

Benefit adjustments

The Death benefit applying to the life insured is reduced by the amount paid or advanced, under any of the following:

- Terminal illness benefit
- Advancement for funeral expenses
- TPD benefit

Your *premium* will be based on the reduced levels of cover from the next premium due date after payment of the relevant benefit.

Termination of the Zurich Superannuation Term Life Plus benefits

The benefits set out in this section of your policy terminate in relation to the life insured on the first to occur of:

- the payment of the total Death benefit amount
- the death of the life insured
- our receipt of your written notification to terminate this benefit
- the Death benefit expiry date shown on your Policy schedule
- the termination of your policy (see the Termination of your policy clause on page 4).

Conversion to a non-superannuation policy

The life insured may apply to us, while this policy is in force (or within 30 days of termination) and in a form that we approve, to convert the cover provided under this policy to cover under a non-superannuation policy. We will issue the new policy subject to standard policy issue requirements but we will not reassess the life insured's health, occupation and pastimes already disclosed to us. The policy provided will be a non-superannuation policy offering the most comparable cover, in our opinion, available at the time of the conversion. Once conversion is effected, this policy will terminate.

The policy owner may apply to us, after the life insured turns 65, to convert the cover provided under this policy to cover under non-superannuation terms. Conversion in these circumstances will be effected by way of a transfer of ownership from the policy owner to the life insured and a variation of the terms and conditions of this policy from the date of transfer to the terms and conditions of a non-superannuation policy offering the most comparable cover, in our opinion, available at the time of variation.

In both situations above, any exclusions or loadings that applied to the original cover will also apply to the new cover.

Optional benefits

Your Policy schedule shows the optional benefits applying under your policy and, if applicable, the benefit amount(s). Your Policy schedule also shows the expiry date applying to each optional benefit. The life insured is only covered for these optional benefits if specified on your Policy schedule.

Total and Permanent Disablement (TPD) option

The TPD benefit amount is payable if the life insured covered for this benefit meets paragraphs (a), (b), (c) or (d) of the definition of *total and permanent disablement*. The life insured must suffer *total and permanent disablement* when this policy is in force and before the applicable benefit expiry date.

However, from the *policy anniversary* following the life insured's 64th birthday:

- no benefit will be paid if the life insured meets paragraphs (b) or (c) of the definition of *total and permanent disablement* (on page 53), and
- the benefit amount is limited to a maximum of \$3,000,000.

If the life insured has been engaged in full-time domestic duties in his/her own residence for more than six consecutive months prior to the onset of the *sickness or injury* leading to *total and permanent disablement* then only paragraphs (a) (c) and (d) of the definition of *total and permanent disablement* (on page 53) apply.

Your Policy schedule details whether standard 'Any' occupation TPD, standard 'Own' occupation TPD, Double 'Any' occupation TPD or Double 'Own' occupation TPD are provided for the life insured and, if so, the benefit amount.

Exclusions – TPD benefit

No claim is paid if the life insured's *total and permanent disablement* is caused directly or indirectly by:

- an intentional self-inflicted act or attempted suicide
- any event or medical condition specified as an exclusion on your Policy schedule.

Double TPD benefit

If the life insured is covered for Double 'Any' occupation TPD or Double 'Own' occupation TPD (as shown on your Policy schedule) the amount by which the Death benefit for the life insured is reduced as a result of the payment of the Double TPD benefit is reinstated, if:

- the life insured survives for 14 days after the date the Double TPD benefit is paid and
- this occurs before the *policy anniversary* following the life insured's 64th birthday.

The *premium* in respect of the Death benefit amount reinstated is waived until the Death benefit expiry date.

On the *policy anniversary* following the life insured's 64th birthday, the Double TPD cover will automatically convert to standard TPD cover.

Benefit adjustments

The TPD benefit applying to the life insured is reduced by any amount paid under the Terminal illness benefit.

Your *premium* will be based on the reduced levels of cover from the premium due date after payment of the relevant benefit. Where you have more than one TPD cover where such a reduction applies, the reduction in cover will be proportional across all such TPD benefits.

Termination of TPD option

The TPD option terminates in relation to the life insured on the first to occur of:

- the payment of the total TPD benefit amount
- the death of the life insured
- on receipt of your written notification to terminate this option
- the TPD benefit expiry date shown on your Policy schedule
- the termination of your policy (see the Termination of your policy clause on page 4).

Accidental death option

The Accidental death benefit amount is payable if the life insured is covered for this benefit and suffers *accidental death* which was sustained while both this benefit, and your policy, were in force.

Exclusions – Accidental death benefit

No claim is paid where the *injury* causing the life insured's *accidental death*:

- is the result of the life insured's suicide or
- is the result of any event specified as an exclusion on your Policy schedule.

Termination of Accidental death option

The Accidental death option terminates in relation to the life insured on the first to occur of:

- the payment of the Accidental death benefit amount
- the death of the life insured
- on receipt of your written notification to terminate this option
- the Accidental death benefit expiry date shown on your Policy schedule or
- the termination of your policy (see the Termination of your policy clause on page 4).

Business future cover option

When the Business future cover option can be used

This benefit entitles you to increase the Death benefit prior to the life insured's 65th birthday or TPD benefit amount (if applicable) prior to the life insured's 60th birthday without our reassessment of his/her personal circumstances, as long as:

- you have not received, nor are entitled to receive, a benefit under this policy
- we or any other life insurer have not waived or are not waiving, premiums in relation to the life insured.

The option can only be exercised once in any policy year within 30 days of the event which triggers the increase.

This option allows you to apply for future increases in the Death benefit or TPD benefit amount without the need to provide further health evidence and the trigger is based on the purpose of your policy (our basis of acceptance of your policy is shown on your Policy schedule).

Trigger events for an increase in cover

- If your policy is for loan/guarantor protection and if the *loan guarantee* increases.
- If your policy is for buy-sell and if the value of the life insured's interest in the *business* increases.

Restrictions and limitations

The maximum amount up to which you can increase the Death cover under this option is the lower of:

- three times the cover at the Death benefit start date or
- \$15,000,000.

The maximum amount up to which you can increase the TPD cover under this option is the lower of:

- three times the cover at the TPD benefit start date or
- \$5,000,000.

We will not increase the Death benefit or TPD benefit amount under this option if the total amount of cover applying to the life insured for all policies from all sources (including any policies issued by other insurance companies) would exceed our *maximum underwriting limit* or would exceed (depending on the purpose of your policy):

- the *loan guarantee* or
- the value of the life insured's interest in the *business*.

If the Death benefit or TPD benefit amount was less than 100 per cent of the *value of the business* or the *loan guarantee* or the value of the life insured's interest in the *business* then the relevant cover amount applying to the life insured can only be increased under this option to an equivalent percentage of the *value of the business*, *loan guarantee* or the value of the life insured's interest in the *business* at the time of any application to increase your cover.

Applying for an increase

You must apply for the increase within 30 days of the event which triggers the increase, and give us proof of the event which is satisfactory to us.

To apply for an increase, you must apply to us in writing and provide appropriate evidence of the trigger event. Depending on the purpose of your policy, that will be:

- evidence of the *loan guarantee*, and any other contractual or financial evidence we may request, to satisfy us that the value of the life insured's financial interest is at least equal to the requested increased amount of cover
- a *valuation of the business* (as provided by an independent qualified accountant or business valuer), and any other contractual or financial evidence we may request, to satisfy us that the value of the life insured's interest in the *business* is at least equal to the requested increased amount of cover.

The valuation method used must be the same method of valuation used when you apply and are accepted for this option.

The independent qualified accountant or business valuer cannot be the life insured's family member, business partner, employee or employer.

If you apply to increase the Death benefit, you do not have to increase the TPD benefit amount at the same time. However, if you apply to increase your TPD benefit, then you must also increase the Death benefit amount by at least the same amount at the same time. Any increase in the benefit must be approved by us.

Exclusions – Business future cover option

If the Business future cover option is not used in three consecutive policy years, then you will not be able to make any further increases under this option unless you can demonstrate to our satisfaction that financial evidence relating to the *business* and the purpose identified by you, in respect of that period, did not support an increase in the cover applying to the life insured.

Termination of the Business future cover option

The Business future cover option terminates on the first to occur of:

- the death of the life insured
- on receipt of your written notification to terminate this option
- the termination of your policy (see the Termination of your policy clause on page 4).

Premium waiver option

We will waive your *premiums* in respect of the life insured (if covered by this option) for all benefits under this policy, if the life insured is *totally disabled* prior to age 70. We will continue to waive the *premium* in respect of the life insured while he/she remains *totally disabled*.

To qualify for this waiver you must pay *premiums* for three months while the life insured is *totally disabled*. However, if we subsequently waive *premiums*, we will also refund any *premiums* paid in those three months.

In addition, if the life insured is involuntarily unemployed other than as a direct result of a *sickness* or *injury*, your policy has been in force for the previous 12 months at the time we receive a claim and he/she is registered with an employment agency approved by us, we will waive the *premium* in respect of the life insured for up to three months. A total of three months *premium* may be waived because of unemployment during the life of your policy.

Exclusions – Premium waiver option

Premiums will not be waived in respect of the life insured for *sickness* or *injury* occurring as a direct result of any one or more of the following:

- an intentional self-inflicted act
- attempted suicide
- *uncomplicated pregnancy or childbirth*
- an act of war (whether declared or not).

Termination of the Premium waiver option

The Premium waiver option terminates in relation to the life insured on the first to occur of:

- the death of the life insured
- on receipt of your written notification to terminate this option
- the *policy anniversary* following the 69th birthday of the life insured or
- the termination of your policy (see the Termination of your policy clause on page 4).

Related policies – additional benefits and conditions

If your policy is related to a Protection Plus policy (the *related protection policy*), additional terms apply to your Superannuation Term Life Plus policy. These additional terms:

- apply in addition to the conditions for the relevant benefit or option specified elsewhere in these Policy conditions, but
- only apply if you have selected the relevant benefit or option.

Buy back death (additional benefit)

You can repurchase the Death cover for a life insured which was reduced as a result of the payment of the Trauma benefit (other than a Partial trauma benefit) or the TPD benefit (other than a Partial TPD benefit) on a *related protection policy* without providing any evidence of the life insured's personal circumstances, as follows:

- up to one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 12 months after the payment of the Trauma benefit
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 24 months after the payment of the Trauma benefit
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 36 months after the payment of the Trauma benefit
- the full TPD benefit amount paid can be bought back on the date 12 months after the payment of the TPD benefit.

A Buy back death benefit opportunity can only be exercised before the *policy anniversary* following the life insured's 74th birthday and within 30 days of the applicable opportunity date. The Future insurability benefit does not apply to any repurchased Death benefit.

The *premium* applying to the Death cover repurchased will be based on our then current rates and the life insured's age, gender, smoking status and any premium loadings which applied to the Death cover which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover repurchased.

You can exercise a Buy back death benefit opportunity by accepting our offer in writing.

Future insurability benefit

In addition to the conditions specified for this benefit, if the policy has a *related protection policy*, the maximum TPD benefit amount up to which you can increase your cover applying to the life insured under this option cannot exceed the Death benefit amount on this policy.

Inflation protection

If you reject the Inflation protection offer on a *related protection policy* in respect of the same life insured, then the offer under this policy is automatically also rejected.

Premium freeze

The election to freeze the *premium* cannot be made if there is a *related protection policy*.

Benefit adjustments

In addition to the benefit adjustments specified on page 38, the Death benefit applying to the life insured is also reduced by the amount paid or advanced, under any TPD, Partial TPD, Trauma or Partial trauma benefit on a *related protection policy*.

Termination of related policy

If this policy is terminated, any *related protection policy* will also terminate.

If a *related protection policy* is cancelled, this policy will continue in accordance with the policy's conditions. A new Policy schedule will be issued indicating that there is no *related protection policy*. The *premium* applying to the TPD option (if applicable) will increase and be based on our then current rates for the TPD option without a *related protection policy*.

Optional benefits

Total and Permanent Disablement (TPD) option

If the life insured is insured under both TPD cover on this policy and Trauma cover on a *related protection policy* and a claim for the same insured event can be made under both covers, we will only pay under the Trauma cover and will not pay under the TPD cover unless the TPD sum insured is higher, in which case, we will also pay a TPD benefit of the difference in the sums insured.

Benefit adjustment: In addition to the benefit adjustments specified on page 39, the TPD benefit applying to the life insured is also reduced by the amount paid or advanced, under any Trauma or Partial trauma benefit on a *related protection policy*.

Business future cover option

In addition to the conditions specified for this benefit, if the policy has a *related protection policy*, the maximum TPD benefit amount up to which you can increase your cover applying to the life insured under this option cannot exceed the Death benefit amount on this policy.

Definitions

accidental death means the life insured dies as a result of sustaining bodily injury caused by accidental, violent, external and visible means where death occurs within three calendar months of the *injury* being sustained.

accidental injury means bodily injury caused by accidental, violent, external and visible means while this policy is current.

activities of daily living are:

- (1) bathing and showering
- (2) dressing and undressing
- (3) eating and drinking
- (4) using a toilet
- (5) moving from place to place by walking, wheelchair or with the assistance of a walking aid.

aorta repair means the undergoing of vascular surgery to correct any narrowing, dissection or aneurysm of the thoracic or abdominal aorta. Laser therapy, intra arterial procedures and techniques not involving open surgical procedures are excluded.

aplastic anaemia means bone marrow failure which results in anaemia, neutropenia and thrombocytopenia requiring treatment, with at least one of the following:

- blood product transfusions
- marrow stimulating agents
- immunosuppressive agents or
- bone marrow transplantation.

average monthly pre-tax income means 1/12th of *pre-tax income* in respect of either:

- the previous 12 months
- the previous financial year

at your option.

bacterial meningitis means all potential manifestations of bacterial meningitis causing:

- *significant permanent impairment* or
- a permanent and total inability to perform without physical help from someone else, at least one of the *activities of daily living*.

benefit period means the maximum length of time that we will pay the *income benefit* or Business expenses benefit (as applicable) for when the life insured suffers from the same or related *sickness* or *injury* during the life of your policy. The benefit period is shown on your Policy schedule. All benefits cease, if not earlier, at the *policy anniversary* following the life insured's 70th birthday.

benign tumour of the brain or spinal cord means a non-cancerous tumour in the brain or spinal cord which is histologically described and which produces neurological deficit causing *significant permanent impairment* or the undergoing of radical surgery for its removal.

We do not cover any of the following:

- cysts, granulomas and cerebral abscesses
- malformations in, or of, the arteries or veins of the brain
- haematomas or
- tumours in the pituitary gland.

blindness means the irrecoverable loss of sight of both eyes as a result of *sickness* or *injury*. The extent of the visual loss must be such that the eyesight is reduced to or less than 6/60 central acuity or degree of vision of less than or equal to 20 degrees.

business means the entity on which we based our *underwriting* at the time you applied for your policy.

business earnings means income earned by your business or professional practice as the result of the life insured's personal services.

business income producing duties means duties which substantially contribute to *pre-disability business earnings*.

carcinoma in situ means a carcinoma in situ characterised by a focal autonomous new growth of carcinomatous cells, which has not yet resulted in the invasion of normal tissues. 'Invasion' means an infiltration and/or active destruction of normal tissue beyond the basement membrane. The tumour must be classified as Tis according to the TNM staging method or FIGO stage 0.

Only carcinoma in situ of the following sites is covered:

- cervix uteri (excluded are Cervical Intraepithelial Neoplasia (CIN) classifications including CIN-1, CIN-2, and CIN-3)
- corpus uteri
- fallopian tube – the tumour must be limited to the tubal mucosa
- penis or testicle
- perineum
- vagina, vulva or breast.

Note: FIGO refers to the staging method of The Federation Internationale de Gynecologie et d'Obstetrique.

cardiomyopathy means impaired ventricular function of variable aetiology resulting in significant permanent physical impairment to the degree of at least Class 3 of the New York Heart Association classification of cardiac impairment and the life insured being unable to perform his/her *usual occupation*. Cardiomyopathy directly related to alcohol usage or drug abuse is excluded.

chronic kidney failure means end stage renal failure presenting as chronic irreversible failure of both kidneys to function as a result of which permanent regular renal dialysis is instituted or renal transplant undertaken.

chronic liver disease means end stage liver failure, with the diagnosis based on:

- permanent jaundice or ascites
- encephalopathy or liver biopsy.

Liver disease directly related to alcohol usage or drug abuse is excluded.

chronic lung disease means end stage lung disease, including interstitial lung disease requiring extensive and permanent oxygen therapy or FEV 1 test results of less than one litre.

colostomy or ileostomy means the creation of a permanent and irreversible opening, linking the colon and/or ileum to the external surface of the body.

coma means a state of unconsciousness with no reaction to external stimuli or internal needs, resulting in a documented Glasgow Coma Scale of 6 or less, for a continuous period of at least 72 hours.

confined to bed means that a *medical practitioner* states (in writing) that the life insured is confined to bed and he/she needs the full-time care of a *nurse* or *personal care attendant* for more than 2 days in a row.

consumer price index means the 'Weighted Average of Eight Capital Cities Index' as published by the Australian Bureau of Statistics or, if that index ceases to be published or is substantially amended, such other index we will select.

coronary artery bypass surgery means the actual undergoing of coronary artery bypass surgery which is considered medically necessary to correct or treat coronary artery disease but not including angioplasty, other intra-arterial or laser procedures.

deafness means the total, irreversible and irreparable loss of hearing, in both ears, whether aided or unaided.

dementia (including alzheimer's disease) means the life insured has Alzheimer's Disease or other dementia. The diagnosis must confirm permanent irreversible failure of brain function resulting in significant cognitive impairment for which no other recognisable cause has been identified. Significant cognitive impairment means a deterioration or loss of intellectual capacity that results in a requirement for continual supervision to protect the life insured or others. Dementia as a result of alcohol or drug abuse is specifically excluded.

diabetes (type 1) means the diagnosis of insulin dependent diabetes mellitus (IDDM) after the age of 30 by an appropriate consultant physician.

diplegia means the permanent and total loss of function of both sides of the body due to disease, illness or injury of the brain or spinal cord.

direct family member means:

- the life insured's *spouse*
- the life insured's mother, father, mother-in-law, father-in-law or child.

early stage chronic lymphocytic leukaemia means the presence of chronic lymphocytic leukaemia diagnosed as Rai stage 0, which is defined to be in the blood and bone marrow only.

early stage melanoma means the presence of one or more malignant melanomas of 1.5mm or less maximum thickness as determined by histological examination using the Breslow method, or less than Clark Level 3 depth of invasion as determined by histological examination. The malignancy must be characterised by the uncontrollable growth and spread of malignant cells and the invasion and destruction of normal tissue.

early stage prostate cancer means prostatic cancers that are not covered under the definition of malignant cancer in these definitions, and are histologically described as TNM classification T1 according to the TNM staging method or a Gleason Score of either 2, 3, 4 or 5.

eligible business expenses means the life insured's share of the expenses and outgoings incurred in running his/her business or professional practice. These may include:

- **premises**
 - insurance of premises
 - interest & fees on loan to finance premises
 - property rates/taxes
 - rent
 - repairs and maintenance
- **services**
 - electricity
 - fixed telephone and fax lines
 - gas
 - internet service provider
 - mobile telephone
 - postage and couriers
 - water and sewerage

- **equipment**
 - leasing of office equipment or machinery
 - loan repayments (principal and interest) for equipment and machinery
 - motor vehicle leasing (excluding taxi)
 - insurance of vehicles and equipment
 - registration of vehicles
 - repairs and maintenance
- **salaries and related costs**
 - salaries of employees who do not generate any business income, but not including any employees who are family members or who were not employees in the 90 days prior to the claim
 - payroll tax on the above salaries
 - superannuation (SGC) contributions for the above salaries
- **fixed contract costs**
 - contracted maintenance costs for upkeep of premises eg. cleaning, security, but not including any services provided by family members
- **other eligible expenses**
 - accounting and auditing fees
 - bank fees and charges
 - business insurances
 - regular advertising costs
 - interest and fees on business loan/s (not related to premises)
 - professional association and membership fees
 - subscriptions

Eligible business expenses do not include:

- any expenses that are not regularly paid or payable
- cost of goods, merchandise or stock used in your profession, business or occupation
- depreciation of any kind
- items of a capital nature such as books, fixtures, fittings and furniture
- *premiums* payable on this policy
- salaries and related costs paid to you, members of your family or employees who generate income.

eligible child means any child of the life insured (by birth, marriage or adoption) who has reached their 2nd birthday, but has not yet reached their 18th birthday.

encephalitis means an inflammatory disease of the brain resulting in neurological deficit causing:

- at least 25 per cent impairment of whole person function that is permanent or
- total and permanent inability to perform at least one of the *activities of daily living*.

fracture means any fracture resulting from an accident requiring fixation, immobilisation or plaster cast as treatment of the affected area within 48 hours of the occurrence of the fracture.

full-time paid employment means being employed or self-employed, working 26 hours or more per week and receiving appropriate remuneration.

heart attack means the death of a portion of the heart muscle as a result of inadequate blood supply to the relevant area. The diagnosis for this will be supported by any two of the following criteria being consistent with a heart attack:

- new confirmatory electrocardiograph (ECG) changes
- diagnostic rise and fall (other than as a result of coronary or cardiac intervention) of cardiac enzyme CK-MB above the upper limit of normal or Troponin I in excess of 2.0ug/l or Troponin T in excess of 0.6ug/l
- new pathological Q waves
- satisfactory evidence that the event produced a permanent reduction in the Cardiac Ejection Fraction to 50 per cent or less as measured three months after the event.

heart valve surgery means the undergoing of surgery considered medically necessary to repair or replace cardiac valves as a consequence of heart valve defects or abnormalities that cannot be corrected by non-surgical techniques.

hemiplegia means the permanent and total loss of function of one side of the body due to disease, illness or injury of the brain or spinal cord.

income benefit means the amount of the *insured monthly benefit* you are eligible to receive under the Policy conditions.

income producing duties means duties which substantially contribute to *pre-disability income*.

injury means accidental bodily injury inflicted after the policy commencement date and while the policy is in force.

insured monthly benefit means the amount of benefit you initially apply and are accepted for plus indexation increases (if any).

level of cover means either standard, comprehensive or premier, as shown on your Policy schedule.

loan guarantee means the amount of a business loan which the life insured is personally responsible for in relation to the *business*.

loss of hearing in one ear means the total, irreversible and irreparable loss of hearing in one ear, whether aided or unaided.

loss of independence means as a result of a disease, illness or injury the life insured is unable to perform at least two *activities of daily living* or cognitive impairment that results in the life insured requiring permanent and constant supervision. The inability or impairment must have existed continuously for a period of at least three months and be permanent and irreversible.

loss of limbs or sight means the entire and irrevocable loss of use of two or more of the sight in one eye, and a hand or a foot.

loss of speech means the total loss of speech both natural and assisted as a result of *sickness or injury* which is permanent. Loss of speech related to any psychological cause is excluded.

major head trauma means accidental cerebral injury resulting in permanent neurological deficit causing *significant permanent impairment*.

major organ transplant means the life insured:

- undergoes the organ transplant or
- upon specialist medical advice is placed on an official Australian acute care hospital waiting list to undergo organ transplant or
- undergoes permanent mechanical replacement for one or more of the following: kidney, heart, liver, lung, pancreas, small bowel and bone marrow.

The transplantation of all other organs or parts of any organ or of any other tissue is excluded.

malignant cancer means the presence of a malignant tumour, including leukaemia, malignant lymphoma and other haemopoietic malignancies.

The tumour must be confirmed by histological examination and:

- the life insured must require major interventionist therapy including surgery, radiotherapy, chemotherapy, biological response modifiers or any other major treatment, or
- the tumour must be sufficiently advanced such that major interventionist therapy is no longer recommended.

The following cancers are specifically excluded:

- chronic lymphocytic leukaemia less than RAI Stage 1
- all cancers described as carcinoma in situ. Carcinoma in situ of the breast is covered if it requires the removal of the entire breast
- all skin cancers unless they have metastasised to other organs, or the tumour is a malignant melanoma of Clark Level 3 and above, or invasion equal to or greater than 1.5mm thickness
- prostate cancers diagnosed as T1 with a Gleason score of 5 or less, unless major interventionist therapy is performed.

maximum underwriting limit means the maximum cover amount in relation to a benefit or coverage type acceptable by us as determined from time to time. The *maximum underwriting limit* current at the start of this policy will be detailed in Part 1 of this PDS. Updated limits can be obtained by ringing our Client Service Centre on 131 551.

medical practitioner means a medical practitioner legally registered to practise in Australia or New Zealand or a medical practitioner legally registered to practise in another country. Medical practitioner does not include you or a life insured or a relative of you or a life insured. The business partners or employees of you and the relevant life insured are also excluded. Medical practitioners do not include other para-medical professions such as chiropractors, physiotherapists or naturopaths.

medically acquired HIV means infection with the Human Immunodeficiency Virus (HIV) which we believe, on the balance of probabilities, arose from one of the following medically necessary events which must have occurred to the life insured in Australia by a recognised and registered health professional:

- a blood transfusion
- transfusion with blood products
- organ transplant to the life insured
- assisted reproductive techniques
- a medical procedure or operation performed by a doctor or dentist.

HIV infection transmitted by any other means including sexual activity or recreational intravenous drug use is specifically excluded.

A benefit will not be payable in the event that a medical cure is found for Acquired Immune Deficiency Syndrome (AIDS) or the effects of the HIV virus or in the event of a treatment being developed and approved which makes the HIV virus inactive and non-infectious.

mental disorder means any disorder classified in the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association which is current at the start of the period of disability (or such replacement or successor publication or if none then such comparable publication as selected by us).

Such mental disorders include, but are not limited to, stress (including post traumatic stress), physical symptoms of a psychiatric illness, anxiety, depression, psychoneurotic, psychotic, personality, emotional or behavioural disorders or disorders related to substance abuse and dependency which includes alcohol, drug and chemical abuse dependency.

For the purposes of this policy, mental disorder does not include dementia (except where the dementia is related to any substance abuse or dependency), Alzheimer's Disease or mental disorder caused by head injuries.

minimally invasive cardiac surgery – including coronary artery angioplasty means the actual undergoing of thoracoscopic, laparoscopic, 'minimally invasive' or 'keyhole' surgery to treat or repair:

- a narrowing or blockage of one or more coronary arteries
- an obstruction of the aorta or a coarctation of the aorta or
- a cardiac valve as a consequence of heart valve defects or abnormalities.

Investigative or diagnostic procedures are not included.

motor neurone disease means unequivocal diagnosis of Motor Neurone Disease.

multiple sclerosis means a disease characterised by demyelination in the brain and spinal cord. Multiple Sclerosis must be unequivocally diagnosed. There must be more than one episode of well defined neurological deficit with persisting neurological abnormalities. Neurological investigations such as lumbar puncture, MRI (Magnetic Resonance Imaging) evidence of lesions in the central nervous system, evoked visual responses, and evoked auditory responses are required to confirm diagnosis.

muscular dystrophy means the unequivocal diagnosis of Muscular Dystrophy.

nurse means a nurse legally registered to practice in Australia or, if we approve, a nurse legally registered to practice in another country. Nurse does not include you or a life insured or a relative of you or a life insured. The business partners or employees of you and the life insured are also excluded.

occupationally acquired HIV means infection with the Human Immunodeficiency Virus (HIV) where the virus was acquired as a result of an accident occurring during the course of the life insured's normal occupation and sero-conversion of the HIV infection must occur within six months of the accident.

HIV infection acquired by any other means including sexual activity or recreational intravenous drug use is excluded.

A benefit will not be payable in the event of a medical cure being found for Acquired Immune Deficiency Syndrome (AIDS) or the effects of the HIV virus or in the event of a treatment being developed and approved which makes the HIV virus inactive and non-infectious.

Any accident giving rise to a potential claim must be reported to us within 7 days of the accident and supported by a negative HIV Antibody test taken after the accident. We must be given access to test independently all the blood samples used.

out of hospital cardiac arrest means cardiac arrest that is not associated with any medical procedure, is documented by an electrocardiogram, occurs out of hospital and is:

- cardiac asystole or
- ventricular fibrillation with or without ventricular tachycardia.

own occupation means the occupation predominantly performed in the 12 months prior to the *sickness or injury*. If the life insured has been unemployed in the 12 months immediately prior to the *sickness or injury*, then own occupation means the occupation most recently performed in the last 12 months of paid employment.

paraplegia means the permanent and total loss of use of both legs resulting from disease, illness, disease or injury of the brain or spinal cord.

parkinson's disease means the unequivocal diagnosis of Parkinson's Disease where the disease cannot be controlled with medication and shows signs of progressive incapacity. Parkinson's Disease as a result of alcohol or drug abuse is excluded.

personal care attendant means a person upon whose care the life insured is totally dependent and cannot be:

- a member of the life insured's immediate family
- an employee of the life insured or the life insured's immediate family
- the life insured's employer

unless they have ceased full-time work or taken leave specifically to care for the life insured.

policy anniversary means the anniversary of the commencement date shown on your Policy schedule.

post-disability income means the total of the amounts determined in accordance with paragraphs (a) and (b):

- (a) the life insured's *pre-tax income* from personal exertion during the relevant month
- (b) other benefits received during the relevant month by way of the following sources as a result of the life insured's *sickness or injury*:
- other disability income policies you did not disclose to us at the time of *underwriting*
 - workers' compensation or other legislated benefits (unless the life insured's occupation category is A1, A1M or A2, as shown on the Policy schedule).

For the purposes of this definition:

- *pre-tax income* from personal exertion is income earned from any occupation, and is not restricted to income from the life insured's pre-disability occupation and
- a disability income policy is any individual or group disability insurance policy, including cover under a mortgage repayment policy or credit insurance policy, which pays a regular benefit due to the life insured's *sickness or injury* and
- where these amounts are paid or payable in a lump sum and cannot be allocated to specific months, then 1/60th of the lump sum shall be taken into account each month for a maximum period of five years
- post-disability income includes any revenue generated by someone employed to replace the life insured eg. a locum, which is in excess of their employment cost.

If the other payment received is:

- a lump sum or part of a lump sum paid as compensation for pain and suffering or as compensation for loss of use of a limb
- a lump sum total & permanent disablement or trauma benefit

the payment received will not be included as post-disability income.

During the first three months that you are receiving an *income benefit*, if the life insured's post-disability income is 10 per cent or less of his/her *pre-disability income*, such amounts will not be included as post-disability income in the calculation of benefits.

If the life insured is working for 10 hours or less per week the payment received for that work will not be included as post-disability income in the calculation of benefits.

If the life insured's occupation category is A1, A1M or A2 (as shown on the Policy schedule), other payments received will not be included as post-disability income, unless the total amount of the benefit payable plus other payments received exceeds 100 per cent of the life insured's *pre-disability income*.

We will only pay benefits where the loss of income is a result of *sickness or injury*. Where *pre-tax income* from personal exertion has been reduced as a result of causes other than *sickness or injury*, we will adjust the life insured's post-disability income so that it only reflects the proportion of the income lost as a result of *sickness or injury*. In doing so, we will take into account available medical evidence (including the opinion of the life insured's registered doctor) and any other relevant considerations directly related to the life insured's medical condition (including information provided by you).

pre-disability business earnings means the monthly *business earnings* averaged over the 12 months prior to the *sickness or injury* giving rise to the claim for the Business expenses benefit.

pre-disability income

If the cover is agreed value:

The life insured's monthly pre-disability income is the highest of his/her *average monthly pre-tax income* during any consecutive 12 months in the period starting 12 months immediately prior to commencement of this policy and ending when the *waiting period* begins.

We will index this amount each year on the anniversary of the date we accepted your claim, by the percentage increase in the *consumer price index* published for the quarter falling immediately prior to claim anniversary over that published for the same quarter in the previous year.

If the cover is indemnity:

Pre-disability income means the life insured's average monthly *pre-tax income* over the most recent 12 months within the 24 month period immediately prior to the onset of his/her *sickness or injury*. Periods of unemployment or unpaid leave, long service leave, maternity leave, paternity leave or sabbatical leave, up to a maximum of 12 months, will be excluded from the 24 month period.

For example, if during the 24 months prior to the onset of *sickness or injury*, the life insured was on unpaid leave for the 9 months immediately before the *sickness or injury*, we would not consider those 9 months, but would calculate the average monthly *pre-tax income* by reference to the income during the 12 months immediately prior to the 9 month period.

pre-tax income means:

- if the life insured does not directly or indirectly own all or part of the business or professional practice from which he/she earns his/her regular income: the salary, wages, fees, commissions, bonuses and other personal exertion income earned by the life insured, plus the value of any company benefits received by the life insured (for example superannuation contributions or a company car), less any deductions for expenses directly incurred in earning this income or
- if the life insured does directly or indirectly own all or part of the business or professional practice from which he/she earns his/her regular income: the gross revenue generated by the life insured's business as a result of the life insured's personal exertion, plus income earned by the life insured from any other source as a result of personal exertion, less *eligible business expenses*.

premium

For Zurich Protection Plus and Zurich Superannuation Term Life Plus

Premium includes the premium for the primary benefit and each optional benefit included for each life insured covered under this policy, the premium for any increase in benefit, stamp duty and any other government charges that may be levied from time to time.

For Zurich Income Replacement

Premium includes the premium for the *insured monthly benefit* and each optional benefit included under your policy, the premium for any increase in benefit, stamp duty and any other government charges that may be levied from time to time.

primary pulmonary hypertension means primary pulmonary hypertension with substantial right ventricular enlargement established by investigations including cardiac catheterisation, resulting in physical impairment to the degree of at least Class 3 of the New York Heart Association Classification of cardiac impairment, and resulting in the life insured being unable to perform his/her *usual occupation*. Pulmonary Hypertension in association with chronic lung disease is excluded.

quadriplegia means the permanent and total loss of use of both arms and both legs resulting from disease, illness or injury of the brain or spinal cord.

rehabilitation program means a program or plan that:

- is designed to assist the life insured in returning to work either in his/her own occupation or in any other occupation for which he/she is suited by training, education or experience and
- has been approved by an appropriately tertiary qualified vocational or rehabilitation specialist.

related protection policy means the related Zurich Protection Plus policy without a Death benefit shown on the Policy schedule.

related super policy means the related Zurich Protection Plus policy with a Death benefit (issued to a self managed super fund trustee) or related Zurich Superannuation Term Life Plus policy shown on the Policy schedule.

severe accident or illness requiring intensive care

means an accident or illness that has resulted in:

- the life insured requiring continuous mechanical ventilation by means of tracheal intubation for 10 consecutive days (24 hours a day) in an authorised intensive care unit of an acute care hospital and
- *significant permanent impairment.*

severe burns means tissue injury caused by thermal, electrical or chemical agents causing third degree (full thickness) burns to at least:

- 20 per cent of the body surface area as measured by The Rule of 9 or the Lund & Browder Body Surface chart or
- 50 per cent of each hand and/or 50 per cent of the face.

severe rheumatoid arthritis means the unequivocal diagnosis of severe rheumatoid arthritis by a rheumatologist. The diagnosis must be supported by, and evidence, all of the following criteria:

- at least a six week history of severe rheumatoid arthritis which involves three or more of the following joint areas:
 1. proximal interphalangeal joints in the hands
 2. metacarpophalangeal joints in the hands
 3. metatarsophalangeal joints in the foot, or any joint of the wrist, elbow, knee or ankle
- simultaneous bilateral and symmetrical joint soft tissue swelling or fluid (not bony overgrowth alone)
- typical rheumatoid joint deformity
- and at least two of the following criteria:
 - morning stiffness
 - rheumatoid nodules
 - erosions seen on x-ray imaging
 - the presence of either a positive rheumatoid factor or the serological markers consistent with the diagnosis of severe rheumatoid arthritis.

Degenerative osteoarthritis and all other arthritides are excluded.

sickness means sickness or disease which first manifests itself after your policy begins, or a pre-existing sickness or disease disclosed to us in your application that we have not expressly excluded. Any sickness or disease that is the direct or indirect result of elective or donor transplant surgery within six months of the start or reinstatement of the policy is excluded.

significant permanent impairment means a permanent impairment of at least 25 per cent of whole person function as defined in the current edition of the American Medical Association publication 'Guides to the Evaluation of Permanent Impairment', or an equivalent guide to impairment approved by us.

single loss of limb or eye means the total and permanent loss of use of:

- one foot or
- one hand or
- sight in one eye (to the extent of 6/60 or less).

specific loss means the entire and irrevocable loss of use of:

- a hand and sight in one eye
- a foot and sight in one eye
- sight in both eyes
- one hand and one foot
- both hands
- both feet.

spouse means the legal or de facto husband or wife who may be of the same gender as the life insured.

stroke means a cerebrovascular event producing neurological sequela lasting at least 24 hours. This requires clear evidence on a Computerised Tomography (CT), Magnetic Resonance Imaging (MRI) or similar scan that a stroke has occurred and of:

- infarction of brain tissue or
- intracranial or subarachnoid haemorrhage.

Cerebral symptoms due to transient ischaemic attacks, reversible neurological deficit, migraine, cerebral injury resulting from trauma or hypoxia, disturbances of vision or balance due to disease of the eye, optic nerve or the vestibular apparatus of the ear are excluded.

terminal illness / terminally ill means:

- the life insured has a medical condition which causes death and
- death is likely to occur within 12 months.

total and permanent disablement (TPD) means (a) (b) (c) (d) or (e)

- (a) The life insured suffers a *specific loss*.
- (b) The life insured is *unable to work* through *sickness* or *injury*.
- (c) The life insured has been unable to engage in any normal domestic duties because of *sickness* or *injury* for a continuous period of at least three months and we believe after consideration of medical and any other evidence that the life insured is incapacitated to such an extent that he/she is unlikely ever to be able to perform normal domestic duties or engage (for reward or otherwise) in any other occupation to which he/she is fitted by way of education, training and experience for the rest of his/her life.
- (d) The life insured as a result of *sickness* or *injury*:
- is permanently and totally unable to perform without physical help from someone else, at least two *activities of daily living* or
 - suffers cognitive impairment requiring permanent and constant supervision

and has been so disabled for the immediately preceding three calendar months and will continue to be so disabled into the future.

- (e) The life insured has been absent from active employment solely as a result of *sickness* or *injury* for an uninterrupted period of three consecutive months and as a result of *sickness* or *injury* the life insured is unlikely to ever perform any occupation to which he/she is fitted by education, training and experience for the rest of his/her life which would pay remuneration at a rate greater than 25 per cent of his/her earnings during his/her last 12 consecutive months of work.

If the Living activities TPD option is provided for a life insured (shown on your Policy schedule), then total and permanent disablement, for the purposes of the Living activities TPD benefit, means (a) or (d) only.

If Special risk TPD is provided for a life insured (shown as an exclusion on your Policy schedule), then total and permanent disablement means (a) or (d) only.

For Zurich Superannuation Term Life Plus total and permanent disablement does not include (e).

totally disabled means the life insured:

- (a) has been unable to perform his/her *usual occupation* for a period of three consecutive months and has been throughout the three month period, and continues to be, under the regular care and treatment of or following the advice of, a *medical practitioner* and is not engaged in any occupation for wage or profit during the three month period or
- (b) is unable to perform at least two *activities of daily living*.

trauma events – basic means:

- *benign tumour of the brain or spinal cord*
- *chronic kidney failure*
- *coronary artery bypass surgery**
- *diplegia*
- *heart attack**
- *hemiplegia*
- *loss of speech*
- *major organ transplant*
- *malignant cancer**
- *paraplegia*
- *quadriplegia*
- *stroke**.

trauma events – extended means:

- *aorta repair*
- *aplastic anaemia*
- *bacterial meningitis*
- *benign tumour of the brain or spinal cord*
- *blindness*
- *cardiomyopathy*
- *chronic kidney failure*
- *chronic liver disease*
- *chronic lung disease*
- *coma*
- *coronary artery bypass surgery**
- *deafness*
- *dementia (including alzheimer's disease)*
- *diplegia*
- *encephalitis*
- *heart attack**
- *heart valve surgery*
- *hemiplegia*
- *loss of independence*
- *loss of limbs or sight*
- *loss of speech*
- *major head trauma*
- *major organ transplant*
- *malignant cancer**
- *medically acquired HIV*
- *motor neurone disease*
- *multiple sclerosis*
- *muscular dystrophy*
- *occupationally acquired HIV*
- *out of hospital cardiac arrest*
- *paraplegia*
- *parkinson's disease*
- *primary pulmonary hypertension*
- *quadriplegia*
- *severe accident or illness requiring intensive care*
- *severe burns*
- *stroke**
- *triple vessel coronary artery angioplasty.*

triple vessel coronary artery angioplasty means

the actual undergoing of angioplasty to three or more coronary arteries within the same procedure. Angiographic evidence, indicating obstruction of three or more coronary arteries, is required to confirm that the procedure is medically necessary.

unable to work means:

- if the life insured is covered for 'any' occupation TPD (as shown on the Policy schedule): the life insured has been absent from active employment solely as a result of *sickness* or *injury* for an uninterrupted period of three consecutive months and solely as a result of this *sickness* or *injury* is unlikely to ever work (for reward or otherwise) in his/her profession, business or similar occupation or engage in any other occupation to which he/she is fitted by education, training and experience for the rest of his/her life
- if the life insured is covered for 'own' occupation TPD (as shown on the Policy schedule): the life insured has been absent from active employment in his/her *own occupation* solely as a result of *sickness* or *injury* for an uninterrupted period of three consecutive months and solely as a result of this *sickness* or *injury* is unlikely to ever work (for reward or otherwise) in his/her *own occupation* for the rest of his/her life.

uncomplicated pregnancy or childbirth means

pregnancy, childbirth or termination which does not result in any serious medical complication. It includes participation in an IVF or similar program, normal discomforts such as morning sickness, backache, varicose veins, ankle swelling or bladder problems, giving birth, miscarrying or having an abortion.

underwriting means our assessment of the life insured's health and other factors, which could include occupation and pastimes, depending on the cover you apply for. We will use the information you provide to us and may also request a report from the life insured's doctor or ask him/her to undergo tests. Underwriting allows us to decide what the cost of cover will be for each individual. The process starts when we receive your completed Life Insured's Statement and ends when we issue a policy, offer you cover on modified terms or decline to offer cover to you.

usual occupation means, unless the life insured has been unemployed or on long service, maternity or paternity leave for more than 12 consecutive months immediately prior to the *sickness or injury* causing disability, the occupation predominantly performed in the 12 months prior to the *sickness or injury*. If the life insured has been unemployed or on long service, maternity or paternity leave for more than 12 consecutive months immediately prior to the *sickness or injury* then his/her usual occupation is any occupation he/she is capable of performing.

value of the business or valuation of the business means a valuation of the life insured's financial interest in the *business* based on the same method of valuation used when you applied and were accepted for cover as provided by an independent qualified accountant or business valuer.

value of the key person to the business or valuation of the key person to the business means the total of the life insured's remuneration package for that year excluding discretionary benefit, plus their share of net profit distributed by the *business* in that year as provided by an independent qualified accountant or business valuer.

waiting period means the number of days that you must wait before being eligible for the *income benefit*. There is a separate waiting period for the Business expenses option (if applicable). The waiting period is shown on your Policy schedule.

If the life insured returns to full earning capacity for no more than five consecutive days during the waiting period and the disability recurs, the waiting period will not start again. We will simply extend the waiting period by the number of days that the life insured was able to work.

You should notify us in writing within 30 days of the *sickness or injury*. If you notify us after 30 days, the waiting period will commence from the date that you notified us.

For Zurich Income Replacement

If the life insured's disability recurs from the same or related cause within 12 months of his/her returning to work, the claim will be considered to be a continuation of the same claim and a further waiting period will not apply.

If the life insured's disability recurs from the same or related cause later than 12 months after he/she returns to work, the claim will be considered to be a continuation of the same claim, but further *income benefits* will only be payable after expiry of a further waiting period.

Employment related salary continuance

If you take out a Zurich Income Replacement policy with a two year waiting period, and the life insured is also covered by employment related salary continuance which has a two year *benefit period*, we will use the original start date of the claim when we assess the waiting period, excluding any periods where he/she has returned to work under recurrent disability provisions in that policy.

For Special Risk (SR) occupations

If the life insured's disability recurs from the same or related cause within six months of his/her returning to work, the claim will be considered to be a continuation of the same claim and a further waiting period will not apply.

If the life insured's disability recurs from the same or related cause later than six months after he/she returns to work, the claim will be considered to be a continuation of the same claim, but further *income benefits* will only be payable after expiry of a further waiting period.
