

Zurich Wealth Protection

Product Disclosure Statement including policy conditions
Issue date: 1 March 2014

This PDS, prepared on 6 February 2014, is provided in two parts:

Part 1 – Policy information

Part 2 – Policy conditions

This PDS is an important document. You should read both parts (Parts 1 and 2) in full before making a decision to purchase these products. It will help you to:

- decide whether these policies will meet your needs and
- compare these policies with other policies you may be considering.

Defined terms

In this PDS, all terms appearing in *italics* are defined terms with special meanings. Detailed definitions appear in the policy conditions (Part 2). Policy features are capitalised for ease of identification.

In Part 1, 'Zurich', 'us', 'our', and 'we' means Zurich Australia Limited. 'You' means the person making the insurance decisions and applying for cover ie. generally the policy owner (including trustees of a self-managed super fund). Where you are taking out insurance as a member of any other super fund, 'you' will be the life insured. See ownership structures on page 8.

Policy conditions

Part 2 of this PDS contains the policy conditions which will apply to your cover once your application has been accepted. It is important that you read them carefully and keep them in a safe place.

Important notes

Where there is any reference to a third party in this PDS that third party has provided their consent to be named in this PDS.

The Zurich worldwide group of companies has obligations under various Australian and foreign laws. Despite anything to the contrary in this PDS or any other document related to the policies described in this PDS, the policies' terms will operate subject to all laws with which a Zurich worldwide company considers it must comply.

This offer is available only to persons receiving it (including electronically) within Australia. We cannot accept cash or applications signed and mailed from outside Australia.

Cover is only available to Australian residents. The policies are designed for Australian residents, and their operation and your rights may be restricted if you or the life insured cease to be an Australian resident.

General information only

The information contained in this PDS is general information only. It does not take into account your individual objectives, financial situation or particular needs. You should consider the appropriateness of each policy having regard to your objectives, financial situation and needs.

We recommend you seek professional financial and taxation advice before making any decisions regarding these policies.

Up-to-date information

The information in this PDS is up to date at the date it is prepared. Certain information in this PDS may change from time to time. Where the change is not materially adverse, we will update such information on our website, www.zurich.com.au. A paper copy of the updated information will be available free of charge upon request by contacting us (see the inside back cover of this PDS for details).

Issuer information

Issued by Zurich Australia Limited
ABN 92 000 010 195, AFSL 232510:

- Zurich Protection Plus
- Zurich Income Replacement

Issued by Zurich Australian Superannuation Pty Limited
ABN 78 000 880 553, AFSL 232500:

- Zurich Superannuation Term Life Plus
- Zurich Superannuation Income Replacement

This PDS is jointly issued by Zurich Australia Limited and Zurich Australian Superannuation Pty Limited, each of whom takes full responsibility for the whole PDS.

Zurich Australian Superannuation Pty Limited is the trustee of the Zurich Master Superannuation Fund ABN 33 632 838 393, SFN 2540/969/42 (the fund). The fund obtains an insurance policy issued by Zurich Australia Limited for the benefits offered. Zurich Australia Limited is also the administrator of the fund.

Contact details for both issuers appear on the inside back cover of this PDS.

Zurich is part of the global Zurich Insurance Group:

A global insurance provider with enough financial strength to give you peace of mind.

One of the world's most valued and trusted brands.

Over 140 years experience, currently operating in 170 countries.

Award winning death and income covers.

Top-rated, personal, Australian based customer service.

Commitment to fast and sensitive claims payments.

Real value for money, without compromising quality of our service.

cover

Your financial adviser should be your primary contact point for advice. However Zurich's Client Service Centre is well equipped to answer general questions about these policies and can help you with day to day administration, like updating your payment details.

What policies are available?

Policy overview

Lump sum policies

Zurich Protection Plus and Zurich Superannuation Term Life Plus

Any combination of core covers	A selection of in-built benefits	Optional extras
<p>Death cover a lump sum payment on death</p>	<p>Extra benefits are included, depending on core cover/s selected.</p> <ul style="list-style-type: none"> • Death benefit • Terminal illness benefit • Advancement for funeral expenses • Accidental injury benefit* • Buy back cover after TPD or Trauma claim • Future insurability business benefit* 	<p>An extensive range of optional benefits can be included.</p> <ul style="list-style-type: none"> • Accelerated buy back death option*
<p>Total and permanent disablement (TPD) cover a lump sum payment on permanent inability to work in the life insured's 'own' occupation* or in 'any' occupation</p>	<ul style="list-style-type: none"> • TPD benefit • Partial TPD benefit* 	<ul style="list-style-type: none"> • Double TPD option • Buy back TPD option*
<p>Trauma cover* a lump sum payment on one of the listed traumatic health events</p>	<ul style="list-style-type: none"> • Trauma benefit • Partial trauma benefit (Extended trauma only) • Paralysis booster benefit • Funeral benefit 	<ul style="list-style-type: none"> • Trauma reinstatement option (Extended trauma only) • Double trauma option (Extended trauma only) • Top-up option (Extended trauma only)
	<p>All policies include:</p> <ul style="list-style-type: none"> • Interim cover • Inflation protection • Future insurability • Financial planning advice • Premium freeze* • Premium holiday# 	<p>All policies <u>can</u> include:</p> <ul style="list-style-type: none"> • Premium waiver option* • Accidental death option • Living activities TPD option* • Business future cover option • Needlestick cover option* • Insured child option*

Income policies

Zurich Income Replacement and Zurich Superannuation Income Replacement

The Income benefit is the core	A selection of in-built benefits	Optional extras
<p>Income benefit a monthly benefit if the life insured experiences a loss in income due to sickness or injury</p> <p>Cover can be tailored with a choice of:</p> <ul style="list-style-type: none"> • agreed value* or indemnity • premier*, comprehensive or standard cover • a range of waiting periods • a range of benefit periods 	<p>Benefits vary depending on the level of cover selected.</p> <p>Premier, comprehensive and standard</p> <ul style="list-style-type: none"> • Income benefit • Specified injury benefit* • Rehabilitation benefit* • Funeral benefit • Flexible cover benefit* • Waiver of premium* <p>Premier and comprehensive</p> <ul style="list-style-type: none"> • Confined to bed benefit • Special care benefit* <p>Premier* only</p> <ul style="list-style-type: none"> • Family support benefit* • Trauma benefit* • Future insurability <p>All policies include:</p> <ul style="list-style-type: none"> • Interim cover • Inflation protection • Recurrent disability • Concurrent disability • Premium holiday# 	<p>An extensive range of optional benefits can be included depending on the level of cover and occupation.</p> <ul style="list-style-type: none"> • Increasing claims option • Super contributions option • Business expenses option* • Lump sum accident option* • Day 4 accident option • Trauma option* • Future insurability option • Booster option • Family care option* • Severe disability option • Needlestick cover option* • Spouse cover option*

Savings

You save a management fee if more than one policy is applied for at the same time, for the same life insured. You can also save the fee if you insure multiple lives on one Zurich Protection Plus policy.

You can access a multi-policy discount if multiple policies include the same life insured.

A family discount or a business discount can reduce the cost of cover for a group of people if they all take cover with us.

*Superannuation ownership

These in-built benefits and optional extras are not available under Zurich Superannuation Term Life Plus or Zurich Superannuation Income Replacement or when the policy is owned by an SMSF trustee or super platform trustee.

Premium holiday is not available on policies which are set up under a platform arrangement.

Important features of all policies in this PDS

Cooling off period

After we send you a policy schedule, you have 21 days to check that your policy meets your needs. Within this time you may cancel the policy and receive a full refund of any *premiums* paid, provided you have not exercised any rights under it. Your request must be in writing (see 'How to contact us' on the inside back cover of this PDS).

If your policy has superannuation ownership, any refund is subject to preservation requirements. You may be required to nominate a complying superannuation fund for any refund.

If you exercise any rights in relation to your policy (for example, you make a claim) before the 21 day period has elapsed, your option to cancel your policy and receive a refund will be forfeited.

Guaranteed upgrade of benefits

We may improve the terms of the benefits described in this PDS. If we do so, without any change in the standard premium rates, we will incorporate the improvement in your policy. Any medical condition existing at the time the improvement is offered or any injuries sustained prior will be excluded from being eligible for payment under the improved terms.

Guaranteed renewable

Provided you pay *premiums* as required, Wealth Protection policies are guaranteed to be renewable up until the expiry age of the benefit(s) you have chosen regardless of any changes in your health or pastimes. Your policy will only cease in accordance with the terms of the policy.

Significant risks

There are certain risks associated with holding a Zurich Wealth Protection policy:

- if *premiums* are not paid when due, the policy will lapse, the life insured will no longer be covered and you cannot make a claim
- if you do not comply with your duty of disclosure, we may not pay your claim, pay only a portion of your claim or cancel your cover.

The duty of disclosure is explained on page 4 of the Application Form.

Applying for cover

We know the process can seem daunting. Here is an easy step-by-step diagram which shows how you can get Zurich cover in place, with the help of your financial adviser.

1 Work out what you need

The first step involves a discussion with your financial adviser. He or she will help determine what types of cover you need, how much cover, ownership structure and any tailoring to your circumstances. Once the policy parameters are agreed with you, a personalised premium quote will be provided.

2 Make sure you understand what is recommended to you

This PDS contains all the information you need to know about our policies – including the policy conditions which are set out in Part 2. Read this PDS carefully to make sure you understand the policy or policies you plan to apply for.

3 Making an application for cover

Complete and submit our Application Form which asks for contact information, policy ownership arrangements and payment details. Each person to be insured must complete our Life Insured's Statement, which asks about health, financial situation, lifestyle and pastimes. Your financial adviser will help you to complete and submit both parts electronically or on paper.

4 Up to 90 days of interim cover

From the time an application is submitted and premium payment is arranged, we provide up to 90 days of interim cover against *accidental death* and/or *accidental injury*, depending on the covers applied for.

Interim cover generally ends when we finish our assessment, ie. we issue a policy or we decline the application.

Interim cover is only temporary and has special terms and conditions set out in the Interim Cover Certificate on page 50.

Our assessment of your application

We will assess each life based on the information provided to us in the Life Insured's Statement. Any disclosed health condition will be covered under the policy, unless we are unable to offer cover, or specifically exclude the condition.

Depending on factors including age, health, cover applied for and sum insured we may need additional information directly from the life insured, from the insured's doctor or we may request a medical examination or test. The majority of applications are assessed without any medical testing.

Alternate terms may apply

If the personal assessment of the application results in any premium loading or special exclusion, then your financial adviser will be in touch with you to agree the revised terms, which will form part of your application. We will only issue a policy once we have your agreement to the revised terms in writing.

If you decide not to go ahead with the application at this point, the process will end.

Policy is issued

Once our assessment is complete and we accept your application, a policy schedule will be created and issued. The policy schedule shows the details of the individual policy, including who is insured, sums insured and cover commencement and end dates. It will also show any special conditions and exclusions that have been agreed.

Store your documents

Keep the policy schedule and this PDS (which contains the policy conditions) as evidence of your insurance.

Each year, depending on your policy, we will be in contact to tell you the *premium* for the next 12 months, offer to increase cover in line with inflation and update you about any policy enhancements we've made. We may also provide a superannuation statement or a tax deduction letter.

Store all your Zurich documents together, so you can find them if you need to make a claim.

Keep in touch

You and your financial adviser will agree a timeframe for regular contact. You should also contact him or her if your situation changes or if you need financial advice.

You can contact us any time on **131 551** for help with maintaining your policy, arranging premium payments or if you need to make a claim.

Policy structure & platform options

To maximise the efficiency of your insurance cover, you can tailor a Wealth Protection policy to suit your individual needs.

Two important considerations are policy ownership and whether or not to structure any of your insurance cover in super – through your own self managed super fund (SMSF), as a member of an approved superannuation platform or through membership in the Zurich Master Superannuation Fund.

Zurich allows a number of ownership structures to suit individual circumstances summarised in the table below.

Your financial adviser can provide you with more information on policy structures for your individual situation.

	Policy owner	Policies available	Life insured	Benefits payable to
Outside of super	You as an individual (could be via a platform)	Zurich Protection Plus Zurich Income Replacement	You and/or other individual/s	You or Nominated beneficiary (for death benefits if you are the sole policy owner and life insured)
	You as a corporation		Individual/s	Policy owner
In super (superannuation ownership)	You as SMSF trustee/s (individual or corporation) (could be via a platform)	Zurich Protection Plus Zurich Income Replacement (benefits adjusted to comply with super laws)	SMSF member/s	SMSF trustee/s
	Super platform trustee	Zurich Protection Plus Zurich Income Replacement (benefits adjusted to comply with super laws)	You (applying for cover through your super platform)	Policy owner
	Trustee of the Zurich Master Superannuation Fund	Zurich Superannuation Term Life Plus Zurich Superannuation Income Replacement	You	Policy owner

Benefits under the policy are usually payable on an event (eg. death or injury) happening to the life insured but payable to the policy owner. You can have a single policy owner or joint individual policy owners (eg. husband and wife, business partners or individual SMSF trustees). With superannuation ownership, the trustee may release benefits to you upon meeting a superannuation condition of release under superannuation laws and in accordance with the trust deed.

Platforms

You can take out Zurich Protection Plus or Zurich Income Replacement through selected platforms. Platforms offer the convenience of consolidated finances and reporting. If you include Zurich insurance in your platform account, your *premiums* will be paid by automatic monthly deduction from the platform account on the same day each month.

The platform may be a super platform allowing insurance to be funded by a superannuation account or it may be a non-super platform funded by an investment account.

If *premiums* are not paid in any month due to insufficient funds, then the outstanding *premium* will be deducted from the account on the following month, to bring *premiums* up to date.

Information about how the platform operates can be found in the PDS provided by the platform provider or the trustee of the platform superannuation fund.

Holding cover in and out of super

If you wish to hold as much of your cover as possible in super, but still wish to access benefits which cannot be held in super (eg. agreed value income replacement cover, trauma cover or 'own' occupation TPD cover), Zurich's tailored super structuring could be the solution.

More information can be found in the following section.

Tailored super structuring

Zurich's tailored super structuring allows benefits to be split across two policies, resulting in some cover owned by the trustee of a superannuation fund and some cover owned by you personally.

Tailored super structuring is available with:

- lump sum policies and
- income policies.

Lump sum policies

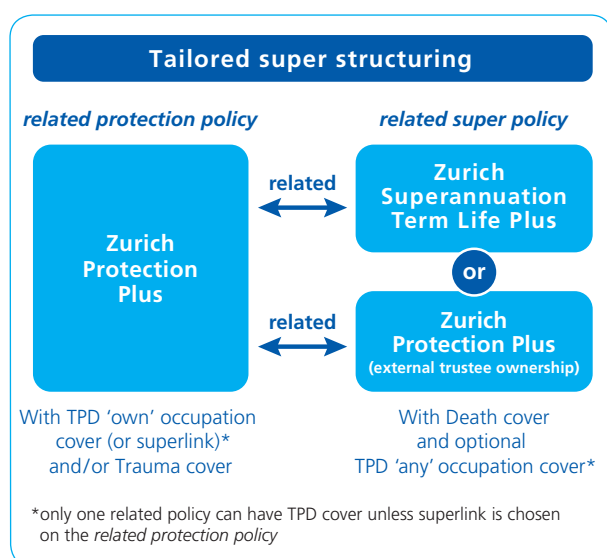

To link a mixture of super and ordinary benefits, you can relate a Zurich Protection Plus policy to:

- another Zurich Protection Plus policy (owned by the trustee of an external superannuation fund) or
- a Zurich Superannuation Term Life Plus policy (owned by the trustee of the Zurich Master Superannuation Fund).

You can only have related policies insuring the same life insured (one life insured only).

How the covers are allocated

The diagram below shows how the policies can be set up, which covers can be added to each policy and identifies which policy is the *related protection policy* and which policy is the *related super policy*.

How the two related policies interact

When you select more than one core cover on related policies (ie. Death cover, TPD cover, Trauma cover) we will automatically link the covers together. This ensures that you get a cost-effective package of cover, but it also means that a claim on one cover will impact the other/s. Some reinstatement and buy back benefits operate across the two policies.

For example, if you select Death cover (Zurich Superannuation Term Life Plus) and TPD cover or Trauma cover (Zurich Protection Plus), and you make a claim on your TPD cover or Trauma cover, the Death cover will be reduced by the amount of the TPD cover or Trauma cover claim.

Premiums are separately charged for each related policy. If your *related super policy* is a Zurich Superannuation Term Life Plus policy, only the *premiums* for that policy are contributions to the Zurich Master Superannuation Fund.

TPD superlink

You can split your TPD cover, in a cost-effective way, into an:

- 'any' occupation TPD component within super and
- 'own' occupation TPD component ('superlink') outside of super.

The TPD cover on both policies is linked together, giving you the advantage of both an 'any' occupation TPD component as well as an 'own' occupation TPD component, even though a TPD benefit is only payable once.

In the event of a TPD claim, your claim will be assessed under the *related super policy* first based on an 'any' occupation TPD definition. If the life insured qualifies for TPD benefits under the *related super policy*, the sum insured is payable to the trustee, with the TPD cover under the *related protection policy* reducing to zero. If the life insured does not qualify for TPD benefits under the *related super policy*, the life insured will then be assessed under the *related protection policy*, based on an 'own' occupation TPD definition. If the life insured qualifies for TPD benefits under this policy, the sum insured is payable to you, with the TPD cover under the *related super policy* reducing to zero. The TPD cover is not paid twice.

Related policy conditions

Any TPD and Trauma covers must be less than or equal to the Death cover on the *related super policy*. Additionally, any TPD 'own' occupation (superlink) cover must be equal to the TPD 'any' occupation cover. Any in-built benefit or optional extra that allows variations to the sum insured will be restricted to ensure these conditions are met at all times.

If the *related super policy* terminates, your *related protection policy* will also terminate.

If you have related policies, other special terms and conditions apply which limit and restrict the operation of certain in-built benefits and optional extras. The additional terms and conditions that will apply to your policy depend on whether the policy is a *related protection policy* or a *related super policy* (as shown in the diagram) and are set out in Part 2 (page 25).

Income policies

To hold your income cover as a mix of super and ordinary benefits, you can structure this through either:

- two related Zurich Income Replacement policies (one owned by the trustee of an external superannuation fund) or
- a Zurich Income Replacement policy and a Zurich Superannuation Income Replacement policy.

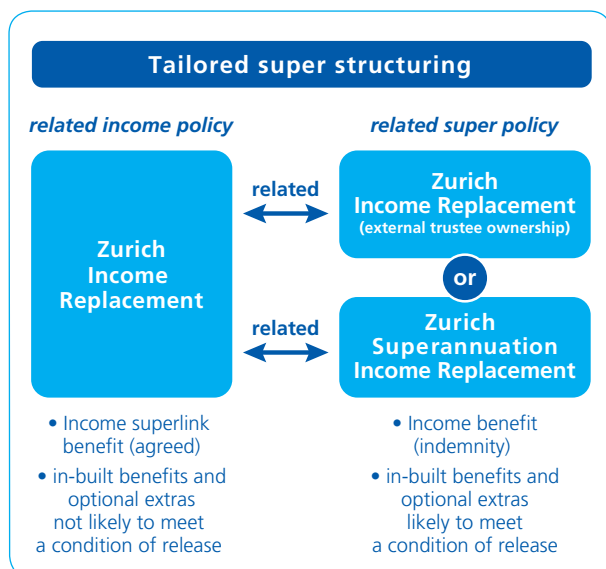

You can only have related policies insuring the same life insured (one life insured only).

How the covers are allocated

We will automatically allocate any income cover you select into the two policies based on whether or not the benefit is likely to be payable under superannuation laws.

Both policies will have the same *level of cover* (standard, comprehensive or premier), and the entry parameters and benefit restrictions which apply to each *level of cover* still apply. If you choose premier cover, the benefits under the *related super policy* will be the same as the comprehensive *level of cover*. However, the additional premier benefits will apply on your *related income policy*.

The diagram below shows how the in-built benefits and optional extras are allocated across the two policies.

Note that if selected, some optional extras must be held on both policies, regardless of likely access to benefits in superannuation, because they are charged as a premium loading. This will be clearly shown on your policy schedules.

Income superlink benefit

The Income superlink benefit is the Income benefit payable under your *related income policy* (which takes into account any Income benefit already payable under your *related super policy*) and is assessed on an 'agreed value' basis.

How the two related policies interact

In the event of a claim, your claim will be assessed under the *related super policy* first based on indemnity cover. If the life insured qualifies for a benefit under the *related super policy*, the benefit is payable to the trustee. Where the benefit paid under the *related super policy* is less than the amount you would be entitled to under the *related income policy*, we will pay you the balance of cover under the *related income policy* on an agreed value basis, up to the *insured monthly benefit*.

You will need to provide us with sufficient financial information for us to assess your claim on an indemnity and an agreed value basis.

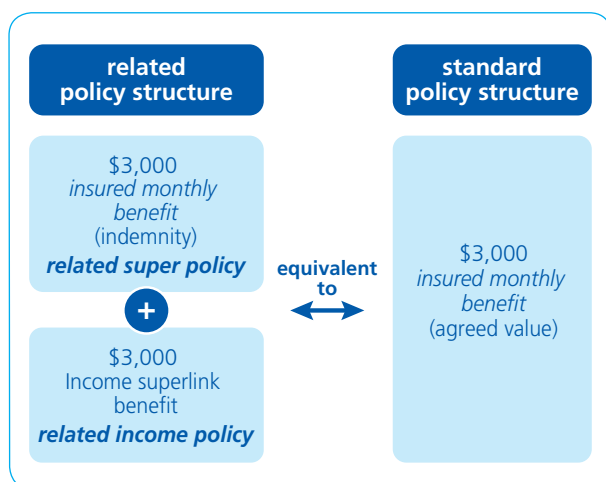

If you are eligible for an Income benefit, then your benefit may be paid in either of the following ways:

- as one Income benefit – an indemnity benefit amount under the *related super policy* or
- as two Income benefits:
 - an indemnity benefit amount under the *related super policy*, and
 - the balance of cover under the *related income policy* on an agreed value basis, up to the *insured monthly benefit* (superlink benefit amount).

For example, if your *insured monthly benefit* is \$3,000 and you qualify for an Income benefit, your claim will be assessed in two steps. Under the *related super policy*, we will pay the trustee an indemnity Income benefit of \$2,000, depending on your *pre-disability income*. Under your *related income policy*, the claim will then be assessed on an agreed value basis, paying you an additional benefit of up to \$1,000.

Premiums are separately charged for each related policy.

The diagram below shows how the main benefit is apportioned across the two related policies to provide the equivalent of agreed value cover overall. In this example, the total *insured monthly benefit* under both policies combined is \$3,000.

If payable, in-built benefits are paid from one policy or the other (not from both).

Optional extras and tailored super structuring

If you are eligible to receive a payment under an optional extra on a policy within this structure, then benefits will be paid as follows:

- if the optional extra is available under the *related income policy* only (see table), then a benefit is only payable under the *related income policy*
- if the optional extra is available under both policies (see table), then a benefit is payable under both policies, but the total benefit payable will be split across the related policies in the same proportion as the total Income benefit.

For example, if you are entitled to an Income benefit of \$2,000 per month under your *related super policy* and an Income benefit of \$1,000 per month under your *related income policy* and you are also eligible for a payment of \$1,000 per month under the Severe disability option, \$667 of this benefit will be paid to the trustee, under your *related super policy* and \$333 of this benefit will be paid to you under your *related income policy*.

The following table outlines which optional extras are available under each policy. Any selected optional extra which is available on both policies must be included in both related policies.

	<i>related super policy</i>	<i>related income policy</i>
Increasing claims option	✓	✓
Super contributions option	✓	✓
Day 4 accident option	✓	✓
Future insurability option*	✓	✓
Booster option	✓	✓
Severe disability option#	✓	✓
Lump sum accident option		✓
Trauma option		✓
Family care option		✓
Needlestick cover option		✓
Spouse cover option		✓
Business expenses option	not available	not available

* not available if the *level of cover* is standard.

there may be circumstances where payment of this benefit does not meet a condition of release. In those circumstances, the benefit may not be able to be released by the trustee.

Related policy conditions

The benefit amount on the policy schedule for the *insured monthly benefit* and the Income superlink benefit will match at the policy commencement date and will continue to match over the life of the policy.

The insured amounts set out on each policy schedule represent the total insured amounts across both related policies. In the event of a claim, each benefit is payable only to a maximum of the total insured amount and where benefits are payable from both related policies, the total benefit payable from both related policies will not exceed the *insured monthly benefit*. Some benefits will be paid proportionately from both related policies.

Under this structure, if the *related super policy* terminates, the *related income policy* will also terminate.

Some in-built benefits apply only to one of the related policies and others apply to both policies. Refer to the additional terms and conditions set out in Part 2 (page 40).

Premium and other costs

Choice of premium structures

You can choose between 'stepped' and 'level' premiums.

Stepped premiums will generally increase each year based on the rates applicable for the life insured's age at that time.

Level premiums do not increase each year. *Premiums*, excluding the management fee, are based on the age of the life insured when cover begins. However, level premiums do not stay level for the life of the policy. Level premiums convert to stepped premiums:

- on lump sum policies – on the *policy anniversary* following the life insured's 64th birthday
- on income policies – on the *policy anniversary* following the life insured's 65th birthday

Tailored super structuring is not available with level premiums.

Both stepped and level premiums increase if the sum insured increases.

Choice of payment options

You can choose to pay *premiums* as set out in the table below:

	first premium	monthly	quarterly	half-yearly	yearly
cheque	✓	✗	✗	✓	✓
direct debit	✓	✓	✓	✓	✓
credit card	✓	✓ (direct debit)	✓ (direct debit)	✓	✓
BPAY	✓	✗	✗	✓	✓
platform deduction	n/a	✓	✗	✗	✗
rollover*	✓	✗	✗	✗	✓

* into insurance-only super policies.

If you make any overpayment of *premium*, we may retain the overpayment, unless it exceeds \$5.00.

Rollover payments

Zurich will allow a rollover of superannuation benefits to fund insurance policies held within the Zurich Master Superannuation Fund, provided the rollover amount exactly matches the yearly *premium*.

Members will be required to complete the Zurich Master Superannuation Fund Rollover authority form each year that a rollover will be used to fund insurance, allowing the trustee to facilitate the rollover of funds from a nominated external superannuation fund. Alternatively, members can make their own arrangements for rollover of funds directly with the external superannuation fund.

Any rollover amount received that does not exactly match the yearly *premium* due will be returned to the external superannuation fund.

Unpaid premiums will cause cover to lapse

If *premiums* are not paid when due, your policy will lapse after 30 days and you will not be covered. You may be able to reinstate your policy after it lapses. Reinstatement of cover is explained in Part 2 (page 4).

Premium rates are not guaranteed

Premium rates for Wealth Protection policies are not guaranteed and can change from time to time. Any change, however, will affect all policies in the same category, not just an individual policy. We will notify you of any changes to premium rates at least 30 days prior to the change taking effect. The *premium* payable from the start of your policy is shown on your policy schedule, and will not change before the first *policy anniversary*.

Premium calculation factors

Your *premium* will depend on:

- the amount of cover you require (the higher the sum insured, the higher the *premium*)
- any optional extras you choose (the more optional extras you select the higher the *premium*)
- whether you select stepped or level premiums (stepped premiums are generally lower than level premiums at the start of the policy, but stepped premiums generally increase each year as the life insured gets older whereas level premiums do not)
- the frequency of your *premium* payments (paying half-yearly, quarterly or monthly will attract an increased *premium*)
- the life insured's current age (generally *premiums* increase with age)

- the life insured's gender (for example, Death cover *premiums* are generally higher for males than for females, while income protection *premiums* are generally higher for females than for males)
- whether or not the life insured is a smoker (*premiums* are higher for smokers than for non-smokers; a non-smoker is defined as a person who has not smoked tobacco or any other substance for the past 12 months)
- the life insured's occupation (generally occupations with hazardous duties or higher occupational risk have higher *premiums*)
- the life insured's health and
- any pastimes the life insured participates in (generally *premiums* are higher for those who engage in hazardous activities).

Additional factors influence the cost of income policies:

- the *benefit period* selected (the longer the *benefit period*, the higher the *premium*)
- the *waiting period* selected (the shorter the *waiting period*, the higher the *premium*)
- the *level of cover* selected (the *premium* is higher for premier than comprehensive than standard).

Your *premium* will include any stamp duty charged by the applicable State government. Stamp duty on income policies is expressed as a separate amount, whereas stamp duty is part of the base premium (ie. not separately expressed) for lump sum policies. There are no other taxes currently levied by State or Federal governments.

Goods and Services Tax (GST) is not currently payable on insurance premiums for the policies described in this PDS.

Your financial adviser will provide you with a premium illustration

The illustration will show the cost of each cover and any optional extras you select as well as the details of any fees and/or stamp duties that may apply. If you request, your financial adviser can also provide you with a table of premium rates giving all rates and factors for all of the policies described in this PDS. Further information on how *premiums* are calculated can be obtained by contacting us (see the inside back cover of this PDS for details).

Commission

We may pay commission and other benefits to financial advisers and other representatives. Your financial adviser will provide details of the benefits he or she will receive if we issue you a policy in the Financial Services Guide and, if applicable, the Statement of Advice that

he or she will give to you. We pay these amounts out of your premium payments – they are not additional amounts you have to pay.

Premium holiday

These policies include a Premium holiday benefit which can be exercised after the first year. During the holiday, no *premiums* are payable and no cover is provided. Further details are in each policy summary.

The benefit does not apply to policies which are set up under a platform arrangement.

Other charges

The current charges are set out below. If we introduce any new charges, or there is an increase to current charges (other than by way of the fee indexation described below) you will be notified at least 30 days prior to such charge taking effect.

In addition to your *premium*, we charge a management fee which contributes to the cost of administering your policy. The fee payable depends on the frequency of your premium payments.

If you are acquiring cover under Zurich Superannuation Term Life Plus or Zurich Superannuation Income Replacement, the contributions paid to Zurich Australian Superannuation Pty Limited will be paid to Zurich Australia Limited to cover your *premium* and the management fee.

premium frequency	management fee payable	annual equivalent
monthly	\$8.82	\$105.84
quarterly	\$26.45	\$105.80
half-yearly	\$44.10	\$88.20
yearly	\$88.20	\$88.20

The management fees above apply for new policies until 28 February 2015. The management fee increases each year on the *policy anniversary* in line with the *consumer price index*.

State governments impose stamp duty on life insurance policies. Duties vary from State to State. Applicable stamp duty will be included in your *premium*. Should changes in the law or residency result in additional taxes or imposts in relation to your policy, these amounts may be added to your *premium* or deducted from insurance benefits.

Direct debits from your financial institution may incur an additional fee.

Business insurance

What is business insurance?

Business insurance is a contingency plan to protect business wealth and should be a key component of every business risk management strategy.

Business insurance acts to protect your business and your business partners if something goes wrong. In the event of a sickness or injury, an insurance benefit can:

- allow for the repayment of business debts including personal loans and guarantees
- provide a cash lump sum to ensure the business can continue to operate as a viable entity while a partner or key person is unable to work
- provide liquidity to the business, which may prevent the need for other assets to be sold in a hurry
- provide funding for remaining business owners to purchase the life insured's share in the business.

Whatever happens to you as the business owner, or the people who work in your business, business insurance can ensure the business will continue to operate, protecting you, your business partners and all of the related families when you need it most.

Without business insurance, there may be serious financial consequences for your business in the event you or any of your employees suffer a serious accident, illness or even death. Together with your financial adviser, you can create a financial plan that will help you address your business protection goals, using the policies contained in this PDS.

Protecting business wealth

There are several ways that insurance cover can protect your business and the wealth that you have worked hard to achieve.

Whether the business in question is a partnership, a company or even a sole trader, it is likely to have an individual or individuals that are crucial to its continued operation and success. Their contribution to the business is an asset worth protecting as their inability to continue working in the business is likely to have significant financial consequences.

The table on the next page provides a summary of some of the key financial considerations for a business of any size and structure should sickness or injury affect you, a business partner or a key person.

Identifying a 'key person' in your organisation

A key person is someone whose absence from the business would have a serious effect on the future profits of the business. Although the number of key employees will vary from business to business, there will usually be at least one. Some examples include:

- a key sales person – without this person the profitability of the business would be affected in lost sales revenue and turnover, new customers may be more difficult to attract and existing customers might leave
- a key technical expert – without this person, products may fall behind competitively as product development stalls. This person may have specialist knowledge of operating or other information technology systems, and without them, productivity and business operations would suffer
- a key director / manager – without this person there would be severe financial consequences for the business, mostly because this person creates the vision for, and the direction of the business. They may be responsible for the strategic direction of the business
- a key business founder – in many small companies and partnerships, the founders are the life-blood of the business. They will have set up the business, be its managing director / partner and chief source of business. Most of the goodwill in the business is usually derived from them. Any co-business owners may not be sufficiently competent to take the founders place if required as they are often employed in specific business roles and therefore have specific skills sets. Even joint business owners often have specialist skills sets and competencies that are hard to replace.

Your financial adviser can assist you in identifying the key people in your business. He/she can undertake a business needs analysis to determine the appropriate coverage required to insure against key person loss to the business.

What needs protecting?	The life insurance solution
<p>Protecting business loans</p> <p>Many businesses have utilised debt to start or grow their operations. Outstanding business loans and overdrafts are a financial risk to the business.</p> <p>How would the business repay these debts if they were called in following the death, disablement or illness of an owner or key person in the business?</p>	<p>A policy or policies with death, TPD and trauma covers, insuring your life or the life of any or all business owners and key people in your business for an amount sufficient to clear outstanding loans. Then if a life insured suffers an event covered by the insurance policy, a lump sum cash payment will be made to repay any outstanding business debts.</p>
<p>Protecting business revenue & profits</p> <p>Think about the key people in your business, eg.</p> <ul style="list-style-type: none"> • business owners • high performing employees • subject matter experts. <p>The loss of these people from the business due to death, disablement or illness can be financially devastating through lost customer/supplier/distributor relationships, lost professional expertise and the cost of recruitment to replace them.</p> <p>Consider the impact on business profitability.</p>	<p>A policy or policies with death, TPD and trauma insuring your life or the life of any or all business owners and key people in your business for an amount to compensate the business for the loss of revenue and profits resulting from the death, disablement or critical illness of a life insured.</p>
<p>Protecting business ownership</p> <p>If something happens to you:</p> <ul style="list-style-type: none"> • What would happen to your share of equity in the business if you were unable to work due to death, disablement or trauma? • Who would ownership pass to? • If you need to sell your share, who would buy it? • Can you ensure that you, your dependents or your estate would receive adequate remuneration for your share of the business? <p>If something happens to your business partner or a key person in your business:</p> <ul style="list-style-type: none"> • Can you or the business afford to buy out their share in the business, without having to sell important business assets? • Are you in a position to raise the required finance? • Will their ownership interest be sold to another unknown party? • Do they have the required skill set and management capabilities? • Who will own the controlling interest? 	<p>A buy sell agreement is a legal agreement between all business owners. It can provide the legal framework for the orderly, equitable and certain transfer of ownership of the deceased or disabled party's interest in the business at an agreed price to the remaining business owners upon death, disablement or a trauma suffered by the life insured.</p> <p>A policy or policies insuring the life of each of the business owners can provide the necessary funds for this transfer to take place.</p>
<p>Protecting business expenses</p> <p>Your business expenses will not stop in the event you, your business partners or a key person in your business suffers an illness or injury.</p> <p>Any of these events would likely see a reduction in individual productivity and business activity and business revenue. How would you continue to meet your fixed business expenses?</p>	<p>An income replacement policy with business expenses option will allow you to insure up to 100 per cent of your monthly <i>eligible business expenses</i> averaged over the previous 12 months.</p> <p>This cover is designed for people who own and operate businesses with less than five income producing employees (maximum ten employees overall).</p>
<p>Protecting personal or key person income</p> <p>Whether you are an employee or a business owner, you likely have an income that is worth protecting. If you are unable to work, how would you be able to meet your financial obligations, service any outstanding debts and continue your standard of living without your regular income?</p> <p>As a business owner, how would you continue to fund a key person's salary in the event of their prolonged illness or incapacity, if required to do so, while they are no longer generating revenue for the business?</p>	<p>An income replacement policy will insure up to 75 per cent of your gross annual salary and pay a regular income if you have a sickness or injury that prevents you from working.</p> <p>If you are insuring the salary of a key person, the benefit may help to meet the cost of continuing to pay the sick employee or go towards payment of a temporary replacement.</p>

Making a claim

If you need to make a claim on a Wealth Protection policy, chances are that you will not be at your best. Or if you are not the life insured, then you could be impacted by the loss of someone close to you. We understand that life insurance claims are lodged at difficult times and we are committed to making the claims process as simple as we can.

What happens first?

Depending on the policy you have, the trigger event for a claim will be different. If you are the life insured, and you have a sickness or injury that you think may become an income replacement, trauma or TPD claim, the best thing you can do is collect supporting information. You should keep any medical evidence of your condition and make note of any useful dates (doctor's visits, surgery etc).

If you expect to make an income replacement claim, you should also keep financial evidence which will help you to demonstrate a loss of income.

Tell us about it by lodging a claim

You should alert us to an insured event as soon as you can. The best way to do that is to send us a completed claim form which captures the information we need. You can access claim forms on our website www.zurich.com.au or by contacting us on 131 551.

Your financial adviser may be able to help with completing the paperwork or you may prefer to deal with us directly. It's entirely up to you.

Any *premiums* due on the policy must continue to be paid in order to keep the policy in force while we assess your claim.

The entitlement for all benefits described in this PDS is determined on the date when the covered event occurs (ie. when the life insured has met the relevant policy definition as confirmed by evidence). It is important to understand that there is no advantage in waiting for an Indexation increase to occur before lodging a claim. If an event giving rise to a claim has occurred prior to the date of indexation, the increased amount will not apply.

Assessment of the claim

To assess the claim, we will use the information you provide on the claim form, as well as any information disclosed to us in the insurance application. Assessment involves determining whether a benefit is payable (is the event covered under the policy?) and how much is payable.

As our policies are based on physical impairments, we need medical proof of the insured event on which to base our assessment. This proof should be supported by:

- one or more appropriate specialist *medical practitioners* and
- test results, eg. clinical, radiological, histological and laboratory evidence.

For trauma claims which relate to a surgical procedure, we need evidence that the procedure was medically necessary.

If medical evidence does not clearly confirm the insured event, we may use our own medical advisers to review the evidence submitted or request an additional examination or tests. If we need an examination or test, we will pay for it.

If we need to verify the life insured's income for income replacement benefits, we will ask for detailed financial information which may include tax returns for all entities including assessment notices issued by the Australian Taxation Office (ATO), profit and loss and financial statements for all entities that you have an ownership interest in.

In assessing a claim, we may also verify the information provided at the time of application.

There is little assessment required for death claims; these are usually quick to process as soon as certification is available.

Our assessors are trained professionals who will help you through this process. They will contact you if they need any additional information, and will provide you with expected turn-around times.

Payment of your claim

Once we are satisfied that an insured event has occurred and we are able to determine the benefit amount, we will pay the claim. Payments are made by cheque or direct credit to a bank account, as you direct.

Where applicable, *premiums* paid during the claim assessment period will be refunded as part of the claim payment.

Claim benefits

Benefits are normally payable to the policy owner.

Overseas claimants

You can still lodge a claim with us if you are overseas. The onus will be on you to provide the evidence required to support your claim.

Ongoing assessment

If you have an income replacement policy, your claim will be reviewed periodically and the life insured will need to have a medical examination every 12 months for the benefits to continue. The medical exam does not have to occur in Australia but if it occurs in another country, the country and the *medical practitioner* must be approved by us.

Further Information

Further details about claim requirements are set out in Part 2 (page 5).

If you work in a medical field, the following information may be of interest to you

Our claims philosophy recognises the unique characteristics and circumstances of medical professionals.

Own occupation TPD

If a medical professional contracted a blood-borne virus such as HIV or hepatitis B or C and was prevented from working by the governing body, then we would consider this event for an 'own' occupation TPD claim. All 'own' occupation TPD criteria must be met. Zurich would consider a TPD claim on the basis that the absence from work, and the inability to continue working, is solely as a result of a *sickness*. As part of the assessment process we would need to be satisfied that the inability to return to work was permanent and that the restriction by the governing body was not the subject of a time limit.

Income Replacement

A surgeon with HIV or hepatitis B or C, may be symptom free and physically capable of performing all the aspects of his/her normal occupation, but:

- is prevented from doing so by a health authority or professional association; or
- is required to disclose health status, which results in a loss of customers.

In these circumstances, we would consider the life insured for income benefits based on the resulting loss of income.

Buying back cover after a claim

These in-built benefits and optional extras have been grouped here, as they all allow cover to be reinstated after a claim. In the event of a claim which triggers a buy-back or reinstatement we will contact you to make sure you understand how the change will impact your policy.

Benefit/option	Available with	What the benefit/option does
Buy back death benefit (after TPD claim)	Death cover and TPD cover (in-built benefit)	If you make a claim for TPD, Death cover will be reduced. This benefit reinstates Death cover after 12 months.
Buy back death benefit (after Trauma claim)	Death cover and Trauma cover (in-built benefit)	If you make a claim for Trauma, Death cover will be reduced. This benefit reinstates Death cover over a period of three years.
Accelerated buy back death option (after Trauma claim)	Death cover and Trauma cover (optional extra)	If you make a claim for Trauma, Death cover will be reduced. This option reinstates Death cover after 12 months (ie. speeds up the reinstatement).
Double TPD option (after TPD claim)	Death cover and TPD cover (optional extra)	If you make a claim for TPD, Death cover will be reduced. This option reinstates Death cover after 14 days and waives some <i>premiums</i> .
Buy back TPD option (after Trauma claim)	TPD cover and Trauma cover (optional extra)	If you make a claim for Trauma, TPD cover will be reduced. This option reinstates TPD cover over a period of three years.
Trauma reinstatement option (after Trauma claim)	Extended trauma cover (optional extra)	If you make a claim for Trauma, Trauma cover will end. This option reinstates Trauma cover after 12 months for conditions not related to the claim.
Double trauma option (after Trauma claim)	Death cover and Extended trauma cover (optional extra)	If you make a claim for Trauma, Death cover will be reduced. This option reinstates Death cover after 14 days and waives some <i>premiums</i> .

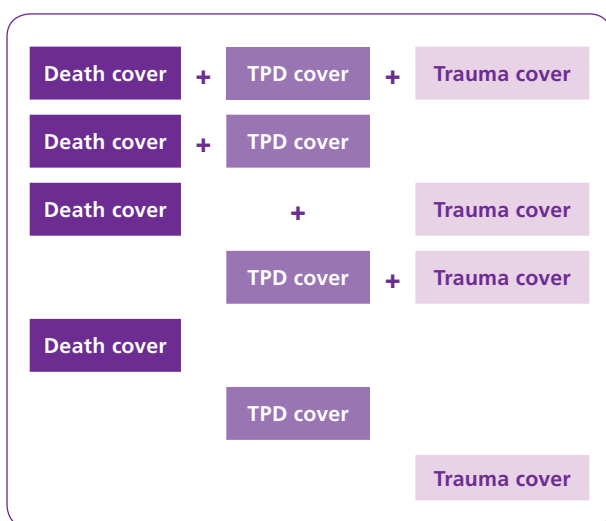

Zurich Protection Plus

Introduction

The Zurich Protection Plus policy pays a lump sum on the life insured's death, *terminal illness*, *total and permanent disablement* (TPD) or if the life insured suffers a specified Trauma, depending on the covers you select.

You can select any combination of Death cover, TPD cover and Trauma cover, as follows:

A financial adviser will help you to determine the most appropriate package of cover for your situation.

How linked covers interact

When you select more than one Zurich Protection Plus core cover, we will automatically link the covers together. This provides the most cost-effective package of cover, but it also means that a claim on one cover (including partial or full advance payments) will impact the other/s.

For example, if you select Death cover and Trauma cover, and you make a claim on your Trauma cover, the Death cover will be reduced by the amount of the Trauma cover claim. While there is a Buy back death benefit which allows the Death cover to be reinstated in the three years following a Trauma cover claim, the Death cover will be reduced for a time.

This PDS will assume that all covers are linked, as this is the most common way to set up a policy. If you want the covers to be stand-alone, so that each cover is independent and is not impacted by a claim on the other/s, we can arrange for your policy to be set up this way.

Death benefit beneficiaries

If you take out a Zurich Protection Plus policy and you are the sole policy owner and sole life insured, you may nominate one or more beneficiaries to receive the death benefits in the proportions you specify.

Nominating a beneficiary is optional. Without a nomination, the death benefits are payable to your legal personal representative (generally your estate). With a valid nomination, we will pay death benefits directly to your nominated beneficiaries instead of to your estate, provided no law or court order prevents us from doing so. Your nomination will be subject to the rules set out in Part 2 (page 10). We recommend you seek professional estate planning advice before making a nomination. Once you make a nomination, you should also review the nomination regularly as nominations do not expire.

Cover descriptions

A summary of the cover provided and a parameter table, including age ranges and available sum insured information are set out on the following pages.

The policy conditions contain all the detailed terms and conditions – they are set out in Part 2 of this PDS.

Death cover

Death cover pays a lump sum on death or diagnosis of *terminal illness*. It can:

- allow family to repay debts including mortgage, personal loans, guarantees, credit cards and store cards
- provide an adequate income for dependants to pay for living expenses, school fees, child care and regular bills
- protect the future of a business if a key person or principal dies
- provide a cash deposit to an estate, which may prevent other assets being sold.

TPD cover

TPD is about retaining as much quality of life as possible in the event of a permanent disability. It can:

- fund a family member who gives up work to care for the life insured or fund other home care
- repay debts including mortgage, personal loans, guarantees, credit cards and store cards
- pay for any major home renovations required (eg. to permit wheelchair access).

There are five ways to qualify for a lump sum TPD benefit, as follows (provided cover is not held in super):

a) The life insured suffers a *specific loss*

To qualify, the life insured must suffer the entire and irrevocable loss of use of:

- a hand and sight in one eye
- a foot and sight in one eye
- sight in both eyes
- one hand and one foot
- both hands or
- both feet.

b) The life insured is unlikely to ever work again due to *sickness or injury*

The wording of this definition depends on whether 'any' or 'own' occupation TPD applies. Your selection will be shown on the policy schedule for each life insured.

To qualify in either case, the life insured must firstly be absent from active employment (excluding home duties) solely as a result of *sickness or injury* for an uninterrupted period of three consecutive months, then:

If 'any' occupation TPD applies, evidence is required to substantiate that the life insured is unlikely to ever work (for reward or otherwise) in his/her profession, business or similar occupation or engage in any other occupation to which he/she is fitted by education, training and experience for the rest of his/her life solely as a result of the *sickness or injury*.

If 'own' occupation TPD applies, evidence is required to substantiate that the life insured is unlikely to ever work in his/her *own occupation* for the rest of his/her life solely as a result of the *sickness or injury*.

Own occupation means the occupation predominantly performed in the 12 months prior to the *sickness or injury*. If the life insured has been unemployed in that 12 month period, then it means the occupation performed in the most recent 12 months of paid employment.

c) The life insured can't perform normal home duties

To qualify, the life insured must be unable to engage in any normal home duties because of *sickness or injury* for a continuous period of at least three months.

Evidence is required to substantiate that the life insured is incapacitated to such an extent that he/she is unlikely ever to be able to perform normal home duties or engage (for reward or otherwise) in any other occupation to which he/she is fitted by way of education, training and experience for the rest of his/her life.

d) The life insured is seriously impaired

To qualify, the life insured must:

- be permanently and totally unable to perform without physical help from someone else, at least two *activities of daily living* or
- suffer cognitive impairment requiring permanent and constant supervision.

Evidence is required to substantiate that the life insured is impaired as a result of *sickness or injury*, has been disabled for the immediately preceding three calendar months and will continue to be so disabled into the future.

Activities of daily living are (1) bathing and showering (2) dressing and undressing (3) eating and drinking (4) using a toilet and (5) moving from place to place by walking, wheelchair or with the assistance of a walking aid.

e) The life insured has lost almost all earning capacity

To qualify, the life insured must be absent from active employment (excluding home duties) solely as a result of *sickness or injury* for an uninterrupted period of three consecutive months.

Evidence is required to substantiate that the life insured is solely as a result of the *sickness or injury*, unlikely to ever perform any occupation to which he/she is fitted by education, training and experience for the rest of his/her life which would pay remuneration at a rate greater than 25 per cent of his/her earnings during his/her last 12 consecutive months of work.

Superannuation TPD

If the policy has superannuation ownership, TPD cover will only pay if the life insured meets:

- (b) of the definition of *total and permanent disablement* on an 'any' occupation basis or
- (a), (c) or (d) if this results in the life insured being unlikely to ever work (for reward or otherwise) in 'any' occupation.

Trauma cover

Trauma cover provides a lump sum on the diagnosis, or occurrence, of one of a list of specific covered events.

It can:

- pay for unexpected medical costs
- provide for lifestyle changes
- provide for necessary professional care at home
- repay large debts such as a mortgage
- fund lifestyle changes, such as reducing work hours, by providing additional income.

The 42 Extended trauma covered events are:

- *advanced diabetes*
- *aorta repair*
- *aplastic anaemia*
- *bacterial meningitis*
- *benign tumour of the brain or spinal cord*
- *blindness*
- *cardiomyopathy*
- *chronic kidney failure*
- *chronic liver disease*
- *chronic lung disease*
- *coma*
- *coronary artery bypass surgery**
- *deafness*
- *dementia (including alzheimer's disease)*
- *diplegia*
- *encephalitis*
- *heart attack**
- *heart valve surgery*
- *hemiplegia*
- *loss of independence*
- *loss of limbs or sight*
- *loss of speech*
- *major head trauma*
- *major organ transplant*
- *malignant cancer**
- *medically acquired HIV*
- *motor neurone disease*

- *multiple sclerosis*
- *muscular dystrophy*
- *occupationally acquired hepatitis B or C*
- *occupationally acquired HIV*
- *out of hospital cardiac arrest*
- *paraplegia*
- *parkinson's disease*
- *pneumonectomy*
- *primary pulmonary hypertension*
- *quadriplegia*
- *severe accident or illness requiring intensive care*
- *severe burns*
- *severe rheumatoid arthritis*
- *stroke**
- *triple vessel coronary artery angioplasty*

If the Extended trauma sum insured is \$100,000 or more, a partial advance (10 per cent, up to \$25,000) is payable for any of the following 11 covered events:

- *carcinoma in situ**
- *colostomy or ileostomy**
- *diabetes (type 1)**
- *early stage chronic lymphocytic leukaemia**
- *early stage melanoma**
- *early stage prostate cancer**
- *facial reconstructive surgery and skin grafting*
- *guillain barre syndrome**
- *loss of hearing in one ear*
- *minimally invasive cardiac surgery – including coronary artery angioplasty**
- *single loss of limb or eye*

The 12 Basic trauma covered events are:

- *benign tumour of the brain or spinal cord*
- *chronic kidney failure*
- *coronary artery bypass surgery**
- *diplegia*
- *heart attack**
- *hemiplegia*
- *loss of speech*
- *major organ transplant*
- *malignant cancer**
- *paraplegia*
- *quadriplegia*
- *stroke**

Benefits are not payable for covered conditions marked with an asterisk (*) if they arise in the first 90 days after cover is applied for or is reinstated.

Policy summary – outside of super

Cover	In-built benefits for each cover	Key exclusions on in-built benefits	Optional extras which can be added
Death cover	Death benefit – a lump sum payment on death.	No benefit is payable for suicide within 13 months of the benefit start date (or increase in cover but only in respect of the increase) or reinstatement of the policy.	Accelerated buy back death option – early reinstatement of Death cover following a Trauma claim.
	Terminal illness benefit – an advance payment of the Death benefit on <i>terminal illness</i> .		
	Advancement for funeral expenses – an advance payment of \$15,000 towards funeral expenses.		
	Accidental injury benefit – an advance payment of part of the Death benefit if the life insured suffers a specified <i>accidental injury</i> eg. loss of use of hand or foot.	No benefit is payable if the <i>accidental injury</i> is the result of war, intentional self-inflicted acts or where a benefit is paid under TPD cover.	
	Buy back death benefit (TPD) – Death cover can be reinstated on the anniversary following a TPD claim.	Buy back benefits cannot reinstate Partial TPD, Partial trauma or a 'boosted' benefit under the Paralysis booster benefit.	
	Buy back death benefit (Trauma) – Death cover can be reinstated over 3 years on the anniversary following a Trauma claim.		
	Future insurability business benefit – increase cover without <i>underwriting</i> if certain business events occur.	Increase amount is only paid on <i>accidental death</i> in first 6 months. See Part 2 (page 9) for other limitations.	
TPD cover	TPD benefit – a lump sum payment on the life insured's <i>total and permanent disablement</i> .	No TPD benefit or Partial TPD benefit is payable for an insured event which is due to intentional self-inflicted act or attempted suicide or any other event or medical condition specified on the policy schedule. We will not pay both Trauma and TPD benefits for the same event. We will only pay the Trauma benefit, unless the TPD sum insured is higher, in which case we will also pay a TPD benefit of the excess amount.	Double TPD option – Death cover can be reinstated and <i>premiums</i> waived, following a TPD claim. Buy back TPD option – TPD cover for new causes can be reinstated following a Trauma claim.
	Partial TPD benefit – a partial advance payment of the TPD benefit if the life insured suffers a specified injury eg. loss of use of hand, foot or an eye.		

In-built policy provisions which apply to all policies	Key exclusions on in-built provisions
Interim cover – puts some accident cover in place as soon as cover is applied for – see Interim cover certificate on page 50.	Inflation protection does not apply to benefits bought back or reinstated under optional extras. Future insurability increases only cover accidents in the first 6 months following an increase. See Part 2 (page 15) for other limitations. No cover is provided for any insured event apparent or occurring during a premium holiday or in the first 90 days after cover is re-started. The policy must be in force for 12 months before this benefit is available.
Inflation protection – cover will increase every year, unless declined by you, without health assessment.	
Future insurability – increase cover without <i>underwriting</i> on certain life events eg. marriage or birth of a child.	
Financial planning advice – reimburses the cost of advice up to \$3,000.	
Premium freeze – freeze the cost of cover by reducing the amount of cover each year.	
Premium holiday – allows a 3, 6, 9, or 12 month break in cover (max 12 months over life of policy) to ease financial pressure. Not available under platform.	

Cover	In-built benefits for each cover	Key exclusions on in-built benefits	Optional extras which can be added
Extended trauma cover	Trauma benefit – a lump sum payment on diagnosis/occurrence of a range of 42 covered events.	No benefit is payable for events resulting from intentional self-inflicted act, attempted suicide or any other event or medical condition specified on the policy schedule.	Trauma reinstatement option – Trauma cover can be reinstated following a Trauma claim (for unrelated conditions). Double trauma option – Death cover can be reinstated, with <i>premiums</i> waived, following a Trauma claim. Top-up option – increases the Partial trauma benefits payable to 25 per cent, up to \$200,000.
	Partial trauma benefit – a partial advance payment of Extended trauma for 11 covered events (only if the trauma sum insured is \$100,000 or more). Pays 10 per cent, up to \$25,000.	No benefit is payable for some covered conditions if they arise in the first 90 days after cover is applied for or is reinstated.	
	Paralysis booster benefit – doubles the benefit payable in the event of paralysis (to a maximum of \$2,000,000).	Partial trauma benefits will only be paid once for each event except <i>minimally invasive cardiac surgery – including coronary artery angioplasty</i> where the second procedure is at least 6 months after the first.	
	Funeral benefit – a \$5,000 payment on death (only if Death cover is not selected).	No benefit is payable for any portion of Trauma cover exceeding Death cover unless the life insured survives 14 days after the trauma.	
Basic trauma cover	Trauma benefit – a lump sum payment on diagnosis/occurrence of a range of 12 covered events.	No funeral benefits are payable for suicide within 13 months of the benefit start date.	There are no optional extras specific to Basic trauma.
	Paralysis booster benefit – doubles the benefit payable in the event of paralysis (to a maximum of \$2,000,000).		
	Funeral benefit – a \$5,000 payment on death (only if Death cover is not selected).		

Optional extras which can be added to any policy	Key exclusions on optional extra benefits
Premium waiver option – pays <i>premiums</i> if the life insured is disabled and cannot work.	No cover is provided under the Accidental death option for suicide or under the Premium waiver option, Living activities TPD option, or Insured child option for intentional self-inflicted acts or attempted suicide in the first 13 months.
Accidental death option – extra cover for death due to accident only.	No cover is provided under the Insured child option for intentional acts of the policy owner or other beneficiary or for certain conditions if they arise within 90 days after cover is applied for or reinstated.
Living activities TPD option – a lump sum payment on the life insured's inability to perform at least two <i>activities of daily living</i> , cognitive impairment or <i>specific loss</i> .	Optional extras added after policy commencement cannot be exercised if an insured event occurs within 90 days after cover is added or is reinstated.
Business future cover option – increases cover without health evidence each year if certain events occur. Useful for key person insurance, loan/guarantor protection, buy-sell/shareholder or partnership protection or a combination of purposes.	See Part 2 (page 18) for limitations on Business future cover increases.
Needlestick cover option – a lump sum payment on <i>occupationally acquired HIV</i> , or <i>occupationally acquired hepatitis B or C</i> .	
Insured child option – includes death, <i>terminal illness</i> , limited trauma and carer benefits for each child you insure.	

Full conditions and exclusions for all Zurich Protection Plus benefits and optional extras are set out in the policy conditions in Part 2 starting on page 8.

Policy summary – super ownership

Cover	In-built benefits for each cover	Key exclusions on in-built benefits	Optional extras which can be added
Death cover	Death benefit – a lump sum payment on death.	No benefit is payable for suicide within 13 months of the benefit start date (or increase in cover but only in respect of that increase) or reinstatement of the policy.	There are no optional extras specific to Death cover.
	Terminal illness benefit – an advance payment of the Death benefit on <i>terminal illness</i> .		
	Advancement for funeral expenses – an advance payment of \$15,000 towards funeral expenses.		
	Buy back death benefit (TPD) – Death cover can be reinstated on the anniversary following a TPD claim.		
TPD cover	<p>TPD benefit – a lump sum payment if solely as a result of <i>sickness or injury</i>, the life insured:</p> <ul style="list-style-type: none"> – is absent from work (excluding home duties) for 3 months or – suffers a <i>specific loss</i> or – is unable to engage in home duties (before 64th birthday) or – is unable to perform at least two <i>activities of daily living</i> or – suffers cognitive impairment and is unlikely to ever work (for reward or otherwise) in 'any' occupation. 	No benefit is payable if <i>total and permanent disablement</i> is due to intentional self-inflicted act, attempted suicide or any other event or medical condition specified on the policy schedule.	Double TPD option – Death cover can be reinstated, with <i>premiums</i> waived, following a TPD claim.

In-built policy provisions which apply to all policies	Key exclusions on in-built provisions
Interim cover – puts some accident cover in place as soon as cover is applied for – see Interim cover certificate on page 50.	Inflation protection does not apply to benefits bought back or reinstated under optional extras.
Inflation protection – cover will increase every year, unless declined by you, without health assessment.	Future insurability increases only cover accidents in the first 6 months following an increase. See Part 2 (page 15) for other limitations.
Future insurability – increase cover without <i>underwriting</i> on certain life events eg. marriage or birth of a child.	No cover is provided for any insured event apparent or occurring during a premium holiday or in the first 90 days after cover is re-started. The policy must be in force for 12 months before this benefit is available.
Financial planning advice – reimburses the cost of advice up to \$3,000.	
Premium holiday – allows a 3, 6, 9, or 12 month break in cover (max 12 months over the life of the policy) to ease financial pressure. Not available under platform.	

Optional extra which can be added to any policy	Key exclusions on optional extra benefits
Accidental death option – extra cover for death due to accident only.	No cover is provided under the Accidental death option for suicide.
Business future cover option – increases cover without health evidence each year if certain events occur. Useful for loan/guarantor protection, buy-sell/shareholder or partnership protection.	Optional extras added after policy commencement cannot be exercised if an insured event occurs within 90 days after the option is added. See Part 2 (page 18) for limitations on Business future cover increases.

Full conditions and exclusions for all Zurich Protection Plus benefits and optional extras are set out in the policy conditions in Part 2 starting on page 8.

Parameters	Death cover	TPD cover	Trauma cover	In-built benefits and optional extras which work differently (exceptions)
Application ages	10 to 69	19 to 59	18 to 59	Accidental death option: 19 to 65 Living activities TPD option: 19 to 69 Needlestick cover option: 19 to 65
When ability to increase cover ends	69th birthday	59th birthday	59th birthday	Business future cover option: can only be exercised prior to 65th birthday (Death cover) or 60th birthday (TPD/Trauma cover) Buy back death benefits (TPD/Trauma): can only be exercised prior to <i>policy anniversary</i> following 74 Future insurability business benefit: cannot be exercised after <i>policy anniversary</i> following 54 Future insurability: cannot be exercised after <i>policy anniversary</i> following 54
Expiry ages (<i>policy anniversary following:</i>)	99	99 (65 if packaged with Extended trauma)	75 (99 if Extended trauma is packaged with Death cover)	Premium waiver option: 69 Accidental death option: 75 Needlestick cover option: 75 Trauma reinstatement option: 74 Insured child option: 18
Cover at older ages reduces	no	Limited cover from age 64 (only <i>specific loss, activities of daily living</i> or cognitive impairment and a cap of \$3,000,000)	Limited cover from age 75 (only <i>loss of independence and loss of limbs or sight</i>)	Maximum TPD cover (all types combined) from <i>policy anniversary</i> following 64 is \$3,000,000 and Double TPD becomes standard
Minimum cover available	\$50,000	\$50,000	\$50,000	Insured child: \$10,000
Minimum cover increase amount	\$50,000	\$50,000	\$50,000	
Maximum cover available at outset	no maximum (depends on individual needs)	maximum \$5,000,000* – TPD cover must be matched with Death cover if it exceeds \$3,000,000	maximum \$2,000,000	Accidental death option: \$1,000,000 Living activities TPD option: \$5,000,000* Needlestick cover option: \$1,000,000 Insured child option: \$500,000 * all TPD cover combined across all insurers
Caps beyond Zurich	n/a	Total TPD with Zurich and other insurers cannot exceed \$5,000,000	Total Trauma with Zurich and other insurers cannot exceed \$2,000,000	Total cover for each of the following events: <ul style="list-style-type: none"> • <i>occupationally acquired HIV</i> and • <i>occupationally acquired hepatitis B or C</i> with Zurich and other insurers cannot exceed \$2,000,000
Cover can index above maximum due to Inflation protection	yes	yes	yes	Indexation doesn't apply to: <ul style="list-style-type: none"> • Accidental death option • Living activities TPD option • Needlestick cover option • Insured child option
Minimum premium (for the policy)	\$160 per year excluding management fee The minimum <i>premium</i> for additional insured lives under age 18 is \$50 per year excluding management fee, unless they are covered under the Insured child option, where no minimum <i>premium</i> applies.			

Zurich Income Replacement

Introduction

Income replacement insurance provides a monthly benefit generally up to 75 per cent of *pre-tax income* if the life insured is unable to work due to *sickness* or *injury*. It can:

- provide an income to support the life insured and his/her family
- continue to pay mortgage, bills, credit cards and other debts and
- keep investment strategies in place.

Business expenses is a similar insurance used to cover fixed business expenses if the life insured is unable to work due to *sickness* or *injury*. It can keep the business running while the business owner takes time out to recover.

Both types of insurance are available under the Zurich Income Replacement policy which pays, after the expiry of the *waiting period*, an income while the life insured is disabled and suffers a loss of income because of that disability.

Although the concept is relatively simple, there are many choices to be made when setting up income replacement cover to ensure the policy is aligned with the life insured's individual situation.

The parameters which can be tailored are set out in the table on page 33 and some brief explanations of the terminology we use is provided below.

A financial adviser will help you to determine which parameters are most appropriate to your situation.

Common terminology

The *waiting period* is the number of days that the life insured needs to qualify for the Income benefit due to *sickness* or *injury* before being eligible for payment.

The *benefit period* is the maximum period we will pay Income benefits for when the life insured suffers from the same or a related *sickness* or *injury*.

Agreed value cover means that the benefits we pay at claim time are based on the amount we agree to cover when the policy is taken out and is most relevant to people with fluctuating income. The alternative is indemnity cover, which will cap any benefits paid at 75 per cent of the income the life insured is earning at the time of the claim (the best consecutive 12 months in the previous two years can be used).

Superannuation Income benefit

If the policy has superannuation ownership, the Income benefit will be indemnity.

The *level of cover* refers to the number of policy features included in the cover, which can be chosen to fit with needs and budget. Three *levels of cover* are available to choose from:

- standard
- comprehensive
- premier.

Eligibility & amount of cover

The availability of cover depends on the life insured's occupation and state of health. The life insured will be assigned an occupation rating (A1, A1M, A2, A3, B1, B2, B3 or SR) – your financial adviser will be able to assist in determining the correct rating. Some policy features and optional extras are restricted to certain occupations.

The amount of cover you can apply for will depend on the life insured's income. Generally, up to 75 per cent of *average monthly pre-tax income* can be insured.

Income benefit

Qualifying for an Income benefit

To be eligible for an Income benefit, the life insured must be under the regular care of, and following the advice of, a *medical practitioner*.

We will pay an Income benefit after the expiry of the *waiting period* if, solely as a result of a *sickness or injury*, until the expiry of the *waiting period*:

- the life insured's *pre-disability income* from his/her *usual occupation* has reduced by 20 per cent or more or
- the life insured is unable to perform one or more *income producing duties* of his/her *usual occupation* or
- the life insured is unable to perform the *income producing duties* of his/her *usual occupation* for more than 10 hours per week.

Under the standard *level of cover* the life insured must also stop working for a period of at least 14 days during the *waiting period*.

Determining the benefit amount

The amount we pay if the life insured isn't earning any income (often referred to as being totally disabled) is different to the amount of benefit we pay if the life insured is still earning income (often referred to as being partially disabled). Both situations are explained below, and examples for each are set out on page 32.

If the life insured isn't earning any income

If, at the expiry of the *waiting period*, the life insured has no *post-disability income* or is working for 10 hours or less per week solely as a result of a *sickness or injury* then we will pay:

- agreed value: the *insured monthly benefit*
- indemnity: the lesser of the *insured monthly benefit* and 75 per cent of *pre-disability income*.

The *insured monthly benefit* is the amount of benefit shown on the policy schedule, plus indexation increases (if any).

The life insured can work for up to 10 hours per week and still claim the maximum Income benefit available under the policy. This could allow him/her to check on his/her business while suffering from *sickness or injury*.

If the life insured is earning income

If, at the expiry of the *waiting period*, the life insured has *post-disability income*, the benefit we will pay will be proportionate to the loss and calculated on a monthly basis using the following formula:

$$\frac{\text{pre-disability income} - \text{post-disability income}}{\text{pre-disability income}} \times \text{insured monthly benefit}$$

When benefits are paid

We pay the Income benefit twice monthly with the first payment due 15 days after the expiry of the nominated *waiting period* until:

- the *sickness or injury* giving rise to the claim does not prevent the life insured from earning his/her *pre-disability income* from personal exertion from his/her *usual occupation*
- the *benefit period* ends
- the cover expires
- the life insured's death
- the life insured is no longer under the regular care of a *medical practitioner* for treatment of the *sickness or injury*
- the life insured is not following the treatment recommended by a *medical practitioner*.

Income benefit exclusions

We will not pay for *sickness or injury* occurring as a direct or indirect result of:

- an intentional self-inflicted act or
- attempted suicide or
- *uncomplicated pregnancy or childbirth* or
- elective surgery or donor transplant surgery (unless the surgery occurs more than six months after any cover start date, increase or reinstatement) or
- an act of war (whether declared or not).

Unemployment/employment breaks and income replacement

Zurich Income Replacement is designed for people who are working in paid employment. However, cover can continue during periods of unemployment.

For all occupation categories except SR

The definition of *usual occupation* will change if the life insured has been unemployed, or on long service leave, maternity leave, paternity leave or sabbatical leave for more than 12 consecutive months immediately prior to the *sickness or injury* causing disability – rather than *usual occupation* being the occupation predominantly performed in the 12 months prior to the *sickness or injury* it will be any occupation the life insured is capable of performing.

If the life insured is involuntarily unemployed other than as a direct result of a *sickness or injury*, cover has been in force for the previous 12 months and he/she is registered with an employment agency approved by us, we will waive *premium* for up to three months at a time (12 months over the life of the policy). Each request to waive *premium* must occur at least 12 months apart.

For SR occupations

Zurich Income Replacement terminates at the end of any 12 month period during which the life insured has not been engaged in *full-time paid employment* other than as a direct result of a *sickness or injury* or where we have given prior written approval.

Extending cover (if the life insured has the 'to age 65' benefit period and continues working)

On the *policy anniversary* following the life insured's 65th birthday, cover can be extended on a limited basis, up to the *policy anniversary* following his/her 70th birthday, if he/she is still working in paid employment for more than 30 hours per week. We must receive a request to extend cover at least 60 days before the cover would otherwise end (shown on the policy schedule), but no more than 90 days before the policy expiry date. The extended cover will be indemnity.

The *benefit period* on extended cover is one year and an Income benefit will only be payable where there is no *post-disability income* (ie. no partial benefits are payable). The extended cover does not include any optional extras and the premier *level of cover* (if applicable) will be altered to the comprehensive *level of cover*.

Waiting period flexibility with employment related salary continuance

If a 2 year *waiting period* is selected because the life insured has employment related salary continuance, we may allow a reduction in the *waiting period* without health assessment if he/she changes employer and salary continuance cover is not provided by the new employer.

Cover descriptions

A summary of the cover provided and a parameter table, including age ranges and available sum insured information are set out on the following pages.

The policy conditions contain all the detailed terms and conditions – they are set out in Part 2 of this PDS.

Policy summary

In-built benefits	Summary	Outside of super			Super ownership	
		standard	comprehensive	premier	standard	comprehensive
Income benefit	Provides an income if the life insured is disabled and suffers a loss of income as a direct result (as described in previous section).	✓ [#]	✓	✓	✓ [#]	✓
Specified injury benefit	Fixed period of benefits in lieu of the Income benefit if the life insured suffers from a range of specified injuries including <i>quadriplegia</i> , <i>loss of limbs or sight</i> and certain <i>fractures</i> . Only one specified injury can be claimed at a time and the benefit ceases on death or benefit expiry.	✓	✓	✓		
Rehabilitation benefit	Extra benefits to help the life insured get back to work sooner including: reimbursement for approved workplace modifications, <i>rehabilitation programs</i> and other approved expenses. It does not cover health costs typically covered by Medicare or private health insurance.	✓	✓	✓		
Funeral benefit	A lump sum of three times the <i>insured monthly benefit</i> to help with immediate expenses is payable on death. We will only pay one funeral benefit if the life insured has multiple Zurich income policies.	✓	✓	✓	✓	✓
Flexible cover benefit	A temporary reduction of cover is available if income is reduced when having a child. No cover is provided for <i>sickness</i> or <i>injury</i> which becomes apparent in the first 90 days after cover is reinstated and the cover reinstated will be indemnity if financial evidence cannot support the reinstated cover. The policy must be in force for 2 years before this benefit is available.	✓	✓	✓		
Waiver of premium	<i>Premiums</i> are waived or refunded while we are paying a claim.	✓	✓	✓		
Confined to bed benefit	Benefits are payable right away during the <i>waiting period</i> (max 180 days) if the life insured is disabled and <i>confined to bed</i> for more than 2 days and unable to earn any income.		✓	✓		✓
Special care benefit	Benefits are payable for a <i>direct family member</i> who ceases work to care for the life insured, hiring a personal attendant, and accommodation and relocation costs, up to certain amounts. This benefit is only payable for one claim for the life of the policy. See Part 2 (page 31) for more details.		✓	✓		
Family support benefit	Benefits can continue to be paid to a surviving <i>spouse</i> for up to 12 months if you (policy owner and life insured) die while claiming the Income benefit.			✓		
Trauma benefit (waiting periods 90 days or less)	A benefit paid in advance (equal to six monthly income benefits) if the life insured suffers and survives a specified Trauma. After six months, if the life insured is still disabled, an Income benefit may be payable for the remaining balance of the <i>benefit period</i> . No cover is provided for certain conditions if they arise in the first 90 days after cover is applied for or is reinstated.			✓		
Future insurability	In-built for premier only. See description on the next page.			✓		

life insured must totally stop work for 14 days during the *waiting period*.

In-built policy provisions which apply to all policies	Key exclusions on in-built provisions
Interim cover – puts some accident cover in place as soon as cover is applied for – see Interim cover certificate on page 50.	No cover is provided for any insured event apparent or occurring during a premium holiday or in the first 90 days after cover is re-started. The policy must be in force for 12 months before this benefit is available.
Inflation protection – cover will increase every year, unless declined by you, without health assessment.	
Recurrent disability – no <i>waiting period</i> applies if disability recurs from a related cause within 12 months (6 months for SR occupations).	
Concurrent disability – if the life insured has more than one <i>sickness</i> or <i>injury</i> , the one which pays the most benefit will apply (we won't pay the benefit twice).	
Premium holiday – allows a 3, 6, 9, or 12 month break in cover (max 12 months over the life of the policy) to ease financial pressure. Not available under platform.	

Optional extras	Summary	Outside of super	Super ownership
Increasing claims option	Benefits can increase quarterly with CPI while on claim.	✓	✓
Super contributions option*	Cover is available for regular super contributions in addition to the Income benefit, so super savings continue during a claim. See Part 2 (page 36) for details of how this benefit works.	✓	✓
Business expenses option	Pays up to 100 per cent of the fixed cost of running a business if the life insured is disabled and suffers a loss of income. This benefit is payable for a period of 12 months (but may be extended). See Part 2 (page 36).	✓	
Lump sum accident option	Lump sum payable once if the life insured suffers an <i>injury</i> which causes (within 180 days) <i>accidental death</i> or a specified loss, eg. <i>loss of limbs or sight</i> .	✓	
Day 4 accident option*	Benefits during the <i>waiting period</i> if the life insured is disabled due to accident. This option is only available with <i>waiting periods</i> of 90 days or less.	✓	✓
Trauma option*	Extra benefits if the life insured suffers a specified Trauma or dies while we are paying another benefit. Some conditions will not be covered if they arise during the first 90 days after cover is applied for or reinstated and only one claim can be made on each event.	✓	
Future insurability option*	Increase cover without <i>underwriting</i> every year subject to conditions set out in Part 2 (page 38).	^	^
Booster option*	Benefits paid in first 30 days of claim can be boosted by one third.	✓	✓
Family care option	Benefits can continue to a surviving <i>spouse</i> for up to 5 years if the life insured dies while on claim.	✓	
Severe disability option*	The Income benefit or Specified injury benefit is increased by one third if the life insured is severely disabled and unable to perform two <i>activities of daily living</i> for more than three months during the <i>benefit period</i> .	✓	✓
Needlestick cover option*	A lump sum payable on <i>occupationally acquired HIV</i> or <i>occupationally acquired hepatitis B or C</i> as a result of an occupational accident (for people who work in exposure-prone occupations).	✓	
Spouse cover option	Cover for the life insured's <i>spouse</i> carrying out home duties full-time up to age 60, see Part 2 (page 39).	✓	

✓ option available for all levels of cover

^ available as an option under comprehensive and in-built for premier – not available under standard

* not available for occupations categorised as Special Risk (SR)

Certain benefits overlap and are not payable for the same period, see More than one benefit at a time in Part 2 (page 34).

Some optional extras added after policy commencement cannot be exercised if an insured event occurs within 90 days after the option is added.

Full conditions and exclusions for all Zurich Income Replacement benefits and optional extras are set out in the policy conditions in Part 2 starting on page 28.

Income benefit examples

Agreed value cover

When the life insured isn't earning any income:

Example 1

The *insured monthly benefit* is \$3,000
Pre-disability income is \$4,000

The Income benefit we will pay is the *insured monthly benefit* of \$3,000.

Example 2

The *insured monthly benefit* is \$4,000
Pre-disability income is \$4,000

The Income benefit we will pay is the *insured monthly benefit* of \$4,000.

When the life insured is earning income:

Example 3

The *insured monthly benefit* is \$3,000
Pre-disability income is \$4,000

Because of *sickness* or *injury* the life insured is only generating 25 per cent of *pre-disability income* (\$1,000)

The Income benefit we will pay is:

$$\frac{\$4,000 - \$1,000}{\$4,000} \times \$3,000 = \$2,250$$

Example 4

The *insured monthly benefit* is \$4,000
Pre-disability income is \$4,000

Because of *sickness* or *injury* the life insured is only generating 15 per cent of *pre-disability income* (\$600)

The Income benefit we will pay is:

$$\frac{\$4,000 - \$600}{\$4,000} \times \$4,000 = \$3,400$$

Indemnity cover

(including all policies with super ownership)

When the life insured isn't earning any income:

Example 1

The *insured monthly benefit* is \$3,000
Pre-disability income is \$4,000

The Income benefit is calculated as the lesser of the *insured monthly benefit* (\$3,000) and 75 per cent of *pre-disability income* (\$3,000)

The Income benefit we will pay is \$3,000.

Example 2

The *insured monthly benefit* is \$4,000
Pre-disability income is \$4,000

The Income benefit is calculated as the lesser of the *insured monthly benefit* (\$4,000) and 75 per cent of *pre-disability income* (\$3,000)

The Income benefit we will pay is \$3,000.

When the life insured is earning income:

Example 3

The *insured monthly benefit* is \$3,000
Pre-disability income is \$4,000

Because of *sickness* or *injury* the life insured is only generating 25 per cent of *pre-disability income* (\$1,000)

The Income benefit is calculated using the formula. If it exceeds 75 per cent of *pre-disability income* (\$3,000), it will be capped.

$$\frac{\$4,000 - \$1,000}{\$4,000} \times \$3,000 = \$2,250$$

The Income benefit we will pay is \$2,250.

Example 4

The *insured monthly benefit* is \$4,000
Pre-disability income is \$4,000

Because of *sickness* or *injury* the life insured is only generating 15 per cent of *pre-disability income* (\$600)

The Income benefit is calculated using the formula. If it exceeds 75 per cent of *pre-disability income* (\$3,000), it will be capped.

$$\frac{\$4,000 - \$600}{\$4,000} \times \$4,000 = \$3,400$$

The Income benefit we will pay is \$3,000.

Useful parameters

Parameters	Standard, comprehensive & premier cover	Restricted parameters which apply to SR occupations

Occupation eligibility	Standard cover is available to all occupation categories Comprehensive cover is available to all occupation categories, except SR Premier cover is available to A1, A1M, A2 and A3 occupation categories	SR occupations can only have the standard <i>level of cover</i>
Employment status	The life insured must be working in <i>full-time paid employment</i> (minimum 26 hours per week)	
Choice of cover	Agreed value or indemnity cover is available	
Available waiting periods	<ul style="list-style-type: none"> 14, 30, 60, 90 or 180 days 1 or 2 years The <i>waiting period</i> may be split so that different <i>waiting periods</i> apply to two portions of Income benefit. <ul style="list-style-type: none"> The Business expenses option can only have the following <i>waiting periods</i>: 14, 30, 60 or 90 days. 	30, 60 or 90 days
Available benefit periods	<ul style="list-style-type: none"> 1, 2 or 5 years benefits payable to age 55 benefits payable to age 60 benefits payable to age 65 benefits payable to age 70 (only A1, A1M, A2 and A3 occupations) 	1, 2 or 5 years
When ability to increase cover ends	Up to the expiry of the policy	
Expiry ages (for the Income benefit)	<ul style="list-style-type: none"> <i>policy anniversary</i> following 55th birthday for benefits payable to age 55 <i>policy anniversary</i> following 60th birthday for benefits payable to age 60 <i>policy anniversary</i> following 65th birthday for benefits payable for 1, 2 and 5 years and for benefits payable to age 65 <i>policy anniversary</i> following 70th birthday for benefits payable to age 70 (from the <i>policy anniversary</i> following 65th birthday, the caps shown in the table on page 35 of Part 2 apply) 	<i>policy anniversary</i> following 60th birthday
Expiry ages (for optional extras)	Optional extras generally end at the same time as the Income benefit (ie. when the policy ends). The exceptions are: <ul style="list-style-type: none"> Business expenses option: ceases on <i>policy anniversary</i> following 65th birthday Future insurability option: ceases on <i>policy anniversary</i> following 54th birthday Spouse cover option: ceases on the first of the <i>policy anniversary</i> following <i>spouse's</i> 60th birthday or the benefit expiry date 	
Minimum cover available	\$1,500 per month (subject to income)	
Minimum cover increase amount	\$750 per month	
Maximum cover available at outset	no maximum (depends on individual needs)	\$10,000 per month.
Minimum premium (for the policy)	\$200 per year excluding stamp duty and management fee	

Superannuation policies

Zurich Superannuation Term Life Plus

This is insurance through Zurich's trustee

Zurich Superannuation Term Life Plus is an insurance-only superannuation policy which pays a lump sum on death, *terminal illness* or *total and permanent disablement* (TPD), depending on the covers selected.

In this section of the PDS, 'you' means the person who will become the life insured (since the owner of the policy will be the fund trustee).

Once your application has been accepted you will become a member of and have an interest in the Zurich Master Superannuation Fund (the fund), supported by a life insurance policy issued by Zurich Australia Limited.

Zurich Superannuation Term Life Plus does not contain an investment component. There may be tax advantages to pay life insurance premiums through superannuation but there are also restrictions on benefits being paid under superannuation law and there may be tax implications upon payment.

Cover provided

Any combination of Death cover and TPD cover may be selected, as follows:

A financial adviser will help you to determine the most appropriate package of cover for your situation.

How linked covers interact

When you select Death cover and TPD cover, we will automatically link the covers together. This provides the most cost-effective package of cover, but it also means that a claim on one cover (including partial or full advance payments) will impact the other.

For example, if you make a claim on your TPD cover, the Death cover will be reduced by the amount of the TPD cover claim. While there is a Buy back death benefit which allows the Death cover to be reinstated 12 months following a TPD cover claim, the Death cover will be reduced for a time.

This PDS will assume that covers are linked, as this is the most common way to set up a policy. If you want the covers to be stand-alone, so that each cover is independent and is not impacted by a claim on the other, we can arrange for your policy to be set up this way.

Cover descriptions

A summary of the cover provided and a parameter table, including age ranges and available sum insured information are set out on the following pages.

The policy conditions contain all the detailed terms and conditions – they are set out in Part 2 of this PDS.

Death cover

Death cover pays a lump sum on death or diagnosis of *terminal illness*. It can:

- allow family to repay debts including mortgage, personal loans, guarantees, credit cards and store cards
- provide an adequate income for dependants to pay for living expenses, school fees, child care and regular bills
- protect the future of a business if a key person or principal dies
- provide a cash deposit to an estate, which may prevent other assets being sold.

TPD cover

TPD is about retaining as much quality of life as possible in the event of a permanent disability. It can:

- fund a family member who gives up work to care for the life insured or fund other home care
- repay debts including mortgage, personal loans, guarantees, credit cards and store cards
- pay for any major home renovations required (eg. to permit wheelchair access).

To qualify for a benefit, the life insured must:

- be absent from work (excluding home duties) for 3 months or
- suffer a *specific loss* or
- be unable to engage in home duties (before 64th birthday) or
- be unable to perform at least two *activities of daily living* or
- suffer cognitive impairment.

Then evidence is required to substantiate that the life insured is unlikely to ever work (for reward or otherwise) in his/her profession, business or similar occupation or engage in any other occupation to which he/she is fitted by education, training and experience for the rest of his/her life solely due to the *sickness* or *injury*.

Policy summary

Cover	In-built benefits for each cover	Key exclusions on in-built benefits	Optional extras which can be added
Death cover	<p>Death benefit – a lump sum payment on death.</p> <p>Terminal illness benefit – an advance payment of the Death benefit on <i>terminal illness</i>.</p> <p>Advancement for funeral expenses – an advance payment of \$15,000 towards funeral expenses.</p> <p>Buy back death benefit (TPD) – Death cover can be reinstated on the anniversary following a TPD claim.</p>	No benefit is payable for suicide within 13 months of the benefit start date (or increase in cover but only in respect of the increase) or reinstatement of the policy.	There are no optional extras specific to Death cover.
TPD cover	<p>TPD benefit – a lump sum payment if solely as a result of <i>sickness</i> or <i>injury</i>, the life insured:</p> <ul style="list-style-type: none"> – is absent from work (excluding home duties) for 3 months or – suffers a <i>specific loss</i> or – is unable to engage in home duties (before 64th birthday) or – is unable to perform at least two <i>activities of daily living</i> or – suffers cognitive impairment <p>and is unlikely to ever work (for reward or otherwise) in 'any' occupation.</p>	No benefit is payable if <i>total and permanent disablement</i> is due to intentional self-inflicted act, attempted suicide or any other event or medical condition specified on the policy schedule.	Double TPD option – Death cover can be reinstated following a TPD claim.

In-built policy provisions which apply to all policies	Key exclusions on in-built provisions
Interim cover – puts some accident cover in place as soon as you apply for cover.	<p>Future insurability increases only cover accidents in the first 6 months following an increase. See Part 2 (page 45) for other limitations.</p> <p>Inflation protection does not apply to benefits reinstated under the Double TPD option.</p> <p>No cover is provided for any insured event apparent or occurring during a premium holiday or in the first 90 days after cover is re-started. The policy must be in force for 12 months before this benefit is available.</p>
Inflation protection – cover will increase every year, unless declined by you, without health assessment.	
Future insurability – increase cover without <i>underwriting</i> on certain life events eg. marriage or birth of a child.	
Financial planning advice – reimburses the cost of advice up to \$3,000.	
Premium holiday – allows a 3, 6, 9, or 12 month break in cover (max 12 months over life of policy) to ease financial pressure.	

Optional extra which can be added to any policy	Key exclusions on optional extra benefits
Accidental death option – extra cover for death due to accident only.	No cover is provided under the Accidental death benefit for suicide.
Business future cover option – increases cover without health evidence each year if certain events occur. Useful for loan/guarantor protection, buy/sell shareholder or partnership protection.	<p>Optional extras added after policy commencement cannot be exercised if an insured event occurs within 90 days after the option is added.</p> <p>See Part 2 (page 48) for limitations on Business future cover option.</p>

Full conditions and exclusions for all Zurich Superannuation Term Life Plus benefits and optional extras are set out in the policy conditions in Part 2 starting on page 43.

Useful parameters

Parameters	Death cover	TPD cover	In-built benefits and optional extras which work differently (exceptions)
Application ages	15 to 69	19 to 59	Accidental death option: 19 to 65
When ability to increase cover ends	69th birthday	59th birthday	Business future cover option: can only be exercised prior to 65th birthday (Death cover) or 60th birthday (TPD cover) Buy back death benefit (TPD): can only be exercised prior to <i>policy anniversary</i> following 74 Future insurability: cannot be exercised after <i>policy anniversary</i> following 54
Expiry ages (<i>policy anniversary</i> following:)	99 (or earlier cessation of membership of the fund)		Accidental death option: 75
Cover at older ages reduces	no	Limited cover from age 64 (only <i>specific loss, activities of daily living</i> or cognitive impairment) and cap of \$3,000,000	Maximum TPD from <i>policy anniversary</i> following 64 is \$3,000,000 and Double TPD becomes standard
Minimum cover available	\$50,000	\$50,000	
Minimum cover increase amount	\$50,000	\$50,000	
Maximum cover available at outset	no maximum (depends on individual needs)	\$5,000,000 – TPD cover must be matched with Death cover if it exceeds \$3,000,000	Accidental death option: \$1,000,000
Caps beyond Zurich	n/a	Total TPD with Zurich and other insurers cannot exceed \$5,000,000	
Cover can index above maximum due to Inflation protection	yes	yes	Indexation doesn't apply to Accidental death option
Minimum <i>premium</i> (for the policy)	\$160 per year excluding management fee		

Superannuation policies

Zurich Superannuation Income Replacement

This is insurance through Zurich's trustee

Zurich Superannuation Income Replacement is an insurance-only superannuation policy which provides an income benefit in the event of *sickness* or *injury* resulting in a loss of income.

In this section of the PDS, 'you' means the person who will become the life insured (since the owner of the policy will be the fund trustee).

Once your application has been accepted you will become a member of and have an interest in the Zurich Master Superannuation Fund (the fund), supported by a life insurance policy issued by Zurich Australia Limited.

Zurich Superannuation Income Replacement does not contain an investment component. There may be advantages to paying life insurance premiums through superannuation but there are also restrictions on benefits being paid under superannuation law and there may be tax implications upon payment.

Superannuation Income benefit

The purpose of income replacement cover under superannuation is limited to continuing the gain or reward you were receiving before the *sickness* or *injury*. Under superannuation law, you may not receive the full benefit described where it would increase your income from all sources (including this policy) after disablement above your income before your *sickness* or *injury*. See Part 2 (page 54).

Cover provided

The Zurich Superannuation Income Replacement policy pays, after the expiry of the *waiting period*, an income while you are disabled and suffer a loss of income because of that disability.

Although the concept is relatively simple, there are many choices to be made when setting up income replacement cover to ensure the policy is aligned with your individual situation.

The parameters which can be tailored are set out in the table on page 43 and some brief explanations of the terminology we use is provided below.

A financial adviser will help you to determine which parameters are most appropriate to your situation.

Common terminology

The *waiting period* is the number of days that you need to qualify for the Income benefit due to *sickness* or *injury* before being eligible for payment.

The *benefit period* is the maximum period we will pay Income benefits for when you suffer from the same or a related *sickness* or *injury*.

The *level of cover* refers to the number of policy features included in the cover, which can be chosen to fit with needs and budget. Two *levels of cover* are available to choose from:

- standard
- comprehensive.

Eligibility & amount of cover

The availability of cover depends on your occupation and state of health. You will be assigned an occupation rating (A1, A1M, A2, A3, B1, B2, B3 or SR) – your financial adviser will be able to assist in determining the correct rating. Some policy features and optional extras are restricted to certain occupations.

The amount of cover you can apply for will depend on your income. Generally, up to 75 per cent of *average monthly pre-tax income* can be insured.

Income benefit

Qualifying for an Income benefit

To be eligible for an Income benefit, you must be under the regular care of, and following the advice of, a *medical practitioner*.

We will pay an Income benefit after the expiry of the *waiting period* if, solely as a result of a *sickness or injury*, until the expiry of the *waiting period*:

- your *pre-disability income* from your *usual occupation* has reduced by 20 per cent or more or
- you are unable to perform one or more *income producing duties* of your *usual occupation* or
- you are unable to perform the *income producing duties* of your *usual occupation* for more than 10 hours per week.

Under the standard *level of cover* the life insured must also stop working for a period of at least 14 days during the *waiting period*.

Determining the benefit amount

The amount we pay if you aren't earning any income (often referred to as being totally disabled) is different to the amount of benefit we pay if you are still earning income (often referred to as being partially disabled). Both situations are explained below, and examples for each are set out on the next page. All benefits are subject to the cap explained in the box on the previous page.

If you aren't earning any income

If, at the expiry of the *waiting period*, you have no *post-disability income* or are working for 10 hours or less per week solely as a result of a *sickness or injury* then we will pay the lesser of the *insured monthly benefit* and 75 per cent of *pre-disability income*.

The *insured monthly benefit* is the amount of benefit shown on the policy schedule, plus indexation increases (if any).

You can work for up to 10 hours per week and still claim the maximum Income benefit available under the policy. You could use this time to check on your business while suffering from *sickness or injury*.

If you are earning income

If, at the expiry of the *waiting period*, you have *post-disability income*, the benefit we will pay will be proportionate to the loss and calculated on a monthly basis using the following formula:

$$\frac{\text{pre-disability income} - \text{post-disability income}}{\text{pre-disability income}} \times \text{insured monthly benefit}$$

When benefits are paid

We pay the Income benefit twice monthly with the first payment due 15 days after the expiry of the nominated *waiting period* until:

- the *sickness or injury* giving rise to the claim does not prevent you from earning your *pre-disability income* from personal exertion from your *usual occupation*
- the *benefit period* ends
- the cover expires
- your death
- you are no longer under the regular care of a *medical practitioner* for treatment of the *sickness or injury*
- you are not following the treatment recommended by a *medical practitioner*.

Income benefit exclusions

We will not pay for *sickness or injury* occurring as a direct or indirect result of:

- an intentional self-inflicted act or
- attempted suicide or
- *uncomplicated pregnancy or childbirth* or
- elective surgery or donor transplant surgery (unless the surgery occurs more than six months after any cover start date, increase or reinstatement) or
- an act of war (whether declared or not).

Unemployment/employment breaks and income replacement

Zurich Superannuation Income Replacement is designed for people who are working in paid employment. However, cover can continue during periods of unemployment.

For all occupation categories except SR

The definition of *usual occupation* will change if you have been unemployed, or on long service leave, maternity leave, paternity leave or sabbatical leave for more than 12 consecutive months immediately prior to the *sickness* or *injury* causing disability – rather than *usual occupation* being the occupation predominantly performed in the 12 months prior to the *sickness* or *injury* it will be any occupation you are capable of performing.

If you are involuntarily unemployed other than as a direct result of a *sickness* or *injury*, cover has been in force for the previous 12 months and you are registered with an employment agency approved by us, we will waive *premium* for up to three months at a time (12 months over the life of the policy). Each request to waive *premium* must occur at least 12 months apart.

For SR occupations

Zurich Superannuation Income Replacement terminates at the end of any 12 month period during which you have not been engaged in *full-time paid employment* other than as a direct result of a *sickness* or *injury* or where we have given prior written approval.

Extending cover (if you have the 'to age 65' benefit period and continue working)

On the *policy anniversary* following your 65th birthday, cover can be extended on a limited basis, up to the *policy anniversary* following your 70th birthday, if you are still working in paid employment for more than 30 hours per week. You must apply to us at least 60 days before the cover would otherwise end (shown on the policy schedule), but no more than 90 days before the policy expiry date.

The *benefit period* on extended cover is one year and an Income benefit will only be payable where there is no *post-disability income* (ie. no partial benefits are payable). The extended cover does not include any optional extras.

Waiting period flexibility with employment related salary continuance

If you select a 2 year *waiting period* because you have employment related salary continuance, we may allow a reduction in the *waiting period* without health assessment if you change employer and salary continuance cover is not provided by your new employer.

Cover descriptions

A summary of the cover provided and a parameter table, including age ranges and available sum insured information are set out on the following pages.

The policy conditions contain all the detailed terms and conditions – they are set out in Part 2 of this PDS.

Income benefit examples

When you aren't earning any income

Example 1

The *insured monthly benefit* is \$3,000

Pre-disability income is \$4,000

The Income benefit is calculated as the lesser of the *insured monthly benefit* (\$3,000) and 75 per cent of *pre-disability income* (\$3,000)

The Income benefit we will pay is \$3,000.

Example 2

The *insured monthly benefit* is \$4,000

Pre-disability income is \$4,000

The Income benefit is calculated as the lesser of the *insured monthly benefit* (\$4,000) and 75 per cent of *pre-disability income* (\$3,000)

The Income benefit we will pay is \$3,000.

When you are earning income

Example 3

The *insured monthly benefit* is \$3,000

Pre-disability income is \$4,000

Because of *sickness* or *injury* you are only generating 25 per cent of *pre-disability income* (\$1,000)

The Income benefit is calculated using the formula.

If it exceeds 75 per cent of *pre-disability income* (\$3,000), it will be capped.

$$\frac{\$4,000 - \$1,000}{\$4,000} \times \$3,000 = \$2,250$$

The Income benefit we will pay is \$2,250.

Example 4

The *insured monthly benefit* is \$4,000

Pre-disability income is \$4,000

Because of *sickness* or *injury* you are only generating 15 per cent of *pre-disability income* (\$600)

The Income benefit is calculated using the formula.

If it exceeds 75 per cent of *pre-disability income* (\$3,000), it will be capped.

$$\frac{\$4,000 - \$600}{\$4,000} \times \$4,000 = \$3,400$$

The Income benefit we will pay is \$3,000.

Policy summary

In-built benefits	Summary	standard	comprehensive
Income benefit	Provides an income if you are disabled and suffer a loss of income as a direct result (as described in previous section).	✓ [#]	✓
Funeral benefit	A lump sum of three times the <i>insured monthly benefit</i> to help with immediate expenses is payable on death. We will only pay one funeral benefit if you have multiple Zurich income policies.	✓	✓
Confined to bed benefit	Benefits are payable right away during the <i>waiting period</i> (max 180 days) if you are disabled and <i>confined to bed</i> for more than 2 days and unable to earn any income.		✓

In-built policy provisions which apply to all policies	Key exclusions on in-built provisions
Interim cover – puts some accident cover in place as soon as you apply for cover – see Interim cover certificate on page 50.	No cover is provided for any insured event apparent or occurring during a premium holiday or in the first 90 days after cover is re-started. The policy must be in force for 12 months before this benefit is available.
Inflation protection – cover will increase every year, unless declined by you, without health assessment.	
Recurrent disability – no <i>waiting period</i> applies if disability recurs from a related cause within 12 months (6 months for SR occupations).	
Concurrent disability – if you have more than one <i>sickness</i> or <i>injury</i> , the one which pays the most benefit will apply (we won't pay the benefit twice).	
Premium holiday – allows a 3, 6, 9, or 12 month break in cover (12 months over the life of the policy) to ease financial pressure.	

life insured must totally stop work for 14 days during the *waiting period*.

Optional extras	Summary	standard	comprehensive
Increasing claims option	Benefits can increase quarterly with CPI while on claim.	✓	✓
Super contributions*	Cover is available for regular super contributions in addition to the Income benefit, so super savings continue during a claim. See Part 2 (page 55) for details of how this benefit works.	✓	✓
Day 4 accident option*	Benefits during the <i>waiting period</i> if you are disabled due to accident. This option is only available with <i>waiting periods</i> of 90 days or less.	✓	✓
Future insurability option*	Increase cover without <i>underwriting</i> every year subject to conditions set out in Part 2 (page 56).		✓
Booster option*	Benefits paid in first 30 days of claim can be boosted by one third.	✓	✓
Severe disability option*	Additional income if you are severely disabled and unable to perform two <i>activities of daily living</i> for more than three months during the <i>benefit period</i> .	✓	✓

* not available for occupations categorised as Special Risk (SR).

Certain benefits overlap and are not payable for the same period, see More than one benefit at a time in Part 2 (page 54).

Some optional extras added after policy commencement cannot be exercised if an insured event occurs within 90 days after the option is added.

Full conditions and exclusions for all Zurich Superannuation Income Replacement benefits and optional extras are set out in the policy conditions in Part 2 starting on page 51.

Useful parameters

Parameters	Standard & comprehensive cover	Restricted parameters which impact SR occupations
Application ages	19 – 48 for benefits to age 55 19 – 53 for benefits to age 60 19 – 59 for all other <i>benefit periods</i>	19 – 53
Occupation eligibility	Standard cover is available to all occupation categories. Comprehensive cover is available to all occupation categories, except SR.	SR occupations can only have the standard <i>level of cover</i>
Employment status	You must be working in <i>full-time paid employment</i> (minimum 26 hours per week)	
Available <i>waiting periods</i>	<ul style="list-style-type: none"> 14, 30, 60, 90 or 180 days 1 or 2 years The <i>waiting period</i> may be split so that different <i>waiting periods</i> apply to two portions of Income benefit.	30, 60 or 90 days
Available <i>benefit periods</i>	<ul style="list-style-type: none"> 1, 2 or 5 years benefits payable to age 55 benefits payable to age 60 benefits payable to age 65 benefits payable to age 70 (only A1, A1M, A2 and A3 occupations) 	1, 2 or 5 years
When ability to increase cover ends	Up to the expiry of the policy	
Expiry ages (for the Income benefit)	<ul style="list-style-type: none"> <i>policy anniversary</i> following 55th birthday for benefits payable to age 55 <i>policy anniversary</i> following 60th birthday for benefits payable to age 60 <i>policy anniversary</i> following 65th birthday for benefits payable for 1, 2 and 5 years and for benefits payable to age 65 <i>policy anniversary</i> following 70th birthday for benefits payable to age 70 (from the <i>policy anniversary</i> following 65th birthday, the caps shown in the table on page 55 of Part 2 apply) 	<i>policy anniversary</i> following 60th birthday
Expiry ages (for optional extras)	Optional extras generally end at the same time as the Income benefit (ie. when the policy ends). The exception is: <ul style="list-style-type: none"> Future insurability option: ceases on <i>policy anniversary</i> following 54th birthday 	
Minimum cover available	\$1,500 per month (subject to your income)	
Minimum cover increase amount	\$750 per month	
Maximum cover available at outset	no maximum (depends on individual needs)	\$10,000 per month
Minimum <i>premium</i>	\$200 per year excluding stamp duty and management fee	

Privacy

Zurich is bound by the Privacy Act 1988 (Cth). Before providing us with any Personal or Sensitive Information ('Information'), you should know the following information.

We collect, use, process and store Personal Information and, in some cases, Sensitive Information about you in order to comply with our legal obligations, to assess your application for insurance cover, to administer the insurance cover provided, to enhance customer service or products and to manage claims ('purposes'). If you do not agree to provide us with the Information, we may not be able to process your application, administer your cover or assess your claims.

By providing us or your intermediary with your Information, you consent to our use of this Information which includes us disclosing your Information where relevant for the purposes, to the policy owner, your intermediary, affiliates of the Zurich Insurance Group Ltd, other insurers and reinsurers, our service providers, our business partners or as required by law within Australia or overseas. Zurich may obtain Information from government offices and third parties to assess an application or a claim. We may use Personal Information (but not Sensitive Information) collected about you to notify you of other products and services we offer. If you do not want your Personal Information to be used in this way, please contact us.

For further information about Zurich's Privacy Policy, a list of service providers and business partners that we may disclose your Information to, a list of countries in which recipients of your Information are likely to be located, details of how you can access or correct the Information we hold about you or make a complaint, please refer to the Privacy link on our homepage – www.zurich.com.au, contact us by telephone on 132 687 or email us at privacy.officer@zurich.com.au

Complaints resolution

If you have a complaint about Zurich Protection Plus or Zurich Income Replacement, you should contact the Zurich Client Service Centre on 131 551. We will aim to acknowledge any complaint within 5 days and to resolve your complaint within 45 days (or up to 90 days if you agree). If you are not satisfied with the response you receive from us, or we fail to resolve the complaint within 45 days (or any extended period you approve) you can raise the matter with the Financial Ombudsman Service, GPO Box 3, Melbourne VIC 3001. The telephone number is: 1300 780 808 and the email address is: info@fos.org.au

Zurich Superannuation Term Life Plus and Zurich Superannuation Income Replacement are provided through Zurich Master Superannuation Fund by the trustee of that fund, Zurich Australian Superannuation Pty Limited. A complaint about the trustee can be made by contacting the Zurich Client Service Centre on 131 551. We will aim to acknowledge any complaint within 5 days and to resolve the complaint within 90 days. If you are not satisfied with the response you receive from us, or we fail to resolve the complaint within 90 days, you can raise the matter with the Superannuation Complaints Tribunal (SCT) at Locked Bag 3060, GPO Melbourne VIC 3001. The telephone number is: 1300 884 114 and the email address is: info@sct.gov.au

The SCT is an independent body established by the Commonwealth Government to review trustee decisions relating to its members, as opposed to trustee decisions about the management of a superannuation fund as a whole. The objective of the SCT is to provide a fair, timely and economical means of resolution of complaints as an alternative to the court system. The SCT cannot consider complaints that have not been first referred to a trustee's complaints resolution process.

Please note that some complaints about disability or death benefits must be lodged within a particular time. For information on these time limits, please visit the SCT website on www.sct.gov.au

If your complaint is outside the jurisdiction of the SCT, you may instead be able to raise it with the Financial Ombudsman Service (FOS). FOS is an independent body designed to help you resolve complaints relating to your Zurich product, as well as complaints relating to financial or investment advice and sales of financial or investment products. You can contact FOS at GPO Box 3, Melbourne VIC 3001. The telephone number is: 1300 780 808 and the email address is: info@fos.org.au

Initial premiums

If we are unable to process your application straight away for any reason, Zurich will deposit any money received into a Trust Account. Under current legislation this money can only be held in a Trust Account for a maximum of one month or a period that is 'reasonable' in the circumstances. Provided Zurich has sufficient proof that we have been attempting to finalise the application by way of following up the outstanding requirements, then the 'reasonable' period will be not more than four months.

Any interest earned on the moneys in the Trust Account will be retained by Zurich to recover administration costs incurred in finalising the application.

Conversion of cover to a non-superannuation (life insurance) policy

If you are insured under a Zurich Superannuation Term Life Plus or Zurich Superannuation Income Replacement policy, you can apply to convert your cover to a non-superannuation policy.

You can apply to effect this conversion:

- at any time while you are a member of the fund or
- within 30 days of ceasing to be a member of the fund.

If you are over the age of 65 and do not inform the trustee whether you are still eligible to contribute to superannuation, the trustee will apply to convert your cover to a non-superannuation policy and transfer ownership to you. The *premiums* will no longer be contributions to a superannuation fund.

Transferring ownership

If you wish to change the ownership of your policy from one owner to another, you may use a Memoranda of transfer which is available from us. Stamp duty may be payable on any ownership transfer. The Memoranda of transfer cannot be used to change ownership in some instances eg. from a non-superannuation owner to a superannuation fund, instead we will cancel and replace your policy in order to make this change. Please contact us if you require further information about assignment of ownership.

The following information is a guide only for individual policy owners (or for the life insured in the case of Zurich Superannuation Term Life Plus and Zurich Superannuation Income Replacement).

It is based on current taxation laws, their continuation and their interpretation. Different tax implications may arise depending upon the entity owning the insurance policy eg. where the trustee of a superannuation fund owns the policy. For information about your individual circumstances, contact your tax adviser.

The figures provided in this taxation section are for the financial year to 30 June 2014 and may change after such time. Please ask your financial adviser or visit the ATO website (www.ato.gov.au) for updated figures.

Zurich Protection Plus

In most cases, you cannot claim a tax deduction for the *premiums* you pay for your policy. One exception to this is if you take out the policy as 'key person' insurance in a business. In this case, part or all of the *premiums* may be tax deductible, however, there may be other tax implications (such as fringe benefits tax). We recommend you consult your tax adviser on this issue.

If a tax deduction is not claimable for the *premiums*, the benefit paid is normally not assessable for taxation purposes*. If a tax deduction is claimable, the benefit paid may be assessable for taxation purposes.

If you have selected the Insured child option, any carer benefits you receive from your policy must be included in your tax return and will be taxed at your marginal income tax rate.

* This assumes (1) related Death cover proceeds are either received by the original beneficial owner or by an owner who acquired the policy for no consideration, or (2) other cover proceeds are received by the life insured or a relative of the life insured (eg. spouse, brother, sister, etc but not for example, a cousin). If your situation varies from either of these assumptions, there may be different taxation results.

Zurich Income Replacement

The *premiums* you pay for your policy, except for the *premiums* for the Lump sum accident option, the Spouse cover option, the Family care option, the Needlestick cover option and the Family support benefit, if applicable, can generally be claimed as a tax deduction by both employees and self-employed people. Every year we will tell you the amount of *premium* you have paid during that financial year and we will exclude the cost of any non-deductible benefits.

The Income benefits and Super contributions option benefits you receive from your policy must be included in your tax return and will be taxed at your marginal income tax rate. However, lump sum amounts under the Lump sum accident option and Needlestick cover option are not generally taxable.*

If you have opted to insure your monthly superannuation contribution by selecting the Super contributions option then these benefits will be applied directly to your fund as superannuation contributions. Benefits are applied on your behalf pursuant to a 'direction to pay' which you give us by making an application for this benefit. This benefit counts as part of your income for tax purposes and we do not deduct or withhold tax from it. If you are self-employed you may be entitled to a deduction on some or all of the superannuation contributions made on your behalf.

* This taxation information assumes (1) proceeds are either received by the original beneficial owner or by an owner who acquired the policy for no consideration, or (2) cover proceeds are received by the life insured. If your situation varies from either of these assumptions, there may be different taxation results.

Zurich Superannuation Term Life Plus and Zurich Superannuation Income Replacement

The taxation of superannuation is complex and will depend on your age, the type of contribution, and the status of the beneficiary.

Contributions

Contributions made to the fund are applied by the trustee as a *premium* towards the policy. Contributions made by an employer may be tax deductible to the employer.

Contributions made by an individual may be tax deductible if the person is self employed or substantially self employed and complies with the 10 per cent income test (also known as 'maximum earnings as an employee') and provides a valid notice of intent to claim a personal superannuation contribution.

Contributions made by an individual or an employer for insurance-only Superannuation Income Replacement will generally not be tax deductible.

Benefits

If a benefit becomes payable, any tax must be deducted before a benefit is paid. The taxation of death benefits will depend on the relationship between the member of the fund and the beneficiary, the age of the beneficiary and whether the benefit is received in the form of a lump sum or income stream. If the beneficiary is a death benefits dependent (including any person who had an interdependency relationship with the deceased, as defined on page 49) the benefit may be paid free of tax. Otherwise, the death benefit will generally be taxed at up to 15 per cent plus the Medicare Levy. If the benefit contains an untaxed element then a tax of 30 per cent plus Medicare Levy can apply.

The taxation of lump sum disablement benefits varies depending upon your circumstances. If the benefit qualifies as a disability benefit (requiring certification by two medical practitioners that you are unfit to ever be employed in a capacity for which you are reasonably

qualified because of education, training or experience), there may be a tax-free component which can be received free of tax. The balance of the benefit may be taxable, depending on your age and other factors. If you are age 60 or older, only the untaxed element may be subject to a concessional tax rate of 15 per cent. If you are between your preservation age (currently 55) but under age 60, the taxable component up to the low rate cap amount (\$180,000 for the 2013/14 financial year, which may be indexed in future years) is received tax free. The taxable component above the low rate cap amount will be taxed at a maximum rate of 15 per cent plus Medicare Levy. If you are under your preservation age, the taxable component of the benefit will be taxed at a maximum of 20 per cent plus Medicare Levy.

The taxation of benefits paid under disability will vary if you are terminally ill. If you are found to be terminally ill the trustee is not required to withhold any tax on the payment of your benefit if you are under age 60 (once you are age 60 the benefit is tax-free). This effectively allows terminally ill members to receive their benefit tax-free. In order for the trustee to pay your benefit under this measure you must be eligible to withdraw your superannuation benefit.

If a TPD benefit is paid to the trustee of the superannuation fund, but superannuation legislation does not allow the trustee to pass this to you, it must be preserved in the fund. Any investment earnings on that preserved amount may be subject to tax at the prevailing rate applicable to superannuation funds (currently 15 per cent) although the ultimate tax liability of investment earnings will depend on the nature of the investments. The accumulated amount will then be paid from the superannuation fund as a Death, Disablement or Retirement benefit and will be taxed (or tax free) accordingly.

The benefits paid under Zurich Superannuation Income Replacement must be included in your tax return and will be taxed at your marginal income tax rate (except for benefits transferred to another super fund under the Super contributions option and benefits payable on death).

Taxation of superannuation contributions

Non-concessional contributions

Non-concessional contributions are generally contributions for which a tax deduction cannot be claimed, for example contributions from after tax income. The amount of non-concessional contributions you are eligible to contribute to superannuation in a financial year is limited to \$150,000. If you are under age 65 you are able to bring forward two years' contributions allowing up to a total of \$450,000 to be made in a single financial year, however you cannot contribute more than \$450,000 across the three financial years. Once you are age 65, you are limited to making

non-concessional contributions of \$150,000 per financial year up to age 74 if you satisfy the work test. The work test requires you to be gainfully employed for at least 40 hours within a 30 consecutive day period in the year the contribution is made.

The trustee is only able to accept non-concessional contributions if you provide your TFN and up to the maximum contribution cap (on a per transaction basis).

If you make non-concessional contributions above the limit, the excess non-concessional contribution will be taxed at the highest marginal tax rate plus Medicare levy (currently 46.5 per cent). The ATO will receive information regarding all non-concessional contributions made in a financial year to make an assessment. If you have exceeded the limit and are liable to pay the additional tax, the ATO will contact you directly. You will need to nominate a superannuation fund to pay this tax liability. As Zurich Superannuation Term Life Plus and Zurich Superannuation Income Replacement have no account balance, you will need to nominate a different superannuation fund to pay your tax liability.

Concessional contributions

An employer and certain eligible individuals (eg. a self-employed or substantially self-employed person) may make contributions to superannuation and receive a tax deduction on the full amount contributed to superannuation. Within superannuation, contribution caps will limit the amount of concessional contributions which will be taxed concessionally at 15 per cent.

General concessional contributions up to \$25,000 per financial year will be taxed at 15 per cent. Contributions above this cap will be taxed at an additional 31.5 per cent (total 46.5 per cent). The ATO will receive information from superannuation providers to determine if concessional contributions to superannuation in a financial year exceed the cap. People aged 59 years or over on 30 June 2013 and 49 years or over on 30 June 2014 will be entitled to a higher concessional contributions cap of \$35,000 (unindexed).

If the ATO determines that excessive concessional contributions have been made in a financial year, the ATO will advise you. You are able to either personally pay the additional tax liability or direct payment from a superannuation fund. Alternatively if you breach the concessional superannuation cap by \$10,000 or less you may request the excess contributions to be withdrawn and refunded to you. An individual is only permitted to seek the refund once in their lifetime.

As Zurich Superannuation Term Life Plus and Zurich Superannuation Income Replacement have no account balance you will need to nominate a different superannuation fund to pay your tax bill unless you will pay this bill personally.

If you have chosen Zurich Superannuation Term Life Plus or Zurich Superannuation Income Replacement, you should be aware of the following information which affects your cover.

Contributing to superannuation funds

When you pay *premiums* for your insurance cover, you are making contributions to a superannuation fund and you will need to be eligible to contribute to super.

In addition to compulsory employer contributions, the fund may accept contributions that are made:

- in respect of a member who is under the age of 65
- in respect of a member who is over the age of 65 and under the age of 75 and is gainfully employed on at least a part-time basis during the financial year in which the contributions are made (spouse contributions are not permitted after age 70).

A member is gainfully employed on a part-time basis during a financial year if he/she has worked at least 40 hours in a period of not more than 30 consecutive days in that financial year.

If the trustee is notified that you have become ineligible to contribute to the superannuation fund, your cover will in normal circumstances cease due to the trustee not being able to fund the risk *premiums*.

If you are over the age of 65 and do not inform the trustee whether or not you are eligible to contribute to superannuation, the trustee will apply to convert your cover to a non-superannuation policy and transfer ownership to you.

Premiums paid during a period in which you were ineligible to contribute will not be refunded.

Payments of benefits under superannuation

In some situations a benefit may be paid to the trustees where it is not permitted, either by superannuation law or the terms of the governing rules of the fund, to pay the benefit to you. In this case, the benefit will be held by the trustee until the benefit can be paid under superannuation law and the governing rules of the fund.

Also, situations can occur where there is no entitlement to an insurance benefit (eg. because there is no TPD cover under the policy or because your incapacity does not meet the definition of 'Total and Permanent Disablement' required under the policy) but the incapacity suffered is such that you would be entitled, under superannuation law and the governing rules of the fund to receive your superannuation account balance. It should be noted that in such cases, no insurance benefit will be payable under the policy and accordingly by the fund.

Where a benefit under Zurich Superannuation Term Life Plus or Zurich Superannuation Income Replacement is paid to the trustee of the fund, but the trustee is required to preserve the benefit in the fund, we will contact you for instructions to transfer your benefit to another complying superannuation fund. If you do not provide us with instructions for payment within 90 days of our request for rollover details, we may transfer your benefit to AUSfund. If this occurs, your entitlements in the fund including any residual insurance cover, will cease and you must apply to the trustee of AUSfund for the payment of your benefit.

AUSfund can be contacted at:

AUSfund Administration
PO Box 2468
Kent Town SA 5071

Phone: 1300 361 798

Email: admin@ausfund.net.au

Nominating a dependant to receive benefits

On your death, any benefit will generally be paid as a lump sum to the dependant you nominate as a beneficiary on the Zurich Master Superannuation Fund membership application form which forms part of the Zurich Wealth Protection Application Form accompanying this PDS. The amount your beneficiary will receive will be the sum insured less any tax that may apply. If you do not nominate a beneficiary or your nominated beneficiary dies before you, the money may be paid to your estate as a lump sum.

At any time you can nominate a new nominated beneficiary in writing to us. A new nomination is only effective once we receive your written request and it revokes all previous nominations.

The beneficiary you nominate must be your Legal Personal Representative (generally your estate) or a dependant as defined by the Trust Deed. A dependant is defined to include your spouse (including de facto spouse of either sex), your children (including adopted and stepchildren) a person with whom you have an interdependency relationship (as defined below) and any other person who in the opinion of the trustee, was dependent on you at the relevant time. You must notify the trustee if your nominated beneficiary ceases to be a dependant (as defined above).

Interdependency relationship

Two people have an interdependency relationship if:

- they have a close personal relationship and
- they live together and
- one or each of them provides the other with financial support and
- one or each of them provides the other with domestic support and personal care.

Two people, whether or not related, also have an interdependency relationship if they have a close personal relationship but due to either or both of them suffering from a physical, intellectual or psychiatric disability, or due to them temporarily living apart, they do not meet the other three requirements of interdependency.

Generally your nomination is only a guide and the trustee is obliged to pay your Death benefit to a dependant or your estate in accordance with the Trust Deed and superannuation laws.

Binding nominations

If you wish to make your nomination binding, the Trust Deed and superannuation laws require special conditions to be met. We provide you the opportunity to choose various methods when setting up your nominations. Binding nominations can be made by category or by a flat percentage split to facilitate estate planning. You have also the option of naming specific individuals within a category. For example, you could select 'minor children' which would cover all your minor children, or you could elect to nominate specific minor children.

One restriction on binding nominations is that they are only valid for three years from the date the nomination is correctly completed. This is to ensure that your nominations stay up-to-date with your current circumstances. You can confirm this nomination and extend it by an appropriate notice to us.

The beneficiary you nominate on a binding nomination must be your Legal Personal Representative or a dependant (as explained on this page).

For further information on binding nominations, including the nomination form, please ask your financial adviser for the Zurich Super Estate Management Binding Nomination brochure. Alternatively a copy of the brochure can be obtained by contacting us (see the inside back cover of this PDS for details).

You should consult your financial adviser for information regarding the nomination of a beneficiary.

Tax file numbers

In order to apply for Zurich Superannuation Term Life Plus or Zurich Superannuation Income Replacement you must provide your TFN. If you do not provide your TFN, you are unable to become a member of the fund and purchase the nominated insurance. Provision of the TFN will also allow you to make non-concessional (after-tax) contributions and/or to avoid paying excessive tax on employer (concessional) contributions.

Please see the Application Form (Zurich Master Superannuation Fund membership application) for further information about the collection of TFNs.

Further information

You may request further information about these policies, including a copy of the trust deed for the fund, by contacting us (see the inside back cover of this PDS for details). If so requested, we will give you further information which has previously been generally made available to the public. The provision of further information may be subject to a charge.

Interim cover certificate

This certificate is a legal document. It is important that you read it carefully and keep it in a safe place. It is your record of the terms and conditions of the interim cover.

Please note that despite anything in this certificate, no contract of insurance exists between a person applying for cover under Zurich Superannuation Term Life Plus or Zurich Superannuation Income Replacement and Zurich Australia Limited. Interim benefits for these applicants are provided under these terms and conditions subject to the governing rules of the Zurich Master Superannuation Fund and superannuation law.

Defined terms and interpretation

All terms appearing in *italics* are defined terms with special meanings. Detailed definitions are set out in the policy conditions (see Part 2 of this PDS).

Your financial adviser acts as your agent, not ours, in relation to this interim cover.

Interim cover

Provided you meet the Interim cover eligibility criteria, we will provide you with interim cover from the Interim cover effective date until the Interim cover termination date, subject to the specific terms of interim cover set out in this Interim cover certificate.

Interim cover effective date

Interim cover is effective from the Interim cover effective date ('effective date'), which is the date that you have properly completed a paper or electronic Zurich Wealth Protection Application Form (the application) for the policy/policies you are applying for and either:

- (a) your financial adviser receives the initial *premium* for the insurance you have applied for or
- (b) you have completed a Payment authority or
- (c) you have completed a Rollover authority to transfer amounts for a superannuation policy or
- (d) you have set up your platform account from which the *premium* will be paid.

If you have selected the Tele-underwriting option, the Life Insured's Statement is not required to be completed for interim cover to commence.

Interim cover termination date

The interim cover, once effective, terminates at the earliest of the time and date you, your financial adviser or the policy owner withdraws your application by contacting us or:

- (a) 4.00pm on the 90th day after the effective date or such earlier time and date as we advise you or your financial adviser in writing
- (b) the time and date when insurance cover commences under another contract of insurance (whether interim or not) which you are covered by and that is intended to replace the cover provided under this interim cover
- (c) the end of the 10th business day after the effective date if you have not submitted your application to your financial adviser
- (d) the end of the 20th business day after the effective date if your financial adviser has not submitted your application to us.

Interim cover eligibility criteria

You are not eligible for this interim cover and no interim contract is entered into if you have on the effective date:

- (a) current insurance with us or another insurer of a similar type which provides the same or similar cover (whether individually or as part of a package) which you have indicated in your application will be replaced by the cover being applied for in this application or
- (b) a current application with us or another insurer for insurance of a similar type which provides the same or similar cover (whether individually or as part of a package) or
- (c) interim cover with us or another insurer for insurance of a similar type which provides the same or similar cover (whether individually or as part of a package) or
- (d) had interim cover with us for the insurance you are applying for or
- (e) previously applied for insurance of a similar type providing similar cover with us or another insurer (whether individually or as part of a package) and the application was declined, deferred or postponed.

Terms and conditions

The interim cover is:

- (a) only provided for the type(s) of insurance you have applied for in the application (interim cover is specifically not provided for a *spouse* or for any children included in your application)
- (b) subject to the terms, conditions and exclusions applicable to the interim cover and
- (c) subject to the other relevant terms, conditions and exclusions of the relevant policy conditions for the insurance you have applied for, except to the extent the policy conditions provide greater cover than provided for by the interim cover as set out in this Interim cover certificate.

If you are applying to increase insurance with us then interim cover applies only to the amount of the increase.

Exclusions

To the extent permitted by law, no interim cover is provided:

- (a) if you would not have been entitled to the interim cover or for any amount in excess of what we would have covered you for, based on our *underwriting* criteria applicable for the relevant insurance immediately before interim cover is effective or
- (b) if the event leading to the claim occurs while the life insured is outside Australia or
- (c) where the event leading to the claim is caused directly or indirectly by:
 - (i) suicide or attempted suicide
 - (ii) intentional self-inflicted *injury* or act
 - (iii) the taking of drugs other than as prescribed by a doctor
 - (iv) engaging in any criminal activities
 - (v) engaging in any pursuit or occupation which would cause us to reject or apply special conditions to acceptance of the application for insurance or
 - (vi) an act of war (whether declared or not) or military service, other than death while on war service.

Terms of interim cover provided for Zurich Protection Plus and Zurich Superannuation Term Life Plus

If you have applied for **Death cover**, we will pay a benefit in the event of the life insured's *accidental death* during the period of this interim cover. The amount we will pay in respect of any life (regardless of the number of applications being assessed) will be the lesser of:

- \$1,000,000 or
- the amount of cover you are applying for or
- the amount of cover the life insured would have been accepted for under our normal *underwriting* criteria.

If you have applied for **Total and Permanent Disablement cover**, we will pay a benefit if the life insured is disabled and suffers *loss of limbs or sight* as a result of an *accidental injury* during the period of this interim cover. The life insured must survive at least 14 days after the loss. The amount we will pay in respect of any life (regardless of the number of applications being assessed) will be the lesser of:

- \$600,000 or
- the amount of cover you are applying for or
- the amount of cover the life insured would have been accepted for under our normal *underwriting* criteria.

If you have applied for **Trauma cover**, we will pay a benefit if the life insured suffers one of the following conditions, solely as a result of *accidental injury* during the period of this interim cover and survives for at least 14 days without being on life support:

- *blindness**
- *coma**
- *severe accident or illness requiring intensive care**
- *paralysis (paraplegia, quadriplegia, hemiplegia, diplegia)*
- *major head trauma**
- *severe burns**

* These conditions are not included when applying for Basic trauma cover.

The amount we will pay in respect of any life (regardless of the number of applications being assessed) will be the lesser of:

- \$600,000 or
- the amount of cover you are applying for or
- the amount of cover the life insured would have been accepted for under our normal *underwriting* criteria.

Terms of interim cover provided for Zurich Income Replacement and Zurich Superannuation Income Replacement

We will pay an Income benefit (or Business expenses benefit, if applicable) if, solely as a result of an *accidental injury* during the period of this interim cover:

- the life insured totally ceases work and
- the life insured is unable to earn from personal exertion any income or generate any *business earnings* for a period of at least the nominated *waiting period* and
- the life insured is under the regular care of a *medical practitioner*.

The benefit will be paid in the event the life insured sustains an *accidental injury*, which occurs after this cover commences.

The amount we will pay you each month will be the lesser of:

- \$5,000 or
- the Income benefit (or Business expenses benefit) you are applying for or
- the amount of cover the life insured would have been accepted for under our normal *underwriting* criteria.

The maximum period we will pay a benefit for is 12 months.

If you make a claim

If you make a claim under the interim cover you must pay us the *premium* for this cover that we require, which will be what we would have charged you for the policy/ies you have applied for.

Duty of disclosure

In completing the Wealth Protection Application Form you declare that you have read and understood your duty of disclosure (appearing on the application form).

If you have failed to disclose any such matters to us or made a misrepresentation when you complete your application form and you have interim cover, we may exercise our rights specified in the duty of disclosure notice, including voiding the interim cover.

For the policy/ies applied for, the duty also applies up until the time we decide to enter into a contract of insurance with the policy owner. Please ensure you contact us if any information in your application changes or you need to disclose further matters after it is completed, as it can affect any final cover.

Confirming this cover

You may contact us in writing or by phone to confirm this transaction if you or your financial adviser do not already have the required confirmation details.

Please keep this Interim cover certificate (which forms part of the PDS). If you need to make a claim under your interim cover, you must send us this Interim cover certificate as evidence of your cover.

Zurich Wealth Protection Policy conditions

Contents

General policy conditions	3
Zurich Protection Plus	8
Zurich Income Replacement	28
Zurich Superannuation Term Life Plus	43
Zurich Superannuation Income Replacement	51
Definitions	58
Definitions for specified trauma conditions	64

Important notes

This section of the PDS (Part 2) contains the policy conditions which apply to the following policies:

- Zurich Protection Plus
- Zurich Income Replacement
- Zurich Superannuation Term Life Plus
- Zurich Superannuation Income Replacement

These policy conditions are a legal document. It is important to read them carefully and keep them in a safe place. This document is a record of the terms and conditions of the policy once cover is accepted.

Defined terms

In this PDS, all terms appearing in *italics* are defined terms with special meanings. Detailed definitions begin on page 58. Policy features are capitalised for ease of identification.

General policy conditions

General policy conditions

These policy conditions set out the benefits applicable to the following Zurich Wealth Protection policies:

Life insurance policies:

- Zurich Protection Plus
- Zurich Income Replacement

Insurance-only superannuation policies:

- Zurich Superannuation Term Life Plus
- Zurich Superannuation Income Replacement

and explain how the policies operate. The policy includes these policy conditions (Part 2 of the PDS) and the policy schedule, which will be sent when the policy is issued. The policy schedule shows details of the policy including the policy type, ownership details, the lives insured, the amount of cover, any optional benefits and any terms and conditions particular to the policy.

Please check both these policy conditions and the policy schedule carefully to ensure that the policy provides the correct cover and has been established in accordance with the application.

Any reference to 'we', 'our' or 'us' is a reference to Zurich Australia Limited.

If we have accepted an application to vary an existing policy with a benefit or option which is no longer available (as the policy is described in the latest PDS), the terms and conditions for such benefit or option are set out in the latest version of the policy conditions that describes it.

Contract

This policy only provides the insurance benefits outlined, it does not have a cash value and is referable to our No. 2 Statutory Fund. The contract is between us and the owner of the policy. If the policy is held in superannuation, this will be the trustee of the fund.

There is no contract between a member of the fund and Zurich Australia Limited in relation to Zurich Superannuation Term Life Plus and Zurich Superannuation Income Replacement.

All communications (including instructions, requests and notifications) must be made between the policy owner and us except where there is an agreement for communications to be made between another person and us. For example, this would apply to the life insured in the case of:

- insurance-only superannuation policies and
- life insurance policies issued to a superannuation platform trustee where we have an arrangement with the platform trustee.

Cooling off period

The policy provides valuable insurance protection. However, if it is not completely satisfactory, simply return these policy conditions and the policy schedule to us within 21 days with a letter asking us to cancel the policy.

We will cancel the policy and promptly refund *premiums* paid provided no rights have been exercised under the policy.

The '21 day' period commences from the date of receipt of the policy schedule. Unless proven otherwise, we will assume it was received within five business days of us issuing it.

Guarantee to renew

As long as each *premium* due is paid within the grace period allowed (see the Unpaid premium clause on the next page), the policy can be continued up to the latest benefit expiry date on the policy schedule regardless of changes in a life insured's personal circumstances.

Guaranteed upgrade of benefits

We may improve the terms of the benefits. If we do so without any change in the standard premium rates applying to that benefit under this class of policy, we will incorporate the improvement in the policy. Any medical condition existing at the time the improvement is offered or any injuries sustained prior will be excluded from being eligible for payment under the improved terms.

Changes to the policy

A written request must be submitted if a change to the policy is required. In order to consider the request, we may ask for further information or require a specific application form. If we agree, we will confirm any changes in writing. Only an authorised member of our staff can agree to change or waive any condition of the policy. A financial adviser does not have authority to change or waive any policy conditions.

World-wide cover

This policy provides cover 24 hours a day, seven days a week, world-wide.

Termination of the policy

The policy terminates on the first to occur of:

- the death of the last life insured covered under the policy
- the latest benefit expiry date on the policy schedule
- the non-payment of any *premium* within 30 days of its due date
- termination of the *related super policy* (if applicable)
- our receipt of written notification to terminate this policy.

Some additional terminations apply depending on the cover selected:

Zurich Protection Plus:

- the *policy anniversary* after the last life insured's 99th birthday
- if the policy does not have Death cover, payment of the TPD benefit or the Trauma benefit which results in all TPD and Trauma cover reducing to zero (unless the Buy back TPD option or Trauma reinstatement option applies)
- the payment of 100 per cent of the Death benefit in relation to the last life insured under the policy.

Zurich Income Replacement:

- the *insured monthly benefit* expiry date
- the death of the life insured covered under the policy, unless a benefit continues to be payable under the Family care option, Spouse cover option or Family support benefit.
- if the life insured's occupation is Special Risk (SR), the policy will terminate at the end of any 12 month period during which the life insured has not been engaged in *full-time paid employment* other than where this is a direct result of a claimable event under the policy or where we have given written permission for cover to continue.

Zurich Superannuation Term Life Plus:

- the *policy anniversary* after the life insured's 99th birthday
- if the policy does not have Death cover, payment of 100 per cent of the TPD benefit in relation to the life insured under the policy
- the payment of 100 per cent of the Death benefit in relation to the life insured under the policy
- the life insured is no longer eligible to contribute to superannuation and the policy is not converted to a non-superannuation policy (see the Conversion to a non-superannuation policy clause on page 44).

Zurich Superannuation Income Replacement:

- the *insured monthly benefit* expiry date
- the life insured is no longer eligible to contribute to superannuation and the policy is not converted to a non-superannuation policy (see the Conversion to a non-superannuation policy clause on page 55).
- if the life insured's occupation is Special Risk (SR), the policy will terminate at the end of any 12 month period during which the life insured has not been engaged in *full-time paid employment* other than where this is a direct result of a claimable event under the policy or where we have given written permission for cover to continue.

Premium and reinstatements

Payment of premium

The *premium* is payable on the due dates shown on the policy schedule and subsequent notices. *Premiums* must be paid to keep the policy in force. All *premiums* must be paid in Australian dollars.

Unpaid premium

If any *premium* is not paid within 30 days of its due date, regardless of the method of payment chosen, the policy will lapse and no benefits are payable.

Reinstatement

In the first 30 days after lapse, we will reinstate the cover immediately if we receive a request and all outstanding *premiums* are paid. If the policy is reinstated in this period, we will consider the cover to be continuous, as if there had not been a lapse in cover.

After 30 days, the policy can be considered for reinstatement if we receive a signed reinstatement application. We will consider an application for reinstatement within 12 months of the due date of the first unpaid *premium* but we may decline to reinstate or impose conditions. If the policy is reinstated in this 12 month period, the cover recommences from the date that we accept the application for reinstatement and no cover is provided during the period of lapse. This means that no payments will be made for an insured event which occurred or became apparent while the policy was lapsed.

Amount of premium

The *premium* payable from the start of the policy to the first *policy anniversary* is shown on the policy schedule. Where relevant, the policy schedule will also show whether stepped premium or level premium applies.

If there is any overpayment of the *premium*, we may retain the overpayment, unless it exceeds \$5.00.

Stepped premium

Where the stepped premium structure applies, the *premium* payable changes on each *policy anniversary*.

At that time, the *premium* is calculated for the life insured based on our current standard premium rates on the basis of:

- the gender, age next birthday and smoking status of the life insured
- the *level of cover*, *waiting period* and *benefit period* (where relevant)
- if applicable, any optional benefits applying
- the amount of cover for each benefit provided
- the frequency of payment
- any extra *premium* or loading applying.

Level premium

Where the level premium structure applies, the *premium* payable (except for the management fee) does not change on each *policy anniversary* until the level switch date, when *premiums* will be calculated each year as per the stepped premium structure.

The level switch date is:

- the *policy anniversary* following the life insured's 64th birthday for Zurich Protection Plus and Zurich Superannuation Term Life Plus and
- the *policy anniversary* following the life insured's 65th birthday for Zurich Income Replacement and Zurich Superannuation Income Replacement.

If the amount of cover increases at the *policy anniversary* under the Inflation protection benefit, the *premium* for the increase in cover is calculated at that time from our current standard premium rates on the basis of:

- the age next birthday of the life insured
- the gender and smoking status of the life insured
- the *level of cover*, *waiting period* and *benefit period* (where relevant)
- if applicable, any optional benefits applying
- the amount of the increase in cover for each benefit provided
- the frequency of payment
- any extra *premium* or loading applying.

Even when the level premium structure applies, the *premium* may change if we change the standard premium rates applying to a benefit provided by the policy. When the standard premium rates can be changed is explained in the Premium review clause below.

Premium review

We cannot change the premium rates applying to a benefit provided by this policy unless we change the premium rates applicable to that benefit under this class of policy generally. We will provide at least 30 days notice of any changes in premium rates applying to this policy.

Management fee

The management fee at the start of the policy is shown on the policy schedule.

Each year, the management fee increases on the *policy anniversary*. The increase is based on the annual *consumer price index* (CPI) increase to the end of the December quarter. If the *policy anniversary* is in:

- April through to December, we use the annual CPI increase to the end of the December quarter of the previous calendar year
- January through to March, we use the annual CPI increase to the end of the December quarter one year earlier.

We retain the right to change the management fee. Where changes, other than the annual adjustment described above take place, we will provide a minimum of 30 days written notice.

Taxes

The *premium* will include any taxes imposed on insurance premiums under applicable laws. Should any changes in the law or to any relevant person (eg. change in residency) result in additional or increased taxes or impost in relation to the policy, we may accordingly add these amounts to the *premium* or deduct them from any insurance benefits.

Making a claim

A person claiming a benefit (claimant) is responsible for providing all evidence to support their claim to us at their expense.

All claims are paid in Australian dollars.

How to claim

The claimant should notify us as soon as is reasonably possible after the occurrence of the event giving rise to the claim. A claimant can do this by contacting our Client Service Centre and a claim form will be forwarded to the claimant to complete, sign and return to us. Alternatively the claimant can access claim forms on our website www.zurich.com.au

Claim requirements

We need the following items in a form satisfactory to us before we can assess any claim:

- the policy schedule
- proof of claimable event or condition and when it occurred
- supporting evidence from appropriate specialist *medical practitioners* registered in Australia or New Zealand (or other country approved by us)
- proof of the life insured's age
- in the case of a claim under the Spouse cover option, proof of the covered spouse's age
- proof of incurred costs where the benefit payment is based on reimbursement
- if requested, a signed discharge from the person entitled to receive payment.

For any funeral benefits or Advancement for funeral expenses, applications must be made by the person to whom the Death benefit is payable or by another person acceptable to us and must include the funeral invoice and either a copy of the death certificate or cause of death certificate.

For the Business expenses option:

- proof of *pre-disability business earnings*
- proof of *business earnings* received during the period of the claim, and *eligible business expenses* incurred during the period of the claim
- proof of the basis normally applying in the *business* or professional practice for apportioning the expenses and outgoings to the life insured
- proof of any other income, and expenses, taken into account in the calculation of the Business expenses benefit.

Assessing the claim

In assessing the claim we will also rely on any information the policy owner or the life insured disclosed to us as part of the application. Where information was not verified at the time of application we reserve the right to verify it at the time of claim.

For Zurich Protection Plus and Zurich Superannuation Term Life Plus, proof of the occurrence of any insured event must be supported by:

- one or more appropriate specialist *medical practitioners* registered in Australia or New Zealand (or in another country approved by us)
- confirmatory investigations including, but not limited to, clinical, radiological, histological and laboratory evidence
- if a Trauma claim is a result of a surgical procedure, we will require evidence that the procedure was medically necessary.

Our medical advisers must support the occurrence of the insured events. We reserve the right to require the life insured to undergo an examination or other reasonable tests to confirm the occurrence of the insured event.

Where the diagnostic techniques used in our trauma condition definitions are impractical to apply or have been superseded due to medical improvements, we will consider other appropriate and medically recognised tests.

For Zurich Income Replacement and Zurich Superannuation Income Replacement:

- a claimable condition must also be supported by confirmatory investigations including, as appropriate (but not limited to) any clinical, radiological, histological and laboratory evidence that we reasonably require to substantiate the claim
- the life insured may be asked to provide copies of personal and business tax returns, assessment notices and/or other financial evidence to substantiate the life insured's income
- when it is necessary to enable us to calculate the amount of the benefit payable, the life insured must allow us to examine the life insured's business and personal financial circumstances.

Medical examination

We may require the life insured to undergo an examination and reasonable tests, necessary to enable the diagnosis to be confirmed by a specialist *medical practitioner* appointed by us. If we request a medical examination by a *medical practitioner* we select, we will pay for it.

Payment of the Death benefit and Accidental death benefit under Zurich Protection Plus

If the policy owner had made a nomination of beneficiary or beneficiaries that was valid at the time of the life insured's death, we will pay the Death benefit (and Accidental death benefit where applicable) under this policy in accordance with the directions and in the proportions specified by the policy owner if it is lawful for us to do so. If the nomination or nominations are subject to external dispute resolution processes, we will pay these benefits as directed by a court or by the relevant dispute resolution authority.

If the policy owner had not made a nomination of beneficiary or beneficiaries that was valid at the time of

the life insured's death, we will pay any Death benefit (and Accidental death benefit where applicable) to:

- the policy owner if the policy owner was not also the life insured
- the policy owner's estate if the policy owner was also the life insured.

Payment of benefits under Zurich Superannuation Term Life Plus and Zurich Superannuation Income Replacement

All benefits under these policies are payable to the trustee of the fund.

Payment of all other benefits

All other benefits under this policy will be paid to the policy owner unless otherwise specified in these policy conditions.

Residency and compliance with laws

We may have obligations ('legal obligations') in relation to this policy:

- imposed on us by foreign or local law
- arising from agreements and registrations we make with foreign or local governmental, regulatory and taxation agencies.

Legal obligations can apply in respect of a range of individuals or entities ('affected person') including an individual or entity who at any time in the past, present or future is or was:

- the life insured
- the policy owner
- a beneficiary of the policy
- entitled to access the policy or change a beneficiary of the policy
- entitled to receive a payment under the policy, or who at any time had an entitlement to payment
- connected or associated with, or capable of exercising effective control over, any of the above who is not an individual (such as a company, a partnership, an association or a trustee or beneficiary of a trust).

Legal obligations relating to this policy derive from the laws of various countries addressing a range of matters including, but not limited to, taxation, social security, anti money laundering and counter-terrorism measures, and which change over time. To comply with legal obligations, we may need to:

- identify and obtain information about an affected person's status under foreign and local law

- supply information about affected persons, the policy and its value to local or foreign governmental, regulatory and taxation agencies
- withhold or deduct amounts from the value of the policy and amounts to be credited to it, such as on account of foreign taxation
- refuse requests to process transfers of ownership of the policy
- refuse to perform some of our obligations specified elsewhere in the policy conditions, including to the point that we may no longer be able to provide some or all of its benefits
- terminate the policy
- take (or not take) any other action in relation to the policy.

Our legal obligations can apply in respect of any affected person who is a past, current or future resident, citizen, or tax payer as defined by the law of Australia or another country. A place of birth outside Australia or an affected person advising us of a new or changed mailing address (including postal or 'in care of'), residential address, telephone or other contact details, direct debit instruction, or the appointment of a legal representative or adviser are some of the other factors that can cause the legal obligations to apply.

It is a condition of this policy that:

1. the policy owner must reside in Australia at the date the policy is issued
2. the policy owner must provide all information we ask for in relation to an affected person completely and correctly and within the timeframes we specify
3. the policy owner must notify us before an affected person becomes a resident or citizen of another country and upon any alteration to their taxation status
4. we have the right and authority to take (or not take) any action that we consider necessary to comply with all legal obligations (as amended from time to time) that we consider affect this policy.

This clause should not be interpreted as tax or legal advice. Affected persons should consult with their own tax or legal adviser if they have any questions or wish to receive additional information about how they may be affected by the above.

Zurich Protection Plus

These policy conditions apply to Zurich Protection Plus.

The policy schedule shows each life insured covered under this policy and shows the Death benefit amount (if applicable), the TPD benefit amount (if applicable) and the Trauma benefit amount (if applicable) that applies to each life insured. It also shows any optional benefits provided and whether the policy has a *related super policy* or *related protection policy*.

If a *related super policy* is shown, additional benefits and conditions apply (see the section 'Related policies – Additional benefits and conditions for policies without a Death benefit' on page 25).

If a *related protection policy* is shown, additional benefits and conditions apply (see the section 'Related policies – Additional benefits and conditions for policies with a Death benefit' on page 26).

A life insured is only covered for the benefits and for the amounts applying to that life insured as shown on the policy schedule until the applicable benefit expiry dates.

Additional optional benefits or increases to the benefit amounts may be applied for, but only if we accept the application after considering the life insured's personal circumstances including health, occupation and pastimes.

Cover is automatically increased in line with inflation each year under the Inflation protection benefit unless we receive a request not to make these increases.

These policy conditions for Zurich Protection Plus are set out in the following order:

- Death benefits
- Total and Permanent Disablement (TPD) benefits
- Trauma benefits
- standard in-built benefits (which apply to Death benefits, TPD benefits and Trauma benefits)
- optional benefits.

Some benefits do not form part of the policy if the policy is issued to the trustee of a superannuation fund – these are clearly indicated.

Death benefits

Death benefit

The Death benefit amount is payable upon the death of a life insured covered for this benefit:

- while this benefit and policy is in force and
- before termination of the Death benefit.

Terminal illness benefit

An advance payment of the Death benefit is payable if a life insured covered for the Death benefit is diagnosed as *terminally ill*:

- while this benefit and policy is in force and
- before termination of the Death benefit.

Advancement for funeral expenses

While a claim for the Death benefit is being settled, we may advance up to \$15,000 of the benefit towards payment of funeral expenses.

Accidental injury benefit

This benefit does not form part of the policy if the policy is issued to the trustee of a superannuation fund.

The benefit amount specified below in either paragraph (a) or paragraph (b) (but not both) is payable if a life insured covered for the Death benefit suffers an *accidental injury*:

- while this benefit and policy is in force and
- before termination of the Death benefit

which causes a condition specified.

(a) In the case of an *accidental injury* which causes the entire and irrevocable loss of:

- the use of one hand
- the use of one foot or
- the sight of one eye

a benefit amount of the lesser of 25 per cent of the Death benefit and \$500,000 is payable.

(b) In the case of an *accidental injury* which causes the entire and irrevocable loss of:

- the use of both hands
- the use of both feet or
- the sight of both eyes

or any combination of two of the following:

- the use of one hand
- the use of one foot
- the sight of one eye

a benefit amount of the lesser of 100 per cent of the Death benefit and \$2,000,000 is payable.

The Accidental injury benefit will not be payable if:

- a benefit is paid for the same *injury* under the TPD benefit, the Partial TPD benefit or the Extended trauma benefit or
- the *injury* is the result of war (whether declared or not) or
- the *injury* is a result of intentional self-inflicted injuries or attempted suicide.

Buy back death benefit (TPD)

If a life insured is covered for Death and TPD (as shown on the policy schedule), the Death cover for a life insured which is reduced as a result of the payment of the TPD benefit (other than a Partial TPD benefit) can be repurchased without providing any evidence of the life insured's personal circumstances, on the date 12 months after payment of the TPD benefit.

A Buy back death benefit opportunity can only be exercised before the *policy anniversary* following the life insured's 74th birthday and within 30 days of the applicable opportunity date. Future insurability does not apply to any repurchased Death benefit.

The *premium* applying to the Death cover repurchased will be based on our then current rates and the life insured's age, gender, smoking status and any premium loadings which applied to the Death cover which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover repurchased.

The Buy back death benefit can be exercised by accepting our offer in writing.

Buy back death benefit (Trauma)

This benefit does not form part of the policy if the policy is issued to the trustee of a superannuation fund.

If a life insured is covered for Death and Trauma (as shown on the policy schedule), the Death cover for a life insured which is reduced as a result of the payment of the Trauma benefit (other than a Partial trauma benefit) can be repurchased without providing any evidence of the life insured's personal circumstances, as follows:

- up to one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 12 months after the payment of the Trauma benefit
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 24 months after the payment of the Trauma benefit

- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 36 months after the payment of the Trauma benefit.

A Buy back death benefit opportunity can only be exercised before the *policy anniversary* following the life insured's 74th birthday and within 30 days of the applicable opportunity date. Future insurability does not apply to any repurchased Death benefit.

The *premium* applying to the Death cover repurchased will be based on our then current rates and the life insured's age, gender, smoking status and any premium loadings which applied to the Death cover which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover repurchased.

The Buy back death benefit can be exercised by accepting our offer in writing.

Future insurability business benefit

This benefit does not form part of the policy if the policy is issued to the trustee of a superannuation fund and does not apply to a life insured if the Business future cover option is selected for that life insured.

- If, on the Death benefit start date, we accepted that the life insured was a key person in the *business* then, within 30 days of the *policy anniversary* following the end of each financial year of the *business*, the Death cover amount can be increased in proportion to the life insured's increase in his/her value to the *business* over that financial year.

The value of a key person in any year will be equal to his/her total remuneration package excluding discretionary benefits, plus his/her share of the net profits distributed by the *business* in that year.

- If the policy owner is a corporation and, on the Death benefit start date, we accepted that the life insured was a shareholder and the person primarily responsible for generating income for the corporation then, within 30 days of the *policy anniversary* following the end of each financial year of the corporation, the Death cover amount can be increased in proportion to the increase in the value of the life insured's financial interest in the corporation over that financial year.

The value of the financial interest of the life insured over the financial year will be based on his/her share of the net assets of the corporation at the end of that year, compared to that applying at the start of the year.

The Death benefit applying for a life insured may only be increased in accordance with (a) or (b) up to the *policy anniversary* following his/her 54th birthday.

Restrictions and limitations – Future insurability business benefit

The sum of all increases under this benefit cannot exceed the lower of the cover amount applying to that life insured on the Death benefit start date and \$1,000,000. In any 12 month period increases are limited to 50 per cent of the cover amount applying to that life insured on the Death benefit start date.

For a period of six months after an option is exercised, the increase in the benefit amount is only payable on *accidental death*.

The provisions of this benefit do not apply to any cover which is bought back or reinstated under another policy benefit or option.

Exclusions – Death benefit

No claim is paid if the life insured's death is caused directly or indirectly by an event or condition specified on the policy schedule in relation to that life insured or by suicide within 13 months of:

- the Death benefit start date
- the benefit start date of any increase in the Death benefit applied for (but only in respect of the increase) or
- the latest reinstatement of the policy.

We will waive the suicide exclusion if, immediately prior to the commencement of this benefit, the life insured was covered for death under a policy which was in force for at least 13 consecutive months (without lapsing and/or reinstatement) with us or another insurer, and we agreed to replace this cover. The waiver will only apply up to the amount that we agreed to replace.

Benefit adjustments – Death benefit

The Death benefit applying to a life insured is reduced by the amount paid or advanced, under any of the following:

- Terminal illness benefit
- Advancement for funeral expenses
- Accidental injury benefit
- TPD benefit
- Partial TPD benefit
- Trauma benefit
- Partial trauma benefit

in relation to that life insured.

The *premium* will be based on the reduced levels of cover from the next premium due date after payment of the relevant benefit.

Nomination of beneficiaries for Death benefits

If there is only one policy owner who is also the only life insured, that policy owner may nominate one or more beneficiaries to receive the Death benefit and Accidental death benefit (if applicable) in the event of death. If the policy owner makes a nomination we will pay the Death benefit and Accidental death benefit (if applicable) directly to the nominated beneficiaries in the proportions specified in the nomination.

The nomination is subject to the following rules:

- the policy owner must be both the sole policy owner and the sole life insured to make a valid nomination (note that for the purpose of this requirement, the life insured is still a sole life insured if there is also an insured child/children on the policy)
- a nominated beneficiary must be an individual, corporation or trust
- contingent nominations (eg. nominations which provide for multiple scenarios) cannot be made
- the policy owner may change a nomination at any time or revoke a previous nomination but the change does not take effect until we receive and accept the new nomination
- the nomination must be properly executed in the form we specify before we can accept it
- the policy owner may have only one nomination in force at any time, and cannot supplement a nomination (to add beneficiaries, the policy owner must replace the nomination by making a new one)
- an attempt at making a new nomination received by us revokes past nominations even if the attempt at making the nomination is defective
- if ownership of the policy is assigned to another person or entity, then any previous nomination is automatically revoked
- payment of the Death benefit and Accidental death benefit (if applicable) will be made using the latest unrevoked valid nomination
- if a nominated beneficiary dies before the policy owner, the portion of the Death benefit and Accidental death benefit (if applicable) nominated in respect of that beneficiary will be paid to the policy owner's Legal Personal Representative
- if a nominated beneficiary is alive at the time of the policy owner's death but we are notified of their subsequent death before we can pay him/her, then the entitlement will be paid to the deceased beneficiary's Legal Personal Representative

- a nominated beneficiary has no rights under the policy, other than to receive the nominated policy proceeds after a claim has been admitted by us. (he or she cannot authorise or initiate any policy transaction)
- we may delay payment if the nomination or nominations become the subject of legal proceedings or external dispute resolution processes
- a court order or decision of an external dispute resolution process in relation to a nomination overrides the nomination.

Termination of the Death benefits

The benefits set out in this section of the policy terminate in relation to a life insured on the first to occur of:

- the payment of the total Death benefit amount
- the death of the life insured
- our receipt of written notification to terminate this benefit
- the Death benefit expiry date shown on the policy schedule and
- termination of the policy (see Termination of the policy clause on page 4).

Total and Permanent Disablement (TPD) benefits

TPD benefit

The TPD benefit amount is payable upon the *total and permanent disablement* of a life insured covered for this benefit:

- while this benefit and policy is in force and
- before termination of the TPD benefit.

The policy schedule details whether:

- standard 'any' occupation TPD
- standard 'own' occupation TPD
- Double 'any' occupation TPD or
- Double 'own' occupation TPD

is provided for a life insured and, if so, the benefit amount. If Double TPD applies, see also the Double TPD option on page 22.

Restrictions and limitations - TPD benefits

From the *policy anniversary* following the life insured's 64th birthday:

- no benefit will be paid if the life insured meets paragraphs (b), (c) or (e) of the definition of *total and permanent disablement* (on page 62), and
- the maximum benefit amount under this benefit and the Living activities TPD option is limited to a maximum of \$3,000,000.

If the life insured has been engaged in full-time home duties in his/her own residence for more than six consecutive months prior to the onset of the *sickness or injury* leading to *total and permanent disablement* then no benefit will be paid if the life insured meets paragraphs (b) or (e) of the definition of *total and permanent disablement* (on page 62).

Partial TPD benefit

This benefit does not form part of the policy if the policy is issued to the trustee of a superannuation fund.

This benefit is payable if a life insured covered for the TPD benefit suffers the entire and irrevocable loss of:

- the use of one hand
- the use of one foot or
- the sight of one eye.

The benefit is the lesser of:

- 25 per cent of the TPD benefit and
- \$500,000.

The Partial TPD benefit will not be payable if:

- a benefit is paid for the same loss of use under the Accidental injury benefit or the Extended trauma benefit or
- the loss of use is the result of war (whether declared or not) or
- the loss of use is a result of intentional self-inflicted injuries or attempted suicide.

Exclusions – TPD benefit

No claim is paid if the life insured's *total and permanent disablement* is caused directly or indirectly by:

- an intentional self-inflicted act or attempted suicide, or
- any event or medical condition specified as an exclusion on the policy schedule in relation to that life insured.

If the life insured is covered for both Trauma cover and TPD cover and a claim for the same insured event can be made under both covers, we will only pay under the Trauma cover unless the TPD sum insured is higher, in which case we will also pay a TPD benefit of the difference in the sums insured.

Benefit adjustments – TPD benefit

The TPD benefit applying to a life insured is reduced by any amount paid or advanced under any of the following:

- Terminal illness benefit
- Accidental injury benefit
- Partial TPD benefit
- Trauma benefit
- Partial trauma benefit

in relation to that life insured.

The *premium* will be based on the reduced levels of cover from the next premium due date after payment of the relevant benefit. Where the policy has more than one TPD cover in respect of a life insured, where such a reduction applies, the reduction in cover will be proportional across all TPD benefits.

Termination of the TPD benefits

The TPD benefits terminate in relation to a life insured on the first to occur of:

- the payment of the total TPD benefit amount
- the death of the life insured
- our receipt of written notification to terminate this cover
- the TPD benefit expiry date shown on the policy schedule
- termination of the policy (see Termination of the policy clause on page 4).

Trauma benefits

Trauma benefit

The Trauma benefit amount is payable if a life insured covered for this benefit is diagnosed with a covered condition:

- while this benefit and policy is in force
- before termination of the Trauma benefit.

The policy schedule shows whether Extended trauma or Basic trauma has been selected.

- If Extended trauma has been selected, then the list of covered conditions that applies to the life insured is *trauma events – extended*.
- If Basic trauma has been selected, then the list of covered conditions that applies to the life insured is *trauma events – basic*.

The policy schedule also shows the benefit expiry date applying to the Trauma benefit for each life insured.

No benefit is payable if the life insured's condition does not meet the specific medical definition set out in these policy conditions.

Some trauma events in the list are marked with an asterisk (*) to indicate that an exclusion period applies (see the Exclusions – Trauma benefits clause on page 14).

If Trauma cover is the only cover selected or if Trauma cover exceeds Death cover then, in respect of the cover which exceeds Death cover, no payment will be made unless the life insured survives for at least 14 days after the date of occurrence of an insured event.

If the life insured is covered under both Trauma cover and TPD cover and a claim for the same insured event can be made under both covers, only the Trauma benefit is payable, unless the TPD sum insured is higher, in which case we will also pay a TPD benefit of the difference in the sums insured.

From the *policy anniversary* following the life insured's 75th birthday the only insured events are *loss of independence* and *loss of limbs or sight*.

Partial trauma benefit (Extended trauma)

The Partial trauma benefit only applies to a life insured where the Extended Trauma benefit applying to that life insured equals or exceeds \$100,000.

We will pay a benefit equal to 10 per cent of the Extended trauma benefit, subject to a maximum of \$25,000 if a life insured covered for this benefit is diagnosed with one of the following insured events:

- *carcinoma in situ**
- *colostomy or ileostomy**
- *diabetes (type 1)**
- *early stage chronic lymphocytic leukaemia**
- *early stage melanoma**
- *early stage prostate cancer**
- *facial reconstructive surgery and skin grafting*
- *guillain barre syndrome**
- *loss of hearing in one ear*
- *minimally invasive cardiac surgery – including coronary artery angioplasty**
- *single loss of limb or eye*

A Partial trauma benefit will only be paid once for each event, except for *minimally invasive cardiac surgery – including coronary artery angioplasty* which may be claimed on more than one occasion (subject to the exclusions below).

The benefit payable on the first instance will be 10 per cent of the Trauma benefit under this policy, subject to a maximum of \$25,000. The benefit payable for any subsequent *minimally invasive cardiac surgery – including coronary artery angioplasty* claim will be 10 per cent of the Trauma benefit under this policy, subject to a maximum of \$25,000 and a minimum of the amount paid for the first claim.

Paralysis booster benefit

If we pay a Trauma benefit for paralysis (*diplegia, hemiplegia, quadriplegia* or *paraplegia*) then we will double the amount of benefit payable up to a maximum 'boosted' payment of \$2,000,000 in respect of a life insured.

Funeral benefit

This benefit only applies to a life insured if Trauma cover is selected and Death cover is not.

A benefit of \$5,000 is payable on the death of a life insured covered for this benefit:

- while this benefit and policy is in force and
- before termination of the Trauma benefit

but only if there is no entitlement to be paid a Trauma benefit for one of the specified traumas.

We will not pay this Funeral benefit if:

- the life insured's death was caused, directly or indirectly by suicide within 13 months of the Trauma benefit start date or the latest reinstatement of the policy or
- we have paid a Trauma benefit other than a Partial trauma benefit.

Exclusions – Trauma benefits

No claim is paid if the insured event is caused directly or indirectly by:

- an intentional self-inflicted act or attempted suicide or
- any event or medical condition specified as an exclusion on the policy schedule in relation to the life insured.

In the case of insured events marked with an asterisk (*), no claim will ever be paid if the condition occurred, is first diagnosed or the circumstances leading to diagnosis became apparent or a recommendation of the need to have surgery occurs, within 90 days of:

- the date an application for Trauma cover (including a fully completed Life Insured's Statement) is lodged with us
- the benefit start date of any increase in Trauma benefit applied for (but only in respect of the increase) or
- the latest reinstatement of the policy.

We will waive this 90 day elimination period if the Trauma benefit under this policy replaces cover for the same insured event for the life insured with us or another insurer, but only to the extent of the benefit amount replaced, and only if the life insured is not within our or the other insurer's 90 day elimination period.

We will not pay a benefit for *minimally invasive cardiac surgery – including coronary artery angioplasty* where the procedure occurs within six months after a prior *minimally invasive cardiac surgery – including coronary artery angioplasty* procedure for which a benefit was paid.

Benefit adjustments – Trauma benefit

The Trauma benefit applying to a life insured is reduced by the amount paid or advanced under any of the following:

- Terminal illness benefit
- Accidental injury benefit
- TPD benefit
- Partial TPD benefit
- Partial trauma benefit

in relation to that life insured.

The *premium* will be based on the reduced cover from the next premium due date after payment of the relevant benefit.

Termination of the Trauma benefits

The Trauma benefits terminate in relation to a life insured on the first to occur of:

- the payment of the total Trauma benefit amount
- the death of the life insured
- our receipt of written notification to terminate this cover
- the Trauma benefit expiry date shown on the policy schedule and
- termination of the policy (see Termination of the policy clause on page 4).

Standard in-built benefits

The following benefits are built into the Zurich Protection Plus policy, and apply to each life insured, regardless of the covers selected.

Inflation protection

The value of the insurance cover is protected against the impact of inflation by automatically increasing the benefit amounts each year.

This benefit applies to the Death benefit, TPD benefit and the Trauma benefit. It also applies to cover which is bought back under the Buy back death benefits. It does not apply to any Death benefit, TPD benefit or Trauma benefit which is bought back or reinstated under any optional benefit.

The benefit amount is increased in respect of a life insured on each *policy anniversary* by the greater of:

- 5 per cent and
- the percentage increase in the *consumer price index* published for the quarter ending immediately prior to three months before the *policy anniversary* over that published for the quarter ending immediately prior to 15 months before that *policy anniversary*.

The increase can be rejected if it is not required. To reject the increase, contact us within 30 days of receiving the offer.

Future insurability

Any Death benefit, TPD benefit or Trauma benefit applying to a life insured may be increased, up to the *policy anniversary* following his/her 54th birthday without our reassessment of his/her personal circumstances, as long as:

- we have not paid a benefit and there is no entitlement to a benefit under any Zurich policy in relation to that life insured
- we or any other life insurer have not waived or are not waiving, premiums in relation to that life insured.

The option can be exercised within 30 days of the *policy anniversary* following any of the events set out below, on the terms specified:

(a) If the life insured:

- marries
- divorces
- becomes a parent (whether through the birth or adoption of a child)

- becomes a full-time carer
- becomes a widow or widower (through the death of a *spouse*)

the increase to the benefit amount can be for a minimum of \$10,000 and a maximum of the lesser of:

- 25 per cent of the Death benefit or TPD benefit or Trauma benefit amount applying to that life insured on the applicable benefit start date and
- \$200,000.

(b) If the life insured takes out for the first time or increases, his/her mortgage on his/her principal place of residence or if the life insured takes out a new investment property loan, the increase to the benefit amount can be for the lesser of:

- the amount of the new mortgage or investment property loan or the increase in the mortgage and
- 25 per cent of the Death benefit or TPD benefit or Trauma benefit amount applying to that life insured on the applicable benefit start date and
- \$200,000.

(c) If a dependent child of the life insured starts secondary school, the increase to the benefit amount can be for a minimum of \$10,000 and a maximum of the lesser of:

- 25 per cent of the Death benefit or TPD benefit or Trauma benefit amount applying to that life insured on the applicable benefit start date and
- \$200,000.

(d) If the life insured experiences a significant increase in salary (minimum 15 per cent), the increase to the benefit amount can be for a minimum of \$10,000 and a maximum of the lesser of:

- 25 per cent of the Death benefit or TPD benefit or Trauma benefit amount applying to that life insured on the applicable benefit start date and
- \$200,000.

Restrictions and limitations – Future insurability

The accumulative sum of all increases under this benefit cannot exceed the lower of the benefit amount applying to that life insured on the applicable benefit start date and \$1,000,000.

In any 12 month period increases are limited to 50 per cent of the cover amount applying to that life insured on the applicable benefit start date.

The TPD benefit and Trauma benefit amount for a life insured cannot be increased to an amount exceeding our *maximum underwriting limit*.

We retain the right to confirm the life insured's occupation in relation to any increase in the TPD cover amount for a life insured and eligibility and *premiums* in relation to the increased amount will be based on the life insured's occupation at the time of increase.

For the first six months after an increase under this benefit:

- any increased Death benefit amount in relation to a life insured is only payable in the event of the life insured's *accidental death*
- any increased TPD benefit amount in relation to a life insured is only payable in the event his/her *total and permanent disablement* is caused by an *accidental injury*
- any increased Trauma benefit amount in relation to a life insured is only payable in the event of a Trauma suffered as a result of *accidental injury*.

The provisions of this benefit do not apply to any cover which is bought back or reinstated under another policy benefit or option.

Financial planning advice

We will reimburse up to \$3,000 towards the cost of financial planning advice required as a result of a benefit paid under this policy. We may ask to be provided with sufficient proof.

Premium freeze

This benefit does not form part of the policy if the policy is issued to the trustee of a superannuation fund.

At any *policy anniversary*, an election to freeze the *premium* for the policy can be made by notifying us in writing. This causes the *premium* to remain constant (unless a claim is made or an option is exercised that changes the sum insured) until the first benefit expiry date or until we receive notice in writing to stop the freeze in *premium*.

As the cost of providing cover generally rises each year in line with the age of each life insured, the effect of freezing the *premium* will be to reduce the cover each year proportionally for each insured benefit and optional benefit.

Premium holiday

This benefit does not form part of the policy if the policy is administered via platform.

A Premium holiday can be activated by request, on any policy which has been continuously in force for a period of at least 12 months. A premium holiday can be activated for a 3, 6, 9 or 12 month period starting from the latest unpaid premium due date.

When a premium holiday is activated we will confirm in writing:

- the premium holiday start date
- the premium holiday end date and
- the next premium due date.

From the premium holiday start date until the premium holiday end date ('premium holiday period'):

- the policy is not in force for any life insured
- no *premiums* are required in respect of that period and
- Inflation protection increases will continue to be offered if a *policy anniversary* passes.

No benefits are payable for an insured event which occurs:

- during the premium holiday period or
- in the first 90 days after the premium holiday end date.

No benefits are payable for an insured event which first becomes apparent (including any diagnosis or if any circumstances or symptoms leading to a claim arise):

- before the premium holiday start date (unless all elements of the insured event are fully satisfied before the premium holiday start date)
- during the premium holiday period or
- in the first 90 days after the premium holiday end date.

If we receive the requested *premium* within 30 days of the next premium due date, the policy will be back in force automatically on the premium holiday end date, subject to the above exclusions. The *premiums* that would have applied if the premium holiday had not occurred will recommence and become payable.

If the requested *premium* is not paid within 30 days of the next premium due date, the policy will terminate.

Subject to our approval and on any terms we determine in addition to the above, a Premium holiday which has already started can end prior to the agreed premium holiday end date.

Restrictions and limitations – Premium holiday

A premium holiday cannot be used to access *premiums* that have already been paid. We will not refund any paid *premiums* under this provision.

Any subsequent Premium holiday must be separated by 12 months during which all requested *premiums* are paid on the policy.

A Premium holiday may only be used once in any 12 month period and a maximum total period of 12 months of Premium holiday is available over the life of the policy.

Optional benefits

The policy schedule shows the optional benefits applying under the policy and, if applicable, the benefit amount(s). The policy schedule also shows the expiry date applying to each optional benefit. A life insured is only covered for these optional benefits if specified on the policy schedule. A policy cannot exist if it only includes optional benefits.

Premium waiver option

When premiums will be waived

We will waive the *premiums* in respect of a life insured who is covered by this option, for all benefits under this policy, if the life insured is totally disabled prior to age 70. We will continue to waive the *premium* in respect of that life insured while he/she remains totally disabled.

Totally disabled means the life insured:

- (a) has been unable to perform his/her *usual occupation* for a period of three consecutive months and has been throughout the three month period, and continues to be, under the regular care and treatment of or following the advice of, a *medical practitioner* and is not engaged in any occupation for wage or profit during the three month period or
- (b) is unable to perform at least two *activities of daily living*.

To qualify for this waiver, *premiums* must be paid for three months while a covered life insured is totally disabled. However, if we do subsequently waive the *premiums*, we will also refund any *premiums* paid in those three months.

In addition, if a life insured is involuntarily unemployed other than as a direct result of a *sickness or injury*, the policy has been in force for the previous 12 months at the time we receive a claim and he/she is registered with an employment agency approved by us, we will waive the *premium* in respect of that life insured for up to three months. A total of three months *premium* may be waived because of unemployment during the life of the policy.

Exclusions – Premium waiver option

Premiums will not be waived in respect of a life insured for *sickness or injury* occurring as a direct result of:

- an intentional self-inflicted act or
- attempted suicide or
- *uncomplicated pregnancy or childbirth* or
- an act of war (whether declared or not).

Premiums will not be waived in respect of any *eligible child* who is insured under the Insured child option (and named on the policy schedule).

Premiums will not be waived if the *sickness or injury* occurs within 90 days of the first time Premium waiver option is shown on the policy schedule if the option is added to the policy after the policy commencement date.

Termination of the Premium waiver option

The Premium waiver option terminates in relation to a life insured on the first to occur of:

- the death of the life insured
- our receipt of written notification to terminate this option
- the *policy anniversary* following the 69th birthday of the life insured or
- termination of the policy (see Termination of the policy clause on page 4).

Accidental death option

When the Accidental death benefit is payable

The Accidental death benefit amount is payable if a life insured covered for this benefit suffers *accidental death* which is sustained:

- while this benefit and policy is in force and
- before termination of the Accidental death option.

Exclusions – Accidental death option

No claim is paid where the cause of the life insured's *accidental death*:

- is the result of the life insured's suicide
- is the result of any event specified as an exclusion on the policy schedule in relation to that life insured or
- occurs within 90 days of the Accidental death option start date shown on the policy schedule (if the option is added to the policy after the policy commencement date).

Termination of the Accidental death option

The Accidental death option terminates in relation to a life insured on the first to occur of:

- the payment of the Accidental death benefit amount
- the death of the life insured
- our receipt of written notification to terminate this option
- the Accidental death benefit expiry date shown on the policy schedule or
- termination of the policy (see Termination of the policy clause on page 4).

Living activities TPD option

When the Living activities TPD benefit is payable

The Living activities TPD benefit amount is payable if a life insured covered for this benefit meets paragraphs (a) or (d) of the definition of *total and permanent disablement*:

- while this benefit and policy is in force and
- before termination of the Living activities TPD option.

Exclusions – Living activities TPD option

No claim is paid where the *injury* causing the life insured's *total and permanent disablement*:

- is a result of an intentional self-inflicted act or attempted suicide or
- is a result of any event specified as an exclusion on the policy schedule

in relation to that life insured.

Termination of the Living activities TPD option

The Living activities TPD option terminates in relation to a life insured on the first to occur of:

- the payment of the Living activities TPD benefit amount
- the death of the life insured
- our receipt of written notification to terminate this option
- the Living activities TPD benefit expiry date shown on the policy schedule or
- termination of the policy (see Termination of the policy clause on page 4).

Business future cover option

This option allows increases in the Death benefit, TPD benefit or Trauma benefit amount applying to a life insured on a specified trigger event, without the need to provide further health evidence.

When the Business future cover option can be used

This benefit enables an increase to:

- the Death benefit (if applicable) in relation to a life insured prior to the life insured's 65th birthday or
- TPD benefit or Trauma benefit amount (if applicable) in relation to a life insured prior to the life insured's 60th birthday

without our reassessment of his/her personal circumstances, as long as:

- we have not paid a benefit and there is no entitlement to a benefit under this policy in relation to that life insured

- we or any other life insurer have not waived or are not waiving, premiums in relation to the life insured.

The option can only be exercised once in any policy year within 30 days of a trigger event.

Trigger events for an increase in cover under Business future cover option

The trigger events are based on the purpose of the policy as shown on the policy schedule.

- If the policy is a combination of key person insurance or loan/guarantor protection or buy-sell and if the value of the life insured's interest in the *business*, *loan guarantee* or *value of the key person to the business* increases.
- If the policy is key person insurance and if the *value of the key person to the business* increases.
- If the policy is for loan/guarantor protection and if the *loan guarantee* increases.
- If the policy is for buy-sell and if the value of the life insured's interest in the *business* increases.

Restrictions and limitations – Business future cover option

The maximum Death benefit amount up to which cover applying to a life insured under this option can be increased is the lower of:

- three times the cover at the Death benefit start date applying to the life insured or
- \$15,000,000.

The maximum TPD cover amount up to which cover applying to that life insured under this option can be increased is the lower of:

- three times the cover at the TPD benefit start date applying to that life insured or
- \$5,000,000.

The maximum Trauma cover amount up to which cover applying to that life insured under this option can be increased is the lower of:

- three times the cover at the Trauma benefit start date applying to that life insured or
- \$2,000,000.

We will not increase the Death benefit or TPD benefit or Trauma benefit amount under this option in relation to a life insured if the total amount of cover applying to that life insured for all policies from all sources (including any policies issued by other insurance companies) would

exceed our *maximum underwriting limit* or would exceed (depending on the purpose of the policy):

- the *value of the business* or the *loan guarantee* or the *value of the key person to the business* or
- the *value of the key person to the business* or
- the *loan guarantee* or
- the value of the life insured's interest in the *business*.

If the Death benefit or TPD benefit or Trauma benefit amount applying to a life insured was less than 100 per cent of the *value of the business* or the *loan guarantee* or the *value of the key person to the business*, or the value of the life insured's interest in the *business*, then the relevant cover amount applying to that life insured can only be increased under this option to an equivalent percentage of the *value of the business*, *loan guarantee* or *value of the key person to the business* or the value of the life insured's interest in the *business* at the time of any application to increase the cover in relation to the life insured.

The provisions of this option do not apply to any cover which is bought back or reinstated under another policy benefit or option.

If the Business future cover option is not used in three consecutive policy years in relation to a life insured then no further increases can be made under this option in relation to that life insured unless it can be demonstrated to our satisfaction that financial evidence relating to the *business* and the purpose identified, in respect of that period, did not support an increase in the cover applying to the life insured.

Multiple purposes – Business future cover option

If the Death benefit or TPD benefit or Trauma benefit amount applying to a life insured was for multiple purposes then any increases under this option must be proportionate to the different purposes that formed the basis of this policy.

Applying for an increase – Business future cover option

An application for increase must be made within 30 days of the trigger event, with proof of the event which is satisfactory to us.

Depending on the purpose of the policy, that will be:

- a *valuation of the business* or *valuation of the key person to the business* (as provided by an independent qualified accountant or business valuer) or evidence of the *loan guarantee*, and any other contractual or

financial evidence we may request, to satisfy us that the *value of the business* or the *loan guarantee* or the *value of the key person to the business* is at least equal to the requested increased amount of cover

- a *valuation of the key person to the business* (as provided by an independent qualified accountant or business valuer) and any other contractual or financial evidence we may request, to satisfy us that the value of the life insured's financial interest or *valuation of the key person to the business* is at least equal to the requested increased amount of cover
- evidence of the *loan guarantee*, and any other contractual or financial evidence we may request, to satisfy us that the value of the life insured's financial interest is at least equal to the requested increased amount of cover
- a *valuation of the business* (as provided by an independent qualified accountant or business valuer), and any other contractual or financial evidence we may request, to satisfy us that the value of the life insured's interest in the *business* is at least equal to the requested increased amount of cover.

The valuation method used must be the same method of valuation used when applying for this option.

The independent qualified accountant or business valuer cannot be the policy owner's or the life insured's family member, business partner, employee or employer.

An application to increase the Death benefit applying to a life insured does not have to include an increase to the TPD benefit or Trauma benefit amount applicable to that life insured at the same time. However, an application to increase the TPD benefit or Trauma benefit amount applying to a life insured must also be matched with an increase in the Death benefit amount applying to that life insured by at least the same amount. Any increase in the benefit must be approved by us.

Termination of the Business future cover option

The Business future cover option terminates in relation to a life insured on the first to occur of:

- the death of the life insured
- our receipt of written notification to terminate this option
- termination of the policy (see Termination of the policy clause on page 4).

Needlestick cover option

When the Needlestick benefit is payable

The Needlestick benefit is payable if a life insured covered for this benefit becomes infected with HIV (Human Immunodeficiency Virus), hepatitis B or hepatitis C as a result of an accident occurring during the course of his/her normal occupation.

Any accident giving rise to a potential claim must be reported to us within 7 days of the accident.

In the event of a claim all of the following must be provided to us:

- proof of the occupational accident that gave rise to the infection including the incident report and the names of any witnesses to the accident
- proof that the accident involved a definite source of the relevant infection
- proof that a new infection with either HIV, hepatitis B or hepatitis C has occurred within six months of the documented accident, demonstrating sero-conversion from:
 - HIV antibody negative to HIV antibody positive
 - hepatitis C antibody negative to hepatitis C antibody positive
 - hepatitis B surface antigen negative to hepatitis B surface antigen positive
- access to test independently all the blood samples used.

Restrictions and limitations - Needlestick benefit

The maximum combined amount we will pay for either:

- *occupationally acquired HIV* or
- *occupationally acquired hepatitis B or C*

under all policies issued by us is \$2,000,000. This does not include any TPD benefits or benefits under an income replacement policy.

Exclusions – Needlestick benefit

A benefit will not be payable if:

- HIV, hepatitis B or hepatitis C is contracted by any other means
- a medical cure is found for Acquired Immune Deficiency Syndrome (AIDS) or the effects of the HIV virus, hepatitis B or hepatitis C (as applicable) or in the event of a treatment being developed and approved which makes these viruses inactive and non-infectious
- the life insured elects not to take an available medical treatment which results in the prevention of hepatitis B or C prior to making a claim.

Termination of the Needlestick cover option

The Needlestick cover option terminates in relation to a life insured on the first to occur of:

- the payment of the Needlestick benefit amount
- the death of the life insured
- our receipt of written notification to terminate this option
- the Needlestick benefit expiry date shown on the policy schedule or
- termination of the policy (see Termination of the policy clause on page 4).

Insured child option

This option only applies to the insured *eligible child* named on the policy schedule. It can pay a benefit for trauma, injury, bed confinement, *terminal illness* or death, as explained below.

An *eligible child* may only be named on one Zurich Protection Plus policy.

When a child trauma benefit is payable – Insured child option

The Insured child benefit amount is payable if an insured *eligible child* suffers one of the insured trauma events:

- while this benefit and policy is in force and
- before termination of the Insured child option.

The insured trauma events are:

- *bacterial meningitis*
- *benign tumour of the brain or spinal cord*
- *blindness*
- *cardiomyopathy*
- *chronic kidney failure*
- *deafness*
- *diplegia*
- *encephalitis*
- *hemiplegia*
- *loss of limbs or sight*
- *loss of speech*
- *major head trauma*
- *major organ transplant*
- *malignant cancer**
- *paraplegia*
- *quadriplegia*
- *severe burns*
- *stroke**

If the Insured child benefit exceeds \$200,000, the portion of cover which exceeds \$200,000 is only payable if the insured *eligible child* survives for at least 14 days after the date of occurrence of the insured trauma event.

When a child advance payment is payable – Insured child option

An advance payment of \$10,000 is payable if an insured *eligible child* suffers one of the following additional insured events:

- *single loss of limb or eye*
- *severe accident or illness requiring intensive care.*

We will only pay this \$10,000 benefit once in respect of each insured event for each insured *eligible child*. The Insured child benefit amount applying to an insured *eligible child* is reduced by the amount advanced following one of the two additional insured events.

When a child carer benefit is payable – Insured child option

A monthly carer benefit of \$5,000 is payable if the Insured child benefit is \$200,000 or more and the life insured or the life insured's *spouse* has to stop *full-time paid employment* to care for an insured *eligible child* at home:

- while this benefit and policy is in force and
- before termination of the Insured child option.

The insured *eligible child* must be confined to bed for a minimum of five consecutive days and must be under the regular care of, and following the advice of, a *medical practitioner*.

This benefit is not payable if the trauma benefit under the Insured child option has been paid or is payable, but may be paid in addition to an advance payment under this option.

The carer benefit is paid for each complete month or 1/30th of the carer benefit is paid for each day this benefit is payable. The carer benefit is not payable twice if both the life insured and his/her *spouse* have to stop *full-time paid employment*.

A *medical practitioner* must confirm the insured *eligible child* is confined to bed and requires full-time care. We will require this certification every month that the claim continues. The carer benefit is paid for a maximum of three months over the life of the policy.

When a death or terminal illness benefit is payable – Insured child option

We will pay the lesser of:

- the Insured child benefit amount and
- \$200,000

if an insured *eligible child* is diagnosed as *terminally ill*, or upon the death of the insured *eligible child*:

- while this benefit and policy is in force and
- before termination of the Insured child option.

Cover increase provision – Insured child option

The Insured child benefit applying to an insured *eligible child* can be increased by \$10,000 on his/her 6th, 10th and 14th birthdays, without our reassessment of his/her health, as long as:

- cover for the insured *eligible child* will not exceed the maximum of \$500,000
- we have not paid a benefit and there is no entitlement to a benefit under this policy in relation to the insured *eligible child*.

The option can only be exercised within 30 days of any of the specified birthdays.

Conversion to a death and trauma policy – Insured child option

Within 30 days of the *policy anniversary* following the insured *eligible child's* 18th birthday, he/she may apply to us in writing for a new death and trauma cover policy for the same benefit amount. We will issue the new policy subject to standard policy issue requirements including an assessment of smoker status but we will not reassess any other aspects of his/her health.

The policy provided will be that which provides the most comparable cover, in Zurich's opinion, available at the time of the conversion. The *premiums* for the new policy will be based on the rates applying to that policy at that time (which may depend on factors including smoker status). Any exclusions or loadings that applied to the original Insured child option may also apply to the new policy.

Conversion is only available if we have not paid a benefit under the Insured child option for the insured *eligible child*.

Exclusions – Insured child option

No claim is paid if the insured event is caused directly or indirectly by:

- an intentional self-inflicted act or attempted suicide (in the first 13 months) or
- the intentional act of the policy owner or person who will otherwise be entitled to the benefit payable.

In the case of insured events marked with an asterisk (*), no claim will ever be paid if the condition occurred, is first diagnosed or the circumstances leading to diagnosis became apparent or a recommendation of the need to have surgery occurs, within 90 days of:

- the date a fully completed application for the Insured child option is lodged with us
- the benefit start date of any increase in the Insured child benefit applied for (but only in respect of the increase) or
- the latest reinstatement of the policy.

We will waive this 90 day elimination period if the Insured child option under this policy replaces cover for the same insured events for an insured *eligible child* with us or another insurer, but only to the extent of the benefit amount replaced, and only if the insured *eligible child* is not within our or the other insurer's 90 day elimination period.

Termination of Insured child option

The Insured child option terminates in relation to an insured *eligible child* on the first to occur of:

- the payment of the Insured child benefit amount
- the death of the insured *eligible child*
- the insured *eligible child* being diagnosed as *terminally ill*
- our receipt of written notification to terminate this option
- the Insured child benefit expiry date shown on the policy schedule
- the *policy anniversary* following the insured *eligible child's* 18th birthday or
- termination of the policy (see Termination of the policy clause on page 4).

If an insured *eligible child* suffers more than one insured trauma event, the Insured child benefit is only payable in respect of one insured trauma event.

Accelerated buy back death option

If the Accelerated buy back death option applies for a life insured then 100 per cent of the Death cover reduced for that life insured as a result of the payment of the Trauma benefit can be repurchased on the date 12 months after payment of the Trauma benefit.

This option cannot buy back any amount paid as:

- a 'boosted' benefit (under the Paralysis booster benefit)
- a Partial trauma benefit payment or
- a Trauma benefit where the life insured met the definition of a covered Trauma condition within 90 days of the Accelerated buy back death option start date shown on the policy schedule (if the option is added to the policy after the policy commencement date).

Double TPD option

If a life insured is covered for Double 'any' occupation TPD or Double 'own' occupation TPD (as shown on the policy schedule) the amount by which the Death benefit for that life insured is reduced as a result of the payment of the Double TPD benefit is reinstated if:

- the life insured survives for 14 days after the date the Double TPD benefit is paid
- this occurs before the *policy anniversary* following the life insured's 64th birthday and
- the TPD benefit is not payable within 90 days of the Double TPD option start date shown on the policy schedule (if the option is added to the policy after the policy commencement date).

The *premium* in respect of the Death benefit amount reinstated is waived until the Death benefit expiry date.

Restrictions and limitations – Double TPD option

On the *policy anniversary* following the life insured's 64th birthday, the Double TPD cover will automatically convert to standard TPD cover.

Buy back TPD option

When the Buy back TPD option can be used

If the Buy back TPD option applies to a life insured, then the TPD benefit which is reduced as a result of the payment of the Trauma benefit (other than a Partial trauma benefit) in respect of that life insured can be repurchased without providing any evidence of the life insured's personal circumstances, as follows:

- up to one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 12 months after the payment of the Trauma benefit, if the life insured has returned to full-time work in his/her *usual occupation* for at least six continuous months
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 24 months after the payment of the Trauma benefit, if the life insured has returned to full-time work in his/her *usual occupation* for at least 18 continuous months
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 36 months after the payment of the Trauma benefit, if the life insured has returned to full-time work in his/her *usual occupation* for at least 30 continuous months.

The *premium* applying to the TPD benefit repurchased will be based on our then current rates and the life insured's age, gender, smoking status, occupation and any premium loadings which applied to the TPD cover which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover repurchased.

The Buy back TPD option can be exercised by accepting our offer in writing.

Limitations – Buy back TPD option

A claim for a repurchased TPD benefit cannot be made for the same or related cause for which the Trauma benefit was paid. Future insurability does not apply to any repurchased TPD cover.

A Buy back TPD option opportunity can only be exercised:

- before the *policy anniversary* following the life insured's 64th birthday
- within 30 days of the applicable opportunity date and
- if the life insured did not meet the definition of a covered condition under the Trauma benefit within 90 days of the Buy back TPD option start date shown on the policy schedule (if this option is added to the policy after the policy commencement date).

Trauma reinstatement option

When the Trauma reinstatement option can be used

If the Trauma reinstatement option applies to a life insured then the Trauma benefit which is reduced as a result of the previous payment of the Trauma benefit (including a Partial trauma benefit) can be reinstated in respect of the life insured. 100 per cent of the Trauma benefit can be reinstated without providing any evidence of the life insured's personal circumstances on the date 12 months after payment of the Trauma benefit. Future insurability does not apply to any reinstated Trauma benefit.

A Trauma reinstatement option opportunity can only be exercised before the *policy anniversary* following the life insured's 74th birthday and within 30 days of the date 12 months after payment of the Trauma benefit.

The *premium* applying to the Trauma benefit reinstated will be based on our then current rates and the life insured's age, gender, smoking status, occupation and any premium loadings which applied to the Trauma benefit which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover reinstated.

The Trauma reinstatement option can be exercised by accepting our offer in writing.

The Trauma reinstatement option does not apply to any Trauma benefit which has already been reinstated using this option.

Limitations – Trauma reinstatement option

If the life insured is subsequently diagnosed with a specified Trauma, we will only pay a claim under the reinstated cover if the specified Trauma occurred or was diagnosed, or the circumstances or symptoms leading to diagnosis became apparent after the Trauma cover was reinstated.

We will not pay a claim under the reinstated Trauma cover if the specified Trauma:

- is the same condition as the original specified Trauma
- is directly or indirectly caused by or related to the original specified Trauma or symptoms or condition(s) which caused the original specified Trauma
- is a *loss of independence*
- is a 'heart condition' if the original claim was for a 'heart condition' or
- is a *stroke* or paralysis (directly or indirectly resulting from a *stroke*) and the original specified Trauma was a heart condition.

In the previous paragraph, 'heart condition' means any of the following specified Traumas: *aorta repair, coronary artery bypass surgery, heart attack, heart valve surgery, cardiomyopathy, triple vessel coronary artery angioplasty, primary pulmonary hypertension.*

We will also not pay a claim under the reinstated Trauma cover if the life insured met the definition of a covered condition under the original Trauma benefit within 90 days of the Trauma reinstatement option start date shown on the policy schedule (if this option was added to the policy after the policy commencement date).

Double trauma option

If a life insured is covered for the Double trauma option (as shown on the policy schedule) the amount by which the Death benefit for that life insured is reduced as a result of the payment of the Trauma benefit, is reinstated if:

- the life insured survives for 14 days after the date the Trauma benefit is paid
- this occurs before the *policy anniversary* following the life insured's 64th birthday and
- the Trauma benefit is not payable within 90 days of the Double trauma option start date shown on the policy schedule (if this option is added to the policy after the policy commencement date).

The Death benefit cannot be reinstated where it is reduced as a result of a Partial trauma benefit payment.

The *premium* in respect of the Death benefit amount reinstated is waived until the Death benefit expiry date.

Any exclusions which applied to the cover reduced will also apply to the cover reinstated.

On the *policy anniversary* following the life insured's 64th birthday, the Double trauma option will end and cover will automatically convert from Double Extended trauma to Extended trauma.

Restrictions and limitations - Double trauma option

If the Trauma reinstatement option and Double trauma option applies to a life insured, the Trauma cover that will be reinstated after a Trauma claim will be standard Extended trauma cover (ie. not Double trauma).

Top-up option

If we pay the Partial trauma benefit for *carcinoma in situ, colostomy or ileostomy, diabetes (type 1), early stage chronic lymphocytic leukaemia, early stage melanoma, early stage prostate cancer, facial reconstructive surgery and skin grafting, guillain barre syndrome, loss of hearing in one ear or single loss of limb or eye*, for a life insured covered for this option, then we will increase the amount of benefit payable to 25 per cent of the Trauma benefit amount, up to a maximum payment of \$200,000 in respect of a life insured.

If we pay the Partial trauma benefit for *minimally invasive cardiac surgery – including coronary artery angioplasty*, then we will increase the amount of benefit payable to 25 per cent of the Trauma benefit amount, up to a maximum payment in respect of a life insured of \$50,000. If we pay the Partial trauma benefit for any subsequent *minimally invasive cardiac surgery – including coronary artery angioplasty*, then we will increase the amount of benefit payable to 25 per cent of the Trauma benefit under this policy, subject to a maximum of \$50,000 and a minimum of the amount paid for the first claim.

The sum insured will be reduced by each amount paid under this benefit and *premiums* will be calculated on the reduced sum insured.

Restrictions and limitations – Top-up option

If this option is added to the policy after the policy commencement date, this option cannot be used to increase a Partial trauma benefit payable in the first 90 days after the Top-up option is shown on the policy schedule.

Related policies – Additional benefits and conditions for policies without a Death benefit

If the policy has no Death benefit and is related to a Zurich Protection Plus or Zurich Superannuation Term Life Plus policy with a Death benefit (the *related super policy*), the following additional terms apply to this Zurich Protection Plus policy with no Death benefit. These additional terms:

- apply in addition to the conditions for the relevant benefit or option specified elsewhere in these policy conditions, but
- only apply if the relevant benefit or option has been selected.

TPD benefits

TPD benefit

If the life insured is covered for TPD cover under this policy and TPD cover under a *related super policy*, the following additional conditions apply:

- if a claim for the same insured event can be made under both covers, we will only pay the TPD benefit or TPD option under the *related super policy* and will not pay the TPD benefit under this policy
- notwithstanding any benefit or option under this policy, the TPD benefit amount under this policy cannot be increased above the TPD benefit amount on the *related super policy* or decreased below it
- payment of a TPD benefit under the *related super policy* will reduce the TPD cover under this policy to nil.

Double TPD benefit

Subject to the conditions specified for this benefit, this benefit also reinstates and waives *premium* on the Death benefit on a *related super policy* in the event a Double TPD benefit is paid.

Benefit adjustments

In addition to the adjustments specified, the TPD benefit applying to a life insured is also reduced by any amount paid or advanced under a Terminal illness benefit, TPD benefit or TPD option under a *related super policy*.

If both Trauma cover and TPD cover applies to a life insured (including TPD cover under a *related super policy*) and a claim for the same insured event can be made under both covers, we will only pay under the Trauma cover and will not pay under the TPD cover (including TPD cover on a *related super policy*) unless the TPD sum insured is higher, in which case, we will also pay a TPD benefit of the difference in the sums insured.

Trauma benefits

Trauma benefit

If the life insured is covered under both Trauma cover and TPD cover (or TPD cover on a *related super policy*) and a claim for the same insured event can be made under both covers, only the Trauma benefit is payable unless the TPD sum insured is higher, in which case, we will also pay a TPD benefit of the difference in the sums insured.

Benefit adjustments

In addition to the adjustments specified, the Trauma benefit applying to a life insured is also reduced by any amount paid or advanced under a Terminal illness benefit or TPD option on a *related super policy*.

Funeral benefit

This benefit does not apply if a life insured has Death cover under a *related super policy*.

Standard in-built benefits

Future insurability

In addition to the conditions specified for this benefit, the maximum TPD and Trauma benefit cannot be increased to exceed the Death benefit amount on a *related super policy*.

Inflation protection

If the Inflation protection offer on a *related super policy* is rejected, then the offer under this policy is automatically also rejected.

Premium freeze

The election to freeze the *premium* cannot be made if there is a *related super policy*.

Premium holiday

If a Premium holiday is activated, it must be activated on both related policies for the same period.

Optional benefits

Business future cover option

In addition to the conditions specified for this benefit, the maximum TPD and Trauma benefit amount cannot be increased to exceed the Death benefit amount on a *related super policy*.

Buy back TPD option

Subject to the conditions specified for this option, this option can also be used to buy back the TPD cover on a *related super policy*. However, the Buy back TPD option cannot be used to the extent that it would increase the

TPD benefit (under this policy or under a *related super policy*) to an amount greater than the Death benefit amount under a *related super policy*.

Accelerated buy back death option

Subject to the conditions specified for this option, this option can also be used to buy back the Death benefit on a *related super policy*.

Trauma reinstatement option

In addition to the conditions specified for this benefit, the Trauma reinstatement option cannot be used to the extent that it would increase the Trauma benefit to an amount greater than the Death benefit amount on a *related super policy*.

Double trauma option

Subject to the conditions specified for this option, this option also reinstates and waives *premium* on the Death cover on a *related super policy*, in the event a Double trauma benefit is paid.

Related policies – Additional benefits and conditions for policies with a Death benefit

If the policy has a Death benefit and is related to another Zurich Protection Plus policy without a Death benefit (the *related protection policy*), the following additional terms apply to this Zurich Protection Plus policy with a Death benefit. These additional terms:

- apply in addition to the conditions for the relevant benefit or option specified elsewhere in these policy conditions, but
- only apply if the relevant benefit or option has been selected.

Buy back death (additional benefit)

The Death cover for a life insured which was reduced as a result of the payment of the Trauma benefit (other than a Partial trauma benefit) or TPD benefit (other than a Partial TPD benefit) on a *related protection policy* can be repurchased without providing any evidence of the life insured's personal circumstances, as follows:

- up to one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 12 months after the payment of the Trauma benefit
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 24 months after the payment of the Trauma benefit
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 36 months after the payment of the Trauma benefit
- the full TPD benefit amount paid can be bought back on the date 12 months after the payment of the TPD benefit.

A Buy back death benefit opportunity can only be exercised before the *policy anniversary* following the life insured's 74th birthday and within 30 days of the applicable opportunity date. Future insurability does not apply to any repurchased Death benefit.

The *premium* applying to the Death cover repurchased will be based on our then current rates and the life insured's age, gender, smoking status and any premium loadings which applied to the Death cover which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover repurchased.

The Buy back death benefit can be exercised by accepting our offer in writing.

Related policies and standard in-built benefits

Future insurability

In addition to the conditions specified for this benefit, if the policy has a *related protection policy*, the maximum TPD benefit cannot be increased to exceed the Death benefit amount on this policy.

Benefit adjustments

In addition to the benefit adjustments specified, the Death benefit applying to the life insured is also reduced by the amount paid or advanced, under any TPD, Partial TPD, Trauma or Partial trauma benefit on a *related protection policy*.

Inflation protection

If the Inflation protection offer on a *related protection policy* is rejected, then the offer under this policy is automatically also rejected.

Premium holiday

If a Premium holiday is activated, it must be activated on both related policies for the same period.

Termination of related policy

If this policy is terminated, any *related protection policy* will also terminate.

If a *related protection policy* is cancelled, this policy will continue in accordance with the policy's conditions. A new policy schedule will be issued indicating that there is no *related protection policy*. The *premium* applying to the TPD option (if applicable) will increase and be based on our then current rates for the TPD option without a *related protection policy*.

Related policies and optional benefits

TPD benefit

If the life insured is insured under both TPD cover on this policy and Trauma cover on a *related protection policy* and a claim for the same insured event can be made under both covers, we will only pay under the Trauma cover and will not pay under the TPD cover unless the TPD sum insured is higher, in which case, we will also pay a TPD benefit of the difference in the sums insured.

Notwithstanding any benefit or option under this policy, the TPD benefit amount under this policy cannot be increased above the TPD benefit amount on the *related protection policy* or decreased below it.

Benefit adjustment: In addition to the benefit adjustments specified, the TPD benefit applying to the life insured is also reduced by the amount paid or advanced, under any TPD, Partial TPD, Trauma or Partial trauma benefit on a *related protection policy*.

Business future cover option

In addition to the conditions specified for this benefit, if the policy has a *related protection policy*, the maximum TPD benefit amount up to which cover applying to the life insured can be increased under this option cannot exceed the Death benefit amount on this policy.

Zurich Income Replacement

These policy conditions apply to Zurich Income Replacement.

The policy schedule shows the life insured covered under the policy, the *level of cover* (standard, comprehensive or premier), the *insured monthly benefit*, whether the policy is 'agreed value' or 'indemnity', the *benefit period*, the *waiting period*, the premium structure, any optional benefits provided and whether the policy has a *related super policy* or a *related income policy*. The policy schedule also shows the benefit expiry date applying to each insured benefit.

Additional optional benefits or increases to the benefit amounts may be applied for, but only if we accept the application after considering the life insured's personal circumstances including health, occupation and pastimes.

Optional benefits are described in the Optional benefits section starting on page 36.

We will offer to increase the cover each year in line with inflation under the Inflation protection benefit unless we receive a request not to make these increases.

The benefits provided by the Zurich Income Replacement policy are set out below. The benefits that apply to the policy will depend on the *level of cover* selected. Each benefit description in this section indicates whether it applies to the standard, comprehensive and/or premier *level of cover* and (if applicable) sets out provisions that apply to each *level of cover*. If the *level of cover* shown on the policy schedule is not listed under a benefit description, then that benefit does not apply to the policy.

Some benefits do not form part of the policy if the policy is issued to the trustee of a superannuation fund – these are clearly indicated.

Income benefit

Level of cover: comprehensive/premier

To be eligible for the Income benefit, the life insured must be under the regular care of, and following the advice of, a *medical practitioner*. He/she must be unable to earn his/her *pre-disability income* from his/her *usual occupation* until the end of the *waiting period*.

The Income benefit is payable after the expiry of the *waiting period* if, until the expiry of the *waiting period*, solely as a result of a *sickness* or *injury*, while the policy is in force and before termination of the policy:

- the life insured's *pre-disability income* from his/her *usual occupation* has reduced by 20 per cent or more, or
- the life insured is unable to perform one or more *income producing duties* of his/her *usual occupation* or
- the life insured is unable to perform the *income producing duties* of his/her *usual occupation* for more than 10 hours per week.

The policy schedule will show whether the cover is agreed value or indemnity.

Level of cover: standard

To be eligible for the Income benefit, the life insured must be under the regular care of, and following the advice of, a *medical practitioner*. He/she must not work in any occupation for a period of at least 14 days and he/she must be unable to earn his/her *pre-disability income* from his/her *usual occupation* until the end of the *waiting period*.

The Income benefit is payable after the expiry of the *waiting period* if, until the expiry of the *waiting period*, solely as a result of a *sickness* or *injury*, while the policy is in force and before termination of the policy:

- the life insured's *pre-disability income* from his/her *usual occupation* has reduced by 20 per cent or more, or
- the life insured is unable to perform one or more *income producing duties* of his/her *usual occupation* or
- the life insured is unable to perform the *income producing duties* of his/her *usual occupation* for more than 10 hours per week.

The policy schedule will show whether the cover is agreed value or indemnity.

Amount of benefit payable under agreed value cover**Level of cover: standard/comprehensive/premier**

If at the expiry of the *waiting period* the life insured has no *post-disability income* then we will pay a benefit that is equal to the *insured monthly benefit*. Otherwise, the benefit we will pay after the expiry of the *waiting period* will be proportionate to the income loss and calculated on a monthly basis using the following formula:

$$\frac{\text{pre-disability income} - \text{post-disability income}}{\text{pre-disability income}} \times \text{insured monthly benefit}$$

Amount of benefit payable under Indemnity cover**Level of cover: standard/comprehensive/premier**

If at the expiry of the *waiting period* the life insured has no *post-disability income* then we will pay a benefit that is equal to the lesser of the *insured monthly benefit* and 75 per cent of *pre-disability income*. Otherwise, the benefit we will pay after the expiry of the *waiting period* will be proportionate to the income loss and calculated on a monthly basis using the following formula:

$$\frac{\text{pre-disability income} - \text{post-disability income}}{\text{pre-disability income}} \times \text{insured monthly benefit}$$

When the Income benefit is payable until

Under agreed value and indemnity cover, we will continue to pay the Income benefit until any one of the following events occurs:

- the *sickness* or *injury* giving rise to the claim does not prevent the life insured earning his/her *pre-disability income* from personal exertion in his/her *usual occupation*
- the *benefit period* ends
- the policy is terminated
- the death of the life insured
- the life insured is no longer under the regular care of a *medical practitioner* with regard to treatment for the *sickness* or *injury*
- the life insured is no longer following the treatment recommended by a *medical practitioner* at such intervals and frequency as will lead to a cure, alleviation or minimisation of the condition causing the disability.

If a claim is made while the life insured is outside Australia, we will only continue to pay the Income benefit if the life insured has a medical examination in Australia or in another country by a *medical practitioner* nominated or approved by us, every 12 months. We will pay for this medical examination, but not for transport to Australia or any other country.

We pay a proportion of the Income benefit twice monthly when the claim requirements have been provided, with the first payment due 15 days after the *waiting period* ends. When the claim ends before the next payment due date, we will pay 1/30th of the Income benefit for each day less than 15 days.

Specified injury benefit**Level of cover: standard/comprehensive/premier**

This benefit does not form part of the policy if the policy is issued to the trustee of a superannuation fund.

The Specified injury benefit is payable as a monthly benefit if any one of the specified injuries happen to the life insured:

- while the policy is in force and
- before termination of the policy.

The *waiting period* is waived and the Specified injury benefit is paid (even if the life insured is still earning an income) until:

- the end of the Specified injury benefit period shown in the table
- the end of the *benefit period* shown on the policy schedule
- the death of the life insured

whichever happens first.

We will not pay for more than one specified injury per claim.

Under agreed value cover, the Specified injury benefit will be the *insured monthly benefit*.

Under indemnity cover, the Specified injury benefit will be the lesser of the *insured monthly benefit* and 75 per cent of the life insured's *pre-disability income*.

Specified injury	Specified injury benefit period (months)
<i>quadriplegia</i>	60
<i>paraplegia</i>	60
<i>hemiplegia</i>	60
<i>diplegia</i>	60
Loss of both feet, both hands or sight in both eyes	24
Loss of a foot and a hand	24
Loss of a foot and sight in one eye	24
Loss of a hand and sight in one eye	24
Loss of a leg or arm	18
Loss of a foot or hand or sight in one eye	12
Loss of the thumb and index finger of the same hand	6
<i>fracture</i> of a thigh or pelvis	3
<i>fracture</i> of a leg (between the knee and foot), kneecap, skull (excluding bones of the face or nose), upper arm between elbow and shoulder (shaft) or shoulder blade	2
<i>fracture</i> of a forearm (including wrist but excluding elbow or hand), jaw or collar bone	1.5

'Loss' means that the life insured cannot use and will never be able to use that body part again. In the case of the eye, it means that the life insured will never be able to see again from that eye.

The Income benefit is not payable while the Specified injury benefit is being paid, however, eligibility to receive the Income benefit for the remaining balance of the *benefit period* will be determined in the normal way after the end of the Specified injury benefit period (or at the end of the *waiting period* if it is longer than the Specified injury benefit period).

Rehabilitation benefit

Level of cover: standard/comprehensive/premier

This benefit does not form part of the policy if the policy is issued to the trustee of a superannuation fund.

The Rehabilitation benefit is payable when the life insured has qualified for the Income benefit or the Specified injury benefit after expiry of the *waiting period* or within the *waiting period* if the life insured would otherwise qualify for the Income benefit.

The Rehabilitation benefit is payable as follows:

Rehabilitation benefit – workplace modification

This benefit provides assistance if the life insured's workplace needs modification to allow the life insured to return to gainful employment. We will pay up to three times the Income benefit for expenses incurred in modifying the life insured's workplace.

Rehabilitation benefit – rehabilitation program

While the life insured takes part in a *rehabilitation program*, we will pay an additional 50 per cent of the Income benefit each month for a maximum period of 12 months.

Rehabilitation benefit – rehabilitation costs

We will pay up to 12 times the Income benefit for the expenses of rehabilitating the life insured. These expenses include the costs of special equipment designed to assist the life insured to re-enter the workforce. We will not cover health costs which are typically covered by Medicare or private health insurance.

To receive the Rehabilitation benefit, our written approval must be obtained before expenses are incurred.

Funeral benefit

Level of cover: standard/comprehensive/premier

The Funeral benefit is payable if the life insured dies while this policy is in force and before termination of the policy. We will pay a lump sum of three times the *insured monthly benefit*.

If the life insured is also insured under another Zurich income policy, we will only pay this benefit once.

Flexible cover benefit

Level of cover: standard/comprehensive/premier

This benefit does not form part of the policy if the policy is issued to the trustee of a superannuation fund.

This benefit only applies if the policy has been in force for two years.

If the life insured's average monthly income reduces while pregnant, after a child is born or after a child is adopted, the *insured monthly benefit* can be reduced by up to 75 per cent, in line with any corresponding reduction in income.

All or part of the *insured monthly benefit* can be reinstated at any time in the 24 months following the reduction without reassessment of the life insured's health, provided the life insured returns to *full-time paid employment*.

The maximum amount which can be reinstated without reassessment of health is the amount which was reduced, ie. Indexation offers will not apply while this benefit is being exercised.

If financial evidence cannot be provided to support an increase in *insured monthly benefit*, the reinstated cover will be indemnity.

To arrange a reduction in *insured monthly benefit*, simply apply to us in writing and provide appropriate evidence of the pregnancy, birth or adoption of a child.

After cover is reinstated, subsequent reductions of the *insured monthly benefit* can only occur after the life insured returns to *full-time paid employment* for a minimum period of 12 months.

Exclusion – Flexible cover benefit

No claim will ever be paid in respect to a reinstated portion of *insured monthly benefit* in the first 90 days after it is reinstated.

Waiver of premium

Level of cover: standard/comprehensive/premier

This benefit does not form part of the policy if the policy is issued to the trustee of a superannuation fund.

We will waive or refund the *premium* (other than for Spouse cover), for any period during which a *monthly benefit* is payable if we receive the completed claim form within 30 days from the start of the life insured's *sickness* or *injury*. We will also refund the portion of the *premium* paid for the *waiting period*.

If the Spouse cover option is selected, the portion of the *premium* for the Spouse cover option does not have to be paid for the period while we are paying a Spouse cover benefit.

Confined to bed benefit

Level of cover: comprehensive/premier

The Confined to bed benefit is payable if, while the policy is in force and before termination of the policy, the life insured is *confined to bed* because of *sickness* or *injury* for more than two days in a row and during that period, is totally dependent on the full-time care of a *nurse* or a *personal care attendant* and unable to earn any income from personal exertion.

We will pay the Confined to bed benefit for each complete month or 1/30th of the Confined to bed benefit for each day that this benefit is payable. This benefit is only payable during the *waiting period* to a maximum of 180 days.

Under agreed value cover, the Confined to bed benefit will be the *insured monthly benefit*.

Under indemnity cover, the Confined to bed benefit will be the lesser of the *insured monthly benefit* and 75 per cent of the life insured's *pre-disability income*.

Special care benefit

Level of cover: comprehensive/premier

This benefit does not form part of the policy if the policy is issued to the trustee of a superannuation fund.

The Special care benefit is payable if the Income benefit, Specified injury benefit, Day 4 accident benefit or Confined to bed benefit is payable and one of the following three conditions exist:

Special care benefit – direct family member

A benefit is payable if a *direct family member* has to stop *full-time paid employment* to care for the life insured at home because of his/her *sickness* or *injury*.

We will pay an additional benefit of the Income benefit or \$2,500 per month, whichever is lower, for up to six months after the end of the *waiting period* while the life insured is:

- *confined to bed* or to the house, while dependent on home assistance and
- unable to earn any income by personal exertion.

We will not pay if the *direct family member* had been working for the policy owner, the life insured or for the policy owner or life insured's employer before the life insured suffered the *sickness* or *injury*.

Special care benefit – nurse or personal care attendant

A benefit is payable if the life insured needs the care of a *nurse* or a *personal care attendant* because of his/her *sickness* or *injury*.

We will pay an additional benefit of \$150 per day for up to six months after the end of the *waiting period* while the life insured is:

- *confined to bed* or to the house, while dependent on home assistance or nursing care and
- unable to earn any income by personal exertion.

We will not pay if the *nurse* or *personal care attendant* had been working for the policy owner, the life insured or for the policy owner or life insured's employer before the life insured suffered the *sickness* or *injury*.

Special care benefit – more than 100km from home

We will reimburse accommodation and travel costs if the life insured is 100 kilometres or more away from home and has to stay there beyond his/her scheduled return date on his/her *medical practitioner's* advice. We will also reimburse

the accommodation and travel costs of a *direct family member* who has to stay with the life insured.

We will pay a maximum of \$500 for reimbursement of travel costs (other than by emergency transport, such as ambulance which is covered by health insurance). We will pay a maximum of \$250 per day for accommodation up to 30 days in any 12 month period.

However, we will not pay for both a *direct family member* and a *nurse* or a *personal care attendant* for the same period.

We will also pay the following Special care benefit if the Income benefit is payable and the life insured, having suffered the *sickness* or *injury* whilst overseas, chooses to return to Australia after the end of the *waiting period* but before the expiry date shown on the policy schedule. We will pay the cost of a single standard economy airfare to enable the life insured to return, less any reimbursement from another source. We will also pay the costs (on the same basis) of accompanying transport for any *direct family member* travelling companion the life insured has while disabled overseas.

Under agreed value cover, the maximum total amount we will pay for these travel costs is three times the *insured monthly benefit*.

Under indemnity cover, the maximum total amount we will pay for these travel costs is three times the lesser of the *insured monthly benefit* and 75 per cent of the *pre-disability income*.

The Special care benefit is payable only once in relation to the same or related cause under all policies issued by us.

Family support benefit

Level of cover: premier

This benefit does not form part of the policy if the policy is issued to the trustee of a superannuation fund.

This benefit only applies where the life insured is also the policy owner.

The Family support benefit is payable if the life insured dies while receiving a *monthly benefit*, and leaves a surviving *spouse*. We will continue to pay the *spouse* an Income benefit for up to 12 months after death while the *spouse* remains alive, but not beyond the balance of the *benefit period* or the expiry date shown on the policy schedule, if earlier.

The amount payable will be adjusted in the same manner that would have occurred had the life insured continued living.

We will not pay this benefit if the Family care option has also been selected.

Trauma benefit

Level of cover: premier

This benefit does not form part of the policy if the policy is issued to the trustee of a superannuation fund.

We will pay the Trauma benefit if the life insured suffers an insured event in the *trauma events – extended* list:

- while this policy is in force and
- before termination of the policy.

Under agreed value cover, the Trauma benefit will be *insured monthly benefit* for a period of six months.

Under indemnity cover, the Trauma benefit will be the lesser of:

- the *insured monthly benefit* and
- 75 per cent of the life insured's *pre-disability income*

for a period of six months.

The Trauma benefit will be paid in advance as a lump sum.

Some trauma events in the list are marked with an asterisk (*). We will not pay a benefit for any trauma event marked with an asterisk which occurs or becomes apparent within 90 days of:

- the date an application for Zurich Income Replacement (including a fully completed Life Insured's Statement) is lodged with us
- the latest reinstatement of the policy.

We will waive this 90 day elimination period if the Trauma benefit under this policy replaces cover for the same insured event for the life insured with us or another insurer, but only to the extent of the benefit amount replaced, and only if the life insured is not within our or the other insurer's 90 day elimination period.

A Trauma benefit will only be paid if:

- the life insured survives for at least 14 days after the date of the insured event and
- this occurs before the benefit expiry date shown on the policy schedule.

A Trauma benefit will only be paid once for each insured event. We will not pay a subsequent claim if we are paying or have paid a benefit under the policy at any time in the last 12 months or if the life insured has not yet returned to work following a claim under this benefit.

The occurrence of the trauma must be confirmed by our medical advisers and, for this purpose, we reserve the right to require the insured to undergo an examination or other reasonable tests, at our expense.

This benefit does not apply if the *waiting period* is longer than 90 days.

The Income benefit is not payable in respect of the same six month period that the Trauma benefit is being paid. However, eligibility to receive the Income benefit for the remaining balance of the *benefit period* will be determined in the normal way after the end of the six month period.

If the Trauma option is also selected, the income benefit is payable in respect of the same six month period that the Trauma benefit is being paid, provided the life insured is eligible for payment.

Other policy features, exclusions and conditions

Inflation protection

Level of cover: standard/comprehensive/premier

The Inflation protection benefit protects the value of the insurance cover against the impact of inflation by offering the opportunity to adjust for this with indexation increases.

Each *policy anniversary* prior to the life insured's 65th birthday, the *insured monthly benefit* can be increased by the percentage increase in the *consumer price index* published for the quarter falling immediately prior to three months before the *policy anniversary* over that published for the quarter falling immediately prior to 15 months before that *policy anniversary*.

The increase may be rejected if not required. To reject the increase, simply contact us within 30 days of receiving the offer.

Indexation increases will apply automatically while there is an entitlement to make a claim.

Under indemnity cover, if the indexation increase would mean that the *insured monthly benefit* is greater than 75 per cent of the life insured's average monthly *pre-tax income* or if the life insured is not in *full-time paid employment*, the increase may be rejected to avoid paying unnecessary *premium*.

Indexation increases will cease on the *policy anniversary* following the life insured's 65th birthday.

Recurrent disability

Level of cover: standard/comprehensive/premier

If the life insured's disability recurs from the same or related cause within 12 months of his/her returning to work, the claim will be considered to be a continuation of the same claim and a further *waiting period* will not apply.

If the life insured's disability recurs from the same or related cause later than 12 months after he/she returns to work, the claim will be considered to be a continuation of the same claim, but further Income benefits will only be payable after expiry of a further *waiting period*.

Where a 'continuation of the same claim' applies, the policy terms and conditions which apply to the claim will be those that applied at the original claim commencement date.

Employment related salary continuance

If the policy is taken out with a two year *waiting period*, and the life insured is also covered by employment related salary continuance which has a two year *benefit period*, we will use the original start date of the claim when we assess the *waiting period*, excluding any periods where he/she has returned to work under recurrent disability provisions in that policy.

For Special Risk (SR) occupations

If the life insured's disability recurs from the same or related cause within six months of his/her returning to work, the claim will be considered to be a continuation of the same claim and a further *waiting period* will not apply.

If the life insured's disability recurs from the same or related cause later than six months after he/she returns to work, the claim will be considered to be a continuation of the same claim, but further Income benefits will only be payable after expiry of a further *waiting period*.

Where a 'continuation of the same claim' applies, the policy terms and conditions which apply to the claim will be those that applied at the original claim commencement date.

Concurrent disability

Level of cover: standard/comprehensive/premier

If more than one separate and distinct *sickness* or *injury* resulted in the disability, payments will be based on the *sickness* or *injury* that provides the highest benefit.

Premium holiday

Level of cover: standard/comprehensive/premier

This benefit does not form part of the policy if the policy is administered via platform.

A Premium holiday can be activated by request, on any policy which has been continuously in force for a period of at least 12 months. A premium holiday can be activated for a 3, 6, 9 or 12 month period starting from the latest unpaid premium due date.

When a premium holiday is activated we will confirm in writing:

- the premium holiday start date
- the premium holiday end date and
- the next premium due date.

From the premium holiday start date until the premium holiday end date ('premium holiday period'):

- the policy is not in force for any life insured
- no *premiums* are required in respect of that period and
- Inflation protection increases will continue to be offered if a *policy anniversary* passes.

No benefits are payable for an insured event which occurs:

- during the premium holiday period or
- in the first 90 days after the premium holiday end date.

No benefits are payable for an insured event which first becomes apparent (including any diagnosis or if any circumstances or symptoms leading to a claim arise):

- before the premium holiday start date (unless all elements of the insured event are fully satisfied before the premium holiday start date)
- during the premium holiday period or
- in the first 90 days after the premium holiday end date.

If we receive the requested *premium* within 30 days of the next premium due date, the policy will be back in force automatically on the premium holiday end date, subject to the above exclusions. The *premiums* that would have applied if the premium holiday had not occurred will recommence and become payable.

If the requested *premium* is not paid within 30 days of the next premium due date, the policy will terminate.

Subject to our approval and on any terms we determine in addition to the above, a Premium holiday which has already started can end prior to the agreed premium holiday end date.

Restrictions and limitations – Premium holiday

A premium holiday cannot be used to access *premiums* that have already been paid. We will not refund any paid *premiums* under this provision.

Any subsequent Premium holiday must be separated by 12 months during which all requested *premiums* are paid on the policy.

A Premium holiday may only be used once in any 12 month period and a maximum total period of 12 months of Premium holiday is available over the life of the policy.

More than one benefit at a time

Level of cover: standard/comprehensive/premier

We will only pay one benefit, being the highest, for the same period where it would otherwise be possible to qualify for the following combinations of benefits:

- the Confined to bed benefit and the Specified injury benefit
- the Income benefit and the Specified injury benefit
- the Trauma benefit and the Specified injury benefit
- the Income benefit and the Trauma benefit
- the Confined to bed benefit and the Trauma benefit
- the Confined to bed benefit and the Day 4 accident benefit
- the Specified injury benefit and the Day 4 accident benefit
- the Trauma benefit and the Day 4 accident benefit
- the Severe disability benefit and the Booster benefit
- the Family care benefit and the Family support benefit.

Exclusions – All benefits

Level of cover: standard/comprehensive/premier

No amount will be payable for *sickness* or *injury* occurring as a direct or indirect result of any one or more of the following:

- an intentional self-inflicted act
- attempted suicide
- *uncomplicated pregnancy or childbirth*
- an act of war (whether declared or not)
- any event or medical condition specified as an exclusion on the policy schedule.

We will not pay a benefit for a disability due to elective or donor transplant surgery unless the elective or transplant surgery occurred at least six months after:

- the start of the policy
- if the policy is ever reinstated, the date of reinstatement
- in respect of an increase in the *insured monthly benefit*, the date of the increase.

Extending cover

(if the benefit period is 'to age 65' and the life insured continues working)

Level of cover: comprehensive/premier

On the *policy anniversary* following the life insured's 65th birthday, the cover can be extended on a limited basis up to the *policy anniversary* following the life insured's 70th birthday if the life insured is still working in paid employment for more than 30 hours per week.

To extend cover, an application must be received by us at least 60 days before the benefit expiry date shown on the policy schedule (but no more than 90 days before the benefit expiry date).

Restrictions and limitations – extended cover

The *benefit period* on extended cover is one year. The extended cover will be indemnity cover.

An Income benefit will only be payable if the life insured is not earning any *post-disability income* (ie. no proportionate benefits are payable).

The extended cover does not apply if there is an entitlement to receive a benefit under the policy, or if we are paying or have paid a benefit under the policy at any time in the last 12 months.

Any optional benefits which were part of the original policy will cease to apply from the *policy anniversary* following the life insured's 65th birthday. The premier *level of cover* will be altered to the comprehensive *level of cover*.

To age 70 benefit period

Level of cover: standard/comprehensive/premier

The following conditions and limitations apply if the age 70 *benefit period* is selected.

After the *policy anniversary* following the life insured's 65th birthday:

- we will not pay a benefit under any optional benefit selected (as shown on the policy schedule) and
- the total amount we pay will be the applicable percentage (shown in the table below) of total benefits otherwise payable under the policy. The applicable percentage at the commencement of a claim will apply for the duration of the claim.

Age at <i>policy anniversary</i> prior to claim commencing:	Percentage of total benefit payable
65	100 per cent
66	80 per cent
67	60 per cent
68	40 per cent
69	20 per cent

Involuntary unemployment

Level of cover: standard/comprehensive/premier

For all occupation categories, except Special Risk (SR), we will waive the *premium* for up to three months if the life insured is involuntarily unemployed, other than as a direct result of *sickness* or *injury* and if:

- the life insured is registered with an employment agency approved by us
- unemployment started at least 12 months after the start of the policy or, if the policy is ever reinstated, the date of reinstatement and
- each request to waive *premium* occurs at least 12 months after the end of any previous period of waived *premium*.

'Involuntary unemployment' means that the life insured becomes unemployed due to retrenchment, redundancy or employer insolvency. It does not mean retirement, unpaid leave, the end of a fixed term contract or dismissal from employment.

A total of twelve months *premium* may be waived during the life of the policy.

Optional benefits

The policy schedule shows the optional benefits applying under the policy and, if applicable, the benefit amount(s).

Each optional benefit terminates on the first to occur of:

- our receipt of written notification to terminate the option
- the optional benefit expiry date
- termination of the policy (see Termination of the policy clause on page 4).

The policy schedule also shows the expiry date applying to each optional benefit (or if not shown, the optional benefit expiry date is equal to that of the main policy).

A life insured is only covered for these optional benefits if specified on the policy schedule. A policy cannot exist if it only includes optional benefits.

Increasing claims option

After each three continuous months of Income benefit payments, the Income benefit will be increased by the percentage increase in the *consumer price index* for the previous quarter.

Super contributions option

In selecting this option we are deemed to be directed to pay any benefit payable under this option to a nominated complying superannuation fund.

The super contributions monthly benefit (or a proportion thereof) is payable at any time an Income benefit, Specified injury benefit, Confined to bed benefit, Day 4 accident benefit or Trauma benefit is being paid.

The amount payable will be the super contributions monthly benefit multiplied by the proportion of the *insured monthly benefit* we are paying as an Income benefit or Specified injury benefit or Confined to bed benefit or Day 4 accident benefit.

Under indemnity cover, this is subject to a maximum of the actual average monthly superannuation contributions the life insured or the life insured's employer made in the 12 months preceding the claim.

Inflation protection, the Increasing claims benefit and the Future insurability option apply to the Super contributions option.

Business expenses option

To be eligible for a Business expenses benefit, the life insured must be under the regular care of, and following the advice of, a *medical practitioner*. He/she must be unable to earn his/her *pre-disability business earnings* from his/her *usual occupation* until the end of the *waiting period*.

When the Business expenses benefit is payable

The Business expenses benefit is payable after expiry of the *waiting period* if, until the expiry of the *waiting period*, solely as a result of a *sickness* or *injury*, while the policy is in force and before termination of the option:

- the life insured's *pre-disability business earnings* from his/her *usual occupation* has reduced by 20 per cent or more, or
- the life insured is unable to perform one or more *business income producing duties* of his/her *usual occupation* or
- the life insured is unable to perform the *business income producing duties* of his/her *usual occupation* for more than 10 hours per week.

The Business expenses benefit payable after expiry of the *waiting period* will be calculated on a monthly basis as the lesser of:

- the monthly Business expenses benefit and
- *eligible business expenses* incurred in that month less:
 - *business earnings* received during that month and
 - any other income, net of expenses, produced for the life insured or any other person from any source as a result (directly or indirectly) of the provision of the life insured's personal services with respect to the covered business and which relate to the period of disability.

'Income' for this purpose includes salaries, fees, bonuses and commissions and the like, but excludes income from any deferred compensation plans, disability income policies or retirement policies.

We will continue to pay the Business expenses benefit until any one of the following events occurs:

- the *sickness* or *injury* giving rise to the claim does not prevent the life insured generating his/her *pre-disability business earnings*
- the policy terminates
- the death of the life insured

- the life insured is no longer under the regular care of a *medical practitioner* with regard to treatment for the *sickness or injury*
- the life insured ceases to follow the treatment recommended by a *medical practitioner* at such intervals and frequency as will lead to a cure, alleviation or minimisation of the condition causing his/her disability
- the *benefit period* ends.

The *benefit period* will be extended if, after the Business expenses benefit has been paid continuously for 12 months, the total amount paid is less than 12 times the monthly Business expenses benefit. The *benefit period* will be extended:

- for 12 months or
- until the total amount paid equals 12 times the monthly Business expenses benefit

whichever happens first.

We pay a proportion of the Business expenses benefit twice monthly when the claim requirements have been provided, with the first payment due 15 days after the *waiting period* ends. When the claim ends before the next payment due date, we will pay 1/30th of the Business expenses benefit for each day less than 15 days.

Depending on policy ownership, the Business expenses benefit and a *monthly benefit* may be directed to be paid to different parties. If the policy owner is:

- the life insured, the policy owner may direct us to pay the Business expenses benefit directly to the policy owner's *business*
- the *business*, the policy owner may direct us to pay a *monthly benefit* directly to the life insured.

Where we do not receive a written direction to pay a benefit under the above provisions to a different party, the benefit is payable to the policy owner.

Exclusions – Business expenses benefit

No amount will be payable for *sickness or injury* occurring as a direct or indirect result of any one or more of the following:

- an intentional self-inflicted act
- attempted suicide
- *uncomplicated pregnancy or childbirth*
- an act of war (whether declared or not)
- any event or medical condition specified as an exclusion on the policy schedule.

Lump sum accident option

The Lump sum accident benefit is payable if the life insured suffers an *injury*, while the policy is in force and before the expiry date shown on the policy schedule, which causes, within 180 days of the accident, one of the events set out below. The lump sum payable will be the percentage set out below of the Lump sum accident benefit amount shown on the policy schedule.

'Loss' means that the life insured cannot use and will never be able to use that body part again. In the case of the eye, it means that the life insured will never be able to see again from that eye.

Restriction – Lump sum accident option

We will only pay an amount under this option once during the life of the policy.

Event	Percentage of Lump sum accident benefit amount
<i>accidental death</i>	100 per cent
Total and permanent loss of:	
both hands or both feet or sight in both eyes	100 per cent
one hand and sight in one eye	100 per cent
one foot and sight in one eye	100 per cent
one hand and one foot	100 per cent
one arm or one leg	75 per cent
one hand, one foot or sight in one eye	50 per cent
thumb and index finger from same hand	25 per cent
thumb or index finger	15 per cent
two or more fingers	15 per cent
one finger	5 per cent

Day 4 accident option

The Day 4 accident benefit is payable if the life insured is disabled due to an *injury* for more than three consecutive days during the *waiting period*. If the life insured's *pre-disability income* has reduced by 20 per cent or more, and he/she is not working in any occupation solely due to that *injury*, we will pay 1/30th of the Income benefit for each day of the *waiting period* for so long as the life insured continues to meet these criteria solely due to his/her *injury*.

Trauma option

The Trauma benefit is payable if, while the Income benefit or Specified injury benefit is payable, the life insured:

- suffers a specified Trauma
- dies after the *waiting period*.

Trauma option – benefit for specified trauma

We will pay an additional monthly benefit, as follows:

- for standard or comprehensive cover, we will double the *monthly benefit* for up to six months
- for premier cover, we will pay an amount equal to the *monthly benefit* for up to six months (in addition to the Trauma benefit if payable).

The benefit is payable if the life insured survives for at least 14 days after suffering any of the traumas in the *trauma events – extended list*.

Some trauma events in the list are marked with an asterisk (*). We will not pay a benefit for any trauma event marked with an asterisk which occurs or becomes apparent within 90 days of:

- the date an application for Zurich Income Replacement (including a fully completed Life Insured's Statement) is lodged with us
- the latest reinstatement of the policy.

We will waive this 90 day elimination period if the Trauma benefit under this policy replaces cover for the same insured event for the life insured with us or another insurer, but only to the extent of the benefit amount replaced, and only if the life insured is not within our or the other insurer's 90 day elimination period.

A Trauma benefit will only be paid once for each insured event and no benefit will be payable after the benefit expiry date shown on the policy schedule.

The occurrence of the trauma must be confirmed by our medical advisers and, for this purpose, we reserve the right to require the insured to undergo an examination or other reasonable tests, at our expense.

Trauma option – benefit paid on Death

We will pay a lump sum of three times the *insured monthly benefit* on the death of the life insured prior to the expiry date shown on the policy schedule.

Future insurability option

The Future insurability benefit allows increases to the *insured monthly benefit* (and any super contributions monthly benefit) by up to 15 per cent on every *policy anniversary* after this option begins, without reassessment of the life insured's personal circumstances. We must receive notification in writing within 30 days of the relevant *policy anniversary* for the increase to apply. The increase cannot be made:

- if the *policy anniversary* following the life insured's 54th birthday has already passed
- if we are currently paying benefits or have ever paid benefits under the policy
- to the extent that after the increase, the *insured monthly benefit* will be more than 75 per cent of the life insured's average monthly *pre-tax income* at that date
- to the extent that after the increase, the super contributions monthly benefit will be more than the actual average monthly superannuation contributions the life insured or the life insured's employer made in the preceding 12 months (indemnity only).

If the premier *level of cover* applies, this option is an in-built benefit, and will not appear as an optional extra benefit on the policy schedule, however, the situations under which an increase cannot be made will still apply.

Restrictions and limitations – Future insurability option

This benefit is not available to the life insured if the *insured monthly benefit* has been issued with a medical loading (shown on the policy schedule).

If the *insured monthly benefit* has been financially endorsed by us, the endorsement specifically doesn't apply to any increase made under this option. We reserve the right to request financial evidence to justify increases made under this option if a claim is made.

The sum of all increases under this benefit cannot exceed the *insured monthly benefit* amount applying to the life insured on the benefit start date.

Any increase under this benefit cannot cause the *insured monthly benefit* amount applying to the life insured to exceed \$30,000.

Booster option

The Booster benefit is payable if we are paying the maximum *monthly benefit* under the policy for the first 30 days after the *waiting period* prior to the expiry date shown on the policy schedule. We will increase the *monthly benefit* by one third for that 30 day period.

Family care option

This option only applies where the policy owner is also the life insured.

The Family care benefit is payable if the life insured dies while a *monthly benefit* is being paid, and leaves a surviving *spouse*. We will continue to pay the *spouse* a *monthly benefit* for up to five years after death while the *spouse* remains alive, but not beyond the balance of the *benefit period* or the expiry date shown on the policy schedule, if earlier.

The amount payable will be adjusted in the same manner that would have occurred had the life insured continued living.

Severe disability option

The Severe disability benefit is payable if the life insured has been continuously unable due to *sickness* or *injury* to perform at least two *activities of daily living* for more than three months while the policy is in force and before the termination of this option. We will increase the payment by one third while this condition continues and either the Income benefit or the Specified injury benefit is payable. We will pay this benefit until the end of the *benefit period* or to the expiry date shown on the policy schedule, whichever occurs first.

Restrictions and limitations – Severe disability option

No claim is payable within 90 days of the first time Severe disability option is shown on the policy schedule if the option is added to the policy after the policy commencement date.

Needlestick cover option

When the Needlestick benefit is payable

We will pay a lump sum equal to the amount insured under this option if the life insured becomes infected with HIV (Human Immunodeficiency Virus), hepatitis B or hepatitis C as a result of an accident occurring during the course of the life insured's normal occupation.

Any accident giving rise to a potential claim must be reported to us within 7 days of the accident.

In the event of a claim we must be provided with all of the following:

- proof of the occupational accident that gave rise to the infection including the incident report and the names of any witnesses to the accident
- proof that the accident involved a definite source of the relevant infection

- proof that a new infection with either HIV, hepatitis B or hepatitis C has occurred within six months of the documented accident, demonstrating sero-conversion from:
 - HIV antibody negative to HIV antibody positive
 - hepatitis C antibody negative to hepatitis C antibody positive
 - hepatitis B surface antigen negative to hepatitis B surface antigen positive
- access to test independently all the blood samples used.

Restrictions and limitations – Needlestick cover option

The maximum combined amount we will pay for either:

- *occupationally acquired HIV* and
- *occupationally acquired hepatitis B or C*

under all policies issued by us is \$2,000,000. This does not include any TPD benefits or *monthly benefit* in respect of the life insured.

Exclusions – Needlestick benefit

A benefit will not be payable if:

- HIV, hepatitis B and hepatitis C is contracted by any other means
- a medical cure is found for Acquired Immune Deficiency Syndrome (AIDS) or the effects of the HIV virus, hepatitis B or hepatitis C (as applicable) or in the event of a treatment being developed and approved which makes these viruses inactive and non-infectious
- the life insured elects not to take an available medical treatment which results in the prevention of hepatitis B or C prior to making a claim.

Spouse cover option

This option only applies for the covered *spouse* named on the policy schedule. Only one person can be covered under this option and each person can only be covered under one Zurich Income Replacement policy.

The Spouse cover benefit is payable if:

- the covered *spouse* is unable, because of *sickness* or *injury*, to perform each and every daily home duty and
- a *medical practitioner* confirms the need for home help for the covered *spouse*

during the *waiting period*, but only while this continues after the end of the *waiting period*.

We will pay the Spouse cover benefit to the policy owner (or directly to the *spouse*, with written instructions to do so) from the end of the *waiting period*, but not beyond the expiry date shown on the policy schedule or the *policy anniversary* following the *spouse's* 60th birthday.

The Spouse cover benefit payable is:

- a monthly amount to reimburse fees paid for home duties such as cooking and cleaning up to \$700 and for a maximum of the *benefit period* that applies to the life insured
- a monthly amount to reimburse child care costs for children under 12 years, up to \$1,300 and for a maximum of the *benefit period* that applies to the life insured
- a monthly amount of \$2,000 to help with additional living expenses, for a maximum *benefit period* of 2 years.

Restrictions and limitations – Spouse cover option

We will not pay a benefit if the covered *spouse* is disabled due to any one or more of the following:

- intentional self-inflicted act
- attempted suicide
- *uncomplicated pregnancy or childbirth*
- an act of war (whether declared or not)
- *mental disorder*
- any event specified as an exclusion on the policy schedule.

A Rehabilitation benefit is also payable if the Spouse cover benefit is payable, as follows:

Spouse cover option – home modification

This benefit provides assistance if the covered *spouse’s* home needs modification to allow the covered *spouse* to return to carrying out the home duties. We will pay up to \$6,000 for expenses incurred in carrying out the modification.

Spouse cover option – rehabilitation program

If the covered *spouse* takes part in a *rehabilitation program*, we will pay up to an additional \$1,000 each month after the *waiting period* for up to 12 months.

Spouse cover option – rehabilitation costs

We will pay up to \$12,000 for the expenses of rehabilitating the covered *spouse*. We will not cover health costs which are typically covered by Medicare or private health insurance.

The expenses must be incurred while the Spouse cover benefit is payable and, to receive the benefit, our written approval must be obtained before expenses are incurred.

The Rehabilitation benefit is payable only once in relation to the same or related cause.

Related policies – Additional conditions

If this Zurich Income Replacement policy is related to another Zurich Income Replacement policy or a Zurich Superannuation Income Replacement policy, as shown on the policy schedules, the following conditions will apply and, to the extent of any inconsistency, will override.

The Income benefit is split across the two related policies, so that the *related super policy* contains an indemnity *insured monthly benefit* and the *related income policy* contains the balance of cover on an agreed value basis, up to the *insured monthly benefit* (the Income superlink benefit).

In the event of a claim, the claim will be assessed under the *related super policy* first based on indemnity cover. If the life insured qualifies for a benefit under the *related super policy*, the benefit is payable to the trustee. Where the benefit paid under the *related super policy* is less than the amount that would be payable under the *related income policy*, we will pay the balance of cover under the *related income policy* on an agreed value basis, up to the *insured monthly benefit*.

The following tables show which other in-built benefits form part of each policy.

In-built benefits	related super policy		
	standard	comprehensive	premier
Level of cover			
Waiver of premium	X	X	X
Inflation protection	✓	✓	✓
Rehabilitation benefit	X	X	X
Specified injury benefit	X	X	X
Funeral benefit	✓	✓	✓
Confined to bed benefit		✓	✓
Special care benefit		X	X
Family support benefit			X
Trauma benefit			X
Future insurability			✓

In-built benefits	related income policy (ordinary)		
	standard	comprehensive	premier
Waiver of premium	✓	✓	✓
Inflation protection	✓	✓	✓
Flexible cover benefit	✓	✓	✓
Rehabilitation benefit	✓	✓	✓
Specified injury benefit	✓	✓	✓
Funeral benefit	X	X	X
Confined to bed benefit		X	X
Special care benefit		✓	✓
Family support benefit			✓
Trauma benefit			✓
Future insurability			✓

Optional benefits only apply if they appear on the applicable policy schedule.

Termination of related policy

If the *related super policy* is terminated, the *related income policy* will also terminate.

If the *related income policy* is cancelled, the *related super policy* will continue in accordance with the policy's conditions. A new policy schedule will be issued indicating that there is no *related income policy*.

Related policies and standard in-built benefits

Specified injury benefit

If we pay a Specified injury benefit under the *related income policy*, the full benefit is payable and no further Specified injury benefit will be payable under the *related super policy*.

Rehabilitation benefit

If we pay a Rehabilitation benefit under the *related income policy*, the full benefit is payable and no further Rehabilitation benefit will be payable under the *related super policy*. We will use the combined Income benefit payable on both of the related policies when we calculate Rehabilitation benefits.

Funeral benefit

If we pay a Funeral benefit under the *related super policy*, the full benefit is payable to the trustee and no further Funeral benefit will be payable under the *related income policy*.

Confined to bed benefit

If we pay a Confined to bed benefit under the *related super policy*, the full benefit is payable to the trustee and no further Confined to bed benefit will be payable under the *related income policy*.

Special care benefit

If we pay a Special care benefit under the *related income policy*, the full benefit is payable and no further Special care benefit will be payable under the *related super policy*. We will use the combined Income benefit payable on both of the related policies when we calculate the Special care benefit.

Family support benefit (premier)

If we pay a Family support benefit under the *related income policy*, the full benefit is payable to the *spouse* and no further Family support benefit will be payable under the *related super policy*. We will use the combined Income benefit payable on both of the related policies when we calculate the Family support benefit.

Trauma benefit (premier)

If we pay a Trauma benefit under the *related income policy*, the full benefit is payable and no further Trauma benefit will be payable under the *related super policy*.

Future insurability (premier)

Any increase in cover made under this benefit will apply to both the *related super policy* and the *related income policy*.

Waiver of premium

If we pay a benefit under the *related income policy*, a waiver of premium will apply to the *related income policy* and not to the *related super policy*. For the avoidance of doubt, the waiver of premium does not apply to the *related income policy* for any period when benefits are only payable under the *related super policy*.

Inflation protection

If the Inflation protection offer is rejected on either of the related policies, the offer is automatically rejected on both related policies.

Premium holiday

If a Premium holiday is activated, it must be activated on both related policies for the same period.

Related policies and optional benefits

The following options (if selected) are held on both the *related income policy* and the *related super policy*. If a benefit is payable, it will be paid under both the *related income policy* and the *related super policy*, but the total benefit payable will be split across both related policies in the same proportion as the total *monthly benefit*.

- Super contributions option
- Day 4 accident option
- Booster option
- Severe disability option.

The following additional terms apply to other options:

Increasing claims option

Any increase in cover under this option will apply to both the *related super policy* and the *related income policy*.

Lump sum accident option

Any Lump sum accident benefit payable under this option is only payable under the *related income policy*.

Trauma option

Any Trauma benefit payable under this option is only payable under the *related income policy*.

Future insurability option

Any increase in cover under this option will apply to both the *related super policy* and the *related income policy*.

Family care option

Any Family care benefit payable under this option is only payable under the *related income policy*.

Needlestick cover option

Any Needlestick benefit payable under this option is only payable under the *related income policy*.

Spouse cover option

Any Spouse cover benefit payable under this option is only payable under the *related income policy*.

Zurich Superannuation Term Life Plus

The issuer of Zurich Superannuation Term Life Plus is Zurich Australian Superannuation Pty Limited which is the trustee of the Zurich Master Superannuation Fund (the fund). The issuer of life insurance under this policy (and the administrator of this policy) is Zurich Australia Limited.

These policy conditions apply to Zurich Superannuation Term Life Plus, and are issued by Zurich Australia Limited to Zurich Australian Superannuation Pty Limited.

The policy schedule shows the life insured covered under the policy and shows the Death benefit amount (if applicable) and the TPD benefit amount (if applicable) that applies. It also shows any optional benefits provided and whether the policy has a *related protection policy*.

If a *related protection policy* is shown, additional conditions apply (see the section 'Related policies – Additional benefits and conditions' on page 49).

A life insured is only covered for the benefits and for the amounts applying to that life insured as shown on the policy schedule until the applicable benefit expiry dates.

Optional benefits or increases in cover may be applied for, but our acceptance is subject to consideration of the life insured's personal circumstances including health, occupation and pastimes.

Cover is automatically increased in line with inflation each year under the Inflation protection benefit unless we are directed not to make these increases.

We will not refund *premiums* paid during a period when the life insured was ineligible to contribute to superannuation under relevant laws.

These policy conditions for Zurich Superannuation Term Life Plus are set out in the following order:

- Death benefits
- Total and Permanent Disablement (TPD) benefits
- standard in-built benefits (which apply to Death benefits and TPD benefits)
- optional benefits.

Death benefits

Death benefit

The Death benefit amount is payable upon the death of the life insured, if covered for this benefit:

- while this policy is in force and
- before termination of the Death benefit.

Terminal illness benefit

An advance payment of the Death benefit is payable if the life insured is covered for the Death benefit and is diagnosed as *terminally ill*:

- while this policy is in force and
- before termination of the Death benefit.

Advancement for funeral expenses

While a claim for the Death benefit is being settled, we may advance up to \$15,000 of the benefit towards payment of funeral expenses.

Buy back death benefit (TPD)

If the life insured is covered for Death and TPD (as shown on the policy schedule) the amount by which the Death benefit for the life insured is reduced as a result of the payment of the TPD benefit is reinstated without providing any evidence of the life insured's personal circumstances, on the date 12 months after payment of the TPD benefit.

A Buy back death benefit opportunity can only be exercised before the *policy anniversary* following the life insured's 74th birthday and within 30 days of the applicable opportunity date. Future insurability does not apply to any repurchased Death benefit.

The *premium* applying to the Death cover repurchased will be based on our then current rates and the life insured's age, gender, smoking status and any premium loadings which applied to the Death cover which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover repurchased.

A Buy back death benefit opportunity may be exercised by accepting our offer in writing.

Exclusions – Death benefit

No claim is paid if the life insured's death is caused directly or indirectly by an event or condition specified on the policy schedule or by suicide within 13 months of:

- the Death benefit start date
- the benefit start date of any increase in the Death benefit applied for (but only in respect of the increase) or
- the latest reinstatement of the policy.

We will waive this exclusion if, immediately prior to the commencement of this benefit, the life insured had death cover which was in force for at least 13 consecutive months

(without lapsing and/or reinstatement) with us or another insurer, and we agreed to replace this cover. The waiver will only apply up to the amount we agreed to replace.

Benefit adjustments – Death benefit

The Death benefit applying to the life insured is reduced by the amount paid or advanced, under any of the following:

- Terminal illness benefit
- Advancement for funeral expenses
- TPD benefit

The *premium* will be based on the reduced levels of cover from the next premium due date after payment of the relevant benefit.

Termination of the Death benefits

The benefits set out in this section of the policy terminate in relation to the life insured on the first to occur of:

- the payment of the total Death benefit amount
- the death of the life insured
- our receipt of written notification to terminate this benefit
- the Death benefit expiry date shown on the policy schedule
- termination of the policy (see Termination of the policy clause on page 4).

Conversion to a non-superannuation policy

The life insured may apply to us, while this policy is in force (or within 30 days of termination) and in a form that we approve, to convert the cover provided under this policy to cover under a non-superannuation policy. We will issue the new policy subject to standard policy issue requirements but we will not reassess the life insured's health, occupation and pastimes already disclosed to us. The policy provided will be a non-superannuation policy offering the most comparable cover, in our opinion, available at the time of the conversion. Once conversion is effected, this policy will terminate.

The policy owner may apply to us, after the life insured turns 65, to convert the cover provided under this policy to cover under non-superannuation terms. Conversion in these circumstances will be effected by way of a transfer of ownership from the policy owner to the life insured and a variation of the terms and conditions of this policy from the date of transfer to the terms and conditions of a non-superannuation policy offering the most comparable cover, in our opinion, available at the time of variation.

In both situations above, any exclusions or loadings that applied to the original cover will also apply to the new cover.

Total and Permanent Disablement (TPD) benefits

TPD benefit

The TPD benefit amount is payable if the life insured is covered for this benefit and meets paragraph (b)(i), (c) or (f) of the definition of *total and permanent disablement*:

- while this benefit and policy is in force and
- before termination of the TPD benefit.

However, from the *policy anniversary* following the life insured's 64th birthday:

- no benefit will be paid if the life insured meets paragraph (b)(i), or (c) of the definition of *total and permanent disablement*, and
- the benefit amount is limited to a maximum of \$3,000,000.

If the life insured has been engaged in full-time home duties in his/her own residence for more than six consecutive months prior to the onset of the *sickness or injury* leading to *total and permanent disablement* then no benefit will be paid if the life insured meets paragraph (b)(i) of the definition of *total and permanent disablement* (on page 62).

The policy schedule shows whether:

- standard 'any' occupation TPD or
- Double 'any' occupation TPD

is provided for the life insured and if so, the benefit amount. If Double TPD applies, see also the Double TPD option on page 49.

Exclusions – TPD benefit

No claim is paid if the life insured's *total and permanent disablement* is caused directly or indirectly by:

- an intentional self-inflicted act or attempted suicide
- any event or medical condition specified as an exclusion on the policy schedule.

Benefit adjustments – TPD benefit

The TPD benefit applying to a life insured is reduced by any amount advanced under the Terminal illness benefit.

The *premium* will be based on the reduced levels of cover from the next premium due date after payment of the relevant benefit. Where there is more than one TPD cover, where such a reduction applies, the reduction in cover will be proportional across all TPD benefits.

Termination of the TPD benefits

The TPD benefits terminate in relation to the life insured on the first to occur of:

- the payment of the total TPD benefit amount
- the death of the life insured
- on receipt of written notification to terminate this benefit
- the TPD benefit expiry date shown on the policy schedule
- termination of the policy (see Termination of the policy clause on page 4).

Standard in-built benefits

The following benefits are built into the Zurich Superannuation Term Life Plus policy, and apply regardless of the covers selected.

Inflation protection

The value of this insurance cover is protected against the impact of inflation by automatically increasing the benefit amounts each year.

This benefit applies to the Death benefit and the TPD benefit (if applicable). It also applies to cover which is bought back under the Buy back death benefit (if applicable). It does not apply to any cover bought back or reinstated under the Double TPD option.

The benefit amount is increased in respect of the life insured on each *policy anniversary* by the greater of:

- 5 per cent and
- the percentage increase in the *consumer price index* published for the quarter ending immediately prior to three months before the *policy anniversary* over that published for the quarter ending immediately prior to 15 months before that *policy anniversary*.

The increase may be rejected if it is not required. To reject the increase, contact us within 30 days of the *policy anniversary*.

Future insurability

Any Death benefit and/or TPD benefit applying for the life insured may be increased before his/her 55th birthday, without our reassessment of his/her personal circumstances, as long as:

- we have not paid a benefit and there is no entitlement to a benefit under this policy in relation to the life insured
- we or any other life insurer have not waived or are not waiving, premiums in relation to the life insured.

The option can be exercised within 30 days of the *policy anniversary* following any of the events set out below, on the terms specified:

(a) If the life insured:

- marries
- divorces
- becomes a parent (whether through the birth or adoption of a child),
- becomes a full-time carer
- becomes a widow or widower (through the death of a *spouse*)

the benefit amount can be increased by a minimum of \$10,000 and a maximum of the lesser of:

- 25 per cent of the Death benefit or TPD benefit amount applying to the life insured on the applicable benefit start date and
 - \$200,000.
- (b) If the life insured takes out for the first time or increases, his/her mortgage on his/her principal place of residence or if the life insured takes out a new investment property loan, the benefit amount can be increased by the lesser of:
- the amount of the new mortgage or investment property loan or the increase in the mortgage and
 - 25 per cent of the Death benefit or TPD benefit amount applying to the life insured on the applicable benefit start date and
 - \$200,000.
- (c) If a dependent child of the life insured starts secondary school, the benefit amount can be increased by a minimum of \$10,000 and a maximum of the lesser of:
- 25 per cent of the Death benefit or TPD benefit amount applying to the life insured on the applicable benefit start date and
 - \$200,000.
- (d) If the life insured experiences a significant increase in salary (minimum 15 per cent), the benefit amount can be increased by a minimum of \$10,000 and a maximum of the lesser of:
- 25 per cent of the Death benefit or TPD benefit amount applying to the life insured on the applicable benefit start date and
 - \$200,000.

Restrictions and limitations – Future insurability

The accumulative sum of all increases under this benefit cannot exceed the lower of the cover amount applying to the life insured on the applicable benefit start date and \$1,000,000.

In any 12 month period increases are limited to 50 per cent of the cover amount applying to the life insured on the applicable benefit start date.

The TPD benefit amount cannot be increased if the increase would cause the TPD benefit amount to exceed our *maximum underwriting limit*.

We retain the right to confirm the life insured's occupation in relation to any increase in the TPD cover amount for the life insured and eligibility and *premiums* in relation to the increased amount will be based on the life insured's occupation at the time of increase.

For the first six months after an increase under this benefit:

- any increased Death benefit amount in relation to the life insured is only payable in the event of the life insured's *accidental death*
- any increased TPD benefit amount in relation to the life insured is only payable in the event his/her *total and permanent disablement* is caused by an *accidental injury*.

This benefit will not apply to any cover bought back or reinstated under another policy benefit or option.

Financial planning advice

We will reimburse up to \$3,000 towards the cost of financial planning advice required as a result of a benefit paid under this policy. We may ask to see sufficient proof of the expense.

Premium holiday

A Premium holiday can be activated by request, on any policy which has been continuously in force for a period of at least 12 months. A premium holiday can be activated for a 3, 6, 9 or 12 month period starting from the latest unpaid premium due date.

When a premium holiday is activated we will confirm in writing:

- the premium holiday start date
- the premium holiday end date and
- the next premium due date.

From the premium holiday start date until the premium holiday end date ('premium holiday period'):

- the policy is not in force for any life insured
- *no premiums* are required in respect of that period and
- Inflation protection increases will continue to be offered if a *policy anniversary* passes.

No benefits are payable for an insured event which occurs:

- during the premium holiday period or
- in the first 90 days after the premium holiday end date.

No benefits are payable for an insured event which first becomes apparent (including any diagnosis or if any circumstances or symptoms leading to a claim arise):

- before the premium holiday start date (unless all elements of the insured event are fully satisfied before the premium holiday start date)
- during the premium holiday period or
- in the first 90 days after the premium holiday end date.

If we receive the requested *premium* within 30 days of the next premium due date, the policy will be back in force automatically on the premium holiday end date, subject to the above exclusions. The *premiums* that would have applied if the premium holiday had not occurred will recommence and become payable.

If the requested *premium* is not paid within 30 days of the next premium due date, the policy will terminate.

Subject to our approval and on any terms we determine in addition to the above, a Premium holiday which has already started can end prior to the agreed premium holiday end date.

Restrictions and limitations – Premium holiday

A premium holiday cannot be used to access *premiums* that have already been paid. We will not refund any paid *premiums* under this provision.

Any subsequent Premium holiday must be separated by 12 months during which all requested *premiums* are paid on the policy.

A Premium holiday may only be used once in any 12 month period and a maximum total period of 12 months of Premium holiday is available over the life of the policy.

Optional benefits

The policy schedule shows the optional benefits applying under the policy and, if applicable, the benefit amount(s). The policy schedule also shows the expiry date applying to each optional benefit. The life insured is only covered for these optional benefits if specified on the policy schedule. A policy cannot exist if it only includes optional benefits.

Accidental death option

When the Accidental death benefit is payable

The Accidental death benefit amount is payable if the life insured is covered for this benefit and suffers *accidental death* which is sustained:

- while both this benefit and the policy is in force and
- before termination of the Accidental death option.

Exclusions – Accidental death option

No claim is paid where the *injury* causing the life insured's *accidental death*:

- is the result of the life insured's suicide
- is the result of any event specified as an exclusion on the policy schedule or
- occurs within 90 days of the Accidental death option start date shown on the policy schedule (if the option is added to the policy after the policy commencement date).

Termination of Accidental death option

The Accidental death option terminates in relation to the life insured on the first to occur of:

- the payment of the Accidental death benefit amount
- the death of the life insured
- on receipt of written notification to terminate this option
- the Accidental death benefit expiry date shown on the policy schedule or
- termination of the policy (see Termination of the policy clause on page 4).

Business future cover option

This option allows increases in the Death benefit and/or TPD benefit on a specified trigger event, without the need to provide further health evidence.

When the Business future cover option can be used

This benefit allows an increase to:

- the Death benefit amount (if applicable) in relation to the life insured prior to the life insured's 65th birthday or
- TPD benefit amount (if applicable) in relation to the life insured prior to the life insured's 60th birthday

without our reassessment of his/her personal circumstances, as long as:

- we have not paid a benefit and there is no entitlement to a benefit under this policy
- we or any other life insurer have not waived or are not waiving, premiums in relation to the life insured.

The option can only be exercised once in any policy year within 30 days of the trigger event.

Trigger events for an increase in cover under Business future cover option

- If the policy is for loan/guarantor protection and if the *loan guarantee* increases.
- If the policy is for buy-sell and if the value of the life insured's interest in the *business* increases.

Restrictions and limitations – Business future cover option

The maximum amount up to which the Death cover can be increased under this option is the lower of:

- three times the cover at the Death benefit start date or
- \$15,000,000.

The maximum amount up to which the TPD cover can be increased under this option is the lower of:

- three times the cover at the TPD benefit start date or
- \$5,000,000.

We will not increase the Death benefit or TPD benefit amount under this option if the total amount of cover applying to the life insured for all policies from all sources (including any policies issued by other insurance companies) would exceed our *maximum underwriting limit* or would exceed (depending on the purpose of the policy):

- the *loan guarantee* or
- the value of the life insured's interest in the *business*.

If the Death benefit or TPD benefit amount was less than 100 per cent of the *value of the business* or the *loan guarantee* or the value of the life insured's interest in the *business* then the relevant cover amount applying to the life insured can only be increased under this option to an equivalent percentage of the *value of the business*, *loan guarantee* or the value of the life insured's interest in the *business* at the time of any application to increase the cover.

The provisions of this option do not apply to any cover which is bought back or reinstated under another policy benefit or option.

If the Business future cover option is not used in three consecutive policy years, then further increases cannot be made under this option unless it can be demonstrated to our satisfaction that financial evidence relating to the *business* and the purpose identified, in respect of that period, did not support an increase in the cover.

Applying for an increase – Business future cover option

The increase must be applied for within 30 days of the trigger event, and we must be provided with proof of the event which is satisfactory to us.

An application for an increase must be made by the life insured in writing and include appropriate evidence of the trigger event. Depending on the purpose of the policy, that will be:

- evidence of the *loan guarantee*, and any other contractual or financial evidence we may request, to satisfy us that the value of the life insured's financial interest is at least equal to the requested increased amount of cover
- a *valuation of the business* (as provided by an independent qualified accountant or business valuer), and any other contractual or financial evidence we may request, to satisfy us that the value of the life insured's interest in the *business* is at least equal to the requested increased amount of cover.

The valuation method used must be the same method of valuation used when the option is applied for and accepted.

The independent qualified accountant or business valuer cannot be the life insured's family member, business partner, employee or employer.

If an application is made to increase the Death benefit the TPD benefit (if applicable) does not have to be increased at the same time. However, if an application is made to increase the TPD benefit, then the Death benefit must be increased by at least the same amount at the same time. Any increase in the benefit must be approved by us.

Termination of the Business future cover option

The Business future cover option terminates on the first to occur of:

- the death of the life insured
- on receipt of written notification to terminate this option
- termination of the policy (see Termination of the policy clause on page 4).

Double TPD option

If the life insured is covered for Double 'any' occupation TPD (as shown on the policy schedule) the amount by which the Death benefit for the life insured is reduced as a result of the payment of the Double TPD benefit is reinstated, if:

- the life insured survives for 14 days after the date the Double TPD benefit is paid
- this occurs before the *policy anniversary* following the life insured's 64th birthday and
- the TPD benefit is not payable within 90 days of the Double TPD option start date shown on the policy schedule if the option is added to the policy after the policy commencement date.

The *premium* in respect of the Death benefit amount reinstated is waived until the Death benefit expiry date.

Restrictions and limitations – Double TPD option

On the *policy anniversary* following the life insured's 64th birthday, the Double TPD cover will automatically convert to standard TPD cover.

Related policies – Additional benefits and conditions

If this policy is related to a Zurich Protection Plus policy (the *related protection policy*), additional terms apply to the Zurich Superannuation Term Life Plus policy. These additional terms:

- apply in addition to the conditions for the relevant benefit or option specified elsewhere in these policy conditions, but
- only apply if the relevant benefit or option is selected.

Buy back death (additional benefit)

The Death cover for a life insured which was reduced as a result of the payment of the Trauma benefit (other than a Partial trauma benefit) or the TPD benefit (other than a Partial TPD benefit) on a *related protection policy* can be repurchased without providing any evidence of the life insured's personal circumstances, as follows:

- up to one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 12 months after the payment of the Trauma benefit
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 24 months after the payment of the Trauma benefit
- up to a further one third of the Trauma benefit amount paid (excluding any Paralysis booster benefit) can be bought back on the date 36 months after the payment of the Trauma benefit
- the full TPD benefit amount paid can be bought back on the date 12 months after the payment of the TPD benefit.

A Buy back death benefit opportunity can only be exercised before the *policy anniversary* following the life insured's 74th birthday and within 30 days of the applicable opportunity date. Future insurability does not apply to any repurchased Death benefit.

The *premium* applying to the Death cover repurchased will be based on our then current rates and the life insured's age, gender, smoking status and any premium loadings which applied to the Death cover which was reduced. Any exclusions which applied to the cover reduced will also apply to the cover repurchased.

A Buy back death benefit opportunity can be excised by accepting our offer in writing.

Related policies and standard in-built benefits

Future insurability

In addition to the conditions specified for this benefit, if the policy has a *related protection policy*, the maximum TPD benefit amount up to which cover can be increased under this option cannot exceed the Death benefit amount on this policy.

Benefit adjustments

In addition to the benefit adjustments specified, the Death benefit applying to the life insured is also reduced by the amount paid or advanced, under any TPD, Partial TPD, Trauma or Partial trauma benefit on a *related protection policy*.

Inflation protection

If the Inflation protection offer on a *related protection policy* is rejected in respect of the same life insured, then the offer under this policy is automatically also rejected.

Premium holiday

If a Premium holiday is activated, it must be activated on both related policies for the same period.

Termination of related policy

If this policy is terminated, any *related protection policy* will also terminate.

If a *related protection policy* is cancelled, this policy will continue in accordance with the policy's conditions. A new policy schedule will be issued indicating that there is no *related protection policy*. The *premium* applying to the TPD option (if applicable) will increase and be based on our then current rates for the TPD option without a *related protection policy*.

Related policies and optional benefits

TPD benefit

If the life insured is insured under both TPD cover on this policy and Trauma cover on a *related protection policy* and a claim for the same insured event can be made under both covers, we will only pay under the Trauma cover and will not pay under the TPD cover unless the TPD sum insured is higher, in which case, we will also pay a TPD benefit of the difference in the sums insured.

Notwithstanding any benefit or option under this policy, the TPD benefit amount under this policy cannot be increased above the TPD benefit amount on the *related protection policy* or decreased below it.

Benefit adjustment: In addition to the benefit adjustments specified, the TPD benefit applying to the life insured is also reduced by the amount paid or advanced, under any TPD, Partial TPD, Trauma or Partial trauma benefit on a *related protection policy*.

Business future cover option

In addition to the conditions specified for this benefit, if the policy has a *related protection policy*, the maximum TPD benefit amount up to which cover can be increased under this option cannot exceed the Death benefit amount on this policy.

Zurich Superannuation Income Replacement

The issuer of Zurich Superannuation Income Replacement is Zurich Australian Superannuation Pty Limited which is the trustee of the Zurich Master Superannuation Fund (the fund). The issuer of life insurance under this policy (and the administrator of this policy) is Zurich Australia Limited.

These policy conditions apply to Zurich Superannuation Income Replacement, and are issued by Zurich Australia Limited to Zurich Australian Superannuation Pty Limited (trustee).

The policy schedule shows the life insured covered under the policy and shows the *insured monthly benefit* amount that applies. It also shows any optional benefits provided and whether the policy has a *related protection policy*.

If a *related protection policy* is shown, additional conditions apply (see the section 'Related policies – Additional conditions' on page 57).

The benefits provided by the Zurich Superannuation Income Replacement policy are set out below. The benefits that apply to the policy will depend on the *level of cover* selected. Each benefit description in this section indicates whether it applies to the standard and/or comprehensive *level of cover* and (if applicable) sets out provisions that apply to each *level of cover*. If the *level of cover* shown on the policy schedule is not listed under a benefit description, then that benefit does not apply to the policy.

Optional benefits or increases in cover may be applied for, but our acceptance is subject to consideration of the life insured's personal circumstances including health, occupation and pastimes.

Optional benefits are described in the Optional benefits section starting on page 55.

Cover is automatically increased in line with inflation each year under the Inflation protection benefit unless we are directed not to make these increases.

We will not refund *premiums* paid during a period when the life insured was ineligible to contribute to superannuation under relevant laws.

Income benefit

Level of cover: comprehensive

To be eligible for the Income benefit, the life insured must be under the regular care of, and following the advice of, a *medical practitioner*. He/she must be unable to earn his/her *pre-disability income* from his/her *usual occupation* until the end of the *waiting period*.

The Income benefit is payable after the expiry of the *waiting period* if, until the expiry of the *waiting period*, solely as a result of a *sickness* or *injury*, while the policy is in force and before termination of the policy:

- the life insured's *pre-disability income* from his/her *usual occupation* has reduced by 20 per cent or more, or
- the life insured is unable to perform one or more *income producing duties* of his/her *usual occupation* or
- the life insured is unable to perform the *income producing duties* of his/her *usual occupation* for more than 10 hours per week.

Level of cover: standard

To be eligible for an Income benefit, the life insured must be under the regular care of, and following the advice of, a *medical practitioner*. He/she must not work in any occupation for a period of at least 14 days and he/she must be unable to earn his/her *pre-disability income* from his/her *usual occupation* until the end of the *waiting period*.

The Income benefit is payable after the expiry of the *waiting period* if, until the expiry of the *waiting period*, solely as a result of a *sickness* or *injury*, while the policy is in force and before termination of the policy:

- the life insured's *pre-disability income* from his/her *usual occupation* has reduced by 20 per cent or more, or
- the life insured is unable to perform one or more *income producing duties* of his/her *usual occupation* or
- the life insured is unable to perform the *income producing duties* of his/her *usual occupation* for more than 10 hours per week.

Amount of benefit payable: standard/comprehensive

If at the expiry of the *waiting period* the life insured has no *post-disability income* then we will pay a benefit that is equal to the lesser of the *insured monthly benefit* and 75 per cent of the life insured's *pre-disability income*. Otherwise, the benefit we will pay after the expiry of the *waiting period* will be proportionate to the income loss and calculated on a monthly basis using the following formula:

$$\frac{\text{pre-disability income} - \text{post-disability income}}{\text{pre-disability income}} \times \text{insured monthly benefit}$$

When the Income benefit is payable until

We will continue to pay the Income benefit until any one of the following events occurs:

- the *sickness* or *injury* giving rise to the claim does not prevent the life insured earning his/her *pre-disability income* from personal exertion in his/her *usual occupation*
- the *benefit period* ends
- the policy terminates
- the death of the life insured
- the life insured is no longer under the regular care of a *medical practitioner* with regard to treatment for the *sickness* or *injury*
- the life insured is no longer following the treatment recommended by a *medical practitioner* at such intervals and frequency as will lead to a cure, alleviation or minimisation of the condition causing the disability.

If a claim is made while the life insured is outside Australia, we will only continue to pay the Income benefit if the life insured has a medical examination in Australia or in another country by a *medical practitioner* nominated or approved by us, every 12 months. We will pay for this medical examination, but not for transport to Australia or any other country.

We pay a proportion of the Income benefit twice monthly when the claim requirements have been provided, with the first payment due 15 days after the *waiting period* ends. When the claim ends before the next payment due date, we will pay 1/30th of the Income benefit for each day less than 15 days.

Restrictions and limitations – Income benefit

The Income benefit is subject to the superannuation restrictions and limitations described on page 54.

Funeral benefit**Level of cover: standard/comprehensive**

The Funeral benefit is payable if the life insured dies while this policy is in force and before termination of the policy. We will pay a lump sum of three times the *insured monthly benefit*.

If the life insured is also insured under another Zurich income policy, we will only pay this benefit once.

Confined to bed benefit**Level of cover: comprehensive**

The Confined to bed benefit is payable if, while the policy is in force and before termination of the policy, the life insured is *confined to bed* because of *sickness* or *injury* for more than two days in a row and during that period, is totally dependent on the full-time care of a *nurse* or a *personal care attendant* and unable to earn any income from personal exertion.

We will pay the Confined to bed benefit for each complete month or 1/30th of the Confined to bed benefit for each day that this benefit is payable. This benefit is only payable during the *waiting period* to a maximum of 180 days.

The Confined to bed benefit will be the lesser of the *insured monthly benefit* and 75 per cent of the life insured's *pre-disability income*.

Other policy features, exclusions and conditions**Inflation protection****Level of cover: standard/comprehensive**

The Inflation protection benefit protects the value of the insurance cover against the impact of inflation by offering the opportunity to adjust for this with indexation increases.

Each *policy anniversary* prior to the life insured's 65th birthday, the *insured monthly benefit* can be increased by the percentage increase in the *consumer price index* published for the quarter falling immediately prior to three months before the *policy anniversary* over that published for the quarter falling immediately prior to 15 months before that *policy anniversary*.

The increase may be rejected if it is not required. To reject the increase, contact us within 30 days of receiving the offer.

Indexation increases will apply automatically while there is any entitlement to claim.

Indexation increases will cease on the *policy anniversary* following the life insured's 65th birthday.

Recurrent disability

Level of cover: standard/comprehensive

If the life insured's disability recurs from the same or related cause within 12 months of his/her returning to work, the claim will be considered to be a continuation of the same claim and a further *waiting period* will not apply.

If the life insured's disability recurs from the same or related cause later than 12 months after he/she returns to work, the claim will be considered to be a continuation of the same claim, but further Income benefits will only be payable after expiry of a further *waiting period*.

Where a 'continuation of the same claim' applies, the policy terms and conditions which apply to the claim will be those that applied at the original claim commencement date.

Employment related salary continuance

If a Zurich Superannuation Income Replacement policy is taken out with a two year *waiting period*, and the life insured is also covered by employment related salary continuance which has a two year *benefit period*, we will use the original start date of the claim when we assess the *waiting period*, excluding any periods where he/she has returned to work under recurrent disability provisions in that policy.

For Special Risk (SR) occupations

If the life insured's disability recurs from the same or related cause within six months of his/her returning to work, the claim will be considered to be a continuation of the same claim and a further *waiting period* will not apply.

If the life insured's disability recurs from the same or related cause later than six months after he/she returns to work, the claim will be considered to be a continuation of the same claim, but further Income benefits will only be payable after expiry of a further *waiting period*.

Where a 'continuation of the same claim' applies, the policy terms and conditions which apply to the claim will be those that applied at the original claim commencement date.

Concurrent disability

Level of cover: standard/comprehensive

If more than one separate and distinct *sickness* or *injury* resulted in the life insured's disability, payments will be based on the policy condition that provides the highest benefit.

Premium holiday

Level of cover: standard/comprehensive

A Premium holiday can be activated by request, on any policy which has been continuously in force for a period of at least 12 months. A premium holiday can be activated for a 3, 6, 9 or 12 month period starting from the latest unpaid premium due date.

When a premium holiday is activated we will confirm in writing:

- the premium holiday start date
- the premium holiday end date and
- the next premium due date.

From the premium holiday start date until the premium holiday end date ('premium holiday period'):

- the policy is not in force for any life insured
- no *premiums* are required in respect of that period and
- Inflation protection increases will continue to be offered if a *policy anniversary* passes.

No benefits are payable for an insured event which occurs:

- during the premium holiday period or
- in the first 90 days after the premium holiday end date.

No benefits are payable for an insured event which first becomes apparent (including any diagnosis or if any circumstances or symptoms leading to a claim arise):

- before the premium holiday start date (unless all elements of the insured event are fully satisfied before the premium holiday start date)
- during the premium holiday period or
- in the first 90 days after the premium holiday end date.

If we receive the requested *premium* within 30 days of the next premium due date, the policy will be back in force automatically on the premium holiday end date, subject to the above exclusions. The *premiums* that would have applied if the premium holiday had not occurred will recommence and become payable.

If the requested *premium* is not paid within 30 days of the next premium due date, the policy will terminate.

Subject to our approval and on any terms we determine in addition to the above, a Premium holiday which has already started can end prior to the agreed premium holiday end date.

Restrictions and limitations – Premium holiday

A premium holiday cannot be used to access *premiums* that have already been paid. We will not refund any paid *premiums* under this provision.

Any subsequent Premium holiday must be separated by 12 months during which all requested *premiums* are paid on the policy.

A Premium holiday may only be used once in any 12 month period and a maximum total period of 12 months of Premium holiday is available over the life of the policy.

More than one benefit at a time

Level of cover: standard/comprehensive

We will only pay one benefit, being the highest, for the same period where it would otherwise be possible to qualify for the following combinations of benefits:

- the Confined to bed benefit and the Day 4 accident benefit
- the Severe disability benefit and the Booster benefit.

Exclusions – all benefits

Level of cover: standard/comprehensive

No amount will be payable for *sickness* or *injury* occurring as a direct or indirect result of any one or more of the following:

- an intentional self-inflicted act
- attempted suicide
- *uncomplicated pregnancy or childbirth*
- an act of war (whether declared or not)
- any event or medical condition specified as an exclusion on the policy schedule.

We will not pay a benefit for a disability due to elective or donor transplant surgery unless the elective or transplant surgery occurred at least six months after:

- the start of the policy
- if the policy is ever reinstated, the date of reinstatement
- in respect of an increase in the *insured monthly benefit*, the date of the increase.

Superannuation restrictions and limitations

The payment of benefits is conditional upon the trustee's ability to pay the benefit in accordance with relevant superannuation legislation, as amended from time to time.

This may mean that:

- to qualify for a *monthly benefit*, the life insured must have, during the *waiting period*, ceased work for a period of at least one full day

- any *monthly benefit* payable will be offset by any sick leave entitlements payable to the life insured
- **the total benefit paid under the policy for any month (including the Income benefit and any other applicable in-built and optional benefits) will be capped. The total benefit payable plus any post-disability income cannot exceed 100 per cent of the life insured's pre-disability income,** and
- we will apply any additional restrictions or limitations as directed by the trustee in accordance with superannuation legislation and regulations.

Extending cover

(if the 'to age 65' benefit period applies and the life insured continues working)

On the *policy anniversary* following the life insured's 65th birthday, cover can be extended on a limited basis up to the *policy anniversary* following the life insured's 70th birthday if the life insured is still working in paid employment for more than 30 hours per week. An application must be made to us at least 60 days before the benefit expiry date shown on the policy schedule (but no more than 90 days before the benefit expiry date).

Limitations which apply to extended cover

The *benefit period* on extended cover is one year.

An Income benefit will only be payable if the life insured has no *post-disability income* (ie. no proportionate benefits are payable).

The extended cover does not apply if we are paying a benefit, or if we have paid a benefit at any time in the last 12 months.

Any optional benefits which were part of the original policy will cease to apply from the *policy anniversary* following the life insured's 65th birthday.

To age 70 benefit period

The following conditions apply if the age 70 *benefit period* is selected

After the *policy anniversary* following the life insured's 65th birthday:

- we will not pay a benefit under any optional benefits selected (as shown on the policy schedule) and
- the total amount we pay will be the applicable percentage (shown in the table on the next page) of total benefits otherwise payable under the policy. The applicable percentage at the commencement of a claim will apply for the duration of the claim.

Age at <i>policy anniversary</i> prior to claim commencing:	Percentage of total benefit payable
65	100 per cent
66	80 per cent
67	60 per cent
68	40 per cent
69	20 per cent

Conversion to a non-superannuation policy

The life insured may apply to us, in writing, to issue a new non-superannuation policy:

- within 30 days of the policy terminating because the life insured ceases to be a member of the fund, or
- at any time, if the life insured wishes to convert the cover provided under this policy to a non-superannuation policy.

We agree to issue the new policy subject to our standard policy issue requirements and subject to the terms of our standard non-superannuation policy which most closely resembles this policy at that time, but we will not reassess the life insured's health, occupation and pastimes.

The policy will terminate upon conversion.

Involuntary unemployment

Level of cover: standard/comprehensive

For all occupation categories, except Special Risk (SR), we will waive *premiums* for up to three months if the life insured is involuntarily unemployed, other than as a direct result of *sickness* or *injury* and if:

- the life insured is registered with an employment agency approved by us
- unemployment started at least 12 months after the start of the policy or, if the policy is ever reinstated, the date of reinstatement and
- each request to waive *premium* occurs at least 12 months after the end of any previous period of waived *premium*.

'Involuntary unemployment' means that the life insured becomes unemployed due to retrenchment, redundancy or employer insolvency. It does not mean retirement, unpaid leave, the end of a fixed term contract or dismissal from employment.

A total of twelve months *premium* may be waived during the life of the policy.

Optional benefits

The policy schedule shows the optional benefits applying under the policy and, if applicable, the benefit amount(s).

Each optional benefit terminates on the first to occur of:

- our receipt of written notification to terminate the option
- the optional benefit expiry date
- termination of the policy (see Termination of the policy clause on page 4).

The policy schedule also shows the expiry date applying to each optional benefit (or if not shown, the optional benefit expiry date is equal to that of the main policy). A life insured is only covered for these optional benefits if specified on the policy schedule. A policy cannot exist if it only includes optional benefits.

The benefits payable under these optional benefits are subject to the superannuation restrictions and limitations described on the previous page.

Increasing claims option

After each three continuous months of Income benefit payments, the Income benefit will be increased by the percentage increase in the *consumer price index* for the previous quarter.

Super contributions option

The super contributions monthly benefit (or a proportion thereof) is payable to a complying superannuation fund (as nominated by the member) at any time an Income benefit, Confined to bed benefit or Day 4 accident benefit is being paid.

The amount payable will be the super contributions monthly benefit multiplied by the proportion of the *insured monthly benefit* we are paying as an Income benefit or Confined to bed benefit or Day 4 accident benefit.

This is subject to a maximum of the actual average monthly superannuation contributions the life insured or the life insured's employer made in the 12 months preceding the claim.

Inflation protection, the Increasing claims benefit and the Future insurability option apply to the Super contributions option.

Restrictions and limitations – Super contributions option

The benefit payable under the Super contributions option is subject to:

- the superannuation restrictions and limitations described on page 54, and
- the benefit being preserved until the life insured meets a condition of release as defined under superannuation law other than temporary incapacity.

Day 4 accident option

The Day 4 accident benefit is payable if the life insured is disabled due to an *injury* for more than three consecutive days during the *waiting period*. If the life insured's *pre-disability income* has reduced by 20 per cent or more, and he/she is not working in any occupation solely due to that *injury*, we will pay 1/30th of the Income benefit for each day of the *waiting period* for so long as the life insured continues to meet these criteria solely due to his/her *injury*.

Future insurability option

The Future insurability benefit allows an increase to the *insured monthly benefit* (and any super contributions monthly benefit) by up to 15 per cent on every *policy anniversary* after this option began, without us reassessing the life insured's personal circumstances. We must be advised in writing of the desire to increase within 30 days of the relevant *policy anniversary*. The increase cannot be made:

- if the *policy anniversary* following the life insured's 54th birthday has already passed
- if we are currently paying disability benefits or have ever claimed disability benefits under the policy
- to the extent that after the increase, the *insured monthly benefit* will be more than 75 per cent of the life insured's average monthly *pre-tax income* at that date
- to the extent that after the increase, the super contributions monthly benefit will be more than the actual average monthly superannuation contributions the life insured or the life insured's employer made in the preceding 12 months.

Restrictions and limitations – Future insurability option

This benefit is not available to the life insured if the *insured monthly benefit* has been issued with a medical loading (shown on the policy schedule).

The sum of all increases under this benefit cannot exceed the *insured monthly benefit* amount applying to the life insured on the benefit start date.

Any increase under this benefit cannot cause the *insured monthly benefit* amount applying to the life insured to exceed \$30,000.

Booster option

The Booster benefit is payable if we are paying the maximum *monthly benefit* under the policy for the first 30 days after the *waiting period* prior to the expiry date shown on the policy schedule. We will increase the *monthly benefit* by one third for that 30 day period.

The benefit is only payable if the life insured has no *post-disability income*.

Severe disability option

The Severe disability benefit is payable if the life insured has been continuously unable due to *sickness* or *injury* to perform at least two *activities of daily living* for more than three months while the policy is in force and before termination of this option. We will increase the payment by one third while this condition continues and the Income benefit is payable. We will pay this benefit until the end of the *benefit period* or to the expiry date shown on the policy schedule, whichever occurs first.

Related policies – Additional conditions

If this Zurich Superannuation Income Replacement policy is related to a Zurich Income Replacement policy, as shown on the policy schedule, the following additional conditions will apply and, to the extent of any inconsistency, will override.

The Income benefit is split across the two related policies, so that the *related super policy* contains an indemnity *insured monthly benefit* and the *related income policy* contains the balance of cover on an agreed value basis, up to the *insured monthly benefit* (the Income superlink benefit).

In the event of a claim, a claim will be assessed under the *related super policy* first based on indemnity cover. If the life insured qualifies for a benefit under the *related super policy*, the benefit is payable to the trustee. Where the benefit paid under the *related super policy* is less than the amount we would have paid under the *related income policy*, we will pay the balance of cover under the *related income policy* on an agreed value basis, up to the *insured monthly benefit*.

Termination of related policy

If the *related super policy* is terminated, the *related income policy* will also terminate.

If the *related income policy* is cancelled, the *related super policy* will continue in accordance with the policy's conditions. A new policy schedule will be issued indicating that there is no *related income policy*.

Related policies and in-built benefits

Waiver of premium

If we pay a benefit under the *related income policy*, a waiver of premium will apply to the *related income policy* and not to the *related super policy*. For the avoidance of doubt, the waiver of premium does not apply to the *related income policy* for any period when benefits are only payable under the *related super policy*.

Inflation protection

If the Inflation protection offer is rejected on either of the related policies, the offer is automatically rejected on both related policies.

Premium holiday

If a Premium holiday is activated, it must be activated on both related policies for the same period.

Related policies and optional benefits

The following options (if selected) are held on both the *related income policy* and the *related super policy*. If a benefit is payable, it will be paid under both the *related income policy* and the *related super policy*, but the total benefit payable will be split across both related policies in the same proportion as the total *monthly benefit*.

- Super contributions option
- Day 4 accident option
- Booster option
- Severe disability option

The following additional terms apply to other options:

Increasing claims option

Any increase in cover under this option will apply to both the *related super policy* and the *related income policy*.

Future insurability option

Any increase in cover under this option will apply to both the *related super policy* and the *related income policy*.

Definitions

Note that Definitions for specified trauma conditions are grouped together for convenience and begin on page 64.

accidental death means the life insured dies as a result of sustaining bodily injury caused by accidental, violent, external and visible means where death occurs within three calendar months of the *injury* being sustained.

accidental injury means bodily injury caused by accidental, violent, external and visible means while this policy is current.

activities of daily living are:

- (1) bathing and showering
- (2) dressing and undressing
- (3) eating and drinking
- (4) using a toilet
- (5) moving from place to place by walking, wheelchair or with the assistance of a walking aid.

average monthly pre-tax income means 1/12th of *pre-tax income* in respect of either:

- the previous 12 months
- the previous financial year at the life insured's option.

benefit period means the maximum length of time that we will pay the Income benefit or Business expenses benefit (as applicable) for when the life insured suffers from the same or related *sickness* or *injury* during the life of the policy. The benefit period is shown on the policy schedule. All benefits cease, if not earlier, at the *policy anniversary* following the life insured's 70th birthday.

business means the entity on which we based our *underwriting* at the time the policy was applied for.

business earnings means income earned by the life insured's business or professional practice as the result of the life insured's personal services.

business income producing duties means duties which substantially contribute to *pre-disability business earnings*.

confined to bed means that a *medical practitioner* states (in writing) that the life insured is confined to bed and he/she needs the full-time care of a *nurse* or *personal care attendant* for more than two days in a row.

consumer price index means the 'Weighted Average of Eight Capital Cities Index' as published by the Australian Bureau of Statistics or, if that index ceases to be published or is substantially amended, such other index we will select.

direct family member means:

- the life insured's *spouse*
- the life insured's mother, father, mother-in-law, father-in-law or child.

eligible business expenses means the life insured's share of the expenses and outgoings incurred in running his/her business or professional practice. These may include:

- **premises**
 - insurance of premises
 - interest & fees on loan to finance premises
 - property rates/taxes
 - rent
 - repairs and maintenance

- **services**

- electricity
- fixed telephone and fax lines
- gas
- internet service provider
- mobile telephone
- postage and couriers
- water and sewerage

- **equipment**

- leasing of office equipment or machinery
- loan repayments (principal and interest) for equipment and machinery
- motor vehicle leasing (excluding taxi)
- insurance of vehicles and equipment
- registration of vehicles
- repairs and maintenance

- **salaries and related costs**

- salaries of employees who do not generate any business income, but not including any employees who are family members or who were not employees in the 90 days prior to the claim
- payroll tax on the above salaries
- superannuation (SGC) contributions for the above salaries

- **fixed contract costs**

- contracted maintenance costs for upkeep of premises eg. cleaning, security, but not including any services provided by family members

- **other eligible expenses**

- accounting and auditing fees
- bank fees and charges
- business insurances
- regular advertising costs
- interest and fees on business loan/s (not related to premises)
- professional association and membership fees
- subscriptions.

Eligible business expenses do not include:

- any expenses that are not regularly paid or payable
- cost of goods, merchandise or stock used in the life insured's profession, business or occupation
- depreciation of any kind
- items of a capital nature such as books, fixtures, fittings and furniture
- *premiums* payable on this policy
- salaries and related costs paid to the life insured, members of the life insured's family or employees who generate income.

eligible child means any child of the life insured (by birth, marriage or adoption) who has reached their 2nd birthday, but has not yet reached the *policy anniversary* following their 18th birthday. An eligible child is not a life insured under the policy.

fracture means any fracture resulting from an accident requiring fixation, immobilisation or plaster cast as treatment.

full-time paid employment means being employed or self-employed, working 26 hours or more per week and receiving appropriate remuneration.

income producing duties means duties which substantially contribute to *pre-disability income*.

injury means accidental bodily injury inflicted after the policy commencement date and while the policy is in force.

insured monthly benefit means the amount of monthly benefit applied for and accepted by us, plus indexation in accordance with the policy conditions. The insured monthly benefit will be set out in the original policy schedule and any subsequent updated policy schedule that we issue.

level of cover means either standard, comprehensive or premier, as shown on the policy schedule.

loan guarantee means the amount of a business loan which the life insured is personally responsible for in relation to the *business*.

maximum underwriting limit means the maximum cover amount in relation to a benefit or coverage type acceptable by us as determined from time to time. The maximum underwriting limit current at the start of this policy will be detailed in Part 1 of this PDS. Updated limits can be obtained by ringing our Client Service Centre on 131 551.

medical practitioner means a medical practitioner legally registered to practise in Australia or New Zealand or a medical practitioner legally registered to practise in another country.

Medical practitioner does not include:

- the policy owner, his/her relative or his/her business partner or employee
- a life insured, his/her relative or his/her business partner or employee
- other para-medical professions such as chiropractors, physiotherapists or naturopaths.

mental disorder means any disorder classified in the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association which is current at the start of the period of disability (or such replacement or successor publication or if none then such comparable publication as selected by us).

Such mental disorders include, but are not limited to, stress (including post traumatic stress), physical symptoms of a psychiatric illness, anxiety, depression, psychoneurotic, psychotic, personality, emotional or

behavioural disorders or disorders related to substance abuse and dependency which includes alcohol, drug and chemical abuse dependency.

For the purposes of this policy, mental disorder does not include dementia (except where the dementia is related to any substance abuse or dependency), Alzheimer's Disease or mental disorder caused by head injuries.

monthly benefit means a periodic benefit payable under the policy conditions, including the Income benefit and any other in-built benefits paid in lieu of the Income benefit, ie. Specified injury benefit, Confined to bed benefit, Trauma benefit, Day 4 accident option and Trauma option.

nurse means a nurse legally registered to practice in Australia or, if we approve, a nurse legally registered to practice in another country. Nurse does not include:

- the policy owner, his/her relative or his/her business partner or employee
- a life insured, his/her relative or his/her business partner or employee.

own occupation means the occupation predominantly performed in the 12 months prior to the *sickness or injury*. If the life insured has been unemployed in the 12 months immediately prior to the *sickness or injury*, then own occupation means the occupation most recently performed in the last 12 months of paid employment.

personal care attendant means a person upon whose care the life insured is totally dependent and cannot be:

- a member of the life insured's immediate family
- an employee of the life insured or the life insured's immediate family
- the life insured's employer

unless they have ceased full-time work or taken leave specifically to care for the life insured.

policy anniversary means the anniversary of the commencement date shown on the policy schedule.

post-disability income means the total of the amounts determined in accordance with paragraphs (a) and (b):

- (a) the life insured's *pre-tax income* from personal exertion during the relevant month
- (b) other benefits received during the relevant month by way of the following sources as a result of the life insured's *sickness* or *injury*:
 - other disability income policies not disclosed to us at the time of *underwriting*
 - workers' compensation or other legislated benefits (unless the life insured's occupation category is A1, A1M or A2, as shown on the policy schedule).

For the purposes of this definition:

- *pre-tax income* from personal exertion is income earned from any occupation, and is not restricted to income from the life insured's pre-disability occupation and
- a disability income policy is any individual or group disability insurance policy, including cover under a mortgage repayment policy or credit insurance policy, which pays a regular benefit due to the life insured's *sickness* or *injury* and

- where these amounts are paid or payable in a lump sum and cannot be allocated to specific months, then 1/60th of the lump sum shall be taken into account each month for a maximum period of five years
- post-disability income includes any revenue generated by someone employed to replace the life insured eg. a locum, which is in excess of their employment cost.

If the other payment received is:

- a lump sum or part of a lump sum paid as compensation for pain and suffering or as compensation for loss of use of a limb
- a lump sum total & permanent disablement or trauma benefit

the payment received will not be included as post-disability income.

During the first three months that a *monthly benefit* is being paid, if the life insured's post-disability income is 10 per cent or less of his/her *pre-disability income*, such amounts will not be included as post-disability income in the calculation of benefits.*

If the life insured is working for 10 hours or less per week the payment received for that work will not be included as post-disability income in the calculation of benefits.*

If the life insured's occupation category is A1, A1M or A2 (as shown on the policy schedule), other payments received will not be included as post-disability income, unless the total amount of the benefit payable plus other payments received exceeds 100 per cent of the life insured's *pre-disability income*.*

We will only pay benefits where the loss of income is a result of *sickness* or *injury*. Where *pre-tax income* from personal exertion has been reduced as a result of causes other than *sickness* or *injury*, we will adjust the

life insured's post-disability income so that it only reflects the proportion of the income lost as a result of *sickness* or *injury*. In doing so, we will take into account available medical evidence (including the opinion of the life insured's registered doctor) and any other relevant considerations directly related to the life insured's medical condition (including information provided by the policy owner or life insured).

* While these amounts will not be included as post-disability income in the calculation of benefits, they will be included as post-disability income in the calculation of the superannuation restrictions and limitations.

pre-disability business earnings

means the monthly *business earnings* averaged over the 12 months prior to the *sickness* or *injury* giving rise to the claim for the Business expenses benefit.

pre-disability income (for agreed value policies)

means the life insured's highest *average monthly pre-tax income* during any consecutive 12 months in the period starting 12 months immediately prior to commencement of this policy and ending when the *waiting period* begins.

We will index this amount each year on the anniversary of the date we accepted the claim, by the percentage increase in the *consumer price index* published for the quarter falling immediately prior to claim anniversary over that published for the same quarter in the previous year.

pre-disability income (for indemnity policies)

means the life insured's highest average monthly *pre-tax income* over any consecutive 12 months within the 24 month period immediately prior to the onset of his/her *sickness* or *injury*. Periods of unemployment or unpaid leave, long service leave, maternity leave, paternity leave or sabbatical leave, up to a maximum of 12 months, will be added to the 24 month period.

For example, if the life insured has been on maternity leave for six months during the 24 month period prior to *sickness* or *injury*, then the 24 month period will become the 30 month period immediately prior to *sickness* or *injury*.

We will index this amount each year on the anniversary of the date we accepted the claim, by the percentage increase in the *consumer price index* published for the quarter falling immediately prior to claim anniversary over that published for the same quarter in the previous year.

pre-tax income means:

- if the life insured does not directly or indirectly own all or part of the business or professional practice from which he/she earns his/her regular income: the salary, wages, fees, commissions, bonuses and other personal exertion income earned by the life insured, plus the value of any company benefits received by the life insured (for example superannuation contributions[#] or a company car), less any deductions for expenses directly incurred in earning this income or
- if the life insured does directly or indirectly own all or part of the business or professional practice from which he/she earns his/her regular income: the gross revenue generated by the life insured's business as a result of the life insured's personal exertion[#], plus income earned by the life insured from any other source as a result of personal exertion, less *eligible business expenses*.

[#] Pre-tax income does not include superannuation contributions if the Super contributions option has been selected.

premium means the amount payable for the primary benefit and each optional benefit included for each life insured covered under the policy, including any increase in benefit, stamp duty and any other government charges that may be levied from time to time.

rehabilitation program means a program or plan that:

- is designed to assist the life insured in returning to work either in his/her own occupation or in any other occupation for which he/she is suited by training, education or experience and
- has been approved by an appropriately tertiary qualified vocational or rehabilitation specialist.

related income policy means the related Zurich Income Replacement policy with an Income superlink benefit shown on the policy schedule.

related protection policy means the related Zurich Protection Plus policy without a Death benefit shown on the policy schedule.

related super policy means the related:

- Zurich Protection Plus policy with a Death benefit (issued to the trustee of an external superannuation fund) or
- Zurich Superannuation Term Life Plus policy or
- Zurich Income Replacement policy without an Income superlink benefit (issued to the trustee of an external superannuation fund) or
- Zurich Superannuation Income Replacement policy

as the context requires.

sickness means sickness or disease which first manifests itself after the policy begins, or a pre-existing sickness or disease disclosed to us in the application that we have not expressly excluded. Any sickness or disease that is the direct or indirect result of elective or donor transplant surgery within six months of the start or reinstatement of the policy is excluded.

significant permanent impairment means a permanent impairment of at least 25 per cent of whole person function as defined in the current edition of the American Medical Association publication 'Guide to the Evaluation of Permanent Impairment', or an equivalent guide to impairment approved by us.

specific loss means the entire and irrevocable loss of use of:

- a hand and sight in one eye
- a foot and sight in one eye
- sight in both eyes
- one hand and one foot
- both hands
- both feet.

spouse means the legal or de facto husband or wife who may be of the same gender as the life insured.

terminally ill or **terminal illness** means the life insured is diagnosed with a terminal illness where the life insured's life expectancy is less than 12 months and this diagnosis is supported by specialist *medical practitioners* and by Zurich's medical adviser.

total and permanent disablement (TPD) means (a) (b) (c) (d) or (e) except:

- with respect to the Living activities TPD option where it means (a) or (d) only and
 - with respect to 'any' occupation TPD benefit under Zurich Superannuation Term Life Plus, or Zurich Protection Plus issued to the trustee of a superannuation fund, where it means (b)(i), (c) or (f).
- (a) The life insured suffers a *specific loss*.
- (b) (i) The life insured (who is covered for 'any' occupation TPD as shown on the policy schedule):
- has been absent from active employment solely as a result of *sickness or injury* for an uninterrupted period of three consecutive months and
 - solely as a result of this *sickness or injury* is unlikely to ever work (for reward or otherwise) in his/her profession, business or similar occupation or engage in any other occupation to which he/she is fitted by education, training and experience for the rest of his/her life.
- (ii) The life insured (who is covered for 'own' occupation TPD as shown on the policy schedule):
- has been absent from active employment in his/her *own occupation* solely as a result of *sickness or injury* for an uninterrupted period of three consecutive months and
 - solely as a result of this *sickness or injury* is unlikely to ever work in his/her *own occupation* for the rest of his/her life.
- (c) The life insured has been unable to engage in any normal home duties because of *sickness or injury* for a continuous period of

at least three months and we believe after consideration of medical and any other evidence that the life insured is incapacitated to such an extent that he/she is unlikely ever to be able to perform normal home duties or engage (for reward or otherwise) in any other occupation to which he/she is fitted by way of education, training and experience for the rest of his/her life.

- (d) The life insured as a result of *sickness or injury*:
- is permanently and totally unable to perform without physical help from someone else, at least two *activities of daily living* or
 - suffers cognitive impairment requiring permanent and constant supervision

and has been so disabled for the immediately preceding three calendar months and will continue to be so disabled into the future.

- (e) The life insured has been absent from active employment solely as a result of *sickness or injury* for an uninterrupted period of three consecutive months and as a result of *sickness or injury* the life insured is unlikely to ever perform any occupation to which he/she is fitted by education, training and experience for the rest of his/her life which would pay remuneration at a rate greater than 25 per cent of his/her earnings during his/her last 12 consecutive months of work.
- (f) The life insured meets definition (a) or (d) and solely as a result, is unlikely to ever work (for reward or otherwise) in his/her profession, business or similar occupation or engage in any other occupation to which he/she is fitted by education, training and experience for the rest of his/her life.

trauma events – basic means:

- *benign tumour of the brain or spinal cord*
- *chronic kidney failure*
- *coronary artery bypass surgery**
- *diplegia*
- *heart attack**
- *hemiplegia*
- *loss of speech*
- *major organ transplant*
- *malignant cancer**
- *paraplegia*
- *quadriplegia*
- *stroke**

trauma events – extended means:

- *advanced diabetes*
- *aorta repair*
- *aplastic anaemia*
- *bacterial meningitis*
- *benign tumour of the brain or spinal cord*
- *blindness*
- *cardiomyopathy*
- *chronic kidney failure*
- *chronic liver disease*
- *chronic lung disease*
- *coma*
- *coronary artery bypass surgery**
- *deafness*
- *dementia (including alzheimer's disease)*
- *diplegia*
- *encephalitis*
- *heart attack**
- *heart valve surgery*
- *hemiplegia*
- *loss of independence*
- *loss of limbs or sight*
- *loss of speech*
- *major head trauma*

- *major organ transplant*
- *malignant cancer**
- *medically acquired HIV*
- *motor neurone disease*
- *multiple sclerosis*
- *muscular dystrophy*
- *occupationally acquired hepatitis B or C*
- *occupationally acquired HIV*
- *out of hospital cardiac arrest*
- *paraplegia*
- *parkinson's disease*
- *pneumonectomy*
- *primary pulmonary hypertension*
- *quadriplegia*
- *severe accident or illness requiring intensive care*
- *severe burns*
- *severe rheumatoid arthritis*
- *stroke**
- *triple vessel coronary artery angioplasty.*

uncomplicated pregnancy or childbirth means pregnancy, childbirth or termination which does not result in any serious medical complication. It includes participation in an IVF or similar program, normal discomforts such as morning sickness, backache, varicose veins, ankle swelling or bladder problems, giving birth, miscarrying or having an abortion.

underwriting means our assessment of the life insured's health and other factors, which could include occupation and pastimes, depending on the cover applied for. We will use the information provided to us and may also request a report from the life insured's doctor or ask him/her to undergo tests. Underwriting allows us to decide what the cost of cover will be for each individual. The process starts when we receive the completed Life Insured's Statement and ends when we issue a policy (on standard or modified terms) or decline to offer cover.

usual occupation means, unless the life insured has been unemployed or on long service, maternity or paternity leave for more than 12 consecutive months immediately prior to the *sickness* or *injury* causing disability, the occupation predominantly performed in the 12 months prior to the *sickness* or *injury*. If the life insured has been unemployed or on long service, maternity or paternity leave for more than 12 consecutive months immediately prior to the *sickness* or *injury* then his/her usual occupation is any occupation he/she is capable of performing.

value of the business or valuation of the business means a valuation of the life insured's financial interest in the *business* based on the same method of valuation used when cover was applied for and accepted, as provided by an independent qualified accountant or business valuer.

value of the key person to the business or valuation of the key person to the business means the total of the life insured's remuneration package for that year excluding discretionary benefit, plus their share of net profit distributed by the *business* in that year as provided by an independent qualified accountant or business valuer.

waiting period means the number of days the life insured must wait before being eligible for the Income benefit. There is a separate waiting period for the Business expenses option (if applicable). The waiting period is shown on the policy schedule.

If the life insured returns to full earning capacity for no more than five consecutive days during the waiting period and the disability recurs, the waiting period will not start again. We will simply extend the waiting period by the number of days that the life insured was able to work.

We should be notified in writing within 30 days of the *sickness* or *injury*. If we are notified after 30 days, the waiting period will commence from the date that we are notified.

Definitions for specified trauma conditions

advanced diabetes means severe diabetes mellitus, either insulin or non-insulin dependent, as certified by a consultant endocrinologist and resulting in at least two of the following criteria:

- severe diabetic retinopathy resulting in visual acuity uncorrected and corrected of 6/36 or less in both eyes
- severe diabetic neuropathy causing motor and/or autonomic impairment
- diabetic gangrene leading to surgical intervention
- severe diabetic nephropathy causing chronic irreversible renal impairment (as measured by a corrected creatinine clearance below the laboratory/ies measured normal range).

aorta repair means surgery performed to correct any narrowing, dissection or aneurysm of the thoracic or abdominal aorta performed either by open surgery or by thoracoscopic or laparoscopic minimally invasive 'keyhole' techniques. It excludes all percutaneous angioplasty and all other intravascular techniques.

aplastic anaemia means bone marrow failure which results in anaemia, neutropenia and thrombocytopenia requiring treatment, with at least one of the following:

- blood product transfusions
- marrow stimulating agents
- immunosuppressive agents or
- bone marrow transplantation.

bacterial meningitis means all potential manifestations of bacterial meningitis causing:

- *significant permanent impairment* or
- a permanent and total inability to perform without physical help from someone else, at least one of the *activities of daily living*.

benign tumour of the brain or spinal cord means a non-cancerous tumour in the brain or spinal cord which is histologically described and which produces neurological deficit causing *significant permanent impairment* or the undergoing of radical surgery for its removal.

We do not cover any of the following:

- cysts, granulomas and cerebral abscesses
- malformations in, or of, the arteries or veins of the brain
- haematomas or
- tumours in the pituitary gland.

blindness means the irrecoverable loss of sight of both eyes as a result of *sickness or injury*. The extent of the visual loss must be such that the eyesight is reduced to or less than 6/60 central acuity or degree of vision of less than or equal to 20 degrees.

carcinoma in situ means a carcinoma in situ characterised by a focal autonomous new growth of carcinomatous cells, which has not yet resulted in the invasion of normal tissues. 'Invasion' means an infiltration and/or active destruction of normal tissue beyond the basement membrane. The tumour must be classified as Tis according to the TNM staging method or FIGO stage 0.

Only carcinoma in situ of the following sites is covered:

- cervix uteri (excluded are Cervical Intraepithelial Neoplasia (CIN) classifications CIN-1 and CIN-2)
- corpus uteri
- fallopian tube – the tumour must be limited to the tubal mucosa
- penis or testicle
- perineum
- vagina, vulva or breast.

Note: FIGO refers to the staging method of The Federation Internationale de Gynecologie et d'Obstetrique.

cardiomyopathy means impaired ventricular function of variable aetiology resulting in significant permanent physical impairment to the degree of at least Class 3 of the New York Heart Association classification of cardiac impairment.

chronic kidney failure means end stage renal failure presenting as chronic irreversible failure of both kidneys to function as a result of which permanent regular renal dialysis is instituted or renal transplant undertaken.

chronic liver disease means end stage liver failure, with the diagnosis based on:

- permanent jaundice or ascites
- encephalopathy or liver biopsy.

chronic lung disease means end stage lung disease, including interstitial lung disease requiring extensive and permanent oxygen therapy or FEV 1 test results of less than one litre.

colostomy or ileostomy means the creation of a permanent and irreversible opening, linking the colon and/or ileum to the external surface of the body.

coma means a state of unconsciousness with no reaction to external stimuli or internal needs, resulting in a documented Glasgow Coma Scale of 6 or less, for a continuous period of at least 72 hours.

coronary artery bypass surgery means the actual undergoing of coronary artery bypass surgery which is considered medically necessary to correct or treat coronary artery disease but not including angioplasty, other intra-arterial or laser procedures.

deafness means the total, irreversible and irreparable loss of hearing, in both ears, whether aided or unaided.

dementia (including alzheimer's disease) means the life insured has Alzheimer's Disease or other dementia. The diagnosis must confirm permanent irreversible failure of brain function resulting in significant cognitive impairment for which no other recognisable cause has been identified. Significant cognitive impairment means a deterioration or loss of intellectual capacity that results in a requirement for continual supervision to protect the life insured or others.

diabetes (type 1) means the diagnosis of insulin dependent diabetes mellitus (IDDM) after the age of 30 by an appropriate consultant physician.

diplegia means the permanent and total loss of function of both sides of the body due to disease, illness or injury of the brain or spinal cord.

early stage chronic lymphocytic leukaemia means the presence of chronic lymphocytic leukaemia diagnosed as Rai stage 0, which is defined to be in the blood and bone marrow only.

early stage melanoma means the presence of one or more malignant melanomas of 1mm or less maximum thickness as determined by histological examination using the Breslow method, or less than Clark Level 3 depth of invasion as determined by histological examination. The malignancy must be characterised by the uncontrollable growth and spread of malignant cells and the invasion and destruction of normal tissue.

early stage prostate cancer means prostatic cancers that are not covered under the definition of malignant cancer in these definitions, and are histologically described as TNM classification T1 according to the TNM staging method or a Gleason Score of either 2, 3, 4 or 5.

encephalitis means an inflammatory disease of the brain resulting in neurological deficit causing:

- at least 25 per cent impairment of whole person function that is permanent or
- total and permanent inability to perform at least one of the *activities of daily living*.

facial reconstructive surgery and skin grafting means skin grafting and plastic or reconstructive surgery above the neck which is deemed medically necessary for the treatment of facial disfigurement as a direct result of an *accidental injury* requiring inpatient hospital treatment of the life insured. The *accidental injury* must occur while this policy is current.

guillain barre syndrome means:

- the life insured has an unequivocal diagnosis of guillain barre syndrome by a neurologist and
- he/she has been unable to perform at least one of the *activities of daily living* for a continuous period of three calendar months.

heart attack means the death of a portion of the heart muscle as a result of inadequate blood supply to the relevant area. The diagnosis must be supported by diagnostic rise and/or fall of cardiac biomarkers with at least one value above the 99th percentile of the upper reference limit and at least one of the following:

- signs and symptoms of ischaemia consistent with myocardial infarction or
- ECG changes indicative of new ischaemia (new ST-T changes or new left bundle branch block [LBBB]) or
- development of pathological Q waves in the ECG or
- imaging evidence of new loss of viable myocardium or new regional wall motion abnormality.

If the above tests are inconclusive or our noted diagnostic techniques are impractical to apply or have been superseded, we will consider other appropriate and medically recognised tests.

A rise in biological markers as a result of an elective percutaneous procedure for coronary artery disease is excluded. Also excluded are other acute coronary syndromes including but not limited to angina pectoris.

heart valve surgery means the undergoing of surgery considered medically necessary to repair or replace cardiac valves as a consequence of heart valve defects or abnormalities that cannot be corrected by non-surgical techniques.

hemiplegia means the permanent and total loss of function of one side of the body due to disease, illness or injury of the brain or spinal cord.

loss of hearing in one ear means the total, irreversible and irreparable loss of hearing in one ear, whether aided or unaided.

loss of independence means as a result of a disease, illness or injury the life insured is unable to perform at least two *activities of daily living* or cognitive impairment that results in the life insured requiring permanent and constant supervision. The inability or impairment must have existed continuously for a period of at least three months and be permanent and irreversible.

loss of limbs or sight means the entire and irrevocable loss of use of two or more of the sight in one eye, and a hand or a foot.

loss of speech means the total loss of speech both natural and assisted as a result of *sickness* or *injury* which is permanent. Loss of speech related to any psychological cause is excluded.

major head trauma means accidental cerebral injury resulting in permanent neurological deficit:

- causing *significant permanent impairment* or
- which results in a permanent and irreversible inability of the life insured, to perform, without the physical assistance of an adult, any one of the *activities of daily living*.

major organ transplant means the life insured:

- undergoes the organ transplant or
- upon specialist medical advice is placed on an official Australian acute care hospital waiting list to undergo organ transplant or
- undergoes permanent mechanical replacement

for one or more of the following: kidney, heart, liver, lung, pancreas, small bowel and bone marrow.

The transplantation of all other organs or parts of any organ or of any other tissue is excluded.

malignant cancer means the presence of a malignant tumour, including leukaemia, malignant lymphoma and other haemopoietic malignancies.

The tumour must be confirmed by histological examination and:

- the life insured must require major interventionist therapy including surgery, radiotherapy, chemotherapy, biological response modifiers or any other major treatment, or
- the tumour must be sufficiently advanced such that major interventionist therapy is no longer recommended.

The following cancers are specifically excluded:

- chronic lymphocytic leukaemia less than RAI Stage 1
- all cancers described as carcinoma in situ. Carcinoma in situ of the breast is covered only if it requires:
 - the removal of the entire breast or
 - breast conserving surgery and radiotherapy or
 - breast conserving surgery and chemotherapy (chemotherapy means the use of drugs specifically designed to kill or destroy cancer cells)

Carcinoma in situ of the breast treated by breast conserving surgery and other forms of adjuvant systemic therapy, including endocrine manipulation therapy, hormonal manipulation therapy or non-endocrine adjuvant therapy, is not covered.

- all skin cancers unless:
 - they have metastasised to other organs or
 - the tumour is a malignant melanoma of Clark Level 3 and above or
 - the tumour is a malignant melanoma with invasion greater than 1mm thickness or
 - the tumour is a malignant melanoma where melanoma is showing signs of ulceration as determined by histological examination
- prostate cancers diagnosed as T1 with a Gleason score of 5 or less, unless major interventionist therapy is performed.

medically acquired HIV means infection with the Human Immunodeficiency Virus (HIV) which we believe, on the balance of probabilities, arose from one of the following medically necessary events which must have occurred to the life insured in Australia by a recognised and registered health professional:

- a blood transfusion
- transfusion with blood products
- organ transplant to the life insured
- assisted reproductive techniques
- a medical procedure or operation performed by a doctor or dentist.

HIV infection transmitted by any other means including sexual activity or recreational intravenous drug use is specifically excluded.

A benefit will not be payable in the event that a medical cure is found for Acquired Immune Deficiency Syndrome (AIDS) or the effects of the HIV virus or in the event of a treatment being developed and approved which makes the HIV virus inactive and non-infectious.

minimally invasive cardiac surgery – including coronary artery angioplasty means the actual undergoing of thoracoscopic, laparoscopic, 'minimally invasive' or 'keyhole' surgery to treat or repair:

- a narrowing or blockage of one or more coronary arteries or
- an obstruction of the aorta or a coarctation of the aorta.

Investigative or diagnostic procedures are not included.

motor neurone disease means unequivocal diagnosis of Motor Neurone Disease.

multiple sclerosis means a disease characterised by demyelination in the brain and spinal cord. Multiple Sclerosis must be unequivocally diagnosed. There must be more than one episode of well defined neurological deficit with persisting neurological abnormalities. Neurological investigations such as lumbar puncture, MRI (Magnetic Resonance Imaging) evidence of lesions in the central nervous system, evoked visual responses, and evoked auditory responses are required to confirm diagnosis.

muscular dystrophy means the unequivocal diagnosis of Muscular Dystrophy.

occupationally acquired hepatitis B or C means infection with hepatitis B or hepatitis C where the virus was acquired as a result of an accident occurring during the course of the life insured's normal occupation and sero-conversion from hepatitis B surface antigen negative to hepatitis B surface antigen positive or hepatitis C antibody negative to hepatitis C antibody positive must occur within six months of the accident.

Hepatitis B or C infection acquired by any other means including sexual activity or recreational intravenous drug use is excluded.

A benefit will not be payable in the event of a medical cure being found for hepatitis B or hepatitis C (as applicable), or if the life insured elected not to take an available medical treatment which results in the prevention of infection with hepatitis B or hepatitis C prior to making a claim.

Any accident giving rise to a potential claim must be reported to us within 7 days of the accident and supported by a negative hepatitis B surface antigen test or negative hepatitis C antibody test taken after the accident. We must be given access to test independently all the blood samples used.

occupationally acquired HIV

means infection with the Human Immunodeficiency Virus (HIV) where the virus was acquired as a result of an accident occurring during the course of the life insured's normal occupation and sero-conversion of the HIV infection must occur within six months of the accident.

HIV infection acquired by any other means including sexual activity or recreational intravenous drug use is excluded.

A benefit will not be payable in the event of a medical cure being found for Acquired Immune Deficiency Syndrome (AIDS) or the effects of the HIV virus or in the event of a treatment being developed and approved which makes the HIV virus inactive and non-infectious.

Any accident giving rise to a potential claim must be reported to us within 7 days of the accident and supported by a negative HIV antibody test taken after the accident. We must be given access to test independently all the blood samples used.

out of hospital cardiac arrest

means cardiac arrest that is not associated with any medical procedure, is documented by an electrocardiogram, occurs out of hospital and is:

- cardiac asystole or
- ventricular fibrillation with or without ventricular tachycardia.

paraplegia means the permanent and total loss of use of both legs resulting from disease, illness or injury of the brain or spinal cord.

parkinson's disease means an unequivocal diagnosis of degenerative idiopathic Parkinson's Disease confirmed by a consultant neurologist, as characterised by the clinical manifestation of one or more of the following:

- rigidity
- tremor and
- akinesia

resulting in the degeneration of the nigrostriatal system.

All other types of Parkinsonism are excluded (for example, secondary to medication).

pneumonectomy means the removal of an entire lung when considered necessary and appropriate treatment.

primary pulmonary hypertension

means primary pulmonary hypertension with substantial right ventricular enlargement established by investigations including cardiac catheterisation, resulting in physical impairment to the degree of at least Class 3 of the New York Heart Association Classification of cardiac impairment.

quadriplegia means the permanent and total loss of use of both arms and both legs resulting from disease, illness or injury of the brain or spinal cord.

severe accident or illness requiring intensive care means an accident or illness that has resulted in:

- the life insured requiring continuous mechanical ventilation by means of tracheal intubation for 10 consecutive days (24 hours a day) in an authorised intensive care unit of an acute care hospital and
- *significant permanent impairment.*

severe burns means tissue injury caused by thermal, electrical or chemical agents causing third degree (full thickness) burns to at least:

- 20 per cent of the body surface area as measured by The Rule of 9 or the Lund & Browder Body Surface chart or
- 50 per cent of each hand and/or 50 per cent of the face.

severe rheumatoid arthritis means the unequivocal diagnosis of severe rheumatoid arthritis by a rheumatologist. The diagnosis must be supported by, and evidence, all of the following criteria:

- at least a six week history of severe rheumatoid arthritis which involves three or more of the following joint areas:
 1. proximal interphalangeal joints in the hands
 2. metacarpophalangeal joints in the hands
 3. metatarsophalangeal joints in the foot, or any joint of the wrist, elbow, knee or ankle

- simultaneous bilateral and symmetrical joint soft tissue swelling or fluid (not bony overgrowth alone)
- typical rheumatoid joint deformity
- and at least two of the following criteria:
 - morning stiffness
 - rheumatoid nodules
 - erosions seen on x-ray imaging
 - the presence of either a positive rheumatoid factor or the serological markers consistent with the diagnosis of severe rheumatoid arthritis.

Degenerative osteoarthritis and all other arthritides are excluded.

single loss of limb or eye means the total and permanent loss of use of:

- one foot or
- one hand or
- sight in one eye (to the extent of 6/60 or less).

stroke means a cerebrovascular event producing neurological sequela lasting at least 24 hours. This requires clear evidence on a Computerised Tomography (CT), Magnetic Resonance Imaging (MRI) or similar scan that a stroke has occurred and of:

- infarction of brain tissue or
- intracranial or subarachnoid haemorrhage.

Cerebral symptoms due to transient ischaemic attacks, reversible neurological deficit, migraine, cerebral injury resulting from trauma or hypoxia, disturbances of vision or balance due to disease of the eye, optic nerve or the vestibular apparatus of the ear are excluded.

triple vessel coronary artery angioplasty

means the actual undergoing of angioplasty to three or more coronary arteries within the same procedure or via two procedures no more than two months apart. Angiographic evidence, indicating obstruction of three or more coronary arteries, is required to confirm that the procedure is medically necessary.

Enquiries and policy admin

We can answer enquiries relating to any of the products in this PDS, and if you take out a policy with us, we can help you to keep your policy details up to date.

We can also help you with basic alterations to your policy, to help keep cover in line with your needs – for example if you wish to exercise an option on your policy.

Please contact the Zurich Client Service Centre in the most convenient way for you:

Zurich Wealth Protection Application Form

Tele-underwriting

Completed LIS

Before completing, or signing, this application form please read the Zurich Wealth Protection Product Disclosure Statement (PDS).

The PDS must be provided to you with this Application Form. It will help you to understand the product and decide if it is appropriate to your needs.

Generally, you can insure more than one person under the one policy. If there are more than two life insureds, you must fill out additional Application Forms.

Please use black pen, BLOCK LETTERS and ticks (✓) where applicable. DO NOT USE HIGHLIGHTERS.

1.

Is this a Zurich Tele-underwriting application?

- Yes → complete the Application Form and Tele-underwriting option form, including 'Next Steps'.
The Life Insured's Statement will be referred to Tele-underwriting for completion.
- No → go to 2

2.

Use this Application Form to apply for the products offered in the Zurich Wealth Protection PDS or to increase or alter an existing policy.

What are you using this application for?

- To apply for new products
- To increase an existing policy → provide policy number
- To alter an existing policy → provide policy number

3.

Please complete the table below with details of the policies that you are applying for.

Usually the life insured is also the policy owner but not always. The life insured and the policy owner can be different. You can nominate a person, company, trustee or business partner. All nominated policy owners must sign the declaration on page 35.

Policy owner details are not required if you are applying for Superannuation Term Life Plus or Superannuation Income Replacement as the policy owner will be the trustee of the Zurich Master Superannuation Fund.

For platform business:

- payor details are not required as premiums will be automatically deducted from the platform account
- policy owner details are not required where the policy is to be owned by a super trustee

Policy Number	Policy Type	Policy Owner name/s	Life Insured name/s	Payor name	Policy commencement/admin instructions
Policy 1 (sample)	Protection Plus	Mr A Sample	Mr A Sample Mrs B Sample	A B Sample Pty Ltd	contact my adviser before putting cover in force
Policy 1					
Policy 2					
Policy 3					
Policy 4					
Policy 5					

4.

Generally, where there is more than one policy owner, the party nominated as policy owner 1 will receive the correspondence relating to the policy.

6.

A beneficiary nomination is optional. If you are the sole policy owner and life insured, you can nominate one or more beneficiaries to receive your benefits when you die.

For important information about nominating beneficiaries, refer to the PDS, Part 2, page 10.

Nominate your preferred beneficiaries (Zurich Protection Plus only). Use their full name. The share of benefit sections must total 100%. If you wish for your estate to receive a proportion of your benefits, please write 'my legal personal representative'.

If you need more space to nominate beneficiaries, please attach a separate page, signed and dated by you.

7.

Complete a Zurich LifeXpress premium quote with your adviser and attach the Application Submission report to this application.

The insurance premium quote forms part of this application.

Please refer to the LifeXpress premium quote for underwriting requirements.

Have you attached a LifeXpress premium quote for the insurance products you are applying for?

No → consult your adviser before proceeding

Yes → go to the next page

Read before proceeding with your application

YOUR DUTY OF DISCLOSURE

Before you enter into a contract of life insurance with an insurer, you have a duty, under the Insurance Contracts Act 1984, to disclose to the insurer every matter that you know, or could reasonably be expected to know, is relevant to the insurer's decision whether to accept the risk of the insurance and, if so, on what terms.

You have the same duty to disclose those matters to the insurer before you extend, vary or reinstate a contract of life insurance.

Your duty however does not require disclosure of a matter:

- that diminishes the risk to be undertaken by the insurer;
- that is of common knowledge;
- that your insurer knows or, in the ordinary course of business, ought to know;
- if compliance with your duty in relation to that matter is waived by the insurer.

Your duty of disclosure continues until we have informed you as to whether we accept or decline your application. This means that you must advise us of any changes to the information provided in your application (including information provided in the course of a telephone interview) up until the date that we confirm in writing that the application has been accepted or declined. In particular, you should advise us of any changes in medical or physical conditions, and of any visits to medical service providers.

When we assess a claim we will also rely on any information you have disclosed to us as part of your application. Where we have not verified information (eg. your income) at the time of application we reserve the right to verify it at the time of the claim.

NON-DISCLOSURE

If there is a failure to comply with the duty of disclosure, and we would not have entered into the contract on any terms if the failure had not occurred, we may avoid the contract within 3 years of entering into it. For applications accepted by us from 28 June 2014, the right to avoid the contract within 3 years can be exercised even if we would have entered into the contract on some terms.

If the non-disclosure is fraudulent, we may avoid the contract at any time.

If we are entitled to avoid a contract of life insurance we may, within 3 years of entering into it, elect not to avoid it but to reduce the sum insured in accordance with a formula that takes into account the premium that would have been payable if all relevant matters had been disclosed to us.

Additionally, for applications accepted from 28 June 2014 (except in respect of Death cover):

- if there is a failure to comply with the duty of disclosure, we can alternatively elect to vary the contract at any time, in such a way as to put ourselves in the position we would have been in if the duty of disclosure had been complied with; and
- an election to vary the sum insured is not limited to 3 years and can be exercised by us at any time.

Multiple cover types within the one policy (for example TPD and trauma benefits) may be treated as separate contracts.

ZURICH SUPERANNUATION TERM LIFE PLUS AND ZURICH SUPERANNUATION INCOME REPLACEMENT APPLICANTS

Before the Trustee (Zurich Australian Superannuation Pty Limited) effects insurance cover with the Insurer (Zurich Australia Limited), the Trustee has a duty of disclosure. It is a condition of your participation in the Zurich Master Superannuation Fund (Fund) that you have the same duty of disclosure to the Trustee. For this purpose, a reference to the 'Insurer' in the section headed 'Your Duty of disclosure' includes a reference to the 'Trustee'.

When a person applies for insurance benefits through the Fund any personal information disclosed to the Trustee will be given to the Insurer.

TELEPHONE CONTACT

After you submit your application for this product, we may contact you by telephone to collect personal information regarding your health, medical history, occupation, financial position, activities and other details (as part of a Tele-underwriting application or to collect any information missing from your Application Form and Life Insured's Statement). The information provided by you will be recorded and used in the assessment of your application for insurance cover.

The duty of disclosure also applies to you during the course of any telephone contact with us.

YOUR PRIVACY

Zurich is bound by the Privacy Act 1988 (Cth). In completing the forms or questions herein you will be providing us with your personal and, perhaps, sensitive information. The collection and management of this information is governed by the Act. Please refer to the Privacy section on page 44 of Part 1 of the PDS. For a more detailed explanation of Zurich's Privacy Policy please visit our website at www.zurich.com.au or contact the Zurich Privacy Officer on 132 687 or email us at privacy.officer@zurich.com.au

Tele-underwriting option (if elected)

Please read and fill out this page only if you wish to use Zurich's Tele-underwriting service to complete the Life Insured's Statement.

INTERVIEW PROCESS

As part of your application for this product, Zurich will contact you by telephone to conduct an interview to collect personal information regarding your health, medical history, occupation, financial position, activities and other details (ie. to collect the information required in the Zurich Life Insured's Statement).

Interviews can start between 8.00am and 7.00pm EST. A Zurich representative will contact you to arrange your interview at your preferred time.

In the phone interview you will be required to answer a number of questions. You may need to refer to personal documents in order to answer these questions. You should have the following information on hand for your phone interview:

- financial information
- doctor's details
- height and weight details
- medical background
- family medical history
- insurance history
- details of travel plans

Interviews can take between 15 minutes and 1 hour. We guarantee a shorter interview if you are prepared with documentation. We will send you a document checklist when we make your interview appointment.

Your duty of disclosure as described on the previous page will apply to you during the course of this telephone interview.

All of the information collected during the interview is sent back to you as a completed 'Life Insured's Statement' for you to check and confirm.

You must check this written copy of the information we recorded for any errors or omissions. Your duty of disclosure will also continue to apply after the telephone interview has been completed. If any information we recorded is incorrect, incomplete or omitted, you must inform us about the correction, omission or additional information within 5 days of your receiving the written copy of the information. If you fail to inform us about the correction, omission or additional information within this time, you may have failed to comply with your duty of disclosure. The consequences of you failing to comply with your duty of disclosure are detailed on the previous page.

TO ARRANGE YOUR INTERVIEW

Examples of income include profit share, dividends, salary or bonuses.

- No → go to 7.15
- Yes → tell us for how long, and how much per month

years	months	\$	per month
-------	--------	----	-----------

7.15 Provide details of your occupation and income history for the last 2 years

Your income is the gross income earned before tax, from personal exertion, less any business expenses incurred to earn that income.

year ending 30/06/_____ 30/06/_____

occupation		
gross business income		
- business expenses*		
= net income		
your share of net income		

+

If any of the following are included in the above business expense figure, please complete the table to allow us to add-back to the income figure

+ personal salary		
+ directors fees		
+ salary to spouse not in business		
+ other add-backs eg. super		
TOTAL		

If you make a claim, the income figures provided may need to be substantiated with the appropriate financial evidence.

*You must complete the business expense details if you are self-employed or work for your own company.

If you need more space to provide your answers, attach a separate page, signed and dated by you.

7.16 Are you applying for Business expenses cover?

- No → go to 9
- Yes → go to 8

9. insurance history

9.01 Do you currently have or are you applying for any other life, TPD, income replacement, business expenses or trauma insurance with Zurich?

- No → go to 9.02
 Yes → provide policy number/s and indicate if these policies are to be increased or replaced

<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> increasing	<input type="checkbox"/> replacing
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> increasing	<input type="checkbox"/> replacing
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/> increasing	<input type="checkbox"/> replacing

If this application for insurance is intended to replace any existing policy or policies, you must cancel the policies as soon as we notify you that we have accepted your application for insurance. If you do not cancel the existing policy or policies, the insurance applied for and accepted by Zurich will be ineffective and any claim made to Zurich by you or any other applicable person, will be rejected.

9.02 Do you currently have, or have you recently applied for any life, TPD, income replacement, business expenses or trauma insurance with any other company?

This includes benefits under superannuation, business or credit insurance or benefits provided by an employer.

- No → go to 9.03
 Yes → provide details

15. genetic testing

Have you ever had, or are you considering having a genetic test?

- No → go to 16
 Yes → provide details

.....

16. hazardous activities

Do you or do you intend to engage in any potentially dangerous physical activities?

Examples include but are not limited to aviation (other than as a fare-paying passenger), diving, hang gliding, parachuting, motor racing, rock or mountain climbing, football, boxing, martial arts and bungy jumping.

- No → go to NEXT STEPS
 Yes → provide details

If you are applying for TPD cover or Income replacement, and you engage in this activity at a professional level, you must disclose this occupation/duties and income in Section 4 of this application.

Select ALL activities which you participate in below:

- Aviation (other than as a fare-paying passenger) → complete Aviation questionnaire on page 24
 Diving → complete Diving questionnaire on page 24
 Motor racing (car/cycle) → complete Motor racing questionnaire on page 24
 Football
 Amateur/Recreational Competitive

Code: _____

- Boxing
 Amateur/Recreational Competitive
 Martial arts
 Amateur/Recreational Competitive
 Cycling – Mountain biking, BMX
 Amateur/Recreational Competitive

If you participate in any other hazardous activities, complete the questions below. If you participate in multiple activities, you must provide details for each one.

- Hang-gliding Parachuting Skydiving
 Rock Climbing Mountain Climbing Bungee Jumping
 BASE Jumping Caving/Potholing Sailing/Yachting
 Other: _____

1. On what basis do you participate in this activity?

- Amateur/Recreational Competitive Professional

2. How often do you participate in this activity?

events/hours per year _____

3. Provide details of the level at which you participate in this activity? Eg, maximum depths, heights, speeds or grades

.....

4. Provide details of any injuries you have sustained from this activity

.....

If you need more space to provide your answers, attach a separate sheet signed and dated by you.

NEXT STEPS

Complete any of the Underwriting questionnaires starting on page 17 that apply to you.

Underwriting Questionnaires

Please complete any relevant questionnaires as prompted by questions 13 and 16

- ASTHMA QUESTIONNAIRE** [page 18](#)
- SLEEP DISORDER QUESTIONNAIRE** [page 18](#)
- RAISED CHOLESTEROL QUESTIONNAIRE** [page 19](#)
- HIGH BLOOD PRESSURE QUESTIONNAIRE** [page 19](#)
- DIABETES QUESTIONNAIRE** [page 20](#)
- CYST / MOLE / SKIN LESION QUESTIONNAIRE** [page 20](#)
- MENTAL HEALTH QUESTIONNAIRE** [page 21](#)
- BACK / NECK PAIN QUESTIONNAIRE** [page 22](#)
- JOINT / MUSCULOSKELETAL QUESTIONNAIRE** [page 23](#)
- ACTIVITY QUESTIONNAIRE** [page 24](#)

ASTHMA QUESTIONNAIRE

1. When did you have your first symptoms/episode of asthma?

2. When were your most recent symptoms/episodes of asthma?

3. Approximately how many episodes of asthma do you have per year?

4. Do you suffer from ongoing symptoms of wheezing or shortness of breath between attacks?

- No
 Yes

5. In the past two years, have you had time off work as a result of asthma?

- No
 Yes → provide details

how much when

6. Are you currently taking medication for asthma?

- No
 Yes → provide details

name	dosage	frequency
<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>

7. Have you ever been treated with steroids? (eg, cortisone, or prednisone.)

- No
 Yes → provide details if not provided in Question 5

8. Have you ever been hospitalised, or required emergency medical treatment for asthma?

- No
 Yes → provide details including dates

9. Have you had a chest x-ray or lung function test?

- No
 Yes → Were the results normal?
 Yes
 No

10. Provide the details of your treating doctor for asthma

doctor's name

address

state postcode

SLEEP DISORDER QUESTIONNAIRE

1. What sleep condition were you diagnosed with?

2. When were you diagnosed with this condition?

3. Have you ever undertaken a sleep study?

- No → go to 4
 Yes → provide details below

Treating/referring doctor

date / /

name

address

state postcode

Dr/clinic that completed the test

date / /

name of Dr/clinic

address

state postcode

Were you advised of the severity of your sleep condition?

- No
 Yes → mild moderate severe
 → go to 5

4. As you have not undertaken a sleep study, please advise: How was your condition diagnosed?

Have you been advised to undertake a sleep study?

- No
 Yes → do you intend on having this test?
 No
 Yes → advise when / /

5. Has any treatment been recommended by your treating doctor for this condition?

- No
 Yes → provide details eg, CPAP, splint, lifestyle changes

6. Have you been advised by your treating doctor/specialist that your sleep condition is currently controlled?

- No → date of last consultation / /
- Yes → date of last consultation / /

7. Do you experience any of the following as a result of your sleep condition:

	No	Yes
Interruption (or stopping) of breathing during your sleep	<input type="checkbox"/>	<input type="checkbox"/>
Daytime sleepiness or fatigue	<input type="checkbox"/>	<input type="checkbox"/>
Headaches	<input type="checkbox"/>	<input type="checkbox"/>
Difficulty in focusing or concentrating	<input type="checkbox"/>	<input type="checkbox"/>
Irritability, forgetfulness or mood/behaviour changes	<input type="checkbox"/>	<input type="checkbox"/>
Stress/Depression	<input type="checkbox"/>	<input type="checkbox"/>

RAISED CHOLESTEROL QUESTIONNAIRE

1. When were you first diagnosed with this condition?

____ / ____ / ____

2. What was your original cholesterol result at that time?

3. What was your most recent cholesterol result, and when was this taken?

result _____
 date ____ / ____ / ____

4. Is this result consistent with previous cholesterol checks?

- Yes
 No → provide details including your typical cholesterol result and reason for variance

5. Are you currently taking medication for this condition?

- No → have you been advised by your treating doctor that medication is required to control your condition?
 Yes
 No → no treatment is required → go to 6

Yes → provide details → go to 7

treatment/dosage _____
 date commenced treatment ____ / ____ / ____

6. Have you ever taken medication for this condition?

- No → go to 8
 Yes → provide details

treatment/dosage _____
 date commenced treatment ____ / ____ / ____
 date cased treatment ____ / ____ / ____

7. Has your treatment (type of medication or dosage) changed within the last 12 months?

- No
 Yes → provide details below

previous treatment/dosage _____
 reason for change _____

8. Has your treating doctor advised you that your cholesterol is controlled?

- Yes
 No → provide details

9. How often has your treating doctor advised you to attend for review/check-ups in relation to your raised cholesterol?

- monthly quarterly every 6 months once a year
 other _____

10. Is your usual doctor (Section 11 of the application) the treating doctor for this condition?

- Yes
 No → provide details of your treating doctor for this condition

doctor's / clinic name _____
 address _____
 state _____ postcode _____
 phone number (____) _____

HIGH BLOOD PRESSURE QUESTIONNAIRE

1. When were you first diagnosed with this condition?

____ / ____ / ____

2. What was your blood pressure reading at that time?

3. What was your most recent blood pressure reading, and when was this taken?

result _____
 date ____ / ____ / ____

4. Is this result consistent with previous blood pressure checks?

- Yes
 No → provide details including your typical blood pressure reading and reason for variance

5. Are you currently taking medication for this condition?

- No → have you been advised by your treating doctor that medication is required to control your condition?
 Yes
 No → no treatment is required → go to 6

Yes → provide details → go to 7

treatment/dosage _____
 date commenced treatment ____ / ____ / ____

6. Have you ever taken medication for this condition?

- No → go to 8
 Yes → provide details

treatment/dosage _____
 date commenced treatment ____ / ____ / ____
 date cased treatment ____ / ____ / ____

7. Has your treatment (type of medication or dosage) changed within the last 12 months?

- No
 Yes → provide details below

previous treatment/dosage _____
 reason for change _____

8. Has your treating doctor advised you that your blood pressure is controlled?

- Yes
 No → provide details

9. How often has your treating doctor advised you to attend for review/check-ups in relation to your high blood pressure?

- monthly quarterly every 6 months once a year
 other _____

10. Is your usual doctor (Section 11 of the application) the treating doctor for this condition?

- Yes
 No → provide details of your treating doctor for this condition

doctor's / clinic name _____
 address _____
 state _____ postcode _____
 phone number (____) _____

DIABETES QUESTIONNAIRE

1. Please state the diagnosis relevant to you, eg. Type I or Type II Diabetes Mellitus, Gestational Diabetes, Impaired Glucose Tolerance or Impaired Fasting Glucose etc.

Text input field for diagnosis

2. When was your diabetes first diagnosed?

Text input field for diabetes diagnosis date

3. Please provide details of your treating doctor for diabetes

Form for doctor/clinic name, address, state, postcode, and phone number

4. How often do you consult this doctor/clinic for monitoring?

Text input field for monitoring frequency

5. What was the date of your most recent consult with this doctor/clinic?

Date input field for last consult

6. Provide details of any other hospitals or health professionals consulted in relation to diabetes.

Form for hospital/health professional name, address, state, postcode, and phone number

Form for hospital/health professional name, address, state, postcode, and phone number

7. What type of treatment are you currently undertaking?

Form with radio buttons for treatment types and input fields for medication and insulin units

8. Has your doctor changed your treatment within the last 2 years?

Form with radio buttons and text input for treatment changes

9. Since your treatment commenced (if applicable), have you ever had a diabetic or insulin coma?

Form with radio buttons and text input for coma history

10. Have you ever suffered from the following complications of diabetes:

- Problems with your eyes
• High Blood Pressure or other heart/circulatory problems
• Kidney problems including albumin or protein in the urine
• Numbness or tingling in your feet or legs

Form with radio buttons and text input for diabetes complications

11. Do you know your most recent blood glucose result?

Form with radio buttons and input fields for blood glucose result and date

12. Do you know your most recent HbA1C (glycosylated haemoglobin) result?

Form with radio buttons and input fields for HbA1C result and date

CYST / MOLE / SKIN LESION QUESTIONNAIRE

1. What type of cyst / mole / skin lesion do you, or did you have?

Text input field for cyst/mole/skin lesion type

2. What is, or was, the location of the cyst / mole / skin lesion?

Text input field for lesion location

3. When was the date of diagnosis?

Date input field for diagnosis date

4. Was the cyst / mole / skin lesion removed?

Form with radio buttons and text input for lesion removal

5. Were any special tests, investigations or treatment required?

Form with radio buttons and text input for special tests

Do you have pathology results, if required?

Form with radio buttons for pathology results

6. Was the cyst / mole / skin lesion malignant or benign?

Form with radio buttons for malignancy status

7. Have you, or do you require any further treatment or follow-up since the original removal?

Form with radio buttons and text input for further treatment

8. Details of doctor consulted

Form for doctor name, address, state, postcode, and phone number

MENTAL HEALTH QUESTIONNAIRE

1. Select the condition(s) that you have had symptoms of, been diagnosed with or received treatment for:

- anxiety including generalised anxiety, panic or phobic disorder
- depression including major depression, dysthymia
- alcohol or other substance abuse or addiction
- schizophrenia or other psychotic disorder
- eating disorder including anorexia nervosa, bulimia
- manic depressive illness, bipolar disorder
- Post Traumatic Stress Disorder (PTSD)
- stress, sleeplessness, chronic tiredness
- Attention Deficit or Hyperactivity Disorder (ADD/ADHD)
- other – please advise _____

2. When did you first experience symptoms?

3. Do you continue to experience current symptoms?

- Yes
- No → when did you last experience any symptoms of this condition?

4. Has the cause of this condition been identified?

- No
- Yes → provide details

5. When was your condition first diagnosed by a health professional?

6. Who was, or is your current treating doctor for this condition?

doctor's / clinic _____

address _____

state postcode

phone number () _____

Dates consulted

from _____

most recent _____

7. Provide details of any health professionals consulted in relation to this condition.

doctor's / clinic name _____

address _____

state postcode

phone number () _____

Dates consulted

from _____

most recent _____

doctor's / clinic name _____

address _____

state postcode

phone number () _____

Dates consulted

from _____

most recent _____

8. Are you currently undertaking treatment for this condition?

- Yes → provide details of treatment below
- No → Have you ever undertaken treatment for this condition?
 - Yes → please provide details below
 - No → go to 9

Type of Treatment	Date commenced	Date ceased (if applicable)
<input type="checkbox"/> Medication		
Name		
Dosage		
Name		
Dosage		
<input type="checkbox"/> Counselling		
<input type="checkbox"/> Cognitive Behaviour Therapy (CBT)		
<input type="checkbox"/> Other – please advise		

9. Have you ever had any recurrences of this condition or suffered from or had symptoms of a similar condition?

- No
- Yes → provide details and approximate dates

10. Have you ever been hospitalised as a result of this condition, or any other mental or nervous disorder or condition?

- No
- Yes → provide dates and lengths of admissions

11. Have you ever had suicidal thoughts, and/or attempted suicide?

- No
- Yes

12. Have you ever had time off work, or are you limited in your ability to work or perform your daily activities as a result of this condition?

- No
- Yes → provide details

BACK / NECK PAIN QUESTIONNAIRE

**1. Which part of your back/neck is, or was affected?
Please select all that apply**

- Neck (Cervical spine)
- Upper/Middle (Thoracic spine)
- Lower (Lumbar-sacral spine)

2. When did you first experience back/neck symptoms?

3. What is, or was the cause of your back/neck disorder?

4. What is, or was the diagnosis or nature of the disorder, including symptoms? Eg, muscular, soft tissue, a disc injury or other

5. Have you ever experienced any symptoms of sciatica, numbness or pins and needles?

- No
- Yes → please provide details including dates

6. Do you continue to experience current symptoms?

- Yes → what was the date of your most recent symptoms?

how many episodes of back/neck symptoms do you experience per year?

how long do the symptoms normally last for?

- No → when did you last experience any symptoms of this condition?

how many episodes of back/neck symptoms have you experienced, and how long did the symptoms last for?

7. Have you made a complete recovery?

- No
- Yes → how long have you been free of all symptoms and treatments?

8. Are you currently undertaking treatment/therapy for this condition?

- Yes → provide details of treatment/therapy below
- No → Have you ever undertaken treatment/therapy for this condition?
 - Yes → provide details

THIS PAGE HAS BEEN LEFT BLANK INTENTIONALLY

Zurich Master Superannuation Fund membership application

You must become a member of the Zurich Master Superannuation Fund to apply for Zurich Superannuation Term Life Plus or Zurich Superannuation Income Replacement. You must also complete the tax file number notification on the following page.

1. member declaration

1.01 Please read the following information, and sign below to confirm your agreement.

I understand that, in accordance with the conditions of the Trust Deed and Rules of the Zurich Master Superannuation Fund (Fund) and relevant superannuation legislation

- Zurich Australian Superannuation Pty Limited is the trustee of the Zurich Master Superannuation Fund (ABN 33 632 838 393)
- the trustee owns any policy taken out on my life
- I cannot use the Fund as collateral security, that is, for borrowing purposes
- Benefits provided through the Fund are fully preserved until I have retired and attained my preservation age, or in circumstances allowed by superannuation legislation or the Australian Prudential Regulation Authority, as detailed in the PDS, Part 1, page 48
- I can only make contributions to the Fund in accordance with the relevant legislation, as detailed in the PDS, Part 1, page 48, and
- I apply to Zurich Australian Superannuation Pty Limited, the trustee of the Fund, for membership of the Fund as set out in the Application Form. Upon my application being accepted I agree to comply with the rules governing the Fund.

I also certify that:

- I am eligible for membership of the Fund in accordance with the relevant legislation
- My decision to apply for membership of the Fund is based on the information in the PDS and my understanding of this information
- I will notify the trustee in writing if I cease to be eligible for membership of the Fund
- I understand that my participation in the Fund will only commence after I have been advised in writing by the trustee that my application has been accepted
- I have provided my tax file number details on the attached form.

I also agree that the trustee may charge my account or bill me direct for any liability arising under the *Superannuation Contributions Tax (Assessment and Collection) Act 1997*, and in relation to any other Government charges or imposts which relate to me.

1.02 What type of contributions will be made?

Even if you intend to pay by rollover, please make a selection below to advise the source of any other contributions made. You may advise of changes to your contribution type by notice to us.

- Personal
- Self-employed
- Spouse
- Employer (including salary sacrifice) → provide details

employer's full name

2. beneficiary nomination

A non-binding nomination is optional.

To make a nomination that is binding on the Trustee please complete a Binding Nomination form in the Zurich Super Estate Management Brochure.

Do you wish to make a non-binding nomination?

- No → go to 3
- Yes → you must agree to the following and make your nominations

I nominate the following person/s as a dependant/s to receive any benefit in the following proportions remaining in the Fund on my death.

I understand that this nomination will revoke all of my previous nominations to the Trustee (if any).

I may revoke or alter a nomination at any time in writing to the Trustee and the Trustee has absolute discretion to determine to whom the benefit is to be paid and if to two or more people, an absolute discretion to determine the proportions to be paid between them. I understand I can only nominate my dependants as defined in the Trust Deed or my estate. (As defined in the Zurich Master Superannuation Fund Trust Deed, a dependant may include your spouse, your children, and any other person you have an interdependency relationship with.)

Fund membership application continues on the following page ↘

3. tax file number notification to Fund trustee

What do you need to do?

You must complete the Tax File Number (TFN) details below. Failure to do so will mean that the trustee will be unable to accept your contribution.

Important information you need to know before providing your TFN

We are required to tell you the following things before you provide your TFN to the trustee. Your TFN is confidential and you should know the following things before you decide to provide it.

- Under the *Superannuation Industry (Supervision) Act 1993*, we are allowed to collect your TFN.
- If you do provide your TFN to us, we will use it only for legal purposes. This includes finding or identifying your superannuation benefits where other information is insufficient, verifying that certain contributions may be accepted, calculating tax on any superannuation lump sum you may be entitled to, quoting your TFN to the ATO when reporting details of contributions, and providing information to the ATO. These purposes may change in the future.
- It is not an offence if you choose not to quote your TFN. However, if you don't tell us your TFN, either now or later, you may not be able to make certain types of contributions and/or pay more tax than you would otherwise have to. You may be able to reclaim this through the income tax assessment process. It may also be more difficult to find your benefits in the future to pay you any superannuation benefits you are entitled to, or to amalgamate or find any other benefits for you. These consequences may change in the future. We will not record a TFN provided to us from another fund or the ATO if you tell us not to in writing.
- If you provide your TFN to us, we may provide it to the trustee of any other superannuation fund to which your benefits are transferred in the future. We will not pass your TFN to any other Fund if you tell us in writing that you do not want us to pass it on. We may also give it to the ATO. Otherwise we will treat it as confidential.

Payment authority 1

If more than one policy is being applied for and different payors apply, please complete a second Payment authority (page 33). Copy and complete this page if you require more.

DIRECT DEBIT REQUEST SERVICE AGREEMENT

This agreement sets out the terms and conditions on which the Account Holder has authorised Zurich to debit money from their account and the obligations of Zurich and the Account Holder under this Agreement.

The Account Holder understands and agrees that:

- Direct debiting may not be available on all accounts. The Account Holder is responsible for ensuring the specified account can accept direct debits and there are sufficient cleared funds available in the nominated account to permit payments under the Direct Debit Request on the due date for payments.
- Zurich accepts no responsibility for issues arising where incorrect details have been provided. The Account Holder should check the account details provided to Zurich are correct. If uncertain, check with your financial institution before completing the Direct Debit Request.
- Zurich will debit the account for the sum of the amounts due at the debit date for all specified policies.
- Changes to bank account details must be provided in writing, or by telephoning Zurich (or by such other means as we approve).
- Zurich will give the Account Holder at least 14 days notice in writing if there are any changes to the terms of this Service Agreement.

Zurich agrees that:

- When the due date for payment is not a business day, the debit will be processed on the next business day.
 - The Account holder can cancel, change*, defer or suspend the Direct Debit Request on a policy by providing notice to Zurich in writing or by telephone (or by such other means as we approve), or directly with the Account Holder's financial institution (which is required to act promptly on the instructions). Notification must be received by Zurich at least 14 days before the next drawing date in order to process your instructions.
- *The Account Holder's financial institution can "change" the Direct Debit Request only to the extent of advising Zurich of new account details.
- Upon request, Zurich will forward a copy of the current terms and conditions for direct debits, to the Account Holder by post, facsimile or other agreed method.
 - Zurich will provide details of this Direct Debit, on request.

Disputes

The Account Holder should give notice of any disputed debit to Zurich. Zurich will respond within 7 working days of receiving your letter. Alternatively, the Account Holder can take it up directly with the Account Holder's financial institution.

Dishonoured debits

If a drawing is unsuccessful, Zurich will cancel the payment in respect of the dishonoured debit. On receipt of new information after a dishonour, Zurich will process a one-off debit to pay the policy up to date. If two consecutive dishonours occur, Zurich may cancel the authority. Zurich may charge a dishonour fee to the relevant product. Currently the fee is nil. The financial institution may also charge fees relating to the dishonour to the account, which is the Account Holder's responsibility.

Confidential information

Zurich may disclose information about your account to its banker (in connection with a claim made against it relating to an alleged incorrect or wrongful debit made from the account), your financial institution, your adviser and to other companies within the Zurich Financial Services Australia Group of companies. Zurich will not disclose information about you or the account to any other person, except where you have given consent or where the disclosure is required by law.

Notices to Zurich

The Account Holder may give notice to Zurich in writing at the address shown or by contacting Zurich on 131 551.

Fill out the authority on the following page

Declaration

Declaration/s of the policy owner/s and life insured

I/we declare that I/we:

- have read the Zurich Wealth Protection PDS of which this Application Form is part, and apply to Zurich Australia Limited (Zurich) and/or Zurich Australian Superannuation Pty Limited for the insurance set out in this Application;
- confirm that the answers to the questions set out in the Application and any annexures attached to the Application (including the Zurich LifeXpress premium quote) are true and complete;
- understand that the policy/policies applied for will become effective when this Application is approved by Zurich;
- will inform Zurich of any relevant changes which occur before my/our policy is received;
- have read and understood my/our Duty of disclosure as detailed on page 4, and understand that this duty continues until written notice has been given that the cover has been accepted or declined;
- agree that any policies issued are conditional on the life insured disclosing all matters known to him/her that are relevant to the insurance cover applied for (before the Application is accepted) and that the policy/policies and/or benefits may be cancelled, altered or not paid if this condition is not met;
- have read and understood the Privacy Statement under the Your privacy section of the PDS (page 44 of Part 1) and consent to the collection and use of personal information and sensitive personal information about me/us in the manner described (including discussing any information obtained from me/us and any doctors or accountants with my/our financial adviser);
- have obtained consents from any identified person I/we have provided (sensitive) personal information about and informed them of the Privacy Statement;
- agree that if I/we make any overpayment of premium that Zurich may retain the overpayment unless it exceeds \$5.00; and
- agree that if this application for insurance is intended to replace any existing policy or policies as referred to in this application, when Zurich notifies me/us that my/our application for insurance has been accepted, I/we must cancel such policy or policies. If I/we do not cancel any existing policy or policies as referred to in this application when notified by Zurich that my/our application for insurance has been accepted, the insurance applied for and accepted by Zurich will be ineffective and any claim made by me/us or any other applicable person to Zurich, will be rejected.

Additional declaration of the life insured

I confirm that I am not now receiving or considering any medical or surgical attention or treatment other than that shown in this Application or, if my application is to be Tele-underwritten, I confirm that I will disclose all medical or surgical attention or treatment that I am now receiving or considering, in my Tele-underwriting interview with Zurich. I understand that the Policy applied for will not become effective until this Application is approved by Zurich.

- **is a company: this form is to be signed by two directors, a director and company secretary, or the sole director/ company secretary.**

Please make a copy of this page if more signatures are required.

THIS PAGE HAS BEEN LEFT BLANK INTENTIONALLY

Adviser's report

The following information is required for underwriting and policy administration.

1.

1.01 Zurich would like to make it easier (and in many cases faster) for you by contacting your client directly to obtain missing or additional information over the phone, and organising any medical requirements on your behalf.

If you do not wish to take advantage of this service, please opt out by ticking the boxes below:

- I do not authorise Zurich to contact my client directly
- I would prefer to make arrangements for the medical requirements myself

To minimise any inconvenience for your client, you should await the outcome of the initial underwriting assessment for a complete list, before making arrangements.

1.02 Was this Life Insured's Statement completed by the life insured in their own handwriting?

- Yes
- n/a → (Tele-underwriting elected)
- No → provide details and ensure the life insured has reviewed and verified the application.

.....

.....

.....

.....

.....

1.03 Was this application completed and signed in your presence?

- Yes
- No → provide details

.....

Zurich Master Superannuation Fund Rollover authority (partial rollover for insurance only)

Complete this form to allow Zurich to arrange transfer of monies from another superannuation fund ('transferring fund') to pay the annual insurance premiums for your Zurich Superannuation Term Life Plus or Zurich Superannuation Income Replacement policy.

Important notes

- Please make sure you complete all details on this form, sign and return to Zurich.
- Transfers cannot be made if the transferring fund details are different from the information you complete on this form
- The rollover amount will be equal to the **annual** insurance premium (Zurich will complete these details for you)
- If the rollover is not successful, you must provide an alternative payment method otherwise your application will not be accepted or your existing policy may lapse
- Please make sure there are sufficient funds in the transferring fund.

The fund from which you are transferring may require you to attach identification to this form to prove you are the person to whom the superannuation entitlement belongs. Please contact the transferring fund to ask about their identification or any other requirements and include proof of identity documentation with this form. Zurich's identification requirements are detailed in Section 3 of this form.

Rollover required for (please tick)

New policy application

Existing policy

1 Transferring fund

Fund name

Unique Superannuation Identifier (USI) (if known) ABN

Address of fund

..... State Postcode

Telephone number

Account/membership/policy name

Account/membership/policy number

2 Personal details

Zurich policy number (if known)

Title Surname

Given names

Date of birth / / Male Female

Postal address

Residential address (leave blank if the same as your mailing address)

..... State Postcode

Contact details Work () Home ()

..... Mobile Email

If your personal details have changed, you may need to contact the transferring fund and update their records before they action this authority.

3 Proof of identity

I have attached a certified copy of my driver's licence or passport

We encourage you to contact the transferring fund to determine what documentation they specifically require.

4 Applicant's authorisation

- I request and authorise the Trustee of the transferring fund to transfer any benefits to the Zurich Master Superannuation Fund
- I hereby give the Trustee of the transferring fund named in this form authority to provide any and all relevant information to Zurich Australian Superannuation Pty Limited ('Zurich') or its delegates
- I understand that the Trustee of the transferring fund is discharged from any further liability in respect of any amount once benefits have been transferred
- I understand that both superannuation funds are complying superannuation funds under the Superannuation Industry (Supervision) Act
- I understand that in certain cases Zurich may be required by law to deduct tax from the untaxed portion (if any) of the Superannuation Lump Sum transferred from the previous fund
- I approve the deduction of transfer fees (if any) from the benefits transferred (subject to legislative restrictions)
- I authorise and direct Zurich to complete the 'Amount to be transferred' details below. I understand and agree that this amount is to equal the annual premium amount
- If this authority is for a new policy application, and the application does not proceed, I authorise Zurich to transfer the amounts back to the transferring fund (provided the transferring fund accepts).

Amount to be transferred \$

If it is not possible to send the exact amount shown here, please respond by rejecting the request and providing the reason. Please do not send a rollover for a different amount.

Please make any cheque payments payable to: **Zurich Australia Limited**
and post to: **Zurich Client Service Centre, Locked Bag 994, North Sydney NSW 2059**

Zurich Master Superannuation Fund Unique Superannuation Identifier (USI): 336 328 383 93 987

Trustee declaration

On behalf of the Trustee of the Zurich Master Superannuation Fund, Zurich Australian Superannuation Pty Limited, I confirm that the Zurich Master Superannuation Fund:

- is a Complying Superannuation Fund as defined under Section 42 of the Superannuation Industry (Supervision) Act 1993 (the Act)
- is a Resident Regulated Superannuation Fund as defined under Section 10 of the Act
- is not subject to a direction under Section 63 of the Act, nor does it expect to receive a direction under this Section

Further, I wish to confirm that the Trust Deed governing the Zurich Master Superannuation Fund will accept transfers and rollovers from other Complying Superannuation Funds and that such transfers and rollovers will be preserved in accordance with the Act (if required).

Company Secretary – Zurich Australian Superannuation Pty Limited
