About this PDS

This Product Disclosure Statement and Policy Document (PDS) describes the main features and terms of the Priority Protection and Priority Protection for Platform Investors insurance products, which are issued by AIA Australia Limited (ABN 79 004 837 861, AFSL 230043).

This PDS also describes the features of the AIA Insurance Superannuation Scheme No2 (the Scheme), a risk-only superannuation product issued out of the Aon Master Trust ABN 68 964 712 340 by Equity Trustees Superannuation Limited (ABN 50 055 641 757, AFSL 229757) as trustee of the Scheme. The information in this PDS which relates solely to your rights as a member of the Scheme or a superannuation fund does not form part of the terms of the Priority Protection and Priority Protection for Platform Investors insurance products.

The products described in this PDS are only available to persons in Australia.

This PDS is jointly issued by AIA Australia and the trustee of the Scheme. AIA Australia and the trustee of the Scheme each take full responsibility for the entirety of this PDS. However, AIA Australia is not responsible for the operation of the Scheme, and the trustee of the Scheme is not responsible for the operation, nor is the issuer of, the insurance policies and any associated programs or discounts issued or offered by AIA Australia.

You should read this PDS before making a decision to acquire any of the Priority Protection or Priority Protection for Platform Investors insurance products or applying for membership of the Scheme. The PDS is intended to help you decide whether the Priority Protection and Priority Protection for Platform Investors insurance products and, where applicable, the Scheme, will meet your needs, and to compare the products described in this PDS with other products you may be considering.

The information in this PDS is of a general nature only and has been prepared without taking into account your objectives, financial situation or needs. Before making any decision, you should consider the appropriateness of the information, having regard to your objectives, financial situation and needs.

The information in this PDS is current as at the date of preparation of the PDS. Information contained in this PDS may change from time to time. The PDS may be updated or replaced at any time, and you can obtain a copy of a current PDS free of charge on request, by calling us on 1800 333 613. We or the trustee of the Scheme, as applicable, will advise you of material changes to the PDS or significant events as required by law. If there is a change to information in the PDS that is not materially adverse to you, that information will be updated online at aia.com.au. A paper or electronic copy of any updated information can be obtained free of charge on request, by calling us.

Information about the AIA Vitality program is provided in this PDS but does not form part of this PDS. The AIA Vitality program is a separate health and wellbeing program provided by AIA Australia and available to eligible lives insured under eligible AIA Australia insurance policies. Membership of the AIA Vitality program is not offered under this PDS and must be applied for separately. AIA Vitality membership features are not insurance and are exempt from regulation as financial products under the *Corporations Act 2001* pursuant to the ASIC Corporations

(Non-cash Payment Facilities) Instrument 2016/211. While members of the Scheme may have access to this program and associated discounts, neither the program nor any associated discounts are offered by the trustee of the Scheme.

Defined terms

Certain terms in this PDS have been capitalised. Unless the context requires otherwise, these terms are defined in Section 12. Certain terms that also have a particular meaning are included in the list below.

Please note that the meaning of some of these terms may differ, depending on whether you choose to structure your insurance within or outside of superannuation and (if applicable) the type of superannuation fund that your insurance cover is held through. Where this applies, both meanings are explained in Section 12.

It is important to read the definitions below and in Section 12 as they will be relied on by us if you need to make a claim on your Policy.

In this PDS, the Policy Schedule and the accompanying application form, any reference to:

- **we, us, our** or **the insurer** means AIA Australia Limited (AIA Australia)
- **you** or **your** means the Policy Owner and/or the Life Insured, as the context requires or, in relation to Interim Cover only, a person who has applied to be the Life Insured, and
- **trustee** refers to the trustee of the relevant fund as the context requires.

Priority Protection and Priority Protection for Platform Investors insurance plans

Priority Protection and Priority Protection for Platform Investors insurance allows you to select insurance cover that is available under one or more of the insurance plans (Plans) set out below.

- Life Cover Plan
- Crisis Recovery Stand Alone Plan
- Income Protection Plan
- Business Expenses Plan
- Superannuation Life Cover Plan including Total and Permanent Disablement Stand Alone
- Superannuation Income Protection Plan.

Stand Alone insurance cover

Each of the Plans allow you to select one or more Stand Alone insurance covers, each with a number of Built-in Benefits. Under each Stand Alone insurance cover, you have the option to select a number of Rider Benefits (optional benefits that you can purchase at an additional cost). The eligibility criteria for each of the Stand Alone insurance covers and Rider Benefits that are available under the Plans is set out in full in this PDS.

Ordinary Plans

The benefits you select under the Life Cover Plan, Crisis Recovery Stand Alone Plan, Income Protection Plan and Business Expenses Plan (Ordinary Plans) are provided under an insurance policy issued to you as the Policy Owner.

Superannuation Plans

The benefits you select under the Superannuation Life Cover Plan and Superannuation Income Protection Plan (Superannuation Plans) are provided:

- under an insurance policy issued to the trustee of a superannuation fund as the Policy Owner, to provide one or more life insurance benefits for you as a fund member and the Life Insured, and

- if you select any Linked Benefits, attached to a separate insurance policy issued to you as the Policy Owner and Life Insured.

You can only select benefits under the Superannuation Plans if you are a member of one of the following (referred to as 'relevant funds' in this PDS):

- an Approved Superannuation Fund (as determined by AIA Australia)
- a self-managed superannuation fund (SMSF), or
- the Scheme (see 'About the Scheme' below).

Some of the terms and conditions of the benefits under the Superannuation Plans differ from the terms and conditions of the same benefits under the Ordinary Plans. The terms and conditions of all benefits are set out in this PDS. The provision of all Ordinary Plan and Superannuation Plan benefits (other than any interim cover benefits associated with the cover you select or as otherwise expressly disclosed in this PDS) is subject to underwriting and acceptance of your application by AIA Australia.

All premiums and benefit payments due under a Policy will be made to or as directed by the Policy Owner. Where a trustee of a superannuation fund owns the Policy, benefit payments will be paid to the trustee and their release will be subject to restrictions under the relevant fund's trust deed and superannuation law.

You should be aware that how you obtain insurance – under an Ordinary Plan or through a Superannuation Plan – will affect your cooling-off rights and the arrangements for dealing with any complaints you may have about the products you acquire (see Section 10).

Limitations on your policy

You should be aware that limitations, including exclusions and reductions (where we may not pay a claim or where we pay a claim on a reduced basis) may apply to your insurance policy. These limitations are detailed in each insurance cover and Rider Benefit section, and if applicable, in the Superannuation Plans section. Any additional limitations and/or exclusions specific to your insurance policy will be set out in your Policy Schedule.

Generally, if you add a Rider Benefit to Stand Alone insurance cover, a claim payment of the Rider Benefit will reduce the applicable Sum Insured for the Stand Alone insurance cover and other benefits included within, or selected as a Rider Benefit to, the Stand Alone insurance cover.

Similarly, if you acquire a Linked Benefit, a claim payment of the Linked Benefit will reduce the Sum Insured for benefits included under the cover to which the Linked Benefit is linked.

About the Scheme

The Scheme is governed by superannuation law and by a trust deed, available from eqt.com.au. If there is any inconsistency between this PDS and the trust deed, the trust deed will prevail, subject to the requirements under superannuation law.

When you select benefits under the Superannuation Plans to be held through the Scheme, the trustee of the Scheme will issue you with a risk-only superannuation product, with superannuation benefits referable to the benefits available under the Superannuation Life Cover Plan and/or the Superannuation Income Protection Plan as selected by you.

About Priority Protection

Priority Protection provides you with a range of benefits that you can structure to meet your insurance needs.

Life Cover

Life Cover can provide financial security for your loved ones when you no longer can.

How it works

In the event of your passing away or diagnosis of a Terminal Illness, a lump sum is paid to help ease the burden of settling outstanding debts and meeting other financial obligations.

Total and Permanent Disablement (TPD)

TPD cover protects you financially if you become permanently unable to work because of injury or illness.

How it works

A lump sum is paid to help cover one-off and ongoing expenses, as well as loss of future earnings incurred as a result of your permanent disability.

Crisis Recovery

Crisis Recovery cover protects you financially if you are faced with a traumatic life event such as a Stroke, Heart Attack or Cancer diagnosis.

How it works

A lump sum payment is paid to help ease the financial burden of paying your bills, making loan repayments and meeting unexpected medical costs and out-of-pocket expenses.

Income Protection

Income Protection provides you with financial support if you're unable to work because of illness or injury. It allows you to focus on your health while you recover or adjust to lifestyle changes.

How it works

Income Protection provides you with a monthly payment whilst you are unable to work. You can use this to pay the costs of bills, medical treatment and other ongoing expenses.

Business Expenses

Business Expenses provides you with cover for fixed expenses associated with running your own business such as rent and utilities, if you are unable to work because of illness or injury.

How it works

Your business is reimbursed with a monthly payment whilst you are unable to work, to ensure that essential fixed expenses can be paid while you're out of action.

Insurance through superannuation

With Priority Protection, you can choose to structure your insurance through superannuation. Important information about holding insurance through superannuation is provided in Section 9.

When you choose to structure your Priority Protection insurance through superannuation, you can also choose to link other benefits to your policy that are not otherwise available through superannuation, such as Crisis Recovery. Information about linking benefits is provided in Section 9.

Getting started

To apply for Priority Protection, you should speak with a financial adviser qualified to sell AIA Australia products and complete an application form for the insurance cover required. The application form will include questions about your health and other information.

This section outlines your disclosure obligations when completing your Priority Protection application and how we assess your insurance request based on the information you provide.

If your application for insurance cover is accepted by us, we will provide you with a Policy Schedule confirming cover details and the commencement date of your insurance Policy. While we are considering your application, interim cover is generally provided where applicable for the cover types that you have applied for (see Section 13).

If you decide the insurance cover is not right for you, you can also exercise the cooling-off option. Additional information about applying for Priority Protection insurance is provided in Section 10.

Your duty of disclosure

Before you enter into a life insurance contract, you have a duty to tell us anything that you know, or could reasonably be expected to know, which may affect our decision to insure you and on what terms.

You have this duty until we agree to insure you. You have the same duty before you extend, vary or reinstate the contract.

You do not need to tell us anything that:

- reduces the risk we insure you for, or
- is common knowledge, or
- we know or should know as an insurer, or
- we waive your duty to tell us about.

If the insurance is for the life of another person and that person does not tell us everything he or she should have, this may be treated as a failure by you to tell us something that you must tell us.

Where you apply to be the Life Insured under a Policy to be owned by a trustee, a failure by you to tell the insurer something that you know (or could reasonably be expected to know) may affect the insurer's decision to insure you and the terms on which it does so, may be treated as a failure by the trustee to comply with the duty of disclosure owed by it to the insurer.

If you do not tell us something

In exercising the following rights, we may consider whether different types of cover can constitute separate contracts of life insurance. If they do, we may apply the following rights separately to each type of cover.

If you do not tell us anything you are required to, and we would not have insured you if you had told us, we may avoid the contract within three years of entering into it.

If we choose not to avoid the contract, we may, at any time, reduce the amount you have been insured for. This would be worked out using a formula that takes into account the premium that would have been payable if you had told us everything you should have. However, if the contract has a surrender value, or provides cover on death, we may only exercise this right within three years of entering into the contract.

If we choose not to avoid the contract or reduce the amount you have been insured for, we may, at any time vary the contract in a way that places us in the same position we would have been in if you had told us everything you should have. However, this right does not apply if the contract has a surrender value or provides cover on death.

If your failure to tell us is fraudulent, we may refuse to pay a claim and treat the contract as if it never existed.

Pre-existing Condition

Your Policy will not provide cover in respect of any Pre-existing Condition that you knew about or should reasonably have known about and have not disclosed in full to us before a benefit commences, is reinstated, or increased (as shown on the Policy Schedule).

For example, if you have been experiencing symptoms that are indicative of a heart condition before applying for a Policy and you do not disclose details of those symptoms in the information you provide to us in your application, your Policy will not cover you if you subsequently suffer a heart attack after the Policy commences.

Cooling-off period

If you are not happy that the Policy meets your needs, you may cancel the Policy within a 28 day cooling-off period and receive a full refund of the premiums (including the policy fee) paid. If you do this, insurance cover under the Policy will cease with effect from the date the Policy commenced.

The cooling-off period starts from the earliest to occur of:

- the day you receive the Policy Schedule, and
- the end of the fifth day after the day on which we sent the Policy Schedule.

You will lose the right to cancel or request cancellation of the Policy within the cooling-off period if you have exercised any right or power under the Policy, other than the right to cancel the Policy within the cooling-off period.

Ordinary Plans

To cancel a Policy under an Ordinary Plan during the cooling-off period, send us your written cancellation request by mail, fax or email or in any other manner permitted by law. Our contact details are provided at the end of this PDS.

Superannuation Plans

To cancel a Policy under a Superannuation Plan during the cooling-off period, you will need to send your written cancellation request to the trustee. If you send your cancellation request to us, and not to the trustee, we may need to confirm your request with the trustee.

If the Policy is held through the AIA Insurance Superannuation Scheme No2 and cancellation of the Policy means you cease to have any Superannuation Plans through the Scheme, your Scheme membership will also cease.

Premiums (including the policy fee) paid via a superannuation fund (including the Scheme) will be refunded to the superannuation fund and will be subject to applicable preservation rules (see Section 9), after adjustments for any taxes.

The trustee of the AIA Insurance Superannuation Scheme No2 also provides a cooling-off period in relation to your membership of the Scheme – see Section 9.5 for more information.

1. Structuring your Priority Protection

This section gives an overview of the Priority Protection benefits available through this PDS, inside and outside of superannuation, and shows how you can tailor your insurance cover to meet your needs.

Priority Protection Ordinary Plans

- Life Cover Plan
- Crisis Recovery Stand Alone Plan
- Income Protection Plan
- Business Expenses Plan

These are referred to as Ordinary Plans in this PDS.

They are issued to you (or an individual or entity nominated by you) as the Policy Owner.

If you have a claim, we will pay the benefits directly to the Policy Owner or your nominated beneficiaries.

You can select additional benefits (Rider Benefits) for each Plan with your main Stand Alone insurance covers.

Priority Protection Superannuation Plans

- Superannuation Life Cover Plan
- Superannuation Income Protection Plan

These Plans are available if you are a member of an Approved Superannuation Fund, an SMSF or the AIA Insurance Superannuation Scheme No2.

They are issued to the trustee of the fund as the Policy Owner.

The trustee holds the benefits on your behalf. If a claim is payable, the trustee will distribute benefits according to the rules of the fund and superannuation law.

You can select additional benefits (Rider Benefits) for each Plan.

You can also choose to link non-superannuation benefits (Linked Benefits) to the Policy under which your Superannuation Plan benefits are provided. A Linked Benefit gives you access to insurance benefits generally not available inside superannuation.

Linked Benefits provided are attached to a separate Policy outside of superannuation that we issue to you as the Policy Owner.

The proceeds of any claim on the Linked Benefits will be paid directly to you or your nominated beneficiaries.

Please refer to Section 9 for the important differences between cover held inside and outside of superannuation, including how claims are paid.

2.1.2 Built-in Benefits

The following information relates to the Built-in Benefits that are available under Life Cover as indicated in Table 1. Each benefit is subject to the general terms and conditions, limitations and terms around when cover begins and ends set out in Sections 2.1.3–5 and Section 10.2.

The rest of the benefits listed in the table are not specific to Life Cover and can apply to other insurance cover described in this PDS. For information about those benefits, please refer to the sections indicated in the table.

Death benefit

If you pass away, we will pay a lump sum equal to the Life Cover Sum Insured.

Terminal Illness

If you are diagnosed with a Terminal Illness we will pay a lump sum equal to the Life Cover Sum Insured.

Terminal Illness means the diagnosis of an illness which, in the opinion of an appropriate specialist Medical Practitioner, is likely to result in you passing away within 24 months of the diagnosis regardless of any treatment that may be undertaken.

If your cover is held within a Superannuation Plan, two Medical Practitioners, one of whom must be a specialist Medical Practitioner in your condition, must certify that the condition is likely to result in you passing away within 24 months of the date of the certificate (certification period) and for each of the certificates, the certification period must not have ended.

Final Expenses

If you pass away, we will make an initial advance payment of 10% of the Life Cover Sum Insured up to a maximum of \$25,000. \$25,000 is the maximum amount we will pay under this policy in respect of all Final Expenses benefits combined.

The Final Expenses payment will be deducted from the Life Cover Sum Insured, and the balance remaining will be payable on settlement of the claim. The Final Expenses benefit is not a payment in addition to the Life Cover Sum Insured.

A death certificate and proof of policy ownership must be provided to us before payment can be made.

Complimentary Family Final Expenses

The Complimentary Family Final Expenses benefit provides automatic cover for your Child (your natural, step or legally adopted children) in the event of their passing away or diagnosis of Terminal Illness.

To be eligible, your Child must be aged from two to 17 years old at the date of their passing away, or the positive diagnosis of a Terminal Illness that we have confirmed. You do not need to advise us of the names of your Children unless you are making a claim under this benefit.

This benefit covers all Children of the Life Insured, and a claim on one Child will not negate this benefit for any other eligible Children.

The benefit paid at the time of the Child’s death or Terminal Illness is the lower of:

- \$20,000, and
- 10% of the highest Sum Insured for:
 - Life Cover
 - Term Cover, and
 - Accidental Death.

Benefit Indexation does not apply to this benefit.

Any payment made under this benefit will not reduce the Life Cover Sum Insured.

The Complimentary Family Final Expenses benefit will end when the Life Cover ends.

Limitations – Complimentary Family Final Expenses

We will only make one payment per Child under both this benefit and the Crisis Recovery Complimentary Family Protection benefit (if applicable). If we make a payment under Complimentary Family Final Expenses, we will not make a payment under Crisis Recovery Complimentary Family Protection, and vice versa.

We will however, make one payment of up to \$20,000 under Complimentary Family Final Expenses in addition to any payment under Family Protection, where the Family Protection benefit was purchased as a Rider Benefit at an additional cost.

The maximum we will pay under this benefit for all Children is \$200,000.

Exclusions – Complimentary Family Final Expenses

No Complimentary Family Final Expenses benefit will be payable in relation to:

- death or Terminal Illness which is diagnosed within 90 days of the benefit commencing
- an event directly or indirectly caused by intentional self-inflicted injury or any such attempt by the Child
- you or your Child passes away from suicide in the first 13 months from the commencement, re-instatement or increase of the benefit (but only in relation to the increased amount) as shown on your Policy Schedule*
- an intentional act of the Child’s parent, guardian, relative or someone who lives with or supervises the Child, or
- your intentional act.

Where an event is caused by a congenital condition, no benefit will be payable where the event occurs prior to the Child’s 10th birthday.

*This exclusion will be waived in respect of any Life Cover under the Policy provided the Policy is replacing life cover from us or a previous insurer and the full suicide exclusion period under the in force policy to be replaced has elapsed. The waiver only applies to the amount of life cover that has been replaced by the Policy.

2.2.2 Built-in Benefits

The following information relates to the Built-in Benefits that are only available under Accidental Death cover as indicated in Table 2. Each benefit is subject to the general terms and conditions, limitations, and terms around when cover begins and ends set out in Sections 2.2.3–5 and Section 10.2.

The rest of the benefits listed in the table are not specific to Accidental Death cover and can apply to other insurance cover described in this PDS. For information about those benefits, please refer to the sections indicated in the table.

Accidental Death cover

If in the event of Accidental Death, you pass away within six months of the relevant accident, we will pay a lump sum equal to the Accidental Death Sum Insured.

Accidental Death means that death is a result of a physical injury which is caused **solely** and directly by violent, external and unexpected means that is not traceable, even indirectly, to your state of mental or physical health before the event. Death resulting from a Sickness does not constitute 'Accidental Death'.

Final Expenses

If you pass away, we will make an initial advance payment of 10% of the Accidental Death Sum Insured up to a maximum of \$25,000. \$25,000 is the maximum amount we will pay under this policy in respect of all Final Expenses benefits combined.

The Final Expenses payment will be deducted from the Accidental Death Sum Insured, and the balance remaining will be payable on settlement of the claim. The Final Expenses benefit is not a payment in addition to the Accidental Death Sum Insured.

A death certificate and proof of policy ownership must be provided to us before payment can be made.

Complimentary Family Final Expenses

The Complimentary Family Final Expenses benefit provides automatic cover for your Child in the event of their passing away or diagnosis of a Terminal Illness.

To be eligible, your Child must be aged from two to 17 years old at the date of their passing or the positive diagnosis of a Terminal Illness that we have confirmed. You do not need to advise us of the names of your Children unless you are making a claim under this benefit.

This benefit covers all Children of the Life Insured, and a claim on one Child will not negate this benefit for any other Children.

The benefit paid at the time of the Child's passing away or diagnosis of a Terminal Illness is the lower of:

- \$20,000, and
- 10% of the highest Sum Insured for:
 - Life Cover
 - Term Cover, and
 - Accidental Death.

Benefit Indexation does not apply to this benefit.

Any payment made under this benefit will not reduce the Accidental Death Sum Insured.

The Complimentary Family Final Expenses benefit will end when the Accidental Death benefit ends.

Limitations – Complimentary Family Final Expenses

We will only make one payment per Child under both this benefit and the Crisis Recovery Complimentary Family Protection benefit (if applicable). If we make a payment under Complimentary Family Final Expenses, we will not make a payment under Crisis Recovery Complimentary Family Protection, and vice versa.

We will however, make one payment of up to \$20,000 under Complimentary Family Final Expenses in addition to any payment under Family Protection, where the Family Protection benefit was purchased as a Rider Benefit at an additional cost.

The maximum we will pay under this benefit for all Children is \$200,000.

Exclusions – Complimentary Family Final Expenses

No Complimentary Family Final Expenses benefit will be payable in relation to:

- death or Terminal Illness which is diagnosed within 90 days of the benefit commencing
- an event directly or indirectly caused by intentional self-inflicted injury or any such attempt by the Child
- you or your Child passes away from suicide in the first 13 months from the commencement, re-instatement or increase of the benefit (but only in relation to the increased amount) as shown on your Policy Schedule*
- an intentional act of the Child's parent, guardian, relative or someone who lives with or supervises the Child, or
- your intentional act.

Where an event is caused by a congenital condition, no benefit will be payable where the event occurs prior to the Child's 10th birthday.

*This exclusion will be waived in respect of any Life Cover under the Policy provided the Policy is replacing life cover from us or a previous insurer and the full suicide exclusion period under the in force policy to be replaced has elapsed. The waiver only applies to the amount of life cover that has been replaced by the Policy.

3.1.2 Built-in Benefits

This section sets out the terms and conditions of the Built-in Benefits that apply specifically to TPD and/or Accidental TPD as indicated in Table 4. Each benefit is subject to the general terms and conditions, limitations and terms around when cover begins and ends set out in Sections 3.1.3–5 and Section 10.2.

The rest of the benefits listed in the table are not specific to TPD or Accidental TPD and can apply to other insurance cover described in this PDS. For information about those benefits, please refer to the sections indicated in the table.

1. Total and Permanent Disablement

We will pay a lump sum equal to the TPD Sum Insured if you are disabled according to the TPD definition shown on your Policy Schedule.

The definitions available under the TPD benefit are:

- Total and Permanent Disablement (Own Occupation)*
- Total and Permanent Disablement (Any Occupation)
- Total and Permanent Disablement (Loss of Independence) – Occupation Category E only, and
- Total and Permanent Disablement (Home Duties)

*If you select a Superannuation Plan, the Total and Permanent Disablement (Own Occupation) definition is only available if you also select a Linked Benefit (Superannuation PLUS or Maximiser – see Sections 9.2 and 9.3).

Under an Ordinary Plan, if your TPD definition is 'Any Occupation', and you return to work in your own occupation or perform any other reasonable occupation and if your earning capacity is permanently restricted due to your disablement to the extent that the Income you generate in the 12-month period following a return to work is less than 25% of the Income you generated in the previous 12 months of performing your own occupation, we will pay the TPD benefit.

See Section 12.1 for details of each TPD definition.

2. Accidental Total and Permanent Disablement

We will pay a lump sum equal to the Accidental TPD Sum Insured if you are disabled according to the TPD definition shown on your Policy Schedule, **solely** as a result of an Accidental Injury.

The definitions available under the Accidental TPD benefit are:

- Total and Permanent Disablement (Any Occupation), and
- Total and Permanent Disablement (Home Duties).

See Section 12.1 for details of each TPD definition.

3. Partial and Permanent Disablement and Accidental Partial and Permanent Disablement

We will make a partial payment of 25% of the Sum Insured up to a maximum of \$750,000 if you suffer the permanent loss of use of one arm, or one leg, or the permanent loss of sight in one eye.

This benefit will be paid only once during the lifetime of the Policy, and any partial payment made will reduce the relevant TPD or Accidental TPD Sum Insured amount.

For Accidental TPD, we will pay this benefit if you meet the Partial and Permanent Disablement definition and the loss is **solely** as a result of Accidental Injury.

If you select TPD/Accidental TPD as a Stand Alone Plan, you must survive for a period of 14 days from the date of loss to be eligible for the Partial and Permanent Disablement or Accidental Partial and Permanent Disablement benefit.

4. Conversion to Loss of Independence

Instead of your TPD or Accidental TPD benefit expiring at the Expiry Date for your Occupation Category, your TPD/Accidental TPD benefit will convert to Loss of Independence benefit, which will continue until the Policy Anniversary prior to your 100th birthday.

The Expiry Date for TPD/Accidental TPD is the Policy Anniversary prior to:

- 70th birthday for Occupation Categories A1, A2, M, A3, A4,
- 65th birthday for Occupation Categories B, C, CT, D, Home Duties, and
- 55th birthday for Occupation Category E.

If you make a claim after the conversion, we will pay the Loss of Independence Sum Insured if you meet the Loss of Independence definition.

Where you hold Accidental TPD, the converted Loss of Independence benefit will only provide a payment if you meet the Loss of Independence definition and you are disabled **solely** as a result of Accidental Injury.

We will only pay this benefit once.

The TPD/Accidental TPD benefit does not convert to a Loss of Independence benefit:

- within a Superannuation Plan
- if you are Occupation Category E, or
- if the TPD/Accidental TPD is a Rider Benefit to Crisis Recovery Stand Alone.

5. Day 1 TPD

To qualify for a TPD benefit payment you must be absent from your employment for an uninterrupted period of three consecutive months. However, we will remove this qualifying period under the Day 1 TPD benefit if you suffer one of the following 'Other Serious Crisis Events'; and we confirm the diagnosis:

- Alzheimer's Disease
- Blindness
- Diplegia
- Hemiplegia
- Loss of Hearing
- Motor Neurone Disease
- Multiple Sclerosis
- Muscular Dystrophy
- Paraplegia
- Parkinson's Disease, or
- Quadriplegia.

See the medical definitions above in Section 12.2.

Please note that you will still need to satisfy all other requirements of the TPD definition shown on your Policy Schedule to qualify for the Day 1 TPD benefit.

The Day 1 TPD benefit is not available under the TPD (Loss of Independence) definition that applies to Occupation Category E.

3.1.4 Limitations and exclusions

Limitations and exclusions that apply to TPD and Accidental TPD are listed below. If you hold cover through a Superannuation Plan, the conditions of release of the relevant fund will also need to be satisfied before the claim payment can be released to you (see Section 9).

Exclusions

A benefit is not payable for TPD or Accidental TPD in relation to any event or disablement which is directly or indirectly, wholly or partially, caused by intentional self-inflicted injury or any such attempt by you.

Benefit reductions

The TPD and Accidental TPD Sum Insured will be reduced by the amount of any claim paid on the following Built-in or Rider Benefits (including any Linked Benefits attached to the Superannuation Life Cover Plan):

- TPD
- Accidental TPD
- Partial and Permanent Disablement
- Accidental Partial and Permanent Disablement
- Day 1 TPD
- Universal TPD*
- Loss of Independence* (Built-in Benefit to TPD and Crisis Recovery)
- Death or Terminal Illness* (Built-in Benefit to Life Cover)
- Crisis Events* (Built-in Benefit to Crisis Recovery and Double Crisis Recovery)
- Partial Payments* (Built-in Benefit to Crisis Recovery and Double Crisis Recovery), and
- Death Cover* (Built-in Benefit to Crisis Recovery).

The TPD and Accidental TPD Sum Insured will also be reduced by the amount of any Final Expenses* claim paid to the extent necessary to ensure the TPD or Accidental TPD Sum Insured is not higher than the Life Cover Sum Insured.

Following the payment of any benefits listed above, the premium for TPD and Accidental TPD will be adjusted to reflect the reduction in the Sum Insured.

If you hold TPD/Accidental TPD as a Stand Alone Plan and you also hold cover under a separate Life Cover Plan, a claim paid under TPD/Accidental TPD Stand Alone will not reduce the Life Cover Sum Insured and other benefits within the Life Cover Plan – the applicable benefits will continue unaffected.

*The TPD and Accidental TPD Sum Insured will not be reduced by a claim on these benefits where the TPD, Universal TPD, Accidental TPD or Crisis Recovery cover (as applicable) is held as a Stand Alone benefit.

Sum Insured reduction – Total and Permanent Disablement

The following Sum Insured reductions apply to TPD and Accidental TPD cover:

- **Policy Anniversary prior to age 65 – Occupation Categories: A1, A2, M, A3, A4**

If, at the Policy Anniversary prior to your 65th birthday, the total of the Sums Insured for all total and permanent disablement benefits and all benefits under the Crisis Recovery Stand Alone benefit that include the phrase 'Total and Permanent Disablement' is greater than \$3 million, we will reduce the Sum Insured to \$3 million.

Loss of Independence Limitations

In the event of a claim under the Loss of Independence benefit, the Life Cover Sum Insured and Crisis Recovery Sum Insured will be reduced by any amount paid under this benefit.

The Loss of Independence Sum Insured will be reduced by any payment under Terminal Illness, Crisis Recovery or Double Crisis Recovery benefits.

The Loss of Independence Sum Insured for TPD Stand Alone will not be reduced by any payment under the Life Cover or Crisis Recovery benefits.

Loss of Independence Sum Insured

The total of the Loss of Independence Sums Insured includes the Sum Insured of any applicable benefits converted under the Policy as follows:

- TPD
- TPD Stand Alone
- Double TPD
- Accidental TPD
- Accidental TPD Stand Alone, and
- Crisis Recovery.

Conversion to Loss of Independence and Sum Insured reduction

Policy Anniversary prior to age 65 – Occupation Categories B, C, CT, D and Home Duties

When your TPD Sum Insured converts to Loss of Independence at the Policy Anniversary prior to your 65th birthday, the Sum Insured will be a total of:

- the Stand Alone Sums Insured for TPD, Universal TPD and Accidental TPD (under the Life Cover Plan), and
- the highest of the Rider Benefit Sums Insured for TPD, Double TPD, Universal TPD, Double Universal TPD and Accidental TPD (under the Life Cover or Superannuation PLUS benefit).

If, at the Policy Anniversary prior to your 65th birthday, the Loss of Independence Sum Insured is greater than \$2 million, we will reduce the Sum Insured to \$2 million.

Policy Anniversary prior to age 70 – Occupation Categories: A1, A2, M, A3, A4

When your TPD Sum Insured converts to Loss of Independence at the Policy Anniversary prior to your 70th birthday, the Sum Insured will be a total of:

- the Stand Alone Sums Insured for TPD, Universal TPD and Accidental TPD (under the Life Cover Plan), and
- the higher of:
 - the Crisis Recovery Sums Insured, and
 - the highest of the Rider Benefit Sums Insured for TPD, Double TPD, Universal TPD, Double Universal TPD and Accidental TPD (under the Life Cover or Superannuation PLUS benefit).

If, at the Policy Anniversary prior to your 70th birthday, the Loss of Independence Sum Insured is greater than \$2 million, we will reduce the Sum Insured to \$2 million.

Sum Insured reductions – you choose

Where a maximum limit applies to a benefit (or benefits), the Sum Insured needs to be reduced to ensure the total Sums Insured do not exceed the Policy limit. You can instruct us as to which Sums Insured you wish to reduce or cancel. If we do not receive your instructions, we will determine which Sums Insured are reduced and advise you of this in writing.

3.1.5 When cover begins and ends

TPD and Accidental TPD cover will begin on the applicable commencement date shown on your Policy Schedule and end at the earliest of:

Qualifying Period

Certain Crisis Events are subject to a qualifying period, as indicated above by the asterisk (*) symbol.

A Crisis Recovery benefit is not payable if, within three months after this benefit commences, is reinstated or increased (but only in relation to the increased amount), you suffer, or are diagnosed with, a condition that results in one of the Crisis Events indicated above.

We will waive this three-month qualifying period if your Policy replaces another Crisis Recovery policy from us or a previous insurer for the same Sum Insured or lower, and the full qualifying period under the policy with the previous insurer has elapsed.

Proof of positive diagnosis

Once you have notified us in writing that you are submitting a claim on your Policy, we will provide you with the appropriate forms, including a proof of positive diagnosis form. You must return proof of the positive diagnosis form to us within three months of the date of diagnosis.

Failure to provide proof within the time required will not invalidate or reduce any claim if it was not reasonably possible to give proof within the required timeframe, subject to proof being provided as soon as is reasonably possible.

We have the right and opportunity to examine you, and your Child, if the claim is under the Family Protection or the Complimentary Family Protection benefit (where applicable), when and as often as we may reasonably require in connection with a claim. We will do this at our own expense.

The Crisis Recovery, Double Crisis Recovery, Crisis Recovery Stand Alone, Complimentary Family Protection or Family Protection benefits will not be payable unless the Crisis Event and the date of diagnosis are confirmed in writing by a Medical Practitioner and/or legally qualified pathologist.

The person confirming the diagnosis must base that diagnosis **solely** on our definition of the relevant Crisis Event, after a study of the histological material and clinical presentation based on the medical history, physical examination, radiological studies, and the results of any other diagnostic procedures performed on you or your Child. Any diagnosis must be confirmed by us.

2. Partial benefit payments

We will make a partial payment from your Crisis Recovery Sum Insured if we are able to confirm diagnosis of the Crisis Event listed in the table below.

After any partial payment for one of the Crisis Events listed below, the Crisis Recovery Sum Insured and Life Cover Sum Insured (where applicable) will be reduced by the payment made.

If you sustain another Crisis Event we will pay the reduced Sum Insured, however payment for Chronic Diagnosis Advancement is made only once.

Once total payments under Crisis Recovery reach the Crisis Recovery Sum Insured, the Crisis Recovery benefit will cease.

If you have selected Crisis Recovery Stand Alone, you must survive for a period of 14 days from the date of the diagnosis of the Crisis Event to be eligible for a partial payment.

The Chronic Diagnosis Advancement benefit is an advance payment of the Crisis Recovery Sum Insured and is payable when certain medical conditions have been diagnosed but have not yet met the definition of that Crisis Event. The payment is 25% of the Crisis Recovery Sum Insured up to a maximum of \$25,000 under all policies that we have issued to you, the Life Insured.

This benefit will be paid if an appropriate specialist Medical Practitioner confirms to our satisfaction that you have suffered or been medically diagnosed with one of the following medical conditions but have not yet met our definition of that Crisis Event:

- Motor Neurone Disease
- Multiple Sclerosis
- Muscular Dystrophy, or
- Parkinson's Disease.

If a Chronic Diagnosis Advancement benefit is paid, the applicable Crisis Recovery Sum Insured and Life Cover Sum Insured (where applicable) will be reduced by the amount paid.

If you subsequently qualify for the payment of a Crisis Recovery Sum Insured, the reduced Crisis Recovery Sum Insured will be paid.

We will only make a payment for the Chronic Diagnosis Advancement benefit once.

4. Conversion to Loss of Independence

The Expiry Date for Crisis Recovery is the Policy Anniversary prior to 70th birthday for all Occupation Categories.

Instead of your Crisis Recovery benefit expiring at the Policy Anniversary prior to your 70th birthday, your Crisis Recovery benefit will convert to a Loss of Independence benefit which will continue until the Policy Anniversary prior to your 100th birthday if there has not been a claim on the Policy.

If you make a claim after the conversion, we will pay the Loss of Independence Sum Insured if you meet the Loss of Independence definition.

We will only pay this benefit once.

The Crisis Recovery benefit does not convert to a Loss of Independence benefit for Occupation Category E, or if you hold a Crisis Recovery Stand Alone benefit.

5. Complimentary Family Protection

If your Child passes away or is positively diagnosed with one of the listed Complimentary Family Protection Crisis Events, we will pay a lump sum of \$20,000 per Child after the applicable qualifying period.

The Child must be aged from two to 17 years of age at the time of their passing away, or positive diagnosis, and we confirm the diagnosis.

Only one payment will be made per Child, regardless of the number of policies that cover the Child. A claim on one Child will not negate this benefit for any of your other Children.

The sum of all payments under Complimentary Family Protection cannot exceed the Crisis Recovery Sum Insured. Benefit Indexation does not apply to this benefit. If you also hold a Complimentary Family Final Expenses benefit, we will make only one payment per Child under both benefits.

The maximum benefit we will pay under Complimentary Family Protection will be the lower of \$20,000 and the Crisis Recovery, Double Crisis Recovery or the Crisis Recovery Stand Alone Sum Insured at the time your Child passes away or is positively diagnosed with one of the Complimentary Family Protection Crisis Events listed below.

Complimentary Family Protection Crisis Events

<ul style="list-style-type: none"> • Death¹ • Terminal Illness¹ 	Other Serious Crisis Events <ul style="list-style-type: none"> • Aplastic Anaemia • Bacterial Meningitis • Benign Brain Tumour¹ • Blindness • Coma • Diplegia • Hemiplegia • Kidney Failure • Loss of Hearing • Loss of Use of Limbs and/or Sight³ • Loss of Speech • Major Burns • Major Head Trauma • Major Organ Transplant¹ • Paraplegia • Quadriplegia • Viral Encephalitis

Coronary Events <ul style="list-style-type: none"> • Heart Attack¹ • Pulmonary Arterial Hypertension (Primary)¹ • Stroke¹ 	

1. Qualifying Period. The Complimentary Family Protection benefit is not payable if your Child suffers a Crisis Event within three months of the benefit being activated.
2. For all Cancer Events:
 - No payment for carcinoma in situ of any organ.
 - No payment for melanoma with a Breslow level <1mm thickness and less than Clark Level 3 in depth of invasion.
3. For Loss of Use of Limbs and/or Sight. No payment for loss of use of one limb or loss of sight in one eye.

Limitations – Complimentary Family Protection

We will only make one payment per Child under both this benefit and the Complimentary Family Final Expenses benefit (if applicable). If we make a payment under Crisis Recovery Complimentary Family Protection, we will not make a payment under Complimentary Family Final Expenses, and vice versa.

We will however, make one payment of up to \$20,000 under Crisis Recovery Complimentary Family Protection in addition to any payment under Family Protection, where the Family Protection benefit was purchased as a Rider Benefit at an additional cost.

This benefit will not be paid if your Child passes away or is positively diagnosed with one of the Complimentary Family Protection Crisis Events listed within three months of this benefit commencing. We will require written proof of positive diagnosis (see Proof of positive diagnosis in this section).

This benefit does not include any conversion rights, and does not give your Child (under the Complimentary Family Protection benefit) the right to purchase a separate Crisis Recovery, Double Crisis Recovery or Crisis Recovery Stand Alone benefit on standard terms and conditions without evidence of health.

If the Crisis Recovery benefit has been reinstated via the Crisis Reinstatement benefit, the Complimentary Family Protection benefit will be automatically reinstated.

Exclusions – Complimentary Family Protection

Pre-existing conditions

No Complimentary Family Protection benefit is payable in relation to a Complimentary Family Protection Crisis Event or the passing away of your Child, if these events are a result of:

- experiencing any symptoms
- consulting a Medical Practitioner, or
- undergoing any investigation

that leads to a diagnosis of a Complimentary Family Protection Crisis Event, prior to the commencement or reinstatement of the Complimentary Family Protection benefit as shown on your Policy Schedule.

In addition, no Complimentary Family Protection benefit is payable in relation to a Complimentary Family Protection Crisis Event or the passing away of your Child, if these events are as a result of:

- experiencing any symptoms
- consulting a Medical Practitioner, or
- undergoing any investigation

that leads to a diagnosis of a Complimentary Family Protection Crisis Event, prior to the Child turning two years old.

No payment will be made if the event causing death, or the Complimentary Family Protection Crisis Event was caused by:

- a congenital condition
- an intentional act of the Child’s parent or guardian
- an intentional act of someone who lives with or supervises the Child, or
- your intentional act.

When cover begins and ends

The Complimentary Family Protection benefit will begin on the Commencement Date of the Crisis Recovery, Double Crisis Recovery or Crisis Recovery Stand Alone benefit and will end when that benefit ends or is reduced to nil.

6. Death benefit

If you pass away and no benefit is payable for a Crisis Event, we will pay the lesser of your Crisis Recovery Stand Alone Sum Insured and \$5,000. This Death benefit is only available under Crisis Recovery Stand Alone.

7. Terminal Illness

If you are diagnosed with a Terminal Illness and we confirm the diagnosis, we will pay a lump sum equal to the Crisis Recovery Sum Insured. A three-month qualifying period applies.

Terminal Illness is listed as a Crisis Event and is only available under Crisis Recovery Stand Alone (see the Crisis Events table above).

4.4 Limitations and exclusions

Limitations and exclusions that apply specifically to Crisis Recovery are set out below. When we refer to 'Crisis Recovery', these terms apply to Crisis Recovery Stand Alone, Crisis Recovery as a Rider Benefit to Life Cover, and Double Crisis Recovery.

Special Acceptance Terms

We may offer you Crisis Recovery under special acceptance terms which will include some, but not all, of the Crisis Events. These Crisis Recovery modules and the Crisis Events available in each module are:

- Cancer and Coronary (Cancer Events and Coronary Events)
- Cancer Plus (Cancer Events and Other Serious Crisis Events), and
- Coronary Plus (Coronary Events and Other Serious Crisis Events).

If we offer you one of the three Crisis Recovery modules, the following Rider Benefits are not available:

- Crisis Recovery Buy-back
- Crisis Reinstatement, and
- Family Protection.

Claim payments

The maximum Crisis Recovery benefit payable in respect of any claim covered under this benefit cannot exceed the total Crisis Recovery Sum Insured.

On payment of the full Crisis Recovery Sum Insured, the Crisis Recovery benefit will cease and no payment will be made for any subsequent Crisis Event. The Life Cover Sum Insured will be reduced by the Crisis Recovery Sum Insured where Crisis Recovery is a Rider Benefit.

Reinstatement

The Crisis Recovery benefit can be reinstated if you have selected the Crisis Reinstatement benefit (see Section 8.7).

Exclusions – Crisis Recovery

No Crisis Recovery benefit payment will be made in relation to:

- death from suicide in the first 13 months from the date this benefit commenced, was reinstated or increased (but only in relation to the increased amount; Crisis Recovery Stand Alone only)*
- any Crisis Event or disablement, directly or indirectly, wholly or partially, caused by intentional self-inflicted injury or any such attempt by you, or
- an event directly or indirectly caused by intentional self-inflicted injury or any such attempt by you.

*This exclusion will be waived in respect of any Death benefit under the Policy provided the Policy is replacing the death benefit from us or a previous insurer and the full suicide exclusion period under the in force policy to be replaced has elapsed. The waiver only applies to the amount of the death benefit that has been replaced by the Policy.

Benefit reductions – Crisis Recovery

The Crisis Recovery Sum Insured will be reduced by the amount of any claim paid on the following Built-in or Rider Benefits (including any Linked Benefits attached to the Superannuation Life Cover Plan):

- Crisis Events
- Partial Payments
- Death Cover
- Loss of Independence* (Built-in Benefit to TPD, Double TPD, Crisis Recovery)
- Death or Terminal Illness* (Built-in Benefit to Life Cover)
- TPD*
- Accidental TPD*
- Universal TPD*
- Partial and Permanent Disablement* (Built-in Benefit to TPD)
- Accidental Partial and Permanent Disablement* (Built-in Benefit to Accidental TPD), and
- Day 1 TPD* (Built-in Benefit to TPD).

The Crisis Recovery Sum Insured will also be reduced by the amount of any Final Expenses* claim paid to the extent necessary to ensure the Crisis Recovery Sum Insured is not higher than the Life Cover Sum Insured.

Following the payment of any benefits listed above, the premium for Crisis Recovery will be adjusted to reflect the reduction in the Sum Insured.

*The Crisis Recovery Sum Insured will not be reduced by a claim on these benefits where the TPD, Universal TPD, Accidental TPD or Crisis Recovery cover (as applicable) is held as a Stand Alone benefit.

Loss of Independence Limitations

In the event of a claim under the Loss of Independence benefit, the Life Cover Sum Insured will be reduced by the amount paid under this benefit.

The Loss of Independence Sum Insured will be reduced by any Terminal Illness benefit payment under the Life Cover benefit, ending cover under the Life Cover and Loss of Independence benefits.

Loss of Independence Sum Insured

The total of the Loss of Independence Sums Insured includes the Sum Insured of any applicable benefits converted under the Policy as follows:

- TPD
- TPD Stand Alone
- Double TPD
- Accidental TPD
- Accidental TPD Stand Alone, and
- Crisis Recovery.

Conversion to Loss of Independence and Sum Insured reduction – all Occupation Categories except E

When your Crisis Recovery Sum Insured converts to Loss of Independence at the Policy Anniversary prior to your 70th birthday, the Sum Insured will be a total of:

- the Stand Alone Sums Insured for TPD, Universal TPD and Accidental TPD (under the Life Cover Plan), and
- the higher of
 - the Crisis Recovery Sums Insured, and
 - the highest of the Rider Benefit Sums Insured for TPD, Double TPD, Universal TPD, Double Universal TPD and Accidental TPD (under the Life Cover or Superannuation PLUS benefit).

If, at the Policy Anniversary prior to your 70th birthday, your Loss of Independence Sum Insured is greater than \$2 million, we will reduce the Sum Insured to \$2 million.

Sum Insured reductions – you choose

Where a maximum limit applies to a benefit (or benefits), the Sum Insured needs to be reduced to ensure the total Sums Insured do not exceed the Policy limit. You can instruct us as to which Sums Insured you wish to reduce or cancel. If we do not receive your instructions, we will determine which Sums Insured are reduced and advise you of this in writing.

4.5 When cover begins and ends

Crisis Recovery cover will begin on the commencement date shown on your Policy Schedule and end at the earliest of:

- payment of the full Sum Insured
- the lapse or cancellation of the benefit or Policy (see Section 10.2)

5.2 Built-in Benefits

This section sets out the terms and conditions of any Built-in Benefits that apply specifically to Income Protection and Income Protection Accident Only as indicated in Table 7. Each benefit is subject to the general terms and conditions, limitations and terms around when cover begins and ends set out in Sections 5.3–6 and Section 10.2.

The rest of the benefits listed in the table are not specific to Income Protection or Income Protection Accident Only and can apply to other insurance cover offered through this PDS. For information about those benefits, please refer to the sections indicated in the table.

1. Type of cover

Insured Monthly Benefit – Indemnity and Extended Indemnity

Your monthly benefit (subject to applicable claim offsets) is the lesser of:

- your monthly benefit stated on the Policy Schedule[^], and
- 75%^{^^} of your monthly Pre-disablement Income (Indemnity/Extended Indemnity) at the time of becoming Totally Disabled.

[^]Unless otherwise disclosed to you or agreed with you. Your Insured Monthly Benefit may be adjusted by any benefit alterations the Policy Owner has effected, or which have been imposed by us and notified to the Policy Owner such as any applicable Benefit Indexation.

^{^^}75% of your monthly Pre-disablement Income (Indemnity/Extended Indemnity) is calculated as follows:

- 75% of the first \$26,667 of your monthly Pre-disablement Income (Indemnity/Extended Indemnity) at the start of the Total Disablement
- plus 50% of the next \$20,000 of your monthly Pre-disablement Income (Indemnity/Extended Indemnity),
- plus 20% of the next \$150,000 of your monthly Pre-disablement Income (Indemnity/Extended Indemnity).

See Section 12.1 for the Indemnity and Pre-disablement Income (Indemnity/Extended Indemnity) definitions.

Note: under the Superannuation Income Protection Plan, the monthly benefit may be reduced so that it does not exceed 100% of your Pre-disablement Income. The amount of such reduction can be paid under a Linked Benefit (Super Extras) if applicable.

Insured Monthly Benefit – Agreed Value

Your Insured Monthly Benefit is agreed with you at the time of your application based on your Income at that time. The monthly benefit we will pay may be subject to claim offsets (see Section 5.4).

The amount of financial evidence that you will be required to provide on your Income at time of claim is based on whether your Agreed Value cover is 'Verified', 'Unverified' or 'Partially Verified' financially. The type of Agreed Value cover that you hold will be shown on your Policy Schedule.

For further details on the monthly benefit calculation where Agreed Value has been selected, see the Agreed Value definition in Section 12.1.

Agreed Value is only available with a Superannuation Plan where you have purchased Super Extras as a Linked Benefit attached to a separate Policy. If your monthly benefit amount exceeds 100% of your Pre-disablement Income, the amount of the excess will be paid under Super Extras.

Pre-disablement Income – Indemnity

Your Pre-disablement Income for Indemnity is the greater of your average monthly Income for:

- the 12 consecutive months immediately preceding the commencement of disablement, and
- the latest financial year immediately preceding the commencement of disablement.

Pre-disablement Income – Extended Indemnity

Your Pre-disablement Income for Extended Indemnity is your highest average of monthly Income in any consecutive 12-month period in the three years immediately prior to you becoming Totally Disabled.

2. Total Disablement

Occupation Categories – A1, A2, M, A3, A4

If you are:

- continuously disabled (either Totally Disabled or Partially Disabled) for the duration of the Waiting Period, and
 - Totally Disabled from the end of the Waiting Period,
- a Total Disablement monthly benefit is payable provided you meet the Total Disablement definition that applies to you at the end of the Waiting Period.

The monthly benefit will continue to be paid throughout your selected Benefit Period as long as you continue to meet the relevant Total Disablement definition. Claim offsets and limitations may apply (see Section 5.4).

Occupation Categories – B, C, CT, D and E

If you are:

- Totally Disabled for at least seven out of 12 consecutive days during the Waiting Period
 - continuously disabled (either Totally Disabled or Partially Disabled) for the balance of the Waiting Period, and
 - Totally Disabled from the end of the Waiting Period,
- a Total Disablement monthly benefit is payable provided you meet the Total Disablement definition that applies to you at the end of the Waiting Period.

The monthly benefit will continue to be paid throughout your selected Benefit Period as long as you continue to meet the relevant Total Disablement definition. Claim offsets and limitations may apply (see Section 5.4).

All Occupation Categories

You can return to work at any time during the Waiting Period without the Waiting Period recommencing, provided you meet the requirements listed in the Waiting Period definition (see Section 12.1). These requirements are based on your Occupation Category and the Waiting Period selected.

If Income Protection Accident Only cover applies, you will only receive a Total Disablement monthly benefit where your disablement results **solely** due to an Accidental Injury.

The benefit is calculated on a daily basis and paid monthly in arrears.

3. Partial Disablement

Occupation Categories – A1, A2, M, A3, A4

If you are:

- continuously disabled (either Totally Disabled or Partially Disabled) for the duration of the Waiting Period, and
 - Partially Disabled from the end of the Waiting Period,
- a Partial Disablement monthly benefit is payable provided you meet the Partial Disablement definition that applies to you.

The monthly benefit will continue to be paid throughout your selected Benefit Period as long as you continue to meet the relevant

Partial Disablement definition. Claim offsets and limitations may apply (see Section 5.4).

Occupation Categories – B, C, CT, D and E

If you are:

- Totally Disabled for at least seven out of 12 consecutive days during the Waiting Period
 - continuously disabled (either Totally Disabled or Partially Disabled) for the balance of the Waiting Period, and
 - Partially Disabled from the end of the Waiting Period,
- a Partial Disablement monthly benefit is payable provided you meet the Partial Disablement definition that applies to you.

The monthly benefit will continue to be paid throughout your selected Benefit Period as long as you continue to meet the relevant Partial Disablement definition. Claim offsets and limitations may apply (see Section 5.4).

All Occupation Categories

You can return to work at any time during the Waiting Period without the Waiting Period recommencing, provided you meet the requirements listed in the Waiting Period definition (see Section 12.1). These requirements are based on your Occupation Category and the Waiting Period selected.

If Income Protection Accident Only cover applies, you will only receive a Partial Disablement monthly benefit where your disablement results **solely** due to an Accidental Injury.

Where you hold Income Protection cover under an Ordinary Plan and you are earning 25% or less of your Pre-disablement Income during any of the first three months immediately after the end of the Waiting Period, we will pay the Total Disablement benefit for that period. This does not apply where you hold Income Protection cover under a Superannuation Plan.

To calculate your initial monthly benefit payment we take into account a number of factors including your Pre-disablement Income and your Insured Monthly Benefit. For further details on the monthly benefit calculation for Partial Disablement, see the Partial Disablement – Income Protection Capability Clause definition in Section 12.1. The benefit is calculated on a daily basis and paid monthly in arrears.

The amount of benefit payable in a month may be reduced for any claim offsets.

4. Recurrent Disablement

We will waive the Waiting Period and recommence benefit payments immediately if:

- you return to full-time work after payment of a Total Disablement or a Partial Disablement benefit, and
- you suffer the same or a related Injury or Sickness (Income Protection benefit), or you suffer from the same Accidental Injury (Income Protection Accident Only benefit) within 12 months of returning to work on a full-time basis.

The claim will be treated as a continuation of the most recent claim and will be payable for up to the balance of the Benefit Period.

Any recurrence of Total Disablement or Partial Disablement occurring more than 12 months after returning to work on a full-time basis will be subject to a new Waiting Period and a new Benefit Period.

5. Waiver of Premium

If a Total Disablement or Partial Disablement benefit is payable for either Income Protection or Income Protection Accident Only, we will:

- Waive the premiums that you would otherwise pay for this benefit, or reimburse you for such premiums paid (including any Rider Benefits attached to your Income Protection cover) until the end of the Benefit Period or until the date the Total Disablement or Partial Disablement ceases (whichever occurs first), and
- Reimburse you for premiums that you paid during the Waiting Period for this benefit.

Where your Policy is held within superannuation, any premiums paid for the Policy will be reimbursed to the trustee of the relevant fund. Where your Policy is held within a risk-only division of a superannuation fund, you will need to nominate details of an account in a complying superannuation fund to which the trustee can roll-over any reimbursement.

If you selected Benefit Indexation, this will continue whilst premiums are being Waived.

For the avoidance of doubt, the Income Protection Waiver of Premium benefit does not waive premiums for other Plans on your Policy.

Premium payments must recommence from the date on which the Waiving of premium ceases.

Please refer to the definition of Waive in Section 12.1.

6. Death benefit

If you pass away whilst the Income Protection Plan is in force, we will pay a lump sum benefit of six times your Insured Monthly Benefit up to a maximum of \$60,000.

7. Terminal Illness benefit

If you are on claim and you are diagnosed with a Terminal Illness and we confirm the diagnosis, we will make an advance payment of the full Death benefit. We will pay this benefit once only.

If we make an advance payment for Terminal Illness, we will not pay the Death benefit again.

We will pay this benefit for Terminal Illness in addition to any other benefits payable whilst you are on claim.

8. Rehabilitation Expenses

We will pay the costs of your participation in a rehabilitation program that is part of a structured return to work program and is necessary to assist in your rehabilitation back to work. We must approve the program prior to your participation.

This benefit also covers the reimbursement of occupational services, aides, equipment and/or modifications that are considered necessary as part of the structured return to work program. These

expenses must be approved by us in advance and are limited to the maximum benefit of 12 times the Insured Monthly Benefit.

This benefit is payable in addition to any other benefit paid.

We will not pay this benefit for expenses that are reimbursed from any other source.

9. Severity benefit

If we have been paying a benefit for more than six consecutive months after the Waiting Period, we will pay an additional 1/3rd of your Insured Monthly Benefit until the end of the Benefit Period if you are:

- Totally Disabled to the extent that you cannot perform at least two Activities of Daily Living, and
- under the constant care and supervision of another adult.

We will make this payment as long as we are satisfied that you continue to be Totally Disabled to the extent that you are unable to perform at least two of the Activities of Daily Living.

Payment will be subject to re-assessments, based on medical evidence that you require ongoing continuous care and supervision by another adult.

The sum of the Total Disablement and Severity benefit cannot exceed \$30,000 per month, and claim offsets may apply.

10. Cosmetic or Elective Surgery benefit

We will pay a Total Disablement benefit if you become Totally Disabled and remain Totally Disabled after the Waiting Period as a result of:

- cosmetic surgery
- other elective surgery, or
- surgery to transplant an organ from you into the body of another person.

This benefit does not apply if the surgery or transplant takes place within six months of the Income Protection benefit commencing, being reinstated, or increased (but only in relation to the increased amount).

Normal post-surgery recovery is not considered to be Total Disablement for the purposes of this benefit. No benefit will be paid for normal post-surgery recovery.

11. Multi Definition (Total Disablement and Partial Disablement)

Your claim will be assessed under either:

- Total Disablement – Multi Definition, or
- Partial Disablement – Multi Definition.

You must meet our definition of Full-time Employment, and not be Occupation Category E.

These enhanced definitions provide more flexibility, for example in relation to the hours you can work or the Income you earn whilst you are Partially or Totally Disabled.

Please refer to Section 12.1 for the terms and conditions that apply.

12. Needlestick Injury benefit

Only Occupation Category M is eligible for this benefit.

We will pay a Needlestick Injury benefit if, because of a needlestick injury or a splash injury occurring during the course of carrying out the duties of your normal occupation:

- you become infected with Human Immunodeficiency Virus (HIV), the Acquired Immune Deficiency Syndrome (AIDS), Hepatitis B or Hepatitis C, and
- as a result of infection, you experience a reduction in your earnings, including if your relevant licensing body advises you to cease work or if you have disclosed this infection to your patients.

We will pay this benefit following the Date of Loss (Needlestick) once the Waiting Period (Needlestick) shown on your Policy Schedule expires.

Date of Loss (Needlestick) is determined as the date that sero-conversion takes place, that is, the date on which you are diagnosed as HIV positive, Hepatitis B positive or Hepatitis C positive.

Needlestick Injury benefit payable

To calculate the Needlestick Injury benefit payable we take into account a number of factors including your Pre-Needlestick Injury Income and your Insured Monthly Benefit.

The amount of benefit payable in a month may be reduced for any claim offsets.

For further details on how the monthly benefit is calculated for Needlestick Injury, see the Needlestick Injury Benefit Calculation definition in Section 12.1.

Limitations

- Infection in any other manner, caused directly or indirectly including by an intentional self-inflicted act, sexual activity or recreational intravenous drug use is specifically excluded.
- This benefit is only available to you if you are Occupation Category M and are working in a medical or allied occupation at the time of the injury.
- Any injury giving rise to a potential claim must be reported to us in addition to your relevant licensing body within 30 days and be supported by a negative HIV, Hepatitis B or Hepatitis C antibody test taken within seven days after the injury.
- Sero-conversion evidence of the HIV, Hepatitis B or Hepatitis C infection must occur within six months of the injury.
- We must be given access to test independently all blood samples used, if required.
- We retain the right to take further independent blood tests or other medically accepted HIV tests.
- The Needlestick Injury benefit does not cover any disease, sickness or incapacity other than the occupationally acquired infection of you with HIV, Hepatitis B or Hepatitis C whilst performing the duties of your normal occupation.

- Cover for the Needlestick Injury benefit will not apply where a cure for HIV, AIDS, Hepatitis B or Hepatitis C has become available before the accident giving rise to a claim.
- The Needlestick Injury benefit is not payable in conjunction with the Accidental HIV Infection Crisis Event under the Crisis Recovery benefit, or the Occupationally Acquired Hepatitis B or Hepatitis C Infection under the PLUS Optional benefit.

13. Involuntary Unemployment Waiver of Premium

Where you are the Life Insured and Policy Owner, we will Waive your Income Protection premiums (including any Rider Benefits attached to your Income Protection cover) for a period of up to three months if you become involuntarily unemployed, and suitable evidence is provided to us that shows you meet the definition of Involuntary Unemployment as set out in Section 12.1. Your cover will not cease during this period.

The Involuntary Unemployment needs to have occurred within three months of you contacting us to utilise the Involuntary Unemployment Waiver of Premium feature.

After this benefit has been claimed once, we will not provide the benefit again unless you return to Full-time Employment for at least 12 consecutive months and you are then able to satisfy our definition of Involuntary Unemployment again.

We will only Waive premiums under this feature once for up to three months in any 12-month period.

The Policy must be in-force for a minimum of 12 months from the commencement or latest reinstatement date. You must be less than 60 years old at the time of utilising the waiver.

You must be able to provide the evidence of Involuntary Unemployment that we request and meet certain conditions, including that you are both the Life Insured and the Policy Owner. The Involuntary Unemployment Waiver of Premium feature will cease if you return to work within three months.

14. Specified Injury benefit

The Specified Injury benefit is payable if you suffer one of the Listed Events below as a result of an Injury. We will pay the Insured Monthly Benefit for the payment period applicable to the relevant Listed Event, as set out in the table below. The payment period commences on the date of Injury, even if you are not disabled (either Totally Disabled or Partially Disabled) and applies irrespective of your Waiting Period.

Where you are disabled during the Specified Injury benefit payment period, the benefit will be paid instead of any Total Disablement, Partial Disablement, Bed Confinement or Day 1 Accident benefit otherwise payable in respect of that period.

If you are eligible to claim a Crisis Recovery benefit at the same time as a Specified Injury benefit, we will only pay the benefit with the longest payment period.

If we pay the Specified Injury benefit and you continue to be disabled (either Totally Disabled or Partially Disabled) as a result of the same

Listed Event, Total Disablement or Partial Disablement benefits (as applicable) will be paid from the later of the end of the:

- Specified Injury benefit payment period; and
- Waiting Period.

Where the Benefit Period is two or five years, payment of the Specified Injury benefit will reduce your Benefit Period. Where your Benefit Period (after any reduction, if applicable) is shorter than the payment period applicable in relation to the relevant Listed Event, the payment period will be reduced accordingly.

If you suffer another Listed Event during the payment period, we will continue to pay for the balance of the original payment period or the new payment period, whichever is the longer, and no Total Disablement, Partial Disablement, Bed Confinement or Day 1 Accident benefit will be paid in respect of that period.

Listed Event	Payment period (months)
Paralysis (Quadriplegia, Paraplegia, Diplegia and Hemiplegia)	60*
Loss [^] of:	
• both feet or both hands or sight in both eyes	24*
• any two of a foot, a hand and sight in one eye	24*
• one leg or one arm	18
• one foot or one hand	12
• sight in one eye	12
• the thumb and index finger of one hand	6
Fracture [#] of the:	
• thigh (femur)	3
• pelvis	3
• leg (below the knee and above the ankle joint – tibia and/or fibula)	2
• knee cap (patella)	2
• upper arm (humerus)	2
• shoulder bone (scapula)	2
• jaw (maxilla and/or mandible)	2
• skull (excluding bones of the nose and face)	2
• forearm (above the wrist joint – radius and/or ulna)	1.5
• collarbone (clavicle)	1.5
• ankle joint	1
• wrist joint	1
• heel (calcaneus)	1

Or the balance of the Benefit Period if less.

*If you have selected a two-year Benefit Period, claim payments will cease at the end of the Benefit Period, for example, payments for an Injury that resulted in Paralysis would end after 24 months, not 60 months as shown in the table.

[^] 'Loss' means the total and permanent loss of:

- the use of the hand from the wrist or the foot from the ankle joint
- the use of the arm from the elbow or the leg from the knee joint
- the use of the thumb and index finger from the first phalange joint, or
- the sight (to the extent of 6/60 or less) in the eye.

[#] 'Fracture' means any bone fracture requiring the application of a plaster cast or an immobilising device as considered appropriate and necessary by your Medical Practitioner.

15. Crisis Recovery benefit

The Crisis Recovery benefit is payable if you are diagnosed with a Crisis Event listed as covered in the table below and survive for 14 days following that diagnosis. The Crisis Recovery benefit payment period is six months commencing on the date of diagnosis and the total benefit payable is equal to six times your Insured Monthly Benefit. You can choose to receive the payment as a lump sum or in equal monthly instalments.

The benefit, whether taken as a lump sum or in instalments, will be paid even if you are not disabled (either Totally Disabled or Partially Disabled) and applies irrespective of your Waiting Period. Where you are disabled during the Crisis Recovery benefit payment period, the benefit will be paid instead of any Total Disablement, Partial Disablement, Bed Confinement or Day 1 Accident benefit otherwise payable in respect of that period.

If you are eligible to claim a Specified Injury benefit at the same time as a Crisis Recovery benefit, we will only pay the benefit with the longest payment period.

If we pay the Crisis Recovery benefit and you continue to be disabled (either Totally Disabled or Partially Disabled) as a result of the same Crisis Event, Total Disablement or Partial Disablement benefits (as applicable) will be paid from the later of the end of the:

- Crisis Recovery benefit payment period; and
- Waiting Period.

Where the Benefit Period is two or five years, payment of the Crisis Recovery benefit will reduce your Benefit Period.

Proof of positive diagnosis required

We must receive written confirmation from a Medical Practitioner and/or a legally qualified pathologist to enable us to pay your claim under the Crisis Event. Please refer to Section 4.2 for detailed information about what we require before we can assess a claim.

Qualifying period

A Crisis Recovery benefit is not payable if, within three months after this benefit commences, is reinstated or increased (but only in relation to the increased amount) as shown on your Policy Schedule, you suffer, or are diagnosed with a condition which results in one of the Crisis Events. The Crisis Events with this Qualifying Period are noted with an asterisk (*) symbol in the table above.

Limitations

Once the Crisis Recovery benefit has been paid for one of the listed Crisis Events, we will not pay for a second Crisis Event that is related to, or caused by, the medical condition resulting in any previous claim under the Crisis Recovery benefit.

The Crisis Recovery benefit does not cover any disease, sickness or incapacity other than the Crisis Events listed in the table above and defined in Section 12.2, which occur during the period the Crisis Recovery benefit remains in force.

Accidental HIV Infection and Occupationally Acquired Hepatitis B or Hepatitis C Infection Crisis Events are not payable in conjunction with each other.

If you suffer more than one Crisis Event at the same time, we will only pay you for one Crisis Event.

16. Bed Confinement benefit

We will pay 1/30th of your Insured Monthly Benefit for each day during the Waiting Period that you are Totally Disabled, confined to bed or hospitalised, and requiring the full-time care of a registered nurse (as confirmed in writing as a medical requirement by a Medical Practitioner).

We will pay the benefit after you have been confined to bed or hospitalised for more than three days until the end of the Waiting Period up to a maximum of 90 days.

The Medical Practitioner and the nurse cannot be the Life Insured, the Policy Owner, a family member, a business partner, or an employee or employer of either the Life Insured or the Policy Owner.

The Bed Confinement benefit will not be paid if you are receiving the Day 1 Accident benefit or the Specified Injury benefit or the Crisis Recovery benefit under PLUS Optional.

17. Accommodation benefit

We will pay up to \$250 a day for up to 30 days in any 12-month period if:

- you become Totally Disabled, and
- you are more than 100 kilometres from home, or on the advice of a Medical Practitioner, you travel to a place more than 100 kilometres from home.

The Accommodation benefit will assist an immediate family member with the costs of accommodation to be near you provided you are confined to a bed or hospitalised.

18. Family Care benefit

We will pay a monthly benefit if as a result of Total Disablement:

- you are totally dependent on an immediate family member for your essential everyday needs such as feeding, dressing and bathing, and
- consequently your immediate family member's monthly income is reduced as a result of looking after you.

We will pay the lesser of the immediate family member's reduction in pre-tax monthly Income or 50% of the Insured Monthly Benefit, for up to 90 days, starting from the end of the Waiting Period.

19. Home Care benefit

We will pay this benefit after the Waiting Period, if you are:

- Totally Disabled
- confined to or near a bed other than in a hospital or a similar institution that provides nursing care, and
- totally dependent on a paid professional home carer (excluding relatives and immediate family members).

We will reimburse the lesser of \$150 a day or 100% of your Insured Monthly Benefit, for up to six months, to help cover the cost provided you remain totally dependent upon the professional home carer.

This benefit will not be paid if you are already receiving the Family Care benefit or the Accommodation benefit.

20. No Claim Bonus

We will reward your claim-free years with a 'no claim bonus' that will increase your Insured Monthly Benefit by the percentage shown below.

Claim-Free Years	Bonus
3	5%
4	10%
5 or more	15%

The increased benefit will be paid for up to 12 months while claim payments are being made.

This benefit is only payable once.

21. Relocation benefit

If you become Totally Disabled for over three months while travelling or residing outside of Australia, we will reimburse you for the lesser of the cost of a single standard economy airfare to Australia via the most direct route available, or three times your Insured Monthly Benefit.

The amount of this benefit will be reduced by any other reimbursements to which you are entitled in respect of the transportation, such as benefits provided by private medical and health insurance and travel insurance.

22. Rehabilitation Incentive benefit

We will pay a benefit of three times your Insured Monthly Benefit if you return to paid Full-time Employment after attending a rehabilitation program that was approved by us, and you remain in paid Full-time Employment for six consecutive months. We will pay this benefit once only.

23. AIDS Cover benefit

This benefit provides cover if you are disabled due directly or indirectly to the Human Immunodeficiency Virus (HIV) or the Acquired Immune Deficiency Syndrome (AIDS) from any cause, first diagnosed during the term of the benefit.

We may require you to undergo an HIV test at the time of application to ensure that you are not HIV positive at the commencement of the benefit.

5.4 Limitations and exclusions

Limitations and exclusions that apply to all Income Protection insurance covers are set out below. If you hold cover through a Superannuation Plan, conditions of release of the relevant fund will also need to be satisfied before a claim payment can be released to you (see Section 9).

Limitations

Two and Five Year Benefit Periods

Where a claim for a condition has been paid for the maximum Benefit Period (two or five years), we will not accept any subsequent claim for the same condition or associated complications of the same condition unless:

- you make a full recovery (as certified by a Medical Practitioner), and
- in our opinion you have returned to Full-time Employment and have fully undertaken all of the important income-producing duties of your occupation for a period of at least 12 months prior to the subsequent claim.

For a subsequent claim that is in our opinion independent of the original claim, a new Waiting Period and Benefit Period will apply.

To age 70 Benefit Period

Benefit reductions apply if you are aged 65 to 70. Any government age pension you are being paid will be offset against any claim payments made under this benefit.

The following benefits cease at the Policy Anniversary prior to your 65th birthday:

- Benefit Indexation*
- Claim Escalation*
- PLUS Optional (under Super Extras)
- Advantage Optional (under Super Extras)
- Day 1 Accident*
- Income Protection Lump Sum (under Super Extras)
- Carer's Allowance (under Super Extras)
- Level premiums
- Optimum premiums

* Under a Superannuation Income Protection Plan, the monthly benefit cannot exceed 100% of your Pre-disablement Income.

Two-year Benefit Period to age 70

- Indemnity only (Extended Indemnity is not available).
- Benefit Indexation will apply only until the Policy Anniversary prior to your 65th birthday.
- If you are being paid a government age pension, this payment will not be offset against any claim payments made under this benefit.
- The Expiry Date is the Policy Anniversary prior to your 70th birthday. Any claim under this benefit, in course of payment at the benefit Expiry Date, will cease at that date.

Exclusions

We will not pay a death or disablement benefit claim:

- where death is the result of suicide within the first 13 months of the commencement, re-instatement, or increase of the benefit (but only in relation to the increased amount)*
- where disablement is due to intentional self-inflicted injury or any such attempt by you
- where death or disablement is due to your participation in criminal activity or resulting from incarceration
- for any period you are incarcerated arising from your participation in criminal activity
- where disablement is due to you engaging in or taking part in service in the armed forces of any country, or
- in the case of normal pregnancy, uncomplicated childbirth or miscarriage.

*This exclusion will be waived in respect of any Death benefit under the Policy provided the Policy is replacing the death benefit from us or a previous insurer and the full suicide exclusion period under the in force policy to be replaced has elapsed. The waiver only applies to the amount of the death benefit that has been replaced by the Policy.

Benefit reductions

Additional rules where the Benefit Period is 'to age 70'

The following rules apply to Income Protection on an Agreed Value, Indemnity and Extended Indemnity basis where the Benefit Period is 'To age 70'. (This does not apply where the Benefit Period is 'Two-year Benefit Period to age 70'.)

The Insured Monthly Benefit will be reduced after the Policy Anniversary prior to your 65th birthday. To calculate the reduction, the Insured Monthly Benefit is multiplied by the percentage shown in the table below and will remain at that amount for the duration of that claim. The premium you pay will be based on the reduced Insured Monthly Benefit.

Policy Anniversary prior to your	Percentage of the Insured Monthly Benefit payable
65th birthday	100%
66th birthday	80%
67th birthday	60%
68th birthday	40%
69th birthday	20%

You cannot increase your Insured Monthly Benefit on or after the Policy Anniversary prior to your 65th birthday.

Claim offsets

Ordinary Plans – Occupation Categories: A1, A2, M

This condition applies to Income Protection cover, including the Needlestick Injury benefit, and Income Protection Accident Only cover.

If you make a claim for a Total Disablement or Partial Disablement benefit, we may reduce your benefit amount by amounts received from other sources.

Amounts that can be offset include regular payments made from another insurance policy, or from a superannuation/pension plan that you did not disclose when you applied for this Policy, or when you applied for an increase in cover under this Policy. If the Income Protection cover has a Benefit Period of 'To age 70', then any government age pension you receive can also be offset.

If any of these regular payments are paid in a lump sum (rather than a monthly payment), we will convert them to a monthly payment, equivalent to 1/60th of the lump sum payment for up to five years. Any lump sum TPD, Crisis Recovery or Terminal Illness benefit payments will not be offset against your Total Disablement or Partial Disablement benefit payments.

We will reduce the Total Disablement benefit only to the extent that the sum of the Total Disablement benefit and any other payments received cannot exceed:

- 75% of the first \$26,667 of your monthly Pre-disablement Income
- plus 50% of the next \$20,000 of your monthly Pre-disablement Income
- plus 20% of the next \$150,000 of your monthly Pre-disablement Income.

We will reduce the Partial Disablement benefit to the extent that the sum of the Partial Disablement benefit, your monthly Income and any other payments received cannot exceed 100% of your monthly Pre-disablement Income.

Ordinary Plans – Occupation Categories: A3, A4, B, C, CT, D and E

This condition applies to Income Protection cover and Income Protection Accident Only cover.

If you make a claim for a Total Disablement or Partial Disablement benefit, we may reduce your benefit amount by amounts received from other sources or amounts that you are entitled to receive for loss of income in respect of your Injury or Sickness.

Amounts that can be offset include:

- regular payments made under workers compensation, a motor accident claim or any other similar claim made under the legislation of any Australian state, territory or the Commonwealth, and

(ii) regular payments made from another insurance policy, or from a superannuation/pension plan that you didn't disclose when you applied for this Policy, or when you applied to increase cover under this Policy.

In addition, we may reduce your benefit amount by any payments you receive or become entitled to in respect of your Injury or Sickness under any statute, or as damages under common law (whether or not modified by statute), for loss of income, loss of earning capacity or any other economic loss (including any benefits or payments for work injury damages), whether paid as a lump sum or not.

If any of these regular payments are paid in a lump sum (rather than a monthly payment), we will convert them to a monthly payment, equivalent to 1/60th of the lump sum payment for up to five years. Any lump sum TPD, Crisis Recovery or Terminal Illness benefit payments will not be offset against your Total Disablement or Partial Disablement benefit payments.

We will reduce the Total Disablement or Partial Disablement benefit only to the extent that the sum of the Total Disablement benefit and any other payments received cannot exceed:

- 75% of the first \$26,667 of your monthly Pre-disablement Income
- plus 50% of the next \$20,000 of your monthly Pre-disablement Income
- plus 20% of the next \$150,000 of your monthly Pre-disablement Income.

We will reduce the Partial Disablement benefit to the extent that the sum of the Partial Disablement benefit, your monthly Income and any other payments received cannot exceed 100% of your monthly Pre-disablement Income.

Superannuation Plans – all occupations (except Home Duties)

This condition applies to Income Protection and Income Protection Accident Only cover.

If you make a claim for a Total Disablement or Partial Disablement benefit, we may reduce your benefit amount by amounts received from other sources or amounts that you are entitled to receive for loss of income in respect of your Injury or Sickness.

Amounts that can be offset include:

- regular payments made under workers compensation, a motor accident claim, sick leave, annual leave, long service leave, common law entitlements or any claim made under the legislation of any Australian state, territory or the Commonwealth
- regular payments made from any non-superannuation Income Protection Plan or from a superannuation/pension plan, but only if that policy/plan was not disclosed to us when you applied for your Policy, or when you applied for an increase in cover under this Policy, and
- government pension payments, where the Income Protection cover has a Benefit Period of 'To age 70'.

In addition, we may reduce your benefit amount by any payments you receive or become entitled to in respect of your Injury or Sickness under any statute, or as damages under common law (whether or not modified by statute), for loss of income, loss of earning capacity or any other economic loss (including any benefits or payments for work injury damages), whether paid as a lump sum or not.

If any of these regular payments are paid in a lump sum (rather than a monthly payment), we will convert them to a monthly payment, equivalent to 1/60th of the lump sum payment for up to five years. Any lump sum TPD, Crisis Recovery or Terminal Illness benefit payments will not be offset against your Total Disablement or Partial Disablement benefit payments.

We will reduce the Total Disablement or Partial Disablement benefit only to the extent that the sum of the Total Disablement benefit and any other payments received cannot exceed:

- 75% of the first \$26,667 of your monthly Pre-disablement Income
- plus 50% of the next \$20,000 of your monthly Pre-disablement Income
- plus 20% of the next \$150,000 of your monthly Pre-disablement Income.

We will reduce the Partial Disablement benefit to the extent that the sum of the Partial Disablement benefit, your monthly Income and any other payments received cannot exceed 100% of your monthly Pre-disablement Income.

Benefit payments will cease at the earlier of:

- you cease to be disabled, or

5.6 When cover begins and ends

Income Protection and Income Protection Accident Only cover will begin on the applicable commencement date shown on your Policy Schedule and end at the earliest of:

- payment of the Income Protection Lump Sum benefit
- your permanent retirement from the workforce except as a direct result of disablement
- the lapse or cancellation of the benefit or Policy (see Section 10.2)
- the lapse or cancellation of the Superannuation Income Protection Plan (where taken as a Super Extras benefit)

6.2 Built-in Benefits

This section sets out the terms and conditions of any Built-in Benefits that apply specifically to Business Expenses as indicated in Table 8. Each benefit is subject to the general terms and conditions, limitations and terms around when cover begins and ends set out in Sections 6.2–4 and Section 10.2.

The rest of the benefits listed in the table are not specific to Business Expenses and can apply to other insurance cover offered through this PDS. For information about those benefits, please refer to the sections indicated in the table.

1. Type of Cover

Indemnity

The monthly benefit payable is the lesser of:

- your Insured Monthly Benefit, and
- the Business Expenses (Section 6.1.4) actually incurred that relate to the period of your Total Disablement, less amounts reimbursed from elsewhere.

Under an Indemnity policy, you must provide financial evidence before we can assess any claim.

Please refer to Section 12.1 for the full definition of Indemnity and the conditions that may apply.

2. Business Expenses covered under this benefit

'Business Expenses' means the regular normal operating expenses of your business or practice. They include, but are not limited to:

- accounting and audit fees
- regular advertising costs, postage, printing and stationery
- electricity, gas, heating, water, telephone and cleaning costs
- security costs
- rent, property rates and taxes
- membership fees, publications and subscriptions to professional bodies

- business-related insurance premiums, excluding premiums for the Policy
- salaries and other related costs (e.g. payroll tax, superannuation contributions, FBT) for non-income generating employees of your business, and
- net costs associated with employing a locum.

Prepaid or accrued Business Expenses will be apportioned over the period to which they relate.

Please refer to Section 6.4 for expenses not covered by this benefit.

3. Total Disablement

Total Disablement definition

We will pay a monthly benefit if you meet the definition of Total Disablement (Business Expenses) as set out in Section 12.1.

However, if this benefit is selected together with either of the Income Protection Advantage Optional or PLUS Optional benefit, the enhanced 'Total Disablement – Multi Definition' will apply.

Occupation Categories – A1, A2, M, A3 and A4

If you are:

- continuously disabled (either Totally Disabled or Partially Disabled) for the duration of the Waiting Period, and
 - Totally Disabled from the end of the Waiting Period,
- a Total Disablement monthly benefit is payable provided you meet the Total Disablement definition that applies to you at the end of the Waiting Period.

The monthly benefit will continue to be paid throughout your selected Benefit Period as long as you continue to meet the relevant Total Disablement definition. Claim offsets and limitations may apply (see Section 6.4).

Occupation Categories – B, C, CT and D

If you are:

- Totally Disabled for at least seven out of 12 consecutive days during the Waiting Period
 - continuously disabled (either Totally Disabled or Partially Disabled) for the balance of the Waiting Period, and
 - Totally Disabled from the end of the Waiting Period,
- a Total Disablement monthly benefit is payable provided you meet the Total Disablement definition that applies to you at the end of the Waiting Period.

The monthly benefit will continue to be paid throughout your selected Benefit Period as long as you continue to meet the relevant Total Disablement definition. Claim offsets and limitations may apply (see Section 6.4).

All Occupation Categories

You can return to work at any time during the Waiting Period without the Waiting Period recommencing, provided you meet the requirements listed in the Waiting Period definition (see Section 12.1). These requirements are based on your Occupation Category and the Waiting Period selected.

Total Disablement benefit amount

The benefit is calculated on a daily basis and will be paid monthly in arrears.

It will be the lesser of the Business Expenses Insured Monthly Benefit and the business expenses actually incurred which relate to the period during which you are Totally Disabled, less any amounts which are reimbursed from elsewhere.

4. Partial Disablement

Partial Disablement definition

We will pay a monthly benefit if you meet the definition of Partial Disablement (Business Expenses) as set out in Section 12.1.

However, if this benefit is selected together with either of the Income Protection Advantage Optional or PLUS Optional benefit, the enhanced 'Partial Disablement – Multi Definition' will apply.

Occupation Categories – A1, A2, M, A3 and A4

If you are:

- continuously disabled (either Totally Disabled or Partially Disabled) for the duration of the Waiting Period, and
 - Partially Disabled from the end of the Waiting Period,
- a Partial Disablement monthly benefit is payable provided you meet the Partial Disablement definition that applies to you.

The monthly benefit will continue to be paid throughout your selected Benefit Period as long as you continue to meet the relevant Partial Disablement definition. Claim offsets and limitations may apply (see Section 6.4).

Occupation Categories – B, C, CT and D

If you are:

- Totally Disabled for at least seven out of 12 consecutive days during the Waiting Period
 - continuously disabled (either Totally Disabled or Partially Disabled) for the balance of the Waiting Period, and
 - Partially Disabled from the end of the Waiting Period,
- a Partial Disablement monthly benefit is payable provided you meet the Partial Disablement definition that applies to you.

The monthly benefit will continue to be paid throughout your selected Benefit Period as long as you continue to meet the relevant Partial Disablement definition. Claim offsets and limitations may apply (see Section 6.4)).

All Occupation Categories

You can return to work at any time during the Waiting Period without the Waiting Period recommencing, provided you meet the requirements listed in the Waiting Period definition (see Section 12.1). These requirements are based on your Occupation Category and the Waiting Period selected.

Partial Disablement benefit amount

The benefit is calculated on a daily basis and will be paid monthly in arrears.

It will be the lesser of the:

- Business Expenses Insured Monthly Benefit as amended from time to time, and
- your share of the business expenses actually incurred which relate to the period you are Partially Disabled, less
 - any amounts that are reimbursed from elsewhere, and
 - your share of the business turnover for that period.

Business turnover for a period will be the gross income of the business for that period.

Your share of business expenses actually incurred or of business turnover will be determined in line with the usual manner of apportioning profits and/or losses of the business between you and any co-owners of the business.

When you are Partially Disabled and not working, 'business turnover' will be determined by us. We will, in our determination, consider the opinion of your Medical Practitioner and Medical Practitioners nominated by us.

Payment of the Partial Disablement benefit starts to accrue from the day after:

- you are no longer Totally Disabled, or
 - the end of the Waiting Period
- whichever is the latter, and will stop,
- at the end of the Benefit Period,
 - on your passing away, or
 - on your recovery,
- whichever occurs first.

5. Waiver of Premium

If we pay a benefit for Total Disablement or Partial Disablement for Business Expenses, we will:

- Waive the premiums that you would otherwise pay for this benefit (including any Rider Benefits attached to your Business Expenses cover), until the end of the Benefit Period for that benefit or until the date that the Total Disablement or Partial Disablement ceases (whichever occurs first), and
- reimburse you for premiums that you paid for that benefit during the Waiting Period.

For the avoidance of doubt, the Business Expenses Waiver of Premium benefit does not Waive premiums for other Plans on your Policy.

Premium payments must recommence from the date on which the Waiving of premium ceases.

Please refer to the definition of Waive in Section 12.1.

6. Cosmetic or Elective Surgery benefit

We will pay a Total Disablement (Business Expenses) benefit if you become Totally Disabled and remain Totally Disabled for longer than the Waiting Period as a result of:

- cosmetic surgery
- other elective surgery, or
- surgery to transplant an organ from you into the body of another person.

This benefit does not apply if the surgery or transplant takes place within six months after the Business Expenses benefit commences, is reinstated, or increased (but only in relation to the increased amount) as shown on your Policy Schedule. Normal post-surgery recovery is excluded.

7. AIDS Cover benefit

Business Expenses provides cover on your disablement due directly or indirectly to the Human Immunodeficiency Virus (HIV) or the Acquired Immune Deficiency Syndrome (AIDS) from any cause, first acquired whilst the benefit is in force. We may require you to undergo an HIV test at the time of application to ensure that you are not HIV positive at the commencement of the benefit.

8. Choice of Waiting Period

Occupation Categories	Waiting Periods
A1, A2, M, A3, A4, B, C, CT	14 and 30 days
D	30 days

9. Benefit Period of 12 months

The Benefit Period is 12 months from the end of the Waiting Period. The maximum payable under Business Expenses cover is 12 times the Insured Monthly Benefit.

However, if you remain Totally Disabled at the end of the Benefit Period, and the total benefit paid is less than 12 times your Insured Monthly Benefit, payments will continue until the earliest to occur of:

- payment in total of 12 times the Insured Monthly Benefit
- expiry of a further 12 months
- the end of the Total Disablement (Business Expenses) benefit, or

- salaries and other related costs (e.g. payroll, tax, superannuation, FBT) for yourself and income-generating employees of the business other than a locum

Claim offsets

When you make a claim under your Business Expenses benefit, the amount payable will be reduced by the sum of:

- your portion of the net income of the business derived from trading during that period, and
- any amount received from any other insurance policy for reimbursement of business expenses that was not disclosed to us when the level of cover was applied for.

The amount will only be reduced to the extent the combined payments from the Policy and other insurance exceed 100% of the Business Expenses Insured Monthly Benefit.

Exclusions

A monthly benefit is not payable for Business Expenses cover in the event of:

- disablement due to intentional self-inflicted injury or any such attempt by you
- disablement due to your participation in criminal activity or resulting from incarceration
- any period you are incarcerated arising from your participation in criminal activity
- disablement due to you engaging in or taking part in service in the armed forces of any country, or
- normal pregnancy, uncomplicated childbirth or miscarriage.

6.5 When benefit payments cease

Benefit payments will cease at the earlier of:

- you cease to be disabled, or
- the Benefit Period or the insurance cover ends (whichever comes first).

6.6 When cover begins and ends

The Business Expenses cover will begin on the commencement date shown on your Policy Schedule and end at the earliest of:

- your permanent retirement from the workforce except as a direct result of disablement
- the lapse or cancellation of the benefit or Policy (see Section 10.2)
- your passing away, or
- the Expiry Date of the benefit.

7. Built-in Benefits

This section provides information about Built-in Benefits that may apply to more than one type of insurance cover.

These benefits are provided at no additional cost to you where they are included under 'Built-in Benefits' in a section of this PDS.

For information about the Built-in Benefits specific to a particular cover, please refer to the relevant section.

7.1 Premium Freeze

At each Policy Anniversary, you can choose to pay the same premium for the next Policy year as you paid for the previous Policy year. To exercise this option you must be at least 35 years old and paying Stepped premiums.

If you select Premium Freeze, the Sum Insured will decrease the next Policy year at the Policy Anniversary by an amount calculated by us so as to ensure that your premium remains unchanged.

7.1.1 Continuing to freeze premiums

When Premium Freeze is in place, you will still need to notify us in writing at least 30 days before each Policy Anniversary if you wish to continue to freeze premiums. If you do not notify us, your premium will increase in accordance with your age.

Limitations

When the Premium Freeze option is exercised, any Benefit Indexation will cease and you will not be able to exercise any of the Guaranteed Future Insurability options outlined in this section.

Premium Freeze does not apply to Term Cover, Accidental Death, Forward Underwriting or Business Safeguard Forward Underwriting.

7.2 Benefit Indexation

If you select Benefit Indexation on your application, we will automatically increase the applicable Sum Insured or Insured Monthly Benefit at the Policy Anniversary each year.

For the Life Cover Plan, Crisis Recovery Stand Alone Plan and Superannuation Life Cover Plan, if you select Benefit Indexation on your application, we will automatically increase the Sum Insured at the Policy Anniversary each year. The Sum Insured amount will increase by the higher of the CPI Increase and 5%.

For the Income Protection Plan, Business Expenses Plan and Superannuation Income Protection Plan, if you select Benefit Indexation on your application, we will automatically increase the Insured Monthly Benefit at the Policy Anniversary each year. The Insured Monthly Benefit amount will increase by the higher of the CPI Increase and 3%.

In this section

- 7.1 Premium Freeze
- 7.2 Benefit Indexation
- 7.3 Guaranteed Future Insurability
- 7.4 Financial Planning Reimbursement

For policies with a Stepped premium structure, the premium will be adjusted according to your age at the time of the increase. The same applies to Optimum premium structures during the 'Stepped premium' phase.

For policies with Level or Term Level premium structures, the premium will be adjusted according to your age at the time the benefit commenced, provided that the benefit was not subsequently cancelled. The same applies to Optimum premium structures during the 'level premium' phase. At the end of the Term Level initial term, premiums will convert to 'Stepped' and indexation increases will be adjusted to allow for the higher Sum Insured and your age at that time.

You can opt out of Benefit Indexation increases either on your application form or by contacting us before your Policy Anniversary. If you opt out one year, we will still offer you the automatic increase the following year. If you wish to stop all increases occurring in the future, you will need to advise us in writing.

If a Benefit Indexation increase has been applied and you do not wish to accept the increase, you will need to advise us in writing within one month after the Policy Anniversary date at which the increase became effective.

Benefit Indexation will cease at the earliest of:

- the Policy Anniversary on or prior to your 70th birthday, and
- the Expiry Date of the benefit.

Benefit Indexation will not be offered when Premium Freeze is in force.

Limitations

Benefit Indexation is not available for Business Safeguard Forward Underwriting, Forward Underwriting, Life Cover Purchase, Needlestick Injury and School Fees Protector Rider Benefits, or for Complimentary Family Final Expenses under Life Cover, Complimentary Family Protection under Crisis Recovery or Repayment Relief.

If you have selected Benefit Indexation on a benefit that has Family Protection as a Rider Benefit, the Family Protection Sum Insured will automatically increase at the Policy Anniversary each year by the higher of the CPI Increase and 5%, up to a maximum of \$500,000.

7. Built-in Benefits

Benefit Indexation does not apply to the Life Cover Sum Insured:

- where the Life Cover Sum Insured has been repurchased under the Crisis Recovery Buy-back benefit or the TPD Buy-back benefit
- where the Life Cover Sum Insured has been purchased under the Life Cover Purchase benefit, or
- after a Double TPD benefit, Double Universal TPD benefit or Double Crisis Recovery benefit becomes payable.

Benefit reductions

Under Superannuation Income Protection Plans, the Insured Monthly Benefit may be reduced so that it does not exceed 100% of your Pre-disablement Income. The amount of the reduction can be paid under a Linked Benefit (Super Extras), if applicable.

7.3 Guaranteed Future Insurability

Guaranteed Future Insurability provides you with the option to increase your Life Cover Sum Insured and/or your Income Protection Insured Monthly Benefit for certain events, without supplying further evidence of your health or insurability.

Life Cover

Guaranteed Future Insurability is a Built-in Benefit for:

- Life Cover, and
- Life Cover and TPD (where TPD is a Rider Benefit to Life Cover).

See Section 12.1 for the details of each Personal Event definition that applies below.

Limitations

This Built-in Benefit can only be exercised up until the Policy Anniversary prior to your 55th birthday and only if:

- we accepted your original application for insurance cover on standard terms without any policy loadings/exclusions or other policy restrictions
- you have not made a claim or intend to make a claim on any insurance policy issued by us or any other insurer, and
- you have not elected to freeze premiums.

There is a maximum of one increase in any 12-month period, and a maximum of five increases in total, and we will require satisfactory proof of the occurrence and date of the Personal or Business Event.

The maximum increase made from all circumstances under this option over a five-year period will be the lesser of:

- twice the original Sum Insured, and
- \$1 million.

The application under this option to increase the Life Cover or Life Cover and TPD Rider Benefit Sum Insured must occur within 60 days after the occurrence of a Personal Event, and within 60 days after the first Policy Anniversary following a Business Event.

During the first six months after an increase in the Life Cover Sum Insured, the cover for the increased portion of the Life Cover Sum Insured will be for Accidental Death only.

A suicide exclusion clause will apply to an increase in the Life Cover Sum Insured in the first 13 months following the increase.

The TPD Sum Insured under Life Cover cannot be increased without a corresponding increase in the Life Cover Sum Insured occurring simultaneously (that is, both Sums Insured must increase by the same amount and at the same effective date).

However, the Life Cover Sum Insured can be increased without any increase in the TPD Sum Insured occurring simultaneously (that is, the Life Cover Sum Insured can be increased with the TPD Sum Insured remaining unchanged).

If the Life Cover or Life Cover and TPD Rider Benefit Sum Insured is increased on the occurrence of 'Marriage' or 'First anniversary of Marriage', it cannot be increased again on another occurrence of either of these Personal Events. The same restriction applies to 'Permanent Separation' or First anniversary of Permanent Separation.

Income Protection

Guaranteed Future Insurability is a Built-in Benefit to Income Protection. It provides you with an option to increase your Insured Monthly Benefit without supplying further evidence of your health or insurability, whenever your salary package increases.

Type of event	Sum Insured increase
Increase in your salary package	<p>The lesser of:</p> <ul style="list-style-type: none"> 15% of the Insured Monthly Benefit (after the addition of any Benefit Indexation increases since the commencement of the Income Protection benefit), and \$2,500 <p>The Sum Insured increase applies to Income Protection insurance cover.</p>

Limitations

You must apply for the increase in the Insured Monthly Benefit within the first 60 days after the increase in your salary package. We will require proof of the event, e.g. a letter from your employer confirming your new salary package.

To be eligible for this option, the following applies:

- you must be 50 years old or younger at the commencement of the Income Protection benefit
- you must meet our definition of Employee (not self-employed) at the time you apply to exercise the option, and
- we accepted your original application for insurance cover on standard terms without any policy loadings/exclusions or other policy restrictions.

The option can be exercised once only within any 12-month period, and only if:

- you have not made a claim or intend to make a claim on any insurance policy issued by us or any other insurer, at the time of the request to exercise the option
- you are under 55 years of age at the time of the request to exercise the option, and
- the total Insured Monthly Benefit under all income protection benefits with us and other insurers is less than the maximum Insured Monthly Benefit allowed under the Policy for you.

The total Insured Monthly Benefit, after any increase, cannot exceed 75% of the first \$26,667 of your monthly Income at the time of the increase, plus 50% of the next \$20,000 of your monthly Income at the time of the increase.

Under a Superannuation Income Protection Plan, the monthly benefit payable cannot exceed 100% of your Pre-Disablement Income.

The total of all increases in the Insured Monthly Benefit cannot exceed the initial Insured Monthly Benefit. For example, if you selected an Insured Monthly Benefit of \$5,000 when cover commenced, you cannot increase the Insured Monthly Benefit amount under the Guaranteed Future Insurability benefit by more than \$5,000.

7.4 Financial Planning Reimbursement

On the payment of a claim for the full Sum Insured, we will reimburse up to \$3,000 to the Policy Owner or beneficiary for the cost of obtaining advice from one or more financial advisers as to how the claim proceeds are to be managed or invested. Reimbursement will be subject to the conditions set out below.

This benefit will be paid in addition to the claim amount otherwise due to you under the Policy. The maximum total amount payable under all policies with us for the life insured is \$3,000.

Limitations

- Each financial adviser must hold an Australian Financial Services licence (AFSL), either personally as a director or Employee of the holder of an AFSL, or as an authorised representative of the holder of an AFSL. The financial planning costs must be incurred and paid within the first 12 months following the claim payment.
- The maximum amount reimbursed will be the lesser of \$3,000 and the actual financial planning costs incurred as evidenced by tax invoices etc.
- The benefit can be payable more than once under the Policy, up to a maximum total amount of \$3,000.

8.2.2 Built-in Benefits

This section sets out the terms and conditions of any Built-in Benefits that apply specifically to Double TPD as indicated in Table 10. Each benefit is subject to the general terms and conditions, limitations and terms around when cover begins and ends set out in Sections 8.2.3–5 and Section 10.2.

The rest of the benefits listed in the table are not specific to Double TPD and can apply to other insurance cover offered through this PDS. For information about those benefits, please refer to the sections indicated in the table.

1. Total and Permanent Disablement

We will pay a lump sum equal to the Double TPD Sum Insured if you are disabled according to the TPD definition shown on your Policy Schedule.

The premium that will be charged for this benefit depends on the TPD definition selected and your Occupation Category.

The definitions available under the Double TPD benefit are:

- Own Occupation*
- Any Occupation
- Loss of Independence (Occupation Category E only)
- Home Duties

*If you select a Superannuation Plan, the Total and Permanent Disablement (Own Occupation) definition is only available if you also select a Linked Benefit (Superannuation PLUS or Maximiser – see Sections 9.2 and 9.3).

Under an Ordinary Plan, if your TPD definition is 'Any Occupation', and you return to work in your own occupation or perform any other reasonable occupation, and if your earning capacity is permanently restricted due to your disablement to the extent that the Income you generate in the 12-month period following a return to work is less than 25% of the Income you generated in the previous 12 months of performing your own occupation, we will pay the TPD benefit.

See Section 12.1 for details of each TPD definition that applies above.

2. No reduction of the Life Cover Sum Insured

If we pay the full Double TPD Sum Insured, the Life Cover Sum Insured will not be reduced.

3. Waiver of Life Cover premium

After we have made a full Double TPD payment, we will Waive all future premiums for the Life Cover benefit, up to the Policy Anniversary prior to:

- your 70th birthday for Occupation Categories A1, A2, M, A3, A4
- your 65th birthday for Occupation Categories B, C, CT, D and Home Duties, or
- your 55th birthday for Occupation Category E.

Direct premium payments will then resume.

4. Partial and Permanent Disablement

If you suffer the permanent loss of use of one arm, one leg or sight in one eye, we will pay a partial benefit.

The amount of the partial benefit payable will be 25% of the Double TPD up to a maximum of \$750,000.

The partial benefit will be paid only once during the lifetime of the Policy. Any payment made under the partial benefit provisions will reduce the Sum Insured under the Double TPD benefit.

5. Conversion to Loss of Independence

Instead of your Double TPD expiring at the Expiry Date for your Occupation Category, your Double TPD benefit will convert to a Loss of Independence benefit, which will continue until the Policy Anniversary prior to your 100th birthday.

The Expiry Date for Double TPD is the Policy Anniversary prior to:

- your 70th birthday for Occupation Categories A1, A2, M, A3, A4
- your 65th birthday for Occupation Categories B, C, CT, D, Home Duties, and
- your 55th birthday for Occupation Category E.

If you make a claim after conversion, we will pay the Loss of Independence Sum Insured if you meet the Loss of Independence definition.

We will only pay this benefit once.

The Double TPD benefit does not convert to a Loss of Independence benefit:

- within a Superannuation Plan, and
- if you are Occupation Category E.

8.2.4 Limitations and exclusions

Limitations and exclusions that apply to this Rider Benefit are set out below. If you hold cover through a Superannuation Plan, the conditions of release of the relevant fund will also need to be satisfied before a claim payment can be released to you (see Section 9).

Limitations

The Double TPD benefit is not payable if:

- a claim for Terminal Illness is in progress or has previously been paid by us or any other insurer, or
- you pass away within 14 days from the date you suffered the Injury or Sickness which directly or indirectly caused your Total and Permanent Disablement.

After the Double TPD benefit becomes payable, Benefit Indexation does not apply to the Life Cover Sum Insured. You also cannot exercise Guaranteed Future Insurability to increase the Life Cover Sum Insured due to Personal or Business Events.

Exclusions

No Double TPD benefit payment will be made in relation to any event or disablement which is directly or indirectly, wholly or partially, caused by intentional self-inflicted injury or any such attempt by you.

Benefit reductions

The Double TPD Sum Insured will be reduced by the amount of any claim paid on the following Built-in or Rider Benefits (including any Linked Benefits attached to the Superannuation Life Cover Plan):

- TPD
- Death or Terminal Illness (Built-in Benefit to Life Cover)
- Loss of Independence* (Built-in Benefit to Double TPD and Crisis Recovery)
- Crisis Events* (Built-in Benefit to Crisis Recovery and Double Crisis Recovery)
- Partial Payments* (Built-in Benefit to Crisis Recovery and Double Crisis Recovery), and
- Death Cover* (Built-in Benefit to Crisis Recovery).

The Double TPD Sum Insured will also be reduced by the amount of any Final Expenses* claim paid to the extent necessary to ensure the Double TPD Sum Insured is not higher than the Life Cover Sum Insured.

Following the payment of any benefits listed above, the premium for Double TPD will be adjusted to reflect the reduction in the Sum Insured.

*The Double TPD Sum Insured will not be reduced by a claim on these benefits where the Crisis Recovery cover is held as a Stand Alone benefit.

Sum Insured reduction

Policy Anniversary prior to age 65 – Occupation Categories: A1, A2, M, A3, A4

If, at the Policy Anniversary prior to your 65th birthday, the total of the Sums Insured for Total and Permanent Disablement and all benefits under the Crisis Recovery Stand Alone benefit that include the phrase 'Total and Permanent Disablement' is greater than \$3 million, we will reduce the Sum Insured to \$3 million.

Loss of Independence Sum Insured

The total of the Loss of Independence Sums Insured includes the Sum Insured of any applicable benefits converted under the Policy as follows:

- TPD
- TPD Stand Alone
- Double TPD
- Accidental TPD
- Accidental TPD Stand Alone, and
- Crisis Recovery.

Conversion to Loss of Independence and Sum Insured reduction

Policy Anniversary prior to age 65 – Occupation Categories: B, C, CT, D and Home Duties

- the highest of the Rider Benefit Sums Insured for TPD, Double TPD, Universal TPD, Double Universal TPD and Accidental TPD (under the Life Cover or Superannuation PLUS benefit).

If, at the Policy Anniversary prior to your 65th birthday, your Loss of Independence Sum Insured is greater than \$2 million, we will reduce the Sum Insured to \$2 million.

Policy Anniversary prior to age 70 – Occupation Categories: A1, A2, M, A3, A4

- the Stand Alone Sums Insured for TPD, Universal TPD and Accidental TPD (under the Life Cover Plan), and
- the higher of:
 - the Crisis Recovery Sums Insured, and
 - the highest of the Rider Benefit Sums Insured for TPD, Double TPD, Universal TPD, Double Universal TPD and Accidental TPD (under the Life Cover or Superannuation PLUS benefit).

If, at the Policy Anniversary prior to your 70th birthday, your Loss of Independence Sum Insured is greater than \$2 million, we will reduce the Sum Insured to \$2 million.

Sum Insured reductions – you choose

Where a maximum limit applies to a benefit (or benefits), the Sum Insured needs to be reduced to ensure the total Sums Insured do not exceed the Policy limit. You can instruct us as to which Sums Insured you wish to reduce or cancel. If we do not receive your instructions, we will determine which Sums Insured are reduced and advise you of this in writing.

8.3.4 Limitations and exclusions

Limitations and exclusions that apply to this Rider Benefit are set out below. If you hold cover through a Superannuation Plan, the conditions of release of the relevant fund will also need to be satisfied before a claim payment can be released to you (see Section 9).

Limitations

The Double Universal TPD benefit is not payable if:

- a claim for Terminal Illness is in progress or has previously been paid by us or any other insurer, or
- you pass away within 14 days from the date you suffered the Injury or Sickness which directly or indirectly caused your Total and Permanent Disablement (Universal).

After the Double Universal TPD benefit becomes payable, Benefit Indexation does not apply to the linked Life Cover Sum Insured. You also cannot exercise Guaranteed Future Insurability and increase the Life Cover Sum Insured due to Personal or Business Events.

Exclusions

No Double Universal TPD benefit payment will be made in relation to any event or disablement which is directly or indirectly, wholly or partially, caused by intentional self-inflicted injury or any such attempt by you.

Benefit reductions

The Double Universal TPD Sum Insured will be reduced by the amount of any claim paid on the following Built-in or Rider Benefits (including any Linked Benefits attached to the Superannuation Life Cover Plan):

The Double Universal TPD Sum Insured will also be reduced by the amount of any Final Expenses* claim paid to the extent necessary to ensure the Double Universal TPD Sum Insured is not higher than the Life Cover Sum Insured.

Following the payment of any benefits listed above, the premium for Double Universal TPD will be adjusted to reflect the reduction in the Sum Insured.

*The Double Universal TPD Sum Insured will not be reduced by a claim on these benefits where the Crisis Recovery cover is held as a Stand Alone benefit.

Sum Insured reduction – all Occupation Categories except E

If, at the Policy Anniversary prior to your 65th birthday, the total of the Sums Insured for Universal TPD, Loss of Independence and all benefits under the Crisis Recovery Stand Alone benefit that include the phrase 'Total and Permanent Disablement' is greater than \$3 million, we will reduce the Sum Insured to \$3 million.

If, at the Policy Anniversary prior to your 70th birthday, the total of the Sums Insured for Universal TPD and Loss of Independence is greater than \$2 million, we will reduce the Sum Insured to \$2 million.

Sum Insured reductions – you choose

Where a maximum limit applies to a benefit (or benefits), the Sum Insured needs to be reduced to ensure the total Sums Insured do not exceed the Policy limit. You can instruct us as to which Sums Insured you wish to reduce or cancel. If we do not receive your instructions, we will determine which Sums Insured are reduced and advise you of this in writing.

- a second Cancer Crisis Event related to or caused by the same medical condition where a partial payment will be payable in respect of a second Cancer Crisis Event.

Restricted reinstatement

Where a restricted benefit payment of \$500,000 is made due to diagnosis of Prostate Cancer at a stage of T1a (using the TNM classification system), we will reinstate the \$500,000 Sum Insured covering:

- all Coronary Crisis Events
- any Other Serious Crisis Events other than Loss of Independence and Terminal Illness, and
- a second Cancer Crisis Event related to or caused by the same medical condition where a partial payment will be payable in respect of a second Cancer Crisis Event.

The Crisis Recovery Sum Insured in excess of the \$500,000 restricted benefit payment is also retained.

If there is a further diagnosis of Prostate Cancer of stage T1b (using the TNM classification system) by a Medical Practitioner, or if you undergo major interventionist therapy, the retained Sum Insured amount (in excess of the \$500,000 previously paid) will be paid under the Crisis Recovery benefit. The retained Crisis Recovery Sum Insured can be reinstated for the following events:

- all Coronary Crisis Events
- any Other Serious Crisis Events other than Loss of Independence and Terminal Illness, and
- a second Cancer Crisis Event related to or caused by the same medical condition where a partial payment will be payable in respect of the second Cancer Crisis Event.

Heart Attack

Where the Crisis Recovery Sum Insured has been reinstated following the full payment for a Heart Attack Crisis Event, we will reinstate the Sum Insured covering:

- Cancer
- all Other Serious Crisis Events other than Loss of Independence and Terminal Illness, and
- a second Heart Attack related to or caused by the same medical condition where a partial benefit is payable in respect of the second Heart Attack Crisis Event.

Coronary (other than Heart Attack)

- Cancer, and
- any Other Serious Crisis Events other than Loss of Independence and Terminal Illness.

Cover for all Coronary Crisis Events including a Heart Attack will be excluded.

Other Serious Crisis Events

Where the Crisis Recovery Sum Insured has been reinstated following the full payment of an Other Serious Crisis Event, we will reinstate the Sum Insured covering:

- Cancer Crisis Event
- all Coronary Crisis Events, and
- any Other Serious Crisis Events other than Loss of Independence, Terminal Illness and the Crisis Event for which the original claim was made.

Once Crisis Recovery has been reinstated, we will not pay for a Crisis Event (other than a second Heart Attack or second Cancer Crisis Event) that is related to or caused by the medical condition that resulted in the original Crisis Recovery claim.

If Crisis Reinstatement is purchased as a Rider Benefit to Crisis Recovery Buy-back, then both benefits must be exercised at the same time in order that the Crisis Recovery Sum Insured not exceed the Life Cover Sum Insured at any time.

The Crisis Reinstatement benefit will begin on the commencement date shown on your Policy Schedule and end at the earliest of:

8.8.2 Built-in Benefits

This section sets out the terms and conditions of any Built-in Benefits that apply specifically to Double Crisis Recovery as indicated in Table 15. Each benefit is subject to the general terms and conditions, limitations and terms around when cover begins and ends set out in Sections 8.8.3–5 and Section 10.2.

The rest of the benefits listed in the table are not specific to Double Crisis Recovery and can apply to other insurance cover offered through this PDS. For information about those benefits, please refer to the sections indicated in the table.

1. Crisis Events

If you are diagnosed with one of the Crisis Events listed below which you are covered for under this benefit, and we confirm the diagnosis, we will pay a lump sum equal to the Double Crisis Recovery Sum Insured.

On the payment of a claim for the full Double Crisis Recovery Sum Insured in respect of a Crisis Event, the Double Crisis Recovery Rider Benefit will cease and no further Double Crisis Recovery benefit payment will be made for any subsequent Crisis Event under this benefit.

*Qualifying period applies (see below).

Qualifying period

Certain Crisis Events are subject to a qualifying period, as indicated above by the asterisk (*) symbol.

A Double Crisis Recovery benefit is not payable if, within 90 days after the benefit commences, is reinstated or increased (but only in relation to the increased amount), you suffer, or are diagnosed with, a condition that results in one of the Crisis Events indicated above.

We will waive this three-month qualifying period if your Policy replaces another policy from us or a previous insurer for the same Sum Insured or lower, and where the full qualifying period was already served.

Survival period

You must survive for a period of 14 days from the date of suffering the Injury or Sickness that directly or indirectly caused your Crisis Event.

Proof of positive diagnosis

Written proof of positive diagnosis of a Crisis Event must be provided to us within 90 days of the date of diagnosis. Please refer to Section 4.2 for details.

2. No reduction of the Life Cover Sum Insured

The Life Cover Sum Insured will not be reduced after a full Double Crisis Recovery benefit is paid, or where a restricted benefit is paid for the diagnosis of Prostate Cancer.

Where a restricted \$500,000 Double Crisis Recovery Sum Insured is payable as a result of diagnosis of Prostate Cancer at a stage of T1a (using the TNM classification system), the Life Cover Sum Insured amount will not be reduced.

We will then retain any benefit amount in excess of the \$500,000 amount paid as a restricted Double Crisis Recovery Sum Insured and premium payments will continue for the retained Double Crisis Recovery amount.

3. Waiver of Life Cover Premium

If we pay the full Double Crisis Recovery Sum Insured, we will Waive all future premiums for the linked Life Cover benefit, up until the Policy Anniversary prior to:

- your 65th birthday for Occupation Categories A1, A2, M, A3, A4, B, C, CT, D, Home Duties, or
- your 55th birthday for Occupation Category E.

Direct premium payments will then resume.

4. Partial payments

We will make a partial payment from your Double Crisis Recovery Sum Insured if we are able to confirm diagnosis of the applicable Crisis Event shown in the table below.

After any partial payment, the Sum Insured will be reduced by the payment made.

If you sustain another Crisis Event after a partial payment has been made, we will pay the reduced Sum Insured. This does not apply to the Chronic Diagnosis Advancement benefit.

<p>Rheumatoid Arthritis</p>	25% of the Sum Insured up to a maximum of \$25,000.

Chronic Diagnosis Advancement benefit

The Chronic Diagnosis Advancement benefit is an advance payment of the Double Crisis Recovery Sum Insured and is payable when certain medical conditions have been diagnosed but have not yet met the definition of that Crisis Event. The payment is 25% of the Crisis Recovery Sum Insured up to a maximum of \$25,000 under all policies that we have issued to you, the Life Insured.

This benefit will be paid if an appropriate specialist Medical Practitioner confirms to our satisfaction that you have suffered or been medically diagnosed with one of the following medical conditions but have not yet met our definition of that Crisis Event:

- Motor Neurone Disease
- Multiple Sclerosis
- Muscular Dystrophy, or
- Parkinson's Disease.

If a Chronic Diagnosis Advancement benefit is paid, the applicable Crisis Recovery Sum Insured and Life Cover Sum Insured (where applicable) will be reduced by the amount paid.

If you subsequently qualify for the payment of a Crisis Recovery Sum Insured, the reduced Crisis Recovery Sum Insured will be paid.

We will only make a payment for the Chronic Diagnosis Advancement benefit once.

5. Complimentary Family Protection

If your Child passes away or is positively diagnosed with one of the listed Complimentary Family Protection Crisis Events, we will pay a lump sum of \$20,000 per Insured Child after the applicable qualifying period.

The Child must be aged from two to 17 years of age at the time of their passing away, or positive diagnosis, and we confirm the diagnosis.

Please refer to Complimentary Family Protection in Section 4.2 for details.

6. Conversion to Crisis Recovery

The Double Crisis Recovery benefit will convert to Crisis Recovery at the Policy Anniversary prior to:

- your 65th birthday for Occupation Categories A1, A2, M, A3, A4, B, C, CT, D and Home Duties, and
- your 55th birthday for Occupation Category E.

The Crisis Recovery benefit will then convert to Loss of Independence at the Policy Anniversary prior to your 70th birthday for all Occupation Categories.

- a claim for Terminal Illness is in progress or has previously been paid by us or any other insurer, and

After the Double Crisis Recovery benefit becomes payable, Benefit Indexation will not apply and cannot be exercised in respect of the corresponding Life Cover Sum Insured.

After a Crisis Event for which the full Double Crisis Recovery Sum Insured has been paid, no further amount will be made under Double Crisis Recovery. The Double Crisis Recovery benefit does not cover any disease, sickness or incapacity other than a Crisis Event as defined by us that occurs during the period the Double Crisis Recovery remains in force.

There are limitations on the payment of a Double Crisis Recovery benefit where the Crisis Event relates to Skin Cancer, Carcinoma in situ, Prostate Cancer, a Coronary Artery Angioplasty, Benign Brain Tumour or Loss of Use of Limbs and/or Sight. 8.9.4 Limitations and exclusions

Limitations

The maximum Family Protection benefit payable in respect of all claims arising from cover under this benefit cannot exceed in total the Family Protection Sum Insured for each Insured Child.

After a full Family Protection benefit payment is made for an Insured Child in respect of a Crisis Event, no further amount will be payable under the benefit for that Insured Child.

Exclusions

No Family Protection benefit will be payable in relation to:

- any disease, sickness or incapacity other than a Crisis Event as defined by us that occurs during the period the Family Protection Rider Benefit remains in force
- death from suicide in the first 13 months from the commencement or re-instatement of the benefit*
- an event intentionally caused by the Insured Child's parent, guardian or relative, or someone who lives with or supervises the Insured Child, or
- any Crisis Event or disablement, directly or indirectly, wholly or partially, caused by intentional self-inflicted injury or any such attempt by you or the Insured Child.

Where an event is caused by a congenital condition, no benefit will be payable where the event occurs prior to the Insured Child's 10th birthday.

*This exclusion will be waived in respect of any Life Cover under the Policy provided the Policy is replacing life cover from us or a previous insurer and the full suicide exclusion period under the in force policy to be replaced has elapsed. The waiver only applies to the amount of life cover that has been replaced by the Policy.

The Family Protection benefit will begin on the commencement date shown on your Policy Schedule and end at the earliest of:

- payment of the full Sum Insured under the benefit

8.10.1 Built-in Benefits

This section sets out the terms and conditions of any Built-in Benefits that apply specifically to Needlestick Injury. Each benefit is subject to the general terms and conditions, limitations and terms around when cover begins and ends set out in Sections 8.10.2–4 and Section 10.2.

We will pay a lump sum equal to the Needlestick Injury Sum Insured if, as a result of a needlestick injury, or a splash injury occurring during the course of carrying out the duties of your normal occupation, you become infected with HIV, Hepatitis B or Hepatitis C.

We will only pay an amount under this benefit once.

You must report the accident to us and the relevant licensing body within 30 days of the accident and have a negative HIV, Hepatitis B or Hepatitis C antibody test taken within seven days of the accident, with sero-conversion evidence to occur within six months of the accident.

If required we must be given access to independently test all blood samples used, and we retain the right to take further independent blood tests or other medically accepted HIV tests.

If 'Accidental HIV Infection' under Other Serious Crisis Events is payable in conjunction with a payment from the Needlestick Injury benefit, then both benefits will be paid up to a maximum of \$2 million in total.

Where the total payment under both benefits would exceed \$2 million, the full Needlestick Injury benefit will be paid first and a portion of the 'Accidental HIV Infection' under Other Serious Crisis Events will be paid to bring the total payment up to \$2 million.

Payment of the Needlestick Injury benefit does not reduce the Sum Insured of any other benefit under the Life Cover Plan.

Waiting Period (Needlestick)

The Waiting Period is shown on your Policy Schedule and is the number of days at the beginning of a Needlestick Injury benefit claim when no Needlestick Injury benefit is payable. The Waiting Period begins at the Date of Loss (Needlestick)*.

8.16.1 Built-in Benefits

This section sets out the terms and conditions of any Built-in Benefits that apply specifically to Income Protection Lump Sum. Each benefit is subject to the general terms and conditions, limitations and terms around when cover begins and ends set out in Sections 8.16.2–4 and Section 10.2.

If we are satisfied that your disablement meets the Total and Permanent Disablement definition for the purposes of this benefit, and we have accepted a claim on your Income Protection insurance cover, you may be eligible for payment of a lump sum benefit.

Total and Permanent Disablement for the purposes of this benefit means:

- you have suffered the total and irrecoverable loss of the:
 - sight of both eyes,
 - use of two limbs, or
 - sight of one eye and use of one limb,
- or
- you have been absent from your own occupation **solely** as a result of Injury or Sickness for an uninterrupted period of at least three consecutive months,
 - are attending a Medical Practitioner and have undergone all reasonable and usual treatment including rehabilitation for the Injury or Sickness, and
 - at the end of the period of three months after the date of lodgement of the claim for Total and Permanent Disablement,

and after consideration of all the medical evidence and such other evidence as we may require, have become in our opinion incapacitated to such an extent as to render you unlikely ever to engage in your own occupation,

or

- you have suffered Loss of Independence.

The Income Protection Lump Sum benefit is calculated using the multiple based on your age after the date the claim was lodged for this benefit (as shown below) when we can first reasonably determine that you have met the Total and Permanent Disablement definition for the purposes of this benefit.

The lump sum payable depends on your age at time of making a claim.

Lump sum payable

The Income Protection Lump Sum benefit is calculated as the lesser of:

- \$3 million, and
- an annualised monthly benefit multiplied by a factor based on your age.

The annualised monthly benefit is 12 times your total Insured Monthly Benefit at the time we determine you are Totally and Permanently Disabled, including Claim Escalation benefit increases (if applicable), less any offsets that would have been applied to the monthly benefit if you had not chosen to receive the Income Protection Lump Sum benefit.

Factor your Annualised Monthly Benefit is multiplied by:	Your age range
15	38 or less
13	39 to 43
11	44 to 48
9	49 to 54
64 less your age when the Income Protection Lump Sum Benefit becomes payable	55 or older

If the lesser of the above amounts is nil or a negative amount, no Income Protection Lump Sum benefit is payable.

We will not pay an Income Protection Lump Sum benefit if in our opinion the Injury or Sickness causing the Total and Permanent Disablement will lead to you passing away within 12 months of the date we determine you to be Totally and Permanently Disabled.

If we pay you an Income Protection Lump Sum benefit, no further benefit under the Income Protection benefit will be payable and the Income Protection benefit will end.

If Total or Partial Disablement benefits have been paid under the Income Protection Plan beyond the date of determination of Total and Permanent Disablement, these amounts will be offset in their entirety from the Income Protection Lump Sum benefit payable.

Exclusions

8.18.1 Built-in Benefits

This section sets out the terms and conditions of any Built-in Benefits that apply specifically to Retirement Optimiser. Each benefit is subject to the general terms and conditions, limitations and terms around when cover begins and ends set out in Sections 8.18.2–4 and Section 10.2.

With Retirement Optimiser, you can insure up to 5% of your average monthly Income so that your nominated superannuation account will continue to accumulate contributions whilst you are being paid an Income Protection benefit.

This means that when we pay your Insured Monthly Benefit for Total Disablement or Partial Disablement, we will also pay an additional amount into your nominated superannuation account.

The amount we pay depends on whether your Income Protection/Income Protection Accident Only insurance cover is Agreed Value, Indemnity or Extended Indemnity (see below).

When the benefit is payable

We will pay the benefit amount into your nominated superannuation account when we pay a monthly benefit in relation to any one of the following:

- Total Disablement
- Partial Disablement
- Day 1 Accident benefit
- Specified Injury benefit, and
- Crisis Recovery.

If you have selected the Benefit Indexation and/or Claim Escalation Rider Benefits, these will also apply to the Retirement Optimiser benefit payment.

How the benefit is paid

We will pay the Retirement Optimiser benefit as a non-concessional contribution to a superannuation fund on your behalf.

You must provide us with your instructions and any information we request to enable us to pay this benefit.

If you are in the AIA Insurance Superannuation Scheme No2, the Retirement Optimiser Benefit Payment will be paid as a contribution to another complying superannuation fund nominated by you.

If you are a member of an SMSF or Approved Superannuation Fund, the Retirement Optimiser Benefit Payment will be paid to your account in the superannuation fund you have nominated to receive the benefit.

We cannot pay the Retirement Optimiser benefit to you in cash.

Under a Superannuation Income Protection Plan, the total monthly benefit for Income Protection, Income Protection Accident Only and Retirement Optimiser cannot exceed 100% of your Pre-disablement Income. If the total monthly benefit does exceed 100% of your Pre-disablement Income, we will reduce the benefits proportionately to comply with this rule.

The whole amount, including the Retirement Optimiser payment, is included in your annual tax statement as assessable income. You must declare the whole amount you receive on your annual tax return.

Indemnity

The Retirement Optimiser Benefit Payment will be the lesser of:

- the Retirement Optimiser Insured Monthly Benefit, adjusted for any applicable claim offsets, Benefit Indexation and Claim Escalation, and
- 5% of your Pre-disablement Income (Indemnity), adjusted for any applicable claim offsets.

Extended Indemnity

The Retirement Optimiser benefit payment will be the lesser of:

- the Retirement Optimiser Insured Monthly Benefit, adjusted for any applicable claim offsets, Benefit Indexation and Claim Escalation, and
- 5% of your Pre-disablement Income (Extended Indemnity), adjusted for any applicable claim offsets.

Note, the maximum amount payable including the Insured Monthly Benefit and Retirement Optimiser is shown on your Policy Schedule.

Agreed Value

The Retirement Optimiser benefit payment will be equal to the Retirement Optimiser Insured Monthly Benefit, subject to the rules in the definition of Agreed Value set out in Section 12.1 and adjusted for any applicable claim offsets, Benefit Indexation and Claim Escalation.

Limitations and exclusions that apply to this Rider Benefit are set out below. If you hold cover through a Superannuation Plan, the conditions of release of the relevant fund will also need to be satisfied before a claim payment can be released to you (see Section 9).

Benefit reductions

If the monthly benefit payable is reduced because you have a claim offset, or have a Partial Disablement rather than a Total Disablement, then the Retirement Optimiser Benefit Payment will be reduced by the same proportion.

Exclusions

No Retirement Optimiser benefit payment will be made in relation to:

- death
- disablement due to intentional self-inflicted injury or any such attempt by you
- disablement due to you engaging in or taking part in service in the armed forces of any country, or

8.19.1 Built-in Benefits

This section sets out the terms and conditions of any Built-in Benefits that apply specifically to Repayment Relief. Each benefit is subject to the general terms and conditions, limitations and terms around when benefit payments cease and when cover begins and ends set out in Sections 8.19.2–5 and 10.2.

With Repayment Relief, you can insure an amount equal to your Minimum Monthly Home Loan Repayment for up to 90 days (Benefit Period) in the event you become Involuntarily Unemployed for greater than 60 consecutive days (Waiting Period).

When the benefit is payable

We will pay the Repayment Relief benefit where you:

- have been employed for at least 180 consecutive days (Qualifying Period), and immediately after that period of employment, you are Involuntarily Unemployed for longer than the Waiting Period
- suffer a Terminal Illness, or
- pass away.

What benefit is payable

Involuntary Unemployment

We will pay 1/30th of your Repayment Relief Insured Monthly Benefit for each additional day you continue to be Involuntarily Unemployed after the Waiting Period. We pay this benefit monthly in arrears directly to your nominated bank account.

We will pay this benefit for a maximum of 90 days so long as you continue to be Involuntarily Unemployed.

Death/Terminal Illness

We will pay a lump sum equal to three times the Repayment Relief Insured Monthly Benefit if you are diagnosed with a Terminal Illness or pass away, in which instance the benefit will be paid directly to your estate. Once a Death/Terminal Illness benefit becomes payable, any Involuntary Unemployment benefit will cease. No further benefits will be payable once the Death/Terminal Illness benefit is paid.

Payments made under the Repayment Relief benefit will not reduce the Sum Insured of the Linked Benefit.

Waiver of Premium

If the Repayment Relief benefit is payable for Involuntary Unemployment we will waive the premiums you would otherwise pay for this benefit or reimburse you for such premiums paid from the start of the Waiting Period until the end of the Benefit Period or until the date the Repayment Relief benefit ceases (whichever occurs first).

For the avoidance of doubt, the Repayment Relief Waiver of Premium benefit does not waive premiums for any other benefit or Plan on your Policy. However, if you have cover under the Income Protection Plan or Superannuation Income Protection Plan, your Income Protection premiums (including any Rider Benefits attached to your Income Protection cover) may also be Waived for a period of up to three months. See 'Involuntary Unemployment Waiver of Premium' in Section 5.2.

Premium payments must recommence from the date on which the Waiving of premium ceases.

Please refer to the definition of Waive in Section 12.1.

Repayment Relief Insured Monthly Benefit

You will be required to provide proof of your Minimum Monthly Home Loan Repayment at the time of applying for this benefit. So long as you meet the conditions specified in 8.19.1–3 we will pay the Repayment Relief Insured Monthly Benefit regardless of whether you continue to hold a personal home loan or the Minimum Monthly Home Loan Repayment has changed at the time you become Involuntarily Unemployed, are diagnosed with a Terminal Illness or pass away.

Multiple periods of Involuntary Unemployment

After this benefit has been claimed once, we will not provide the benefit again unless you return to Full-time Employment or employment as a Permanent Part-time Employee, as applicable, for the Qualifying Period and you are then able to satisfy the definition of Involuntary Unemployment, Terminal Illness or you pass away.

If you become Involuntarily Unemployed within 180 days of the end of a previous period of Involuntary Unemployment, we will treat it as one continuous period. If you are diagnosed with a Terminal Illness or pass away within 180 days of the end of a previous period of Involuntary Unemployment, we will still pay a lump sum equal to three times the Repayment Relief Insured Monthly Benefit.

You can only claim the Involuntary Unemployment benefit four times during the life of your linked Life Cover Plan or Superannuation Life Cover Plan (as applicable).

If both disabled and unemployed

If you have cover under the Income Protection Plan, Superannuation Income Protection Plan or Business Expenses Plan and suffer both disablement (either total or partial disablement) and Involuntary Unemployment or Terminal Illness at the same time, we will pay both a total or partial disablement benefit (as applicable) as well as the Repayment Relief benefit.

In the event you pass away, we will pay any applicable Death benefit under your Income Protection Plan or Superannuation Income Protection Plan as well as the Repayment Relief benefit.

Increases to Minimum Monthly Home Loan Repayments

Where your Minimum Monthly Home Loan Repayment increases due to an increase to your home loan interest rate, you can apply to increase your Insured Monthly Benefit in line with the increase by providing us with evidence of your increased Minimum Monthly Home Loan Repayment within 60 days of that increase and confirmation that your employment status and occupation category still meet the eligibility criteria, and that you haven't been diagnosed with Terminal Illness since inception of the original policy.

8.19.3 Limitation and exclusions

Limitations and exclusions that apply to this Rider Benefit are set out below.

Limitations

If at any time after your application you become Self-employed, you will not be eligible for Involuntary Unemployment during the period of self-employment. However cover for Terminal Illness and Death will continue.

You can only have one Repayment Relief benefit at any one time. Multiple Repayment Relief benefits under different policies are not allowed.

Exclusions

No Repayment Relief benefit payment will be made in relation to:

- Any period of Involuntary Unemployment commencing within 180 days of policy commencement,
- you suffering unemployment, directly or indirectly, because:
 - a period of casual, seasonal or temporary work ends,
 - a fixed-term contract or specified period of work ends,

- of an unsuccessful probationary period or dismissal due to unsatisfactory performance,
 - of deliberate or serious misconduct,
 - of incarceration,

 - an event directly or indirectly caused by intentional self-inflicted injury or any such attempt by you.

8.19.4 When benefit payments cease

Benefit payment will cease at the earlier of:

- the end of the Benefit Period (90 days), or
- you are no longer Involuntarily Unemployed.

8.19.5 When cover begins and ends

The Repayment Relief benefit will begin on the commencement date shown on your Policy Schedule and end at the earliest of:

- you cease to be a permanent Australian resident,
- the Expiry Date of the benefit,
- the linked Life Cover Plan or Superannuation Life Cover Plan ends (as applicable),
- we have paid this benefit four times during the life of your linked Life Cover Plan or Superannuation Life Cover Plan (as applicable),
- we have paid the full Benefit Period following your diagnosis with a Terminal Illness, or
- you pass away.

9. Superannuation Plans

This section provides information about structuring your Priority Protection insurance cover through superannuation. This applies where you have selected benefits under:

- a Superannuation Life Cover Plan, and
- a Superannuation Income Protection Plan.

A Superannuation Plan is not a superannuation savings plan, which means it doesn't have an investment component – its main purpose is to provide payment of a benefit for you or your beneficiaries if we pay a claim.

Availability

You can choose to structure your Priority Protection insurance through superannuation if:

- you are a member of an Approved Superannuation Fund or a member of a self-managed superannuation fund (SMSF), or
- you are a member of the AIA Insurance Superannuation Scheme No2 (the Scheme).

You can only structure your insurance through an SMSF where the trustee of your SMSF is able to pay insurance premiums to us from your superannuation account.

Information about the Scheme and how to apply for membership is provided in Section 9.5.

In this section

- 9.1 Insurance through Superannuation
- 9.2 Superannuation PLUS
- 9.3 Maximiser
- 9.4 Super Extras
- 9.5 AIA Insurance Superannuation Scheme No2

Important

As well as the information provided in this section, there is other important information in this PDS that applies to purchasing insurance cover. You should read this PDS in full before making a decision about acquiring the cover described in this section.

9.1 Insurance through superannuation

1. Purchasing your Superannuation Plan

Superannuation Plan benefits can only be purchased on your behalf by the trustee of an Approved Superannuation Fund, an SMSF or the Scheme. The owner of the Policy will be the trustee. As the trustee is the owner of the Policy, any insurance benefit that you may be entitled to will be paid to and held by the trustee for you.

The trustee can only pay the benefit to you (or your beneficiaries) if it is permitted to do so under the trust deed and superannuation law.

Insurance cover under your Superannuation Plan will commence once we accept your application and issue the Policy to the trustee.

2. Linked Benefits

When you purchase a Superannuation Plan, you can also purchase additional benefits under Superannuation PLUS, Maximiser, Super Extras or Repayment Relief. The benefits provided are attached to a separate insurance Policy issued to you as the Policy Owner, and linked to your Superannuation Plan. This allows you to purchase additional insurance cover that would not generally be available within superannuation, such as:

- Crisis Recovery (through Superannuation PLUS)
- Enhanced TPD definitions (through Superannuation PLUS or Maximiser)
- Income Protection benefits (through Super Extras), and
- Repayment Relief.

The Linked Benefits are not superannuation benefits – they are held outside of superannuation attached to a separate insurance Policy that is linked to your Superannuation Plan benefits.

Linked Benefits can only be purchased alongside a Superannuation Life Cover Plan or Superannuation Income Protection Plan, and any Linked Benefits you purchase will end when the Policy for the associated Superannuation Plan ends.

The table below shows the Linked Benefits available for each type of Plan.

	Super- annuation PLUS	Maximiser	Super Extras	Repayment Relief
If you have a Superannuation Life Cover Plan, you can link:	✓	✓	✗	✓
If you have a Superannuation Income Protection Plan, you can link:	✗	✗	✓	✗

Please refer to Sections 9.2, 9.3, 9.4 and 8.19 for information about each of the Linked Benefits and the types of additional insurance cover available.

In this section

2. Linked Benefits

4. Payment of premiums
5. Payment of benefits
6. Conversion options
7. Taxation inside super

9. When cover begins and ends

3. Differences between insurance inside and outside of super

Before making a decision to acquire Priority Protection insurance cover through superannuation, you should consider the main differences between structuring insurance through an Ordinary Plan and acquiring insurance through a Superannuation Plan, as set out below.

- Some of the benefits available under an Ordinary Plan are not available under a Superannuation Plan (see Section 1 'Structuring your Priority Protection').*
- The insurance cover provided by some benefits may differ based on whether the relevant benefit is acquired under an Ordinary Plan or a Superannuation Plan. Where this applies to a benefit, the differences are detailed in the section of this PDS describing that benefit.
- Any Superannuation Plan benefit payments will be paid to the trustee of the relevant fund in the first instance, and the trustee may only pay the benefit to you (or your beneficiaries) in accordance with the fund's trust deed and superannuation law.
- Under superannuation law, the tax treatment of any claim proceeds may affect the amount of benefit you or your beneficiaries receive.
- If you cease to be a member of the relevant fund, the Policy/ies under which your Superannuation Plan benefits and any Linked Benefits are provided will end.
- If any premium refunds are payable, they will be paid to or at the direction of the trustee, not to you, and will be subject to preservation rules as required under superannuation law.

*Note that certain benefits that are not available within superannuation can be purchased as Linked Benefits attached to a separate insurance Policy linked to your Superannuation Plan.

4. Payment of premiums

Superannuation Plans

You will need to ensure that there are sufficient funds in your account in the relevant fund to meet each premium payment. If there are insufficient funds, the trustee of the relevant fund will not be able to pay your insurance premium and your Superannuation Plan may be cancelled.

Linked Benefits

You are responsible for paying insurance premiums directly to us for any Linked Benefits you have purchased.

5. Payment of benefits

Superannuation Plans

If we pay a benefit on the Policy under which your Superannuation Plan benefits (which does not include any Linked Benefits) are provided, we will pay the benefit amount to the trustee of the relevant fund as Policy Owner. The trustee will then distribute the proceeds of the claim in accordance with the superannuation law and the fund's trust deed, which sets out the governing rules of the fund.

Superannuation law generally requires death benefits to be paid to one or more of your dependants or your legal personal representative (your estate). A summary of who death benefits may be paid to under superannuation law are included in the table below. The relevant fund's trust deed may restrict who death benefits may be paid to.

For Income Protection benefits, we will typically pay the trustee of the relevant fund a monthly payment. However, where we have an arrangement with the trustee, we will pay Income Protection benefits directly to you on the trustee's behalf.

For example, where one of you is temporarily working overseas, you will still be deemed to be in an interdependency relationship.</p> <p>Superannuation laws may prescribe other matters relevant to determining whether an interdependency relationship exists, which trustees must have regard to.</p>

Permitted Condition of Release

The proceeds of any claim on the Policy for your Superannuation Plan benefits (which does not include the proceeds of any claim under Linked Benefits) cannot be paid to you by the trustee if, in the trustee's opinion, a condition of release has not been satisfied under the *Superannuation Industry (Supervision) Regulations 1994*.

Schedule 1 of the *Superannuation Industry (Supervision) Regulations 1994* sets out the conditions of release under which a superannuation benefit can be paid. All superannuation trustees must be satisfied that any insurance proceeds they are able to receive (and pay) from the relevant fund meet a prescribed condition of release. Trustees are prohibited from acquiring insurance benefits which may provide a payment in circumstances where a prescribed condition of release has not been met.

The prescribed conditions of release relevant to insurance provided by a Superannuation Plan are:

- death
- a terminal medical condition
- permanent incapacity, and
- temporary incapacity (income protection only).

What benefit is payable if I pass away?

If you pass away and a Superannuation Plan death benefit is paid, the trustee of the relevant fund will deal with the benefit in accordance with the rules of the superannuation fund and the applicable superannuation laws. Superannuation law generally requires the death benefit to be paid to one or more of your dependants, or to your legal personal representative, however the fund rules may include additional restrictions.

What is the definition of terminal medical condition under superannuation law?

Terminal medical condition means:

A "terminal medical condition" exists in relation to a person at a particular time if the following circumstances exist:

- a) two registered Medical Practitioners have certified, jointly or separately, that the person suffers from an illness, or has incurred an injury, that is likely to result in the death of the person within a period (the certification period) that ends not more than 24 months after the date of certification
- b) at least one of the registered Medical Practitioners is a specialist practicing in an area related to the illness or injury suffered by the person
- c) for each of the certificates, the certification period has not ended.

What is the definition of permanent incapacity under superannuation law?

Permanent incapacity means:

a member of a superannuation fund is taken to be suffering permanent incapacity if a trustee of the fund is reasonably

satisfied that the member's ill-health (whether physical or mental) makes it unlikely that the member will engage in gainful employment for which the member is reasonably qualified by education, training or experience.

What is the definition of temporary incapacity under superannuation law?

Temporary incapacity means:

in relation to a member who has ceased to be gainfully employed (including a member who has ceased temporarily to receive any gain or reward under a continuing arrangement for the member to be gainfully employed), means ill-health (whether physical or mental) that caused the member to cease to be gainfully employed but does not constitute permanent incapacity.

If the temporary incapacity condition of release is met, Income Protection benefits may only be paid as a non-commutable income stream for the duration of the incapacity.

What is the definition of gainfully employed under superannuation law?

Gainfully employed means:

employed or self-employed for gain or reward in any business, trade, profession, vocation, calling, occupation or employment.

Linked Benefits

Linked Benefits are benefits which are held in a Policy owned by you outside of superannuation and linked to Superannuation Plan benefits that are held in a Policy owned by the relevant trustee.

If we pay a claim on the Policy under which your Linked Benefits are provided, we will pay the benefit amount directly to you.

Payments outside of superannuation (Linked Benefits)

• Superannuation PLUS

Any Superannuation PLUS benefits that meet our conditions for payment will be paid directly to you or your beneficiary(ies) as applicable. You will not be required to meet a condition of release as the payments are made outside of superannuation.

• Maximiser

Where the Maximiser benefit is selected and a total and permanent disablement claim is made, it will be assessed firstly under the Any Occupation definition. If the definition is met, a lump sum equal to the Sum Insured will be paid to the trustee of the relevant fund. If the definition is not met, the claim will then be assessed under the Own Occupation definition.

If the 'Own Occupation' definition is met, a lump sum equal to the Sum Insured will be paid directly to you under the Policy held outside of the relevant fund.

- **Super Extras**

Where the Super Extras benefit is selected, and an Income Protection claim is made, it will be assessed under the Superannuation Income Protection Plan. If the definition relevant to the claim is met, the Insured Monthly Benefit will be paid to the trustee of the relevant fund.

If any portion of the payment does not meet a Permitted Condition of Release, that portion will be paid directly to you under the Policy held outside of the relevant fund.

- **Repayment Relief**

Any Repayment Relief benefits that meet our conditions for payment will be paid directly to you or your beneficiary(ies) as applicable. You will not be required to meet a condition of release as the payments are made outside of superannuation.

6. Conversion option

Prior to age 75, the benefits associated with certain covers held by you under a Superannuation Life Cover Plan issued to the trustee of the relevant fund can be replaced with Ordinary Life Cover Plan benefits, under a Policy issued to you, without providing any medical evidence, subject to those benefits being offered by us under an Ordinary Life Cover Plan at that time.

The benefits that you can convert to an Ordinary Life Cover Plan are:

- Life Cover
- TPD
- TPD Buy-back, and
- Waiver of Premium (where held as a Rider Benefit to Life Cover or TPD).

The Sum Insured must be the same amount or less than the Sum Insured for the equivalent benefits under your Superannuation Life Cover Plan.

When you exercise your conversion option, you will be asking us to cancel your Superannuation Life Cover Plan.

7. Taxation inside super

Tax laws (and tax thresholds applicable under tax laws) can change from time to time. How the tax laws may affect you depends on your individual circumstances so you should obtain advice about your own tax situation.

This general information about the taxation of superannuation is based on tax laws effective as at the date of preparation of the PDS. Further information is available in Section 9.5 in relation to the Scheme and at ato.gov.au

Tax deductions for contributions

You may be able to claim a tax deduction on personal contributions paid to a superannuation fund if you meet eligibility criteria. Information about tax deductions for superannuation contributions

including lodging your intention to claim a tax deduction can be obtained online at ato.gov.au

Tax payable on benefits

- **Death benefit**

Superannuation lump sum death benefits paid to a tax dependant of the deceased will be tax-free. A person who is a dependant for superannuation purposes (see 'Payment of Benefits' above) may not be a tax dependant, and vice versa. For example, a child aged 18 or over who is a dependant for superannuation purposes and entitled to receive a death benefit will not be a tax dependant unless they are financially dependent on you or in an interdependency relationship with you. If that child is not financially dependent on you or is not in an interdependency relationship with you, the death benefit paid to that child will not be tax free. Further information about who is a dependant for superannuation and tax purposes can be obtained online at ato.gov.au.

Superannuation lump sum death benefits paid to non-tax dependants will be taxed at up to 15% plus the Medicare levy (if paid from a taxed source) and up to 30% plus the Medicare levy (if paid from an untaxed source). A non-tax dependant may include an adult child aged 18 years or older.

Where a death benefit is paid to the legal personal representative of a deceased estate, tax is payable according to who is intended to benefit from the estate. It may be tax-free if the lump sum death benefit is payable from the estate to tax dependants of the deceased.

Otherwise it will be taxed as a benefit paid to non-tax dependants. Note: the Medicare levy will not apply to a lump sum death benefit that is paid to a non-tax dependant via the deceased estate.

Where required, tax payable on a death benefit may be withheld before an amount is paid from the superannuation fund.

- **Terminal Illness**

Lump sum benefits paid from a superannuation fund to a person with a terminal medical condition are tax-free.

- **Total and Permanent Disablement**

Lump sum benefits received from a superannuation fund are divided into two components – a tax-free component and a taxable component. The tax-free component is always tax-free. The taxable component is taxed depending on the person's age and whether a taxed or an untaxed element exists. The taxation treatment of the taxable component is summarised below.

Age	Taxation treatment of taxable component (taxed element)+	Taxation treatment of taxable component (untaxed element)+
Under preservation age*	Lower of marginal tax rate [°] or 20% [°] on whole component	Lower of marginal tax rate [°] or 30% [°] up to \$1,515,000 [#] 45% [°] over \$1,515,000 [#]
Preservation age to age 59*	0% up to \$210,000 [^] Lower of marginal tax rate [°] or 15% [°] over \$210,000 [^]	Lower of marginal tax rate [°] or 15% [°] up to \$210,000 [^] Lower of marginal tax rate [°] or 30% [°] over \$210,000 [^] up to \$1,515,000 [#] 45% [°] over \$1,515,000 [#]
Age 60 and above	Tax free	Lower of marginal tax rate [°] or 15% [°] up to \$1,515,000 [#] 45% [°] over \$1,515,000 [#]

* A person's preservation age ranges from age 55 to age 60, depending on the person's date of birth.

+ The components of your payment will generally be required to be taken in the same proportion as the components in your account at the time of the payment.

[°] Plus any applicable levies.

[^] Low rate cap amount for the 2019/20 financial year. A different amount applies for the 2018/19 financial year. For details of the low rate cap amount for the 2018/19 financial year, go to ato.gov.au

[#] Untaxed plan cap amount for the 2019/20 financial year. A different amount applies for the 2018/19 financial year. For details of the untaxed plan cap amount for the 2018/19 financial year, go to ato.gov.au

For information on how the different tax components and elements are calculated, go to ato.gov.au or consult a tax professional.

In the case of a Total and Permanent Disablement lump sum benefit, the tax-free component may be increased to reflect the period from the date of ceasing gainful employment due to disablement until the member's last retirement day (generally their 65th birthday).

Where required, tax payable on a Total and Permanent Disablement benefit may be withheld before an amount is paid from the superannuation fund.

• Income Protection

If an Income Protection benefit becomes payable, this will typically be treated as your personal assessable income for tax purposes and will be subject to tax at your marginal tax rate. PAYG tax is payable on Income Protection benefits and will be deducted where applicable, before the monthly benefit is paid to you by or on behalf of the trustee of the relevant fund.

Tax payable on contributions and rollovers

Depending on your individual circumstances, tax may be applicable to any contributions or rollovers made to your Approved Superannuation Fund, SMSF or the Scheme to cover the costs of insurance premiums for any insurance cover held through a Superannuation Plan. Further information about tax payable on contributions and rollovers is available in Section 9.5, in relation to the Scheme. You should consult your professional tax adviser about the taxation of superannuation contributions and rollovers.

Contribution caps

There are limits (caps) on the amount you can contribute to your superannuation each financial year to be taxed at lower rates. Contribution caps exist to limit the amount that you can contribute to your superannuation each financial year and still receive concessional tax treatment. If your contributions exceed these caps, you may have to pay extra tax.

There are two contribution caps – one that applies to concessional contributions and one that applies to non-concessional contributions. Concessional contributions include employer and personal contributions claimed as a tax deduction. Non-concessional contributions include personal (after tax) contributions for which you do not claim an income tax deduction.

If you are a member of more than one superannuation fund, all concessional contributions made to all your funds count towards your concessional contribution cap and all non-concessional contributions made to all your funds count towards your non-concessional contributions cap.

For information about these contribution caps, including the caps that apply each year and how contributions are counted towards the caps, go to ato.gov.au or see Section 9.5.

Collection of your Tax File Number (TFN)

Superannuation trustees are authorised under superannuation law to collect, use and disclose your TFN for superannuation purposes. By law, you do not have to provide your TFN to the trustee but you should be aware of the following before deciding whether or not to provide it.

- The trustee can only use your TFN lawfully, to help identify your superannuation benefits, to help calculate any tax on those benefits, and to report it to the ATO.
- If you transfer benefits to another complying superannuation fund or Retirement Savings Account, the trustee can disclose your TFN to the trustee of that fund, unless you tell the trustee in writing not to. The trustee cannot disclose it to anyone else except the ATO.
- If you do not give your TFN to the trustee, or you give an incorrect TFN, then:
 - your superannuation fund may not be able to accept certain types of contributions to your account(s)
 - the trustee may have to deduct more tax from your benefits than it would otherwise need to (this tax may be reclaimed through the income tax assessment process)
 - the trustee may not be able to locate all your benefits, and
 - you may have to pay extra tax on your contributions, which may not have been payable had you provided your TFN to the trustee.
- The way in which the trustee is authorised to use your TFN and the impact of not providing it may change if the tax law changes.

You can obtain more information about TFNs by contacting us or visiting the ATO website (ato.gov.au) for general information. For additional information about TFNs relating to the Scheme, refer to Section 9.5.

8. Risks of holding insurance through superannuation

- **You will have no direct relationship with AIA Australia**

The owner of the policy under which your insurance benefits (which does not include any Linked Benefits) are provided will be the trustee of the relevant fund. As the Life Insured, you will have no direct legal relationship with us, unless you also purchase a Linked Benefit which is provided under a Policy issued to you.

- **Inability to access benefits unless you have met a condition of release**

You will be unable to access insurance cover which may pay a benefit in circumstances where a Permitted Condition of Release has not been satisfied. Additionally, if a benefit is paid in circumstances where the trustee determines that a condition of release has not been satisfied, that benefit payment may not be released.

- **Inconsistencies between your insurance policy and the trust deed or superannuation law**

Insurance benefits acquired through superannuation are subject to superannuation law and the governing rules of the relevant fund, as well as to the terms and conditions of the particular insurance benefits. If there is any inconsistency between the applicable insurance policy terms and conditions and the trust deed or superannuation law, the trust deed or superannuation law will prevail.

- **Refund of premiums not available**

If you change your mind about holding insurance through superannuation, you may not be entitled to receive any refund of premiums paid in cash, as superannuation preservation rules may require that the refund is paid to the relevant fund or rolled over to another superannuation product.

- **Additional tax may be payable**

Depending on your tax circumstances, the benefit may be subject to more tax than would otherwise apply if the benefit was paid from the same insurance held outside of superannuation.

- **Contribution limits apply to superannuation each year**

Any concessional or non-concessional contributions you make in order to pay premiums will reduce the amount of concessional or non-concessional contributions that may be contributed in a financial year to other superannuation accounts you hold that may be eligible for concessional tax treatment. If you exceed the applicable limits on concessional or non-concessional contributions in a year, you may incur additional tax and other penalties.

- **Reduced retirement savings**

Where you choose to pay premiums by rollover from another superannuation fund and do not make extra contributions to negate the premium cost, your retirement savings in that other superannuation fund will be reduced, which means you may have less available to you on retirement than otherwise may have been the case.

- **Changing superannuation and taxation laws**

Taxation or superannuation laws may change in the future, altering the suitability of holding insurance in superannuation.

- **A service change or interruption**

Risks also include the possibility of changes to the relevant fund, disruption of its systems or changes to the fund's internal operations, such as changes to key staff involved in the management of the fund.

- **Cover may be cancelled**

In certain circumstances, insurance cover that is held within a superannuation fund may have to be cancelled by the relevant trustee where required by law. For example, where your account in the relevant fund in relation to the insurance cover is inactive for a period of 16 months (that is, no contribution or rollover is made to the account for this period), superannuation law may require the trustee of the relevant fund to cancel the Policy under which your Superannuation Plan benefits are provided, unless you have provided an election to retain the cover.

9. When cover begins and ends

Insurance through a Superannuation Plan will begin on the commencement date shown on your Policy Schedule and end at the earliest of:

- your superannuation account in the relevant fund holds insufficient monies to pay the relevant premium
- the relevant fund ceases to be a complying superannuation fund
- you are no longer eligible to contribute to the relevant fund under superannuation law
- you cease to be a member of the relevant fund in which the Superannuation Plan benefits are held, or
- the relevant insurance cover or benefit ends.

9.2 Superannuation PLUS

Your optional benefit

Superannuation PLUS gives you the opportunity to purchase benefits that are generally not available through superannuation, such as Crisis Recovery and TPD (Own Occupation) cover.

Availability

Superannuation PLUS can be acquired by you outside super if the trustee of the relevant fund has purchased a Superannuation Life Cover Plan for you.

In this section

- 9.2.1 Benefit overview
- 9.2.2 How Superannuation PLUS works
- 9.2.3 Limitations

9.2.2 How Superannuation PLUS works

When you purchase Linked Benefits through Superannuation PLUS, it gives you access to benefits not generally available within your Superannuation Plan.

When a claim is payable on a benefit acquired through Superannuation PLUS, the monies will be paid directly to you as the Policy Owner or your beneficiaries, rather than under the Policy held by the trustee of the relevant fund.

The policy fee will be applied to the Superannuation Life Cover Plan where applicable.

Note: the TPD and Crisis Recovery Sum Insured amount cannot exceed the Life Cover Sum Insured.

If Premium Freeze and Benefit Indexation is applied to your Superannuation PLUS benefit, it must also be applied to the Superannuation Life Cover Sum Insured and vice versa.

9.2.3 Limitations

Benefit reductions

If a claim is payable under one of the Superannuation PLUS benefits, we will pay the Sum Insured amount directly to the Policy Owner of the Policy that provides the Superannuation PLUS benefit. The Sum Insured for Life Cover or any TPD benefit held under your Superannuation Life Cover Plan then reduces by the same amount.

Note: when a full claim is payable under Double TPD, Double Universal TPD or Double Crisis Recovery, the Life Cover Sum Insured does not reduce.

9.2.4 When cover ends

If cover ends under your Superannuation Life Cover Plan, your selected Superannuation PLUS cover will also end. See Section 9.1 for more information.

9.3 Maximiser

Your optional benefit

Maximiser provides access to enhanced TPD definitions that are not available within superannuation by splitting the cover and the cost across the Superannuation and Ordinary Plans Policy.

Availability

- Maximiser is available if you have purchased a Superannuation Life Cover Plan, and selected TPD or Double TPD cover under an 'Any Occupation' definition.
- Maximiser can be purchased as a Linked Benefit outside super to:
 - TPD as a Rider Benefit to Life Cover inside super
 - TPD Stand Alone inside super
 - Double TPD as a Rider Benefit to Life Cover inside super.
- All Occupation Categories are eligible except for Occupation Category D, E and Home Duties.

9.3.1 Benefit overview

Premium Freeze		
Allows you to keep your premium the same for the following year by reducing your Sum Insured amount. You must be at least 35 years old and paying Stepped premiums.	❖	7.1

9.3.2 How Maximiser works

When you purchase Maximiser, it gives you access to enhanced TPD definitions not available within your Superannuation Life Cover Plan.

Maximiser gives you access to the enhanced TPD 'Own Occupation' definition outside of super and the TPD 'Any Occupation' definition inside super and splits the total cost across the two policies.

By linking the two definitions inside and outside of super, it means that we only pay the full TPD Sum Insured under one definition (never both).

Your claim will first be assessed under the TPD 'Any Occupation' definition within super and if this is not met your claim will then be assessed under the TPD 'Own Occupation' definition outside of super.

Note: under Maximiser the TPD Sum Insured must be the same amount inside and outside of super.

Example:

Under Maximiser, the Partial and Permanent Disablement benefit may be payable outside of super under an Ordinary Life Cover Plan.

Adding Superannuation PLUS Cover

Superannuation PLUS can be purchased with Maximiser at an additional cost if you have selected TPD or Double TPD as a Rider Benefit to Life Cover or TPD Stand Alone.

If you have selected TPD as a Rider Benefit under a Superannuation Life Cover Plan, the benefits available outside super under a Superannuation PLUS policy are:

- Crisis Recovery
- Crisis Recovery Buy-back
- Crisis Reinstatement
- Family Protection
- Needlestick Injury (Occupation Category M only), and
- Waiver of Premium.

If you have selected Double TPD as a Rider Benefit to Superannuation Life Cover, then the above benefits are available through Superannuation PLUS, except for the Waiver of Premium benefit.

If a claim is paid for a Crisis Recovery benefit under such a Superannuation PLUS Policy, the applicable TPD or Double TPD benefit and the Maximiser benefit will be reduced by the amount of the claim paid.

Where the Life Cover Purchase benefit has been selected as a Rider Benefit under the TPD Stand Alone benefit, the Life Cover Purchase is able to be exercised after a TPD Stand Alone or Maximiser claim.

9.3.3 Limitations

Benefit reductions

The insurance cover in your Superannuation Plan will be reduced by an amount equivalent to the Maximiser benefit paid.

The Maximiser Sum Insured will be reduced by the amount of any claim paid on the following Built-in or Rider Benefits:

- TPD or Accidental TPD (with an 'Any Occupation' definition only)
- Partial and Permanent Disablement
- Accidental Partial and Permanent Disablement
- Loss of Independence
- Day 1 TPD
- Crisis Events** (Built-in Benefit to Crisis Recovery and Double Crisis Recovery)
- Partial Payments** (Built-in Benefit to Crisis Recovery and Double Crisis Recovery)
- Death Cover** (Built-in Benefit to Crisis Recovery), and
- Death or Terminal Illness* (Built in Benefit to Life Cover).

The Maximiser Sum Insured will also be reduced by the amount of any Final Expenses* claim paid to the extent necessary to ensure the Maximiser Sum Insured is not higher than the Life Cover Sum Insured.

The Partial and Permanent Disablement benefit is only payable within an Ordinary Life Cover Plan.

If the Sum Insured is reduced under one Policy, the same reduction will apply to the other linked Policy.

*The Maximiser Sum Insured will not be reduced by a claim on the above benefits where the TPD or Crisis Recovery cover (as applicable) is held as a Stand Alone benefit.

**When linked to TPD under Superannuation PLUS only.

Claims assessment

With Maximiser your TPD claim will first be assessed within the Superannuation Life Cover Plan to confirm if you meet the TPD 'Any Occupation' definition. If you meet the TPD 'Any Occupation' definition, a benefit payment is made to the trustee of the relevant fund.

If you do not meet the TPD 'Any Occupation' definition, your claim will then be assessed within the Ordinary Life Cover Plan to see if you meet the TPD 'Own Occupation' definition. If you meet the TPD 'Own Occupation' definition, a benefit payment is made to you.

Waiver of Premium

When the Waiver of Premium benefit is purchased as a Rider Benefit to Life Cover under a Superannuation Life Cover Plan, we will not Waive premiums for the Life Cover benefit when the Superannuation Life Cover Sum Insured has been reduced by a claim under Maximiser.

Benefits not available

The Superannuation PLUS benefits not available with Maximiser are:

- Double Crisis Recovery
- Universal TPD
- Double Universal TPD
- Accidental TPD, and
- TPD Buy-back.

9.3.4 When cover ends

If cover ends under your Superannuation Life Cover Plan, your selected Maximiser cover will also end and vice versa. See Section 9.1 for more information.

9.4 Super Extras

Your optional benefit

Superannuation law restricts the payment of certain benefits within Income Protection cover, so Super Extras allows you to set up your Income Protection cover inside and outside of super, giving you access to enhanced cover and optional benefits not available inside super.

It also allows you to pay part of your premium from super and structure your Income Protection cover in a tax-effective way. Speak to your financial adviser or tax adviser for further details.

In this section

- 9.4.1 Benefit overview
- 9.4.2 How Super Extras works
- 9.3.3 Limitations
- 9.3.4 When cover ends

Availability

- Super Extras is available if you have purchased Income Protection or Income Protection Accident Only cover under a Superannuation Income Protection Plan.
- To access the Advantage Optional, PLUS Optional benefits or Income Protection Lump Sum within Super Extras you must:
 - be in an Occupation Category other than Category E or Home Duties, and
 - be in Full-time Employment.

9.4.1 Benefit overview

Super Extras provides you with a non-superannuation version of each benefit you have selected under your Income Protection or Income Protection Accident Only Cover (as applicable), as well as built-in benefits which are available under Income Protection or Income Protection Accident Only cover (as applicable) when purchased under an Ordinary Income Protection Plan (see Sections 5.1–6).

Super Extras allows you to select a number of optional benefits. Table 19 shows the optional benefits available under Super Extras. The brief descriptions given in the table are a summary only. For the detailed terms, please refer to the relevant section noted in the table below. The benefits that apply to you will be shown on your Policy Schedule.

9.4.2 How Super Extras works

By purchasing Super Extras as a Linked Benefit to your Superannuation Income Protection Plan, it allows you to access Income Protection cover inside and outside of super.

Income Protection benefits that cannot be paid within superannuation because they do not satisfy a Permitted Condition of Release (see Section 9.1) may be paid outside of the superannuation via Super Extras instead.

If an Income Protection claim is made, it will firstly be assessed under the Superannuation Income Protection Plan. If we accept the claim and we consider the benefit payment payable under superannuation law, the benefit will be paid to the trustee of the relevant fund. The trustee will then process the benefit according to the governing rules of the superannuation fund and superannuation law.

If we accept the claim and consider that the benefit payment is not payable under superannuation law, the benefit will be paid to you under your Super Extras Policy.

Outside super Linked Benefits	Inside super (Superannuation Income Protection Plan)
Owned by you through Super Extras cover	Owned by the trustee of the relevant fund
Pays benefits available under Super Extras (less any benefits payable inside super)	Pays benefits permitted under super law

The applicable policy fee will be applied to the Superannuation Income Protection Plan.

9.4.3 Limitations

Super Extras is only available as an Indemnity based cover, unless the Policy is replacing Agreed Value Super Extras from AIA Australia and the cancel and replace is being performed to facilitate a change of ownership or correct an administrative error affecting the existing policy.

The Insured Monthly Benefit amount and the cover type (e.g. Indemnity) under both your Income Protection Policies must be the same at all times.

The total benefit payable under both Policies cannot exceed the total Insured Monthly Benefit under the Superannuation Income Protection Plan.

Benefit reductions

If the Insured Monthly Benefit for your Income Protection benefit is reduced under either the Superannuation Policy or the Linked Benefit, the same reduction will apply to the other Policy. We may also reduce the Insured Monthly Benefit under the Superannuation Income Protection Plan so that it does not exceed 100% of your Pre-disablement Income. If this occurs, the amount of such reduction can be paid under a Linked Benefit (Super Extras), if applicable. See Section 5 for the exclusions that apply to all Income Protection cover.

9.4.4 When cover ends

If cover ends under your Superannuation Income Protection Plan, your selected Super Extras cover will also end and vice versa. See Section 9.1 for more information.

9.5 AIA Insurance Superannuation Scheme No2

1. Important information

This section only applies to you if you intend to acquire your Priority Protection insurance benefits via the AIA Insurance Superannuation Scheme No2 (**Scheme**). If you wish to do this, you will need to become a member of the Scheme. This section provides information about the Scheme, including applying for membership, making contributions and how benefits will be paid if you have a claim.

The Scheme is a risk only superannuation product issued out of the Aon Master Trust, which is a regulated superannuation fund under the *Superannuation Industry (Supervision) Act 1993* and is governed by a trust deed and superannuation law.

When you choose to structure your Superannuation Life Cover Plan or Superannuation Income Protection Plan through the Scheme, you will become a member of the Scheme and the Policy under which your selected insurance covers are provided will be owned by Equity Trustees Superannuation Limited (ABN 50 055 641 757, AFSL 229757) as the trustee of the Scheme. The trustee of the Scheme holds the Policy for your benefit. References to the 'trustee' in Section 9.5 of this PDS are references to the trustee of the Scheme.

There are risks associated with membership of the Scheme and any insurance cover obtained through the Scheme. For information about risks associated with Priority Protection insurance policies, see Section 10.1 of this PDS. For information about risks associated with insurance through superannuation, see Section 9.1.

The financial adviser that sells and advises you about Priority Protection insurance is not an agent or representative of the trustee of the Scheme. You should ensure you obtain advice that takes into account your personal situation, objective or needs when deciding whether to acquire Priority Protection insurance through the Scheme.

2. About the Scheme

The trustee has delegated administration of the insurance benefits within the Scheme to Insurance and Superannuation Administration Services Pty Ltd ABN 31 058 682 876 (ISAS or Scheme Administrator). The trustee has also delegated certain reporting and other functions relating to the Aon Master Trust, including the Scheme to Aon Hewitt Limited ABN 48 002 288 646 (Fund Administrator).

At the date of this PDS, each of ISAS and Aon Hewitt Limited have given and not withdrawn their consent to be named in the form and context in which they have been named in the PDS.

AIA Australia has agreed with the trustee to pay any costs and expenses of operating the Scheme that cannot be met from other Scheme monies, including costs payable to the service providers. The cost of any insurance cover obtained by you as a member of the Scheme is payable by you by transfer or contribution of money

into the Scheme. Information about the cost of insurance cover (including associated fees) is set out in Section 11.

If the Scheme is terminated, the trustee will consult with AIA Australia to make provision for the transfer of members' benefits in the Scheme to another arrangement within the superannuation system. Transfer could be by way of successor fund transfer to another regulated superannuation fund.

Website disclosures

The trustee is required to disclose certain information about the trustee and the Aon Master Trust on a website.

The trustee's website eqt.com.au contains information and documentation relevant to the Scheme, including the Aon Master Trust trust deed, this PDS, the trustee's most recent annual report, the names of each outsourced service provider to the Aon Master Trust and other disclosures that must be shown on a website under superannuation law.

3. Membership of the Scheme

If you want to obtain Priority Protection insurance benefits through superannuation, you can become a member of the Scheme. The trustee of the Scheme will be the owner of the Policy for the purposes of providing access to insurance benefits under a Superannuation Plan – either a Superannuation Life Cover Plan or Superannuation Income Protection Plan issued by AIA Australia, depending on the benefits you choose. Any insurance benefit due under a Superannuation Plan must be paid to, or on behalf of, the trustee of the Scheme. The trustee of the Scheme can only pay a benefit from the Scheme to you (or your beneficiaries) if it is permitted to do so under the trust deed governing the Scheme and superannuation law.

As a risk-only member of the Scheme, your only benefits in the Scheme will be any insurance benefits payable by AIA Australia under a Superannuation Plan. The trustee does not guarantee payment of any benefit, as any insurance benefits depend on you satisfying Policy criteria relevant to your claim.

Applying for membership

You apply to the trustee for membership of the Scheme at the same time as you apply to AIA Australia for insurance cover. While your application is being assessed, your initial or instalment premium will be held in a trust account held by the trustee until the Policy is issued by AIA Australia. Any interest earned on the account while your initial or instalment premium is held within that account will be retained by the trustee for Scheme purposes and will not be returned to you.

Your membership of the Scheme will not commence until AIA Australia has assessed your application for insurance cover and has agreed to issue the Policy you have applied for to the trustee of the Scheme.

To be eligible to apply for membership and to remain a member of the Scheme, you must meet the eligibility requirements required by the Scheme's trust deed and by superannuation law.

Importantly, you must be eligible to contribute to superannuation or have contributions made on your behalf, or be able to meet the cost of premiums by rolling over superannuation benefits from another complying superannuation fund. Generally, this will mean that you must be:

- under age 65, or
- age 65 or over and under age 75 and gainfully employed for at least 40 hours in a period of 30 consecutive days in the financial year in which the contributions are made (if premiums are made via contributions from your spouse you must be aged under 70). This is known as the 'work test' rule, or
- age 65 or over and paying the required premiums via rollover from another complying taxed superannuation fund.

Note: from 1 July 2019, if you are aged 65 to 74 and do not satisfy the 'work test' rule, you may make voluntary contributions (i.e. concessional or non-concessional contributions) to superannuation provided you:

- satisfied the work test in the financial year prior to the financial year in which the contributions are made
- have a total superannuation balance of less than \$300,000 at the end of the previous financial year,* and
- have not relied on this work test exemption to make voluntary contributions in any previous financial year.

*For details as to how your total superannuation balance is calculated, consult a financial adviser or go to ato.gov.au

If you qualify, this work test exemption applies for 12 months from the end of the financial year you last met the work test.

The trustee will require you to submit a work test declaration form, which confirms that you have met the work test requirements before the trustee can accept the contribution. The concessional and non-concessional contribution caps still apply.

4. Tax File Number (TFN)

In order for the trustee to issue you with membership of the Scheme and accept contributions on your behalf, you must provide the trustee with your TFN. You don't have to provide your TFN, however if you do not provide your TFN, you cannot participate in the Scheme.

The trustee can only use your TFN to help identify your superannuation benefits and to help calculate any tax on those benefits and to report it to the ATO. If you transfer benefits to another complying superannuation fund or retirement savings account, the trustee can disclose your TFN to the trustee of that fund, unless you tell the trustee in writing not to. The trustee cannot disclose your TFN to anyone else except the ATO. For more information about TFNs, refer to Section 9.1.

5. Membership fees and costs

There are no fees or costs charged to you for Scheme membership other than the cost of insurance cover and any associated policy fee and premium frequency charges as set out in Section 11 and if your premiums are funded by non-concessional contributions, expenses associated with the Scheme are met from the benefit of any tax deduction that is not passed on to you. The only insurance premiums payable through the Scheme are premiums associated with insurance cover under a Superannuation Life Cover Plan or Superannuation Income Protection Plan. Premiums associated with insurance cover outside superannuation (including under Linked Benefits attached to your Superannuation Plan(s)) cannot be paid through the Scheme.

When calculating the cost of insurance cover payable by you through the Scheme (and the superannuation contribution or rollovers to the Scheme), you should note that the benefit of tax deductions that the trustee receives in relation to the premiums paid to AIA Australia is generally passed on to you (either by offsetting tax payable by the trustee on concessional contributions or on untaxed rollovers, or by a rebate on taxed rollovers) unless your premium payment is funded by a non-concessional contribution in which case the benefit of any tax deduction is retained in the Scheme to meet expenses relating to the Scheme.

You will be notified in advance of any fee changes that are, or result in, an increase in fees or costs for you. AIA Australia may provide notification of insurance-related fees and costs to you directly.

To the extent commissions (and other monetary or non-monetary benefits) are given to financial advisers or others, the commissions or benefits are paid by AIA Australia out of the insurance premiums it receives from the Scheme. The commissions or other benefits are not given by the trustee. Your financial adviser should provide you with information about commissions or other benefits they receive, for example, in the Statement of Advice they provide you.

Cancellation of your insurance and Scheme membership

You can cancel some or all of your insurance cover through the Scheme. Where you cancel all your insurance cover, your membership of the Scheme will also cease, and vice versa. To cancel all your insurance cover and Scheme membership, or cancel some of your insurance cover, you will need to send your written cancellation request to the trustee of the Scheme (refer to Section 10.2 for further information about cancelling insurance cover including information about any refund of premiums and cancellation charges that may apply). If you send your cancellation request to AIA Australia, AIA Australia may need to confirm your request with the trustee of the Scheme.

The trustee of the Scheme will deal with any amounts refunded on cancellation of your insurance cover in accordance with superannuation tax and preservation rules. Any premium you paid as a superannuation contribution or by way of rollover into the Scheme (less allowable adjustments, for example, for taxes) must usually be preserved and cannot be refunded to you directly unless permitted under superannuation laws. You must provide details of another complying superannuation fund so that the trustee of the Scheme can transfer any preserved money into that fund.

Cancellation of Scheme membership within cooling-off period

The Scheme provides a cooling-off period of 28 days, commencing at the earlier of the day the trustee accepts your application for membership of the Scheme and the end of the 5th day after the date the trustee issues confirmation of your membership. During this period you can cancel your membership of the Scheme by sending your written cancellation request to the trustee of the Scheme and your insurance cover via the Scheme will also cease. Any premiums you have paid (including the policy fee) will be refunded to the Scheme and, after adjustment for any taxes payable by the trustee, will be dealt with by the trustee in accordance with superannuation tax and preservation rules. You will lose the right to cancel your Scheme membership under the cooling-off regime if you have exercised any right or power under the Scheme (including under a Policy held through the Scheme). This means, for example, that premiums will not be refunded where you have made a claim and your Scheme membership will not cease until your claim (and any benefit payment, if applicable) is finalised. Otherwise the trustee of the Scheme will transfer any preserved money to the Scheme's nominated ERF or to the ATO – see 'Transfer of Scheme monies' in this section.

6. Contributions and transfers

The contributions paid by you or on your behalf to the trustee will be used for the purpose of paying the premiums for your insurance benefits under the Superannuation Plan. Contributions will not be invested on your behalf and will not earn investment returns.

You must fund the cost of the entire annual premium for the Policy by way of contribution to the Scheme or alternatively by way of a rollover or transfer from another complying superannuation fund.

As long as you meet the eligibility requirements under superannuation legislation, the Scheme can accept contributions from you personally or from your spouse or employer on your behalf.

Personal and spouse contributions can be made in various ways including by direct debit or credit card. For further information, contact the Fund Administrator (see contact details at the end of this PDS).

Your employer can make contributions to the Scheme while you are a member. Employer contributions (voluntary or compulsory) must be made using a SuperStream compliant method. SuperStream is a government reform aimed at improving the efficiency of the superannuation system. All contributions made to the Scheme will be reported as personal non-concessional unless a contribution remittance from your employer is received by the Scheme with each contribution made and complies with SuperStream standards.

Under superannuation legislation, the Scheme cannot accept certain types of contributions. For example, it cannot accept member contributions where the member does not satisfy the eligibility requirements noted above under the 'Membership of the Scheme' section. If the trustee inadvertently receives a contribution that it cannot accept, it must refund the amount after deducting any permissible charges and your Policy may lapse or be cancelled.

Please be aware that the Scheme is not an investment vehicle and does not accept contributions or rollovers in excess of the amount of annual premium due for the insurance cover you hold in the Scheme. Consequently, there is generally no accumulated money in your account and the Scheme will be unable to process any release authority issued by the ATO.

Government and downsizer contributions

The Scheme does not accept contributions from the government. If you are eligible for a government co-contribution or Low Income Superannuation Tax Offset, you will need to nominate another superannuation fund to the ATO so that it can pay your entitlement.

In addition, the Scheme does not accept downsizer contributions (i.e. in summary, contributions up to \$300,000 from the proceeds of selling your home if you are 65 or older and meet other eligibility requirements).

Transfer of money from other superannuation funds

As the Scheme is not an investment vehicle, the trustee will only accept transfers from other complying superannuation funds or superannuation funds that are exempt from complying status (e.g. constitutionally protected funds) if the transferred amount is less than or equal to the annual premium for your insurance cover.

If you fund the cost of a Superannuation Plan by rolling over or transferring amounts from a taxed complying superannuation fund yearly or half-yearly in advance, you will only need to rollover or transfer 85% of the premium requested by AIA Australia in connection with your cover. This is because you generally will be given the benefit of tax deductions that the trustee receives in

respect of premiums paid by the trustee to AIA Australia. These deductions are in the form of a 15% rollover rebate which reduces the cost of your insurance that needs to be funded by you.

This rebate may be withdrawn or changed and you will be notified if this occurs.

If you fund the cost of a Superannuation Plan by rolling over or transferring amounts from an untaxed superannuation fund that is exempt from complying status (e.g. constitutionally protected funds) yearly or half-yearly in advance, you will need to rollover or transfer 100% of the premium requested by AIA Australia in connection with your cover. This is because the trustee must pay tax on your untaxed roll-in/transferred amount, which is offset by the tax deduction available to the Scheme for the premiums paid by the trustee to AIA Australia, however there is no resulting tax credit amount able to be passed on to you.

Contribution caps

There are limits (caps) on the amount you can contribute to your superannuation each financial year to be taxed at lower rates. Contribution caps exist to limit the amount that you can contribute to your superannuation each financial year and still receive concessional tax treatment. If your contributions exceed these caps, you may have to pay extra tax. See Section 9.1 for further information regarding these caps.

7. Withdrawing contributions

Under superannuation law you cannot usually withdraw contributions once they have been paid, as superannuation contributions are preserved until you meet a condition of release under superannuation law including, for example, a Permitted Condition of Release (see Section 9.1).

8. Payment of benefits

The trustee can only pay benefits paid to it under a Superannuation Plan to you, your beneficiaries or legal personal representative if it is permitted to do so under the Scheme's trust deed and superannuation law.

The trustee does not guarantee the payment of any benefit, as any insurance benefits depend on you satisfying Policy criteria relevant to your claim.

If you pass away, AIA Australia will pay a lump sum equal to the insured amount under the Life Cover, Term Cover, Accidental Death and/or Income Protection benefits (as applicable under a Plan relevant to your account in the Scheme), to the trustee who will deal with the benefit in accordance with the Scheme's trust deed and superannuation law. Superannuation law generally requires death benefits to be paid to one or more dependants or to your legal personal representative. These terms are explained in Section 9.1.

You can nominate the beneficiaries of your death benefit when you complete your application for membership of the Scheme (see 'Nominating beneficiaries' in this section). You may only nominate beneficiaries who are your dependants (as defined by superannuation law) or your legal personal representative.

Under the Scheme's trust deed, the Trustee may pay interest on the amount of an insured benefit received by the Trustee pending its payment or application, to or in respect of a member of the Scheme, at a rate of interest determined by the Trustee. The payment of interest is at the sole discretion of the Trustee. Interest will only be payable where the Trustee considers that there has been an unreasonable or exceptional delay in the payment or application of insured benefits by the Trustee.

The trustee may request information or evidence to establish a person's eligibility before making a death benefit payment from the Scheme.

9. Nominating beneficiaries

You can make either a non-lapsing binding nomination or a non-binding nomination in the Scheme at the time you apply for membership of the Scheme, or at a later time, by using the relevant form. If the trustee has not received a binding nomination that is valid and effective at the date of your death, the benefit may be paid to one or more of your spouse, other dependant or your legal personal representative.

If you submit a nomination of beneficiary as part of your application for membership of the Scheme, that nomination of beneficiary will also apply to any Complimentary Interim Accidental Death Cover benefit payment AIA Australia makes directly to you (outside the Scheme).

If you do not submit any nomination of beneficiary (either a non-lapsing binding nomination or a non-binding nomination) to the trustee of the Scheme, any Complimentary Interim Accidental Death cover benefit will be paid by AIA Australia to your legal personal representative (your estate).

Non-lapsing Binding Nomination

If you provide a valid and effective non-lapsing binding nomination to the trustee, the trustee must pay the death benefit in accordance with your nomination as long as the person(s) that you nominate to receive the benefit or share of the benefit is eligible to receive it at the date of your death and the nomination is valid and effective at the date of your death.

If anyone you nominate is not entitled to receive a share of your benefit, the trustee may distribute that person's share according to the trustee's discretion.

Conditions applying to non-lapsing binding nominations are as follows:

- To be valid, a non-lapsing binding nomination must be in writing in the approved form. It must also be signed and dated by you in the presence of two witnesses who must each sign and date the declaration where indicated and set out their full name and date of birth. Each witness must be 18 years of age or over and must not be one of your nominated beneficiaries.
- The nomination must specify the proportion of the benefit to be paid to each nominated beneficiary and the total nomination must add up to 100%.
- You can only nominate beneficiaries who are either your dependants (as defined by superannuation law, see Section 9.1) or your legal personal representative.
- A nomination is effective only when it is received and consented to by the trustee.
- You may revoke or change your nomination at any time by completing a new, valid non-lapsing binding nomination and lodging it with the trustee. You may also change your nomination from binding to non-binding at any time.
- A valid non-lapsing binding nomination is valid and effective for the entire term you are a member, unless one or more of the nominated beneficiaries is not an eligible beneficiary at the time of payment (in which case the non-lapsing binding nomination is not valid and effective in relation to the nomination of non-eligible beneficiaries only), or another nomination (whether binding or non-binding) is lodged with the trustee or the nomination is revoked by you.

Non-binding Nomination

If you provide a non-binding nomination to the trustee, the trustee will take your wishes into account, along with all other available information, but has complete discretion in deciding who will receive the benefit payable from the Scheme on your death.

The trustee may pay the death benefit to one or more of your dependants in whatever proportions the trustee decides or may pay some or all of a death benefit to your legal personal representative to be distributed as part of your deceased estate.

Conditions applying to non-binding nominations are as follows:

- A non-binding nomination does not need to be witnessed to be a valid nomination.
- A non-binding nomination is effective only when it is received by the trustee.
- A non-binding nomination is valid for the entire time that you are a member of the Scheme, unless you lodge another valid nomination with the trustee.
- You may revoke or change your non-binding nomination at any time by completing a new, valid non-binding nomination and lodging it with the trustee. You may also change your nomination from non-binding to binding at any time.

Who can receive the benefit if I pass away?

You can nominate the beneficiaries to receive your death benefit from the Scheme in your application for membership of the Scheme or, at a later time, by completing a Nomination of Beneficiary Membership Application (AIA Insurance Super Scheme No2). You may only nominate beneficiaries who are your dependants (as defined by superannuation law) or your legal personal representative. These terms are explained in Section 9.1. The trustee may request information or evidence to establish eligibility before making a death benefit payment from the Scheme.

10. Taxation

Tax laws (and tax thresholds applicable under tax laws) can change from time to time. How the tax laws may affect you depends on your individual circumstances so you should obtain advice about your own tax situation.

This general information about the taxation of superannuation is based on tax laws effective as at the date of preparation of the PDS. Further information, including updated information about tax thresholds, such as limits for concessional and non-concessional contributions or concessional tax benefits, is available at ato.gov.au. See Section 9.1 of this PDS for more information.

Tax payable by the Scheme

Concessional contributions to superannuation funds and rollovers from untaxed sources can currently be taxed up to 15%, payable by the trustee. However, since the trustee is able to claim a tax deduction for premiums paid to AIA Australia under a Superannuation Life Cover Plan and a Superannuation Income Protection Plan, there is generally no tax payable by the Scheme on your concessional contributions or untaxed rollovers because the benefit of the tax deduction received offsets any tax payable (this is subject to change if tax deductions are not obtained).

An extra 15% tax is payable where an individual's income (for surcharge purposes) plus concessional contributions exceeds \$250,000. The tax is payable on the lesser of the individual's concessional contributions (minus any excess concessional contributions) and the excess over \$250,000. This additional tax is assessed by the ATO and payable by the individual personally.

Benefits payable from the Scheme may also be subject to tax, depending on the nature of the benefit and taxation components (see Section 9.1).

The trustee must do whatever is necessary to ensure compliance with relevant taxation law (including withholding tax on benefits if required).

Is there a tax deduction for superannuation contributions?

It may be possible for an individual to claim a tax deduction (in the individual's tax return) on personal contributions paid to the Scheme if the individual meets the eligibility criteria under taxation law. For information about the eligibility criteria, go to ato.gov.au

If eligible, a notice of the person's intention to claim a tax deduction (called a section 290-170 notice) must be submitted to the Trustee by the earlier of:

- the day the person lodges their tax return for the financial year in which the contribution was made, or
- the end of the financial year after the year in which the contribution was made,

and the trustee must acknowledge a deduction notice. Contributions for which a tax deduction is obtained by an individual are concessional contributions, and subject to the limit on concessional contributions the individual can make in a financial year.

Note: you can only submit a deduction notice while you are a Scheme member. Also, a deduction notice covering a contribution may not be valid in certain circumstances, for example, where the individual is no longer a member of the Scheme or the trustee no longer holds all or part of the contribution because an amount has been withdrawn or rolled over to another superannuation fund.

All employer contributions are generally tax deductible for/to the employer when made on behalf of employees to a complying superannuation fund:

- on or before the day that is 28 days after the end of the month in which the employee turns 75
- where the contribution reduces the employer's Superannuation Guarantee charge percentage, or
- where the employer was required to make the contribution by an Australian law, industrial award, determination or notional agreement preserving State awards that is in force.

11. Transfer of Scheme monies

If money is held for you in the Scheme, it can, in some circumstances, be transferred to an Eligible Rollover Fund (ERF) or the ATO, where it will be held until it can be paid to you, a fund you nominate, or (if a death benefit) to your beneficiary or legal personal representative.

The circumstances in which money held for you can be transferred to an ERF or the ATO include:

- if the Superannuation Life Cover Plan or Superannuation Income Protection Plan Policy is cancelled and the trustee is holding contributions or rollovers/transfers into the Scheme that have not yet been applied towards payment of premiums
- the cancellation results in a refund of premiums by AIA Australia to the trustee of the Scheme, or
- the trustee is unable to pay your insured benefit to you because you do not meet a condition of release.

The trustee will transfer your money in the Scheme (after giving you prior written notice of its intention to do so) if you do not inform the

trustee of an alternative superannuation fund within the time frame set out in the notice. Your consent to the transfer is not required.

If your money in the Scheme is transferred to the ATO:

- you will have ATO-held super, from where it may be claimed once you've met certain conditions or transferred to another complying superannuation fund in which you are a member
- the ATO will not be able to accept any ongoing contributions from you or your employer, however other amounts from other superannuation funds may also be transferred to your ATO-held super, and
- the ATO-held super does not provide insurance benefits. Any insurance cover you had as part of the Scheme will lapse on transfer to the ATO (if it has not previously ceased for some other reason).

You can find information about ATO-held super at ato.gov.au or through a myGov account linked to the ATO.

If your money in the Scheme is transferred to an ERF:

- you will become a member of the ERF, which means that your money will be governed by the
- ERF's rules, including the ERF's fee structure
- the ERF may not be able to accept any ongoing contributions from you or your employer, but rollovers from other superannuation funds may be permitted, and
- an ERF does not offer insurance benefits. Any insurance cover you had as part of the Scheme will lapse on transfer to an ERF (if it has not previously ceased for some other reason).

10. Important information about your Policy

10.1 Risks

There are some significant risks associated with life insurance provided by AIA Australia.

Selection of wrong product

You may choose an insurance product that does not meet your needs. You should read this PDS carefully and consult your financial adviser to prevent this.

Inadequate amount of insurance

You may select the correct insurance product for your needs, but you might not choose enough cover. This might cause you to suffer financial hardship after receiving your benefit payment. You will need to assess your needs carefully to ensure that this does not occur. Again, a financial adviser may be able to help you.

Inability to obtain an increase in cover

You may not be able to obtain an increase in cover because of your particular health or circumstances, now or in the future. You should therefore ensure you do not allow your existing cover to lapse or to be cancelled until new insurance cover is firmly in place.

Insurance cover may cease to meet your needs

Your changing circumstances may result in your insurance cover ceasing to meet your needs. Additionally, some of your insurance benefits may operate differently as you get older. For example, where you select a Total and Permanent Disablement benefit, the conditions that need to be satisfied in order to validly claim on that benefit may change once you reach a certain age. You should review your insurance needs on an ongoing basis.

Premium rates

Notwithstanding the premium rates guarantee (see Premiums in Section 11.2), your premiums may be varied from time to time.

Late payment of premiums

If you or the trustee (where applicable, in the case of cover held through a Superannuation Plan) do not pay your premiums within 60 days of the premium due date, your Policy will lapse. Although you or the trustee (where applicable) can apply for reinstatement of the Policy upon payment of the unpaid premium with compound interest, we may require evidence of continued good health and eligibility before reinstating the Policy and you will not be covered for any symptoms that were apparent before the reinstatement.

In this section

- 10.2 General terms and conditions
- 10.3 Taxation
- 10.4 Privacy
- 10.5 Complaints in relation to your Policy

Electing to freeze premiums

If you elect to freeze premiums, your Sum Insured will reduce on each Policy Anniversary date. This may not suit your insurance needs and you should consider consulting a financial adviser before making this choice.

Duty of disclosure

Before you enter into a life insurance contract, you have a duty to tell us anything that you know, or could reasonably be expected to know, which may affect our decision to insure you and on what terms. See 'Getting Started' at the beginning of this document.

Holding insurance within superannuation

There are risks associated with structuring your insurance cover through superannuation. See Section 9.1 for further information.

10.2 General terms and conditions

Your Priority Protection Policy

Your Policy is your contract of insurance with us in respect of the insurance cover you have selected. We hold a copy of this PDS and your Policy Schedule on our systems as evidence of your Policy.

The contract is one of offer and acceptance, and is based completely on the accuracy of your application and any supporting documents. Your Policy commences when we accept your application (or you accept any additional or varied terms that we have offered) and we issue your Policy Schedule.

Together with your application for cover, this PDS and your Policy Schedule constitute the entire agreement between us and the Policy Owner in relation to your insurance cover.

Policy ownership

The Policy Owner is noted on the Policy Schedule in relation to the applicable Policy. If there is more than one Policy Owner, they hold the Policy as joint owners unless otherwise stated on the Policy Schedule.

Guaranteed renewable

Provided you pay the appropriate premium in full within 60 days of the premium due date, each benefit under the Policy is guaranteed renewable until the Expiry Date of that benefit regardless of changes in the Life Insured's health, occupation or pastimes, and in the case of the Income Protection Plan and the Business Expenses Plan, whether a claim has been made.

Fees and charges

Cover under your Policy is subject to payment of the fees and costs payable in relation to your Policy, as set out in your Policy Schedule (including any endorsements thereto) and the renewal statement we provide to you annually.

See Section 11 for further information regarding the fees and charges payable in connection with a Policy.

Renewal statement

Each year you will receive a renewal statement showing the level of your selected benefits under the Policy. Any change to the fees and charges and to the taxation treatment of the Policy and any other matter relevant to the Policy over the preceding year will also be shown in the renewal statement.

If there are any material changes to the circumstances described in this PDS, you will be notified of these in the renewal statement. However, any material change related to fees and charges will be notified in writing prior to the change taking effect.

Increasing or decreasing your cover

Any change to your cover which is initiated by you will be confirmed in writing by us, and instructions from you may need to be confirmed by the trustee if the trustee is the Policy Owner.

Increasing cover

You can increase your Sum Insured and/or Insured Monthly Benefit each policy year in line with the Benefit Indexation Increase for that year as set out in Section 7.2.

You can also select a voluntary increase in your Sum Insured and/or Insured Monthly Benefit. Any voluntary increase will be subject to underwriting and maximum Sum Insured and Insured Monthly Benefit rules.

Decreasing cover

You can decrease the Sum Insured and/or Insured Monthly Benefit of an eligible benefit under the Policy at any premium due date providing the reduced Sum Insured, Insured Monthly Benefit or premium are not below the appropriate minimums in force at the time of the decrease.

Where the Sum Insured and/or Insured Monthly Benefit is decreased, any Benefit Indexation will continue based on the reduced Sum Insured and/or Insured Monthly Benefit.

Cancelling your Policy (other than during a cooling-off period)

You or the trustee, as applicable, can cancel your Policy or individual benefits within the Policy at any time. The Policy may also be cancelled by us in accordance with the provisions of the *Life Insurance Act 1995 (Cth)* or any relevant legislation. Any request to cancel the Policy must be made in writing and signed by the Policy Owner.

If premiums have been paid in advance, or a claim has been paid and the Policy or benefit within the Policy is then cancelled, we may refund the unexpired portion of the premium less any cancellation charges to the Policy Owner. The cancellation charge to which you are subject will include an amount of up to 8% of the premium charged to you in respect of the period for which premiums have been paid in advance, to reflect the premium frequency charge which you would have been subject to had your premiums not been pre-paid.

Where a Policy provides a Linked Benefit (i.e. Superannuation PLUS, Maximiser, Super Extras or Repayment Relief) and the Policy held within superannuation to which the first Policy is linked has been cancelled, the Policy providing the Linked Benefits will automatically be cancelled from the same effective date.

If a Superannuation Plan was obtained as a member of the AIA Insurance Superannuation Scheme No2, you will need to provide the details of another complying superannuation fund to enable the trustee to transfer any premium refund provided upon cancellation.

If you are a member of the Scheme and the cancellation of the Policy means you cease to have any Superannuation Plans through the Scheme, your Scheme membership will also cease.

Lapse and reinstatement of your Policy

If premiums are not paid within 60 days of the premium due date, your Policy will lapse and your cover will cease. You or the trustee (where applicable) can apply for your Policy to be reinstated after it has lapsed. However, you may be required to provide evidence of continued good health and eligibility prior to reinstatement of your Policy.

You will also need to pay any unpaid premiums or premiums with compound interest as we determine.

Reinstatement can occur within 90 days from the premium due date for the first unpaid premium.

After reinstatement without any further medical evidence, the Policy will not cover any event where the symptoms leading to that event were apparent after the Policy lapsed and prior to reinstatement.

You may not reinstate a Policy if a Linked Benefit is selected unless the applicable Superannuation Life Cover Plan or Superannuation Income Protection Plan that the Policy is linked to, is also reinstated from the same effective date.

Pre-existing Condition

Your Policy will not provide cover in respect of any Pre-existing Condition that you knew about or should reasonably have known about and have not disclosed in full to us before a benefit commences, is reinstated or increased (as shown on the Policy Schedule).

Making a claim

You or your beneficiaries must notify us at the earliest possible opportunity of any claim or potential claim against the Policy. All conditions necessary to entitle a claim must be met whilst the Policy is in force.

Following our receipt of your written notice of a claim, we will provide you with the appropriate forms so that proof of your claim can be filed with us. The forms can also be obtained by contacting our Claims Department on 1800 333 613.

The completed claim forms and any other particulars we reasonably request as proof of any entitlement to claim must be provided to us and the trustee, where applicable, before we can begin processing your claim. All certificates and evidence required by us will be at your expense, within 30 days of the written notice, and will be in the form and of the nature as we may request.

Where appropriate, and at our discretion, you may need to be medically examined by our Medical Practitioner or undergo other medical examination (including blood tests and other tests) when and as often as is reasonable in connection with your claim.

If your claim is under a Superannuation Plan, we will notify the trustee of the claim.

Payment of a Sum Insured or Insured Monthly Benefit may not be made for any period more than one month prior to us having received written notice of the claim.

For Superannuation Plans, all claim payments will be paid to the trustee. If directed, we will pay the full claim amount directly to you and you will be responsible for paying the appropriate amount of tax to the Australian Taxation Office.

Where premiums have been paid in advance, as determined by us, we may refund the unexpired portion of the premium, less any charges to you.

Nomination of beneficiaries

Ordinary Plans

You may nominate beneficiaries to receive all death claim proceeds payable under an Ordinary Plan. Any such nomination or any revocation or amendment of such nomination must be made in writing to us, and in a form acceptable to us, subject to the following:

- Contingent nominations cannot be made.
- You may change a nominated beneficiary or revoke a previous nomination at any time prior to the occurrence of an event giving rise to a claim.
- The nominated beneficiary will receive any money payable under the Policy. If the nominated beneficiary passes away before the occurrence of an event giving rise to a claim under the Policy, and no change in nomination has been made, any money payable will be paid to the nominated beneficiary's legal personal representative.
- If ownership of the Policy is assigned to another person or entity, any previous nomination is automatically revoked.
- A nominated beneficiary has no rights under the Policy, other than to receive the Policy proceeds after a claim has been admitted by us. The nominated beneficiary cannot authorise or initiate any policy transaction.
- The nomination, change or removal of a beneficiary must be advised in writing and sent to us.

If you submit a nomination of beneficiary as part of your non-superannuation insurance application, that nomination of beneficiary will also apply to any Complimentary Interim Accidental Death Cover benefit payment we make. If you do not submit a nomination of beneficiary, the benefit will be paid to your estate.

Your valid written nomination will ensure your death claim proceeds are paid directly to the nominated beneficiaries and in the designed portions in your nomination, and will not be paid to your estate.

Superannuation Plans

Where the Policy is held by the trustee of the relevant fund, you can nominate beneficiaries direct to the trustee, subject to the rules controlling the nomination of beneficiary facility, as set out in the fund's trust deed.

If you submit a nomination of beneficiary as part of your application for membership of the AIA Insurance Superannuation Scheme No2, that nomination of beneficiary will also apply to any Complimentary Interim Accidental Death Cover benefit payment we make. If you do not submit a nomination of beneficiary, the benefit will be paid to your estate.

Please refer to Section 9.5 for further information about nominated beneficiary arrangements as a member of the AIA Insurance Superannuation Scheme No2.

Policy upgrades

From time to time we will review the benefits provided under the Policy. If we improve the benefits under the Policy and such improvements result in no increase in premium rates (and, in the case of Superannuation Plans, the improvements are consistent with superannuation laws), we will automatically add these benefit improvements to your existing Policy.

These benefit improvements will be effective from the first date that a new Priority Protection Policy can be purchased from us containing these improvements.

The benefit improvements will not apply to the assessment of claims which relate to any health conditions that you already had when the improvement took place.

If a situation arises where you are disadvantaged in any way as a result of the upgrade, the previous policy wording will apply.

Incorrect declarations

Misstatement of age

If your actual age at issue of the Policy is different from that stated in your application, the sum payable under the Policy will be reduced to the amount which the premium paid would have purchased based on the correct age. The Sum Insured or Insured Monthly Benefit will never be increased pursuant to this condition. The Expiry Date for the applicable benefits will also be amended accordingly.

Non-smoker status

Where it is declared that you are a Non-smoker (as defined in Section 12) and we have charged a premium based on that declaration, it is a condition of this insurance that if an incorrect non-smoker declaration has been made, the sum payable under the Policy will be reduced to the amount which the premium paid would have purchased had a correct declaration been made.

Lost or destroyed policy documentation

If your policy documentation is lost or destroyed, we will replace it, but we may charge to recover the costs involved.

This charge is currently not greater than \$100 and covers the cost of reissuing the lost document, including advertising the loss, which is a statutory requirement in some circumstances. We may vary this charge from time to time. We may also require you to sign a statutory declaration to the effect that the policy documentation has been lost or destroyed.

Transfer of ownership (assignment)

If you purchased a non-superannuation Policy, you may transfer ownership of that Policy to another person or company provided that Policy does not include any Superannuation PLUS, Maximiser or Super Extras benefits.

If your Policy is owned by a superannuation trustee, you may request a transfer of ownership of that Policy from the current trustee to the trustee of an Approved Superannuation Fund, an SMSF or the AIA Insurance Superannuation Scheme No2. The transfer is subject to the agreement of the trustee of the relevant fund.

Please contact us for further information and the Memorandum of Transfer form you will need to complete. The form must be signed by us and will be annexed to the Policy.

You should also be aware that by assigning the Policy, the Policy Owner forfeits all rights to benefits payable under the Policy, and that the transfer may have tax implications. An assignment of the Policy will result in the revocation of any previous nomination of beneficiary.

No assignment of the Policy or the benefits under it shall bind us unless and until the transfer has been registered by us. We take no responsibility as to the validity of any transfer of ownership.

All Plans

The Ordinary and Superannuation Plans are not savings plans, and are without profit. Their primary purpose is to provide a benefit payment in the event of death, Sickness or Injury, as applicable to each type of insurance cover.

Statutory fund

All Policies will be written in the AIA Australia Statutory Fund No 1. The Policies do not participate in bonus distributions.

Currency

All amounts under the Policy, whether payable by you or us, are payable in Australian currency.

Economic sanctions

We are subject to certain laws and economic sanctions (both local and international) which may prohibit us from completing some financial transactions and/or dealings with the Policy Owner, the Life Insured and any beneficiaries. We will not deal with the Policy Owner or the Life Insured or complete a financial transaction under the terms of the Policy if we are prohibited from doing so by law (including a law relating to sanctions).

How to apply

Priority Protection is sold through financial advisers who hold an Australian Financial Services Licence (AFSL), or who are authorised to provide financial advice by a holder of an AFSL. AIA Australia does not employ financial advisers or authorise them to provide financial advice under any licence held by it.

Your financial adviser will provide you with a quotation detailing the benefits you wish to purchase and the initial premiums for those benefits and assist you with the application process. You should

10. Important information about your Policy

ensure that any advice you obtain takes into account your personal situation, objective or needs when deciding whether to acquire insurance.

The availability and operation of a number of benefits provided under the Priority Protection plans depends on your Occupation Category. Your financial adviser can provide you with information regarding your Occupation Category. Occupation Categories are defined in Section 12. We may ask you to authorise your financial adviser to progress and finalise your insurance application on your behalf and to arrange for the Policy to be issued without further involvement from you. Please see the application form for further information. In these circumstances we require financial advisers to agree that they will only exercise their authority in accordance with your instructions.

Financial Adviser Authority

You have the option to appoint your financial adviser to provide us with instructions relating to your insurance Policies (including policies relating to a Superannuation Plan held by the trustee of the Scheme) and any associated AIA Vitality memberships on your behalf. If you provide your financial adviser with this authority and your adviser accepts this appointment, your adviser will be able to instruct us to make changes to your Policy/Policies or AIA Vitality membership and we will be authorised to accept those instructions.

Under the terms of the authority, the Policy Owner (excluding Equity Trustees Superannuation Limited, where it is a Policy Owner in respect of a Superannuation Plan acquired for a member of the Scheme) and the Life Insured will generally be responsible for the financial adviser's conduct, and we will not generally be responsible for such conduct (subject to applicable law).

For more information (including in relation to the type of instructions your financial adviser will be able to provide) and to establish the financial adviser authority, refer to the Financial Adviser Authority section in the application form or the Financial Adviser Authority form available from us. All Policy Owners (other than the Policy Owner of Superannuation Plans acquired through the AIA Insurance Superannuation Scheme No2 and any Approved Superannuation Fund), Lives Insured and your financial adviser will need to complete the relevant sections of the Financial Adviser Authority.

If required, you should obtain your own legal or other professional advice before completing the Financial Adviser Authority.

Health and other information required

We will ask for medical and other information about you, such as health, income, occupation, residency, travel details, lifestyle and pastimes. This information will enable us to assess:

- your eligibility for the type of cover you have selected
- any exclusions or special conditions that may apply to your Policy, and
- the correct premium of your Policy.

In some cases we may request additional information including further medical evidence depending on your personal situation or the amount of cover you are applying for.

Also in some cases we may offer cover to you in modified terms and may modify your initial premium. You will be notified in writing and will need to agree to such modified terms before cover is issued. A financial adviser authorised to progress your application and arrange your cover may agree to such modified terms on your behalf.

Policy Schedule

If you have cover under an Ordinary Plan, we will send a copy of your Policy Schedule directly to you as the Policy Owner.

If your cover is under a Superannuation Plan, we will send a copy of your Policy Schedule to:

- you, if you are a member of the Scheme or if your insurance is through an Approved Superannuation Fund, or
- the trustee if your insurance is held through an SMSF.

10.3 Taxation

Ordinary Plans

The following general information is based on the tax laws and rulings at the issue date of the PDS. Individual circumstances may vary. You should consult your professional tax adviser for advice regarding your personal situation.

The tax treatment of premiums and benefits for insurance held outside superannuation is set out below.

Benefit	Tax treatment of premiums	Tax treatment of benefits
Life Cover		
Total and Permanent Disablement	Generally not deductible	Generally not assessable income*
Crisis Recovery		
Income Protection Business Expenses	Generally deductible	Generally treated as assessable income

*Income tax including capital gains tax may apply in some situations.

Superannuation Plans

Information about the tax treatment of superannuation is provided in Section 9.

10.4 Privacy

Your privacy is important to us, and we are bound by the privacy principles which apply to private sector organisations under the *Privacy Act*, and other laws which protect your privacy.

We may need to collect information from you and other sources so that we can process your insurance application, administer your Policy and manage your claims. We may not be able to do these things without your Personal Information. The reasons we collect, use and disclose personal and sensitive information (Personal Information) and the persons from which we may collect Personal Information and to whom we may disclose Personal Information, are set out in full in our Privacy Policy which can be obtained online at aia.com.au or by contacting us on 1800 333 613.

Our Privacy Policy also sets out your right to access the Personal Information we hold about you, and how you can request the correction of your Personal Information if it is inaccurate, incomplete or out of date or make a complaint in relation to our use of your Personal Information.

If you have any questions or concerns about your Personal Information, please contact us in writing to: The Compliance Manager, AIA Australia, PO Box 6111, Melbourne VIC 3004 or by phone on 1800 333 613.

10.5 Complaints in relation to your Policy

If you have any questions or concerns about your Policy, you should firstly contact your financial adviser.

You can also contact us directly in writing to AIA Australia Complaints Coordinator, PO Box 6111, Melbourne VIC 3004, by email to au.complaints@aia.com or by phone on 1800 333 613.

We will promptly investigate your matter and, if necessary, refer your matter to our Internal Dispute Resolution Committee. Internal complaints are normally resolved within 45 days.

You may also wish to lodge a complaint with the Australian Financial Complaints Authority (AFCA). AFCA provides fair and independent financial services complaint resolution that is free to consumers.

You can contact AFCA online at afc.org.au, by email to info@afc.org.au, by mail to Australian Financial Complaints Authority, GPO Box 3, Melbourne VIC 3001, or by phone on 1800 931 678.

For information regarding how you can make a complaint in relation to your membership of the Scheme, see Section 9.5 of this PDS.

11. The costs of insurance

All the costs of your Policy, including fees, charges and premiums are described in this section. We will not apply any other costs without your specific consent.

However, we retain the right to vary any fees and charges. We will advise you in writing at least 30 days prior to any change as set out under 'Changes to fees and charges' in this section.

11.1 Fees and charges

Premiums

The premiums you pay for your insurance cover are based on premium rating factors such as your age, sex, occupation, state of health, and whether you are a smoker or non-smoker. Premium rates also take into account the level of cover and the optional benefits you choose and appropriate government charges.

Premium rates allow for the cost of insurance and our expenses, including commission payable to a financial adviser. A table of premium rates is available on request.

The minimum premium is \$300 per year per Policy, inclusive of any discounts, loadings, policy fees and stamp duty. We will let you know your premiums before we issue your Policy and before you become a member of the Scheme, as applicable.

The premium applicable to your Policy is input taxed for the purposes of GST. You do not have to pay GST on your premiums or on any benefits you receive.

See Section 11.2 for detailed information about premiums, including premium structures and payment methods.

Policy fee

As of the date of this PDS, the policy fee is \$85.60 per year, per Life Insured regardless of the number of plans, benefits or Policies purchased under Priority Protection.

If you have cover under a Superannuation Plan and you have also purchased Linked Benefits that are held under a separate Policy, the policy fee will be applied to the Superannuation Plan.

The policy fee is charged in addition to the premiums applicable per benefit and any other fees and charges that apply to your Policy, and will be subject to any premium frequency charge and stamp duty applicable to your Policy.

From time to time we may vary the method and rules we use to determine the timing and amount of any change in the policy fee, including indexing of the fee. You will be notified of any variations as required by law.

In this section

- 11.1 Fees and charges
- 11.2 Premiums

The policy fee will automatically increase each year effective from 1 October by the percentage increase in the CPI over the 12 months ending on 30 June prior to the effective date of the increase in the policy fee (1 October).

There will be no more than one policy fee increase in a year.

Each year the applicable policy fee on your Policy will increase at the Policy Anniversary on or after the date of the policy fee increase (1 October).

Premium rate guarantee

The premium rates under all Plans are guaranteed for a minimum of two years from the commencement of the Policy.

Any increase in a table of Stepped, Level, Optimum or Term Level premium rates will not take effect in respect of a benefit until the second anniversary of the Policy Commencement Date or the next Policy Anniversary following the latest increase in the table of premium rates for that benefit, if later.

This guarantee does not apply to any standard increases such as age-based or CPI increases, alterations, premium frequency charge increases or reductions in discounts. It also does not apply to a policy that is cancelled and replaced.

We may vary premium rates from time to time after the two-year period.

Changes to fees and charges

We retain the right to vary any fees and charges at our discretion. Future government charges may also vary, and this may affect your premium.

We will advise you in writing at least 30 days prior to any change (except changes to government charges) that results in increased fees or costs to you. Your Policy will not be singled out for any increase in fees or charges.

To the extent not prohibited by law, we may also adjust the amount we charge in respect of a premium payment due to rounding.

Where we become liable for any tax or other imposts levied by any Commonwealth, state or territory government, authority or body in connection with the Policy, we may reduce, vary or otherwise

adjust any amounts (including but not limited to premiums, charges and benefits) under the Policy in the manner and to the extent we determine to be appropriate to take account of the tax or impost.

Stamp duty

Stamp duty is a government charge that can vary from 0% to 11% depending on the state or territory in which you live and the type of benefit you select.

For some Rider Benefits, the amount of stamp duty payable is included in the premium and is not an additional charge to you. For other benefits, it is not included in the premium and is an additional charge to you. Your financial adviser can provide you with a personalised premium quotation showing the amount of any stamp duty that is payable as an additional charge under the Policy.

If the amount of the stamp duty payable is increased or decreased by a state or territory, the stamp duty charged under the Policy may be changed accordingly for future premium payments.

Commissions

We may pay commission payments to your financial adviser. You will not incur any additional costs for commission over and above the premium payable by you in respect of the Policy.

From time to time, we may make payments to your financial adviser and their Australian Financial Services Licensee based on commercial arrangements. When we do, this payment is made by us and does not represent a charge or cost to you.

We may also provide your financial adviser with non-monetary benefits (such as training or entertainment). We maintain a register of the non-monetary benefits that we provide to financial advisers from time to time. If you would like to view the register, please contact us on 1800 333 613.

Your financial adviser should provide you with information about commissions or other benefits they receive, for example, in the Statement of Advice they provide you.

Amounts due and payable

Where payments are received by us and those payments are not due, or the amount received is greater than or less than the amount due, AIA Australia intends to treat those payments as follows:

- Where payment is received by us and payment is not due, we may hold the amount received in an offset account and apply it to future amounts due.
- Where payment is received by us and the amount received is greater than the amount due, we may apply a portion of the amount received to cover the amount due and hold the remaining amount in an offset account and apply it to future amounts due.
- Where payment is received by us and the amount received is less than the amount due, we may hold the amount received in an

offset account until the outstanding amount is received and then may apply the total amount received to the amount due.

The offset functionality does not apply to any superannuation contributions received by the trustee of the AIA Insurance Superannuation Scheme No2.

AIA Australia will only apply amounts held in an offset account to fees related to AIA Vitality where AIA Australia, in its sole discretion, determines that the amount was intended to be used for this purpose.

These offset functionality changes are applicable to the extent not otherwise prohibited or restricted by law.

11.2 Premiums

You can choose how to structure your premiums, how often to pay and the payment method. Premiums for a benefit will cease at the Expiry Date of the benefit.

This section provides information about these options, along with other important premium-related information.

Premium structure

All premiums will vary each year in line with the benefit amounts under your policy.

In addition, you can choose to vary your premiums by age each year (Stepped premiums) or remain the same based on your age at the start of the Policy for a set period of time (Level premiums). You can also choose Term Level and Optimum premium structures, each of which provides some flexibility across Stepped and Level premium structures. Different Plans under your Policy can have different premium structures. However, Rider Benefits must have the same premium structure as the Plan they are attached to, unless a benefit is only offered with a Stepped or Level premium structure.

The premium structures available for each insurance cover are set out in the relevant sections.

Stepped

Your premiums will be based on the current premium rate applicable at your age at each Policy Anniversary. This means that the actual premium payable by you will increase each year.

Level

The Level premium option means your premiums will be based on the current premium rate applicable to your age at the start of the Policy and this will remain the same until the Policy Anniversary prior to your 65th or 70th birthday. Your premiums will then convert to Stepped and be payable until the Expiry Date of the benefit.

Term Level

The Term Level premium option means your premiums will be based on the current premium rate applicable to your age at the start of the Policy and remain the same for an initial 5, 10 or 15 year term. Your premiums will then convert to Stepped (which includes a loyalty discount) and be payable until the Expiry Date of the benefit.

Optimum

The Optimum premium option means your premiums are Stepped from the commencement of the Policy and automatically convert to Level at the Policy Anniversary when the Stepped premium amount becomes greater than the Level premium amount based on the age of the Life Insured at the start of the Policy.

When the premiums convert to Level, it means premiums will be based on the current premium rate applicable to your age at the start of the Policy and this will remain the same until the earlier of the Policy Anniversary prior to your 65th birthday or the Expiry Date of the benefit. After that, Stepped premiums are payable until the Policy/benefit ends.

A premium loading applies from the commencement of the Policy until the earlier of the Policy Anniversary prior to your 65th birthday or the Expiry Date of the benefit.

Level premiums may change

Your premiums under the Level, Term Level or Optimum premium structure may remain the same for a period of time, despite increases to your age, but they can still change in certain circumstances, including where we adjust the applicable premium rates. See for example 'Benefit Indexation' in Section 7.2 and 'Changes to your premiums' below.

Changing your premium structure

You may be able to alter your premium structure without needing to cancel-and-replace your Policy except in the following instances:

- switches to and from Term Level, including switches from Term Level to another Term Level premium structure (for example, 5-year Term Level to another 5-year Term Level or a 10-year Term Level), and
- switches between 'Level to Age 65' and 'Level to Age 70'.

Premiums will be subject to the rates applicable to your age at the time of the alteration in premium structure.

Premium frequency and payment method

Your initial premium must be paid in advance and submitted together with the application form.

Initial and subsequent premiums can be paid monthly, half-yearly or yearly by Mastercard, Visa Card, Diners Card and American Express or via Direct Debit from your financial institution.

BPAY and POSTbillpay are only available for subsequent half-yearly and yearly premium payments.

We may have premium frequency payment agreements with an Approved Superannuation Fund or SMSF that limit the premium frequency options. For example, the premiums may only be able to be paid monthly or yearly.

The payment of premiums for insurance cover via the AIA Insurance Superannuation Scheme No2 is subject to superannuation laws, including SuperStream requirements applicable to employer contributions.

Any interest earned by AIA Australia during the period premiums are held in trust will be retained by us.

Premium frequency charge

Monthly and half-yearly payments are subject to a premium frequency charge that will be included in the premium amount. The premium frequency charge also applies to the policy fee.

The charge is calculated as a percentage of the yearly premium as follows:

- Yearly – 0%
- Half-yearly – 5%
- Monthly – 8%.

We will notify you in writing of any change in the amount of this charge prior to the change taking effect.

If you cancel your Policy and we apply a pro rata refund of premiums, a premium frequency charge will be deducted.

Changes to your premiums

Premium rates under all Plans may be reviewed and varied from time to time, and we will notify you in writing of any increase or decrease prior to the change taking effect. We will not apply the change until your next Policy Anniversary. A table of premium rates is available on request.

Premium rates can only be altered for all policies in a group; rates may not be altered individually and your Policy cannot be singled out for an increase.

Your premiums will also change if:

- you change your Sum Insured or Insured Monthly Benefit, or
- you choose to have your Sum Insured or Insured Monthly Benefit automatically increased each year to keep pace with inflation (see 'Benefit Indexation' in Section 7.2).

If we don't receive a premium payment

It is important to maintain payment of your premiums so that your Policy does not lapse. If your Policy does lapse, you will not be covered for any of the benefits you have selected.

We allow 60 days from the premium due date for the payment of each premium by you, or by the trustee if you have a Superannuation Plan. During this time your Policy (and any Linked Benefits, if applicable) will remain in force.

If premiums are not paid in full within the 60-day period, your Policy will lapse and all cover provided under your Policy will end.

If you have a Superannuation Plan and have acquired Maximiser or Super Extras under a separate Policy issued to you, and cover ends due to non-payment of premiums under Maximiser or Super Extras, cover will also end under the other Policy.

Premium adjustments

Stepped and Optimum (during the Stepped premium phase) premiums will be adjusted to allow for the higher Sum Insured/ Insured Monthly Benefit and your age at that time.

Where Level and Optimum (during the Level premium phase) premiums are being paid, your age at the time that benefit was first issued (provided that the benefit was not subsequently cancelled) is used to calculate the premiums payable on the increase.

Where Term Level premiums are being paid, your age at the time that benefit was first issued (provided that the benefit was not subsequently cancelled) is used to calculate the premiums payable on the increase for the initial term only. At the end of the initial term, and once the premiums convert to Stepped, indexation increases will be adjusted to allow for the higher Sum Insured and your age at that time.

You can opt out of indexation increases on your application form or before a Policy Anniversary by contacting us.

Premium discounts

This section describes the Premium discounts that may apply to your Policy. Premium discounts are not guaranteed. We will notify you if the premium discounts described in this PDS are withdrawn.

Initial selection discount

All benefits purchased on a stepped premium basis will receive a discount for the first two years of the Policy.

You can choose to not have this discount applied at the time you take out your Policy. If you opt out of a discount, the discount will not apply to your Policy and cannot be selected at a later date. Please note that the Initial Selection Discount is applicable to new insurance cover only (not cover that is cancelled and replaced), whether under an Ordinary Plan or a Superannuation Plan. The Initial Selection Discount percentage will appear on your quote.

Loyalty discount (Term Level premiums only)

All benefits purchased on a Term Level premium basis will receive a loyalty discount at the end of their initial term, when the premiums convert to Stepped. The discount varies depending on the length of the initial term selected, as follows:

- Initial term of 5 years – 2.5%
- Initial term of 10 or 15 years – 5%.

The discount will apply to that benefit until its Expiry Date, and is transferable to any replacement Policy.

Only one loyalty discount will apply at any time.

The loyalty discount will not apply to any new benefits added or any increases in risk or Sums Insured (excluding Benefit Indexation increases) after the initial term.

Bundled discount

If your Policy includes:

- one or more Required Income Protection Plans (as listed below) with a total combined premium of \$700 or more per year, and
- one or more Eligible Lump Sum Plans (as listed below) with a total combined premium of \$700 or more per year then the Eligible Lump Sum Plan premium will receive the Bundled Discount of 12.5%.

AIA Vitality membership discount

If the Life Insured is a member of the AIA Vitality program (AIA Vitality) provided by AIA Australia, the premium in relation to your Policy may be discounted. Not all lives insured, types of premiums or Plans may be eligible for membership or premium discounts.

Fees and charges may apply to AIA Vitality membership, and premium discounts are not guaranteed.

Whether the premium is discounted, and the extent of those discounts, will depend on our rules that govern such discounts, the Life Insured's activity and the terms and conditions of AIA Vitality. Please refer to the 'AIA Vitality Premium Adjustment Rules' available at aiavitality.com.au for rules governing discounts.

We may vary or withdraw the rules from time to time. The Policy Owner will be required to pay fees associated with AIA Vitality on behalf of the Life Insured (in respect of the Ordinary Plans where the Policy Owner is a natural person), unless otherwise agreed with us and to the extent permitted by law.

You can also speak to your financial adviser for further information about these discounts or to obtain a copy of the rules governing these discounts.

For Superannuation Plans, membership of AIA Vitality will need to be established and paid for by you outside of the superannuation fund.

For further information, please contact AIA Vitality by mail to PO Box 6111, Melbourne VIC 3004, by email to queries@aiavitality.com.au or by phone on 1800 VITALITY.

Health and Life discount

If the Life Insured is also insured under an AIA Health Insurance or myOwn policy, the premium in relation to your Policy (exclusive of stamp duty, premium frequency charge, health loadings and policy fee) may be discounted by 5% as long as AIA Vitality remains attached to the AIA Health Insurance or myOwn policy. An AIA Health Insurance or myOwn policy is a private health insurance policy issued by MO Health Pty Ltd (ABN 32 611 323 034), which is packaged with a separate entitlement to the AIA Vitality program.

This discount will be applied to premiums under your Policy that fall due on a date on which you are insured under, and have paid your first premium for, an AIA Health Insurance or myOwn policy.

Policies issued by MO Health Pty Ltd under a brand other than AIA Health Insurance or myOwn will not be eligible for the Health and Life membership discount.

The Health and Life membership discount is not guaranteed for the life of your Policy and may be withdrawn or varied by us from time to time at our discretion.

Other discounts

We may from time to time provide other discounts on the Premium payable under your Policy. Please speak to your financial adviser for details of any other discounts that you may be entitled to receive.

How discounts are applied

Where more than one type of discount applies to your premium, the discount percentages are applied one at a time. This means that each discount after the first will be applied to the premium already reduced by the previous discount.

12. Definitions

This section sets out the meanings of the capitalised terms used in this PDS.

General Definitions are included in Section 12.1 and Medical Definitions are shown in Section 12.2. References to 'you', 'we', 'us', 'our', 'insurer', 'AIA Australia' and 'trustee' (and each of their derivatives) have the meaning set out in the 'Defined Terms' section on the inside front cover of this PDS.

If you need to make a claim on your Policy, we will rely on the relevant definitions when assessing your claim.

12.1 General Definitions

Accidental Death means that death is a result of a physical injury which is caused **solely** and directly by violent, external and unexpected means that is not traceable, even indirectly, to your state of mental or physical health before the event. Death resulting from a Sickness does not constitute 'Accidental Death'.

Accidental Injury means a physical injury which is caused **solely** and directly by violent, accidental, external and visible means, and which occurs entirely independently of a health condition or any other cause whilst the benefit is in force. Sickness resulting from medical or surgical treatment rendered necessary by the physical injury will not constitute an 'Accidental Injury'.

Activities of Daily Living means the following activities:

Bathing

Means the ability for you to wash yourself either in the bath or shower or by sponge bath without the assistance of another person. You will be considered to be able to bathe yourself even if the above tasks can only be performed by using equipment or adaptive devices.

Dressing

Means the ability to put on and take off all garments and medically necessary braces or artificial limbs usually worn, and to fasten and unfasten them, without the assistance of another person. You will be considered able to dress yourself even if the above tasks can only be performed by using modified clothing or adaptive devices such as tape fasteners or zipper pulls.

Eating

Means the ability to get nourishment into the body by any means without the assistance of another person, once it has been prepared and made available to you.

Toileting

Means the ability to get to and from and on and off the toilet and to maintain a reasonable level of personal hygiene without the assistance of another person. You will be considered able to

toilet yourself even if you have an ostomy and are able to empty it yourself, or if you are able to use a commode, bedpan or urinal and are able to empty and clean it without the standby assistance of another person.

Transferring

Means the ability to move in and out of a chair or bed without the assistance of another person. You will be considered able to transfer yourself even if equipment such as canes, quad canes, walkers, crutches or grab bars or other support devices, including mechanical or motorised devices, are used.

In respect of all the Activities of Daily Living, you would be required to be under continuous care and supervision by another adult person for at least six consecutive months. At the end of that six month period, you must, in our opinion on the basis of the medical evidence, require ongoing continuous care and supervision by another adult person.

Agreed Value means:

- the Insured Monthly Benefit is agreed with you at the time of application and is based on your Income at that time
- the Insured Monthly Benefit is guaranteed subject to receipt by us of financial evidence in relation to your application. That evidence must be satisfactory to us. If financial evidence in relation to your application is not provided to us at time of application, that evidence must be provided before the payment of any claim and must be satisfactory to us. Claim offsets for other sources of income may apply (see Section 5.4), and
- cover on an Agreed Value basis is available only to Occupation Categories A1, A2, M, A3, A4, B, C and CT.

Inside Super

In addition, if you select Agreed Value under the Superannuation Income Protection Plan, it is a requirement under superannuation legislation that you cannot receive more than your Pre-disablement Income. Consequently you will not be able to receive more than the Pre-disablement Income (Agreed Value) from all sources while you are being paid a benefit for Temporary Incapacity within the superannuation environment. Therefore, regardless of any other terms in this PDS, we will reduce any benefit we pay you inside the superannuation environment so that the total of all Income you receive from all sources, except interest, dividends and other similar investment income, does not exceed 100% of your Pre-disablement Income (Agreed Value).

If the Agreed Value monthly benefit payable under the Superannuation Income Protection Plan is reduced due to this cap, the amount of such reduction can be considered under a Linked Benefit (Super Extras), if applicable.

- **Agreed Value (Verified)**

If your Policy Schedule shows that a benefit written on an Agreed Value basis is Agreed Value (Verified), then in the event of a claim, we will only ask the income questions in the AIA Australia claim form. We will not require any additional financial evidence at the time of the claim except in relation to the assessment of a Partial Disablement benefit or where a financial or income offset has been applied to the Policy.

- **Agreed Value (Unverified) and Agreed Value (Partially Verified)**

If your Policy Schedule shows that a benefit written on an Agreed Value basis is Agreed Value (Unverified) or Agreed Value (Partially Verified), then in the event of a claim we will require additional financial evidence to verify the Insured Monthly Benefit.

Approved Superannuation Fund means a superannuation fund that is a complying fund, and which has an arrangement with us to purchase one or more of the life insurance benefits under the Superannuation Plans for one or more of its fund members as the insured persons. Note that the AIA Insurance Superannuation Scheme No2 is not an Approved Superannuation Fund for this purpose. A list of Approved Superannuation Funds can be obtained by calling us on 1800 333 613.

Benefit Indexation means an annual increase in the Sum Insured and/or the Insured Monthly Benefit pursuant to the Benefit Indexation benefit described in Section 7.2 of this PDS.

In the event of any suspension or discontinuance of the CPI, such other index as we shall consider appropriate shall be adopted for the purposes of the Policy.

Crisis Event means a condition that is listed under the relevant insurance benefit. Crisis Events are defined in Section 12.2 under our medical definitions section.

Date of Loss (Needlestick) is determined as the date that sero-conversion takes place (i.e. the date upon which you are diagnosed as HIV positive, Hepatitis B positive or Hepatitis C positive).

- The Insured Monthly Benefit is not guaranteed

Consequently you will not be able to receive more than the Pre-disablement Income (Extended Indemnity) from all sources while you are being paid a benefit for Temporary Incapacity within the superannuation environment. Therefore, regardless of any other terms in this PDS, we will reduce any benefit we pay you inside the superannuation environment so that the total of all income you receive from all sources, except interest, dividends and other similar investment income, does not exceed 100% of your Pre-disablement Income (Extended Indemnity) as at the date of disablement.

If the Extended Indemnity monthly benefit payable under the Superannuation Income Protection Plan is reduced due to this cap, the amount of such reduction can be considered under a Linked Benefit (Super Extras), if applicable.

Consequently you will not be able to receive more than the Pre-disablement Income (Indemnity), from all sources while you are being paid a benefit for Temporary Incapacity within the superannuation environment. Therefore, regardless of any other terms in this PDS, we will reduce any benefit we pay you inside the superannuation environment so that the total of all income you receive from all sources, except interest, dividends and other similar investment income, does not exceed 100% of your Pre-disablement Income (Indemnity) as at the date of disablement.

If the Indemnity monthly benefit payable under the Superannuation Income Protection Plan is reduced due to this cap, the amount of such reduction can be considered under a Linked Benefit (Super Extras), if applicable.

Needlestick Injury Benefit Calculation

Needlestick Injury Benefit Amount (Agreed Value, Indemnity or Extended Indemnity) will be:

$$(A - B) / A \times C,$$

where

A = Pre-needlestick Injury Income (Agreed Value, Indemnity or Extended Indemnity),

B = Monthly Income after Date of Loss (Needlestick), earned during the assessed period, and

C = Insured Monthly Benefit

If your monthly Income whilst the Needlestick Injury benefit is being paid is negative, we will treat 'B' above as zero.

If there is a delay between the time you generate the monthly Income and when you actually received it, we will deem the Income to have been received in the month in which it was actually generated and this Income will form the basis of our calculation of 'B'.

The amount of benefit payable in a month may be reduced by any claim offsets (see Section 5.4).

Indemnity and Extended Indemnity

The aggregate of the Needlestick Injury Benefit Amount, your earnings in that month from personal exertion and any other payments received by you (see (i) and (ii) of the 'claim offset' condition in 5.4) where applicable, cannot exceed the lower of the Insured Monthly Benefit under the Needlestick Injury Benefit Amount and 100% of your Pre-needlestick Injury Income for Indemnity or Extended Indemnity.

See the definitions for Date of Loss (Needlestick), Waiting Period (Needlestick) and Pre-needlestick Injury Income (Agreed Value, Indemnity or Extended Indemnity). Different definitions apply to Agreed Value, Indemnity and Extended Indemnity.

that **solely** due to Injury or Sickness you are:

- unable to work in your own occupation at full capacity
- working in a reduced capacity in any occupation
- earning a monthly Income which is less than your Pre-disablement Income
- under the regular care of and following the advice of a Medical Practitioner, and

Partial Disablement – Income Protection Capability Clause

Partial Disablement benefit amount (Agreed Value, Indemnity or Extended Indemnity) will be:

$$(A - B)/A \times C,$$

where

- A = Pre-disablement Income (Agreed Value)
 Pre-disablement Income (Indemnity)
 Pre-disablement Income (Extended Indemnity),
 B = Monthly Income while Partially Disabled, and
 C = Insured Monthly Benefit

If your monthly Income while Partially Disabled is negative, we will treat it as zero. If there is a delay between the time you generate the monthly Income and when you actually received it, we will deem the

Income to have been received in the month in which it was actually generated and this Income will form the basis of our calculation of 'B'.

If you are Partially Disabled and are not working to the extent of your capability, or working in a reduced capacity which is less than your capability, as a result of causes other than Injury or Sickness, and this situation continues for at least two months, then 'B' will be calculated based on what you could reasonably be expected to earn if you were working to the extent of your capability.

In determining what you could reasonably be expected to earn if you were working to the extent of your capability, we will take into account available medical evidence (including the opinion of your Medical Practitioner) and any other relevant considerations directly related to your medical condition (including information provided by you).

If we are making monthly benefit payments and intend to adjust future payments due to a change in how we calculate 'B', we will notify you 30 days prior to this taking place.

If you are unable to perform the important Income-producing duties of your usual occupation for more than 10 hours per week then we will not change how we calculate 'B'.

The amount of benefit payable will be adjusted for any claim offsets (see condition 5.4).

Outside Super

Under an Ordinary Plan only, if you are earning 25% or less of Pre-disablement Income (Agreed Value), Pre-disablement Income (Indemnity) or Pre-disablement Income (Extended Indemnity), during any of the first three months immediately after the end of the Waiting Period, we will pay the Total Disablement benefit for that month.
