The Protection Plans Adviser Guide makes Life Insurance easier

In this guide you'll find tools to help you with the smooth running of your business. There's essential underwriting information at your fingertips for the efficient processing and assessment of risk.

In this guide, 'Protection Plans' means 'BT Protection Plans', unless otherwise specified.

This guide will provide you with the latest information to use with clients where you need it most – right at the point of sale, including:

- > A product summary
- > Premium options and discounts
- > Remuneration options
- > Medical and financial underwriting
- > Loadings and exclusions, and
- > A comprehensive occupation listing.

This guide will make it easier to assess applications, manage expectations, and avoid uncertainty – whether you're on the phone, at your desk, or in the field.

Welcome to Protection Plans. We look forward to working with you.

If you have any questions, please speak to your Business Development Manager.

1 Introduction

Protection Plans provide a comprehensive range of insurance solutions that offer protection no matter the situation or life stage of your client.

| Death Benefit | Pays a lump sum benefit if the insured person dies or is diagnosed with a terminal illness. |
|-------------------------------------|--|
| TPD Benefit | Pays a lump sum benefit if the insured person, depending on the TPD definition selected: |
| | > is unlikely to work again |
| | > is unlikely to perform household duties again, or |
| | > suffers a loss of ability due to a permanent disability. |
| Living Benefit | Pays a lump sum benefit if the insured person suffers from one of a range of specified medical events, such as cancer, a heart attack or stroke. |
| Income Protection | Pays a monthly benefit if the insured person is unable to work at their full capacity due to sickness or injury. |
| | There are also non-occupation based definitions available for those who may not be eligible for occupation based Income Protection. These benefits are based on the insured person's inability to perform all normal household duties or any two of the activities of daily living. |
| Business Overheads | Pays a monthly benefit to help cover the costs of running a business if the insured person cannot work at their full capacity due to sickness or injury. |
| Key Person Income | Pays a monthly benefit to the business if the insured person, who is a key person in the business, cannot work at their full capacity due to sickness or injury. |
| Needlestick Benefit ¹ | Pays a lump sum benefit if the insured person, who is a medical professional, contracts HIV, hepatitis B or hepatitis C while performing the duties of their usual occupation. |
| Children's Benefit ¹ | Pays a lump sum benefit if the insured child dies or suffers from one of a range of specified conditions. |
| | |

1. The Needlestick Benefit and Children's Benefit may be available to your client if your client holds another Protection Plans policy.

Protection Plans policies also provide the following features, to ensure that your client is receiving the most value out of their policy:

- > CPI increases
- > Guaranteed renewable
- > Guaranteed upgrades
- > Loyalty benefit
- > Multi-Policy discount
- > Wrap and Platform Super discount
- > Premium holiday
- > Cover continuation
- > Worldwide cover 24 hours a day.

1.1 Benefit fundamentals

The following table summarises the eligibility criteria for each of the benefits available under Protection Plans. For information about the features and benefits available under each of the policies in Protection Plans, please refer to the Protection Plans Product Disclosure Statement and Policy Document (PDS).

| Type of cover | | Entry age | Entry ages | | | |
|----------------|--|------------------------------|------------------------|---|---|-------|
| | | | 'Stepped' premium | Level premium to age 65 ('Level 65' premium) | Level premium to age 55 ('Level 55' premium) | |
| Death Benefit | | | 15-69 | 15-59 | 15-49 | |
| TPD Benefit | | 15-59 | 15-59 | 15-49 | | |
| Living Benefit | | | 15-59 | 15-59 | 15-49 | |
| Income | Insured person <i>is</i> gainfully | rson <i>is</i> p nfully u | 2 years | 17-59 | 17-59 | _ |
| Protection | | | 5 years | 17-59 | 17-59 | - |
| | employed | fit pe | To age 55 ² | 17-49 | - | 17-49 |
| | | 3ene | To age 65 | 17-59 | 17-59 | - |
| | | | To age 70 ² | 17-59 | 17-59 | - |
| | Insured person | bo | 2 years | 17-59 | 17-59 | - |
| | is not | Benefit period | 5 years ³ | 17-59 | 17-59 | - |
| | gainfully employed | | To age 65 ³ | 17-59 | 17-59 | - |
| | | B | To age 80 ³ | 17-69 | 17-59 | - |
| Business O | Business Overheads | | | 17-59 | 17-59 | - |
| Key Person | | | | 17-59 | 17-59 | - |
| Needlestick | Benefit | | | 15-59 | - | - |
| Children's E | Benefit | | | 2-14 | - | - |

 From age 65, the 'general cover' TPD definition will apply. Where applicable, the TPD Continuation Benefit allows the insured person to continue cover under the 'any occupation' TPD definition to age 70. After this time, the definition reverts to the 'general cover' TPD definition.

2. If the insured person is gainfully employed, benefit periods 'to age 55' and 'to age 70' are only available under the 'own occupation' Income Protection (IP) definition.

3. If the insured person is not gainfully employed, benefit periods '5 years', 'to age 65' and 'to age 80' are only available under the 'general cover' IP definition.

4. A maximum amount of \$2m (plus CPI increases) will be paid in total in the event that the insured person is eligible to claim on both the Living Benefit and Needlestick Benefit.

5. The portion of any benefit amount in excess of \$30,000 per month is limited to a 2 year benefit period. The amount up to \$30,000 is covered for the nominated benefit period.

6

| Expiry age (on the review date on or following the insured person's birthday) | Maximum initial sum insured (including all cover that an insured person holds with WLIS and any other insurer) |
|--|---|
| 99 | > Any financially justifiable amount ⁸ . |
| 991 | Own occupation: Occupation A: \$5m. Occupation B: \$5m (consisting of \$3m under 'own occupation' and \$2m under 'general cover' TPD definitions). |
| | Any occupation: Occupation A: \$5m. Occupations B & C: \$5m (consisting of \$3m under 'any occupation' and \$2m under 'general cover' TPD definitions). |
| | Home duties: > \$1.5m. |
| | General cover: > Occupations A, B & C: \$5m. > Occupation E: \$1m. |
| 75 | \$2m⁴. Home duties: \$750,000. |
| 65 | Own occupation or general cover: |
| 65 | > Occupations AA & P: \$60,000 per month⁵. > Occupations A, S, BB, B & C: \$30,000 per month. |
| 55 | Occupations A, S, BB, B & C: \$30,000 per month. Occupation E: \$10,000 per month. |
| 65 | General cover: |
| 70 | > Occupations restricted to general cover: \$5,000 per month. |
| 65 | Home duties ⁶ : |
| 65 | > \$5,000 per month (for home duties/housewife/homemaker occupations). |
| 65 | General cover ⁷ : > \$5,000 per month. |
| 80 | |
| 65 | > \$60,000 per month. |
| 65 | > \$60,000 per month. |
| 65 | > \$1m ⁴ . |
| 16 | > \$200,000. |
| 6. If the insured person is not ga | ainfully employed, the |

 If the insured person is not gainfully employed, the 'home duties' IP definition is only available outside superannuation.

 If the insured person is not gainfully employed, the 'general cover' IP definition is only available outside superannuation.

8. Please contact the Underwriting Team for any amounts over \$35m.

Note

BT Protection Plans Reserve provides cover in excess of that available under Protection Plans. For further information, please refer to the BT Reserve Reference Document available on LifeCENTRAL.

1.2 Ownership

Protection Plans can be structured to individually tailor the policy to your clients' needs. This includes deciding on the best owner of the policy, as well as the option of structuring benefits to be split between superannuation and non-superannuation ownership.

Policy ownership options

Protection Plans policies can be held inside or outside superannuation.

Policies held inside superannuation are owned by the trustee of the superannuation fund (eg the trustee of Westpac MasterTrust for Term Life as Superannuation or Income Protection as Superannuation, the trustee of an eligible Super Platform, or the trustee of a SMSF). There are restrictions and limitations on the types of cover that can be held inside superannuation and on the terms and conditions of those policies.

Policies held outside superannuation are owned by the insured person (self-owned), another individual (eg the insured person's spouse), a business entity (eg a business partnership, or company), or the trustee of a trust (eg the insured person, or a business entity).

Ownership options for Term Life, TPD and Living Insurance

The following table outlines the ownership options for Term Life, Standalone TPD and Standalone Living Insurance policies offered within Protection Plans.

| Polic | Policy ownership options | | Policy | | | |
|---------------------------|---|-----------|-------------------|-----------------------------------|--|--|
| | | Term Life | Standalone TPD | Standalone Living Insurance | | |
| Ę | Insured person | ✓ | ✓ | \checkmark | | |
| Outside superannuation | Another individual | ✓ | ✓ | \checkmark | | |
| | Business entity | ✓ | ✓ | ✓ | | |
| | Trustee of a non-superannuation trust | ✓ | ✓ | ✓ | | |
| ation | Trustee of Westpac MasterTrust (for Term Life as Superannuation) | ✓ | × | × | | |
| Inside superannuation | Trustee of an eligible Super Platform | ✓ | \checkmark^1 | × | | |
| | Trustee of a SMSF | ✓ | \checkmark^1 | × | | |

1. The own occupation TPD definition is not available if the policy is held inside superannuation.

We allow up to five policy owners on Term Life, Standalone TPD and Standalone Living Insurance policies held outside superannuation. Each policy owner will jointly own the policy.

Ownership options for Income Protection, Income Protection Plus, Business Overheads and Key Person Income

The following table outlines the ownership options for Income Protection, Income Protection Plus, Business Overheads and Key Person Income policies offered within Protection Plans. Please note that a Key Person Income policy must be owned by the business entity of which the key person has a share of ownership, or is employed by.

| Policy ownership options | | Policy | | | |
|---------------------------|--|----------------------|------------------------------|-----------------------|-------------------------|
| | | Income Protection | Income Protection Plus | Business Overheads | Key Person Income |
| Ę | Insured person | \checkmark | ~ | \checkmark | × |
| Outside superannuation | Another individual | × | × | × | × |
| | Business entity ¹ | \checkmark | ~ | \checkmark | ~ |
| | Trustee of a non-superannuation trust ¹ | \checkmark | ~ | \checkmark | ~ |
| ation | Trustee of Westpac MasterTrust (for Income Protection as Superannuation) ² | \checkmark | ~ | × | × |
| Inside superannuation | Trustee of an eligible Super Platform ³ | ~ | ~ | × | × |
| ədns | Trustee of a SMSF ³ | \checkmark | ~ | × | × |

- Income Protection and Income Protection Plus policies can be owned by the trustee of a trust or a business entity, in which case, the insured person must have direct control of the trust or business entity (eg the insured person is the trustee of the trust, or the partner or director of a business entity).
- 2. For Income Protection as Superannuation policies held through Westpac MasterTrust:
 - > Income Protection Plus is only available if Income Linking Plus has also been selected, and
 - > General cover Income Protection and home duties Income Protection are not available.
- 3. For policies held through an SMSF or an eligible Super Platform:
 - > General cover Income Protection is only available if the insured person is gainfully employed
 - > Income Protection Plus is only available if Income Linking Plus has also been selected, and
 - > Home duties Income Protection is not available.

Ownership options for Needlestick Benefit and Children's Benefit

Needlestick Benefit and Children's Benefit policies may be available if your client holds another Protection Plans policy. Needlestick Benefit and Children's Benefit policies are only available outside superannuation.

For the Children's Benefit, the policy owner must be the natural parent or legal guardian of the insured child.

Structuring your clients' cover

Having the right policy structure for your clients' individual circumstances is important as it can make a difference to how much they pay for their premiums, how effectively they can manage their cash flow, and most importantly, the ability to access benefits when they are needed the most.

Protection Plans can be structured in many ways, giving you the flexibility to tailor your clients' cover to their individual circumstances.

Below is a summary of the different structures available under Protection Plans.

Term Life, TPD and Living Insurance

Protection Plans offer the following structures for Term Life, TPD and Living Insurance.

| Cover | Standalone policy | Additional benefit under a Term Life or Term Life as Superannuation policy (rider benefit) | Additional benefit under a separate Flexible Linking Plus policy |
|------------------|-------------------|---|---|
| Term Life | \checkmark | × | × |
| TPD | \checkmark | ✓ | ✓ |
| Living Insurance | ~ | \checkmark^1 | ✓ |

1. Living Insurance is only available as an additional benefit under a Term Life policy held outside superannuation. Living Insurance is not available as an additional benefit under a Term Life as Superannuation policy, unless Flexible Linking Plus is selected.

Stand-alone policies

Your clients can hold Term Life, TPD and/or Living Insurance as standalone policies. Any benefit paid to your client under the standalone policy will not affect the sum insured under any other policy your client holds with us (unless we have stated otherwise).

Additional benefits

Your clients can add a TPD and/or Living Benefit to a Term Life or Term Life as Superannuation policy for the same insured person.

If the additional benefits are held under:

- > a Term Life or Term Life as Superannuation policy, all benefits will be owned by the same policy owner. These additional benefits are called 'rider' benefits.
- > a separate policy through Flexible Linking Plus, the benefits will be held under the Flexible Linking Plus policy outside superannuation, with a different policy owner. You can link a policy held inside superannuation to a Flexible Linking Plus policy.

If a rider benefit is held under a Term Life or Term Life as Superannuation policy, for any amount which is paid by us, the sum insured of the rider benefit and all other benefits held under the same policy will be reduced by the amount we have paid. We will also reduce the sum insured of all benefits held under a linked Flexible Linking Plus policy (if applicable).

For any amount paid under a Flexible Linking Plus policy, the sum insured of all other benefits held under the Flexible Linking Plus policy will be reduced by the amount we have paid. We will also reduce the sum insured of all benefits held under the Term Life, Term Life as Superannuation or Standalone TPD policy which is linked to the Flexible Linking Plus policy.

Holding benefits inside superannuation

The payment of insurance benefits from your clients' superannuation fund is governed by superannuation law. In the event of a claim, the trustee of your clients' superannuation fund can only release benefits to your client if they meet a superannuation condition of release under superannuation law.

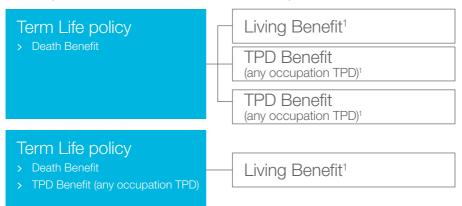

Structuring additional benefits inside and outside superannuation with Flexible Linking Plus

There are certain benefits which are available under a Protection Plans policy held through a superannuation fund as they are consistent with a superannuation condition of release. Benefits which are not consistent with a superannuation condition of release can only be held under a policy outside superannuation. Flexible Linking Plus allows you to link these benefits together.

The following diagram is an example of how you can link TPD and/or Living Benefits under a Flexible Linking Plus policy held outside superannuation, to a Term Life policy held inside superannuation. These options are also available for a Term Life as Superannuation policy.

Inside superannuation

Outside superannuation

1. Benefits which are not consistent with a superannuation condition of release, such as the Financial Planning Benefit and Counselling Benefit, will be held under the Flexible Linking Plus policy.

Your clients can apply to add a Needlestick Benefit policy and/or Children's Benefit policy, held outside superannuation, to the above policy structures.

Splitting TPD inside and outside superannuation with Flexible Linking Plus

With Flexible Linking Plus, you can add an own occupation TPD Benefit (to be held outside superannuation) to a Term Life policy, Term Life as Superannuation policy or standalone TPD policy (held inside superannuation).

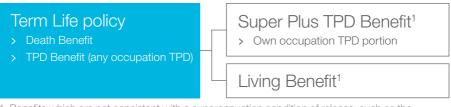

The portion of the TPD Benefit which is consistent with a superannuation condition of release (ie the TPD Benefit with the any occupation TPD definition) is held inside superannuation, and the remainder of the TPD Benefit which is not consistent with a superannuation condition of release (ie the own occupation TPD portion) is held outside superannuation. This is called a Super Plus TPD Benefit.

In the event of a TPD claim, we will first assess your clients' claim under the any occupation TPD definition. If a benefit is payable, it will be paid to the trustee of your clients' superannuation fund under the TPD Benefit (the trustee may then release the funds to your client). Any claim which is payable under the Super Plus TPD Benefit will be paid to the owner of the Flexible Linking Plus policy.

Any TPD claim paid will reduce the sum insured of both the TPD Benefit inside superannuation, and the Super Plus TPD Benefit outside superannuation by the amount paid. The sum insured will also be reduced for any benefits held under a linked Flexible Linking Plus policy. The following diagram is an example of how Flexible Linking Plus can be used to link a Super Plus TPD Benefit and a Living Benefit under a Flexible Linking Plus policy to a Term Life policy held inside superannuation. These options are also available for a Term Life as Superannuation policy.

Inside superannuation

Outside superannuation

 Benefits which are not consistent with a superannuation condition of release, such as the Financial Planning Benefit and Counselling Benefit, will be held under the Flexible Linking Plus policy.

Flexible Linking Plus can also be used to link a Super Plus TPD Benefit under a Flexible Linking Plus policy to a Standalone TPD policy held inside superannuation, as illustrated in the diagram below.

Inside superannuation

Outside superannuation

Standalone TPD policy

> TPD Benefit (any occupation TPD)

Super Plus TPD Benefit¹

- > Own occupation TPD portion
- 1. Benefits which are not consistent with a superannuation condition of release, such as the Financial Planning Benefit and Counselling Benefit, will be held under the Flexible Linking Plus policy.

Your client can apply to add a Needlestick Benefit policy and/or Children's Benefit policy, held outside superannuation, to the above policy structures.

Income Protection, Income Protection Plus, Business Overheads and Key Person Income

Income Protection, Income Protection Plus, Business Overheads and Key Person Income are available as standalone policies, which means any benefits paid under the standalone policy will not affect the benefits under any other policy your client holds with us (unless we have stated otherwise).

Holding benefits inside superannuation

Income protection benefits held inside superannuation must be consistent with a superannuation condition of release. These benefits are offered under the Income Protection policy.

Benefits which are not consistent with a superannuation condition of release must be held under a policy outside superannuation. This includes benefits offered under an Income Protection Plus policy.

Income Linking Plus allows your client to access benefits offered under an Income Protection Plus policy over two separate policies, inside and outside superannuation.

The benefits which are consistent with a superannuation condition of release are offered under an Income Protection policy held inside superannuation. These benefits include the portion of your clients' Total Disability Benefit and Partial Disability Benefit which can be paid under a superannuation condition of release. If a benefit is payable, it will be paid to the trustee of your clients' superannuation fund.

Benefits which are not consistent with a superannuation condition of release are offered under an Income Linking Plus policy held outside superannuation. This is called a Super Plus IP Benefit. The Super Plus IP Benefit includes any portion of your clients' Total Disability Benefit or Partial Disability Benefit which is not consistent with a superannuation condition of release, as well as other benefits offered under the Income Protection Plus policy. These benefits will be paid to the policy owner of the Income Linking Plus policy.

The diagram below is an example of how the Super Plus IP Benefit works in conjunction with an Income Protection policy, to provide the benefits offered under an Income Protection Plus policy.

Inside superannuation

Income Protection policy

 Benefits which are consistent with a superannuation condition of release¹

Outside superannuation

Super Plus IP Benefit

 Benefits which are not consistent with a superannuation condition of release¹

1. Benefits offered under an Income Protection Plus policy which are not consistent with a superannuation condition of release (such as the Crisis Benefit, Specified Injury Benefit, Counselling Benefit and Nursing Care Benefit), will be held outside superannuation under the Income Linking Plus policy.

Your client can apply to add a Needlestick Benefit policy and/or Children's Benefit policy, held outside superannuation, to the above policy structures.

1.3 Premiums and policy discounts

Protection Plans offer a range of premium options to allow you to further tailor policies to your client's needs. In addition, there are a number of discounts offered to reward loyal customers.

Premium options

Stepped and level premiums

Protection Plans offer the choice between stepped, level, or a combination of both stepped and level premiums.

Stepped premiums are re-calculated each year, on the review date, in line with the insured person's age.

Level premiums stay the same for a specified period of time. This specified period of time can either be:

- > to the review date on or following age 55 for the 'level 55' premium option, or
- > to the review date on or following age 65 for the 'level 65' premium option.

When the specified period of time has elapsed, the premiums will revert to a stepped structure.

Under both structures, the premium will increase with CPI on the review date each year:

- > with sum insured increases (unless your client declines CPI increases), and
- > when we increase the policy fee.

Minimum premiums and policy fees

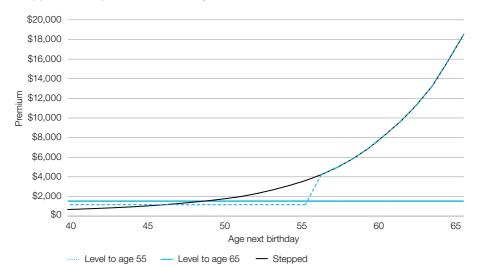

There are minimum premium requirements, and a policy fee is payable on each Protection Plans policy (in addition to the minimum premium). These amounts are dependent on the premium frequency selected and are outlined in the following table (as at 1 October 2015).

| Premium frequency | Minimum premium | Policy fee |
|-------------------|-----------------|------------|
| Monthly | \$14 | \$8.08 |
| Quarterly | \$42 | \$24.24 |
| Half-Yearly | \$84 | \$48.49 |
| Yearly | \$150 | \$89.00 |

Stepped and level premium examples

Joe is a 29 year old plumber. Joe's financial adviser takes him through his options and they both agree on the types and amount of cover. After considering many factors, Joe decides on a level premium cover so that he will have a steady insurance premium all the way to retirement.

In another example, Mark has recently had a child, and his wife is not working. With this in mind, and to make sure Mark has all the facts to make an informed decision, his financial adviser takes the time to explain clearly the level and stepped premium options. After the discussion, Mark decides to take up a stepped premium contract as he is focusing on his short-term requirements to provide the largest possible cover over the next couple of years. Having had this discussion, however, Mark is interested in other premium options and both he and his financial adviser agree to review the structure of his premiums in the next few years when Mark's wife returns to work.

Stepped v level premiums for a 40 year old¹

1. Assumptions: Premiums shown are for a 40 year old (at commencement), male, non-smoker, taking out a Term Life policy with a Death Benefit sum insured of \$500,000 and an any occupation TPD Benefit with a sum insured of \$500,000 as a rider. There is no indexation of the sum insured and no loadings on the policy.

The stepped premium option is initially less expensive than taking a level premium. However, the longer the policy is in force, and the older the insured person becomes, the more expensive the stepped premiums are for the policy owner. The increase in the cost of the stepped premiums effectively reflects the increased chance of a claim under the policy. In contrast to the ever increasing nature of the stepped premiums, the level premium remains constant up until the target age on the policy, at which time it converts to a stepped premium. The level to age 55 option, for example, incurs the same cost each year up until the insured person reaches age 55, at which point the premium reverts to be calculated on a stepped basis. Effectively, the higher cost of the level premium at inception factors in the increase in risk associated as the insured person gets older.

Policy discounts

Multi-Policy discount

If the insured person is covered by more than one policy (Term Life, Term Life as Superannuation, Standalone Total and Permanent Disability, Standalone Living Insurance, Income Protection, Income Protection as Superannuation, Income Protection Plus, Business Overheads or Key Person Income) they will be eligible for a 5% multi-policy discount on their premiums (excluding policy fee and stamp duty).

Wrap/Platform Super discount

A 10% discount on premiums (excluding policy fee and stamp duty) is available where premiums are paid through an eligible Wrap or Platform Super account.

Large sum insured discounts

To further reward clients who qualify for higher sums insured, we offer a range of large sum insured discounts:

| Death Benefit and TPD Benefit ¹ sum insured | Discount |
|--|----------|
| 0-\$249,999 | Nil |
| \$250,000-\$499,999 | 10% |
| \$500,000-\$999,999 | 20% |
| \$1,000,000 and over | 30% |

| Living Benefit sum insured | Discount |
|----------------------------|----------|
| 0-\$249,999 | Nil |
| \$250,000-\$499,999 | 10% |
| \$500,000-\$999,999 | 15% |
| \$1,000,000 and over | 20% |

| Income products ¹ sum insured (per month) | Discount |
|--|----------|
| 0–\$3,999 | Nil |
| \$4,000-\$7,499 | 10% |
| \$7,500-\$9,999 | 12.5% |
| \$10,000 and over | 15% |

1. Benefits issued under different TPD definitions or Waiting Period/Benefit Period combinations are classified as separate benefits for sum insured banding purposes.

Premium calculation

The premium calculation for each benefit/option is as follows:

| | + policy fee |
|------------|--|
| | \times (1 + frequency loading) |
| | × (1 – commission dial down discount) |
| | + per mille loadings × sum insured/divisional factor1] |
| | underwriting loadings (ie % health/pastime loadings and occupational loadings) |
| | × (1 – Wrap/Platform Super discount) |
| | × (1 – multi-policy discount) |
| | \times (1 – large sum insured discount) |
| [Base rate | × sum insured/divisional factor ¹ |

1. Divisional factor = 1000 for lump sum products, and 100 for income products.

Stamp duty is applied following the above calculation to particular policies (all income products, Standalone Total and Permanent Disablement, Standalone Living Insurance, Flexible Linking Plus and Needlestick Benefit). The amount depends on the policy owner's state of residence.

If the Waiver of Life Premium Benefit is selected, the sum of all Term Life policy premiums above are multiplied by 5% for males and 8% for females, to derive the applicable premium for this benefit.

1.4 Adviser remuneration

Protection Plans offer a choice of a number of remuneration options depending on how you wish to structure your business. You can choose between the traditional commission options and fee based remuneration.

Commission

Protection Plans offer the choice of four commission options. The following amounts are inclusive of GST:

| Commission structure | Initial (Year 1) | Renewal (Year 2 +) |
|----------------------|------------------|--------------------|
| Upfront | 121.0% | 11.0% |
| Level | 33.0% | 33.0% |
| Hybrid Option 1 | 69.3% | 23.1% |
| Hybrid Option 2 | 89.1% | 18.7% |

Commission may be split between two advisers, and in any percentage that you nominate. If no split percentage is nominated on the application form, the commission will be paid to the primary adviser.

For policies paid through a Wrap or SuperWrap account, the adviser of the Wrap or SuperWrap account is the primary adviser on the Protection Plans policy. Split commission can be used to nominate a secondary adviser on the Protection Plans policy. If both the primary and secondary advisers are not nominated on the application form with a split percentage, the renewal commission will be paid to the primary adviser.

If you choose to be paid only the 'initial' commission under an upfront or hybrid commission structure, your client's premium will be reduced by the same percentage of 'renewal' commission you would have received in year 2 onwards (excluding GST).

Other things to note on commission calculations and payments:

| Commission type | Calculation | Payment |
|---|--|-------------------------------------|
| Initial commission (for upfront and hybrid commission | Percentage of annual premium on new, or voluntary increases in, benefits and sums insured. | Paid as a lump sum when the |
| structures) | Includes all underwriting loadings (ie health/ pastime loadings and occupational loadings) and discounts (including multi-policy, Wrap/ Platform Super, large sum insured and commission dial down discounts). | policy goes into force. |
| | Excludes policy fee, stamp duty and frequency loadings. | |
| | No initial commission is payable on increases due to CPI and age. | |
| | No initial commission is payable on replacing existing Protection Plans policies, except: | |
| | for an allowance that is made for renewal commission which would have been payable on the replaced policy¹, and | |
| | where there is an increase in premium, initial commission will be paid on the increased portion. | |
| Renewal commission | Percentage of the premium received from year 2 onwards. | Paid on the frequency |
| (for upfront and hybrid commission | Includes increases due to CPI, age and frequency loadings. | that the premium |
| structures) | Includes all underwriting loadings and all discounts (except the commission dial down discount). | is received. |
| | > Excludes policy fee and stamp duty. | |
| Level commission | Percentage of all premiums received before applying any commission dial down discount. | Paid on the frequency |
| | Includes all underwriting loadings and all discounts (except the commission dial down discount). | that the premium is received. |
| | Includes increases due to CPI, age and frequency loadings. | |
| | > Excludes policy fee and stamp duty. | |

1. The commission structure on the replacement policy must be the same as the original policy being replaced.

No initial commission will be paid for the re-purchase of the:

- > Death Benefit using the Living Buy Back Benefit
- > Death Benefit using the TPD Buy Back Benefit
- > Death Benefit using the Double Living Benefit
- > Death Benefit using the Double TPD Benefit, and
- > Living Benefit using the Living Reinstatement Benefit.

Commission dial down

Protection Plans offer you the ability to reduce the premiums your clients pay by reducing the remuneration you will receive. You are able to discount premiums by any whole percentage up to 30%. If this decision is made in consultation with your client, you need to consider whether this payment should be disclosed in the annual Fee Disclosure Statement that you provide to your client.

The following table outlines the effect on commission percentage when utilising the dial down facility.

| Premium | Dialled down commission (including GST) | | | | | | |
|----------|---|---------|-----------------|---------|-----------------|---------|--------|
| discount | Upfront | | Hybrid Option 1 | | Hybrid Option 2 | | Level |
| | Initial | Renewal | Initial | Renewal | Initial | Renewal | |
| 0% | 121.00% | 11.00% | 69.30% | 23.10% | 89.10% | 18.70% | 33.00% |
| 5% | 100.83% | 9.17% | 57.75% | 19.25% | 74.25% | 15.58% | 27.50% |
| 10% | 80.67% | 7.33% | 46.20% | 15.40% | 59.40% | 12.47% | 22.00% |
| 15% | 60.50% | 5.50% | 34.65% | 11.55% | 44.55% | 9.35% | 16.50% |
| 20% | 40.33% | 3.67% | 23.10% | 7.70% | 29.70% | 6.23% | 11.00% |
| 30% | 0.00% | 0.00% | 0.00% | 0.00% | 0.00% | 0.00% | 0.00% |

For Flexible Linking Plus and Income Linking Plus policies, remuneration on the portion paid from superannuation can be automatically dialled down to zero by selecting the 'Commission – Non Super only' or 'Ins Admin Fee – Non Super only' options in LifeCENTRAL+ (as applicable). This means remuneration on the portion of premium paid outside of superannuation can continue to be dialled up or down between 0% and 30% (depending on the remuneration option chosen).

If you choose to be paid only the 'initial' commission under an upfront or hybrid commission structure, your client's premium will be reduced by the same percentage of renewal commission you would have received in year 2 onwards (excluding GST).

Commission rebates

For your clients with an existing Protection Plans policy, should you wish to cease receiving renewal commission payments from us, you have the option to reduce your clients' premium by the amount of commission you were due (excluding GST). This option is available to you while you continue to be the servicing agent on the policy.

When is commission paid?

Initial commission (for Upfront and Hybrid structures) is payable as a lump sum when the policy goes into force. Level and Renewal commission (for Upfront and Hybrid structures) are payable at the frequency that the premium is received.

Commission will be paid on a monthly, fortnightly, or weekly basis, depending on the frequency which has been nominated by your Dealer Group.

- Monthly commission payments will be made by the Friday of the week following the first Saturday of the month. The payment will include any commission that became payable in the previous month.
- Fortnightly commission payments will be made by Friday each fortnight and include any commission that became payable in the previous two weeks (Monday – Saturday).
- > Weekly commission payments will be made by Friday each week and include any commission that became payable in the previous week (Monday Saturday).

Level and Renewal commission for insurance held under Wrap/Super Wrap is calculated on a monthly basis, therefore it will be paid in a single payment covering the entire month in the next available payment following the 22nd day of the month. For example, any Level/Renewal commission for Wrap Insurance covering the period 1-31 January will be paid in the next available payment date following 22 January.

Commission responsibility period

On the lapse or cancellation of a policy within one year of a policy's risk commencement date, initial commission which has been paid in the first year is written back according to the following scale.

| Time from risk commencement | Writeback of commission |
|-----------------------------|-------------------------|
| 0–6 months | 100% |
| 6–9 months | 50% |
| 9–12 months | 25% |

On the cancellation of a policy from inception that results in a refund of premiums, the initial and renewal commission is written back.

A writeback will be reversed on the reinstatement of a policy following the lapse of the policy.

Advice Service Fee

We recognise that each adviser has different needs, and may require a different method of remuneration depending on the client, their policy, or the needs of the dealer group.

The Advice Service Fee is a flexible and transparent remuneration option which allows you and your client to openly discuss the fee you will receive. This fee will have no bearing on the premium the client is paying.

The Advice Service Fee has the following features:

- > you and your client can negotiate any dollar value for the services you provide. The fee is not linked to the premium payable, and is paid as an amount in excess of the premium.
- > the Advice Service Fee paid during the first year (initial fee) may differ from the fee which is paid for ongoing services (ongoing fee).
- > the initial fee will be defaulted to upfront, however may be paid at a different frequency. The ongoing fee is paid at any frequency selected by your client.
- > you and your client may elect to increase the ongoing fee with CPI.
- > the Advice Service Fee will be set out in a separate schedule for your client which will be provided each year on the review date. This schedule will itemise the amount payable by your client (inclusive of GST).

Insurance Administration Fee

The Insurance Administration Fee is a percentage-based remuneration option which allows you to adjust your client's premium to match your effort.

You can select any whole percentage between 0–30% and the fee is calculated as a percentage of premium paid (excluding policy fee and stamp duty) starting in the first year of the policy. The fee is included in the premium paid by your client and affects the total premium payable. If this decision is made in consultation with your client, you need to consider whether this payment should be disclosed in the annual Fee Disclosure Statement that you provide to your client.

The Insurance Administration Fee works in the opposite way to commission dial down. Therefore, if the fee selected is 30%, your client will pay the retail premium rate (or the premium payable without dial down). If the Insurance Administration Fee selected is 0%, your client will pay the retail premium rate discounted by 30%.

The following table shows the effect of the Insurance Administration Fee on a \$700 base insurance premium before fees or commission.

| Insurance | Insurance | | | | | ncluding G | GST) | |
|---------------------|-----------|---------|---------|---------|----------|------------|----------|-------|
| Admin- istration | premium | Up | front | Hybrid | Option 1 | Hybrid | Option 2 | Level |
| Fee | | Initial | Renewal | Initial | Renewal | Initial | Renewal | |
| 30% | \$1,000 | \$1,210 | \$110 | \$693 | \$231 | \$891 | \$187 | \$330 |
| 25% | \$950 | \$958 | \$87 | \$549 | \$183 | \$705 | \$148 | \$261 |
| 20% | \$900 | \$726 | \$66 | \$416 | \$139 | \$535 | \$112 | \$198 |
| 15% | \$850 | \$514 | \$47 | \$295 | \$98 | \$379 | \$79 | \$140 |
| 10% | \$800 | \$323 | \$29 | \$185 | \$62 | \$238 | \$50 | \$88 |
| 0% | \$700 | \$0 | \$0 | \$0 | \$0 | \$0 | \$0 | \$0 |

1.5 Underwriting philosophy and service proposition

Our underwriters are a highly skilled team with an enormous amount of experience. Our philosophy is underpinned by our core commitments which ensure you have a smooth experience every time.

| Core commitments | We will: |
|------------------------------|---|
| Communication | 'tele-underwrite' in every instance where your client has provided us with permission. |
| | call you with both standard and non-standard underwriting outcomes. |
| | explain each adverse outcome to you in order to assist you in 'selling' any non-standard underwriting decision to your client. |
| Best underwriting outcome | only ask for non-mandatory requirements if it will make a difference to the final underwriting decision. |
| | only decline as an absolute last resort after every other outcome has been evaluated. |
| Ownership | be accountable for all our underwriting decisions and own the final outcome – our case, our decision. |
| Accountability | > deliver on our promises and do what we say we are going to do.> deliver on the communicated service standards. |
| Accessibility | > be accessible to you by phone, email or face to face – we will set clear expectations as to when we will reply to your enquiry. |
| | advise you when an individual is away/not available – and also inform you who the buddy underwriter is. |
| Pre-assessments | ensure we have explored every opportunity to offer underwriting terms, and honour any pre-assessment offer made based on full disclosure. |

We are committed to making the application process as simple as possible. Where further underwriting information is required, we will do our best to process the application in the quickest and simplest way.

Tele-Underwriting

Our tele-underwriting service focuses on getting applications in force faster by reducing the need to obtain information from third parties. This service is conducted by our skilled underwriters or tele-interviewers and delivers a wide range of benefits including:

- > improved revenue through higher acceptance rates
- > less time wasted due to faster underwriting decisions and fewer requirements
- > reduced non-disclosure providing greater certainty at claim, and
- > enhanced customer experience.

Tele-Interviewing

Our tele-interviewing service saves you time as we complete the medical and lifestyle information of the personal statement on your behalf at a time and place convenient for your client – either in the comfort of their own home, at their workplace or wherever they have access to a phone. This service is conducted by one of our skilled tele-interviewers in a comfortable one to one environment. All our tele-interviewers are medically trained to provide your client with the reassurance that they are talking with a professional guiding them through the application process in a friendly, helpful and sensitive manner.

Our tele-interviewing service means less time spent on completing application forms, which allows you more time for advising. No forms need to be filled in or signed as our calls are recorded, which minimises disputes at claims stage.

Contacts

If you want to find out how our underwriting team can make a difference in your business, please contact your respective State Underwriting Manager.

| Rebecca Dunford | > SA | 08 8230 2062 |
| | > NT | |

2 Medical underwriting

Medical underwriting is the process we use to assess your client's medical history.

All medical information gathered is strictly confidential and is only viewed by those who have a direct role in assessing your client's application.

In cases of higher benefit amounts, we require your client to undertake medical tests – these are called mandatory medical requirements.

Calculating the mandatory medical requirements for your client can be confusing – especially when there are multiple policies and existing benefits. LifeCENTRAL+ makes your life easier by automatically determining the relevant medical requirements based on the individual circumstances of your client. This saves you the hassle of adding, multiplying and subtracting benefit amounts to get to the assessable figure.

2.1 Calculating mandatory medical requirements

While LifeCENTRAL+ will do all the hard work for you, by automatically calculating the requirements, it is also important to understand the specifics of the mandatory medical calculations.

This calculation is based on:

- > the benefit amount being applied for
- > your client's age, and
- > any existing cover that your client has with us that is not being replaced.

For the purposes of this calculation, any existing benefits held with another insurer will not be included.

If medical evidence has been obtained in the past six months, we may be able to use this, depending on:

- > the cover being applied for
- > your client's age, and
- > pre-existing conditions.

Lump sum benefits

To illustrate the calculation of requirements most effectively, let's use an example. John is a 49 year old male who is applying for a Term Life policy and a Standalone Living Insurance policy. John already holds a Standalone TPD policy with us that he is looking to keep.

| Proposed cover | Existing cover (with the Insurer) |
|--|---|
| Term Life policy Death Benefit = \$1,000,000 TPD Benefit = \$1,000,000 Living Benefit = \$500,000 Business Cover Benefit selected on the Death Benefit Standalone Living Insurance policy Living Benefit = \$1,000,000 | Standalone TPD policy TPD Benefit = \$500,000 |
| Step 1: Calculate the total benefit amounts | John's example |
| Add together the: Death Benefits (both proposed and existing) TPD Benefits (within Standalone TPD and Term Life policies, both proposed and existing), and Living Benefits (within Standalone Living Insurance and Term Life policies, both proposed and existing). Please note: Where the Business Cover Benefit has been selected, the appropriate benefit amount must be multiplied by 3. | > Death Benefit = \$1,000,000 x 3 = \$3,000,000 > TPD Benefit = \$1,000,000 + \$500,000 = \$1,500,000 > Living Benefit = \$1,000,000 + \$500,000 = \$1,500,000 |
| Step 2: Select the largest benefit | |
| Select the highest of the: Death Benefit TPD Benefit, and Living Benefit. | > Death Benefit = \$3,000,000 |

| Step 3: Refer to the medical requirements table | |
|---|---|
| Refer to the tables in section 2.2 to identify mandatory medical requirements by looking up the age and using the benefit amount determined in step 2. | > MBA2O > QCHECK |
| Step 4: Living Benefit requirements | |
| Determine additional medical requirements for any Living Benefits being applied for. Refer to the tables in section 2.2 to identify mandatory medical requirements by looking up the age and using the Living Benefit amount determined in step 1. | > Living Benefit = \$1,500,000 Requirements: > MBA2O > QCHECK |
| Step 5: Consolidate the medical requirements | |
| Add the requirements determined in Step 3 to those determined in Step 4. Any duplicated requirements only need to be requested once. | > MBA2O > QCHECK |
| Some requirements do not need to be requested if a more comprehensive requirement is already listed. For instance: | |
| > an ECG_R can be replaced by an ECG_EX | |

For the purpose of calculating mandatory medical requirements, all optional benefits (excluding the Business Cover Benefit) are excluded from the calculations. In addition, the Needlestick Benefit will not be added to the mandatory medical requirements calculations.

Income benefits

John, who is also a business owner, has now decided to take out an Income Protection policy as well as a Business Overheads or Key Person Income policy. John already has an Income Protection policy with us, held within his superannuation fund which he wishes to keep.

| Proposed cover | Existing cover (with the Insurer) |
|---|--|
| Income Protection = \$5,000 per month Business Overheads or Key Person Income = \$11,000 per month | Income Protection \$4,000 per month |
| Step 1: Calculate the total benefit amount | |
| Add together the: Income Protection monthly benefits (both proposed and existing), and Business Overheads or Key Person Income monthly benefits (both proposed and existing). | Income Protection \$5,000 + \$4,000 \$9,000 per month Business Overheads Key Person Income \$11,000 per month |
| Step 2: Select the highest total benefit amount | |
| Select the highest of the total: Income Protection monthly benefit, and Business Overheads or Key Person Income monthly benefit. | Business Overheads or Key Person Income = \$11,000 per month |
| Step 3: Refer to the medical requirements table | |
| Refer to the tables in section 2.2 to identify mandatory medical requirements by looking up the age and using the benefit amount determined in step 2. | > MBA2O > QCHECK |

2.2 Mandatory medical requirements

The table below provides a glossary of the medical requirement abbreviations used in the requirements table.

| ECG_EX | Stress (exercise) Electrocardiogram |
|-----------|---|
| ECHOEX | Stress Echocardiogram |
| EMAR | Extended Medical Attendants Report |
| FBC | Full Blood Count |
| HEP B & C | Hepatitis B & C antibodies and antigens |
| HIV | Human Immunodeficiency Virus antibodies |
| МАМ | Mammogram test or latest mammogram test results acquired within the last 12 months (females only) |
| MBA20 | Multiple Biochemical Analysis |
| MEDXAM | Medical Examination |
| MSU | Microscopic Urinalysis |
| PSA | Prostate Specific Antigen (PSA) test or latest PSA test results acquired within the last 12 months (males only) |
| QCHECK | Quick Check |
| SPX | Specialist Physician Exam |
| | |

| Sum Insured | | Death, TP | D and Living | Living Benefit requirements | | | | |
|------------------------------|--|--|--|--|--|--|--|--|
| | Age next birthday | | | | | | | |
| | Up to 45 | 46-50 | 51–55 | 56-60 | 61–65 | 66–70 | | |
| \$0-\$100,000 | _ | - | _ | - | - | _ | | |
| \$100,001– \$350,000 | - | - | - | - | - | - | | |
| \$350,001– \$500,000 | - | - | - | - | - | QCHECK | | |

2.3 Arranging medical requirements

You can choose to arrange the medical requirements on behalf of your client, or we can organise these for you.

If you choose to arrange the medical requirements, ensure that you know which examinations to order, and the appropriate examiner to perform these tests. The medical requirements will be shown on the LifeCENTRAL+ application output if submitting electronically, otherwise a guideline of the requirements will be available on the LifeCENTRAL+ quote.

Medical requirements may be arranged with paramedical service provider, UHG.

UHG provides the following health screening services:

- > Mobile Paramedical Examinations & Mini Health Checks
- > Mobile Pathology Services
- > GP Examinations and ECGs
- > Specialist Examinations
- > Exercise Stress Tests, Echocardiographs & Lung Function Tests

Telephone: 1300 558 583

Website: www.uhg.com.au

2.4 Understanding medical requirements

Understanding the different types of tests your client has to undergo, and the reasons for taking them, can prove to be a challenge. To help demystify the requirements, we've explained what happens, and what is required of your client for each of these tests.

Please note that irrespective of the doctor or service provider used, the medical costs are paid by the Insurer.

| Medical requirement | May be required due to: | What is involved? |
|---|--|---|
| Blood Tests (MBA20, HEP B & C, FBC, HIV) | mandatory requirements based on the level of cover being applied for the client's medical history (particularly if the client has had high cholesterol, diabetes, liver abnormalities, or hepatitis) the client's BMI, or results of a medical examination or EMAR. | A blood sample is taken and then analysed by a pathology lab. For more accurate results, particularly for cholesterol and glucose readings, the client should fast for 8 hours before the blood test unless there are medical reasons otherwise. The sample can be taken by either: > the client's doctor (who is not a family member). We will mail an Information and Request Form to the client to read, sign and take to their doctor. The doctor will then send this form, together with the blood sample, to a pathology practice. > paramedical service provider, UHG. They will supply the consent form directly to the client for completion. Types of Blood Tests > Full Blood Count (FBC) and Hepatitis B & C – a single test with a broader analysis that checks the types and numbers of blood cells and hepatitis B & C antibodies and antigens. > Multiple Biochemical Analysis (MBA20) – primarily examines glucose, liver function, renal function and cholesterol. > Human Immunodeficiency Virus (HIV) – checks for HIV antibodies and can usually be done at the same time as the MBA20. |

| Medical requirement | May be required due to: | What is involved? |
|---|--|---|
| Electro- cardiogram (ECG_EX) | mandatory requirements based on the level of cover being applied for, or the client's medical history (eg heart disease). | Leads are placed on the chest, wrist and ankles to record the transmission of the electrical impulses of the heart. The test is to determine whether these impulses are normal or not. Stress ECG (ECG_EX) – the test is performed at authorised medical centres or hospitals, when exercising on a treadmill or bike. An abnormal result may indicate possible heart disease. |
| Stress Echocardiogram (ECHOEX) | mandatory requirements based on the level of cover applied for, or the client's medical history (eg heart disease). | This is a sonogram, or cardiac ultrasound, of the heart. It uses standard ultrasound techniques to image two-dimensional slices of the heart (the latest ultrasound systems now employ 3D real-time imaging as well). An abnormal result may indicate possible cardiovascular disease. |
| Extended Medical Attendant's Report (EMAR) | mandatory requirements based on the level of cover being applied for, or the client's medical history. | A report completed by the client's usual doctor, or a doctor who has treated the client for a particular condition. The client is not required to visit their doctor for this report. We will write directly to the doctor requesting an EMAR. If the client has not known their doctor for more than two years, or has not consulted a doctor within two years, a MEDXAM may be required. |
| Mammogram (MAM) | mandatory requirements based on the level of cover being applied for the client's medical history, or the client's family history. | This is an x-ray performed on the breast. The client will be asked to change positions between images. The routine views are a top-to-bottom view and an oblique side view. Mammograms are most often used to detect breast cancer or other benign breast lumps. |

| Medical requirement | May be required due to: | What is involved? |
|------------------------------------|--|---|
| Medical Examination (MEDXAM) | > mandatory requirements based on the level of cover being applied for > the client's medical history > the client s BMI, or > the client not attending a doctor for a long period of time. The length of time will depend on the client's age and/or medical history. If the applicant has a pre-existing or current condition, it is usually preferable for their own GP to do the exam. | This is a physical examination which includes recording information such as client's height and weight, blood pressure, pulse rate, heart rate, and any indication of a physical abnormality. Other tests may be conducted with a urine sample. The examination can be done by either: > the client's doctor (who is not a family member). We will mail a medical examination form to the client to take to their doctor, and the doctor will then send the completed form to us, together with an invoice for their fee, or > paramedical service provider, UHG. They will supply the medical examination form. |
| Microscopic Urinalysis (MSU) | mandatory requirements based on the level of cover being applied for, or the client's medical history. | A urine sample is taken and then analysed by a pathology lab. The sample can be collected by either: > the client's doctor (who is not a family member). We will mail an Information and Request Form to the client to read, sign and take to their doctor. The doctor will then send this form, together with the urine sample, to a pathology lab, or > paramedical service provider, UHG. They will supply the consent form directly to the client for completion. |

| Medical requirement | May be required due to: | What is involved? |
|---|---|--|
| Prostate Specific Antigen Test (PSA) | mandatory requirement based on the level of cover being applied for, or the client's medical history. | A blood sample is taken and then analysed by a pathology lab. The sample can be taken by either: > the client's doctor (who is not a family member). We will mail a Blood Test Information and Request Form to the client to read, sign and take to their doctor. The doctor will then send this form, together with the blood sample, to a pathology practice, or > paramedical service provider, UHG. They will supply the consent form directly to the client for completion. |
| Quick Check (QCHECK) | mandatory requirements based on the level of cover being applied for the client's BMI, or the client's medical history. | This is a series of simple medical tests to be taken by the client. Brief details of the client's medical history will also be collected. The examination can be done by either: > the client's doctor (should not be a family member). We will mail a medical examination form to the client for them to be able to take it to their doctor, and the doctor will then send the completed form to us, along with an invoice for their fee, or > paramedical service provider, UHG. The provider will supply the medical examination form. |
| Specialist Physician Exam (SPX) | mandatory requirements based on the level of cover being applied for, or the client's medical history. | This is an exam performed by a specialist, preferably a cardiologist. |

2.5 Other medical underwriting guidelines

Obtaining a medical pre-assessment

A medical pre-assessment will assist you in identifying the probable underwriting assessment and requirements for cases where your client has disclosed pre-existing medical conditions on their personal statement.

If a pre-assessment is required, please contact our underwriting team to discuss. A pre-assessment reference number will be provided to confirm the underwriting advice given. This reference number can be recorded on the personal statement using LifeCENTRAL+ or writing it on the paper form.

Depression, anxiety and stress

Depression, anxiety and stress are becoming more and more common in today's society. So, it is important that you understand our philosophy.

For Death and Living Benefits, depression, anxiety and stress usually don't pose much of a concern to underwriting, unless the condition is severe, long standing, or if suicidal tendencies are shown.

When considering a client for Income Protection, Business Overheads, Key Person Income and TPD Benefits, we consider the underlying reasons for the depression, anxiety or stress, any time required away from work, the type and duration of treatment, and their doctor's diagnosis.

Back problems

It is very common for clients to disclose a history or current symptoms of a back disorder on their personal statement. For Income Protection, Business Overheads, Key Person Income and TPD Benefits, when a pre-existing back condition has been disclosed, the client needs to complete a Back and Neck Questionnaire so that we can get all the information regarding the extent of the problem.

Based on this information, we will assess the likelihood of an exclusion applying based on:

- > the diagnosis given
- > how long the client has had symptoms
- > the date of the last symptom
- > the type of treatment given
- > the amount of time the client was away from work
- > results of tests performed (eg x-rays), and/or
- > duties performed by the client in their occupation.

Where an exclusion is applied, we will try to limit it to the area of the back affected. An exclusion will usually be offered in the following circumstances:

- > the client has permanent damage to the spine (eg a prolapsed disc)
- > the client has had surgery to the back (eg laminectomy)
- > there has been a long history of back problems, and/or
- > the client is undergoing regular maintenance to the spine for a previous condition, or a lump sum has been paid to the client for a back injury.

If a client has suffered from back strain in the past year, a back exclusion may also apply.

We may not be able to offer cover in the following circumstances:

- > the client is currently off work for back pain, injury or surgery, and/or
- > the client has severe back problems and works in a heavy manual occupation.

Combined risk factors

Sometimes you may receive an assessment that has a loading and an exclusion when you expected the application to be accepted at standard rates. Often this is due to the combination of medical factors, which on their own may not incur a loading or exclusion, but in combination increase the insurers risk considerably, particularly for a Living Benefit. Therefore, a loading or exclusion may be applicable.

Example

James has high cholesterol that is well controlled and therefore not expected to incur a loading. James is also overweight, but again not to a degree that would incur a loading on its own. However, when these two risk factors are considered together, James has a higher than normal risk of heart disease which may therefore incur a loading.

Pregnancy

Expecting a child is often the trigger for many people to sort out their life insurance. However, we need to consider specific risks when assessing women who are pregnant.

For Death, TPD and Living benefits, unless there has been a history of complications, cover will usually be considered at standard rates. Where there have been serious complications in either a previous pregnancy or the current pregnancy, an EMAR may be requested. Please note that this does not include side effects of routine screening tests or procedures such as caesarean section.

Where your client is more than 30 weeks pregnant, the home duties definition will be applied for TPD Benefits. Once your client returns to full-time employment after the child is born, she can apply for occupationally based cover.

If your client is more than 30 weeks pregnant, the own occupation Income Protection definition may not be available. The application can be reviewed after your client returns to full time employment.

Smoking

A 2013 national survey showed that less than 15% of men and 12% of women classify themselves as a smoker¹. From a life insurance perspective, anyone who has smoked any substance within the last 12 months, or used any product containing nicotine within the last 3 months, including patches, gum and e-cigarettes, will be rated as a smoker. Pipe and cigar smokers will also be rated as smokers, however a client who smokes the occasional celebratory cigar may be rated as a non-smoker.

For clients who smoke over 30 cigarettes a day, we will usually request relevant medical evidence. Depending on the period of time they have smoked and other health factors, a loading may apply in addition to the normal smoker rates.

If your client has stopped smoking in the last 12 months, they will be rated as a smoker until the full 12 months has elapsed and a full 3 months has elapsed since they last used a nicotine-containing product. After this time they may apply for non-smoker status on their policy by completing an Application for Non-smoker Rates and returning it to us.

3 Financial underwriting

Financial underwriting involves consideration of relevant information to assess the appropriateness of the levels of cover proposed, and alignment to the advice provided by the financial adviser.

3.1 Assessing financials for lump sum benefits

Each and every one of your clients will be different. Some will be looking to protect their personal position, while others will be looking for protection for their business. Some of your clients will be working, while others may be performing equally important unpaid duties within the home. The following information provides a guideline of the lump sum benefit limits we would normally consider under these different circumstances.

Personal insurance

A personal insurance need exists where clients wish to protect their lifestyle, their level of income, and their personal debts in the event of death, disability or trauma. The benefit amount will be based on your client's income, with further allowances given to cover their personal debt.

The following multiples of annual income can be used as a guide to indicate the maximum level of cover that would usually be considered. Where income has fluctuated over the last few years, it is advisable to take an average of that income. As each person's financial circumstances differ, the amount of cover may vary from the maximums shown below.

| Age next birthday | | Multiple of income | |
|----------------------|---|----------------------------|-----------------------------|
| | Death Benefit & TPD Benefit (up to \$3m) | TPD Benefit (over \$3m) | Living Benefit ¹ |
| Up to 40 | 30 | 15 | 20 |
| 41 to 45 | 25 | 15 | 15 |
| 46 to 50 | 20 | 12 | 12 |
| 51 to 55 | 15 | 10 | 8 |
| 56 to 60 | 12 | 8 | 4 |
| 61 to 65 | 8 | _ | _ |

1. If a Living Benefit is being applied for as a rider benefit within Term Life, then the multiples used will be the ones based on the Death Benefit.

Homemakers/Non-Income producing spouse

The need to cover the non-income producing spouse can often be overlooked. Their contribution to the day-to-day running of the household will become clear should they suffer a sickness or injury. An appropriate level of cover will be based on:

- > the cost of medical care (for TPD Benefits and Living Benefits)
- > the cost of a nanny/housekeeper, and
- > the income lost if the surviving spouse has to take time off work to care for dependants.

We will assume that the income producing spouse will return to work, especially if a benefit has already been set aside to cover the cost of a nanny/housekeeper.

Please note: Where a Death or TPD Benefit in excess of \$1 million (or a Living Benefit in excess of \$750,000) is requested for a non-income producing spouse, we will require evidence as to why the additional cover is required. Generally we will need to see details of the level of family debt, earnings of the spouse, number of dependants, and age of the youngest child.

Business debt protection

Many businesses have a number of debts and other liabilities which are used to fund their ongoing operation. The owners of the business may wish to protect their position by covering these liabilities in the event of death or disablement of one of the owners.

Generally, we will not restrict the benefit amount to the liability drawn down, but allow the business to insure the entire debt facility in addition to any personal guarantees for the debts. It is important to note however that the availability of business debt protection will be dependent on the level of the debt, and the credit rating of those debts.

Key person revenue protection

It is not uncommon for a business to have a number of key personnel who are vital to its going concern. Where it is likely that the business will suffer a financial loss if a key person was not able to be active in their role, key person revenue protection may be considered.

We will assess the benefit amount by calculating the:

- > cost and time associated with recruiting and training a replacement person
- > loss of net profit while the replacement is working towards their predecessors' previous capabilities, and
- > key person's income in proportion to the net worth and profit of the business, taking into account their age and current duties.

Alternatively, we may allow a benefit calculation based on the remuneration of a key person: between 5 to 10 times for the purposes of Death and TPD Benefits, and between 3 to 5 times for Living Benefits. Please note, these multiples will only apply where remuneration is in line with current market rates.

Key person capital protection

Where it is likely that a business loan would be partially (or totally) called in, or the business would suffer a capital loss due to the death, disablement, sickness or injury of an individual, key person capital protection may be considered.

We will assess the benefit amount by considering:

- > the skill, knowledge and expertise of the key person that makes them a vital part of the business, and whether the ability of the business to continue servicing the loan in the key person's absence would be compromised, and
- > whether the lending institution has requested the key person be insured as a condition of lending. The key person may not be the owner of a business.

If there are several key people in the business, then the level of cover will be apportioned between them accordingly.

Shareholder protection (buy/sell - share purchase)

Insurance for the purposes of shareholder protection enables the business to continue with minimal disruption in the event of death, disability, sickness or injury of a business partner.

The benefit provides an amount to purchase the partners' share in the business, so the underlying basis for underwriting the appropriate level of cover is based on the value of the business and the individual's shareholding in the business.

Estate equalisation

Estate equalisation allows the business or farm to be inherited by chosen beneficiaries while the other beneficiaries will receive funds from the life insurance proceeds. This is to ensure a fair distribution of the estate to all beneficiaries.

Normal mandatory financial requirements in addition to a copy of a fully executed will and a copy of the independent valuation report of the estate will be required to assess the application.

Liquidity in super

This type of cover is to ensure that there are sufficient liquid funds available for distribution at the time of death, or in the event of permanent disability, without the need to sell illiquid assets (such as property). Insurance taken out for this purpose may require changes to the Trust Deed in relation to the proceeds from insurance, in which case these changes need to be clearly specified.

Strategies that use insurance inside super to alleviate liquidity issues may be limited, depending on circumstances. Alternative strategies such as insuring outside super may be suitable.

3.2 Assessing financials for income benefits

Assessing your clients for income benefits requires analysis of different factors. While the primary driver is the income of your client, other elements will often need to be taken into account, including the type of cover being applied for, and other sources of income that may continue in the event of disablement.

Types of income

In some cases, the income of your client will not be limited to the pay cheque they take home at the end of the month. All the different types of income may be treated differently depending on the circumstances of your client.

| Insurable income – Employee | An employee's insurable income will be their base salary before tax plus any additional benefits, such as superannuation and other contracted package items. These include (but are not limited to): |
|-----------------------------------|--|
| | motor vehicle lease costs (unless vehicle is purely for work and is not available for personal use) |
| | > any regular overtime |
| | > any regular commission payments, and |
| | > bonus payments. |
| | The employee must earn at least the required income for the last 2 years. |
| | For Key Person Income cover, a key person employee's insurable income is as per above. |

| Insurable income – Self- | A person is deemed to be 'self-employed' if the individual is a sole trader, a partner in a business, or a business owner. The insurable income will be calculated from the: |
|--------------------------------|--|
| employed | > total income generated from the business, less |
| | > expenses incurred in generating that income, plus |
| | > expenses that can be added back. |
| | This calculation is based on your client's share in the business. |
| | Certain expenses charged in the profit and loss statement can be added back in calculating insurable income. Examples include: |
| | > personal salary |
| | personal superannuation (for the client and non-income producing spouse) |
| | > a percentage of motor vehicle lease and expenses |
| | > director's fees (to the extent that they relate to your client) |
| | depreciation (which is generally restricted to a maximum of 10% of adjusted net profit) |
| | > donations, and |
| | > salary for a non-income producing spouse. |
| | Insurable income is determined before taking into account taxation. |
| | The employee must earn at least the required income for the last 2 years. |
| | For Key Person Income cover, a key person business owner's insurable income is the percentage of the gross profit of the business that is attributable to the business owner. Gross profit is the business revenue minus its cost of goods sold but does not include any income which is not directly attributable to the business owner, such as interest payments, sale of assets and government subsidies. |
| Ongoing business income | In certain circumstances where your client is an owner in their business, the business may continue to generate some income for your client even though they may no longer be able to work. |
| | In assessing your client's insurable income in these circumstances, consideration will be given to any dividends, salary, wages and profit participation that will be received or is entitled to be received. |
| Benefits exceeding | If your client is applying for a benefit of more than \$20,000 per month, and has: |
| \$20,000 | > a net investment income greater than \$250,000 per year, or |
| per month | net assets exceeding \$5 million, excluding the family home and superannuation, |
| | we will review the need for Income Protection on a case by case basis. |

| Investment income | Investment income is the income that is generated as a result of non-business activities that will continue to be paid to your client, even in the event of their disablement. This includes interest payments, rental income, royalties, annuities and/or dividend payments. Net investment income is investment income less all related expenses (or eligible tax deductions) associated with this investment income. Please note that there may be instances where investment income will need to be offset. Example 1: Rental investment income | | | |
|----------------------|---|---|----------------|--|
| | Rental inco | me: | \$4,000.00 | |
| | Less | Interest, maintenance, etc. | -\$2,500.00 | |
| | expenses: | Council rates and other expenses | -\$240.00 | |
| | | Building allowances (depreciation) | -\$150.00 | |
| | Net rental investment income | | \$1,110.00 | |
| | Example 2: Dividend investment income | | | |
| | Dividends received: \$100,000 Less interest: -\$80,000 | | \$2,000,000.00 | |
| | | | \$100,000.00 | |
| | | | -\$80,000.00 | |
| | | | \$20,000.00 | |
| Net assets | Net assets refer to the total assets after taking into account all loans and liabilities. | | | |
| | | The principal residence and accumulated superannuation are not included in the individual's assets. | | |
| | Please note that there may be instances where potential income derived from assets will need to be offset. | | | |

Homemakers/Non-income producing spouse

Home duties IP is also available and provides a regular monthly benefit when the homemaker becomes severely disabled because of sickness or injury, and is unable to perform normal household duties.

Non-working clients and previously uninsurable occupations

Non working clients and clients with previously uninsurable occupations, can apply to be covered for income protection under general cover IP.

Calculating the monthly benefit

The maximum monthly benefit available under Income Protection, Income Protection as Superannuation and Income Protection Plus is calculated using the income replacement ratios shown below and is subject to the maximum benefit amounts for each occupation category.

| Replacement Ratio without SCO | Replacement Ratio with SCO |
|-------------------------------|----------------------------|
| 75% of the first \$320,000 | 80% of the first \$320,000 |
| 50% of the next \$240,000 | 55% of the next \$190,000 |
| 20% of the remainder | 20% of the remainder |

Different occupation categories are subject to different maximum benefit amounts on top of the income replacement ratios given above:

| Occupation category | Maximum benefit |
|---------------------|---------------------------------|
| AA, P | \$60,000 per month ¹ |
| S, A, BB, B, C | \$30,000 per month |
| E | \$10,000 per month |
| General | \$5,000 per month |
| Home | \$5,000 per month |

1. Benefit amounts above \$30,000 per month will be restricted to a 2 year benefit period.

For Business Overheads, the benefit will cover your client's share of most fixed business expenses for up to 12 months if they are unable to work at their full capacity due to sickness or injury. In assessing the level of cover being applied for, we need to differentiate between who is generating the income, and who is paying the bills. Please note, category 'E' occupations are not eligible for Business Overheads.

For Key Person Income, the maximum monthly benefit available is:

Key person employees: Key person factor (up to 150%) x Monthly earnings.

Key person business owners: (The lesser of: the business owners' ownership %, % gross profit attributed to the business owner, and 50%) x Average monthly gross profit of the business.

Please note, occupation category 'C' and 'E' occupations are not eligible for Key Person Income.

Endorsed agreed value, agreed value and indemnity contracts

Income Protection contracts can be issued on an endorsed agreed value, agreed value or indemnity basis.

| Type of | Financial assessment at underwriting | Financial assessment at claim | | |
|-----------------------------|---|--|--|--|
| contract | | Inside super | Outside super | |
| Endorsed agreed value | Full financial underwriting will be done at application stage. | Financial evidence will be required to: ensure that insurance benefits paid do not cause total income (including insurance benefits) to exceed the allowable limit under superannuation law,¹ and calculate Partial Disability benefits. | No proof of income required to justify Total Disability benefit. Financial evidence will be required to calculate Partial Disability benefits. | |
| Agreed value | Financial evidence may be required to support the monthly benefit applied for. See section 3.3 Mandatory financial requirements. | Financial evidence will be required to: ensure that insurance benefits paid do not cause total income (including insurance benefits) to exceed the allowable limit under superannuation law,¹ and calculate Partial Disability benefits. If we have not verified the income at application, financial evidence will be required to verify the level of income disclosed at application time. | Financial evidence will be required to calculate Partial Disability benefits. If we have not verified the income at application, financial evidence will be required to verify the level of income disclosed at application time. | |
| Indemnity | Financial evidence may be required to support the monthly benefit applied for. See section 3.3 Mandatory financial requirements. | Financial evidence will be required to verify your client's income prior to the claim. | Financial evidence will be required to verify your client's income prior to the claim. | |

1. Please refer to the PDS for limitations which apply to policies held inside superannuation.

Cover may be considered under any contract type if your client has a:

- > steady income, where income for the last 2 financial years is reasonable and consistent, or
- > reasonable explanation regarding fluctuating income (for example job promotion or had 3 months leave in the previous year).

In some cases, benefits will only be considered on an indemnity basis. Examples include:

- > newly self-employed
- > decreasing income
- > self-employed, but business income can't be reliably estimated if disabled, or
- > key person business owner.

Key Person Income

Key Person Income is available to established small businesses to provide a monthly benefit in the event a key person is unable to work to their full capacity due to sickness or injury.

Who is a key person?

A key person is a person who works to generate revenue for the business and where the loss of that person would result in significant loss of revenue during the continuation of business operations.

A key person can be either:

- > a business owner, or
- > an arm's length employee with specific skills or knowledge.

A business owner may be insured for a portion of the revenue they generate for the business.

An employee may be insured for a percentage of the employee's remuneration package.

Eligibility criteria for Key Person Income

| Eligibility criteria | | |
|---|--|----------|
| The business (the owner of a Key Person Income policy) | The business has been trading for more than 2 years and has been in a net profit position in the last 2 financial years The business has no more than 40 (or the equivalent of 40 full time) employees, and | |
| | A maximum of 5 key people can be insured in the business. | |
| Insured person | Business owner | Employee |
| Minimum % of gross profit attributable to the key person | 20% | 20% |
| Maximum % of gross profit which may be attributable to the key person | 80% | 100% |
| Minimum % ownership of business | 20% | _ |
| Maximum % ownership of business | 80% | - |
| Occupation categories | P, S, AA, A, B and BB. | |
| | Key Person Income is not available to farmers. | |

Types of benefits available for Key Person Income

The type of benefits available depends on the role of the insured person in the business.

| Insured person | Benefit type |
|----------------|----------------------------------|
| Business owner | Indemnity |
| Employee | Indemnity, Endorsed agreed value |

Calculating the monthly benefit for Key Person Income

For Key Person Income, the maximum monthly benefit that can be applied for is \$60,000.

| Insured person | Calculation of the monthly benefit |
|----------------|--|
| Business owner | Monthly benefit = $A \times B$. |
| | A = a percentage, being the lesser of: |
| | the insured person's ownership percentage of the business |
| | the percentage of gross profit attributed to the insured person, and |
| | > 50%. |
| | B = the average monthly gross profit of the business. Gross profit is the business revenue minus its cost of goods sold. Gross profit does not include any profit gained from the sale of assets, government subsidies or interest. |
| Employee | Monthly benefit = Key person factor x Monthly earnings. |
| | Key person factor is the percentage of monthly earnings before tax to be replaced at the time of claim. We will consider up to a maximum of 150%. |
| | Monthly earnings is the normal monthly value of the remuneration package paid to the insured person before tax by the business, including salary, superannuation contributions, fees, commissions, regular overtime and bonus payments and packaged fringe benefits. |

The monthly benefit for an insured person is calculated as follows:

3.3 Mandatory financial requirements

As with medical requirements, LifeCENTRAL+ will automatically calculate the mandatory financial requirements for your client. This calculation is based on:

- > the benefit amount being applied for
- > the client's age, and
- > any existing cover the client may have this includes policies with us and any other insurer that are not being replaced.

The following tables show the financial information that must be supplied to support the type of cover and total sum insured being applied for.

There are a number of abbreviations used in this section which are explained below.

| BETR | Last 2 years Business Entities Taxation Returns, including Profit and Loss and Balance Sheets for each entity. |
|-------------------------|--|
| Buy-Sell Agreement | Partnership or Buy-Sell agreement. |
| Evidence of Loan | Signed letter of offer from the financial institution, or a loan schedule (including details of the lender, borrower, purpose, type, amount, term, interest rate and credit rating). |
| FINQ | Financial Questionnaire (which can be signed by the Insured Person, Policy Owner(s) (for Key Person Income cover only), Accountant or Business Banking Manager). |
| Key Person Statement | For a key person who is an employee, a statement from Employer/ Accountant regarding salary package, role, skills and duties which makes them a key person, and how the potential loss was calculated in determining the benefit amount. |
| | For a key person who is self-employed, a statement outlining skills and duties, loss of earnings, in addition to the length of time it is anticipated for the key person to be replaced, and the cost of training and recruiting for a replacement. |
| Letter from employer | A letter from employer confirming: > base salary > superannuation > fringe benefits (eg motor vehicle, travel, or education allowances), and > commissions and bonuses. |
| PTR | Last 2 years Personal Taxation Returns. |
| Reason for cover | Statement outlining the reason for cover, and how benefit was calculated if not already supplied in the SOA or FINQ. |
| SOA | Statement of Advice (photocopy or electronic). |
| Valuation | A copy of the most recent business valuation, partnership/share purchase agreement, or buy/sell agreement. This document needs to outline the valuation methodology used to determine the business value and the level of cover. |

Lump sum financial requirements

These requirements are based on cumulative amounts, irrespective of the purpose of cover. For example, if a self-employed person applies for \$1 million personal cover and \$2 million buy-sell cover, financial requirements will be based on the total benefit of \$3 million. Other requirements may be required subject to individual consideration.

| Death Benefit | Personal | Business | | | | |
|-----------------------------|--|--|--|--|--|--|
| | | Debt Protection | Key Person Revenue or Capital | Shareholder Protection | | |
| \$0-\$2,500,000 | Nil | Nil | Nil | Nil | | |
| \$2,500,001– \$7,500,000 | > FINQ or SOA | > FINQ or SOA > BETR > Evidence of Loan | > FINQ or SOA > BETR > Key Person Statement | > FINQ or SOA > BETR > Valuation > Buy-Sell Agreement | | |
| \$7,500,000 + | > FINQ or SOA > Reason for cover > BETR > PTR | As above | As above | As above | | |

| TPD Benefit | Personal ¹ | Business | | | | |
|-----------------------------|---|--|--|---|--|--|
| | | Debt Protection | Key Person Revenue or Capital | Shareholder Protection | | |
| \$0-\$2,000,000 | Nil | Nil | Nil | Nil | | |
| \$2,000,001– \$3,000,000 | > FINQ or SOA | > FINQ or SOA > BETR > Evidence of Loan | > FINQ or SOA> BETR> Key Person Statement | > FINQ or SOA> BETR> Valuation | | |
| \$3,000,001– \$5,000,000 | As above plus > PTR > For self- employed: last 2 years annual accounts, last 2 years company tax returns | As above | As above | As above | | |

1. For personal cover, there is no financial requirement for applicants up to age 45 applying for a TPD Benefit up to \$2.5 million.

| Living Benefit | Personal | | | |
|-----------------------------|---------------|--|--|---|
| | | Debt Protection | Key Person Revenue or Capital | Shareholder Protection |
| \$0-\$1,500,000 | Nil | Nil | Nil | Nil |
| \$1,500,001– \$2,000,000 | > FINQ or SOA | > FINQ or SOA> Evidence of Loan | > FINQ or SOA> Key Person Statement | > FINQ or SOA> Valuation |

Income product requirements

Endorsed agreed value income protection

Complete financial evidence is required for endorsed agreed value contracts irrespective of the monthly benefit applied for.

Agreed value and Indemnity income protection and business overheads

Financial requirements will ordinarily only be required for monthly benefits above those shown in the table below.

| | | | C | Occupatio | n categor | у | | |
|-------------------|----------|------------|---------------|------------|-------------|-----------------------------|---------------|-----|
| | Р | AA | S | А | BB | В | С | E |
| Agreed v | alue | | | | | | | |
| Self- employed | \$15,000 | \$12,500 | \$12,500 | \$10,000 | \$7,500 | \$5,000 | \$5,000 | N/A |
| Employed | \$15,000 | \$15,000 | \$12,500 | \$10,000 | \$7,500 | \$5,000 | \$5,000 | N/A |
| Indemnit | у | | | | | | | |
| Self- employed | \$30,000 | \$30,000 | | | , | ncial require monthly be | | |
| Employed | l | No mandato | ory financial | requiremen | ts up to ma | aximum mor | nthly benefit | |

For self-employed, occupation category P and AA applicants applying for a combination of agreed value and indemnity contracts, mandatory financial requirements apply when either the agreed value portion exceeds \$15,000 or the combined total monthly benefit exceeds \$30,000.

Key Person Income

A Financial Questionnaire is required for all Key Person Income applications.

Full financial evidence is required in addition to the Financial Questionnaire for Key Person Income for Business Owners above \$15,000 monthly benefit.

Evidence type

The table below shows the type of evidence required.

| Cover | Self-Employed | Employees |
|--------------------|---|-------------------------------|
| Income protection | > PTR* > BETR > Partnership agreement (as applicable) | > PTR or letter from employer |
| Business overheads | > BETR | > n/a |
| Key Person Income | > FINQ > PTR* > BETR > Partnership agreement (as applicable) | > FINQ |

* PTR for the spouse is also required where income splitting is used.

3.4 Other financial underwriting guidelines

Multi-link Benefit

In a majority of cases, business loan insurance is provided to each of the business owners based on their proportionate share of a business loan. However, most business loans are established as 'jointly and severally liable', meaning that each individual borrower or guarantor is liable for the entire amount of the loan. In these cases where there are two business partners, it is most appropriate to cover each partner for the full amount of the loan that is guaranteed.

The Multi-link Benefit is suitable for the purpose of business debt protection for three or more business owners where the loan is 'jointly and severally liable'. It enables each business owner to be insured for the entire amount of a business loan. When the Multi-link Benefit is selected, on the payment of a benefit for one of the partners, the amount of every other benefit for all the other business partners under the policy will be reduced by the amount that has been paid.

Provided the financial need continues to exist, when the benefit payment occurs, the benefit for the business partners who did not claim can be reinstated without evidence of health. However, to illustrate that the financial need continues, financial evidence will be required.

Limited policy term

In cases where business loans are of a short term nature, we may not be able to provide cover to your clients for the usual policy term, but we may be able to offer cover for a shorter period of time. 'Limited term' contracts simply mean the benefit ends when the specified term ends. Where the limited term is applied in a business loan situation, the revised contract conditions will include a continuation option triggered at the end of the limited term that enables the client to apply to continue their benefits for another period of time subject to financial assessment.

We are also able to apply 'split' benefit terms on a single policy – for example issuing some benefit amounts on standard policy terms, and others with a limited term. This will accommodate those clients who have a combination of both short and long term business debt. The need to apply a limited term to a benefit or policy will be determined during the underwriting process and does not need to be established at the time of submitting your client's application.

Bankruptcy/Administration/Receivership/Liquidation

Careful consideration is required in the financial underwriting assessment where the client has been declared bankrupt or an entity owned or controlled by the client has been placed under administration, into receivership or in liquidation.

In considering clients who have disclosed a history of bankruptcy, administration, receivership or liquidation, we will require the completion of a Bankruptcy Questionnaire. Depending on the information provided, and the situation of your client, we may be able to provide the cover.

We may also require an Extended Medical Attendants Report (EMAR) from your client's usual doctor to exclude any health problems that arose from a financial crisis, for instance stress, anxiety or hypertension.

3.5 Professionals Package

The Professionals Package is a financial underwriting solution for qualified, registered (or licensed), practicing/working professionals. This offer provides higher benefit limits on both lump sum and income protection without the need for financial assessment.

This offer applies to professionals in the occupational groups listed in the following table who are:

- > recent graduates or professionals currently registered or licensed to practice with the appropriate State, Territory, or National authority, and who have worked for less than 3 years, and
- > currently working or practicing in this field on a full time, permanent basis.

The following table shows the maximum amounts available under the Professionals Package for Death Benefits, TPD, Living Benefits and Income Protection, including the maximum endorsed agreed value portion under Income Protection.

Income at the time of application does not need to support the monthly benefit available to eligible clients up to the maximum benefit amounts shown in the table and the usual financial evidence requirements are waived. Applications under the Professionals Package remain otherwise subject to underwriting and disclosures on the application.

| Profession | | Aaximum monthly Income Protection Benefit | | Maximum TPD Benefit | Maximum Living |
|---|---|--|-------------|------------------------|-------------------|
| | Maximum endorsed agreed value portion | Maximum total Benefit (endorsed agreed value portion + indemnity portion) | Benefit | | Benefit |
| Medical Intern/ Resident/ Registrar | \$10,000 | \$12,500 | \$3,000,000 | \$2,000,000 | \$1,000,000 |
| Doctor (GP) | \$10,000 | \$15,000 | \$4,000,000 | \$2,500,000 | \$1,500,000 |
| Specialist Doctor | \$15,000 | \$20,000 | \$5,000,000 | \$3,000,000 | \$2,000,000 |
| Dentist | \$10,000 | \$15,000 | \$4,000,000 | \$2,500,000 | \$1,500,000 |
| Dental Specialist | \$15,000 | \$20,000 | \$5,000,000 | \$3,000,000 | \$2,000,000 |
| Pharmacist | \$6,000 | \$10,000 | \$3,000,000 | \$2,000,000 | \$1,000,000 |
| Chiropractor | \$6,000 | \$10,000 | \$3,000,000 | \$2,000,000 | \$1,000,000 |
| Optometrist | \$6,000 | \$10,000 | \$3,000,000 | \$2,000,000 | \$1,000,000 |
| Veterinarian | \$6,000 | \$10,000 | \$3,000,000 | \$2,000,000 | \$1,000,000 |
| Physiotherapist | \$4,000 | \$8,000 | \$3,000,000 | \$2,000,000 | \$1,000,000 |
| Accounting Graduate | \$4,000 | \$8,000 | \$4,000,000 | \$2,000,000 | \$1,000,000 |
| Accountant – CPA/CA | \$6,000 | \$12,000 | \$5,000,000 | \$2,500,000 | \$1,500,000 |
| Actuarial Graduate | \$5,000 | \$10,000 | \$3,000,000 | \$2,000,000 | \$1,000,000 |
| Actuarial Fellow | \$8,000 | \$14,000 | \$4,000,000 | \$3,000,000 | \$2,000,000 |
| Solicitor | \$5,000 | \$10,000 | \$3,000,000 | \$2,000,000 | \$1,000,000 |
| Barrister | \$5,000 | \$10,000 | \$4,000,000 | \$3,000,000 | \$2,000,000 |
| Engineer | \$5,000 | \$10,000 | \$3,000,000 | \$2,000,000 | \$1,000,000 |
| Architect | \$5,000 | \$10,000 | \$3,000,000 | \$2,000,000 | \$1,000,000 |
| Quantity Surveyor | \$5,000 | \$10,000 | \$3,000,000 | \$2,000,000 | \$1,000,000 |

The following table outlines the list of eligible professional occupations and the relevant eligibility criteria.

| Medical | Includes all: |
|------------------------|---|
| Interns/ Residents/ | > medical interns |
| Registrars | > residents, and |
| | > registrars, |
| | who are currently generating an income, and practicing on a full time basis. |
| | These clients must have graduated within the last 3 years with the appropriate medical degree (or higher qualification) and completed (or, for medical interns, in the process of completing) the approved training program and practical experience requirements. In addition, they must be registered to practice with the: |
| | > Australian Medical Council (AMC), and |
| | > appropriate State or Territory medical board, |
| | and have been working for less than 3 years. |
| | Alternatively, clients who are qualified overseas and working as a trained practitioner in Australia for less than 3 years may also apply. The client must: |
| | have graduated with the appropriate medical degree (or higher qualification) |
| | completed the requirements for the AMC and the appropriate State or Territory registration, and |
| | > satisfy our residency guidelines. |
| | |

| General | Includes all: |
|-----------------------|---|
| Practitioners | > General Practitioners, and |
| and Dentists | > Dentists, |
| | who are currently generating an income, and practicing on a full time basis. |
| | These clients must have graduated from an Australian medical or dental school with the appropriate medical or dental degree (or higher qualification) and completed the approved training program and practical experience requirements. In addition, they must be registered to practice with the: |
| | Australian Medical Council (AMC) or Australian Dental Council (ADC), and |
| | > appropriate State or Territory medical or dental board, |
| | and have been working for less than 3 years. |
| | Alternatively, clients who are qualified overseas and working as a trained practitioner in Australia for less than 3 years may also apply. The client must: |
| | > be qualified as a fellow of the appropriate school |
| | have completed the requirements for the AMC or ADC and the appropriate State or Territory registration, and |
| | > satisfy our residency guidelines. |
| Medical and Dental | Includes all Specialist Medical and Dental Practitioners who are currently generating an income, and practicing on a full time basis. |
| Specialists | These clients must have graduated from an Australian medical or dental school with the appropriate medical or dental degree (or higher qualification) and completed the approved training program and practical experience requirements to be a specialist. In addition, they must be: |
| | > a qualified fellow of a specialty college |
| | registered to practice with either the Australian Medical Council (AMC) or Australian Dental Council (ADC), and |
| | registered to practice with the appropriate State or Territory medical or dental board, |
| | and have been working for less than 3 years. |
| | Alternatively, clients who are qualified overseas and working as a trained practitioner in Australia for less than 3 years may also apply. The client must: |
| | > be qualified as a fellow of an Australian specialty college |
| | > have completed the requirements for the AMC or ADC and the appropriate State or Tarritory registration and |
| | appropriate State or Territory registration, and |

| Barristers and Solicitors | Includes all Barristers and Solicitors who are currently generating an income, and working/practicing on a full time basis. |
|------------------------------|--|
| | These clients must have graduated from an Australian law school with the appropriate law degree (or higher qualification) and completed the approved program of practical legal training. In addition, the client must be registered to practice: |
| | as a Barrister with the appropriate State or Territory Bar Association, or |
| | > as a Solicitor with the appropriate State or Territory Law Society, |
| | and have been working for less than 3 years. |
| | Alternatively, clients who are qualified overseas and working as a trained Barrister or Solicitor in Australia for less than 3 years may also apply. The client must be registered to practice: |
| | as a Barrister with the appropriate State or Territory Bar Association, or |
| | > as a Solicitor with the appropriate State or Territory Law Society, and |
| | > satisfy our residency guidelines. |
| CPA/CA | Includes all: |
| Accountants | > CPA's |
| and Actuarial Fellows | > CA's, and |
| | > Actuarial Fellows, |
| | who are currently generating an income, and working on a full time basis. |
| | These clients must have: |
| | graduated with the appropriate bachelor degree (or higher qualification) |
| | completed the approved training program and practical experience requirements for qualification as a CPA, CA or FIAA, and |
| | > be registered to practice as a CPA, CA or FIAA in Australia, |
| | and have been working for less than 3 years. |
| | Alternatively, clients who are qualified overseas and working as a trained Accountant or Actuary in Australia for less than 3 years may also apply. The client must: |
| | have completed the approved training program and practical experience requirements for qualification as a CPA, CA or FIAA |
| | > be registered to practice as a CPA, CA or FIAA in Australia, and |
| | > satisfy our residency guidelines. |
| | |

| Other Graduates and | Includes all other graduates and professionals listed who are currently generating an income, and working on a full time basis. |
|------------------------|---|
| Professionals | These clients must have graduated from an Australian tertiary institution with the appropriate bachelor degree (or higher qualification), be registered to practice with the appropriate State, Territory or National registration board, and: |
| | have completed the appropriate training program and practical experience requirements, or |
| | in the case of Legal, Accounting and Actuarial graduates, be in the process of completing the appropriate training program and practical experience requirements, |
| | and have been working for less than 3 years. |
| | Alternatively, clients who are qualified overseas and working as a trained practitioner in their field of study in Australia for less than 3 years may also apply. The client must: |
| | have completed the appropriate Australian accreditation as set out by the appropriate Australian authority |
| | be registered to practice with the appropriate State, Territory or National registration board, and |
| | > satisfy our residency guidelines. |

Other conditions of this offer include:

For the indemnity component of Income Protection contracts, financial evidence will be required in the event of a claim. This means that your client may be unable to claim a benefit under the indemnity Income Protection contract until they are able to justify the benefit financially.

The indemnity component of Income Protection contracts can be converted to an agreed value contract at any future date without further medical underwriting. However, your client will be subject to the usual financial underwriting requirements.

Where this special offer is taken as a 'top up' to existing IP, Death, TPD and/or Living benefit cover with another insurer, the total must not exceed the maximum levels of cover outlined in the table, otherwise usual financial underwriting will apply.

4 Occupation guidelines

The assessment of an occupation is based on the actual duties performed by the particular client, rather than their job title.

It is important that your client provides a full description of the duties they perform in their occupation.

Many self-employed tradespeople are the 'company director' of their own business, and the duties they actually perform will provide the basis of determining their occupation category. So if a client is a 'business owner' or 'company director', but 90% of their duties are as a plumber, then they should be rated as a plumber.

Some occupation titles may appear to be similar but have different ratings. Often the difference may be due to the environment in which duties are carried out or qualifications that are required for a specific role (eg carers who tend to work in private homes, nurse assistants/aides who work in medical facilities).

A comprehensive list of occupations and their relevant ratings for Term Life, Living, TPD, Income Protection and Needlestick cover is provided in section 4.3.

TIP

If you are having difficulty understanding a client's particular duties, it is sometimes a good idea to ask them what they wear to work, how they get to work, or where their worksite is. This will also help the underwriter obtain a clear picture of the client's role when you call for a pre-assessment number.

4.1 Occupation categories

Death Benefit

Most occupations do not generally affect an application for a Death Benefit, except those of a hazardous nature where an extra increase in premium of a \$ amount per \$1,000 sum insured normally applies (eg underground miners, professional divers, oil riggers). Refer to the occupation guide in section 4.3 for more detail.

Living Benefit

The same occupational rating will generally apply for the Death Benefit and Living Benefit, except for those occupations of a hazardous nature. For some occupations there may be an increased risk of suffering one of the specified conditions, such as major head trauma, paralysis or severe burns (eg occupations exposed to explosives). For these occupations, a possible exclusion of the specific trauma condition may apply. Please refer to our underwriting team for individual consideration.

TPD Benefit, Income Protection, Business Overheads and Key Person Income

Own occupation TPD Benefits, own occupation Income Protection, Business Overheads and Key Person Income cover provide financial protection if a client is unable to perform their occupation due to sickness or injury. Any occupation TPD Benefits provide financial protection if a client is unable to work in any occupation for which they are reasonably suited due to sickness and injury. Because of this, occupations are classified into occupation categories to determine what cover can be offered and at what premium rate. These occupation categories are provided in the table below. Please note for TPD Benefits, only the first letter of the occupation category is used (eg 'AA' occupation classification for Income Protection is shown as 'A' for TPD).

Non occupational TPD Benefits may also be available under general cover and home duties definitions.

| Occupation category | Description |
|---------------------|--|
| Ρ | University degree qualified medical, dental or legal professional (ie MBBS or BDSc). |
| AA | University degree qualified white collar professional (excluding medical, dental or legal professional), eg chartered or associate accountant. |
| S | Executive or senior manager or white collar office worker, earning an average of \$125,000 over the last three years and performing less than 20% manual work. |
| А | White collar office worker performing less than 20% manual work. |
| BB | Blue collar worker performing specialised or technical tasks and performing less than 20% manual work, eg a retail shop owner or business proprietor who performs less than 20% manual work (no deliveries), a supervisor of TAFE qualified licensed tradespeople performing less than 20% manual work. |
| В | Fully qualified and licensed tradespeople who have completed a minimum of 3 years TAFE qualification (eg carpenter, electrician) or non qualified tradespeople with a minimum of 10 years experience working in a trade where the above TAFE trade qualifications and licensing is mandatory for new tradespeople. |
| | Qualified skilled workers (eg registered nurse). For certain occupations, a maximum benefit period of 2 or 5 years will apply (shown as B2 or B5 in the occupation guide). |
| С | Tradespeople who have completed less than 3 years of TAFE or equivalent or skilled or semi skilled workers in occupations with entry level requirements in terms of experience, qualifications and training (eg bricklayer, welder). For certain occupations, a maximum benefit period of 2 or 5 years will apply (shown as C2 or C5 in the occupation guide). Note: Category C occupations are not eligible for 'own occupation' TPD and Key Person Income. |
| E | Semi skilled or non-qualified workers performing heavy manual work or operating heavy machine or plant equipment or exposed to hazardous conditions or activities. A maximum benefit period of 2 or 5 years will apply (shown as E2 or E5 in the occupation guide). Note: Category E occupations are not eligible for 'own occupation' TPD, 'any occupation' TPD, Business Overheads and Key Person Income. |
| D | Declined occupations. |

4.2 Special consideration

There are a number of other factors and specific duties that need to be considered when assessing the occupation and eligibility for Income Protection, Business Overheads or TPD Benefits. We have explored a number of these in the following section, including:

- > the number of hours worked
- > apprentices
- > unqualified tradespeople

- > second occupation
- > seasonal work
- > clients working from home, and

> newly self-employed

- > homemakers.
- > recent change of occupation

If you require further information on any of these items, or wish to discuss your client's case, please contact the underwriting team.

Number of hours worked

TPD and Income Protection

The tables below provide a snapshot of the required number of hours needed to be worked for eligibility for all TPD and IP benefits.

| Definition | TPD | | |
|-------------|------------------------|-----|--|
| | Number of hours worked | | |
| | 0-19 | 20+ | |
| Own/Any | × | ✓ | |
| General | \checkmark | ✓ | |
| Home duties | \checkmark | × | |

| Definition | Income Protection | | |
|--------------------------|------------------------|--------------|--|
| | Number of hours worked | | |
| | 0-19 | 20+ | |
| Own/Any | × | \checkmark | |
| General | \checkmark | \checkmark | |
| Home duties ¹ | \checkmark | × | |

1. Home duties means household duties normally performed by a person who remains at home and is not working in a regular occupation, including part time and/or voluntary work, for income.

For more information about how your client qualifies for Income Protection under home duties, contact your Life Business Development Manager.

We will review clients with excessive working hours, taking into account the industry in which the insured person works. Income Protection cover is not available for those working in multiple part-time positions which add up to 20 hours a week or more.

Key Person Income

A key person must work for a minimum of 20 hours a week or more to be eligible for a Key Person Income policy.

Apprentices

Income Protection and TPD benefits can be considered for apprentices in their final apprenticeship year and will be based on their chosen trade's occupation classification.

For apprentices not in their final year:

- > Income Protection can be offered on an E2 occupation category, and
- > TPD can be offered on a general cover definition basis.

Unqualified tradespeople

If your client has been working in a trade (eg as a carpenter) but has no formal trade certificate or qualifications, cover can be considered if they have at least 3 years continuous experience in that occupation. Please refer to the occupation guide in section 4.3 for further details.

Newly self-employed

Unfortunately, a large percentage of small businesses fail in the first 12 months due to cash flow problems, so the insurance industry tends to adopt a conservative approach to applications for Income Protection from those who have just entered a new business or become self-employed.

Each case will be assessed on its own merits, however we will generally consider income protection cover in the following scenarios:

| Scenario | General guide to terms | Notes |
|--|--|--|
| Less than 6 months in an industry unrelated to previous occupation or experience | Indemnity option only. Benefit period restricted to maximum of 5 years. Monthly benefit to be based on reasonable projected income, but not exceeding previous income. | Maximum \$4,000 monthly benefit for blue collar occupations. Maximum \$6,000 monthly benefit for white collar occupations. Indemnity, benefit period and monthly benefit restrictions can be reviewed after 12 months, with proof of earnings. |
| Less than 6 months, but in an industry related to previous occupation or experience | Indemnity option only. Monthly benefit to be based on reasonable projected earnings, but not exceeding previous income. | Indemnity and monthly benefit restrictions can be reviewed after 12 months, with proof of earnings. |
| More than 6 months but less than 12 months | Indemnity option only. Monthly benefit to be based on reasonable projected income. | Indemnity and monthly benefit restrictions can be reviewed after 12 months, with proof of earnings. |
| Moving from a previously uninsurable occupation to self-employed | No cover available until after 12 months of business operation. | |

Change of occupation

Where a client has completely changed their type of occupation within the last 12 months, the type of policy (indemnity basis), monthly benefit, waiting period, benefit period and occupation category may be restricted. In determining whether policy terms are available, consideration will be based on whether the:

- > new occupation is similar in duties/industry to the previous occupation
- > previous occupation was a different occupation category than the new position, and
- > client has had previous experience in the new occupation.

Terms may be reviewed upon request, 12 months after the client has been in their new occupation.

Second occupation

We will not generally insure the income derived from a second occupation. This is because an individual will often work in a second occupation for a short period of time to provide additional income. This is unlikely to reflect the true future earnings of the client.

If a client has been generating income from a second occupation for a number of years, and this income has remained fairly constant, we can consider including it. Please contact our underwriting team for individual consideration.

Please note that if the duties of a second occupation are more hazardous than the client's usual job, we may alter the occupation category. If the client stops working in the second occupation for at least a year, the occupation category may be reviewed.

Seasonal work

Seasonal work does not generally offer the client continuous employment. It is usually unreliable and depends on conditions outside the control of the client. It would also be difficult to know at the time of claim whether the client is supposed to be working or what their income is at any given time. For these reasons, we are unable to offer TPD benefits but can consider general cover Income Protection.

Note: Some circumstances may warrant individual consideration. Please contact our underwriting team for more information.

Clients working from home

Clients working from home present difficulties at the underwriting and claims stage for Income Protection and TPD Benefits. One of the challenges encountered is the inability to determine if the business will continue (or is continuing to run), even if the client is disabled.

Eligibility for cover will depend on the following:

- > nature and industry of the occupation
- > business set-up or business structure
- > stated income and proof of income
- > if there is a separate office/work area with separate phone lines
- > if there is constant contact with clients
- > degree of establishment (ie period of time that the insured person has been working from home)
- > percentage of time that the insured person works in the home office, and
- > percentage of time with client contact.

If clients working from home are eligible for cover after consideration of the above factors, terms of offer may vary depending on the occupation of the insured person. White collar occupation categories may be eligible for benefit period to age 65. Occupation categories BB, B and C may be offered a 90 day waiting period and/or a reduced benefit period.

Please note that any additional information that can be provided by the insured person will assist in assessing and providing the best terms for the client. If you have a client that fits this criterion, please contact our underwriting team to discuss their eligibility.

Homemakers

TPD cover is available for homemakers, with the home duties definition applicable. Generally, the maximum allowable sums insured are restricted (refer to section 3.1), however higher amounts can be considered where justified.

Income Protection cover is available under the home duties or general cover definition up to a maximum \$5,000 per month.

4.3 Occupation guide

This is a general guide only. Any additional information or a description of the exact duties performed would assist our underwriting team in their assessment.

Please note that the assessment listed for Income Protection (IP) also applies to Business Overheads and Key Person Income.

If your client's occupation is not listed, or you think that the category is inappropriate, please contact our underwriting team to discuss your client's specific occupational duties in more detail. A pre-assessment reference number will then be provided to confirm the underwriting advice provided. This reference number should be recorded in LifeCENTRAL+, or displayed on the Personal Statement when submitted.

Abbreviations used in the occupation guide

| \$2.00, \$5.00 etc | Extra premium or loading per \$1,000 of sum insured pa. |
|---------------------|--|
| 90 day | Minimum of 90 day waiting period applies automatically to E2, E5 and GEN. |
| C2, C5, E2, E5, etc | Limited to a 2 or 5 year benefit period. |
| D | Decline. |
| GEN | 'General cover' definition. These occupations are not eligible for the 'own occupation', 'any occupation', or 'home duties' definitions. |
| GEN 100% | Some occupations where GEN is available will have an additional 100% loading applied. |
| HDPT | TPD 'home duties' definition. These occupations are not eligible for the 'own occupation' or 'any occupation' TPD definitions. |
| IC | Individual consideration. |
| Max \$10,000 | Maximum of \$10,000 monthly benefit. |
| NS | Needlestick Benefit. |

5 Other underwriting guidelines

There are a number of other aspects of the insured person's situation which we must consider when they apply for insurance, including their residency, overseas travel plans, and activities they perform as a pastime.

5.1 Residency

People who have been granted permanent residency in Australia can apply for Death Benefits, TPD Benefits, Living Benefits and Income Protection.

In certain situations, cover can be considered for non-residents, such as holders of certain visas. For further details, refer to the Department of Immigration and Border Protection website at www.border.gov.au.

Lump sum residency requirements

For Death Benefits, TPD Benefits and Living Benefits, the insured person must meet the following criteria:

| Insured person | Evidence required |
|--------------------------------------|---|
| Applying for loan protection cover | The insurance must be for business or personal debt, which is financed by a recognised financial institution. This does not include investment or gearing loans. |
| A spouse of an Australian citizen | A statement declaring that they intend to stay in Australia. If they have applied for permanent residency, they must provide the current status of their application. |
| On a working visa | A copy of the visa issued. A copy of the employment contract stating the details of the work contract, location(s) of employment, remuneration package and duties. |
| On a temporary visa | The following visas will be considered: Employer sponsored visa (457 visa): Eligible to work in Australia for up to 4 years. Visa is subject to extensions. Spouse visa (309 – temporary, or 100 – permanent): Allowed to remain in Australia with spouse and is entitled to work and study in Australia. |

Note: Where the insured person is working overseas, we may apply a repatriation clause for TPD Benefits and Living Benefits which will limit payment of any claim unless they return to Australia.

Income Protection residency requirements

Income Protection will be considered if the insured person meets the following criteria. Please note, only indemnity contracts will be considered for these clients.

The insured person:

- > is occupation category 'AA' or 'P'
- > holds a long term visa (3 years and over, or employer sponsored visa) or has applied for permanent residency
- > has resided in Australia for at least 12 months, and
- > has a good work history in their current occupation.

Note: Where the insured person is working overseas, we may apply a repatriation clause for Income Protection policies, which will limit payment of any claim to three months unless they return to Australia.

5.2 Overseas travel

Australian citizens and residents who currently reside overseas on a temporary basis, or intend to reside overseas temporarily, may also apply for cover. There are three types of travellers – personal or holiday, business (ie travel associated with occupation), and a combination of personal and business.

We will take into consideration the following factors in determining the impact, if any, on the contract of insurance we will offer your client:

- > duration
- > location, and
- > reason or activities to be undertaken whilst overseas.

In the current global environment, it is important that underwriters ensure that all the risk factors are taken into account when assessing an application.

The Department of Foreign Affairs and Trade (DFAT) provides recommendations for Australians potentially travelling outside Australia. It is important to know the exact details of where the client will be spending most of their time and the duration of their stay in each location. The following table provides guidelines of our underwriting approach.

| DFAT alert level | Travel advice | Underwriting approach |
|------------------|------------------------------------|---------------------------|
| 1 | Exercise normal safety precautions | Generally no restrictions |
| 2 | Exercise a high degree of caution | Generally no restrictions |
| 3 | Reconsider your need to travel | Exclusion |
| 4 | Do not travel | Decline |

Please note that the countries under each DFAT alert level may change from time to time. For further details, refer to the DFAT website at www.smartraveller.gov.au.

It is recommended that you call an underwriter to obtain a pre-assessment number if a client has plans to travel outside Australia soon after submitting an application. In some cases, if we are unable to obtain a signed agreement to the imposition of a 'territorial exclusion', we may be required to decline the application. The client will then need to re-apply upon return to Australia.

TIP

If the client has a travel exclusion in place and returns to Australia with no specific plans to travel in the future, they can contact us and request to have the travel exclusion removed.

5.3 Pursuits and pastimes guide

The Pursuits and Pastimes Guide sets out the possible classification of pursuits and pastimes for particular types of insurance cover. Completion of a Pursuits and Pastimes Questionnaire is necessary with full and precise descriptions.

If your client's circumstances are not covered in this guide, please contact our underwriting team to discuss. A quote reference number can be provided to confirm the underwriting advice provided. This reference number should be displayed on the application form when submitted.

Note: Most social pursuits and pastimes, such as squash, tennis and golf, are accepted at standard rates unless otherwise shown.

| EXC | Exclusion |
|---------------------|--|
| IC | Individual consideration |
| IC (Gen) | Individual consideration under general cover IP only |
| NA | Cover is not available |
| OR | Standard rates of premium |
| OR (Gen) | Standard rates of premium under general cover IP only |
| \$2.00, \$5.00 etc | Extra premium or loading per \$1,000 of sum insured pa |
| Loading% | Extra premium or loading by the nominated percentage |
| 90 day | 90 day waiting period applies to the relevant pursuit/pastime |
| 90 day (B,C,E occs) | 90 day waiting period for occupation categories 'B', 'C' and 'E' applies to the relevant pursuit/pastime |

Abbreviations used in the Pursuits and Pastimes Guide:

Note: In some cases, it may be possible to offer an option of an exclusion instead of a loading.

6 Replacements and alterations

6.1 Replacing existing Protection Plans policies

Where the client already has an existing Protection Plans policy, we can replace their policy subject to the following:

| Scenario | Requirements |
|---|--|
| Benefit sum insured is less than or equal to existing cover | Application Form (including LifeCENTRAL+ quote), and |
| | Signed agreement from the existing policy owner(s) to cancel the existing cover. |
| Benefit sum insured is greater than the existing cover | Normal underwriting guidelines apply. |
| Benefit type is different to existing cover | Normal underwriting guidelines apply. |

These requirements apply to Protection Plans policies underwritten on or after 28/04/2006.

For Protection Plans policies underwritten prior to 28/04/2006, a Declaration of Continued Good Health will be required in addition to the above.

6.2 Replacing non Protection Plans policies

Where your client already has an existing policy with another insurer, we can replace their existing cover with a Protection Plans policy, subject to meeting all of the following limits. Provided that these requirements are met, then we will waive any usual mandatory medical or blood tests.

| | Death Benefit | TPD Benefit | | Living Benefit | Income Protection, Business Overheads and Key Person Income |
|--------------------------------------|--|---|---|-------------------|--|
| Maximum takeover entry age | 59 | 54 | 59 | 59 | 54 |
| Maximum takeover benefit limit | \$3,000,000 | \$2,000,000 | \$1,000,000 | \$1,000,000 | \$10,000 per month |
| Requirements | > policy issues 1 exclusion The insured p > an Applica > a Declaration > the Policy and > a signed a | n. berson must p ation Form (inc tion of Continu Schedule and agreement fror | +50% loading rovide: cluding LifeCE red Good Hea I last Renewal n the existing | Notice for the | existing cover, |

Other considerations to note:

- > Financial underwriting is required for agreed value and endorsed agreed value Income Protection
- > We may request additional medical or financial information, particularly if the client's health or financial situation has changed since commencing the existing insurance, and
- If your client has indicated that they will cancel any insurance and they do not do so, we will reduce any benefit they are entitled to under Protection Plans by the amount paid or payable from the other policy that was not cancelled. However, the existing policy should not be cancelled until the replacement policy has been accepted by us.

6.3 Insurance transfer process (for Platform Super policies)

The following table outlines the process/requirements for transferring existing insurance within a retail superannuation fund or master trust to BT Protection Plans within an eligible Super Platform.

| The existing insurance to be transferred: | > must be held within a retail superannuation fund or master trust > must have been individually underwritten > must have no more than 2 exclusions applied > must have a premium loading of no more than 100%, and > cannot be a retail standalone policy or a group insurance policy. Note: Any exclusions and/or loadings applied to the original insurance will be transferred to the new BT Protection Plans policy. |
|---|--|
| Eligible clients: | must be under age 65 to be eligible for this method of application must hold (or be applying for) a Platform Super account, and if applying for TPD (any occupation) or Income Protection (own occupation), must be permanently employed on a full time basis for at least 20 hours per week at the time of applying for the transfer of cover. |
| The amount of insurance that can be transferred: | > must be no more than \$1,000,000 for Death Benefits (in total with us) > must be no more than \$1,000,000 for TPD Benefits (in total with us), and/or > must be no more than \$10,000 per month for Income Protection (in total with us). |
| How to apply: | > download and complete the 'Rollover of Insurance Cover Form' or 'Transfer of Insurance Cover Form' (available on LifeCENTRAL) > attach the quote, a copy of the existing insurance Policy Schedule and latest Renewal Notice. If the last Renewal Notice is not available, a copy of the client's most up to date fund statement - stating the type, level, and terms of their current cover - will also be accepted, and > Send the requirements to us by: fax on 02 9274 5239 email to gold.life@btfinancialgroup.com, or mail to GPO Box 5467, Sydney NSW 2001. |

6.4 General alterations

In most cases a completed Alteration Request form, available on LifeCENTRAL, is all that is required to action the majority of policy changes. However, a general overview of what is required to alter a policy is provided below.

Please note that all forms cited below are available on LifeCENTRAL.

| Alteration/Request to change | Requirements | | | |
|---|---|--|--|--|
| Client details: | | | | |
| > Change of address/contact details | > Signed letter or by phone. | | | |
| > Change of smoker status | > 'Smoking Questionnaire'. | | | |
| > Update beneficiary details (for Term Life and Term Life as Superannuation) | > 'Nomination of Beneficiaries' form. | | | |
| Transfer of policy from one portfolio into another | > 'Portfolio Transfer Request Form'. | | | |
| Cover and sum insured: | | | | |
| Increases to cover (or addition of new cover/insured person) | 'Application for Additional Benefits' form, and | | | |
| | 'Personal Statement'. | | | |
| > Addition of the Children's Benefit ² | > 'Children's Benefit Application Form'. | | | |
| > Reduction of cover | 'Reduction of Cover Form' or signed letter from the policy owner detailing the request. | | | |
| Policy Structure | | | | |
| Addition of Flexible Linking Plus or Income Linking Plus to existing policies (without additional benefits) | 'Alternation Request' form | | | |
| Premium structure/payment method/frec | uency: | | | |
| > Update direct debit/billing details | 'Direct Debit Request' form or by phone. | | | |
| > Change of payment frequency | > 'Alteration Request' form. | | | |

| Alteration/Request to change | Requirements |
|--|--|
| Change of premium structure between stepped and level | 'Alteration Request' form or signed letter from the policy owner detailing the request that results in a refund of premiums. |
| Policy owner details: | |
| Change of policy owner (non-superannuation) | 'Memorandum of Transfer' form, and Original Policy Document (if applicable). Refer to section 6.5 for further information. Note: Additional requirements may apply to change the policy owner on a Key Person Income policy. |
| Change of policy owner (superannuation) | New 'Application Form' (including LifeCENTRAL+ quote), and Letter from the existing policy owner to cancel the existing policy. Refer to section 6.5 for further information. |
| Child insured (under a Children's Benefit) taking up a full policy | Application for 'Children's Benefit Continuation' form. |
| Loadings/Exclusions: | |
| Review of existing loadings/exclusions | 'Alteration Request' form or signed letter from the policy owner detailing the request. A Personal Statement and/or Medical/ Pastimes Questionnaire will generally be required. Contact your Underwriting team to confirm requirements. |
| Policy status (reinstatement): | |
| Reinstatement of a lapsed policy (0-2 months since lapse) | Payment of outstanding premiums due since lapse date. |
| Reinstatement of a lapsed policy (2-12 months since lapse) | Declaration of Continued Good Health (reinstatement). Payment of outstanding premiums since lapse date if reinstatement is approved. |
| Reinstatement of a lapsed policy (over 12 months since lapse) | Reinstatement not available. New application and Personal Statement required. |
| Benefit period/Waiting period (for Incom | e Protection policies) |
| Change of benefit period – resulting in a shorter benefit period. | > 'Alteration Request' form. |

| Alteration/Request to change | Requirements | |
|--|---|--|
| Change of benefit period – resulting in a longer benefit period. | h > 'Alteration Request' form, and> 'Personal Statement'. | |
| Change of waiting period³ under the 'Change of Waiting Period Benefit' (or applicable to 'own occupation' Incom Protection policies which have the 'Change of Benefit Period Benefit' included) | 5 | |
| Change of waiting period³ – resulting a longer waiting period | in > 'Alteration Request' form. | |
| Change of waiting period³ – resulting a shorter waiting period | in > 'Alteration Request' form, and> 'Personal Statement'. | |

Note: There are some instances where a replacement (new) Protection Plans policy is required, which entails a new Application Form (including LifeCENTRAL+ quote), such as the addition of the below benefits and features to the below policies (refer to Section 6.1 for further information on 'Replacing existing Protection Plans policies').

- 1. Flexible Linking Plus and Income Linking Plus are not available under:
 - > BT Protection Plans policies underwritten on or after 24/09/2007 but prior to 21/02/2011, unless Flexible Linking Plus and Income Linking Plus are to be paid through Wrap, and DT Protection Plans policies underwritten prior to 24/02/2007.
 - > BT Protection Plans policies underwritten prior to 24/09/2007.
- The Children's Benefit and Needlestick Benefit are not available under:
 BT Protection Plans policies underwritten prior to 24/09/2007.
- 3. Change of waiting period to 360 days is not available for:
 - > BT Protection Plans policies underwritten prior to 21/02/2011.

6.5 Transfer of ownership in and out of superannuation

Transfer of policy ownership into and out of a superannuation environment may be a complex area. Listed below are some possible transfer scenarios and the general guidelines as to whether transfer of ownership is acceptable, or if a replacement policy is required. These rules are to be used as a guideline only. For more detailed information, please contact Technical Support Services.

| Current ownership | Proposed ownership | Can life policy ownership be transferred? | Is a replacement policy required? |
|---------------------|---------------------|--|-----------------------------------|
| Non-Superannuation | Non-Superannuation | YES | NO |
| Non-Superannuation | Westpac MasterTrust | NO | YES |
| Non-Superannuation | SMSF | NO* | YES |
| Non-Superannuation | Platform Super | NO | YES |
| Westpac MasterTrust | Non-Superannuation | NO | YES |
| Westpac MasterTrust | SMSF | NO | YES |
| Westpac MasterTrust | Platform Super | NO | YES |
| SMSF | Non-Superannuation | YES – however dependent on rules of the SMSF | YES |
| SMSF | Westpac MasterTrust | NO | YES |
| SMSF | SMSF | YES – however dependent on rules of the SMSF | YES |
| SMSF | Platform Super | NO | YES |
| Platform Super | Non-Superannuation | NO | YES |
| Platform Super | Westpac MasterTrust | NO | YES |
| Platform Super | SMSF | NO | YES |

*Life policy ownership cannot be transferred from a member of the SMSF or a relative of a member of the SMSF, however transfers from other parties may be possible. Note: The trustee(s) must ensure that all trustee obligations and duties are complied with in making the decision to transfer or acquire a life policy.

7 Claims

We have a strong track record for assessing claims fairly and paying claims in a timely manner.

Our claims team

Our claims team is thoroughly trained and equipped to assess claims promptly and provide honest and helpful advice. We understand the importance of the claims assessment and payment processes to your client and view our responsibilities in this regard as an essential aspect of our business.

Our claims philosophy

When it comes to claims, our philosophy is to put your client at the centre of everything we do. We achieve this by:

- > assessing claims fairly and promptly
- > treating your client with empathy and understanding
- > providing honest and helpful advice about a claim
- > training our staff to provide the best service they can
- > maintaining our record as a socially responsible and ethical corporate citizen
- > protecting and maintaining the privacy, accuracy and security of personal and sensitive information
- > continually reviewing and improving the claims process, and
- > conducting ourselves at all times with the utmost good faith.

Free claims rehabilitation services

If your client suffers from an injury or illness and this affects their ability to work then it can prove to be a difficult and stressful period. It is vital that they receive timely and appropriate treatment. We offer a range of specialist occupational rehabilitation services to support and guide your client to maximise their overall recovery. These approved services will be free of charge to your client. The steps to assist your client would likely begin with a thorough assessment by a professional with a physical or psychological background. Based on this assessment, and if appropriate, our rehabilitation specialist will work closely with your client and their treating doctors to develop and implement realistic rehabilitation steps to enable a safe and sustainable recovery.

A rehabilitation plan may include some of the following services:

- specialist evaluation of disability with realistic recommendations to maximise recovery (both physical and psychological)
- > development of a safe and sustainable return to work program
- > work and/or physical conditioning
- > workplace ergonomic assessment and modifications
- > home aides assessment
- > adjustment to disability counselling and psychological interventions
- > suitability assessment for inclusion in specialised treatment programs, ie pain management, anxiety and mood disorders and addiction programs, and
- > development and monitoring of a safe and sustainable return to work program.

Vocational rehabilitation services include the continuous and coordinated process of rehabilitation, which involves the provision of vocational guidance, vocational training and selective placement, designed to enable the insured to secure and retain suitable employment. These services include:

- > transferable skills assessment
- > work history analysis
- > identifying re-training needs
- > co-coordinating and monitoring brief re-training courses, and
- > job seeking assistance
 - interview skills training
 - labour market analysis
 - development of individualised job seeking plans
 - resume preparation
 - written applications, and
 - development and monitoring of a safe and sustainable return to work program.

Tele-claims make it easy

Our award-winning tele-claims service for Income Protection clients came out of market research which highlighted the importance of making the process as easy as possible for your client. We have also introduced this service for Living Insurance clients.

This initiative requires a claims assessment to be conducted over the phone. Decisions about the claim and total risk exposure can be decided 'live' without forms and signatures, once a medical certificate is received.

Since launching tele-claims in March 2010:

- > we have seen Income Protection claims paid without the requirement of claim forms
- > we have reduced end to end times, and
- > the life claims team deposits a payment in your client's account the same day following receipt of the medical certificate.

"Since launching this great initiative, I've had so many great interactions with our customers. Their reaction to the news that we are paying on the spot creates trust and builds rapport when the customer has their first dealing with us. It makes my job worthwhile and really does free up my time to concentrate on other customers who require additional rehabilitation support."

- Melissa Brady, Claims Consultant
