LIFE INSURANCE CODE OF PRACTICE

We have adopted the Life Insurance Code of Practice. The Code sets out the life insurance industry's key commitments and obligations to customers on standards of practice, disclosure and principles of conduct for their life insurance services, such as being open, fair and honest. It also sets out timeframes for insurers to respond to claims, complaints and requests for information. You can find details on the Code at the Financial Services Council website fsc.org.au

The Code also contains minimum standard medical definitions for certain conditions. This means that where your Trauma Comprehensive or Premier Cover includes one of the conditions defined under the Code and you make a claim, we will assess your claim against the better of the following definitions:

- a. the applicable definition in our PDS linked to the full benefit amount
- b. if different from a. above, the corresponding minimum standard medical definition in the Code that is current at the time of the insured event.

The minimum standard medical definitions provided under the Code only apply to the first \$2 million of Trauma Comprehensive and Premier Covers where we issued your policy on or after 1 July 2017. They do not apply to any of the following:

- a. other benefits such as Trauma Cover either reinstated after a claim or where the amount payable varies according to the severity of the condition
- b. to payments for benefits included with Income Secure Cover or Total and Permanent Disability (TPD) Cover.

The minimum standard medical definitions provided under the Code, as updated from time to time, can be found at onepath.com.au/insurance/important-information ('OneCare – Life Insurance Code of Practice and minimum standard medical definitions' under 'Product Disclosure Statement'). YOUR FINANCIAL ADVISER IS THERE TO HELP

When applying for insurance Cover, your financial adviser can help you consider your options and ensure you make the right choices for you and your situation.

With an understanding of your individual circumstances and goals, your financial adviser can help you:

- structure a policy that offers you the right types of Cover
- calculate the amount of Cover you need
- choose the Cover types and features and options that are important to you
- structure your insurance cost-effectively.

When personal advice is given, your financial adviser is required to provide you with a Statement of Advice detailing your insurance requirements as well as the payments they will receive for advising you about insurance.

Once your Cover is in force, it is important to meet regularly with your financial adviser to ensure your Cover continues to meet your needs. Your OneCare Cover should be appropriate for your circumstances – both now and as they change in future.

At claim time, your financial adviser can have a fundamental role in guiding and supporting you through the claims process.

If you purchase your OneCare policy or OneCare Super through a financial adviser, we may pay your financial adviser a standard commission for this product. This commission is already built into the premium we receive.

The premium may be reduced if you and your financial adviser agree to commission below the standard commission. Your financial adviser can also charge a fee for service directly to you. The financial adviser may choose to use both options.

MANY WORDS IN THIS PDS HAVE A SPECIAL MEANING

The following table explains the meaning of particular terms and expressions throughout this PDS:

Expression	Meaning
'we', 'our' and 'us'	Zurich Australia Limited (OnePath Life), the Insurer, and issuer of OneCare.
'Trustee'	OnePath Custodians, the trustee of the Retirement Portfolio Service, issuer of OneCare Super.
'Fund'	The Retirement Portfolio Service.
'you' and 'your'	The policy owner, except where Cover is held through super in which case it means the life insured.
'policy'	The contract between the policy owner and us comprised of this PDS (except for any term expressly stated in this PDS to not form part of the policy) and the relevant Policy Schedule.
'policy owner'	We issue the policy to the policy owner. The policy owner is named in the Policy Schedule.
'life insured'	The life insured is a person whose life is to be insured under the policy and who is named as a life insured in the Policy Schedule. If the policy owner has taken out the policy on their own life, they will also be a life insured. There can be more than one life insured under a policy held outside super. If Cover is held through super, the life insured is the member of the super fund whose life is insured under the policy and who is named in the Policy Schedule as the life insured. Under Child Cover, the life insured is the child insured under the policy.
'OneCare'	The insurance product we offer under this PDS.
'held through super'	We use this phrase to indicate that the OneCare policy or Cover is held through a superannuation fund. This means that the life insured is a member of a superannuation fund and the trustee of that superannuation fund is the policy owner. We contract with the policy owner to provide insurance benefits in respect of the superannuation fund member. The policy owner can be: <ul style="list-style-type: none"> • the trustee of an external master trust – for OneCare External Master Trust • the trustee of a self-managed superannuation fund or small APRA fund – for OneCare SMSF • OnePath Custodians, the trustee of the Fund – for OneCare Super. For further details about Cover held through a super fund, please see page 12.
'held outside super'	We use this phrase for any OneCare policy or Cover that is not held through super.
'OneCare Super'	The superannuation product offered under this PDS, OneCare Super, offers OneCare insurance Cover through the Fund. OnePath Custodians, the trustee of the Fund, is the policy owner. The life insured is a member of the Fund. The policy held by the Trustee is referred to as the 'OneCare Super policy'. Please note that the phrase 'OneCare Super' does not mean that your Cover is held under other superannuation arrangements but is limited specifically to OneCare Cover held through the Fund under the OneCare Super product. For further information about OneCare Super, please see the section beginning on page 112.

Other expressions and words throughout this PDS have special meanings and are defined where used or in the:

- 'Glossary of trauma conditions' on page 93
- 'Glossary of special terms' on page 101.

Except for the word 'Cover', 'PDS' and the expressions in the table above, defined terms have been bolded in this PDS.

Unless the context requires otherwise, the defined expressions and words have the special meaning given to them wherever used. Headings in this PDS do not form part of the policy terms and are merely an aid to interpretation of the relevant section.

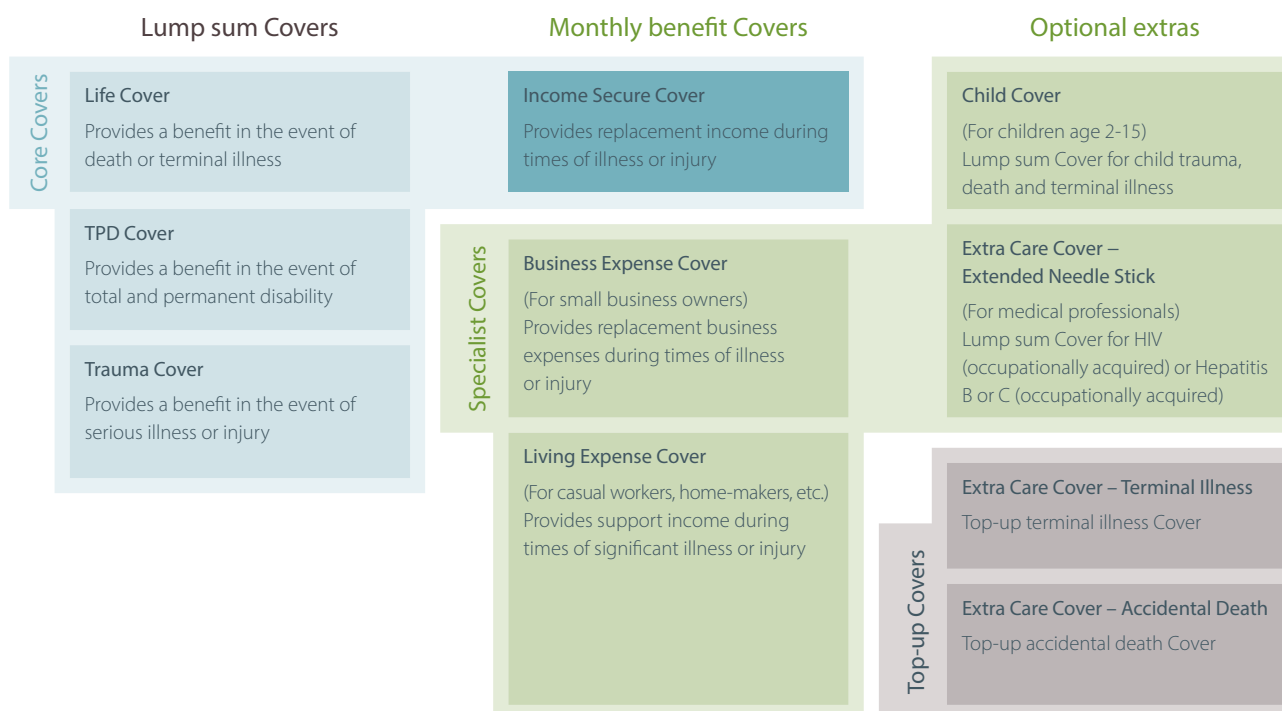

A BROAD RANGE OF INSURANCE COVER

OneCare is an insurance product. It provides comprehensive and flexible financial protection by offering a broad range of Cover types with a good range of options. This allows you to tailor your policy to your needs and those of your family.

OneCare even allows you to combine your personal, family, and business insurance, which could reduce premiums.

OneCare offers the following types of Cover:

- **Core Covers** – we offer four main types of insurance Cover that are generally available for most people.
- **Specialist Covers** – we offer these specialist Covers suitable for certain types of people, such as Business Expense Cover for business owners and Living Expense Cover for people who do not qualify for Income Secure Cover.
- **Top-up Covers** – you can 'top-up' any of your Covers with Extra Care Cover for terminal illness and/or accidental death.

We offer flexibility to structure your Cover

You can structure your Cover in several ways. It is important to understand the options available.

- Individual or multiple Covers under the same policy – you can choose to have any one of the Core Covers, or Business Expense Cover or Living Expense Cover, under a single stand-alone policy, or to have two or more of those Covers under the same policy. For example, you can have a policy with Life Cover only or a policy with both Life Cover and Business Expense Cover.
- Attaching Covers under the same policy – if you have multiple Covers under the one policy, you can attach those Covers. For example, you might want to attach your Life, TPD and Trauma Covers. If your Covers are attached, a benefit paid under one Cover will reduce the amount insured of the other attached Cover(s).
- Linking Covers under different policies:
 - You can link TPD Cover under a policy held outside super with Life Cover under a policy held through super. This is called a SuperLink arrangement. Please see page 34 for details.
 - You can link TPD Cover under a policy held outside super with TPD Cover under a policy held through super. This is called a SuperLink TPD arrangement. Please see pages 33 and 34 for details.
 - You can also link Trauma Cover under a policy held outside super with Life and/or TPD Cover under a policy held through super, or link Trauma Cover and TPD Cover under a policy held outside super with Life Cover under a policy held through super. This is called a SuperLink Trauma arrangement. Please see page 48 for details.

OneCare and OneCare Super are only available to Australian residents living in Australia

OneCare and OneCare Super are available to Australian residents and people who are in the process of applying for permanent residency and are living in Australia. All parties to any OneCare and OneCare Super issued must be Australian residents living in Australia, including policy owner(s), life insured and the person, company or fund that is paying the premium. OneCare and OneCare Super are designed for Australian residents and their operation and your rights may be restricted if you or the life insured become a resident of another country.

We cannot accept applications signed and submitted from outside Australia.

THE DUTY TO TAKE REASONABLE CARE NOT TO MAKE A MISREPRESENTATION

When applying for insurance, there is a legal duty to take reasonable care not to make a misrepresentation to the insurer before the contract of insurance is entered into. To meet this duty, each person whose life is to be insured must also take reasonable care not to make such a misrepresentation.

A misrepresentation is a false answer, an answer that is only partially true, or an answer which does not fairly reflect the truth.

This duty also applies when extending or making changes to existing insurance, and reinstating insurance.

The duty applies to this contract as a consumer insurance contract.

If you do not meet your duty

Not meeting your legal duty can have serious impacts on your insurance. Your cover could be avoided (treated as if it never existed), or its terms may be changed. This may also result in a claim being declined or a benefit being reduced.

Please note that there may be circumstances where we later investigate whether the information given to us was true. For example, we may do this when a claim is made.

About this application

When you apply for life insurance, we conduct a process called underwriting. It is how we decide whether we can provide cover, and if so on what terms and at what cost.

We will ask questions we need to know the answers to. These will be about personal circumstances, such as health and medical history, occupation, income, lifestyle, pastimes, and current and past insurance of each life to be insured. The information given to us in response to our questions is vital to our decision.

Guidance for answering our questions

You are responsible for the information provided to us. Each person answering our questions should:

- think carefully about each question before answering. If you are unsure of the meaning of any question, please ask us before you respond
- answer every question
- answer truthfully, accurately and completely. If you are unsure about whether you should include information, please include it. Please do not assume we will ask others such as your doctor
- review your application carefully. If someone else helped prepare your application (for example, your adviser), please check every answer (and if necessary, make any corrections).

Changes before your cover starts

Before your cover starts, please tell us about any changes that mean you and each person who answered our questions would now answer differently. It could save time if you let us know about any changes as and when they happen. This is because any changes might require further assessment or investigation.

Notifying the insurer

If, after the cover starts, you think you may not have met your duty, please tell us immediately and we will let you know whether it has any impact on the cover.

If you need help

It is important that you and every person answering our questions understands this information and the questions we ask. Ask us or your adviser for help if you have difficulty answering our questions or understanding the application process.

If you are having difficulty due to a disability, understanding English or for any other reason, we are here to help and can provide additional support for anyone who might need it. You can have a support person you trust with you.

What can we do if the duty is not met?

If a person who answers our questions does not take reasonable care not to make a misrepresentation, there are different remedies that may be available to us. These are set out in the *Insurance Contracts Act 1984* (Cth). They are intended to put us in the position we would have been in if the duty had been met.

For example, we may do one of the following:

- avoid the cover (treat it as if it never existed)
- vary the amount of the cover
- vary the terms of the cover.

Whether we can exercise one of these remedies depends on a number of factors, including all of the following:

- whether the person who answered our questions took reasonable care not to make a misrepresentation. This depends on all of the relevant circumstances. This includes how clear and specific our questions were and how clear the information we provided on the duty was
- what we would have done if the duty had been met – for example, whether we would have offered cover, and if so, on what terms
- whether the misrepresentation was fraudulent
- in some cases, how long it has been since the cover started.

Before we exercise any of these remedies, we will explain our reasons, how to respond and provide further information, and what you can do if you disagree.

THIS PDS IS A POLICY CONTRACT

The terms of this PDS and the Policy Schedule comprise the policy contract between the policy owner and us, except for any term expressly stated in this PDS to not form part of the policy.

However, there is no legal contract of insurance established between us and the policy owner unless all the following occur:

- we accept the application for insurance and issue a Policy Schedule
- if the Cover is held through super, the trustee has accepted you as a member of their super fund and your membership has not ceased at the time we accept your application and issue a Policy Schedule.

Under OneCare Super, OnePath Life contracts with OnePath Custodians to provide benefits for the member of the Fund whose life is insured under the policy. The terms of this PDS and the Policy Schedule describe the insured benefits available to the member of the Fund.

For policies issued to the trustee of an external master trust, self-managed super fund or small APRA fund, OnePath Life contracts with the trustee of the super fund to provide benefits for the member of their super fund whose life is insured under the policy.

This PDS, with your Policy Schedule, contains the full terms and conditions of your Cover. You should read them carefully. The terms and conditions of your Cover, as set out in this PDS, or the way we apply the terms and conditions, are subject to applicable laws or codes of practice from time to time, or changes made by us to ensure compliance with those laws or codes of practice.

We agree to pay the benefits for the Covers shown for each life insured on the Policy Schedule, in the circumstances specified in this PDS and the Policy Schedule. All benefit payments are subject to any limitation, reduction, exclusion and special condition set out in this PDS and the Policy Schedule.

You can change your mind during the ‘cooling-off’ period

The policy owner can cancel a OneCare policy, or any individual Cover under the policy within 28 days from the date we issue your Policy Schedule. This is known as the ‘cooling-off’ period.

To cancel the policy or a Cover during this cooling-off period, the policy owner can request cancellation over the phone. Alternatively, the policy owner can cancel in writing by letter sent by post or email. Our contact details are on the back cover of this document. We will cancel the policy, or Cover, as requested, and will refund any money paid for the policy or Cover. However, we may not refund the amounts of any taxation or government charges we cannot recover.

The policy owner cannot exercise the right to cancel the policy, or a Cover, after benefits have been claimed under the policy. If the policy owner cancels Cover that is linked to other Cover, whether under the same policy or under a separate **linked policy**, the premium on retained Cover will change. We will write to you with this information in those circumstances.

If your Cover is held through super, and you wish to cancel this policy, or a Cover, during the cooling-off period, you must request the trustee of your super fund to do so, as specified above. We will pay any refund amount to the trustee. The trustee will only be able to release the refund to you if the super fund's trust deed and super law allow.

Cooling off under OneCare Super

For OneCare Super, if you choose to cancel your Cover, the Trustee may not be able, under superannuation law, to return directly to you money you have paid. The Trustee will transfer this money, less eligible adjustments, to an eligible superannuation fund you choose. If you do not choose a fund, the Trustee will transfer any refund of premium to the ATO. Transferred super benefits can be claimed via the ATO's website at ato.gov.au

WHO CAN OWN YOUR COVER?

A OneCare policy can be owned through super or outside super as follows:

1 OneCare	2 OneCare Super	3 OneCare External Master Trust	4 OneCare SMSF
<p>The policy owner can be:</p> <ul style="list-style-type: none"> the life insured the life insured's partner or other individual a company, trustee, or other legal entity, excluding the trustee of a super fund. <p>The policy can have more than one policy owner. If so, the owners will be joint tenants unless the Policy Schedule states otherwise. We refer to Cover held in this type of ownership as 'OneCare'. This is 'Cover held outside super'.</p>	<p>The policy owner is OnePath Custodians, as trustee of the Fund. Whether your Cover is held through super or outside super will affect your options

Whether Cover is held through super or held outside super will affect:

- how you can pay premiums
- the tax treatment of your premiums and benefits
- the features, benefits and options available under the Cover.

Your **financial adviser** can help you choose the policy structure, or combination of policy structures, that best suits your needs.

We pay benefits to the policy owner

Unless we state otherwise in this PDS for a particular benefit, we pay benefits under this policy to the policy owner.

If Cover is held through super, we will pay a benefit under this policy to the trustee of your super fund. Whether the trustee can release the benefit to you will depend on the super fund's trust deed and superannuation law.

Please ask your trustee or **financial adviser** for information on whether and when any benefit can be released to you.

Superannuation law affects available Cover and benefit payments

Superannuation law may limit the type and amount of insurance Cover that can be held through super. If we pay a super fund trustee a benefit for you under this policy, superannuation law can also limit the circumstances under which the trustee can pay that benefit to you. Please see page 115 for more information on how superannuation law affects payments from OneCare Super. If you are a member of an external master trust or SMSF, the trustee of your fund can provide you with information about payments from your fund.

In taking out an insurance policy, the trustee of a super fund must consider its duties and obligations under superannuation law.

Trustee's approval required

If you have Cover held through super, we may allow you to change the Cover or policy or exercise options. However, these actions may require the super trustee's approval as it is the policy owner.

Symbols show if benefits available

Throughout this PDS, the following symbols will show where a benefit, feature or option is available to Cover held through super or held outside super (Non Super) or both:

ONEPATH LIFE REWARDS YOU

Your policy includes the benefits and features described below.

Interim Cover while we assess your application

Interim Cover provides some insurance Cover while we assess your application. Interim Cover starts once the completed application (including electronic application) is confirmed as 'submitted' or 'pending submission'. It is free when you apply for a new policy or an addition to an existing policy.

For further information, including when Interim Cover commences, please see page 122.

Guaranteed continuing Cover despite health changes

As long as premiums are paid, your policy will continue each year despite changes in the life insured's health, occupation or pastimes.

There are other circumstances that can end your Cover, or the policy. These are explained in the Cover sections of this PDS and page 110.

Increase Cover without medicals

We allow you to increase your Cover each year to keep up with inflation, or when certain major events happen to the life insured, without any additional medical checks.

Some Cover types also have built-in features that can help financially if the life insured becomes pregnant, **unemployed** or experiences financial hardship.

Worldwide Cover

OneCare provides worldwide insurance Cover 24 hours a day.

Premium discounts

We may reward you with premium discounts when you combine your insurance or fund your premiums from an eligible platform. We have four key discounts:

- size discount – based on your amount of Cover in dollar terms
- multiple Cover discount – if you take out a combination of Cover types for a life insured
- multiple life discount – if you link your policy with an eligible family member, business partner or combination of family members and business partners. This is known as an 'extended business group'
- platform discount – if you take out a policy issued to the trustee of an eligible platform with an eligible payment method.

The benefit of any discount will be reflected in the product illustration received at the time of your application. We do not guarantee premium discounts and may remove or vary the current discounts under these terms.

Guaranteed benefit upgrade

We will automatically add to your policy any future improvements we make to OneCare, provided the improvements do not result in a premium increase. Any improvements will apply to future claims only and not to past or current claims. The improvements will not apply to claims arising from conditions which first occur, are first diagnosed, or which first become **reasonably apparent**, before the improvements came into effect.

Your policy will not be worse off because of the guaranteed upgrade. If you are inadvertently disadvantaged in any way, the previous benefit wording will apply.

Any exclusions noted on your Policy Schedule continue to apply.

We also offer the following features. These do not form part of your policy and may be withdrawn.

Free access to grief counselling

On a death or terminal illness claim, we may offer you and your **immediate family members** free access to counselling through our Grief Care Program.

Talking in confidence to a counsellor can make the grieving process a little easier. The counsellor will help you explore your feelings and develop methods to cope with them.

Use of the service can start anytime within 13 months of the date we are notified of the death or the date we pay the terminal illness or Extended Terminal Medical Condition claim.

We will reimburse the payments directly to you upon evidence the counselling has occurred.

We will reimburse the life insured and any **immediate family member** up to \$1,200 under our Grief Care Program.

However, for Income Secure Cover, we will pay directly to the provider up to \$1,200 under our Grief Care Program.

Once contact has been made with the counselling provider the service must be used within 12 months.

Terminal illness claim

On payment of a terminal illness claim, we may offer the life insured and an **immediate family member** up to six hours of counselling with a qualified and experienced counsellor.

Extended Terminal Medical Condition claim

On payment of an Extended Terminal Medical Condition Benefit claim, we may offer the life insured and an **immediate family member** up to six hours of counselling with a qualified and experienced counsellor.

Death claim

On being notified of a death claim, we may offer an **immediate family member** up to six hours of counselling with a qualified and experienced counsellor.

THE AMOUNTS YOU CAN INSURE

When applying for OneCare, you need to decide how much Cover you and your family would need if an insurable event occurs.

After your policy starts you can apply to increase the Cover amount to respond to changes to your needs and circumstances. You can also reduce your Cover amount.

Applications for new or increased Cover amounts are subject to our assessment of the life insured's health, financial situation, lifestyle, and pastimes.

This section explains the minimum and maximum amount of each Cover you can apply for.

Lump sum Covers

We pay based on the 'amount insured'

For Life, TPD, Trauma, Child and Extra Care Cover the amount we pay depends on the 'amount insured'.

Minimum amount insured

The minimum amount insured you can apply for is \$10,000 for Child Cover and \$50,000 for all other types of lump sum Cover.

Maximum amount insured

You can apply for Cover for a life insured up to the maximum lump sum amounts set out in the opposite table. If you choose an instalment benefit type, the **equivalent instalment amount** applies as the maximum. Please see page 20.

The maximums differ depending on the Cover type and for TPD Cover, the TPD definition chosen.

Excluding Business TPD, indexation will apply to a Cover with the maximum sum insured, unless indexation is declined. Please see page 58.

This section explains the minimum and maximum monthly amounts insured you can apply for.

Minimum amount insured

The minimum **monthly amount insured** for:

- Income Secure Cover is \$1,000 per month

Living Expense Cover	\$5,000 per month	We will consider household earnings when assessing your application. The available Cover may be adjusted if the life insured also has Income Secure Cover.
Business Expense Cover	\$60,000 per month	This amount can represent up to 100% of the life insured's monthly eligible business expenses . If more than one person generates income in the business , we distribute the business expenses proportionally to determine the life insured's share, unless we agree to divide the business expenses differently.

WE WILL NOT PAY A BENEFIT IN SOME CIRCUMSTANCES

Despite anything else in this PDS, we will not pay a benefit in the circumstances outlined below. It is important that you are aware of all these circumstances so you can decide whether OneCare is right for you.

You must pay the premium to keep Cover in force

If the premium and any applicable fees, taxes and charges have not been paid in full for each life insured, the policy may be cancelled and we will cease to be liable to pay any benefits for events occurring after cancellation. We will give the policy owner, or the life insured under OneCare Super, notice and provide an opportunity to pay the overdue premium before we cancel the policy.

Policy Schedule

We will not pay any benefit for anything we have specifically excluded from a Cover, as agreed to by you when we assessed your application, and as set out in the Policy Schedule.

Life Cover

We will not pay any benefit under Life Cover arising directly or indirectly from the life insured's suicide during the first 13 months from any of the following:

- the **Cover start date** for Life Cover
- the date we increase the Cover at the policy owner's request, or the life insured's request under OneCare Super. This does not include indexation increases. This exclusion applies only to the increased part of Life Cover
- the date we agree to reinstate previously cancelled Cover
- the date Life Cover was bought back under Life Cover Buy Back or purchased under the Life Cover Purchase Option. The exclusion applies only to the amount of Life Cover bought back or purchased.

This exclusion does not apply to any part of the Life Cover amount insured which replaces similar insurance under another policy issued by us or another insurer, as long as all the following apply:

- the insurance under the policy to be replaced was in force for at least 13 consecutive months immediately before the **Cover start date** for Life Cover
- the policy to be replaced is cancelled immediately after the **Cover start date** for Life Cover
- all similar exclusions under the policy to be replaced have expired. This includes exclusions which were applied to that policy after it started due to, for example, reinstatements or increases
- no claim is payable or pending under the policy to be replaced.

Where the amount insured for Life Cover under this policy exceeds that of the policy to be replaced, this exclusion still applies to the excess.

We will not pay the Extended Terminal Medical Condition Benefit if the **illness or injury** giving rise to a claim is caused or arises, directly or indirectly, from the life insured's intentional self-inflicted act.

TPD Cover

We will not pay any benefit under TPD Cover for **TPD or specific loss** which arises as a result of the life insured's intentional self-inflicted act.

We will not pay any benefit under the Limited Death benefit if, as a result of the life insured's intentional self-inflicted act, the life insured dies during the first 13 months from the **Cover start date** for TPD Cover.

Under the Business TPD definition, we will not pay any benefit for **TPD** arising directly or indirectly, wholly or partly, as a result of:

- stress, anxiety, depression, fatigue (including chronic fatigue syndrome, fibromyalgia), physical symptoms of a psychiatric illness or condition, or psychosis
- personality disorders or emotional or behavioural disorders related to substance abuse or dependency (including alcohol, drug or chemical abuse or dependency).

Trauma Cover

1. We will not pay any benefit under Trauma Cover for a trauma condition which arises as a result of the life insured's intentional self-inflicted act.
2. We will not provide, or pay any benefit under, Trauma Cover for **HIV (occupationally acquired)** or **HIV (medically acquired)** if a medical 'cure' is found for AIDS or the effects of HIV. 'Cure' means any Australian Government approved treatment, which renders HIV inactive and non-infectious.
3. We will also not provide, or pay any benefit under, Trauma Cover for **HIV (occupationally acquired)** or **HIV (medically acquired)** if a medical treatment is developed that prevents AIDS occurring.
4. We will not pay any benefit under the Limited Death benefit if, as a result of the life insured's intentional self-inflicted act, the life insured dies during the first 13 months from the **Cover start date** for Trauma Cover.
5. We will not pay any benefit under Severity Trauma Cover that arises directly or indirectly from the life insured's **illicit drug use**.
6. We will not pay for a condition under Severity Trauma Cover if the life insured is not **following the advice of a medical practitioner** in relation to that condition.

Income Secure Cover

Please see page 68 for details of when we will not pay a benefit under Income Secure Cover.

Business Expense Cover

1. We will not pay any benefit under Business Expense Cover if the claim is caused either directly or indirectly, by any of the following:
 - anything happening to the life insured in war. However, this exclusion does not apply to the Death Benefit
 - the life insured's intentional self-inflicted act
 - the life insured's **uncomplicated pregnancy**, miscarriage or childbirth. However, if the life insured is **totally disabled** for more than three months from the date their pregnancy ends and continues to be **totally disabled**, we will pay benefits from the end of that three month period.
2. We will not pay benefits under Business Expense Cover if the life insured ceases to own or operate a **business** prior to when the **illness** or **injury** causes the **disability** to occur.
3. We will not provide cover for or pay any benefit if the claim arises directly or indirectly from the life insured's **illicit drug use**.
4. We will not provide cover for or pay any benefit if the claim arises directly or indirectly from a disqualification, deregistration or restriction placed on the life insured's professional membership and/or licence to perform the duties of their **primary occupation**.
5. We will not provide cover for or pay any benefit if the claim arises directly or indirectly from the life insured participating in criminal activity including any period the life insured is incarcerated due to their participation in criminal activity.

Living Expense Cover

We will not pay any benefit under Living Expense Cover if the claim is caused either directly or indirectly by any of the following:

- anything happening to the life insured in war. However, this exclusion does not apply to the Death Benefit
- the life insured's intentional self-inflicted act
- the life insured's **uncomplicated pregnancy**, miscarriage or childbirth. However, if the life insured spends more than three months **significantly disabled** from the date their pregnancy ends and continues to be **significantly disabled**, we will pay benefits. We will pay from the end of that three month period or if greater, from the end of the duration of the waiting period.

Child Cover

We will not pay any benefit under Child Cover for death or a trauma condition which arises, directly or indirectly, as a result of an intentional self-inflicted act of the insured child, or the intentional act of the policy owner, a parent or guardian of the child, or someone who lives with or supervises the child.

Extra Care Cover

1. We will not pay any benefit under the Extended Needle Stick Benefit if the life insured suffers **HIV (occupationally acquired)** or **Hepatitis B or C (occupationally acquired)** as a result of their intentional self-inflicted act.
2. We will not pay any benefit under the Extended Needle Stick Benefit for **Hepatitis B or C (occupationally acquired)** if any Australian Government approved medical treatment is developed for Hepatitis B or C (as applicable), which renders Hepatitis B or C (as applicable) inactive and non-infectious.
3. We will not pay any benefit under the Extended Needle Stick Benefit for **HIV (occupationally acquired)** if a medical 'cure' is found for AIDS or the effects of HIV. 'Cure' means any Australian Government approved treatment, which renders HIV inactive and non-infectious.
4. We will not pay any benefit under the Extended Needle Stick Benefit for **HIV (occupationally acquired)** if a medical treatment is developed that prevents AIDS occurring.

We will not pay an Extra Care Accidental Death Benefit if, as a result of the life insured's intentional self-inflicted act, they die during the first 13 months from the:

- **Cover start date**
- date we increase this Cover at the request of the life insured (for OneCare Super) or the policy owner, not including any indexation increases. The exclusion applies only to the amount of the increase to Extra Care Accidental Death Benefit
- date we reinstate the Cover after it has been cancelled.

Replacement insurance

We may issue this policy, or a Cover, on the condition that it replaces existing insurance issued by another insurer. If we do so, but the insurance being replaced is not cancelled, we will reduce the amount of any benefit we pay under this policy by any benefit payable under the insurance being replaced.

Claim requirements

We will not pay any benefit under any Cover if you do not meet our claim requirements that are relevant to assessing the claim under the policy terms.

If you claim under Income Secure, Business Expense or Living Expense Cover and do not provide us with the information relevant in determining the amount payable, we may reduce or cease paying benefits.

Anti-money laundering and counter-terrorism legislation

The *Anti-Money Laundering and Counter-Terrorism Financing Act 2006* (the AML/CTF Act) requires us to identify you and verify your identity before we can provide you with certain prescribed services such as paying your claim.

We will require certified copies of your identification and the certification must not have taken place more than three months prior to when the identification and verification procedure is being undertaken.

If you do not provide identifying documents, we will not be able to process your transaction.

We may also request further information from you. You must provide all information to us, which we reasonably require in order to manage our money-laundering, terrorism-financing or economic and trade sanctions risk, or to comply with any laws or regulations in Australia or any other country.

We may disclose information to any law enforcement, regulatory agency or court, as required by applicable laws and regulations.

We may delay, block or refuse to process any transaction without incurring any liability if we suspect that either:

- a. the transaction may breach any laws or regulations in Australia or any other country
- b. the transaction involves any person (natural, corporate or governmental) that is itself sanctioned or is connected, directly or indirectly, to any person that is sanctioned under economic and trade sanctions imposed by the United States, the European Union or any country
- c. the transaction may directly or indirectly involve the proceeds of, or be applied for the purposes of, conduct which is unlawful in Australia or any other country.

We may delay or withhold paying a benefit if that payment may breach any law or regulation, including any sanctions regulations.

DIFFERENT WAYS WE CAN PAY BENEFITS

Lump sum Covers provide for a lump sum benefit to be paid on a successful claim.

However, the receipt of a lump sum benefit may not suit your needs or personal circumstances. Therefore, you can choose to receive your benefit in monthly instalments if you hold your Cover outside super.

Lump sum paid as an instalment

Under the instalment benefit payment type, we do not pay your benefit as a single lump sum.

Instead, we pay the instalment amount insured for the instalment term you choose.

We pay the instalment benefit amount monthly. You can choose whether the instalment benefit amount will be payable for a fixed term of 3, 5, 10 or 15 years.

The instalment amount will not increase while we pay a benefit unless you select the Value Protector Option. Please see page 64.

We may agree to change the benefit payment type upon request. However, you cannot change the benefit payment type at claim time or once you are entitled to claim.

The instalment benefit payment type is not available for:

- Extra Care Cover, Child Cover and the Business Guarantee Option
- Life Cover and TPD Cover purchased through super
- Life Cover, TPD and Trauma Cover that is part of a SuperLink arrangement
- Severity Trauma Cover and Trauma Premier Cover.

Under Trauma Cover we will only pay benefits for the trauma conditions, **angioplasty – single or double vessel** and **heart surgery (less invasive)**, in the form of a lump sum. Where this instalment option applies, and we pay a lump sum benefit for either of these trauma conditions, we will adjust your monthly instalment amount to allow for this lump sum payment.

Example – how instalment benefit amount works

	Life Cover fixed term without Value Protector	Life Cover fixed term with Value Protector
Fixed term	5 years	5 years
Monthly Instalment at the start of the benefit	\$3,000	\$3,000
Monthly Instalment at the start of the 2nd year of the benefit	\$3,000	\$3,090
Monthly Instalment at the start of the 3rd year of the benefit	\$3,000	\$3,182.70
Monthly Instalment at the start of the 4th year of the benefit	\$3,000	\$3,278.18
Monthly Instalment at the start of the 5th year of the benefit	\$3,000	\$3,376.53
Total benefit paid	\$180,000*	\$191,128.92*

* In both of the above examples, the total benefit paid amount represents the lump sum equivalent of the total of all monthly instalment payments over a five year period. It is the equivalent of obtaining a \$180,000 or \$191,129 lump sum policy and simply being paid in monthly instalments.

HOW TO CLAIM

We understand that when you need to claim it can be a very difficult and emotional time. We aim to make the claims process as straightforward as possible.

If an event occurs which could lead to a claim, contact your **financial adviser** or call our Claims Helpline on 1300 555 250 as soon as possible.

Claims notification process

You should lodge your claim as soon as practicable after the insured event to enable a complete assessment of your claim. Otherwise, it may make your claim more difficult to establish. If we are not notified of a claim event within a reasonable period of time, we may reduce or refuse to pay a benefit to the extent that our liability is prejudiced.

Within 24 hours of being informed by your **financial adviser** or receiving your call, we will reach out and let you know what we need to assess your claim. You may be able to use our tele-claims service, depending on the type of claim you are making. We will let you know if this service is available to you. As part of this process, we will provide you with further information to guide you through the claims process and answer some commonly asked questions.

In some cases, we use a third party to collect the information we need from you and your treating doctor. We will let you know how this will work if it applies to your claim.

Claiming under a super policy

If your insurance Cover is held through super, the trustee of your fund will manage your claim. You should notify the trustee as soon as possible after any event that could lead to a claim. The trustee will provide you with information about claim requirements and collate the information we need to assess your claim.

Information we require

When claiming a benefit under this PDS, you must provide us with all the information and details that we reasonably require to assess your claim.

Before we can pay a claim, we must have evidence to fully support that the relevant policy terms and conditions have been met. If you withhold information that we reasonably require to make this assessment, it will delay your claim and could result in a declined claim.

The information we need will vary according to the type of claim you are making. Our typical requirements are set out below. We reserve the right to request information or documents that are not listed below but which are reasonably required to assess your claim.

This generally includes:

- information we require to verify the event that caused the claim
- proof of the policy owner's entitlement

- proof of the life insured's age, by provision of a birth certificate or other proof of identification
- signed Privacy Declaration and Authority to collect information (including personal and sensitive information, such as medical, financial, and occupation information)
- claim forms
- for death claims, evidence of death and probate or letters of administration.

This also includes information and authorities relevant to us verifying the information provided on your Application Form and to investigate any misrepresentation made by you, which may give us a right to avoid or vary your policy, or to refuse to pay a claim.

If the life insured's age has been misstated, we may reduce the benefit payable. It will be reduced in proportion to the premiums paid to the premiums that should have been paid if the misstatement had not occurred.

If the life insured's age has been overstated, we will refund any overpaid premium.

For a claim under Income Secure Cover, Business Expense Cover or Living Expense Cover, you must also:

- lodge completed claim forms with us as soon as practicable of the life insured's **illness or injury**
- provide any medical reports from people who have treated the life insured for the **illness or injury**
- ensure the life insured seeks medical advice and treatment from a **medical practitioner**, and is **following the advice of a medical practitioner**, for as long as the life insured is **on claim**
- while we pay benefits, provide proof on request of the life insured's **disability** and the policy owner's entitlement to receive benefits.

If we do not receive any of the above information or details, we may reduce or cease paying benefits.

You must also provide all information relating to your claim that we reasonably require to manage our money-laundering, terrorism-financing or economic and trade sanctions regulatory requirements.

Medical evidence requirements

Depending on the type of claim and your individual circumstances, you may be asked to undertake or provide the following:

- undergoing independent medical examinations we require. This is at our expense unless the costs can be recovered from another source
- Medicare or Pharmaceutical Benefits Scheme information
- for Income Secure Cover claims, monthly (or an alternate frequency determined by us) ongoing claim forms and treating doctors reports

- copies of reports from treating doctors, specialists, allied health providers or any other practitioner or consultant who is involved in your care and treatment.

There may be circumstances in which we are required to assess your medical history leading up to the date you applied for Cover or thereafter. We will advise you of our requirements if this assessment is required.

Financial requirements

For Income Secure Cover, Business Expense Cover and TPD Cover claims, we may require individual, company, trust, partnership and superannuation fund financial evidence from you or any associated entity which verifies:

- your income for the purpose of determining any **pre-claim earnings**
- evidence of income received during the period in which you are **on claim**
- evidence of expenses.

We generally require you to provide the copies of taxation returns and notice of assessments that have been lodged with the Australian Taxation Office. We may also require profit and loss statements, Business Activity Statements, financial accounts or records, and financial records of any associated persons. We may request evidence of any claimed expenses.

Occupation requirements

To ensure that we correctly understand your occupation and the duties required, we may ask you or your employer to produce evidence of your occupation(s):

- at the time you applied for Cover (including any subsequent reinstatement or increases)
- at the time of claim
- information about your education, training or experience such as a resume or other document summarising this information.

Return to wellness obligations

If you have an Income Secure Cover claim with us, we will provide rehabilitation and retraining support. This can assist you to get back to your same occupation, return to work in a new occupation, assist with your health and wellbeing, and/or fund retraining if required.

If you have a restricted capacity (i.e. you are not fully recovered, but may be able to return to some work), we will reach out to you and ask that you participate in a rehabilitation and retraining program. Under Income Secure Cover, this program is at no cost to you and is aimed at working collaboratively with you towards your goals as you recover.

Claim payments

We pay all benefits and amounts payable under your policy in Australian currency to an Australian bank account.

If we pay your benefit to the trustee of your super fund, the trustee cannot pay the benefit to you unless you satisfy a condition of release under superannuation law. Please see page 115.

We may delay or withhold paying a benefit where this would breach Australian law or regulation, including sanctions regulations.

If we are required to pay any tax, duty or government charge or levy in respect of any payment to you or a nominated beneficiary under this policy, we may reduce the amount paid to you or the nominated beneficiary by the amount of the tax, duty or government charge or levy.

If, for any reason, a benefit we paid was not actually payable under the terms of the policy, that benefit must be repaid to us.

Key benefits — Death and Terminal Illness Benefit

This section explains the key benefits under Life Cover.

Death Benefit

When we pay

We pay the Death Benefit if the life insured dies while their Life Cover is in force.

We will pay either the Death Benefit or the Terminal Illness Benefit (whichever we pay first) but not both. On payment of the Death Benefit, the Terminal Illness Benefit ceases, and vice versa.

The amount we pay

The amount of the Death Benefit we pay is your Life Cover amount insured on the date of the life insured's death.

We pay the Death Benefit by the applicable benefit payment type. Please see the following page for further detail.

Terminal Illness Benefit

When we pay

We pay the Terminal Illness Benefit if the life insured is diagnosed with a **terminal illness** while their Life Cover is in force.

We will pay either the Death Benefit or the Terminal Illness Benefit (whichever we pay first) but not both. On payment of the Terminal Illness Benefit, the Death Benefit ceases, and vice versa.

The amount we pay

The amount of the Terminal Illness Benefit we pay is your Life Cover amount insured on the date the entitlement to the Terminal Illness Benefit arises.

We pay the Terminal Illness Benefit by the applicable benefit payment type. Please see below for more details.

The amount insured and benefit payment type

If the lump sum benefit type applies, the Life Cover amount insured is the amount for which we agreed to cover the life insured, reduced by certain payments. Please see below for more details. On a successful claim, we pay this amount as a single lump sum payment.

If an instalment benefit type applies, the Life Cover amount insured is the instalment amount for which we agreed to cover the life insured, reduced by certain payments. Please see below for more details. On a successful claim, we pay this amount monthly in arrears from the date the entitlement to the relevant benefit arises, until the chosen instalment term ends. The instalment term is set out in the Policy Schedule.

Your amount insured can decrease

The Life Cover amount insured decreases by any amount we pay or begin to pay for:

- the Advance Assistance Benefit under this policy
- TPD Cover and/or Trauma Cover attached to Life Cover under this policy
- TPD Cover and/or Trauma Cover under another **linked policy**.

Additional benefits (Built-in benefits)

This section explains the additional benefits automatically included with Life Cover in a policy held outside super.

These additional benefits do not apply if your Life Cover is under a policy held through super.

Advance Assistance Benefit

We pay the Advance Assistance Benefit if the life insured dies with a Life Cover lump sum amount insured greater than \$25,000.

The amount we pay is \$25,000 as an advance payment of the Life Cover amount insured.

If an instalment benefit payment type applies, you can ask us to pay an advance lump sum of three times the instalment amount subject to a maximum of \$25,000.

Before we pay this benefit we must receive the life insured's full Australian death certificate or a certified copy, or other evidence that is legible and unaltered, showing the cause of death. If the information you provide to us is insufficient for any reason, we will let you know why that is and will discuss with you what alternative documents may need to be provided. We will not pay this benefit if the life insured died as a result of anything we exclude from Life Cover. Please see page 17.

You may be entitled to both this benefit and an equivalent benefit in respect of the life insured under other policies we issued. If so, despite the above, the total maximum we pay for all those benefits under all those policies is \$25,000.

In paying this benefit, we do not admit any liability under the Life Cover claim on the life insured's life. We will continue to assess the claim and reserve the right to recover any amount of this benefit already paid if we subsequently reject the claim.

Orphan Benefit

The Orphan Benefit is only available from the third anniversary of the **Cover start date** of the Life Cover.

We pay the Orphan Benefit if the life insured and their **spouse** suffer an **accidental death** because of the same accident.

The amount we pay is \$10,000 for each **dependant child** that survives the life insured, up to \$30,000 for any one family.

Financial Advice Benefit

If we pay the Life Cover amount insured for death or **terminal illness**, we will also reimburse up to \$2,000 of the adviser service fee for a financial plan for the person who received the Life Cover amount insured.

We will not reimburse any commission paid to the **financial adviser** when the financial plan is implemented, nor any portion of the adviser service fee that is a commission.

If we paid the Life Cover amount insured to more than one person, we will divide the amount of this benefit between them in the same proportions as we paid the Life Cover amount insured.

Accommodation Benefit

We pay the Accommodation Benefit if all the following apply:

- we have paid, or are paying, a Terminal Illness Benefit for the life insured
- a **medical practitioner** certifies that the life insured must remain confined to bed due to the **terminal illness** for which we paid the Terminal Illness Benefit
- either:

 - an **immediate family member** must travel more than 100 kilometres from their **home** to be with the life insured.

Under this benefit we reimburse the accommodation costs of the **immediate family member** up to \$500 per day. We pay for each day the life insured is confined to bed and the **immediate family member** is away from their **home**, up to 30 days.

You must claim this benefit within six weeks of the Terminal Illness Benefit being paid. We must receive evidence that is legible and unaltered of the life insured's confinement to bed and payment of the accommodation costs. Standard features

Life Cover includes these standard features:

- Extended Terminal Medical Condition
- Serious Disability Premium Waiver
- Future Insurability
- Indexation
- Premium Freeze.

The Extended Terminal Medical Condition and Serious Disability Premium Waiver features are explained below.

The other standard features are explained on pages 54 to 59.

Extended Terminal Medical Condition

When we pay

We pay the Extended Terminal Medical Condition Benefit if the life insured suffers an Extended Terminal Medical Condition.

We will pay either the Extended Terminal Medical Condition Benefit or the Terminal Illness Benefit (whichever we pay first) but not both. On payment of the Extended Terminal Medical Condition Benefit, the Terminal Illness Benefit ceases, and vice versa.

Extended Terminal Medical Condition means two registered **medical practitioners** with at least one being an **appropriate specialist**, have certified, jointly or separately, by providing supporting medical evidence, that the life insured suffers from an **illness**, or has incurred an **injury**, that:

- is likely to result in the life insured's death within 24 months of the date of certification, and
- the **illness** or **injury** has progressed to a point where the standard medical treatment protocols for that condition are not expected to extend the life insured's life expectancy beyond 24 months from the date of certification.

For each of the certificates, the certification period for the terminal medical condition has not ended.

The amount we pay

The amount of the Extended Terminal Medical Condition Benefit we pay is your Life Cover amount insured on the date the entitlement to the Extended Terminal Medical Condition Benefit arises.

We pay the Extended Terminal Medical Condition Benefit by the applicable benefit payment type. Please see below for more details.

The amount insured and benefit payment type

If the lump sum benefit type applies, the Life Cover amount insured is the amount for which we agreed to cover the life insured, reduced by certain payments. Please see the following page for more details. On a successful claim, we pay this amount as a single lump sum payment.

If an instalment benefit type applies, the Life Cover amount insured is the instalment amount for which we agreed to cover the life insured, reduced by certain payments. Please see the following page for more details.

On a successful claim, we pay this amount monthly in arrears from the date the entitlement to the relevant benefit arises, until the chosen instalment term ends. The instalment term is set out in the Policy Schedule.

Your amount insured can decrease

The Life Cover amount insured will decrease by any amount we pay or begin to pay for:

- the Advance Assistance Benefit under this policy
- TPD Cover and/or Trauma Cover attached to Life Cover under this policy

- suffered the relevant **illness** or **injury** before the policy anniversary when they are age 65.

We will waive two year's premiums, or less if the Life Cover ends earlier.

Where the Life Cover is reduced by the payment of a benefit under a SuperLink arrangement and you also met the above definition, the premium waiver will apply to the premium on the reduced Life Cover.

Indexation increases will continue to apply to the Life Cover for which we waive premiums.

However, we will not waive premiums under this feature for Life Cover provided under the Life Cover Buy Back feature or the Life Cover Purchase Option. Please see pages 59 and 60 for details of Life Cover Buy Back and page 63 for details of Life Cover Purchase.

 - ceases to be a member of the Fund, or

- date the life insured dies.

- you are no longer able to make super contributions, or roll over or transfer existing super amounts, into OneCare Super

Key benefits — TPD Benefit and Partial TPD Benefit

This section explains the key benefits under TPD Cover.

TPD Benefit

When we pay

We pay the **TPD Benefit** if the life insured meets a TPD definition for which they are covered, while their TPD Cover is in force.

However, if you have stand-alone TPD Cover or TPD Cover attached to Trauma Cover, the life insured must meet the required survival period.

Survival period

The life insured must meet the survival period if they are claiming under the parts of the TPD definitions listed in the table below:

TPD definition	Part of the TPD definition from page 34 to which the survival period applies
Any Occupation Own Occupation Home-maker SuperLink SIS Own Occupation	2, 3, and 4
Non-working Super Non-working	1 and 2
Business TPD Definition One and Two	2 and 3
Business TPD Definition Three	1 and 2

The life insured meets the survival period if they survive without life support for at least eight days after the date they satisfy the TPD definition.

If the life insured dies before the end of the survival period, we will not pay a **TPD Benefit**. However, we may pay a Limited Death Benefit. Please see page 37.

TPD definitions

We offer the following TPD definitions, depending on whether your Cover is held outside or through super:

	Any Occupation
	Own Occupation
	Business
	Home-maker
	Non-working
SuperLink SIS Own Occupation	
	Super Any Occupation
	Super Home-maker
	Super Non-working
	SuperLink SIS Any Occupation

The full definitions are set out on pages 34 to 37.

Your **financial adviser** can let you know the TPD definitions available for the life insured's occupation.

The TPD definitions that apply to your Cover will depend on your selection that we have accepted, and the life insured's age. The Policy Schedule will set out the TPD definitions that apply before the policy anniversary when the life insured is age 65.

Only the Non-working definition applies if you are over 60 when applying for Cover

If the life insured is over age 60 when Cover is applied for only the:

- 'Non-working' TPD definition applies for Cover held outside super
- 'Super Non-working' TPD definition is available for Cover held through super.

The applicable Business TPD definition depends on the life insured's occupation

We issue Business TPD Cover based on the life insured's occupation, as disclosed in the application for Cover.

If the life insured suffers an **illness** or **injury** while gainfully employed and their occupation then is the same as the occupation disclosed in the application for Cover, Business TPD Definition One will apply.

You must tell us of occupation changes for Business TPD

The policy owner must tell us if the life insured changes their occupation within 30 days of the policy anniversary immediately after the change.

The policy owner must do this by completing our standard form.

If the new occupation does not qualify the life insured for Business TPD Definition One, we will notify the policy owner and will apply Business TPD Definition Two if the life insured suffers an **illness** or **injury** while gainfully employed.

Business TPD Definition Two applies if we are not notified of occupation changes as required above

If you do not notify us of a change to the life insured's occupation as required above, we will apply Business TPD Definition Two if the life insured suffers an **illness** or **injury** while gainfully employed.

Business TPD Definition Three applies if the life insured is not gainfully employed

If the life insured is not gainfully employed when they suffer an **illness** or **injury**, we will apply Business TPD Definition Three.

At age 65 your TPD definition may change

This section does not apply to the SuperLink SIS Own Occupation, Non-working or Super Non-working TPD definition.

Unless we agree otherwise (see 'If we classify the life insured's occupation as white collar, you can apply for the TPD definition to continue'), on the policy anniversary when the life insured is age 65 their TPD definition will change as follows:

Policy structure	TPD definition that applies to the life insured on and from the policy anniversary when age 65
Your policy is not part of a TPD SuperLink arrangement	The TPD definition will automatically convert to the Non-working TPD definition if Cover is held outside super, or automatically convert to the Super Non-working TPD definition if Cover is held through super.
Your policy is part of a SuperLink TPD arrangement	The SuperLink arrangement will end on the policy anniversary when the life insured is age 65. TPD Cover under the linked policy held through super continues, but the SuperLink SIS Any Occupation TPD definition will automatically convert to the Super Non-working TPD definition. TPD Cover under the linked policy held outside super will end.
Your policy is part of a SuperLink arrangement with Life Cover held through super linked to TPD Cover held outside super	The TPD definition will automatically convert to the Non-working TPD definition.

We will remind you in each annual review pack in the five years leading up to the change of TPD definition.

If we classify the life insured's occupation as white collar, you can apply for the TPD definition to continue

If we classify the life insured's occupation as white collar, you can ask us to continue to apply their Any Occupation, Super Any Occupation or Own Occupation TPD definition.

If we classify the life insured's occupation as white collar, and you have a SuperLink TPD arrangement, you can ask us to continue the Super Any Occupation TPD definition but all TPD Cover under the **linked policy** held outside super will cease.

We must receive the written application within 30 days of the policy anniversary when the life insured is age 65. The application must confirm the life insured's then current occupation.

If we accept the application, we will confirm it in writing. The relevant Any Occupation, Own Occupation or Super Any Occupation TPD definition will apply:

- until the policy anniversary when the life insured is age 70
- to the life insured's TPD Cover amount insured up to \$1 million, or if an instalment benefit applies, an **equivalent instalment amount**.

The Non-working TPD definition and the Super Non-working TPD definition, as applicable, will apply to TPD Cover amounts insured greater than \$1 million from the policy anniversary when the life insured is age 65. We will remind you in each annual review pack in the five years leading up to the change of TPD definition.

At age 70 only the Non-working definition applies

On the policy anniversary when the life insured is age 70, any Own Occupation or Any Occupation TPD definition that applies will automatically convert to the Non-working TPD definition. Any Super Any Occupation TPD definition will convert to the Super Non-working TPD definition.

The amount we pay

The amount of the **TPD Benefit** we pay for a life insured is the full TPD Cover amount insured for the life insured on the date of disablement. Please see below for details of the date of disablement.

We pay the **TPD Benefit** by the applicable benefit payment type.

If the lump sum benefit payment type applies, the TPD Cover amount insured is the amount we agreed to cover the life insured for, adjusted as explained on page 32. On a successful claim, we pay this amount as a single lump sum payment.

If an instalment benefit payment type applies, the TPD Cover amount insured is the instalment amount we agreed to cover the life insured for, adjusted as explained on page 32. On a successful claim we pay this amount monthly in arrears. We pay from the date the **TPD Benefit** entitlement arises until the selected instalment term ends. The instalment term is shown on the Policy Schedule.

In some cases, we may increase the **TPD Benefit** we pay. Please see below for more details.

The date of disablement is the date the TPD definition is first satisfied

The date of disablement for a life insured is the date the life insured first satisfies every element of the applicable TPD definition. For Any Occupation, Own Occupation and SuperLink SIS Occupation definitions, it is the date at the beginning of the 3 month period.

We increase the TPD Benefit for certain TPD definitions

If a **TPD Benefit** is payable for a life insured, we will increase the amount we pay if the life insured satisfies all the following:

- has a TPD Cover amount insured on the date of disablement that is less than \$5 million
- satisfies the 'Any Occupation', 'Super Any Occupation', 'SuperLink SIS Any Occupation', 'Own Occupation' or 'SuperLink SIS Own Occupation' TPD definition that applies to their Cover
- satisfies the definition of '**Loss of limbs and/or sight**', '**Loss of independent existence**' or '**Cognitive loss**'. Please see 'General TPD definitions' on page 34.

The amount of the increase will be the following applicable percentage of the TPD Cover amount insured on the date of disablement:

- 5% after the 2nd policy anniversary
- 7.5% after the 3rd policy anniversary
- 10% after the 5th policy anniversary.

When the amount insured is adjusted

The TPD Cover amount insured will be adjusted in the following circumstances:

1. The TPD Cover amount insured decreases after we pay benefits

Your TPD Cover amount insured will decrease by the amount of any of the following we pay, or commence to pay instalments, for the life insured the:

- **TPD Benefit**
- **Partial TPD Benefit**
- Terminal Illness Benefit under Life Cover, where TPD Cover is attached to Life Cover
- Extended Terminal Medical Condition Benefit under Life Cover, where TPD Cover is attached to Life Cover
- Trauma Benefit under Trauma Cover, where TPD Cover is attached to Trauma Cover, or both TPD Cover and Trauma Cover are attached to Life Cover.

If a SuperLink arrangement applies for the life insured, the TPD Cover amount insured under this policy decreases by any benefit amount we pay, or commence to pay instalments, for the life insured under the **linked policy**. This includes payment of:

- the **TPD Benefit** with the SuperLink SIS Any Occupation definition in the **linked policy**, if applicable
- the **TPD Benefit** with the SuperLink SIS Own Occupation definition in the **linked policy**, if applicable
- the **Partial TPD Benefit** under the other **linked policy**, if applicable
- the Terminal Illness Benefit under Life Cover in the **linked policy**, if applicable
- the Extended Terminal Medical Condition Benefit under Life Cover in the **linked policy**, if applicable
- a Trauma Benefit under the SuperLink Trauma arrangement in the **linked policy** if attached to TPD Cover, if applicable.

2. Business TPD Cover capped at \$10 million

The maximum amount we pay under Business TPD Cover is \$10 million, including where indexation applies.

If the life insured commences to be covered for **total and permanent disability** under another policy after your policy starts, the Business TPD insured amount under this policy may be reduced. The other policy may be issued by us or another insurer and may be held outside or through super or through a group arrangement.

The Business TPD insured amount will be reduced by the amount required to ensure the combined total of TPD Cover in respect of the life insured on the date of disablement from all policies does not exceed \$10 million.

If we reduce the **TPD Benefit** we pay under a Business TPD definition, we will refund premiums paid for the reduced portion of Cover from the last policy anniversary date before the date of disablement.

3. TPD amount insured may decrease at age 65

This section does not apply to a policy containing the SuperLink SIS Own Occupation TPD definition.

The maximum we pay under TPD Cover for a life insured on or after the policy anniversary when they are age 65 is \$3 million across all policies we issue.

Accordingly, on the policy anniversary when the life insured is age 65, the TPD Cover amount insured under this policy will decrease, if required. It will decrease so the total amount of TPD Cover for the life insured under all policies we have issued is \$3 million, or if an instalment benefit applies, an **equivalent instalment amount**.

However, if TPD Cover is attached to Trauma Cover, we will only decrease your TPD amount insured until it is equal to the Trauma Cover amount insured.

4. Indexation

We will increase the TPD Cover amount insured by indexation if applicable. Please see page 58.

Partial TPD Benefit

Not available under the Business TPD Definition or for TPD Cover held through super.

When we pay

We pay the **Partial TPD Benefit** if the life insured suffers a '**specific loss**' while TPD Cover for the life insured is in force.

'**Specific loss**' means that, due to **illness** or **injury**, the life insured suffers the total and permanent loss of the use of either:

- one limb, where 'limb' is defined as the whole hand or the whole foot
- the sight in one eye.

We pay the **Partial TPD Benefit** by the chosen benefit payment type.

Amount we pay

The amount of the **Partial TPD Benefit** we pay for a life insured is 25% of their TPD Cover amount insured on the date the '**specific loss**' occurs. This is subject to a minimum of \$10,000 and a maximum of \$500,000.

If the instalment benefit payment type applies, we will pay an **equivalent instalment amount**.

We explain how we calculate the TPD Cover amount insured on page 31.

Partial TPD reduces the amount insured

Your TPD Cover insured amount will decrease by the amount of any **Partial TPD Benefit** we pay.

The amount insured of any linked or attached Cover will also decrease by the amount of any **Partial TPD Benefit** we pay (and if this is part of a SuperLink arrangement, the amount insured under that **linked policy**).

We do not pay in some circumstances

We do not pay the **Partial TPD Benefit** in any of the following circumstances:

- the life insured's TPD Cover is held through super
- the life insured is covered solely for the Business TPD definition
- your policy is part of a transfer from another OnePath product, unless we have fully underwritten your TPD Cover
- we issued your policy as part of a continuation option, unless we have fully underwritten your TPD Cover.

SuperLink TPD Cover

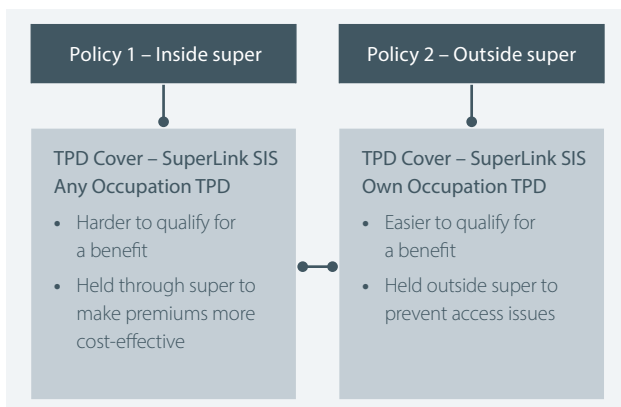

You can 'link' a life insured's TPD Cover under a policy held outside super with TPD Cover under a separate policy held through super.

This is called a SuperLink TPD arrangement.

We will issue each policy separately, as well as two Policy Schedules. We will also issue two annual review packs each year.

However, because the policies are linked, a benefit payment under one policy reduces the TPD Cover insured amount on both policies.

A SuperLink arrangement splits Cover over two policies which allows part of the premiums to be funded through the super fund.

We determine if you are TPD under the linked super policy first

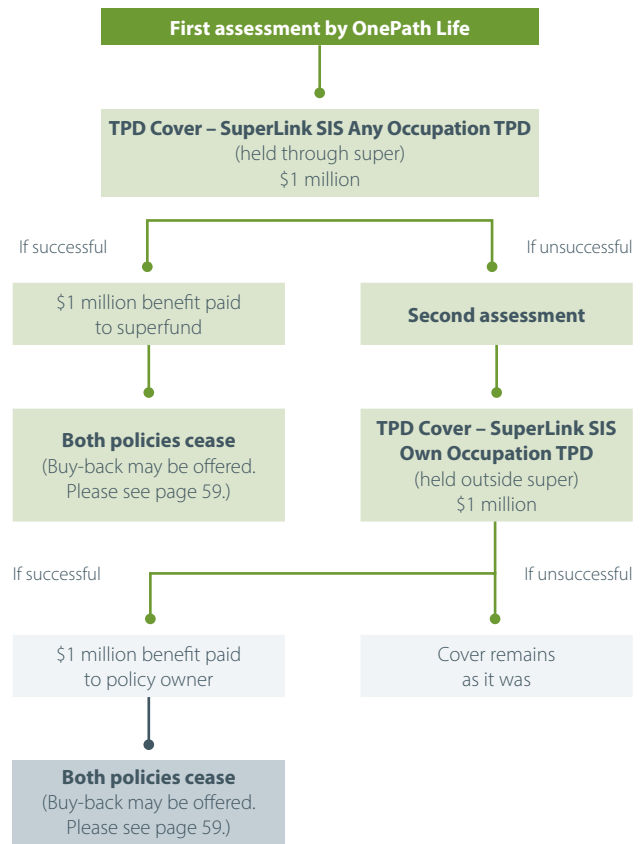

Each policy will have a different TPD definition. The policy held outside super will have the SuperLink SIS Own Occupation TPD definition and the **linked policy** held through super will have the SuperLink SIS Any Occupation TPD definition.

To determine entitlement to a **TPD Benefit** under a SuperLink arrangement, we first assess whether the life insured meets the SuperLink SIS Any Occupation TPD definition and the requirements of the policy held through super.

If so, payment under that policy will reduce the TPD Cover amount insured under both policies.

If no benefit is payable under the policy held through super, we assess whether the life insured meets the SuperLink SIS Own Occupation TPD definition and requirements of the **linked policy** held outside super.

The following diagram provides an example of the claims assessment procedure for SuperLink TPD for a customer who has chosen a TPD amount insured of \$1 million.

Certain features of both policies must be the same

Under a SuperLink TPD arrangement, the following must be the same under both policies:

- the TPD Cover amount insured
- the life insured
- changes to the amount insured. For example, if the amount insured under one policy decreases because we pay the **Partial TPD Benefit**, the amount insured in the **linked policy** decreases by the same amount. Similarly any increases in the insured amount under one policy, for example, through indexation, will be applied to the **linked policy**
- any selected extra cost options.

However, the policies can have different payment frequency and premium type, that is stepped or level.

When a SuperLink TPD arrangement ends

A SuperLink TPD arrangement ends on the policy anniversary when the life insured is age 65. On that anniversary, TPD Cover under the **linked policy** held outside super ends.

TPD Cover under the **linked policy** held through super continues, but the life insured is covered for the Super Non-working TPD definition unless you apply for the Super Any Occupation TPD definition to continue. Please see page 31 for more details.

Cessation of Cover under one linked policy will end Cover under the other linked policy

The TPD Cover for the life insured, and your eligibility for any benefit under either **linked policy**, ends on the earlier of the date:

- of any circumstance set out under 'When TPD Cover ends' on page 39
- we cancel the TPD Cover or Cover under any **linked policy** because the premium for the policy that is cancelled has not been paid when due. The TPD Cover under both policies will be cancelled or avoided (any applicable premium refund will be paid to the policy owner)
- we receive notification from the policy owner, or the life insured under OneCare Super, to cancel both or either of the SuperLink TPD Covers. The TPD Cover under both policies will be cancelled.

For example, if your SuperLink policy held outside super is cancelled because the premium is overdue, cover under your SuperLink policy held through super will end, even if you have paid all premiums for that Cover. This is because the policies are linked. We will refund the premium paid for any months after the cover has ended.

SuperLink arrangement of Life Cover held through super linked to TPD Cover held outside super

You can 'link' a life insured's TPD Cover under a policy held outside super with Life Cover under a separate policy held through super.

We will issue each policy separately. This means that each year, two annual review packs and two Policy Schedules will be issued.

However, because the policies are linked, a benefit payment under TPD Cover under the policy held outside super reduces the Life Cover amount insured on the policy held through super.

A SuperLink arrangement of Life Cover held through super linked to TPD Cover held outside super splits the Covers over two policies which allows the Life Cover premium to be funded through the super fund.

Certain features of both policies must be the same

Under a SuperLink arrangement of Life Cover held through super linked to TPD Cover held outside super, the life insured must be the same under both policies.

However, each policy can have different:

- methods of payment
- payment frequency
- amounts insured, however TPD Cover amount insured cannot exceed the Life Cover amount insured
- increases in Cover, including indexation
- premium type, i.e. stepped or level
- extra cost options.

When a SuperLink arrangement of Life Cover held through super linked to TPD Cover held outside super ends

A SuperLink arrangement of Life Cover through super linked to TPD Cover held outside super ends on the earlier of the date:

- of any circumstance set out under 'When TPD Cover ends' on page 39
- the **linked policy** is cancelled or avoided (any applicable premium refund will be paid to the policy owner)
- we receive notification from the policy owner, or the life insured under OneCare Super, to cancel both or either of the Covers under the SuperLink arrangement.

Unless we agree otherwise, the TPD definition will automatically convert to the Non-working TPD definition on the policy anniversary when the life insured is age 65. However, if we classify the life insured's occupation as white collar, you can ask us to continue to apply their Any Occupation TPD or Own Occupation TPD definition. Please see page 31 for more details.

Your Cover ceases on the date we pay the full Trauma Cover amount insured or begin to pay the instalment amount insured. Please see page 48.

We pay for the highest condition

If you meet the definition of more than one trauma condition at the same time, we will pay once only for the condition with the highest benefit.

Trauma conditions must meet the specified severity

We only pay for a condition where the life insured satisfies the definition set out in this document. Please see the listed conditions under each cover type and the definition under the 'Glossary of trauma conditions'.

The definitions may specify required levels of severity and diagnostic requirements that must be met before a benefit is payable.

Medical advances

If the method for diagnosing one of the conditions in the 'Glossary of trauma conditions' has been superseded due to medical advances, we will consider other appropriate and medically recognised methods or tests that unequivocally diagnose the event to at least the same severity.

If a medical cure is found or a medical treatment is developed that prevents the condition occurring, we will give the policy owner, or life insured under OneCare Super notice as soon as practicable and will let you know what that means for your Cover.

How we can pay your benefit

We pay your Trauma Benefit as a single lump sum or, if you have Comprehensive Cover, you can select to have your Trauma Benefit paid in monthly instalments.

For further details about having your benefit paid in monthly instalments, please see page 20.

You can attach other Covers under the same policy

You can choose stand-alone Trauma Cover or you can attach Trauma Cover to Life Cover and/or to TPD Cover.

You can link Trauma Cover with Life and/or TPD Cover held through super or TPD Cover held outside super

You can link Trauma Cover held outside super to Life Cover and/or TPD Cover under a policy held through super. This is called a SuperLink Trauma arrangement. Please see page 48 for more details.

You can also link Trauma Cover with TPD Cover held outside super to Life Cover under a policy held through super. This is a SuperLink arrangement with Life Cover held through super linked to TPD Cover held outside super. Please see page 34 for more details.

Your Cover continues during unemployment

Your Trauma Cover does not cease if the life insured becomes **unemployed**.

We do not pay in some circumstances

Despite anything else in this PDS, we do not pay a benefit under Trauma Cover in some circumstances. Please see page 17.

The Policy Schedule will show the Cover you have

The Policy Schedule will show if Trauma Cover applies to a life insured and if so:

- the Trauma Cover structure. That is, whether you have:
 - stand-alone Trauma Cover
 - Trauma Cover attached to Life Cover
 - Trauma Cover attached to TPD Cover
 - SuperLink Trauma
- the Trauma Cover type. This will be either Severity, Comprehensive or Premier Cover
- the Trauma Cover amount insured
- the Trauma Cover benefit payment type, and if the instalment benefit payment type applies under Comprehensive Cover, the instalment term
- any extra cost options selected.

Key benefit — Trauma Benefit

This section explains the key benefit under Trauma Cover.

When we pay

We pay the Trauma Benefit if all the following are satisfied:

- one of the trauma conditions listed on pages 43 to 46 first occurs or is first diagnosed for a life insured while their Trauma Cover is in force
- the symptoms leading to the trauma condition occurring, or being diagnosed for the life insured, only first become **reasonably apparent** while their Trauma Cover is in force
- a **medical practitioner** diagnoses and certifies the trauma condition and we agree with that diagnosis and certification.

If we do not agree, we will let you know why that is and will discuss with you what your options are

- for Severity Trauma Cover, the life insured is **following the advice of a medical practitioner** in relation to that trauma condition
- for any trauma condition marked with a '†' in the lists on pages 43 to 46 – the **medical practitioner** referred to on the previous page is an **appropriate specialist**
- for any trauma condition marked with a '*' in the lists on pages 43 to 46 – the 90 day qualifying period has been satisfied. The 90 day qualifying period is explained below
- if the life insured has stand-alone Trauma Cover, Trauma Cover attached to TPD Cover or SuperLink Trauma with TPD – the life insured survives without life support for eight days after the date the trauma condition occurs or is diagnosed. The life insured must meet both the survival period and any time requirement of the trauma condition definition.

90 day qualifying period

The '90 day qualifying period' applies to each trauma condition marked with a '*' in the lists on pages 43 to 46.

We will not cover or pay any benefit for any such trauma condition if the condition first occurs or is first diagnosed during the first 90 days after we receive certain applications. These applications are a:

- complete application for Trauma Cover
- request to reinstate Trauma Cover
- complete application for an increase to the Trauma Cover amount insured, regarding the increased portion only.

We will also not pay any benefit for any such trauma condition if the symptoms leading to the condition occurring or being diagnosed first become **reasonably apparent** during the 90 days explained above. We refer to this as the '90 day qualifying period'.

Further, we will not pay any benefit for a trauma condition that is directly or indirectly related to a condition for which we do not cover due to the 90 day qualifying period explained above.

If the life insured suffers any of the following trauma conditions during the 90 day qualifying period, we will not pay for that trauma condition at any time over the life of the policy:

- **heart attack (diagnosed)**
- **heart attack – permanent LVEF less than 50%**
- **heart attack – permanent LVEF less than 40%**
- **stroke (diagnosed)**
- **stroke (residual impairment)**
- **stroke (severe impairment).**

If the life insured suffers any of the following trauma conditions (or any conditions related to them) during the 90 day qualifying period, we will not pay for that trauma condition at any time over the life of the policy:

- **cancer (excluding less advanced cases)**
- **pre-invasive or in-situ cancer (of limited sites)**
- **invasive cancer (early stage)**
- **invasive cancer (of stage 2)**
- **invasive cancer (of stage 3 or 4)**

- **leukaemia, lymphoma and blood related cancers (early stage)**
- **leukaemia, lymphoma and blood related cancers (of stage 2)**
- **leukaemia, lymphoma and blood related cancers (of stage 3 or 4).**

90 day qualifying period does not apply to replacement insurance

However, the qualifying period will not apply to any part of the Trauma Cover amount insured which replaces similar insurance if all the following apply:

- any similar qualifying period has expired for the same conditions or events in the policy to be replaced. This includes qualifying periods which were applied to that policy after it commenced due to, for example, reinstatements or increases
- the policy to be replaced is cancelled immediately after we issue this policy
- no claim is payable or pending under the policy to be replaced.

The policy to be replaced can be a policy issued by us or by another insurer. However, the qualifying period applies if Severity Trauma Cover is being replaced with Trauma Comprehensive or Trauma Premier Cover.

If the Trauma Cover amount insured under this policy exceeds that of the policy to be replaced, the 90 day qualifying period will still apply to the excess amount.

The amount we pay

For many trauma conditions, the amount of the Trauma Benefit we pay for a life insured is the full Trauma Cover amount insured that applies on the date that entitlement to the Trauma Benefit arises.

However, we only pay a partial amount of the Trauma Cover amount insured for some trauma conditions.

Please see page 43 for a list of the trauma conditions for which we pay the full Trauma Cover amount insured.

Please see page 44 for a list of the trauma conditions for which we pay only a partial amount of the Trauma Cover amount insured.

Please see page 45 and 46 for a list of the trauma conditions for which we pay a tiered based amount of the Severity Trauma Cover amount insured.

We pay the Trauma Benefit by the applicable benefit payment type. The instalment benefit payment type is only available under Comprehensive Cover.

If the lump sum benefit payment type applies, the Trauma Cover amount insured is the amount for which we agreed to cover the life insured, adjusted as explained on the following page. In a successful claim, we pay this amount as a single lump sum payment.

If an instalment benefit payment type applies, the Trauma Cover amount insured is the instalment amount for which we agreed to cover the life insured, adjusted as explained on the following page. In a successful claim, we pay this amount monthly in arrears. We pay from the date the entitlement to the Trauma Benefit arises until the selected instalment term ends. The instalment term is shown in the Policy Schedule.

We will adjust the amount insured

We will adjust your Trauma Cover amount insured in the following circumstances.

1. The Trauma Cover amount insured decreases when we pay benefits

The Trauma Cover amount insured will decrease by any of the following we pay or begin to pay for the life insured:

- if the life insured has stand-alone Trauma Cover – any amount we pay or begin to pay for the life insured under the Trauma Benefit
- if the life insured has Trauma Cover attached to Life Cover only – any amount we pay or begin to pay for the life insured for the:
 - Terminal Illness Benefit under Life Cover
 - Extended Terminal Medical Condition Benefit under Life Cover
 - Trauma Benefit under Trauma Cover.
- if the life insured has Trauma Cover attached to TPD Cover only – any amount we pay or begin to pay for the life insured for the:
 - TPD Benefit under TPD Cover
 - Trauma Benefit under Trauma Cover.
- if the life insured has both TPD Cover and Trauma Cover attached to Life Cover – any amount we pay or begin to pay for that life insured for the:
 - Terminal Illness Benefit under Life Cover
 - Extended Terminal Medical Condition Benefit under Life Cover

- TPD Benefit under TPD Cover
- Trauma Benefit under Trauma Cover.

Further, if SuperLink Trauma applies, any benefit amount paid in respect of the life insured under the **linked policy** will reduce the Trauma amount insured under this policy by the same amount. This includes:

- a partial payment of the SuperLink TPD Cover amount insured under the other **linked policy** (if applicable)
- payment of the **TPD Benefit** with the SuperLink SIS Own Occupation, SuperLink SIS Any Occupation, Super Any Occupation or Super Home-maker TPD definition in the other **linked policy**, if applicable
- payment of the Terminal Illness Benefit under Life Cover, if applicable
- payment of the Extended Terminal Medical Condition Benefit under Life Cover, if applicable.

Please see page 48 for details of SuperLink Trauma.

2. Indexation

We will increase the Trauma Cover amount insured under indexation, if applicable. Please see page 58.

Trauma conditions for which we pay a full Trauma Benefit under Comprehensive and Premier Cover

Under both Comprehensive and Premier Cover, we pay the full Trauma Cover amount insured for the 44 trauma conditions listed in the table below. Pages 93 to 100 set out the full definition for each trauma condition.

Table: Trauma conditions for which we pay a full Trauma Benefit under Comprehensive and Premier Cover

Trauma conditions for which we pay a partial Trauma Benefit under Comprehensive and Premier Cover

Under Comprehensive and Premier Cover, we pay a partial amount only for some trauma conditions. Two of those conditions are covered under both Comprehensive and Premier Cover. An additional 14 conditions are covered under Premier Cover only.

The full definition for each trauma condition is set out on pages 93 to 100.

Trauma conditions marked with a:

- ^{*} are subject to a 90 day qualifying period. Please see page 42
- [†] must be diagnosed and certified by a **medical practitioner** who is an **appropriate specialist**.

We pay 10% for two conditions under Comprehensive and Premier Cover

We make a partial payment under Comprehensive and Premier Cover for the following trauma conditions:

- **angioplasty – single or double vessel**^{*†}
- **heart surgery (less invasive)**^{*†}.

The amount we pay for the above conditions is 10% of the Trauma Cover amount insured when the **angioplasty – single or double vessel** or **heart surgery (less invasive)** procedure occurs. This is subject to a maximum of \$20,000 across all Trauma Comprehensive and Premier Cover policies held in respect of the life insured or \$40,000 if you have the Premier Maximiser option and a minimum of \$10,000, or if an instalment benefit payment type applies, an **equivalent instalment amount**.

We pay 20% for trauma conditions under Premier Cover only

Under Premier Cover, we make a partial payment for the 14 additional trauma conditions listed in the table below.

Table: Trauma conditions for which we pay 20% of the Trauma Benefit under Premier Cover only

Cancers and tumours	Other events	Body organ conditions	Brain disorder conditions	Sensory conditions
<ul style="list-style-type: none"> • Benign tumour (diagnosed)[†] • Brain surgery (of pituitary gland)[†] • Carcinoma in situ (of limited sites)^{*†} • Chronic lymphocytic leukaemia (diagnosed)^{*†} • Melanoma (early stage)^{*†} 	<ul style="list-style-type: none"> • Burns (of limited extent) • Critical care (requiring intubation) • Diabetes mellitus – adult, insulin dependent diagnosed after age 30^{*†} • Systemic lupus erythematosus (SLE) with lupus nephritis of specified severity (diagnosed)[*] 	<ul style="list-style-type: none"> • Colostomy and/or ileostomy[*] • Endometriosis (severe requiring surgical intervention)[*] 	<ul style="list-style-type: none"> • Hydrocephalus (requiring surgical intervention)[*] 	<ul style="list-style-type: none"> • Blindness (permanent of specified severity)[*] • Deafness (permanent in one ear)[*]

Trauma conditions marked with a:

* are subject to a 90 day qualifying period. Please see page 42.

† must be diagnosed and certified by a **medical practitioner** who is an **appropriate specialist**.

The amount we pay for any of these trauma conditions is 20% of the Trauma Cover amount insured at the time the condition is diagnosed or occurs. This is subject to a maximum of \$100,000 across all Trauma Premier Cover policies held in respect of the life insured or \$200,000 if you have the Premier Maximiser option and a minimum of \$10,000.

Partial payment reduces Trauma Cover amount insured

The amount payable for any trauma condition decreases the Trauma Cover amount insured.

Multiple claims on partial payments

We will pay a partial payment for multiple trauma conditions, provided the sum of all claims paid does not exceed the Trauma Cover amount insured. However, we will only ever pay one claim for each trauma condition, except:

- **carcinoma in situ (of limited sites)**, for which we will pay once for each site
- **angioplasty – single or double vessel**, for which we will pay for multiple occurrences if the first **angioplasty – single or double vessel** procedure (double vessel procedures completed in two sessions within a two-month period, or that are the result of the same investigation which demonstrated the need for the procedures, will be considered to be one procedure) occurs, and the symptoms leading to the first **angioplasty – single or double vessel** procedure only first become **reasonably apparent**, after the end of the 90 day qualifying period.

No more than \$100,000 is payable for the same partial trauma condition across all Trauma Comprehensive and Premier Cover policies held in respect of the life insured or \$200,000 if you have the Premier Maximiser option. Please see page 66.

Trauma conditions for which we pay under Severity Trauma Cover

Under Severity Trauma Cover, the amount we pay for the trauma condition is based on the following three tiers:

- tier one we pay the 10% of the Trauma Benefit, subject to a maximum of \$50,000 across all Severity Trauma Cover policies held in respect of the life insured and a minimum of \$10,000. However, **angioplasty – single or double vessel** and **heart surgery (less invasive)** are subject to a maximum of \$20,000 across all Severity Trauma Cover policies held in respect of the life insured
- tier two we pay 50% of the Trauma Benefit
- tier three we pay 100% of the Trauma Benefit.

The amount we pay is based on the tier you satisfy at time of claim. For example, if the claim is related to cancer and you satisfy the definition for **invasive cancer (of stage 2)** under tier 2, then you will be paid 50% of the Trauma Benefit.

Partial payment reduces Severity Trauma Cover amount insured

The amount payable for any trauma condition decreases the Trauma Cover amount insured.

Subsequent claims on partial payment under Severity Trauma Cover

We will pay based on the remaining amount insured for subsequent claims under Severity Trauma Cover as follows:

- **pre-invasive or in-situ cancer (of limited sites), invasive cancer (early stage) and invasive cancer (of stage 2)**, of different sites
- **angioplasty – single or double vessel and angioplasty – triple vessel**, for multiple occurrences if the first procedure (procedures completed in multiple sessions within a two-month period, or that are the result of the same investigation which demonstrated the need for the procedures, will be considered to be one procedure) occurs,

and the symptoms leading to the first procedure only first become **reasonably apparent**, after the end of the 90 day qualifying period

- a progressive claim. Please see 'Progressive conditions under Severity Trauma Cover' below
- an unrelated claim, where the trauma condition being subsequently claimed on is totally unrelated to the prior claim.

We will not pay any subsequent claims within six months of a prior claim if it is related (directly or indirectly) to that claim, except where it is a progressive claim.

Progressive conditions under Severity Trauma Cover

There are a number of trauma conditions that we will treat as a progression of a prior claim and will pay based on the remaining amount insured. A progressive condition is any trauma condition that is related to the same underlying condition, medical cause or pathology as the prior claim. If the life insured meets more than one trauma condition at the same time, we will pay once only for the condition with the highest benefit. The full definition for each trauma condition is set out on pages 93 to 100.

Example

Phillip took out a policy with \$500,000 Severity Trauma Cover.

After one year, Phillip suffers a heart condition and meets the defined **heart attack (diagnosed)** condition. Phillip receives \$50,000 (10% of the amount insured) which reduces his Severity Trauma Cover to \$450,000.

Three months after having ongoing optimal therapy for the heart condition, Phillip is left with a permanent impairment and meets the defined **heart attack – permanent LVEF less than 50%** condition. Because the condition is a progression of the prior claim, Phillip receives \$225,000 (50% of the remaining amount insured) which reduces his Severity Trauma Cover to \$225,000.

Table: Tier one Trauma conditions for which we pay 10% of the Trauma Benefit, subject to a maximum of \$50,000 and a minimum of \$10,000 under Severity Trauma Cover

Additional benefits

This section explains the additional benefits automatically included with Trauma Cover.

Some of the benefits are only included with certain types of Cover, as explained below.

Limited Death Benefit

Not available with Trauma Cover attached to Life Cover or if Trauma Cover is in a SuperLink arrangement with TPD.

Non Super

We pay the Limited Death Benefit if the life insured dies while their Trauma Cover is in force and a Trauma Benefit is not payable.

The Limited Death Benefit only applies if the life insured is covered for either:

- stand-alone Trauma Cover
- Trauma Cover attached to TPD Cover.

The amount we pay is \$10,000.

We only pay this benefit once across all policies under which we cover the life insured.

Financial Advice Benefit

Non Super

If we pay the full Trauma Cover amount insured, we will also reimburse up to \$2,000 of the adviser service fee for a financial plan for the person who received the Trauma Benefit.

We pay the Financial Advice Benefit if:

- we have paid or begun to pay the full Trauma Cover amount insured in respect of the life insured. We do not pay if we have only made a partial payment of the Trauma Cover amount insured or paid the Limited Death Benefit
- the financial plan was prepared by an Australian Financial Services Licensee or the Authorised Representative of such a licensee
- the person to whom we paid the Trauma Cover amount insured is the recipient of the advice
- the person to whom we paid the Trauma Cover amount insured paid the adviser service fee
- we receive evidence that is legible and unaltered of the financial plan within 12 months of the date we paid or began to pay the Trauma Cover amount insured. If the information you provide to us is insufficient for any reason, we will let you know why that is and will discuss with you what alternative documents may need to be provided
- we have not already paid the Financial Advice Benefit under Life Cover or TPD Cover for the life insured
- we have not already paid a similar benefit under any other policy we issued in respect of the life insured.

We will not reimburse any commission paid to the **financial adviser** when the financial plan is implemented, nor any portion of the adviser service fee that is a commission.

If we paid the Trauma Cover amount insured to more than one person, we will divide the amount of this benefit between them in the same proportions as we paid the Trauma Cover amount insured.

Accommodation Benefit

Non Super

Under this benefit, we reimburse accommodation costs of an **immediate family member** up to \$500 per day. We pay for each day the life insured is confined to bed and the **immediate family member** is away from their **home**, up to 30 days.

We pay the Accommodation Benefit if all the following apply:

- we have paid or are paying the full Trauma Cover amount insured for the life insured
- a **medical practitioner** certifies that the life insured must remain confined to bed due to the trauma condition for which we paid the Trauma Benefit
- either:
 - the life insured is more than 100 kilometres from their **home** and an **immediate family member** must travel from their **home** to be with the life insured
 - an **immediate family member** must travel more than 100 kilometres from their **home** to be with the life insured.

You must claim this benefit within six weeks of the Trauma Benefit being paid. We must receive evidence acceptable to us of the life insured's confinement to bed and payment of the accommodation costs.

Life Cover

SuperLink Trauma

You can 'link' a life insured's Trauma Cover with Life Cover and/or TPD Cover under a separate OneCare policy held through super.

This is called SuperLink Trauma.

We will issue each policy separately, as well as two Policy Schedules. We will also issue two annual review packs each year.

However, because the policies are linked, a benefit payment under one Cover reduces the amount insured of every other linked Cover.

SuperLink Trauma allows premiums for the Life Cover and/or TPD Cover to be funded through super. It also results in lower premiums for Trauma Cover than stand-alone Trauma Cover.

The Policy Schedule will show if the policy in respect of a life insured is linked to another policy under a SuperLink Trauma arrangement.

Non-working TPD definitions held through super and outside super cannot be linked

Severity, Comprehensive and Premier Covers can be linked in a SuperLink Trauma arrangement.

However, you cannot link Trauma Cover under a SuperLink arrangement with TPD Cover that has the 'Super Non-working TPD' or 'Non-working TPD' definitions. You can link Trauma Cover to TPD Cover that has any other TPD definitions available.

Certain features of both policies must be the same

Under SuperLink Trauma, the following must be the same under both policies:

- the life insured

However, under each policy you can have different:

- methods of payment
- payment frequency
- amounts insured, however if Trauma Cover is linked to Life Cover the Trauma Cover amount insured cannot exceed the Life Cover amount insured
- increases in Cover, including indexation
- premium type, for example, stepped or level
- extra cost options.

When SuperLink Trauma ends

A SuperLink Trauma arrangement ends on the earlier of the date:

- of any circumstance set out under 'When Trauma Cover ends' on the adjacent column
- the **linked policy** is cancelled or avoided (any applicable premium refund will be paid to the policy owner)
- we receive notification from the policy owner, or the life insured under OneCare Super, to cancel the SuperLink Trauma Cover arrangement.

When Trauma Cover ends

Trauma Cover for a life insured will end and your eligibility for any benefit under Trauma Cover will cease automatically on the earliest of the:

- policy anniversary when the life insured is age 70
- **Cover expiry date** for the life insured's Trauma Cover shown on the Policy Schedule
- date we pay the full Trauma Cover lump sum or begin to pay the instalment amount insured
- date we receive notification from you to cancel the Cover
- date we lawfully cancel and/or avoid the Cover
- date we cancel the policy for non-payment of premium
- date we pay or begin to pay a benefit under Life Cover under this policy or a **linked policy** that reduces the Trauma Cover amount insured under this policy to zero
- date we pay or begin to pay a benefit under TPD Cover under this policy or a **linked policy** that reduces the Trauma Cover amount insured under this policy to zero
- date the life insured dies.

CHILD COVER

Child Cover is designed with the whole family in mind.

It is a way of insuring children for various trauma events, such as cancer, terminal illness and death.

This Cover converts at age 21 to Life Cover with attached Trauma Comprehensive Cover or Severity Trauma Cover without the need for further medical underwriting.

Choosing the right Cover

Key benefit — Child Cover Benefit

This section explains the key benefit under Child Cover.

When we pay

We pay the Child Cover Benefit if the insured child dies while Child Cover for the insured child is in force.

We also pay the Child Cover Benefit if all the following are satisfied:

- one of the trauma conditions listed below first occurs or is first diagnosed for an insured child while the Child Cover for the insured child is in force
- the symptoms leading to the trauma condition mentioned above occurring or being diagnosed, only first become **reasonably apparent** while the Child Cover for the insured child is in force
- a **medical practitioner** diagnoses and certifies the trauma condition and we agree with that diagnosis and certification. If we do not agree, we will let you know why that is and will discuss with you what your options are
- for those trauma conditions marked with a '†' in the list below, the **medical practitioner** referred to above is an **appropriate specialist**
- for those trauma conditions marked with a '*' in the list below, the 90 day qualifying period has been satisfied.

Trauma conditions

The insured child is covered for the trauma conditions listed below. These conditions are defined on pages 93 to 100:

- Aplastic anaemia (requiring treatment)
- Blindness (permanent in both eyes)
- Benign brain tumour (permanent impairment or requiring surgical intervention)†
- Benign spinal tumour (permanent impairment or requiring surgical intervention)†
- Brain damage (permanent impairment)†
- Burns (severe)
- Cancer (excluding less advanced cases)*†
- Cardiomyopathy (permanent and irreversible)
- Deafness (permanent in both ears)
- Encephalitis (permanent and irreversible)
- Head trauma (permanent and irreversible)†
- Kidney failure (end stage)
- Loss of speech (permanent)
- Loss or paralysis of limb (permanent)
- Meningitis and/or meningococcal disease (permanent and irreversible)
- Organ transplant (major)
- Stroke (diagnosed)*†
- Terminal illness†.

90 day qualifying period

The 90 day qualifying period applies to each trauma condition marked with a '*' in the list in the adjacent column.

We will not cover or pay any benefit for any such trauma condition if the condition first occurs or is first diagnosed during the first 90 days after we receive certain applications.

These applications are a:

- complete application for Child Cover
- request to reinstate Child Cover
- complete application for an increase to the Child Cover amount insured, regarding the increased portion only.

We will also not pay any benefit for any such trauma condition if the symptoms leading to the condition occurring or being diagnosed first become **reasonably apparent** during the 90 day qualifying period explained above.

If the insured child suffers **cancer (excluding less advanced cases)** during the 90 day qualifying period, we will not pay a Child Cover Benefit for any other related occurrences of **cancer (excluding less advanced cases)** or trauma conditions which result from that **cancer (excluding less advanced cases)**.

However, the qualifying period will not apply to any part of the Child Cover amount insured which replaces similar insurance if all the following apply:

- any similar qualifying period has expired for the same conditions or events in the policy to be replaced. This includes qualifying periods which were applied to the policy after it commenced due to, for example, reinstatements or increases
- the policy to be replaced is cancelled immediately after we issue this policy
- no claim is payable or pending under the policy to be replaced.

The policy to be replaced can be a policy issued by us or by another insurer.

If the Child Cover amount insured under this policy exceeds that of the policy to be replaced, the 90 day qualifying period will still apply to the excess amount.

The amount we pay

The amount we pay is the Child Cover amount insured for the insured child as at the date the entitlement to the Child Cover Benefit arises.

This is the amount insured shown on the Policy Schedule, adjusted by increases under the indexation option, if applicable.

We pay the Child Cover Benefit as a lump sum.

Additional benefit

The section explains the additional benefit automatically included with Child Cover.

Accommodation Benefit

Non
Super

We pay the Accommodation Benefit if all the following apply:

- we have paid the Child Cover amount insured for an insured child
- a **medical practitioner** certifies that the insured child must remain confined to bed due to the trauma condition for which we paid the Child Cover Benefit
- either:
 - the insured child is more than 100 kilometres away from their **home** and an **immediate family member** must travel from their **home** to be with the insured child
 - an **immediate family member** must travel more than 100 kilometres from their **home** to be with the insured child.

Under this benefit we will reimburse the accommodation costs of the **immediate family member** up to \$500 per day. We pay for each day the insured child is confined to bed and their **immediate family member** is away from their **home**, up to 30 days.

You must claim this benefit within six weeks of the Child Cover Benefit being paid. We must receive evidence that is legible and unaltered of the insured child's confinement to bed and payment of the accommodation costs. If the information you provide to us is insufficient for any reason, we will let you know why that is and will discuss with you what alternative documents may need to be provided.

Standard features

Child Cover includes these standard features:

- Continuation of Child Cover
- Conversion of Child Cover
- Indexation.

Continuation of Cover and Conversion of Child Cover are explained below. Indexation is explained on page 58.

Continuation of Child Cover

Non
Super

If the policy owner dies, or a claim is paid leaving Child Cover as the only Cover under the policy, the insured child can continue Child Cover through a new policy. The insured child will be the policy owner of the new policy.

The insured child must be at least 10 years old, and parent or guardian consent is required if the child is under 16 years.

If this option is exercised, we will provide Child Cover under the new policy even if there is no other Cover under the new policy.

Conversion of Child Cover

On the policy anniversary when the insured child is age 21, we will offer the policy owner the opportunity to apply for Life Cover and attached Trauma Comprehensive Cover or Severity Trauma Cover for the insured child. The amount of new Cover can be up to the Child Cover amount insured immediately before the Child Cover ceasing. The policy owner will not need to provide medical or other evidence.

If neither Severity Trauma or Trauma Comprehensive Covers are available when the conversion occurs, we will offer the attached Trauma Cover that we consider to be the most like Severity Trauma or Trauma Comprehensive Cover.

We must receive the policy owner's written acceptance of the offer within 30 days of the offer being made. If we do, the new Life and Trauma Cover in respect of the insured child will commence immediately after the Child Cover ceases.

The policy owner can choose the new Cover to be issued under their existing OneCare policy, or under a new policy with the insured child as the policy owner.

We will calculate the premium for the new Cover based on the premium rates applying when this option is exercised. We will also consider the life insured's then current occupation and smoking status.

We will also apply to the new Cover any exclusions, or medical or hazardous pursuits loadings, that applied to the original Child Cover.

When Child Cover ends

Child Cover for an insured child will end and your eligibility for any benefit under Child Cover will cease automatically on the earliest of the:

- policy anniversary when the insured child is age 21
- **Cover expiry date** for the insured child's Child Cover shown on the Policy Schedule
- date we pay the full Child Cover amount insured
- date there ceases to be any other Cover type under the policy except Child Cover (unless Continuation of Child Cover is exercised)
- date we receive your notification to cancel the Cover
- date we lawfully cancel and/or avoid the Cover
- date we cancel the policy for non-payment of premium
- date the insured child dies.

STANDARD FEATURES OF LUMP SUM COVERS

As your life changes, your life insurance may need to change with it.

Your OneCare policy includes many features that help ensure your Cover adapts to future needs. Most of the features explained below come standard at no extra cost to Life, TPD and Trauma Cover.

Not all features are available under Extra Care and Child Covers. Some features are only available to certain types of Life, TPD or Trauma Cover. The section below will explain if a feature is not available to a particular Cover.

Future Insurability

Does not apply to Child Cover.

Under Future Insurability, if a specified event occurs, the policy owner (or the life insured under OneCare Super) can apply to increase the Life, TPD, Trauma and/or Extra Care Cover amount insured. We will not require further medical evidence, but may require financial evidence.

The specified event referred to above must be one of the personal, business or policy events described in the tables on pages 55 to 58.

An application can be made for one increase for one personal, business or policy event only once in any 12 month period across all policies we have issued covering the life insured.

The relevant amount insured will not increase unless and until we accept the application.

Future Insurability increases are only available if all the following conditions are met:

- the life insured is under age 55
- the life insured was age 50 or under when the policy started
- the total to which an amount insured can be increased under this option cannot exceed the maximum amount of Cover available for that Cover type
- we did not apply a medical loading greater than 50% on the original Cover, as shown on the Policy Schedule
- on the application date, neither the life insured, the policy owner nor anyone else has claimed or is entitled to claim in respect of the life insured under this policy or another policy we issued
- each proposed increase to an amount insured is for a minimum lump sum amount of \$10,000, or if an instalment benefit payment type applies, an **equivalent instalment amount**
- the amounts increased for a particular event under future insurability rights under all policies we issued for the life insured cannot, in total, exceed the limit stated in the tables on page 14. We will limit an individual increase under this policy for an event so the applicable limit is not exceeded

- for each Cover type, the sum of the increases across all policies we have issued in respect of the life insured do not exceed the lesser of:
 - a lump sum amount of \$1 million, or if an instalment benefit payment type applies, an **equivalent instalment amount**
 - the amount insured for each Cover type at the **Cover start date**.
- for personal events, the application to increase the relevant amount insured is made within 30 days of either the:
 - occurrence of the personal event
 - policy anniversary following the personal event.
- for business events and policy events, the application to increase the relevant amount insured is made within 30 days of the policy anniversary following the business or policy event, as applicable
- all conditions set out for the relevant personal, business or policy event in the tables on pages 55 to 58 are met
- if the Business Guarantee Option applies, it has not been exercised for the same event.

Any exclusions, loadings or special conditions that apply to the existing Cover will apply to the increased amount.

Future Insurability is not available under the Business TPD definition.

Limits to benefits in the first six months

Limits on increases for various personal and policy events

We limit benefits during the first six months after we increase the Life, TPD and/or Trauma and/or Extra Care Accidental Death Cover amount insured for a life insured under Future Insurability.

We will pay the increased portion of the Trauma Cover amount insured only if the life insured suffers an **accidental trauma condition**.

In particular, we will pay the increased portion of the TPD Cover amount insured only if the life insured suffers **accidental total and permanent disablement**.

Limits on increases for birth or adoption

We limit benefits during the first six months after increasing a life insured’s TPD Cover and/or Trauma Cover amount insured if the increase was because of the birth or adoption of the life insured’s child.

Indexation

Applies to your Cover only if it is shown in the Policy Schedule.

If indexation applies, at each policy anniversary the amount insured for Life Cover, TPD Cover, Trauma Cover, Child Cover and Extra Care Cover will automatically increase by the greater of:

- the '**indexation factor**'
- a percentage amount we choose to offer from time to time
- 5%.

As the sum insured increases, the premium may also increase. Payment of the premium will constitute your acceptance of the increase in Cover due to indexation.

The policy owner under OneCare, or the life insured under OneCare Super, can decline the increase in any year by notifying us within 30 days of the policy anniversary.

The policy owner under OneCare, or the life insured under OneCare Super can also tell us to stop indexation permanently. However, we may ask for medical information if you later wish to reinstate indexation.

If a TPD SuperLink arrangement exists, we will apply any changes to the amount insured in one policy to the other **linked policy**.

The increase will not apply to benefits payable where entitlement to the benefit arises before the policy anniversary.

When indexation ends

We will cease to offer indexation for a Cover on the earlier of:

- the **Cover expiry date** shown on the Policy Schedule
- for Life Cover, TPD Cover and Trauma Cover, when the Premium Freeze is exercised. Please see page 59.

Indexation factor

We determine the '**indexation factor**' each year based on the percentage increase in the Consumer Price Index (CPI). We use the CPI weighted average of eight capital cities combined, as published by the Australian Bureau of Statistics or its successor, for the 12 month period ending on 31 December each year. We apply the **indexation factor** from 1 May in the following year.

If the CPI reduces over the relevant period, the **indexation factor** will be zero. Any subsequent increases in the CPI will first be offset against the previous reduction(s) in the CPI when we determine the next **indexation factor**.

If the CPI is not published, we will calculate the **indexation factor** from another retail price index which in our actuary's opinion is the closest to it.

Premium Freeze

Only available for Life Cover, TPD Cover and Trauma Cover with stepped premiums. Not available for Extra Care Cover or Child Cover, Cover under SuperLink arrangements or Cover with level premiums.

If Premium Freeze is activated for a Cover, at each policy anniversary date we:

- fix the premium for the Cover at the level that applied before the policy anniversary
- recalculate the amount insured for the Cover, so the amount insured generally reduces to the amount which can be purchased by the fixed premium based on the premium rates that apply at the time.

While Premium Freeze is activated for a Cover:

- the amount insured for the Cover cannot be less than \$10,000, or if an instalment benefit payment type applies, an **equivalent instalment amount**. If the amount insured reduces below this minimum level, the Premium Freeze will end. We will then recalculate the premium for the Cover so the amount insured does not reduce below this minimum level
- Indexation and Future Insurability increases to the Cover amount insured are not available.

The policy owner under OneCare, or the life insured under OneCare Super, may activate Premium Freeze for a Cover. They can do so by applying in writing to us within 30 days of the policy anniversary.

The Policy Schedule will show if Premium Freeze is activated for a Cover.

The policy owner under OneCare, or the life insured under OneCare Super, may cancel Premium Freeze for a Cover by applying in writing to us within 30 days of the policy anniversary. However, Premium Freeze cannot be cancelled while we are waiving premiums for the Cover under the Premium Waiver Disability Option. The cancellation of Premium Freeze is subject to our approval.

If Premium Freeze is cancelled, the policy owner under OneCare, or the life insured under OneCare Super, may also apply to recommence indexation increases. The recommencement of indexation increases is subject to our approval.

Life Cover Buy Back (TPD)

Only available if TPD Cover is attached to Life Cover, as shown in the Policy Schedule. Not available under the Business TPD definition. Not available for stand-alone TPD Cover or TPD Cover attached to Trauma Cover only.

If we pay or begin to pay the full TPD Cover insured for a life insured, the policy owner (or the life insured under OneCare Super) can buy back Life Cover for the life insured.

Life Cover can be bought back up to the amount of the **TPD Benefit** we paid or are paying.

We will make the offer 12 months after the later of the date we receive the completed claim form and the date the life insured satisfied the TPD definition.

We must receive written acceptance of our offer within 30 days of the offer being made.

Life Cover Buy Back cannot be exercised if either:

- we have previously paid a Terminal Illness Benefit for the life insured
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- the Double TPD Option applies for the life insured. Please see page 62
- we have paid or begun to pay less than 100% of the TPD Cover amount insured or instalment amount insured, including a **Partial TPD Benefit**.

If we subsequently pay or begin to pay 100% of the TPD Cover amount insured or instalment amount insured, Life Cover Buy Back can be exercised for the total **TPD Benefits** paid.

The premium for the new Life Cover will be based on the premium rates applying at the time Life Cover is bought back.

Any loadings and exclusions under the original Life Cover will apply to the new Life Cover. The new Life Cover will also have the same benefit payment type as the original Cover.

Future Insurability, Premium Waiver Disability Option, Serious Disability Premium Waiver and the Business Guarantee Option are not available to the new Life Cover.

Life Cover Buy Back (Trauma)

Only available if Trauma Cover is attached to Life Cover as shown on the Policy Schedule. Not available for Severity Trauma Cover, stand-alone Trauma Cover or Trauma Cover attached to TPD Cover only.

If we pay or begin to pay the full trauma amount insured for a life insured, we will offer you the opportunity to buy back Life Cover for the life insured.

You can buy back Life Cover up to the amount of the Trauma Benefit we paid or are paying.

We will offer Life Cover Buy Back either:

- six months after the later of the date we receive the completed claim form and the date the life insured first satisfies any of the following trauma conditions:
 - **Alzheimer's disease (diagnosed)**
 - **blindness (permanent in both eyes)**
 - **deafness (permanent in both ears)**
 - **dementia (diagnosed)**
 - **loss or paralysis of limb (permanent)**
 - **multiple sclerosis (diagnosed)**
 - **Parkinson's disease (diagnosed).**
- 12 months after the later of the date we receive your completed claim form and the date the life insured first satisfies any other trauma condition not listed above.

We must receive your written acceptance of our offer within 30 days of the offer being made.

Life Cover Buy Back cannot be exercised if either:

- we have previously paid a Terminal Illness Benefit for the life insured
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- the Double Trauma Option applies to the life insured. Please see page 62
- we have paid or began to pay less than 100% of the Trauma Cover lump sum or instalment amount insured.

If we subsequently pay or begin to pay 100% of the Trauma Cover amount insured or instalment amount insured for another trauma condition, you can exercise Life Cover Buy Back for the total Trauma Cover amount paid.

The premium for the new Life Cover will be based on the premium rates applying at the time Life Cover is bought back.

Any loadings and exclusions under the original Life Cover will apply to the new Life Cover. The new Life Cover will also have the same benefit payment type as the original Cover.

Future Insurability, Serious Disability Premium Waiver, Premium Waiver Disability Option and the Business Guarantee Option are not available to the new Life Cover.

Pregnancy Premium Waiver

Only available for Severity Trauma Cover.

If the life insured becomes pregnant while this Cover is in force, we will waive the premiums under Severity Trauma Cover for up to a maximum of six months over the life of the policy.

Premiums may be waived during any period that:

- begins no earlier than the start of the life insured's second trimester, and
- finishes no later than six months from the date of birth of the life insured's child.

This benefit will only apply if the Cover under this policy has been continually in force for at least six months prior to the date the life insured becomes pregnant and at the time of the application to waive premiums they are not working in a gainful occupation.

You must notify us in writing when you wish to apply to waive premiums under this benefit and provide us with a certificate of the life insured's pregnancy from a **medical practitioner**.

The Pregnancy Premium Waiver will end if the life insured returns to work (whether in their **primary occupation** or any other occupation) or when a total of six months of premiums have been waived over the life of the policy.

If other Cover is in force for the life insured, we will continue to charge the premiums for the other Cover.

Extra cost options for lump sum Covers

OneCare offers extra cost options so you can further tailor your Cover to your requirements.

These extra cost options are not available for Child Cover.

Some of the options are not available for some types of Cover. This PDS will explain where an option is not available.

Business Guarantee Option

This option only applies to a Cover for a life insured if it is shown on the Policy Schedule.

This option is not available under Severity Trauma Cover, Extra Care Cover, Child Cover or under TPD Cover with the Business TPD definition.

The Business Guarantee Option applies for Cover taken out for a 'business insurance purpose' we approve.

This option allows the policy owner, or the life insured under OneCare Super, to apply to increase the amount insured for that Cover without supplying medical evidence. This can be done when the value associated with the business insurance purpose increases and if all conditions set out on the following page are met.

A 'business insurance purpose' includes key person insurance, loan guarantee insurance and insurance which supports a written business succession agreement, including buy/sell or share purchase agreements. A business insurance purpose also includes any other business insurance purpose we approve.

To apply for this option, the life insured must be within the required entry ages for each of the Covers for stepped premiums or aged between 15 and 60 for level premiums. Please see page 16.

Limits on increase in Cover

Each of the following limits and conditions will apply to a proposed increase under this option.

1. An application to increase can only be made once in any 12 month period.
2. The reason for each proposed increase must concern the business insurance purpose we originally approved. The proposed increase must not exceed the increase in value associated with that purpose.

We will calculate the value associated with the business insurance purpose when the application is made under this Option. We will use the same methodology we used to calculate that value under the original application for Cover.

3. The total to which an amount insured can be increased over the life of the policy cannot exceed the lesser of:
 - three times the original amount insured
 - the following lump sum amounts:
 - Life Cover – \$15 million
 - TPD Cover – \$5 million. Except for white collar occupations, amounts greater than \$3 million are to be purchased as Non-working TPD, or Super Non-working TPD under Cover held through super
 - Trauma Cover – \$2 million.
 - the maximum amount of Cover available for that Cover type. Please see page 14.
4. If more than three years have passed since this option started and no Cover has increased under this option in the previous three years, we limit the maximum individual increase available. The limit will be the lesser of:
 - the increase in value associated with the business insurance purpose
 - three times the original amount insured
 - the following lump sum amounts:
 - Life Cover – \$2 million
 - TPD Cover – \$2 million
 - Trauma Cover – \$2 million.
5. We will limit any future increase if the amount insured at the **Cover start date** is less than the value associated with the business insurance purpose. We limit an increase so the proportion the increased amount insured bears to the value associated with the business insurance purpose does not exceed the proportion that applied at the **Cover start date**.

Evidence required

An application under this option must include:

1. for 'buy/sell', share purchase or business succession purposes – a current valuation of the business by a qualified accountant or business valuer.

The accountant or valuer can be the same person or firm who provided us with financial evidence of the value associated with the business insurance purpose under the original application for this option. They can also be any other person or firm we agree to, using the same methodology
2. for loan guarantee insurance purposes – a current loan statement or agreement detailing the loan balance and terms of the loan when the increase is applied for
3. for key person insurance purposes – current business financial statements and income tax returns for the most recent financial years and a calculation of how key person Cover needs has been determined.

The application must also include confirmation the life insured is actively at work in their usual occupation when the increase is applied for.

We may also request further information to assess the application, except medical evidence.

When you cannot exercise this option

This option cannot be exercised if any of the following apply:

- an application has been submitted for an increase under Future Insurability for the same event. Please see page 54 for details of Future Insurability
- the policy owner, the life insured or another person has claimed, or is entitled to claim, in respect of the life insured under any policy we issued covering death, **terminal illness**, **TPD** or trauma. This includes this policy or any other policy we issued in respect of the life insured.

When you can remove this option

The policy owner, or the life insured under OneCare Super, can remove this option from a Cover, but only if we have never increased any Cover amount insured under this option.

Meaning of 'value associated with the business insurance purpose'

A life insured is a 'key person' to a business if they are crucial to the business operations and the business would suffer financial loss if the life insured died or became **disabled**. This must be able to be reasonably demonstrated to us.

In the context of key person insurance 'the value associated with the business insurance purpose' means the value of the life insured to the business.

In the context of 'loan guarantee insurance', 'the value associated with the business insurance purpose' means the amount of the business loan for which the life insured is personally responsible.

'Business succession agreement' means a legally binding agreement between business partners under which the life insured's share of the business is to be purchased by another partner when defined events occur. In this context 'the value associated with the business insurance purpose' means the value of the life insured's financial interest in the business.

Double TPD Option

Only available if TPD Cover is attached to Life Cover, as shown on the Policy Schedule. Not available under the Business TPD definition. Not available for stand-alone TPD Cover or TPD Cover attached to Trauma Cover only.

If the Double TPD Option is selected, it replaces the Life Cover Buy Back standard feature. Please see page 59.

Under this option, if we pay or begin to pay the full TPD Cover amount insured for a life insured, we will reinstate once only the Life Cover amount insured reduced by the **TPD Benefit** payment. The life insured must survive without life support for at least eight days after the date they satisfy the parts of the TPD definitions listed in the table below:

TPD definition	Parts of the TPD definition from page 34 to which the survival period applies
Any Occupation Own Occupation Home-maker SuperLink SIS Own Occupation	2, 3 and 4
Non-working Super Non-working	1 and 2

However, we will not reinstate Life Cover under this option if any of the following apply:

- we have previously paid a Terminal Illness Benefit for the life insured or the life insured is **terminally ill**
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- the life insured does not satisfy the survival period
- we pay or begin to pay only a part of the TPD Cover lump sum or instalment amount insured, including a **Partial TPD Benefit**.

If we subsequently pay or begin to pay the full balance of the TPD Cover amount insured, we will reinstate Life Cover up to the TPD Cover amount insured.

We will waive premiums for the reinstated Life Cover from the date we pay the full TPD Cover amount insured or begin to pay the instalment amount insured. We waive premiums until the life insured dies.

Any exclusions under the original Life Cover will apply to the new Life Cover.

Indexation, Future Insurability and the Business Guarantee Option are not available under the reinstated Life Cover.

This option expires at the policy anniversary when the life insured is age 65.

Double Trauma Option

Only available where Trauma Cover is attached to Life Cover as shown on the Policy Schedule. Not available for Severity Trauma Cover, stand-alone Trauma Cover or Trauma Cover attached to TPD Cover only.

If the Double Trauma Option is selected, it replaces the Life Cover Buy Back standard feature. Please see page 60.

Under this option, if we pay or begin paying the full Trauma Cover amount insured for a life insured, we will reinstate once only the Life Cover amount insured that was reduced when we paid the Trauma Cover amount insured.

The life insured must survive for eight days without life support after the date of diagnosis of the condition, or the date of the procedure, for which we paid the Trauma Benefit.

The life insured must meet this survival period as well as any time requirement under the relevant trauma condition definition.

However, we will not reinstate Life Cover under this option if any of the following apply:

- we have previously paid a Terminal Illness Benefit for the life insured or the life insured is **terminally ill**
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- we pay or begin to pay less than 100% of the Trauma Cover amount insured or instalment amount insured.

However, if we subsequently pay or begin to pay 100% of the Trauma Cover amount insured or instalment amount insured for another trauma condition, we will reinstate Life Cover up to the Trauma Cover amount insured.

We will waive premiums for the reinstated Life Cover from the date we pay or begin to pay the full Trauma Cover amount insured. We waive premiums until the life insured dies.

Any exclusions under the original Life Cover will apply to the new Life Cover.

Indexation, Future Insurability and the Business Guarantee Option are not available under the reinstated Life Cover.

This option ends at the policy anniversary when the life insured is age 65.

Example

Terry took out a policy with:

- Life Cover – \$750,000
- Attached TPD Cover – \$750,000
- Attached Trauma Cover – \$400,000
- Extra cost option – Double Trauma.

The Covers are attached Covers meaning that any benefit paid under one Cover would reduce all Covers by the amount of the benefit paid.

After a successful claim under Trauma Cover, Terry received the Trauma Cover benefit of \$400,000.

This reduced all his attached Covers by \$400,000. However, the Double Trauma extra cost option immediately reinstated the reduced portion of his Life Cover.

Accordingly, Terry's policy now consists of:

- Life Cover = \$750,000 (\$400,000 of which has premiums waived)
- TPD Cover = \$350,000
- Trauma Cover = \$0.

Life Cover Purchase Option (TPD)

Only available with stand-alone TPD Cover or TPD Cover attached to Trauma Cover, if shown on the Policy Schedule. Not available under the Business TPD definition. Not available for TPD Cover attached to Life Cover.

If we pay or begin paying the full TPD Cover amount insured for a life insured, the policy owner (or the life insured under OneCare Super) can choose to purchase Life Cover for the life insured. Life Cover can be purchased up to the amount of the **TPD Benefit** we paid or are paying.

We will make the offer 12 months after the later of the date we received the completed claim form and the date the life insured satisfied the TPD definition.

We must receive written acceptance of the offer within 30 days of the offer being made.

This option can only be exercised once.

The Life Cover Purchase Option cannot be exercised if either:

- we have previously paid a Terminal Illness Benefit for the life insured
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- we have paid or begun to pay less than 100% of the TPD Cover amount insured or instalment amount insured, including a **Partial TPD Benefit**.

However, if we subsequently pay or begin to pay 100% of the TPD Cover amount insured or instalment amount insured, this option can be exercised for the total **TPD Benefits** paid.

The premium for the new Life Cover will be based on the premium rates applying when the option is exercised.

Where relevant, any loadings, exclusions and benefit payment type under the original TPD Cover will apply to the new Life Cover.

Future Insurability, Serious Disability Premium Waiver, Premium Waiver Disability Option and the Business Guarantee Option are not available under the new Life Cover.

Life Cover Purchase Option (Trauma)

Only available with stand-alone Trauma Cover and Trauma Cover with attached TPD Cover, if shown on the Policy Schedule. Not available for Severity Trauma Cover or Trauma Cover attached to Life Cover.

If we pay or begin paying the full Trauma Cover amount insured for a life insured, we will offer you the opportunity to purchase Life Cover for the life insured. You can purchase Life Cover up to the amount of the Trauma Benefit we paid or are paying.

We will offer Life Cover Purchase either:

- six months after the later of the date we received your completed claim form and the date the life insured first satisfied any of the following trauma conditions:
 - Alzheimer's disease (diagnosed)
 - blindness (permanent in both eyes)
 - deafness (permanent in both ears)
 - dementia (diagnosed)
 - loss or paralysis of limb (permanent)
 - multiple sclerosis (diagnosed)
 - Parkinson's disease (diagnosed).
- 12 months after the later of the date we received your completed claim form and the date the life insured first satisfied any other trauma condition not listed above.

We must receive your written acceptance of the offer within 30 days of the offer being made.

You can only exercise this option once.

You cannot exercise the Life Cover Purchase Option if either:

- we have previously paid a Terminal Illness Benefit for the life insured
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- we have paid or begun to pay less than 100% of the Trauma Cover amount insured or instalment amount insured. However, if we subsequently pay or begin to pay 100% of the Trauma Cover amount insured or instalment amount insured for another trauma condition, you can exercise this option for the total Trauma Benefit paid.

The premium for the new Life Cover will be based on the premium rates applying when you exercise this option.

Living Expense Cover

Business Expense Cover

Income Secure Cover

Extra Care Cover

Child Cover

Trauma Cover

Total and Permanent Disability Cover

Life Cover

Where relevant, any loadings and exclusions under the original Trauma Cover will apply to the new Life Cover. The new Life Cover will also have the same benefit payment type that applied to the original Trauma Cover.

Future Insurability, Serious Disability Premium Waiver, Premium Waiver Disability Option and the Business Guarantee Option are not available under the new Life Cover.

Premium Waiver Disability Option

This option only applies to a Cover for a life insured if it is shown on the Policy Schedule. It is not available under Severity Trauma Cover or Child Cover.

Under the Premium Waiver Disability Option, we will waive premiums for Life Cover, TPD Cover, Trauma Cover and/or Extra Care Cover, as applicable from the date the life insured becomes 'disabled'. We waive premiums while the life insured is either:

- **on claim** under Income Secure Cover, Business Expense Cover or Living Expense Cover up until the policy anniversary when they are age 65
- 'disabled', after having been 'disabled' for six consecutive months, up until the policy anniversary when the life insured is age 65.

If we waive a premium under this option we will also refund any premiums for Cover during the:

- waiting period under Income Secure, Business Expense or Living Expense Cover
- first six consecutive months of the life insured's 'disability'.

Indexation increases will continue to apply to Covers for which premiums are being waived, and premiums which relate to any indexation increases will be waived.

If we are waiving premiums for all Covers under a policy for the life insured, we will also waive premiums for any Child Cover under the same policy.

Before we will waive premiums, you must pay any premium owing for any period before the entitlement to the Premium Waiver commences.

We will not waive premiums for:

- Life Cover provided under Life Cover Buy Back or the Life Cover Purchase Option
- Trauma Cover provided under the Trauma Cover Reinstatement Option.

The Premium Waiver Disability Option expires on the policy anniversary when the life insured is age 65, whether the life insured is **on claim** or not.

The following definitions apply in this section only:

'Disabled/disability' means that, as a result of **illness** or **injury**, the life insured either has been:

- unable to engage in any occupation for which they are reasonably suited by their education, training or experience – if the life insured was engaged in paid **employment** before disablement, or

- under the care of a **medical practitioner** and has been unable to perform 'normal domestic duties', leave their **home** unaided, or engage in any occupation for which they are reasonably suited by their education, training or experience (if the life insured was not engaged in paid **employment** prior to disablement)
- if you have Cover held through super – under the care of a **medical practitioner** and has been unable to perform 'normal domestic duties' and leave their **home** unaided and engage in any occupation for which they are reasonably suited by their education, training or experience (if the life insured was not engaged in paid **employment** before disablement).

'Normal domestic duties' means the tasks performed by a person whose sole occupation is to maintain their **home**. These tasks include unassisted cleaning of the **home**, cooking of meals for their family, doing their family's laundry, shopping for their family's food and taking care of **dependant children** (where applicable). 'Normal domestic duties' does not include duties performed outside the life insured's **home** for salary, reward or profit.

Value Protector Option

This option only applies to a Cover if it is shown on the Policy Schedule.

This option is only available if you have chosen a fixed term instalment benefit payment type. It is not available under Severity Trauma Cover, Trauma Premier, Extra Care Cover, Child Cover or Cover held through super.

Under the Value Protector Option, while the life insured is **on claim**, we will increase the monthly instalment amount by 3% at every claim anniversary.

This option is only available under Death, TPD and Trauma Cover held outside super.

Trauma Cover Reinstatement Option

This option only applies to Trauma Cover for a life insured if shown on the Policy Schedule. It is not available under Severity Trauma Cover.

We offer Trauma Cover Reinstatement if we pay or begin paying the full Trauma or TPD Cover amount insured where the life insured's TPD Cover is attached to Trauma Cover. The TPD Cover may also be attached to both Trauma and Life Cover. We will offer you the opportunity to reinstate the full Trauma Cover amount insured that we paid, are paying or that applied before reduction, for the life insured.

The condition causing the TPD Cover claim must satisfy one of the Trauma Cover condition definitions.

We will offer Trauma Cover Reinstatement either:

- six months after the later of the date we receive your completed claim form and the date the life insured first satisfies any of the following trauma conditions:
 - **Alzheimer’s disease (diagnosed)**
 - **blindness (permanent in both eyes)**
 - **deafness (permanent in both ears)**
 - **dementia (diagnosed)**
 - **loss or paralysis of limb (permanent)**
 - **multiple sclerosis (diagnosed)**
 - **Parkinson’s disease (diagnosed).**
- 12 months after the later of the date we received your completed claim form and the date the life insured first satisfied any other trauma condition not listed above.

We must receive your written acceptance of our offer within 30 days of the offer being made.

You cannot exercise the Trauma Cover Reinstatement Option if we have either:

- previously paid a Terminal Illness Benefit in respect of the life insured
- we have previously paid an Extended Terminal Medical Condition Benefit for the life insured
- paid or begun to pay less than 100% of the Trauma Cover amount insured or instalment amount insured.
However, if we subsequently pay or begin paying 100% of the Trauma Cover amount insured or instalment amount insured for another trauma condition, you can exercise this option for the total Trauma Cover amount paid
- previously paid a benefit under TPD Cover in respect of a life insured that did not relate to a defined trauma condition under this policy.

The premium for the reinstated Trauma Cover will be based on the premium rates applying when you exercise this option.

We will apply any loadings and exclusions that applied to the original and subsequent Trauma Covers to the reinstated Trauma Cover. The reinstated Trauma Cover will also have the same benefit payment type as the original and subsequent Trauma Covers.

Indexation, Future Insurability, Premium Waiver Disability Option, Business Guarantee Option, Value Protector Option and the Double Trauma Option are not available under the reinstated Trauma Cover.

We will not pay a claim under the reinstated Trauma Cover for the following:

- the same trauma condition for which we paid a claim under the original or subsequent Trauma Cover(s)
- the trauma condition for which we paid a claim under the TPD Cover which resulted in the Trauma Reinstatement Option being triggered

- **angioplasty – triple vessel, aortic surgery, cardiac arrest (out of hospital), cardiomyopathy (permanent and irreversible), coronary artery by-pass surgery, heart attack (diagnosed), kidney failure (end stage), open heart surgery or primary pulmonary hypertension (Idiopathic Pulmonary Arterial Hypertension with permanent impairment)** – if we paid a claim for any of these trauma conditions under the original or subsequent Trauma Cover(s)
- **loss or paralysis of limb (permanent) or blindness (permanent in both eyes)** (where either of these trauma conditions are caused by a cerebrovascular accident) or **stroke (diagnosed)** – if we paid a claim for **angioplasty – triple vessel, aortic surgery, cardiac arrest (out of hospital), cardiomyopathy (permanent and irreversible), coronary artery by-pass surgery, heart attack (diagnosed), kidney failure (end stage), open heart surgery or primary pulmonary hypertension (Idiopathic Pulmonary Arterial Hypertension with permanent impairment)** under the original or subsequent Trauma Cover(s) or the original TPD Cover(s)
- **cancer (excluding less advanced cases), carcinoma in situ (of limited sites), chronic lymphocytic leukaemia (diagnosed) or melanoma (early stage)** – if we paid a claim for any of these trauma conditions under the original or subsequent Trauma Cover(s) or the original TPD Cover(s)
- **angioplasty – single or double vessel, angioplasty – triple vessel, aortic surgery, cardiac arrest (out of hospital), cardiomyopathy (permanent and irreversible), coronary artery by-pass surgery, heart attack (diagnosed), heart surgery (less invasive), heart valve surgery, kidney failure (end stage), liver disease (end stage), open heart surgery, primary pulmonary hypertension (Idiopathic Pulmonary Arterial Hypertension with permanent impairment) or stroke (diagnosed)** – if we paid a claim for **diabetes (severe)** under the original or subsequent Trauma Cover(s) or the original TPD Cover(s)
- **diabetes (severe)** – if we paid a claim for **angioplasty – single or double vessel, angioplasty – triple vessel, aortic surgery, cardiac arrest (out of hospital), cardiomyopathy (permanent and irreversible), coronary artery bypass surgery, heart attack (diagnosed), heart valve surgery, heart surgery (less invasive), kidney failure (end stage), liver disease (end stage), open heart surgery, primary pulmonary hypertension (Idiopathic Pulmonary Arterial Hypertension with permanent impairment) or stroke (diagnosed)** under the original or subsequent Trauma Cover(s) or the original TPD Cover(s)
- **kidney failure (end stage), liver disease (end stage), lung disease (end stage) or primary pulmonary hypertension (Idiopathic Pulmonary Arterial Hypertension with permanent impairment)** – if we paid a claim for **systemic sclerosis (permanent and irreversible)** under the original or subsequent Trauma Cover(s) or the original TPD Cover(s)
- **loss of independent existence (permanent)** – if the cause is any trauma condition which we have already paid a claim for under the original or subsequent Trauma Cover(s) or the original TPD Cover(s)
- **Alzheimer’s disease (diagnosed) or dementia (diagnosed)** – if we paid a claim for either of these trauma conditions under the original or subsequent Trauma Cover(s) or the original TPD Cover(s).

INCOME SECURE COVER

The ability to earn an income is an important asset. An **injury** or **illness** that prevents you from working can have a significant financial impact, both short term and long term.

Income Secure Cover can replace up to 70% of your **monthly income** if you cannot work because of **illness** or **injury**. You can use this money to pay the bills and stay on top of day-to-day living expenses while you recover.

Cover is available for a broad range of occupations. However, some options and features are only available to certain occupations and waiting periods. Your financial adviser can explain whether an option or feature is available for the life insured's occupation.

Mutual expectations

When an **injury** or **illness** occurs, we understand it can be a difficult and emotional time and we are here to help support you on your return to health journey.

Being engaged in work is a benefit to you, your family and society and we want to help you make a safe return to health and work. We see it as part of our commitment to you when you have a policy with us.

While everyone is affected differently by injuries and illnesses, there are expected recovery times for most injuries and illnesses. We will work with you and your **medical practitioner** to assist you getting the best treatment possible should your recovery be taking longer than expected.

Mutual expectations during a claim

'How to claim' section on page 21 provides important information on the claim process. To ensure transparency, the following sets out what we expect of you whilst **on claim**, and what you can expect from us when you are **on claim**:

What you can expect of us	Our expectations of you
<p>We will:</p> <ul style="list-style-type: none"> ✓ make payments for the duration of your claim in a timely manner ✓ make the claims process as straightforward as we reasonably can ✓ work with you, your treating medical practitioners and where appropriate, our rehabilitation teams, to support you on your recovery journey. We will support your return to your previous occupation, however, if evidence indicates that a return to your previous occupation is unlikely, we will engage with you, your treating medical practitioners and where appropriate our rehabilitation teams, to support your return to a suitable occupation based on your education, training or experience ✓ provide access to and funding for appropriate rehabilitation programs, which may include job seeking, graduated return to work plans, reasonable retraining and other work readiness programs ✓ adhere to the Life Insurance Code of Practice and its principles of conduct such as being open, fair and honest. 	<p>You will:</p> <ul style="list-style-type: none"> ✓ lodge your claim as soon as practicable following an illness or injury ✓ provide the information reasonably required for us to assess your claim ✓ follow the advice of any treating medical practitioner on an ongoing basis, including recommended courses of treatment and rehabilitation to strive for maximum possible improvement ✓ cooperate in assessments of your capacity for work, rehabilitation progress or future employment prospects ✓ actively participate and cooperate in planning for your return to work, including attending reasonable retraining for other suitable employment ✓ make reasonable efforts to return to work in suitable employment.

It is important when you have your policy to regularly check your level of cover against your income to make sure it suits your needs and, importantly, consider whether, for example, any changes in your income means that you should adjust the **monthly amount insured** to make sure you are not insured for more than you could receive or less than your **pre-claim earnings** would support. Please see 'The amount we pay' on page 72 for further details.

Please contact your financial adviser who will be able to support you with this process.

Conditions on who can be a life insured

This section on eligibility conditions does not form part of the policy between the policy owner and us. To be eligible for Cover, a life insured must meet the following entry ages and other conditions:

Cover	Minimum entry age	Maximum entry age	Other conditions
Income Secure Cover	19	60	Income Secure Cover is generally available to a life insured working a minimum of 20 hours per week in their primary occupation . If the life insured is not eligible for Income Secure Cover, they may be eligible for Living Expense Cover. Please see page 88.

When we will not pay a benefit or an expense

 - the law does not permit us to reimburse
 - are regulated by the *National Health Act 1953 (Cth)* or the *Private Health Insurance Act 2007 (Cth)*.

 - anything happening to the life insured in war. This exclusion does not apply to the Death Benefit

We will pay from the end of the three months or from the end of the waiting period, if greater.
- We will not pay a benefit under Income Secure Protection Super if the life insured is **unemployed** when **illness** or **injury** occurs, unless they are **unemployed** because of an **illness** or **injury** for which they are **on claim**. However, we provide

cover for these situations under Complimentary Income Secure Protection outside super directly to the life insured. Please see page 75 for further details on Complimentary Income Secure Protection.

- We will not provide cover for or pay any benefit if the claim arises directly or indirectly from the life insured's **illicit drug use**.

- We will not provide cover for or pay any benefit if the claim arises directly or indirectly from the life insured participating in criminal activity and for any period the life insured is incarcerated due to their participation in criminal activity.

Choosing the right Cover

This section explains the benefits, features and options of the Income Secure Cover we offer.

You can tailor your Income Secure Cover by choosing:

- whether to hold Income Secure Cover within or outside super
- the amount of your Cover
- the waiting period
- the benefit period
- any extra cost options you need.

Your premium will depend on your choices.

It is important to choose Cover and options that are right for you, considering your individual circumstances such as your income, daily expenses and lifestyle goals.

The type of Cover, and the features within that Cover, suitable for you will be determined by your personal circumstances. Your financial adviser can help you determine what Cover and features are suited to your circumstances.

Available Cover types

OneCare offers two types of Income Secure Cover.

The types of Cover available to you will depend on whether you want your Cover to be held outside or through super, as follows:

Policy ownership	Income Secure Cover type
	Income Secure Protection Super
	Income Secure Protection

However, not all features and options are available depending on your cover type. This PDS will tell you if a benefit, feature or option is not available.

Important features of Income Secure Cover

When cover starts

Income Secure Cover for a life insured starts on the **Cover start date** for Income Secure Cover set out in the Policy Schedule.

Stepped premium only

Income Secure Cover is only available with stepped premiums. Please see page 108 for further details.

We pay one benefit at a time

We only pay one **monthly amount insured payable** at a time for a life insured under Income Secure Cover. This is so even if the life insured suffers more than one **illness or injury** that causes **total disability or partial disability**.

This applies to the **Total Disability Benefit, Partial Disability Benefit** and benefits under the Accident Option and the Severity Booster Option. Details of these benefits, and about the **monthly amount insured payable** are set out in the following sections of this PDS.

A separate waiting period applies for each **illness or injury** for which you can claim under Income Secure Cover, unless it is a recurring claim. Please see page 75.

A life insured may be covered under more than one in-force Income Secure Cover, intending that when the benefit period on one Cover expires, the benefit period on another Cover will commence. In this case, we will pay only one **monthly amount insured payable** even if the benefit periods of such Covers overlap at any time. If the Covers have a different **monthly amount insured payable**, we will pay the highest **monthly amount insured payable** while the benefit periods overlap.

Reasonable retraining or rehabilitation

While **on claim**, we may ask that the life insured participate in retraining or rehabilitation to assist their return to gainful employment. We are committed to assisting the life insured to return to either their previous occupation or other suitable employment.

We may cease, suspend or reduce benefits if the life insured fails to commit to and undertake reasonable retraining or reasonable rehabilitation that the life insured has the capacity to undertake and which is expected to assist a return to gainful employment.

After two years on claim

After two years **on claim**, assessment of **disability** will not be based on the life insured's **primary occupation**. It will be based on any **gainful occupation** suited by the life insured's education, training or experience. This means we will assess your ongoing claim against this occupation definition. For details, see page 72.

Unemployment

We will not pay a benefit under Income Secure Protection Super if you are **unemployed** when your **illness** or **injury** occurs, unless you are **unemployed** because of an **illness** or **injury** for which you are **on claim**.

However, if you have Income Secure Protection Super you will also automatically receive Complimentary Income Secure Protection outside super to cover you in the event that you suffer an **illness** or **injury** whilst **unemployed** (i.e. you were **unemployed** for reasons other than as a result of **illness** or **injury**). Please see page 75 for further details on Complimentary Income Secure Protection.

Your Income Secure Protection Super continues if the life insured becomes **unemployed** and in the event of a claim, your **pre-claim earnings** will be assessed on the 12 consecutive months immediately before **disability**.

However, if we are paying the Complimentary Income Secure Protection, we will waive the premium of your Income Secure Protection Super for the duration you remain **on claim**.

The Policy Schedule will show

The Policy Schedule will show if Income Secure Cover applies to a life insured and if so:

- the Cover type. This could be Income Secure Protection or Income Secure Protection Super
- the **monthly amount insured**
- the benefit payment type
- the waiting period chosen
- the benefit period chosen
- the life insured's occupation category
- any optional extras chosen.

Some terms depend on the life insured's occupation

Some of the terms of Income Secure Cover vary according to the occupation category of the life insured, as indicated throughout this section of this PDS. The following table provides a general description of the types of occupations we classify under each occupation category and is a guide only. Your financial adviser can tell you how we may classify the occupation of each proposed life insured, and we will confirm the classification when we assess your application. The occupation category for each life insured will also be shown on your Policy Schedule. If the life insured's occupation changes after we issue the Policy Schedule, you may apply to change the occupation category. A new occupation category will only apply if we accept the application for the change, and issue a new Policy Schedule.

Waiting Period

The waiting period is the period the life insured must wait and satisfy the 'eligibility conditions for a total or partial disability benefit' below before the benefit period starts. The waiting period starts the day the life insured consults a **medical practitioner** for which the life insured receives advice confirming **disability**. You must continue to pay premiums that fall due during the waiting period. On our acceptance of your claim, these premiums will be refunded to you with the first benefit payment.

Please make sure you tell us as soon as the life insured becomes **disabled** even if the 2 year waiting period is underway. We want to provide valuable help that could improve the life insured's recovery during this period. For example, we may be able to help arrange useful rehabilitation.

The waiting period does not apply if we waive the waiting period under a recurring claim. Recurring claims are explained on page 75.

The Policy Schedule will show the waiting period that applies to your Cover.

The waiting periods you can choose

You can choose one of the following waiting periods:

- 30 days
- 60 days
- 90 days
- 2 years.

Longer waiting period lowers premium

The waiting period affects your premium. The longer the waiting period, the more affordable the premium.

Separate waiting period for each illness or injury

Unless you have a recurring claim, a separate waiting period applies for each **illness** or **injury** of the life insured that causes **disability** for which a claim can be made under this Cover. Please see page 75 for information about recurring claims.

Eligibility conditions for a total and partial disability benefit

To be eligible for a **total** or **partial disability** benefit, the life insured must satisfy all the following during the waiting period.

Solely due to **illness** or **injury** the life insured:

- is **'totally disabled'** for at least 7 out of 12 consecutive days during the waiting period,
- is **'totally disabled'** or **'partially disabled'** for the remainder of the waiting period, and
- under Income Secure Protection Super, has ceased to be **gainfully employed**, or ceased for at least 1 day to receive gain or reward.

'Totally disabled' during the waiting period means the life insured:

- is **following the advice of a medical practitioner**,
- is not working in their **primary occupation** or any other **gainful occupation**, and
- has no capacity to do each and every **important income producing duty** of their **primary occupation**.

'Partially disabled' during the waiting period means the life insured:

- is **following the advice of a medical practitioner**, and
- has capacity to work at reduced hours or work the same hours but in a restricted capacity in their **primary occupation**, or
- is unable to do each and every **important income producing duty** of their **primary occupation** (but are not **totally disabled**).

When we pay

We pay the **total** or **partial disability benefit** if the life insured:

- meets the conditions in the 'Eligibility conditions for a Total or Partial Disability Benefit' above, unless the waiting period is waived for a recurring claim. Please see page 75,
- has been continuously **totally** or **partially disabled** since the end of the waiting period as set out on page 72,
- is **totally** or **partially disabled** as set out on page 72,
- under **partially disabled**, has **monthly income** which is at least 15% less than their **pre-claim earnings**,
- is **following the advice of a medical practitioner**, and
- is **actively participating in any reasonable rehabilitation program**.

We pay the **total** and **partial disability benefit**:

- if the life insured's **disability** occurs while their Income Secure Cover is in force
- after completion of the waiting period
- monthly in arrears. However, the **total disability benefit** is paid 15 days after the waiting period ends, provided claim requirements are met, and monthly after that. Benefits for **total disability** are generally paid two weeks in arrears and two weeks in advance. Benefits for **partial disability** are generally paid entirely in arrears since we need evidence of income in the relevant month to work out the benefit amount
- for the duration of the benefit period, unless we stop paying earlier. Please see when we stop paying on page 74.

Total and partial disability definition

The definition of **disability** that the life insured will be assessed under depends on the:

- life insured's capacity for work, and
- amount of time that the life insured has been impacted by **illness or injury**.

If the life insured has capacity to work (in their **primary occupation** or any **gainful occupation**, as applicable), then they will not meet our definition of **totally disabled**. In this case, we will assess the claim, and when we calculate any **monthly amount insured payable**, under our definition of **partially disabled**.

For 30, 60 and 90 days waiting period if shown on your Policy Schedule

Up to (and including) the second anniversary on claim:

Totally disabled	Partially disabled
<p>A life insured is totally disabled if solely due to illness or injury:</p> <ul style="list-style-type: none"> • is not working in their primary occupation or any other gainful occupation, and • has no capacity to do each and every important income producing duty of their primary occupation. 	<p>A life insured is partially disabled if solely due to illness or injury:</p> <ul style="list-style-type: none"> • has monthly income which is at least 15% less than their pre-claim earnings, and • has capacity to work at reduced hours or work the same hours but in a restricted capacity in their primary occupation, or • is unable to do each and every important income producing duty of their primary occupation (but is not totally disabled).

After the second anniversary on claim or for a 2 year waiting period if shown on your Policy Schedule

Totally disabled	Partially disabled
<p>A life insured is totally disabled if solely due to illness or injury:</p> <ul style="list-style-type: none"> • is not working in any gainful occupation suited by their education, training or experience, and • has no capacity to do each and every important income producing duty of any gainful occupation suited by their education, training or experience. 	<p>A life insured is partially disabled if solely due to illness or injury:</p> <ul style="list-style-type: none"> • has monthly income which is at least 15% less than their pre-claim earnings, and • has capacity to work at reduced hours or work the same hours but in a restricted capacity in any gainful occupation suited by their education, training or experience, or • is unable to do each and every important income producing duty in any gainful occupation suited by their education, training or experience (but is not totally disabled).

The amount we pay

The amount of the **total or partial disability benefit** we pay for a life insured is the **monthly amount insured payable** as at the date that entitlement to the **total or partial disability benefit** arises.

The **monthly amount insured payable** depends on the **monthly amount insured** shown on the Policy Schedule. This amount is determined by the life insured's **annual income**. The minimum and maximum amounts that can be insured are set out on page 67.

The **monthly amount insured** will increase under indexation, if applicable. Please see page 78.

Indemnity benefit payment (for total and partial disability benefit)

When you hold Income Secure Protection or Income Secure Protection Super, you are covering up to 70% of the life insured's **pre-claim earnings**. The life insured's **illness or injury** and return to work journey may mean that they are either **totally or partially disabled** at various times. When you qualify for a benefit because the life insured is **totally disabled**, the maximum amount you may receive in total from us and all other sources is 70% of the life insured's **pre-claim earnings**. However, when you qualify for a benefit because the life insured is **partially disabled**, the amount you may receive in total from us and all other sources can be higher to support and encourage their return to gainful employment.

The **monthly amount insured payable** at claim time may be less than the **monthly amount insured** shown on your Policy Schedule. This will be the case if the life insured's income decreases after the policy commences.

Please note: We do not refund premiums where your **monthly amount insured** is greater than **pre-claim earnings** supports.

If the Indexation (on claim) Option is selected, we increase the **monthly amount insured payable** while you are **on claim**. The Policy Schedule will show if the Indexation (on claim) Option is selected.

At claim time we must receive financial evidence of the life insured's **pre-claim earnings**.

We calculate the **monthly amount insured payable** as follows:

Each month the life insured is totally disabled, we pay the lesser of:

- the **monthly amount insured** shown on the Policy Schedule reduced by **other payments** received while **on claim**, or
- the annual equivalent of the life insured's **pre-claim earnings** capped at 70% of the first \$300,000, 50% of the next \$200,000 and 25% of the balance, divided by 12. This amount is reduced by **other payments** received while **on claim** and any **ongoing income**.

Each month the life insured is partially disabled, we pay the lesser of:

- the **monthly amount insured** shown on the Policy Schedule reduced by **other payments** received while **on claim**, or
- the annual equivalent of the life insured's **pre-claim earnings** capped at 70% of the first \$300,000, 50% of the next \$200,000 and 25% of the balance, divided by 12. This amount is reduced by **other payments** received while **on claim**, and 70% of **monthly income** (adjusted to the life insured's maximum earning potential if the life insured is not working to their full capacity. Please see below for more details).

If we are already paying benefits, we will notify you 30 days before we adjust future payments because we change what we determine as the life insured's **monthly income/ongoing income**. If **monthly income/ongoing income** is negative in a month, we will treat **monthly income/ongoing income** as zero.

Maximum earning potential

If the life insured is not working to their full capacity for reasons other than **illness** or **injury**, we calculate **monthly income** as follows.

In the first 2 years **on claim** (for 30, 60 and 90 days waiting period), we will calculate **monthly income** based on what the

Example

	The example below shows the total disability benefit based on the life insured having the same earnings at the time of application and prior to claim being \$10,000:	The example below shows the partial disability benefit based on the life insured having the same earnings at the time of application and prior to claim being \$10,000, and is working to full capacity:	The example below shows the partial disability benefit based on the life insured having the same earnings at the time of application and prior to claim being \$10,000, and is not working but has capacity to work:
Pre-claim earnings	\$10,000	\$10,000	\$10,000
Other payments and monthly income/ongoing income	Other payments: \$500 Ongoing income: \$0	Other payments: \$500 Working to full capacity with monthly income: \$2,000	Other payments: \$500 Not working but has capacity to generate monthly income: \$2,000
We pay the lesser of the following:			
Monthly amount insured reduced by other payments	$\$7,000 - \$500 = \$6,500$	$\$7,000 - \$500 = \$6,500$	$\$7,000 - \$500 = \$6,500$
70% of pre-claim earnings reduced by other payments, and	$\$10,000 \times 70\% = \$7,000$ Less other payments:	$\$10,000 \times 70\% = \$7,000$ Less other payments and 70% of monthly income:	$\$10,000 \times 70\% = \$7,000$ Less other payments and 70% of maximum earning potential:
• if totally disabled, any ongoing income, or	$\$7,000 - \$500 = \$6,500$	$\$7,000 - \$500 - (70\% \times \$2,000) = \$5,100$	$\$7,000 - \$500 - (70\% \times \$2,000) = \$5,100$
• if partially disabled, 70% of monthly income (adjusted to their maximum earning potential if not working to full capacity)			
After applying the above calculation, we pay:	\$6,500 monthly amount insured payable	\$5,100 monthly amount insured payable	\$5,100 monthly amount insured payable
Total income received for the month from all sources	From this policy: \$6,500 Other payments received: \$500 Total: \$7,000	From this policy: \$5,100 Other payments received: \$500 Monthly income: \$2,000 Total: \$7,600	From this policy: \$5,100 Other payments received: \$500 Total: \$5,600

life insured's maximum earning potential could reasonably be, within their **primary occupation**, if they were working to the extent of their capacity.

After 2 years **on claim** or for a 2 year waiting period, we will change their **primary occupation** to any **gainful occupation** suited by their education, training or experience.

To determine the life insured's maximum earning potential, we will consider:

- available medical evidence, including the opinion of the life insured's **medical practitioner**,
- employability assessment, and
- any other relevant factors directly related to the life insured's medical condition, including information they provide.

We will convert lump sum payments to monthly amounts

We will convert to a monthly amount any part of **other payments** or **monthly income/ongoing income** received as a lump sum that comprises compensation for loss of earnings that cannot be allocated to specific months.

We will allocate 1% of the loss of earnings component of the lump sum to each month that we pay the **total** or **partial disability benefit**. We will do so for up to 5 years.

We will not offset any remaining balance of the lump sum.

Does not apply to 2 year waiting period if shown on your Policy Schedule.

If medical evidence supports the life insured's inability to work for three months or less, most often for **injury** claims, we may pay the **monthly amount insured** in advance. Each claim is different, and we cannot always make advance payments for a **Total Disability Benefit**. Eligibility depends on the life insured's occupation, the relevant **injury** and the waiting period. For example, if the life insured is a plumber and they fracture a leg, we know how long recovery is likely to take and may pay the full claim up-front.

We will pay one or more **monthly amount insured** in advance if a **medical practitioner** certifies that the life insured is **totally disabled** at the end of the waiting period and is likely to remain **disabled** for between one and three months.

We may require you, or the life insured, to provide us with copies of submitted tax returns or other financial documentation which verifies the life insured's **monthly income/ongoing income** during a period for which we have paid a **total** or **partial disability benefit**. We must receive this information by any reasonable timeframe we require.

We reserve the right to calculate the amount of the **total** or **partial disability benefit** that we would have otherwise paid if the life insured's **monthly income/ongoing income** was averaged over the relevant claim period, and either:

- recover any excess amount of the **total** or **partial disability benefit(s)** paid
- reduce the amount of any future **total** or **partial disability benefit(s)** payable until the excess amount paid has been recovered
- pay any shortfall in **total** or **partial disability benefit** payments made.

Benefit period

The benefit period is the maximum period of time that we will pay a benefit for any one **illness** or **injury** while the life insured is **disabled**.

A separate benefit period will apply to each **illness** or **injury** for which the life insured can claim, except for certain recurring claims. Please see page 75 for more details.

The Policy Schedule will show the benefit period chosen for your Cover.

When the benefit period starts and ends

The benefit period starts at the end of the waiting period.

Where the benefit period is to age 65, the benefit period ends at the policy anniversary when the life insured is age 65.

Benefit period reduced by recurring claims

If the life insured has a 2 or 6 year benefit period, for recurring claims we reduce the benefit period by any previous periods we have paid benefits for the **illness** or **injury**. If we treat the claim as a separate claim, and a new waiting period applies, the benefit period will start again. Please see page 75 for information about recurring claims.

Available benefit periods

You can choose the following benefit periods, depending on the life insured's Cover type and occupation category:

Benefit period	Available to the following occupation categories
2 years 6 years	Available for all occupation categories
To age 65	Available for all occupation categories, except occupation category 'R' Some HH (heavy duties) occupations are restricted to a maximum 6 year benefit period. Your financial adviser can let you know the benefit periods available for your particular occupation.

Shorter benefit period lowers premium

The benefit period affects your premium. The shorter the benefit period, the more affordable the premium.

When we stop paying

We stop paying the **total disability benefit** on the date the life insured stops being **totally disabled**.

We also stop paying the **total disability benefit** (even if the life insured continues to be **totally disabled** afterwards) on the earliest of the:

- end of the benefit period shown on the Policy Schedule
- **Cover expiry date** for the relevant Income Secure Cover shown on the Policy Schedule
- date the life insured dies
- date on which the Income Secure Cover ends or is cancelled. Please see page 80.

We stop paying the **partial disability benefit** on the date the life insured stops being **partially disabled**.

We also stop paying the **partial disability benefit** (even if the life insured continues to be **partially disabled** afterwards) on the earliest of the:

- end of the benefit period shown on the Policy Schedule
- **Cover expiry date** for the relevant Income Secure Cover shown on the Policy Schedule
- date the life insured dies
- date on which the Income Secure Cover ends or is cancelled. Please see page 80
- date the life insured is capable of earning an **annual income** of \$300,000 and is working at full capacity in any **gainful occupation** after 2 years **on claim**
- date the life insured is capable of working at full capacity for 40 hours in their **primary occupation** after 2 years **on claim**.

Recurring claims

If a subsequent **disability** claim is made for the same or related **injury** or **illness** which resulted in a previous claim payment, the table shows if the subsequent claim is a separate or continuing claim. Whether or not the waiting period will apply and for how long we will pay the claim, depends on how long after the previous claim the life insured's **disability** recurs, if the life insured has '**fully recovered**' and the benefit period.

'**Fully recovered**' means for at least 2 consecutive years from the date the life insured was last **on claim**, the life insured has been employed in a **gainful occupation** and is working without restriction. For example, they can perform the same duties at the same level for the same number of hours before the **disability** occurred.

Complimentary Income Secure Protection (if unemployed at time of illness or injury)

Super

As no benefit is payable under Income Secure Protection Super if you are **unemployed** when **illness** or **injury** occurs, we provide you with complimentary cover (i.e. cover that will be provided to you at no extra cost) to cover in this situation.

Applicable to Income Secure Protection Super policies

We provide Complimentary Income Secure Protection to you, as the life insured, with each Income Secure Protection Super policy.

Complimentary Income Secure Protection is only provided to you while the relevant Income Secure Protection Super policy remains in force. No premiums are payable for this cover and benefits are payable to you.

The terms of Complimentary Income Secure Protection do not form part of the policy with the policy owner of the Income Secure Protection Super policy. The terms of Complimentary Income Secure Protection form part of a separate policy held outside of super.

How the Complimentary Income Secure Protection works

Complimentary Income Secure Protection provides identical benefits and on the same terms as the Income Secure Protection Super policy, including all the additional benefits, features and selected options, except that the policy does not exclude payment of a benefit because the life insured is **unemployed** when **illness** or **injury** occurs.

Complimentary Income Secure Protection only applies in the event you are **unemployed** at time of **illness** or **injury** and no benefit is payable under the Income Secure Protection Super policy.

As the **monthly amount insured** is impacted by the amount of your **pre-claim earnings** prior to claim, both Income Secure Protection Super and Complimentary Income Secure Protection may be reduced as a result of you being **unemployed** and suffering a cessation of your income. Please see 'Indemnity benefit payment (total and partial disability benefit)' on page 72.

Assessment of claims for a Total or Partial Disability Benefit

We will first assess a claim for Total or Partial Disability Benefit against the Income Secure Protection Super policy.

If the life insured is **unemployed** at the time of the **illness** or **injury** and does not qualify for a benefit, we will then assess a claim for a benefit, under the Complimentary Income Secure Protection. If the life insured does not meet the requirements for payment of a Total or Partial Disability Benefit under

the Complimentary Income Secure Protection, we will not subsequently reconsider your claim under your Income Secure Protection Super policy.

We will only ever pay a monthly benefit under the Complimentary Income Secure Protection if the life insured is **unemployed** at the time of **illness** or **injury** and does not qualify for a benefit under Income Secure Protection Super.

If we are paying the Complimentary Income Secure Protection, we will waive the premium of your Income Secure Protection Super for the duration the life insured remains **on claim**.

Certain features of both Covers are the same

Under the Complimentary Income Secure Protection, the following are the same as your Income Secure Protection Super policy:

- the benefit payable, benefit payment type (Indemnity), waiting period and benefit period
- the life insured
- extra cost options.

If any of the above features under your Income Secure Protection Super policy change, the Complimentary Income Secure Protection will automatically change in the same way. For instance, if the **monthly amount insured** is reduced or increased under your Income Secure Protection Super policy, the **monthly amount insured** on the Complimentary Income Secure Protection will be reduced or increased (as applicable) by the same amount.

The taxation implications of a benefit payment may differ depending on whom we pay the benefit to, the trustee of your super fund or directly to you. We recommend you seek advice from a tax adviser.

When Complimentary Income Secure Protection ends

Complimentary Income Secure Protection and your eligibility for any benefit under Complimentary Income Secure Protection, ends when the Income Secure Protection Super insuring the life insured ends. For example, if your Income Secure Protection Super policy is cancelled because the premium is overdue, Cover under your Complimentary Income Secure Protection will end.

Additional Benefits

This section explains the additional benefits automatically included with Income Secure Cover. These benefits apply to all Income Secure Cover unless we state otherwise.

Death Benefit (while on claim)

We pay this benefit if the life insured dies or is diagnosed with a **terminal illness** whilst **on claim** for Income Secure Cover.

The amount we pay is three times the **monthly amount insured** up to a maximum of \$30,000, as a lump sum.

The maximum amount we will pay under this benefit applies to all Income Secure Covers under all policies for the life insured.

We pay this benefit once only. If we pay this benefit for **terminal illness** of the life insured, we will not pay it again on their death.

We pay this benefit for **terminal illness** even if other benefits are payable while the life insured is **on claim** under this Cover.

Rehabilitation and Retraining Expenses Benefit (paid direct to provider)

Does not apply to Income Secure Protection Super.

If the life insured is eligible to receive a benefit **on claim**, we will also pay expenses related to an **approved rehabilitation or retraining program** for the life insured.

We will pay directly to the provider up to 12 times the life insured's **monthly amount insured payable**, in total, over the life of their Income Secure Cover.

We pay this benefit as well as any **Total Disability Benefit** or **Partial Disability Benefit** payable.

We will only pay this benefit where we approve the rehabilitation and retraining program taking into account the prospects of returning the life insured to gainful employment. We recommend seeking our approval before starting any program. We do not pay expenses which the:

- law does not allow us to reimburse
- *National Health Act 1953* (Cth) or the *Private Health Insurance Act 2007* (Cth) regulate
- life insured or the policy owner are entitled to have reimbursed from another source.

Standard Features

Income Secure Cover includes several standard features which we explain in this section. These features apply to all Income Secure Cover unless we state otherwise.

Conversion to Living Expense Cover

If the life insured is not **on claim** and there is no eligibility to claim when your Income Secure Cover expires, we will offer conversion to Living Expense Cover without medical underwriting.

As Living Expense Cover cannot be held through super, where you have Income Secure Protection Super we will offer you Living Expense Cover through a separate non-super policy.

We will offer Living Expense Cover with the following features and terms:

- a two year benefit period
- Cover expiry at the policy anniversary when the life insured is age 80
- a **monthly amount insured** calculated as the lesser of the:
 - **monthly amount insured** when Income Secure Cover expires across all Income Secure Covers for the life insured under all policies we issued
 - maximum **monthly amount insured** we offer on standard terms for Living Expense Cover when the Income Secure Cover expires.

- the following waiting periods to choose from:

Waiting period under Income Secure Cover at time of conversion	Available waiting periods under Living Expense Cover
30 or 60 days	30 days, 90 days, or 2 years
90 days	90 days or 2 years
2 years	2 years

- a premium based on the stepped premium rates applying to Living Expense Cover when the conversion occurs
- the terms and conditions for Living Expense Cover that apply when the conversion occurs. If we do not then offer Living Expense Cover, we will offer another Cover that we consider is the most similar to Living Expense Cover if such an offer is available.

Any medical or hazardous pursuits loadings or specific exclusions that applied to your Income Secure Cover will also apply to the Living Expense Cover.

The conversion option must be exercised by the policy owner or under OneCare Super, the life insured. The option must be exercised before the Income Secure Cover expires.

Please see page 88 for details of Living Expense Cover.

Conversion to Non-Super Cover

Does not apply to Income Secure Protection.

This feature applies if either your:

- Cover held through OneCare Super ceases because the trustee of the Fund cannot accept contributions, rollovers or transfers into your super account
- External Master Trust Cover ceases because you cease to be a member of your super fund or master trust.

Under Conversion to Non-Super Cover, you can continue Income Secure Cover outside of super on the following terms.

This option is available to you if you are not **on claim** and not eligible to make a claim when you exercise this option.

You must exercise this option before your Income Secure Protection Super ends.

We will offer Cover on general terms available at that time subject to the following:

- Income Secure Protection Super will convert to Income Secure Protection
- The new Cover outside super will have the same (subject to us still offering these features):
 - benefit period and waiting period that applied under your Income Secure Protection Super
 - Cover expiry date** as your Income Secure Protection Super
 - monthly amount insured** as applied under your Income Secure Protection Super on the date that Cover ceased.

Any medical or hazardous pursuits loadings or specific exclusions that apply to your Income Secure Protection Super will also apply to the converted Cover.

You must exercise this option before your Income Secure Protection Super expires by contacting us and completing the appropriate forms.

Family Cover Pause

If the life insured's average **monthly income** decreases while pregnant or after they or their **spouse** have children, you can reduce the **monthly amount insured** to reflect the life insured's new average **monthly income** under Family Cover Pause. You can reduce the **monthly amount insured** by up to 70%, subject to a minimum **monthly amount insured** of \$1,000.

To be eligible to exercise this Family Cover Pause, you must have paid premiums for the previous 24 consecutive months and there must not be any outstanding premiums at the time.

The life insured can reinstate all or part of the **monthly amount insured** without medical underwriting when the life insured's **monthly income** increases. They can do this before the life insured's youngest child turns six.

To do so, we must receive the relevant completed form and financial evidence supporting the reinstated Cover. We must also receive a copy of the youngest child's birth certificate or adoption record.

The life insured must not be **on claim** or eligible to claim when exercising or reinstating Family Cover Pause.

We do not provide Cover or pay any benefits under this feature because of **illness** or **injury** that becomes **reasonably apparent** either:

- while Cover is paused, for the amount of Cover that is paused only
- in the first 90 days after each increase of Cover from Family Cover Pause, for the increased portion only.

The reduced **monthly amount insured** will continue to be adjusted under indexation, if applicable, while Cover is paused. Please see page 78.

Family Cover Pause is not available while Pregnancy Premium Waiver or Premium and Cover Suspension is activated.

Increasing Income

Does not apply to occupation category R.

This feature allows the policy owner, or the life insured under OneCare Super, to increase the **monthly amount insured** with increases in the life insured's average **monthly income**, without medical underwriting.

An application may be made each year to increase the **monthly amount insured** at the policy anniversary. The increase applied for can be up to 15% of the **monthly amount insured** across all Income Secure policies after any indexation increase applicable on that policy anniversary has been applied.

- Living Expense Cover
- Business Expense Cover
- Income Secure Cover
- Extra Care Cover
- Child Cover
- Trauma Cover
- Total and Permanent Disability Cover
- Life Cover

However, the maximum individual increase available under this feature changes to \$1,000 across all Income Secure policies if the **monthly amount insured** for Income Secure Cover has not increased under this feature within three years of the policy starting.

The increase must be applied for within 30 days of the policy anniversary.

This feature can only be exercised if:

- the life insured is not **on claim** or eligible to claim
- the life insured was less than age 50 on the **Cover start date**
- the life insured is less than age 55 on the policy anniversary from which the increased Cover is to apply
- the **monthly amount insured** across all Income Secure Covers for the life insured, including the increase applied for, does not exceed \$30,000
- the Cover that is being increased is not a result of exercising a Continuation Option
- we issued the life insured's Cover without medical loadings greater than 50%, as shown on the Policy Schedule
- the sum of all increases in the **monthly amount insured** under this feature, including the increase applied for, do not exceed the original **monthly amount insured** at the **Cover start date**.

We must receive a completed Application Form and financial evidence supporting the increase in Cover. We must also receive confirmation the life insured is actively at work and expects their income to continue or increase.

Indexation (while not on claim)

Applies to your Cover only if it is shown in the Policy Schedule.

If indexation applies, at each policy anniversary whilst the life insured is not **on claim**, the **monthly amount insured** for Income Secure Cover will automatically increase by the **indexation factor**. However, if the life insured is **on claim** or **totally disabled** on the policy anniversary, the **monthly amount insured** will not increase unless the Indexation (while on claim) Option applies. Please see page 80.

As the **monthly amount insured** increases, generally the premium may also increase. Payment of the premium will constitute your acceptance of the increase in Cover due to indexation.

The policy owner under OneCare, or the life insured under OneCare Super, can decline the increase in any year. They must do so by notifying us within 30 days of the policy anniversary.

The policy owner under OneCare, or the life insured under OneCare Super, can also tell us to stop indexation permanently.

However, if you later wish to reinstate indexation we may ask for medical information.

The increase will not apply to benefits payable where entitlement to the benefit arises from **illness** or **injury** that occurs before the policy anniversary.

When indexation ends

We will cease to offer indexation for Income Secure Cover on the earlier of:

- the **Cover expiry date** shown on the Policy Schedule
- when the Pregnancy Premium Waiver is exercised. Indexation will recommence when the Pregnancy Premium Waiver ends
- when the Premium and Cover Suspension is exercised. Indexation will recommence when the Premium and Cover Suspension ends.

Indexation factor

We determine the **indexation factor** each year based on the percentage increase in the Consumer Price Index (CPI). We use the CPI weighted average of eight capital cities combined, as published by the Australian Bureau of Statistics or its successor, for the 12 month period ending on 31 December each year. We apply the **indexation factor** from 1 May in the following year.

If there is no increase in CPI, then no increase will be offered.

If the CPI reduces over the relevant period, the **indexation factor** will be zero. Any subsequent increases in the CPI will first be offset against the previous reduction(s) in the CPI when we determine the next **indexation factor**.

If the CPI is not published, we will calculate the **indexation factor** from another retail price index which in our actuary's opinion is the closest to it.

Pregnancy Premium Waiver

If the life insured or their **spouse** becomes pregnant while their Income Secure Cover is in force, we will waive the premiums for up to a maximum of three months over the life of the policy.

Premiums may be waived during any period that:

- begins no earlier than the start of the life insured or their **spouse's** second trimester, and
- finishes no later than six months from the date of birth of the life insured's child.

This benefit will only apply if the Income Secure Cover under this policy has been continually in force for at least six months prior to the date the life insured or their **spouse** becomes pregnant and at the time of the application to waive premiums they are not working in any occupation.

You must notify us in writing when you wish to apply to waive premiums under this benefit and provide us with a certificate of the life insured or their **spouse's** pregnancy from a **medical practitioner**.

The Pregnancy Premium Waiver will end if the life insured returns to work (whether in their **primary occupation** or any other occupation) or when a total of three months of premiums have been waived over the life of the policy.

Pregnancy Premium Waiver is not available while Premium and Cover Suspension or Family Cover Pause is activated.

Premium and Cover Suspension

You can suspend premiums and Cover for up to 6 months.

The Premium and Cover Suspension is only available if your Cover has been continuously in force since the commencement date and premiums have been paid for at least the previous 24 consecutive months. We will suspend premiums and Cover for a maximum of 6 months from the time the application is accepted by us in writing and a maximum of 24 months over the life of the policy.

Cover may only be reinstated upon application and after we have received the next premium. If you do not apply to reinstate the Cover within 6 months, the policy will be cancelled.

If you are suffering from, or have symptoms of, an **illness** or **injury** which developed or became **reasonably apparent** during the period of suspension, at the time the Cover is reinstated, no benefit is payable for any subsequent claim affected by that symptom, **illness** or **injury**.

Premium and Cover Suspension is not available while Pregnancy Premium Waiver or Family Cover Pause is activated.

Waiting Period Conversion

This feature allows the policy owner, or life insured under OneCare Super, to apply to change a life insured's waiting period from 2 years to 90 days without medical evidence. This application can be made when the life insured ceases to be covered under a group salary continuance (GSC) scheme or similar arrangement.

The scheme or arrangement must have been provided by an employer and issued by a life company registered in Australia.

The application must be made within 30 days after the Cover under the GSC scheme ceases.

Apart from medical history, we will assess all aspects of the life insured's history to determine whether we can offer to convert the waiting period and if so, the conditions which may apply.

We may reject the application to convert when we assess the evidence and information against our then current standard underwriting guidelines.

Or instead, we may accept the conversion, but require a change to the life insured's occupation category or **monthly amount insured**.

You must provide confirmation the life insured:

- ceased to be covered under a GSC scheme or similar arrangement provided by an employer and issued by a life company registered in Australia
- is actively at work in their occupation and expects their **monthly income** to continue at or above the same level as when leaving the GSC scheme
- has not left the **employment** for which Cover under the GSC scheme was provided due to **illness** or **injury**
- has not, and is not eligible to, claim under Income Secure Cover

- has not, and is not eligible to, claim under the GSC scheme or any other policy providing disability income insurance
- has not received a **TPD benefit** from any life insurer
- has not, and does not intend to, claim a **TPD benefit** with any life insurer.

This option to convert the waiting period expires at the policy anniversary when the life insured is age 55.

This benefit does not apply if it is part of a transfer from another OnePath product or this policy is issued as part of a continuation option unless it has been fully underwritten.

Waiver of Premium (while on claim)

We will waive the premiums for Income Secure Cover for the life insured for the time the life insured is either:

- **on claim** under Income Secure Cover
- **disabled** after the waiting period and otherwise eligible for a benefit under Income Secure Cover before we apply benefit reductions. Please see page 71.

If we waive a premium for the Income Secure Cover, we will also refund the premium for the Income Secure Cover paid during the waiting period.

If you have a 2 year waiting period from the policy anniversary when you are age 63, we will waive the premiums due until the end of your policy, to reflect the fact that you will not be able to make a new claim. The policy will remain in force so that you are still covered for a recurring claim or in case you have a waiting period underway. We will waive any premium due in the last 24 months of the policy.

Extra Cost Options

Income Secure Cover offers the following options at extra cost. These options will increase your premium.

Not all options are available under all waiting periods or occupation categories. This PDS explains where an option is not available.

You should consider which of the options are important to you.

Day 14 Accident Option

Applies to your Cover only if it is shown on the Policy Schedule.

This option is not available to waiting periods other than 30 days, or to a life insured with occupation category R.

We pay a benefit under the Accident Option if, as a result of an **injury**, the life insured is **totally disabled** for 14 consecutive days from the start of the waiting period. The **total disability** must have commenced within 30 days of the date of the **injury**.

If the life insured has Income Secure Protection Super, the life insured must also have either, as a result of **illness** or **injury**:

- ceased to be **gainfully employed**
- ceased for at least one day to receive gain or reward under a continuing arrangement to be **gainfully employed**.

The Accident Option is only available if the life insured's waiting period is 30 days.

The amount we pay is 1/30 of the **monthly amount insured payable** for each day the life insured is **totally disabled** during the waiting period.

We pay this benefit during the waiting period and is paid monthly. Benefits are generally paid two weeks in arrears and two weeks in advance.

The Accident Option expires at the policy anniversary when the life insured is age 65.

Indexation (while on claim) Option

Applies to your Cover only if it is shown on the Policy Schedule.

Under the Indexation (while on claim) Option we will increase the **monthly amount insured** annually by the **indexation factor** for every 12 months that the life insured is **on claim**.

When the life insured ceases to be **on claim**, the **monthly amount insured** for their Income Secure Cover will be the **monthly amount insured** that applied on the policy anniversary before they ceased being **on claim**.

This option expires at the policy anniversary when the life insured is age 65 for all Covers.

Severity Booster Option

Applies to 30 days waiting period only if it is shown on the Policy Schedule.

We will pay the Severity Booster if the life insured meets the conditions explained under either the **'Trauma event'** or **'Hospitalised during the waiting period'** sections. We will only pay the Severity Booster benefit once, for the same period where it would otherwise be possible to qualify under both sections.

'Trauma event'

We will boost the **monthly amount insured payable** by 20% for the first 6 months **on claim** if the life insured suffers any of the following trauma conditions and is **disabled** after the waiting period ends:

- Burns (severe),
- Invasive cancer (of stage 3 or 4), or
- Leukaemia, lymphoma and blood related cancers (of stage 3 or 4).

'Hospitalised during the waiting period'

If the life insured is hospitalised for at least 10 consecutive days for an **illness** or **injury** during the waiting period and is **disabled** after the waiting period ends, we will boost the **monthly amount insured payable** by 20% for the first month **on claim**.

If the life insured remains in hospital after the first month **on claim**, we will boost the **monthly amount insured payable**

by 20% for each day the life insured is in hospital for up to 5 months.

When Income Secure Cover ends

Income Secure Cover for a life insured will end and your eligibility for any benefit under Income Secure Cover will cease automatically on the earliest of the:

- policy anniversary when the life insured is age 65
- **Cover expiry date** for the Income Secure Cover shown on the Policy Schedule
- date we receive notification from the policy owner, or the life insured under OneCare Super, to cancel the Cover
- date we lawfully cancel and/or avoid the Cover
- date we cancel the policy for non-payment of premium
- date the life insured ceases to be a member of the master trust – if the policy owner is the trustee of an external master trust
- for OneCare Super, and subject to the option to continue Income Secure Cover outside of super as explained below, the date the life insured:
 - ceases to be a member of the Fund, or
 - is no longer able to make super contributions, or roll over or transfer existing super amounts from other OnePath superannuation products or external superannuation products
- date the life insured dies.

You may be able to continue cover

You can apply without further underwriting, to continue Income Secure Protection outside super if your Income Secure Protection Super ceases. Please see page 77 for details.

BUSINESS EXPENSE COVER

You know how much your **business** needs you.

This Cover is especially designed for business owners, sole traders and partnerships.

Choosing the right Cover

You can tailor your Business Expense Cover by choosing:

- the amount of your Cover
- the waiting period
- any extra cost options you need.

When Cover starts

Business Expense Cover for a life insured starts on the **Cover start date** for Business Expense Cover set out in the Policy Schedule.

The life insured must meet entry conditions

We pay one benefit at a time

We only pay one **monthly amount insured payable** at a time for a life insured. This is so even if the life insured suffers more than one **illness or injury** that causes **total or partial disability**.

A separate waiting period applies for each **illness or injury** for which a claim can be made, unless it is a **recurring claim**. Please see page 84.

We do not pay in some circumstances

Despite anything else in this PDS, we do not pay a benefit under Business Expense Cover in some circumstances. Please see from page 17.

Cover continues during unemployment

Business Expense Cover will continue while the life insured is **unemployed**. However, a benefit may not be payable if the life insured does not incur **business expenses**.

Further, after 12 months of **unemployment**, the definition of '**primary occupation**' used in determining whether the life insured is **totally disabled** or **partially disabled** will change, unless the life insured is **unemployed** because of an **illness or injury** for which they are **on claim**. Please see page 104 for the definition of '**primary occupation**'.

The Policy Schedule will show the Cover you have

The Policy Schedule will show if Business Expense Cover applies to a life insured and if so:

- the **monthly amount insured**
- the benefit payment type
- the waiting period chosen
- the benefit period
- the life insured's occupation category
- any extra cost options chosen.

Some terms depend on the life insured's occupation category

Some of the terms of Business Expense Cover vary according to the occupation category of the life insured, as indicated throughout this section of this PDS. The following table provides a general description of the types of occupations we classify under each occupation category and is a guide only. Your financial adviser can tell you how we may classify the occupation of each proposed life insured, and we will confirm the classification when we assess your application. The occupation category for each life insured will also be shown on your Policy Schedule. If the life insured's occupation changes after we issue the Policy Schedule, you may apply to change the occupation category. A new occupation category will only apply if we accept the application for the change, and issue a new Policy Schedule. Business Expense Cover is not available for employees.

Key benefit – Total Disability Benefit

This section explains the key benefits under Business Expense Cover.

When we pay

We pay the **Total Disability Benefit** if the life insured:

- meets the conditions in the table 'Eligibility Conditions for **Total Disability** and **Partial Disability Benefit**' in the adjacent column, unless the waiting period is waived for a recurring claim. Please see page 84,
- has been continuously **totally disabled** since the end of the waiting period,
- is **totally disabled** solely due to **illness** or **injury**, and
- is **actively participating in any reasonable rehabilitation program**.

We pay the **Total Disability Benefit**:

- if the life insured's **disability** occurs while their Business Expense Cover is in force
- after completion of the waiting period
- monthly in arrears. However, the **total disability benefit** is paid 15 days after the waiting period ends, provided claim requirements are met, and monthly after that. Benefits for **total disability** are generally paid two weeks in arrears and two weeks in advance
- for the duration of the benefit period, unless we stop paying earlier, please see the adjacent column.

The diagram below shows how the waiting period and payment timing work:

Total disability starts ▼	Eligibility for benefit completed ▼	We start to pay benefit ▼
Waiting period We do not pay the Total Disability Benefit during the waiting period.		One month We pay monthly in arrears.

When we stop paying

We stop paying the **Total Disability Benefit** on the earlier of the:

- end of the benefit period of 12 months, or if we have agreed, the later date when we have paid 12 times the **monthly amount insured** in total. Please see page 84.
- Cover expiry date** shown on the Policy Schedule
- date the life insured is no longer **disabled**
- date the life insured dies
- date on which the Business Cover ends or is cancelled. Please see page 87.

Table: Eligibility conditions for Total Disability and Partial Disability Benefit

The life insured's occupation category, shown on the Policy Schedule	Condition
All occupation categories except H, HH or R	<p>The life insured has been:</p> <ul style="list-style-type: none"> totally disabled for seven out of 12 consecutive days during the waiting period, and disabled for the remainder of the waiting period

What 'totally disabled' means

A life insured is **totally disabled** if they are **following the advice of a medical practitioner** in relation to an **illness** or **injury** for which they are claiming and solely due to that **illness** or **injury**:

- is not working in their **primary occupation** or any other **gainful occupation**, and
- has no capacity to do each and every **important income producing duty** of their **primary occupation**.

Waiting period

The waiting period is the period the life insured must wait before the benefit period starts.

You can choose one of the following waiting periods:

- 30 days
- 60 days
- 90 days.

You can choose to split the total monthly benefit between waiting periods.

The waiting period starts the day the life insured consults a **medical practitioner** and receives advice confirming **disability**.

The Policy Schedule will show the waiting period that applies to your Cover.

Longer waiting period lowers premium

The waiting period affects the premium. The longer the waiting period, the more affordable the premium.

Some benefits are payable during the waiting period. If so, we will tell you in the relevant sections of this PDS.

Separate waiting period for each illness or injury

Unless you have a **recurring claim**, a separate waiting period applies for each **illness** or **injury** of the life insured that causes **disability** for which you can claim under this Cover. Please see below for information about **recurring claims**.

Recurring claims

If you claim due to the same or related **illness** or **injury** which caused a previous successful claim, we can treat the subsequent claim as a continuation of the previous claim or as a separate claim.

We will treat the subsequent claim as a continuation of the previous claim and waive the waiting period, if the **illness** or **injury** recurs within six months of the date the life insured was last **on claim**.

We will treat the subsequent claim as a separate claim and apply a new waiting period if both the:

- **illness** or **injury** recurs after six months from the date the life insured was last **on claim**
- life insured has returned to full-time work for at least six continuous months.

Benefit period

The benefit period is the maximum period of time that we will pay a benefit for any one **illness** or **injury** while the life insured is **totally** or **partially disabled**.

The benefit period is 12 months.

The benefit period starts at the end of the waiting period and can continue for 12 months.

A separate benefit period applies for each **illness** or **injury** for which you can claim under this Cover, unless it is a **recurring claim**.

If we treat a claim as a **recurring claim** and waive the waiting period, we will also reduce the benefit period by any previous periods for which we paid benefits for that **illness** or **injury**. Please see the adjacent column for details of **recurring claims**.

If we treat a claim as a separate claim and apply a new waiting period, then the benefit period recommences.

If at the end of the 12 month benefit period we have paid an amount less than 12 times the **monthly amount insured** shown on the Policy Schedule, we may extend the benefit payment period.

The extension may be up to 12 months provided the life insured is still **disabled**. However, we will not extend beyond the **Cover expiry date**. We will also not pay a total amount greater than 12 times the **monthly amount insured** shown on the Policy Schedule.

The amount we pay

The amount of the **Total Disability Benefit** we pay for a life insured is the '**monthly amount insured payable**' as at the date that entitlement to the **Total Disability Benefit** arises.

The policy owner can choose to split the total monthly benefit between waiting periods.

The **monthly amount insured payable** depends on the **monthly amount insured** shown on the Policy Schedule.

This amount is based on the life insured's **business expenses**. You must provide evidence when you apply. Your submitted claim should be legible, unaltered and include evidence that supports your claim. If the information you provide to us is insufficient for any reason, we will let you know why that is and will discuss with you what alternative documents may need to be provided.

The **monthly amount insured** will be increased under indexation, if applicable. Please see page 87.

Indemnity benefit payment type

Under the indemnity benefit payment type, we calculate the **monthly amount insured payable** in two steps.

Firstly, we calculate the lesser of the following:

- the **monthly amount insured** shown on the Policy Schedule
- the life insured's share of the **business expenses** which are incurred while the life insured is **disabled**.

We then reduce the amount calculated above if certain 'other payments' are received while **on claim**. Please see the section 'Amount we pay reduced by other payments' on the following page for more details. This resultant sum is the '**monthly amount insured payable**'.

Under the indemnity benefit payment type, the **monthly amount insured payable** at claim time may be less than the **monthly amount insured** shown on your Policy Schedule. This will be the case if the life insured's share of **business expenses** decreases after the Cover commences.

We must receive receipts within 90 days of the date the relevant **business expenses** were incurred before we will pay the **Total Disability Benefit**.

We will apportion pre-paid or accrued **business expenses**, or **business expenses** which are paid or payable in a lump sum, over the period to which they relate.

If more than one person generates income in the life insured's **business**, we determine the life insured's share of **business expenses** using the same proportion as their share of **business income** before claim. However, we may agree to divide the **business expenses** differently.

You must provide financial evidence that is legible and unaltered so we can determine the life insured's **business expenses** when you apply and at claim time. If the information you provide to us is insufficient for any reason, we will let you know why that is and will discuss with you what alternative documents may need to be provided.

We pay pro-rata if the payment period is less than a month

If a payment period is less than a month, we pay 1/30 of the **Total Disability Benefit** for each day of the period.

Amount we pay reduced by other payments

We reduce any benefit payable under Business Expense Cover by the amount of any business expense benefits you or the life insured receive from other insurance policies for the life insured's **illness or injury**.

Key benefit — Partial Disability Benefit

When we pay

We pay the **Partial Disability Benefit** if the life insured:

- meets the conditions in the table 'Eligibility Conditions for **Total Disability** and **Partial Disability Benefit**'. Please see page 83, unless the waiting period is waived for a recurring claim. Please see page 84,
- has been continuously **partially disabled** since the end of the waiting period,
- is **partially disabled** solely due to **illness or injury**, and
- is **actively participating in any reasonable rehabilitation program**.

We pay the **Partial Disability Benefit**:

- if the life insured's **disability** occurs while the Business Expense Cover is in force
- after completion of the waiting period. Please see page 84
- monthly in arrears, with the first payment occurring one month after the end of the waiting period
- for the duration of the benefit period, unless we stop paying earlier as explained next. Please see the adjacent column.

The diagram below shows how the waiting period and payment timing work:

Partial disability starts ▼	Eligibility for benefit completed ▼	We start to pay benefit ▼
Waiting period We do not pay the Partial Disability Benefit during the waiting period.		One month We pay monthly in arrears.

When we stop paying

We stop paying the **Partial Disability Benefit** on the earlier of the:

- end of the benefit period of 12 months, or if we have agreed, the later date when we have paid 12 times the **monthly amount insured** in total. Please see page 84.
- **Cover expiry date** for Business Expense Cover shown on the Policy Schedule
- date the life insured is no longer **partially disabled**
- date the life insured dies
- date on which the Business Expense Cover ends or is cancelled.

What 'partial disability' means

A life insured is **partially disabled** if they are and solely due to that **illness or injury**:

- has capacity to work at reduced hours or work the same hours but in a restricted capacity in their **primary occupation**, or
- is unable to do each and every **important income producing duty** of their **primary occupation** (but is not **totally disabled**).

The amount we pay

We calculate the **Partial Disability Benefit** as follows:

$$\frac{(A - B)}{A} \times C$$

where:

A = the life insured's share of **pre-claim business income**

B = the life insured's share of **business income** for the month in which they are **partially disabled**.

If the life insured is **partially disabled** and not working to their capability for reasons other than **illness or injury** and this continues for at least three months, we will calculate differently. We will calculate 'B' as the life insured's share of **business income** they could reasonably be expected to earn if they were working to the extent of their capability.

To determine this, we consider available medical evidence, including the opinion of the life insured's **medical practitioner**. We will also consider any other relevant factors directly related to the life insured's medical condition, including information they provide.

If we are already paying benefits, we will notify you 30 days before we adjust future payments because we change how we calculate 'B'.

'B' must be less than the amount of 'A'. If 'B' is negative in a month, we will treat 'B' as zero.

C = the **monthly amount insured payable**, as if the life insured was **totally disabled**.

We pay pro-rata if the payment period is less than a month

If a payment period is less than a month, we pay 1/30 of the **Partial Disability Benefit** for each day of the period.

Additional benefits

Death Benefit (while on claim)

We pay the Death Benefit if the life insured dies or is diagnosed with a **terminal illness** whilst **on claim** for Business Expense Cover.

We pay three times the **monthly amount insured** up to a maximum of \$30,000.

The maximum amount we pay under this benefit applies to all Business Expense Covers for the life insured under all policies we have issued.

We pay this benefit as a lump sum.

We pay this benefit once only. If we pay this benefit for **terminal illness** of the life insured, we will not pay it again on their death.

We pay this benefit for **terminal illness** even if other benefits are payable while the life insured is **on claim** under Business Expense Cover.

Standard features

Business Expense Cover includes several standard features, which we explain in this section. These features apply to all Business Expense Cover unless we state otherwise.

Increasing Expenses

This feature allows you to increase the **monthly amount insured** without medical underwriting in line with increases in the life insured's average monthly **business expenses**.

You may increase the **monthly amount insured** each year on the policy anniversary. You must apply for the increase within 30 days of the policy anniversary.

The increase applied for can be up to 15% of the **monthly amount insured** after any indexation increase applicable on that policy anniversary is applied.

However, the maximum individual increase available under this feature changes to \$1,000 if you have not increased the **monthly amount insured** under this feature within three years of the **Cover start date**.

The feature can only be exercised if:

- the life insured is not **on claim** or eligible to claim
- the life insured was less than age 50 at the **Cover start date**
- the life insured is less than age 55 on the policy anniversary from which the increased Cover is to apply
- the **monthly amount insured** across all Business Expense Cover for the life insured, including the increase applied for, does not exceed \$60,000
- we issued the life insured's Business Expense Cover without medical loadings greater than 50%, as shown on the Policy Schedule

- the sum of all increases to the **monthly amount insured** under this feature, including the increase applied for, do not exceed the original **monthly amount insured** at the **Cover start date**.

You must provide a completed Application Form and financial evidence supporting the increase in Cover. You must provide evidence the life insured is conducting **business** as a sole trader, partnership or working director. You must also confirm the life insured is actively at work and expects their **business income** and personal income (**monthly income**) to continue or increase.

Premium Break

If the life insured ceases to own or operate a **business** for which they had Business Expense Cover, you can request to pause paying premiums for up to 12 consecutive months. You will have the option to recommence Cover at the end of the 12 month period.

You must request the Premium Break within 30 days after the life insured ceases to own or operate the **business**.

To be eligible to exercise Premium Break, you must have paid premiums for the previous 24 consecutive months and there must not be any outstanding premiums when the Premium Break is activated.

We do not pay any benefits under Business Expense Cover or increase the **monthly amount insured** under indexation while the Premium Break is activated.

If Business Expense Cover is the only Cover in force for the life insured, we will also pause the Policy Fee for the life insured during the Premium Break. If other Cover is in force for the life insured, we will continue to charge the Policy Fee and the premiums for the other Cover.

The Premium Break will automatically cease after 12 consecutive months and we will notify you 30 days before it does. If you do not reinstate the Business Expense Cover within 30 days, we will cancel the Cover.

You can apply to stop the Premium Break, and recommence Business Expense Cover, after the Premium Break has been in place for three months, and before the end of the 12 months. Cover will not resume unless we approve the application and receive the premium.

We calculate the premium payable when Cover resumes based on the life insured's age and **monthly amount insured** on the last policy anniversary.

We do not provide Cover or pay any benefits for **illness** or **injury** that becomes **reasonably apparent** while premiums are being paused or in the first 90 days after Cover resumes from a Premium Break.

Waiver of Premium

We will waive the premiums for Business Expense Cover for the life insured for the time the life insured is either:

- **on claim** under Business Expense Cover
- **disabled** after the waiting period and otherwise eligible for a benefit under Business Expense Cover before we apply benefit reductions.

If we waive a premium for the Business Expense Cover we will also waive the premium for Cover during the waiting period.

Indexation (while not on claim)

Applies to your Cover only if it is shown in the Policy Schedule.

If indexation applies, at each policy anniversary the **monthly amount insured** for Business Expense Cover will automatically increase by the **indexation factor**. However, if the life insured is **on claim** or **totally disabled** on the policy anniversary, the **monthly amount insured** will not increase.

As the **monthly amount insured** increases, the premium may also increase. Payment of the premium will constitute your acceptance of the increase in Cover due to indexation.

You can decline the increase in any year by notifying us within 30 days of the policy anniversary.

You can also tell us to stop indexation permanently. However, if you wish to reinstate indexation we may ask for medical information.

When indexation ends

We will cease to offer indexation for Business Expense Cover on the earlier of:

- the **Cover expiry date** shown on the Policy Schedule
- when the Premium Break is exercised. Please see the previous page.

Indexation factor

We determine the '**indexation factor**' each year based on the percentage increase in the Consumer Price Index (CPI). We use the CPI weighted average of eight capital cities combined, as published by the Australian Bureau of Statistics or its successor, for the 12 month period ending on 31 December each year. We apply the **indexation factor** from 1 May in the following year.

If there is no increase in CPI, then no increase will be offered.

If the CPI reduces over the relevant period, the **indexation factor** will be zero. Any subsequent increases in the CPI will first be offset against the previous reduction(s) in the CPI when we determine the next **indexation factor**.

If the CPI is not published, we will calculate the **indexation factor** from another retail price index which in our actuary's opinion is the closest to it.

Extra cost options

Business Expense Cover offers the following options at extra cost. You should consider which of the options are important to you.

These options will increase your premium.

If you purchase an extra cost option, the Policy Schedule will state that it applies to your Cover. An extra cost option will not apply to your Cover unless it is stated in the Policy Schedule.

Day 14 Accident Option

Applies to Cover for a life insured only if it is shown in the Policy Schedule.

This option is not available under Business Expense Cover with waiting periods other than 30 days.

We pay a benefit under the Day 14 Accident Option if, as a result of an **injury**, the life insured is **totally disabled** for 14 consecutive days from the start of the waiting period. The **total disability** must have commenced within 30 days of the date of the **injury**.

This option is only available if the life insured's waiting period is 30 days.

The amount we pay under this option is 1/30 of the **monthly amount insured payable** for each day the life insured is **totally disabled** during the waiting period.

We pay this benefit during the waiting period.

When Business Expense Cover ends

Business Expense Cover for a life insured will end and your eligibility for any benefit under Business Expense Cover will cease automatically on the earliest of the:

- policy anniversary when the life insured is age 65
- **Cover expiry date** for Business Expense Cover shown on the Policy Schedule
- date we receive your notification to cancel the Cover
- date we lawfully cancel and/or avoid the Cover
- date we cancel the policy for non-payment of premium
- date the life insured dies.

LIVING EXPENSE COVER

Living Expense Cover is designed for people who are not eligible for Income Secure Cover. This is usually because they do not have an income, such as home-makers and retirees, or because they work part-time or casually.

This Cover pays an agreed monthly benefit if the life insured is **significantly disabled**. This money could be used for meeting financial obligations, home adjustments and maintaining lifestyle.

Choosing the right Cover

This section explains the benefits and features of the Living Expense Cover we offer.

You can tailor your Living Expense Cover by choosing the:

- amount of your Cover
- waiting period
- benefit period.

Your premium will depend on your choices.

It is important to choose Cover that's right for you, considering your individual circumstances such as your day-to-day expenses and your lifestyle goals for the future.

We pay one benefit at a time

We only pay one monthly Living Expense Benefit at a time for a life insured. This is so even if the life insured suffers more than one **illness** or **injury** that causes a **significant disability**.

A separate waiting period applies for each **illness** or **injury** for which you can claim, unless it is a **recurring claim**. Please see page 89.

We do not pay in some circumstances

Despite anything else in this PDS, we do not pay a benefit under Living Expense Cover in some circumstances. Please see from page 17.

The Policy Schedule will show the Cover you have

The Policy Schedule will show if you have Living Expense Cover and if so the:

- **monthly amount insured**
- waiting period chosen
- benefit period chosen.

Key benefit – Living Expense Benefit

This section explains the key benefit under Living Expense Cover.

When we pay

We pay the Living Expense Benefit if the life insured is **significantly disabled** due to **illness or injury** and has been continuously and **significantly disabled** both:

- during the waiting period.
- since the end of the waiting period, unless claiming as **recurring claim**.

We pay the Living Expense Benefit:

- if the life insured’s **disability** occurs while their Living Expense Cover is in force
- after completion of the waiting period
- monthly in arrears. We make the first payment one month after the end of the waiting period
- during the benefit period. Please see the following page for more details.

The diagram below shows how the waiting period and payment timing work:

Significant disability starts	Eligibility for benefit completed	We start to pay benefit
▼	▼	▼
Waiting period		One month
We do not pay the Living Expense Benefit during the waiting period.		We pay monthly in arrears.

When we stop paying

We stop paying the Living Expense Benefit on the earlier of the:

- end of the benefit period shown on the Policy Schedule
- **Cover expiry date** for Living Expense Cover shown on the Policy Schedule
- date the life insured stops being **significantly disabled**
- date the life insured dies
- date the Living Expense Cover is cancelled.

Waiting period

The waiting period is the period the life insured must wait before the benefit period starts.

You can choose one of the following available waiting periods:

- 30 days
- 90 days
- 1 year
- 2 years.

The waiting period starts the day the life insured consults a **medical practitioner** and receives advice confirming **significant disability**.

The Policy Schedule will show the waiting period that applies to your Cover.

Longer waiting period lowers premium

The waiting period affects the premium. The longer the waiting period, the more affordable the premium.

Some benefits are payable during the waiting period.

If so, we will tell you in the relevant sections of this PDS.

Separate waiting period for each illness or injury

Unless you have a **recurring claim**, a separate waiting period applies for each **illness or injury** of the life insured which causes **significant disability** for which you can claim under this Cover. **Recurring claims** are explained below.

Recurring claims

If you claim due to the same or related **illness or injury** which caused a previous successful claim, we can treat the subsequent claim as a continuation of the previous claim or as a separate claim.

We will treat the subsequent claim as a continuation of the previous claim and waive the waiting period, if the **illness or injury** recurs within 12 months of the date the life insured was last **on claim**.

We will treat the subsequent claim as a separate claim and apply a new waiting period if the **illness or injury** recurs after 12 months from the date the life insured was last **on claim**.

- Living Expense Cover
- Business Expense Cover
- Income Secure Cover
- Extra Care Cover
- Child Cover
- Trauma Cover
- Total and Permanent Disability Cover
- Life Cover

Benefit period

The benefit period is the maximum period of time that we will pay a benefit for any one **illness** or **injury** while the life insured is **significantly disabled**.

The benefit period starts at the end of the waiting period.

You can choose one of the following available benefit periods:

- 2 years
- to age 65
- to age 80.

However, the 'to age 65' benefit period is not available to a life insured who commences Living Expense Cover after age 60.

The Policy Schedule will show the benefit period that applies for the Cover.

If we treat a claim as a **recurring claim** and waive the waiting period, we will also reduce the benefit period by any previous periods for which we paid benefits for that **illness** or **injury**. Please see the previous page for details of **recurring claims**.

If we treat a claim as a separate claim and apply a new waiting period, then the benefit period recommences.

Shorter benefit period lowers premium

The benefit period affects your premium. The shorter the benefit period, the more affordable the premium.

The amount we pay

The amount of the Living Expense Benefit we pay for a life insured is the **monthly amount insured payable** as at the date entitlement to the Living Expense Benefit arises.

The **monthly amount insured payable** is the **monthly amount insured** shown on the Policy Schedule, adjusted by both:

- increases under the indexation option, if selected
- reductions if certain payments are received while **on claim**. Please see below for more details.

On a claim, we will not review or reassess the **monthly amount insured** shown on the Policy Schedule.

Amount we pay reduced by other payments

We will reduce the **monthly amount insured payable** in any month by the amount of 'other payments' you or the life insured receive as income replacement due to **illness** or **injury**.

'Other payments' include:

- payments received from any other disability income, illness or injury policies, including group insurance policies, that when you applied for Cover, or an increase in Cover, you did not disclose to us or you disclosed to us but that were to be replaced by this policy
- any compulsory insurance schemes such as Workers' Compensation or Accident Compensation for loss of income
- any **monthly income** under Income Secure Cover where the Conversion to Living Expense Cover has been exercised.

We will convert lump sum payments to monthly amounts

We will convert to a monthly amount any part of an 'other payment' received as a lump sum that comprises compensation for loss of earnings that cannot be allocated to specific months.

We will allocate a monthly income amount of 1% of the loss of earnings component of the lump sum to each month that we pay a Living Expense Benefit. We will do so for up to eight years.

We will not offset any remaining balance of the lump sum.

What does not comprise an 'other payment'

'Other payments' do not include:

- any business expenses disability insurance indemnifying against **business expenses**
- payments made to **dependant children**
- **total and permanent disability** benefits, trauma benefits, **terminal illness** benefits or superannuation benefits
- payment of sums awarded by a court for pain and suffering.

We pay pro-rata if the payment period is less than a month

If a payment period is less than a month, we pay 1/30 of the Living Expense Benefit for each day of the period.

Additional Benefits

Death Benefit

We pay the Death Benefit if the life insured dies or is diagnosed with a **terminal illness** while their Living Expense Cover is in force.

We pay three times the **monthly amount insured** and we pay this benefit as a lump sum.

We pay this benefit once only. If we pay this benefit for **terminal illness** of the life insured, we will not pay it again on their death.

We pay this benefit for **terminal illness** even if any other benefits are payable while the life insured is **on claim** under this Cover.

We pay this benefit even if the life insured is not **on claim**.

Specific Injury Benefit

We pay the Specific Injury Benefit if the life insured suffers a 'specific injury' listed in the table on the adjacent column before their 65th birthday and while their Living Expense Cover is in force.

A **medical practitioner** who is an **appropriate specialist** must diagnose the specific injury, and our medical adviser must confirm the diagnosis. We reserve the right to require the life insured to undergo an examination or other reasonable tests.

We treat the life insured as if they were **significantly disabled** and pay this benefit even if the life insured is not **significantly disabled**, or is working, or does not need ongoing medical treatment.

We pay this benefit during the waiting period.

You can choose to receive this benefit as a lump sum or in monthly instalments. We explain this below.

We can pay as a lump sum

We can pay this benefit as a lump sum. We calculate the amount we pay by multiplying the **monthly amount insured payable** by the payment period for the specific injury as set out in the table in the adjacent column.

If the specific injury occurs within six months of the **Cover expiry date**, the amount we pay is the **monthly amount insured payable** multiplied by the number of months remaining until the **Cover expiry date**.

If we have paid a lump sum and the life insured dies before the end of the payment period, we will pay any applicable Death Benefit.

We can pay by instalments

We can pay this benefit by monthly instalments paid in advance each month. The amount of each instalment is the **monthly amount insured payable**.

We pay the monthly instalments until the earliest of the:

- end of the payment period for the specific injury as set out in the table in the adjacent column
- **Cover expiry date** for Living Expense Cover shown on the Policy Schedule
- date the life insured dies.

We pay only one benefit at a time

We pay for one 'specific injury' only, even if the life insured suffers more than one specific injury at the same time. We pay for the specific injury with the longest payment period.

We may subsequently pay for significant disability

If the life insured is **significantly disabled** at the end of the payment period due to the specific injury for which we have paid this benefit, we will pay the Living Expense Benefit. We pay the Living Expense Benefit from the later of the end of the:

- payment period for the Specific Injury Benefit
- waiting period.

The life insured must have been **significantly disabled** during the waiting period. Please see page 89.

The following table shows the specific injuries and their relevant payment periods:

Specific injury	Payment period
Paralysis*	6 months
Loss of limbs [^]	3 months
Loss of sight [#]	3 months

* Paralysis means the total and permanent loss of function of two or more limbs.

[^] Loss of limbs means the total and permanent loss of the use of the whole of both hands or the whole of both feet or a combination of a whole hand and whole foot.

[#] Loss of sight means the irrecoverable total loss of sight in both eyes.

Standard features

Waiver of Premium

We will waive the premiums for Living Expense Cover for the life insured for the time the life insured is either:

- **on claim** under Living Expense Cover
- **significantly disabled** after the end of the waiting period and otherwise eligible for a benefit under this Living Expense Cover before we apply benefit reductions.

If we waive a premium for Living Expense Cover we will also waive the premium for Cover during the waiting period.

Indexation

Applies to your Cover only if it is shown in the Policy Schedule.

If indexation applies, at each policy anniversary the **monthly amount insured** for Living Expense Cover will automatically increase by the **indexation factor**. However, if the life insured is **on claim** or **significantly disabled** on the policy anniversary, the **monthly amount insured** will not increase.

As the **monthly amount insured** increases, the premium may also increase. Payment of the premium will constitute your acceptance of the increase in Cover due to indexation.

You can decline the increase in any year by notifying us within 30 days of the policy anniversary.

You can also tell us to stop indexation permanently. However, if you wish to reinstate we may ask for medical information.

When indexation ends

We will cease to offer indexation for Living Expense Cover on the **Cover expiry date** for the Cover shown on the Policy Schedule.

Indexation factor

We determine the '**indexation factor**' each year based on the percentage increase in the Consumer Price Index (CPI). We use the CPI weighted average of eight capital cities combined, as published by the Australian Bureau of Statistics or its successor, for the 12 month period ending on 31 December each year. We apply the **indexation factor** from 1 May in the following year.

If there is no increase in CPI, then no increase will be offered.

If the CPI reduces over the relevant period, the **indexation factor** will be zero. Any subsequent increases in the CPI will first be offset against the previous reduction(s) in the CPI when we determine the next **indexation factor**.

If the CPI is not published, we will calculate the **indexation factor** from another retail price index which in our actuary's opinion is the closest to it.

When Living Expense Cover ends

Living Expense Cover for a life insured will end and your eligibility for any benefit under Living Expense Cover will cease automatically on the earliest of the:

- policy anniversary when the life insured is age 80
- **Cover expiry date** for Living Expense Cover shown on the Policy Schedule
- date we receive your notification to cancel the Cover
- date we lawfully cancel and/or avoid the Cover
- date we cancel the policy for non-payment of premium
- date the life insured dies.

THE COST OF THE POLICY

The premium

The amount payable for your policy is called the premium.

The premium includes:

- the cost of Cover selected for each life insured
- any applicable fees, duties, government taxes or charges.

Factors affecting the premium

The premium depends on a range of factors including the choices you make about your Cover:

- **the type of Cover selected:** the cost of each type of Cover depends on the benefits and features it provides. Higher premiums generally apply for Covers with a broader range of benefits and features, compared to Cover with a more limited range of benefits and features. For example, a higher premium applies for TPD Cover with the Own Occupation TPD definition compared to the Any Occupation TPD definition. A higher premium applies for Trauma Premier compared to Trauma Comprehensive.
- **the structure of your Cover(s):** the premium rates for TPD Cover and Trauma Cover depend on how you choose to attach or link those Covers to each other, and to Life Cover, whether under a single policy or through two linked policies under a SuperLink arrangement. For example, the premium for stand-alone TPD Cover is higher than the premium for TPD Cover attached to Life Cover, which is higher than the premium for TPD Cover attached to both Life and Trauma Cover
- **the amount insured or monthly amount insured selected:** generally, the higher the amount insured you select for each Cover, the higher the premium. When we offer to increase the amount insured at each policy anniversary under Indexation, the premium will generally increase to reflect the change. Discounts may apply above certain threshold amounts
- **the number of Covers you select for a life insured:** discounts may apply to some Cover if you choose multiple Covers of different types for a life insured. Please see page 13 for more information
- **the number of lives insured under one policy or a group of policies:** discounts may apply based on the number of lives insured under a single policy or under a group of policies where we recognise a business and/or family relationship between the lives insured. Please see page 13 or more information
- **for monthly benefit Covers, the waiting period selected:** for Income Secure Cover, Business Expense Cover and Living Expense Cover, the shorter the waiting period you select, the higher the premium
- **for Income Secure Cover and Living Expense Cover, the benefit period selected:** the longer the benefit period you select, the higher the premium
- **the Options at extra cost selected:** most types of Cover allow for a range of options at extra cost to be selected.

If you choose to include any of these options in your Cover, the premium will be higher

- **whether stepped premiums or level premiums are selected:** (see 'Premium types' on page 108)
- **the frequency of premium payments:** the total premium payable each year is higher the more frequently you choose to pay. Currently, a 3% loading on the annual premium applies to half-yearly instalments and a 6% loading applies to monthly instalments.

The premium may also depend on each life insured's:

- **age:** generally, the older the life insured, the higher the premium
- **gender:** mortality rates, and the incidence and duration of illness and injury, vary by gender, so premium rates for any one type of Cover are different between males and females. For example, Life Cover premiums are generally lower for females compared to males, while Income Secure Cover premiums are generally lower for males compared to females
- **occupation:** we classify occupations which present a similar risk profile into occupation categories. The greater the risk for occupations within a given category, the higher the premium. We generally charge different premium rates for each occupation category for TPD Cover, Income Secure Cover and Business Expense Cover. We may also charge higher premiums for certain higher risk occupations for other types of Cover
- **smoking status:** premium rates for smokers are higher than they are for non-smokers
- **health:** generally, the better the state of health of the life insured, the lower the premium. When we assess your application, we consider the state of health and medical history of each life insured. In some circumstances, we may only be able to provide cover if you agree to additional premium loadings
- **sports and recreational pursuits:** participation in certain sporting activities or recreational pursuits may carry greater risk. When we assess your application, we consider these activities and pursuits followed by each life insured. In some circumstances, we may only be able to provide cover if you agree to additional premium loadings
- **state of residence:** the state and territory governments may charge stamp duty on different types of Cover at varying rates and depending on the residence of the life insured. The way we calculate the premium takes into account the costs of stamp duty we incur on your policy, and so the premium may vary depending on the state of residence of the life insured.

Before applying for Cover, you can obtain from your **financial adviser** an indicative illustration of the premium based on the standard premium rates, and our classification of your occupation, current at that time. The actual premium for the first year of the policy may be higher than that quoted in the indicative illustration which accompanies the application we receive from you if:

- a life insured has a birthday after the illustration is provided and before the Cover begins, or
- any changes are made to the Covers and options applied for, or to existing OneCare policies for the lives insured, including changes across any business or family groups on which discounts may depend (please see page 106), or
- after assessing your application, we are only able to provide Cover if you agree to a higher premium. For example, we may ask you to agree to a higher premium before we issue your Cover because we decide a premium loading for health reasons or recreational pursuits is necessary, or because we reclassify your occupation to a different occupation category.

When we recalculate the premium

We calculate the premium at the policy start date and at each policy anniversary. We also recalculate the premium when you request a change to the policy which we approve, or when we decrease the amounts insured for Covers after we pay claim benefits. The premium payable for the first year of the policy is shown on the Policy Schedule.

The premium will vary over time

Factors used in calculating the premium that can change from year to year include:

- whether your premiums are stepped or level premiums
- whether you or the life insured qualify for a premium rating factor or discount under the terms of any special program we offer
- whether you decline indexation offers
- whether we change premium rates. Such changes would apply to all policies in the same category
- the period of time since health, financial, and occupational assessment.

Minimum annual premium for increases

The minimum annual premium for increases is \$50 p.a. for each life insured. This minimum does not apply to indexation increases.

Premium must be paid to keep Cover in force

The premium and any applicable fees, duties or charges must be paid in full to keep the policy in force.

If the premium and other amounts have not been paid in full for each life insured, the policy may be cancelled and we will cease to be liable to pay any benefits for events occurring after cancellation.

We will give the policy owner, or the life insured under OneCare Super, notice and opportunity to pay the overdue premium before we cancel the policy.

You may be able to reinstate your Cover

Auto-reinstatement

If we cancelled your Cover because premiums have not been paid, you can reinstate all or some of the Cover in the first 30 days from the date the Cover is cancelled. Simply let us know and pay all outstanding premiums within the 30 days. Your Cover

will be reinstated on the same or equivalent terms available at the time of reinstatement.

If you cancelled your Cover, you can only reinstate all or some of the Cover in the first 7 days. Simply let us know and pay all outstanding premiums within the 7 days.

Reinstatement after the auto-reinstatement period

Other than your rights to reinstate all or some of the Cover set out above, you will generally need to make a new application for any future Cover and the new terms available at the time will apply.

However, if we cancelled your Cover because premiums have not been paid, you can apply to reinstate all or some of your Cover. You will need to complete a reinstatement application so that we can assess the life insured's health, financial situation, lifestyle, and pastimes. You have 12 months from the date your Cover was cancelled to apply for reinstatement using this shorter application process. We do not guarantee reinstatement will be available. We may decline to reinstate or only offer the Cover subject to condition(s).

If we accept your application to reinstate your Cover, your Cover will start again from the date of acceptance, which we will confirm in writing. Between this time and when you last held Cover, there is no Cover.

Acceptance of your application for reinstatement does not mean your Cover is continuous and benefits are not payable for any condition which occurs or is apparent while your Cover is cancelled. Also some benefits explained in this document are affected by a reinstatement in Cover such as exclusion periods which re-start. Please refer to the section of this document which explains the Cover you have selected for further information.

The policy owner pays the premium

The policy owner pays us the premium for the policy.

For policies held through super, the trustee of the super fund pays the premium. For further details about paying premiums under OneCare Super, please see page 112.

All premiums must be paid in Australian currency.

Premium rates

We calculate the premium by reference to a table of premium rates for each Cover and any options selected.

A table of premium rates is available upon request.

In setting premium rates, we consider the risk group and the costs of setting up and administering the policy.

We can change premium rates

We do not guarantee premium rates for either stepped or level premiums. We can increase premium rates, but the increase only takes effect from the policy anniversary after the change. We must also give the policy owner 30 days' notice of the increase.

However, if you change your policy, we will recalculate your premium based on the rates applicable at the time the change is requested.

We will not increase the premium rates for an individual policy within a defined risk group unless we increase the premiums for every policy in that risk group, on advice from our actuary.

Factors which can result in changes to premium rates include changes in:

- costs we incur in providing OneCare and OneCare Super, for example, the cost of claims. The amount we pay in claims could be higher than expected if we pay more claims than expected, if we pay higher benefit amounts than expected, if we pay benefits for longer periods than expected, and if emerging industry experience and trends show an increase in long term claims cost
- commission costs
- the cost of reinsurance
- capital and regulatory requirements
- expected policyholder behaviour across the portfolio, including how long OneCare and OneCare Super policies are held
- economic factors such as interest rates, inflation rates, employment level and market returns
- tax, government, or other mandatory charges
- other factors we consider important to us continuing to provide OneCare and OneCare Super.

Regardless of whether stepped or level premium is selected, premium rates and premium factors are not guaranteed or fixed and insurers have increased premium rates in the past and may increase in the future.

Premium types

The way we calculate the premium depends on the premium type you select. The premium type applying to each Cover is shown on the Policy Schedule.

We offer the following two premium types, explained below:

- stepped premium
- level premium.

Under stepped premiums, we re-calculate the premium on each policy anniversary based on the life insured's age on that anniversary. The premium will also depend on various other factors such as the amount of Cover. Stepped premiums are likely to increase with age. The premium will also change when Cover changes. This includes changes to the amounts insured and monthly amounts insured due to indexation.

Under level premiums, we calculate the premium based on an age-based premium rate determined by the life insured's age at the **Cover start date**. This rate will apply until the policy anniversary when the life insured is age 65, unless we change the premium rates.

Level premiums are 'averaged out' over the policy duration, which means you generally have higher premiums than stepped during the initial years, but lower premiums in later years. If you are planning on keeping your policy for longer than 10 to 12 years, level premiums may save you money over the life of your policy.

Level premiums are only available for Life, TPD and Trauma Cover when the life insured is under age 65. On the policy anniversary when the life insured is age 65, level premiums will convert to stepped premiums. The premiums on or after 65 years will generally be significantly higher than premiums paid in earlier years. We will remind you about this change when the life insured approaches 65 so that you have time to seek advice and decide whether to continue the cover.

Under level premiums, if the amount insured increases, including for indexation, the premium for the increase depends on the life insured's age when the amount insured increases and the level premium rate for that age.

If the policy owner, or the life insured under OneCare Super, wishes to reduce the amount insured, we first reduce the latest issued level premium amount insured and premium. After this, we reduce each previously issued level premium amount insured and premium.

Premium discounts

Please see page 13 for information about premium discounts we offer.

Government charges

We will pay any stamp duty, tax, excise or other charges that the Commonwealth, or a State or Territory Government, impose or apply to this policy.

However, we reserve the right to recoup any such taxes or charges through the premium, and the right to increase the premium to cover any increase in, or addition to, these taxes or charges.

Unless stated otherwise, the premium you pay is inclusive of any applicable stamp duty, tax, excise or other government charges that apply to this policy.

Goods and Services Tax (GST) is not currently payable on insurance premiums for the policies described in this PDS.

Administration charges

We reserve the right to charge a fee to recoup the costs of administering any function that any Commonwealth, State or Territory Government requires of us in respect of this policy.

Payment of premium

Premiums are payable to us.

Annual premiums for the policy must be paid by the policy anniversary date.

If we agree to premiums being paid by instalments, the relevant premium instalment amount must be paid by the relevant instalment date.

We may agree to premiums being paid by instalments and an approved payment method. If we do so, a payment frequency loading may apply.

The Policy Schedule will show the frequency of premium payments. We may increase or vary frequency loadings on instalment premiums by prior written notice to the policy owner, or the life insured under OneCare Super.

If there is more than one life insured or Cover under the policy, we will calculate the premium payable in respect of each life insured and each Cover. However, we consider the premium paid in full only when all amounts for each life insured have been paid.

Refunds if you cancel or change the policy

If the premium is paid by monthly instalments we will not refund any instalment payment if the policy is cancelled. Cover ends on the date we receive notification of cancellation from the policy owner, or the life insured under OneCare Super.

If you request a change to the Cover so that the premium payable decreases, the change will apply to the Cover from the date we confirm it, and the new premium will apply from the next monthly instalment due date.

If premiums are paid annually or half-yearly and the policy is cancelled, or changed so that the premium payable decreases, before the next annual or half-yearly instalment is due, we will pay a pro-rata refund to the policy owner.

If you make any other overpayment of premium, we will only refund amounts which exceed \$5.00.

If you have OneCare Super, any pro-rata refund will be paid to the Trustee as the policy owner. It is generally not possible for the refund amount to be retained by the Insurer as a pre-payment of future premiums, or for the Trustee to hold the surplus in an account for your benefit. However, the Trustee cannot release the pro-rata refund to you directly, unless you satisfy a condition of release. Please see page 115 for more information about conditions of release.

If you do satisfy a condition of release, the refund will be paid to you as a superannuation benefit less eligible adjustments.

If you do not satisfy a condition of release, the Trustee will transfer the refund, less eligible adjustments, to either:

- the superannuation fund from which the amount was originally rolled over to OneCare Super (if applicable), or
- another eligible superannuation fund you nominate by providing a new rollover instruction.

If the nominated superannuation fund does not accept the transfer, or you do not nominate a fund, the Trustee may transfer the monies to the ATO. Transferred super benefits can be claimed via the ATO's website at ato.gov.au

Financial adviser commission

If you purchase your OneCare policy or OneCare Super through a **financial adviser**, we may pay your **financial adviser** commission. This payment is already incorporated into the premium we receive. Please see page 6 for further information about **financial advisers**.

We may also remunerate financial services dealer groups based on commercial arrangements. These payments are made by us.

FURTHER TERMS OF THE POLICY

No surrender value

This policy provides insurance Cover only. The Covers under this policy do not include an investment income or accruals from investing your premium. The policy has no surrender value.

Statutory funds

We will place premiums for this policy in our Statutory Fund No.2 and pay any claims under this policy from this statutory fund.

We reserve the right to transfer all or any policies to any new or existing statutory fund or sub-fund in that statutory fund where the appropriate prudential regulator permits, if permission is necessary.

Governing law and notices

This policy is governed by the law that applies within the state of New South Wales.

Notices sent by post will be considered to be given and effected at the earlier of the time it is actually received and the time it would have been delivered in the ordinary course of post.

Policy anniversary

The first policy anniversary date is 12 months after the policy start date, which is shown on the Policy Schedule.

Remaining benefits where multiple Covers or lives insured

If there is more than one life insured or Cover under the policy and a benefit becomes payable in respect of one of them, the policy continues to insure the remaining persons and Covers.

This is subject to the conditions on when this policy ends. Please see below. It is also subject to the conditions for benefit reductions set out in each Cover section.

The premium must continue to be paid for the remaining life or lives insured and the remaining Covers.

When this policy ends

This policy will end on the earliest of the following:

- date we receive notification from the policy owner, or the life insured under OneCare Super, to cancel the policy
- date we lawfully cancel and/or avoid the policy
- date we cancel the policy because the premium has not been paid when due
- ending of all Covers for all lives insured under the policy. The circumstances in which each Cover will end are set out in each Cover section in this PDS
- if the policy is held through super, the date the life insured ceases to be a member of the Fund or external master trust
- date the last life insured under the policy dies.

How to nominate and update beneficiary details

When applying for OneCare or OneCare Super, you may nominate beneficiaries to receive any Death Benefits payable.

OneCare (outside super)

Under OneCare held outside super, you can nominate the beneficiaries to receive any Death Benefit payable if a life insured dies, and the proportions of the Death Benefit each beneficiary is to receive. A nominated beneficiary can be an individual, trust, company or charitable foundation. We will confirm each nominated beneficiary in writing.

The nomination will apply to Death Benefits in respect of a life insured payable across all Covers under the policy. If you do not nominate a beneficiary, we will pay any Death Benefit to you as policy owner, or your estate.

If the total benefits payable to nominated beneficiaries is less than 100% of the total Death Benefit payable, we will pay the balance of the Death Benefit to you or your estate.

If a nominated beneficiary dies before you, we will pay to you or your estate any benefits that would have been allocated to that beneficiary. If a nominated beneficiary is a trust, company or charitable foundation that no longer exists when the life insured dies, we will pay to you or your estate any benefits that would have been allocated to that beneficiary.

If you assign the ownership of your policy to a new policy owner, we will cancel your nominations.

Cover held through super

If you hold your Cover through a super fund, we will pay any Death Benefit under the policy to the trustee of your super fund.

If you choose OneCare Super, please refer to page 116 for details of how to nominate beneficiaries for any Death Benefit payable from the Fund.

If you hold your Cover through another super fund you should contact the trustee of that fund for information about nominating beneficiaries for any Death Benefit payable from the fund.

How to change policy owner

There may be tax consequences on transferring a policy depending on your particular circumstances. We recommend you seek advice from a tax adviser.

OneCare

If you are the policy owner, you can transfer or assign the ownership of your policy to another individual, company, trustee or legal entity. You can do so by completing a Memorandum of Transfer which, once it accords with all legal requirements, will be registered by us.

If there is more than one policy owner, we regard them as joint tenants and all owners will need to agree to the transfer. You cannot change the policy owner once you are **on claim** or eligible to claim.

OneCare Super

If you hold Cover through the Fund, and you want to continue your Cover under a different policy ownership, we may offer to cancel your policy and replace it with a new policy. You will be required to complete a new application and the new Cover will be on the same terms as your existing Cover and subject to the Cover options and premium rates applicable at the time. We may decline to replace your policy where you have made a claim under it, or are eligible to make a claim.

OneCare issued to other superannuation trustees

If you hold Cover through an external superannuation master trust, self-managed super fund or small APRA fund, and you want to continue your Cover under a different policy ownership, we may offer to cancel your policy and replace it with a new policy. You will be required to complete a new application and the new Cover will be on the same terms as your existing Cover and subject to the Cover options and premium rates applicable at the time.

Confirmation of transactions

We generally confirm transactions by issuing a letter of confirmation or a Policy Schedule.

You can request confirmation of your transactions and any other additional information about your policy in the following ways:

- login to download your transactions or view other information about your policy at onepath.com.au/myonepathlife
- call us on 133 667 between 8.30am and 6.00pm (Sydney time), weekdays, and have your query answered over the phone.

ONECARE SUPER

This section provides general information about OneCare Super. It does not form part of your policy.

OneCare Super is a superannuation product offering insurance benefits

OneCare Super is a superannuation product issued by OnePath Custodians Pty Limited ABN 12 008 508 496 AFSL 238346 (Trustee) as the trustee of the Retirement Portfolio Service (Fund) USI 61808189263001.

OneCare Super allows members of the Fund to arrange insurance cover as a way of securing death and disability benefits.

The Trustee is an issuer of this PDS and is responsible for the contents of this PDS.

This section of this PDS contains important information about OneCare Super and the Fund. You should read both this section and the sections providing information about the insurance offered through OneCare Super.

Under OneCare Super you are a member of the Fund

When you apply for OneCare Super, you apply to become a member of the Fund and you nominate the insurance benefits you require, subject to the terms of the OneCare Super policy and relevant superannuation law.

If your application for membership and insurance is accepted, you become a member of the Fund and an insurance policy is issued to the Trustee.

Membership of the Fund is generally open to all persons who are eligible to contribute to superannuation or have contributions made on their behalf.

Unlike some superannuation products, OneCare Super is not an investment product. This will be the case, whether or not superannuation contributions or rollovers are used to purchase Cover on your behalf. The amount of your contribution or rollover, plus any Rollover Rebate, will equal the yearly premium paid by the Trustee to OnePath Life for your Cover.

As a member of the Fund, you can make, or have made on your behalf, superannuation contributions or rollovers, from which the Trustee pays the premium for the insurance Cover provided under the OneCare Super policy. The Trustee does not charge any other fee for your membership of the Fund. The Trustee reserves the right to pass on to you any liability for government charges that may arise in the future.

The Trustee holds in a trust account any amounts it receives while your application is assessed. The Trustee will retain any interest payable by its bank on this account to meet administrative costs and bank fees incurred in operating the account. If your application is declined the Trustee will refund amounts paid as required by law.

Where a OneCare policy is cancelled or lapses, the membership to the Fund will cease upon the issue of the exit statement.

OneCare Cover available through OneCare Super

OneCare Super offers Life Cover, TPD Cover, Income Secure Cover and Extra Care Cover.

However, not all benefits, features or options under these Covers are available under OneCare Super. The sections of this PDS dealing with each of the types of Covers explain where a benefit, feature or option is available through OneCare Super. Please see the section 'When the Trustee can pay benefits to you' on page 115 for more information about the conditions of release that must be satisfied before the Trustee can pay the insurance benefits to you.

When Income Secure Cover is structured through super you should be aware that payments through a temporary incapacity condition of release will be restricted by superannuation law. Benefits payable on the basis that you have satisfied the temporary incapacity condition of release must be paid as a non-commutable income stream (not a lump sum) for the purpose of continuing (in whole or part) the gain or reward you were receiving before the temporary incapacity, and for a period not exceeding the period of incapacity from employment of the kind engaged in immediately before the incapacity. This means that if you have returned to work on a part-time or limited basis, or in a different role because the **illness** or **injury** that caused you to cease work prevents you from performing your previous occupation, the income you earn plus payments from the Fund must not exceed 100% of your income from your previous occupation.

About the Fund

The Fund is a regulated superannuation fund under the *Superannuation Industry (Supervision) Act 1993* (Cth) (SIS). It is a registrable superannuation entity that has been registered with the Australian Prudential Regulation Authority (APRA).

The Fund is a resident regulated superannuation fund within the meaning of SIS and is not subject to a direction from APRA under section 63 of SIS.

The Fund is a complying superannuation fund, able to accept superannuation guarantee contributions as well as other additional employer contributions and rollovers.

Regulation of the Trustee

The Trustee holds a Registrable Superannuation Entity Licence issued by APRA and an Australian Financial Services Licence issued by the Australian Securities and Investments Commission.

The Trustee must comply with superannuation and other law, including SIS. SIS sets out standards for managing superannuation funds. If the Trustee does not comply with the SIS standards, penalties may be imposed on the Trustee.

The Trustee is also regulated by the Trust Deed governing the Fund. The Trust Deed contains rules for operating, and paying benefits from, the Fund.

The Trustee administers the Fund in accordance with the Trust Deed.

The Trustee is responsible for ensuring the Fund:

- is administered in the best financial interests of its members
- complies with all legislative and regulatory requirements
- is administered in accordance with the Trust Deed.

You can find Trustee and executive remuneration disclosure and any other documents which must be disclosed in accordance with the superannuation law at onepath.com.au

You can obtain a free copy of the Trust Deed by contacting Customer Care on 133 667 or at onepath.com.au

How to pay premiums for OneCare Super

The costs for OneCare Super are the premium amounts. For more information about the premiums, please see pages 106 to 109.

The Trustee will pay the premiums due for Cover taken out for you using amounts paid into the Fund for this purpose.

There are three options:

Option 1 – Superannuation contributions

The Trustee can meet the costs of insurance using superannuation contributions made to the Fund by you, or by another person or entity on your behalf.

Certain contributions made to OneCare Super for the purpose of paying premiums may be tax deductible (please see page 117 for more information) and may also entitle you to a government co-contribution or low income superannuation tax offset, or where made by your spouse, entitle your spouse to a tax offset (please see page 114 for more information). Contributions made to OneCare Super also count toward caps on contributions made in each financial year (please see page 118 for more information).

The Fund is subject to tax on concessional contributions it receives. The Fund is generally entitled to claim a tax deduction for insurance premiums paid from concessional contributions. Therefore, the tax payable on concessional contributions is generally offset by the tax deduction the Fund claims on insurance premiums paid from concessional contributions, if the member has provided a valid TFN.

The Fund is generally not subject to tax on non-concessional and certain other contributions it receives, unless the member provides a 'Notice of intent to claim or vary a deduction for personal super contributions' form in respect of the non-concessional contributions. The Fund is generally entitled to claim a tax deduction for insurance premiums paid from these contributions. Monies received as a result of this tax deduction are held for the benefit of all members in a Fund reserve account. Subject to meeting eligibility requirements, you may be entitled to claim a personal tax deduction for non-concessional contributions made during each year ending 30 June by lodging a 'Notice of intent to claim or vary a deduction for personal super contributions' form (see page 118 for more information).

Contributions can only be made with monies not yet paid into the superannuation system. For this reason, it is not possible to pay contributions from a bank account held by the trustee(s) of a self-managed super fund.

Option 2 – Internal rollover from a OnePath superannuation product

The premium for Cover can be paid into OneCare Super as an internal rollover from your account in any of the following products within the Fund:

- OneAnswer Frontier Personal Super
- OneAnswer Personal Super
- ANZ OneAnswer Personal Super
- OptiMix Superannuation.

You must complete a rollover authority which directs the Trustee to roll over money from the nominated account when premiums are due.

This direction will be a standing order and will apply to the first and all subsequent rollovers, until you withdraw it in writing. You must then nominate a different method of payment or request the Trustee cancel the policy.

Option 3 – External rollover

The annual premium for Cover can be paid into OneCare Super as an external rollover from your account with any complying superannuation fund.

If you choose this option, a rollover rebate of up to 15% of the premium payable may apply, reducing the amount required to be rolled over. Subject to law, the Trustee may cease to offer the rollover rebate at any time and for any reason.

You must complete an Enduring Rollover Request form, which directs the trustee of the nominated external super fund to rollover amounts to the Fund, as requested by the Trustee, at the start of the policy and at each policy renewal.

Some conditions apply to this rollover option:

- The rollover amount, plus any rollover rebate, must equal the yearly premium due. Some super funds may impose a minimum amount on partial withdrawals that may be higher than the rollover amount required. The Trustee is unable to accept transfers which exceed the exact amount required to pay the premium due, when combined with any rollover rebate applicable. If your fund rejects the request because it is below the minimum amount, or the Trustee rejects the transfer because it exceeds the amount required, you will need to provide new payment instructions.
- The Trustee can only accept from your nominated super fund rollovers on which any applicable fund tax has already been paid. Any rollover must fully comprise a tax-free component and/or a taxed element of a taxable component. The rollover will be rejected if it contains, in whole or in part, an untaxed element of a taxable component.
- The Trustee cannot accept rollovers which contain foreign transfer amounts (including UK transfers) or Kiwi Saver amounts.
- You may be able to roll over benefits from a self-managed super fund, although the transfer must be accompanied by a Rollover benefits statement issued by the trustee of the fund.

- If you cancel or change your policy so that a pro-rata refund of premiums is due, the Trustee will retain a corresponding pro-rata amount of any rollover rebate applied. Please see the section, 'Refunds if you cancel or change the policy' on page 109 for more information on how the Trustee must handle premium refunds it receives from the Insurer.
- Funds may have particular processing requirements that if not satisfied may prevent or delay the processing of rollovers. Funds may charge additional fees, set limits on the number of rollovers that can be processed in any one 12 month period, or cancel insurance held in the fund. You should make your own enquiries regarding the impact of any rollover on your benefits held in the nominated super fund before instructing the Trustee to request rollovers.
- If you have made contributions to your nominated fund, for which you intend to claim a tax deduction, but have not yet lodged the required notice of intention with the fund's trustee, the processing of a partial rollover from that fund may prevent you from claiming the deduction on the full amount of the contributions. You should ensure the trustee of your nominated fund has acknowledged your intention to claim a tax deduction in respect of your contributions before any rollovers are processed. Note that it is not possible to lodge a notice with us in respect of the transferred benefit we receive.

Paying OneCare Super premiums by internal or external rollover may have implications for tax on claim benefits

If you choose to pay OneCare Super premiums by internal rollover from another OnePath superannuation product, or by external rollover from another super fund with a service period start date earlier than the start date of your OneCare Super membership, there may be tax implications for disability super benefit payments and death benefit payments to non-dependants for tax purposes.

The service period start date may impact the determination of the tax-free and taxable components.

Please speak to your tax and **financial advisers** for further information.

Who can contribute to the Fund

The Trustee applies contributions to the Fund as premiums for the OneCare Super policy. To pay your premium through a super contribution, you must be eligible to make a super contribution, or to have a contribution made for you.

The following table outlines the rules relating to who can make super contributions.

Your age	Who can contribute?
Under 75	You, your spouse, your employer and a third party.
75 [†] and over	Your employer may make mandated employer contributions [#] .

† Contributions by you, your spouse, your employer or a third party may be accepted on or before the 28th day after the end of the month in which you turn 75.

Mandated employer contributions are contributions:

- that reduce an employer's potential liability for the superannuation guarantee (SG) charge; or
- that are a payment of a shortfall component; or
- in or towards satisfaction of the employer's obligation under an agreement certified, or award made, on or after 1 July 1986 by an industrial authority.

Government co-contribution and low income superannuation tax offset

If you have made a personal (after-tax) contribution to a complying superannuation fund including the Fund, you may qualify for a government co-contribution.

If you are a low income earner, the Government may make a low income superannuation tax offset (LISTO) to your super for the tax paid on concessional contributions.

Conditions apply for government co-contributions and LISTO payments, and your entitlements will be assessed by the Australian Taxation Office (ATO).

As an insurance-only superannuation product without an accumulation balance, OneCare Super cannot accept government co-contributions or LISTO. You may wish to have the ATO direct your government co-contribution or LISTO to an alternative superannuation account.

Speak to your tax and **financial adviser** to see if you are eligible for the government co-contribution or LISTO.

Salary sacrifice

Salary sacrifice is an arrangement whereby an employer contributes to a superannuation fund instead of making an equivalent gross payment as salary. Salary sacrifice contributions are treated as concessional contributions.

Salary sacrifice contributions to superannuation are included in the definition of income for certain government and tax benefits. Your employer may be required to report salary sacrifice contributions to the ATO as reportable employer super contributions.

Before starting a salary sacrifice arrangement we recommend you speak to your tax adviser and **financial adviser**.

Spouse contributions

Spouse contributions are made from after-tax monies and are treated as non-concessional contributions.

Your spouse may be eligible for a tax offset of up to \$540 when making a spouse contribution (conditions apply). Please speak to your tax adviser and **financial adviser** for eligibility requirements of this tax offset.

'Spouse' includes another person (whether of the same sex or a different sex) with whom you are in a relationship that is registered under a State or Territory law or a person who, whether or not legally married to you, lives with you on a genuine domestic basis in a relationship as a couple.

Bankruptcy

The *Bankruptcy Act 1966* (Cth) allows bankruptcy trustees to recover superannuation contributions made, prior to bankruptcy, with the intention to defeat creditors. An Official Receiver is also allowed to issue a notice to freeze a member's interest in a superannuation fund or to recover void contributions.

When the Trustee can pay benefits to you

There are rules in place to restrict when your super can be accessed. Where the terms and conditions of the OneCare Super policy are met, the Insurer pays the insurance benefit to the Trustee. These benefits will generally be categorised as preserved amounts and can only be accessed on meeting a 'condition of release'.

Generally, the Trustee pays your benefits from the Fund as a lump sum. However, the Trustee may pay your benefits as an income stream or a combination of a lump sum and an income stream (conditions apply). You may be able to transfer or roll over your benefits to another super provider.

Conditions of release include:

- reaching your **preservation age** and you have 'permanently retired'
- ceasing a 'gainful employment' arrangement on or after reaching age 60
- reaching age 65, whether you have retired or not
- reaching your preservation age (payment restricted to a transition to retirement pension)
- 'permanent incapacity'
- severe financial hardship (conditions apply)
- compassionate grounds (conditions apply)
- 'terminal medical condition'
- 'temporary incapacity'
- death.

'**Gainfully employed/Gainful employment**' means employed or self-employed for 'gain or reward' in any business, trade, profession, vocation, calling, occupation or employment.

'**Permanent incapacity**' means the trustee must be reasonably satisfied that you are unlikely, because of your ill-health (whether physical or mental), to engage in gainful employment for which you are reasonably qualified by education, training or experience.

'**Permanently retired**' means you have ceased a gainful employment arrangement and you intend never to become gainfully employed for 10 or more hours a week in the future.

'**Temporary incapacity**' means ill-health (whether physical or mental), that caused you to cease gainful employment (including temporarily) but does not constitute permanent incapacity.

'**Terminal medical condition**' means the following circumstances exist:

- a. two registered **medical practitioners** have certified, jointly or separately, that the person suffers from an illness, or has incurred an injury, that is likely to result in the death of the person within a certification period that ends not more than 24 months after the date of the certification,
- b. at least one of the registered **medical practitioners** is a specialist practising in an area related to the illness or injury suffered by the person, and
- c. for each of the certificates, the certification period has not ended.

'Preservation age'

Your preservation age depends on your date of birth. You can use the following table to work out your preservation age:

Date of birth	Preservation age
Before 1 July 1960	55
Between 1 July 1960 and 30 June 1961	56
Between 1 July 1961 and 30 June 1962	57
Between 1 July 1962 and 30 June 1963	58
Between 1 July 1963 and 30 June 1964	59
After 30 June 1964	60

Temporary residents

You are a temporary resident if you hold a temporary visa under the *Migration Act 1958* (Cth).

If you are a temporary resident or have at any stage been a temporary resident and you are:

- not an Australian Citizen, New Zealand Citizen or permanent resident, and
- not, at any time, a holder of a Subclass 405 (Investor) visa or a Subclass 410 (Retirement) visa,

you may be able to access preserved benefits on the following grounds:

- eligibility for a Departing Australia Superannuation Payment (DASP)[^]
- permanent incapacity*
- terminal medical condition*
- temporary incapacity*
- death.

[^]A DASP cannot be paid as an income stream. Also note that the Trustee must withhold and remit taxation on DASP. The rates may vary depending on your personal circumstances. Please consult your tax adviser.

* Refer to the definitions of these conditions of release above.

If you are a temporary resident and you permanently depart Australia and no longer hold a temporary resident visa, we are obliged to transfer your unclaimed super to the ATO after six months of your departure or cessation of your visa (as notified by the ATO). Irrespective of whether you later return to Australia or remain overseas, you can apply to the ATO for release of your super.

Transferred super benefits can be claimed via the ATO's website at ato.gov.au

On transfer of your super benefit to the ATO, you will cease to be a member of the Fund. Relying on an exemption granted by ASIC, we are not required to provide you with prior notification or an Exit Statement. We can provide you with further information about applying to the ATO for your superannuation monies should you wish to contact us.

If you become an Australian or New Zealand citizen or permanent resident, the obligation to transfer your super benefit to the ATO does not apply and you can continue to be a member of the Fund.

Transfer of balance

If you have not met a condition of release, the Trustee cannot make any payments directly to you. The Trustee will transfer your balance (less eligible adjustments) to an eligible super fund of your choice.

If you do not choose an eligible fund, the Trustee will transfer any such money to the ATO.

ATO Voluntary Transfers

In accordance with superannuation legislation, where the Trustee reasonably believes it is in a member's or former member's best interests, the Trustee reserves the right to transfer the account balance payable to that person to the ATO.

If your account is voluntarily transferred by the Trustee to the ATO you will cease to be a member of the Retirement Portfolio Service.

Death Benefit

If you die while your Cover is in force, the Insurer pays any insurance benefits payable under the OneCare Super policy to the Trustee.

You can nominate who you wish to receive your death benefit in the event of your death by making either a Lapsing or a Non-lapsing nomination. You can nominate your dependants, your estate (called your 'Legal Personal Representative') or a combination of both.

You cannot nominate beneficiaries who do not fall into one of these categories. It is important to note that at the time the Trustee receives your nomination, the Trustee will not check whether your nominated beneficiary(ies) are your dependants or your Legal Personal Representative.

Your nomination will only apply to the death benefit payable from OneCare Super. If you have another super interest under the Fund, you must complete a separate nomination form for any death benefits payable from that other superannuation product.

It is important that you read the following information so you choose the most appropriate option for you.

Who is a 'Legal Personal Representative'?

Legal Personal Representative means the executor of the will or administrator of the estate of a deceased person, the trustee of the estate of a person under a legal disability, or a person who holds an enduring power of attorney granted by a person, however:

- a. subject to (b) below, a person does not have a Legal Personal Representative unless:
 - a grant of probate has been made,
 - letters of administration have been issued, or
 - such equivalent authority as the Trustee determines for jurisdictions outside Australia has been conferred on a person, and
- b. if the Trustee is reasonably satisfied that the value of the estate is less than the amount which the Trustee from time to time specifies as the 'probate limit', then the Trustee may for all purposes treat a person who does not meet the criteria in (a) but who the Trustee is reasonably satisfied

will, in practice, be informally performing the role of executor or administrator as if they were the Legal Personal Representative.

Who can be a dependant?

Under superannuation law and the Fund's Trust Deed, a dependant includes:

- your spouse. A spouse includes another person (whether of the same sex or a different sex) with whom you are in a relationship that is registered under a State or Territory law and a person who, although not legally married to you, lives with you on a genuine domestic basis in a relationship as a couple;
- your child (including an adopted child, a stepchild, or an ex-nuptial child, a child of your spouse, or someone who is considered your child under family law);
- any other person who the Trustee believes is or was at the time of your death, financially dependent on you;
- any other person with whom you have an 'interdependency relationship at the time of your death' (see below).

Interdependency relationship

Two people (whether or not related by family) have an 'interdependency relationship' if:

- they have a close personal relationship; and
- they live together; and
- one or each of them provides the other with financial support; and
- one or each of them provides the other with domestic support and personal care.

An interdependency relationship can also exist where two people who (whether or not related by family) have a close personal relationship but do not meet the other criteria listed above because either or both of them suffer from a physical, intellectual or psychiatric disability or they are temporarily living apart. The Trustee will rely on superannuation laws to determine the circumstances that two persons have an interdependency relationship.

Nominating a beneficiary

You can nominate, cancel or change your nominated beneficiaries by completing the Trustee's Nomination of Beneficiaries Form which is available from the website onepath.com.au or by contacting Customer Care on 133 667. For your nomination to be effective, you will need to comply with all legal requirements outlined in the following paragraphs.

Your nomination may be, or become, defective if certain events occur. Refer to the following sections for further information about these events. You should revise your nomination if any of these events occur. You should review your nomination regularly to ensure it is still appropriate for you. It is very important that you keep your nomination up-to-date and in line with your personal circumstances so it continues to be effective.

Your OneCare Super Annual Statement provides details of any nominations you have made.

1. Lapsing nomination

If you give the Trustee a Lapsing nomination that satisfies all legal requirements, the Trustee must pay your Death Benefit to the beneficiaries you have nominated and in such proportions as you have specified, provided:

- each nominated beneficiary is a dependant or your Legal Personal Representative at the time of your death
- your Lapsing nomination is current when you die, i.e. the form containing the nomination has been confirmed or amended within three years after the day it was first signed, or last confirmed or amended by you;
- your Lapsing nomination is in writing and two persons over the age of 18 years who are not nominated beneficiaries have witnessed you signing your nomination.

2. Non-lapsing nomination

This is the nomination of a beneficiary(ies) that, if it satisfies all legal requirements, will not expire over time, and the Trustee is required to pay your money to your nominated beneficiary(ies) in the proportions you have specified. This is subject to the nominated beneficiary(ies) being either a dependant at the time of your death or your Legal Personal Representative (estate) and your non-lapsing beneficiary nomination being current at the time of your death.

However, it will become invalid if you marry, enter into a de facto or like relationship with a person of either sex or become separated on a permanent basis from your spouse or partner since the nomination was made.

3. No nomination, defective nomination or cancelled nomination

If you choose not to make a nomination, do not make a valid nomination, or cancel your existing nomination, or to the extent your nomination is defective (i.e. does not meet a requirement under the trust deed or superannuation law), the Trustee will pay your death benefit to your Legal Personal Representative if your estate is solvent. If there is no Legal Personal Representative, or your estate is insolvent, the Trustee will pay your Death Benefit to your spouse (if more than one spouse, in equal shares).

If you do not have a spouse, the Trustee will pay your Death Benefit to one or more of your dependants (as determined by the Trustee) and if no dependants, the Trustee will pay your Death Benefit in accordance with the relevant law.

If you do not have either a Lapsing or Non-lapsing nomination, or you nominate your Legal Personal Representative as a beneficiary, you should consider making a will or altering your will to cover your death benefit.

Death Benefit payments

Generally, the Trustee pays a Death Benefit as a lump sum. However, the Trustee may pay a Death Benefit as an income stream or a combination of a lump sum and an income stream. Superannuation rules restrict the amount and who can receive a death benefit income stream. If your beneficiary is eligible to receive an income stream, they may be able to roll over and start the income stream with another super provider.

The rules governing death benefit income streams including those paid to a child are complex and you should speak to your **financial adviser**.

Proceeds of crime

Generally, your superannuation benefits may not be cashed or rolled over, where the Trustee must comply with a forfeiture order which allows the proceeds of crime to be recovered from your superannuation.

Taxation

The taxation information below is based on our interpretation of the taxation laws and rulings that were current when this PDS was prepared. This PDS relies upon that legislation, and its practice and interpretation, continuing. The information is of a general nature only, and does not constitute tax advice. We recommend you seek tax advice specific to your personal circumstances, from a tax adviser.

Tax on contributions

Concessional contributions

Generally, concessional contributions are taxed at the concessional rate of 15% within the Fund (the effective tax rate may be lower after taking into account any allowable deductions such as insurance premiums). However, you may have an additional 15% tax liability for certain concessional contributions if your adjusted taxable income exceeds \$250,000 in the financial year. As OneCare Super does not maintain an account balance for you, the Trustee will not be able to release amounts from the Fund to meet this tax liability. You will need to nominate a different super fund to pay the tax.

Generally, concessional contributions include:

- employer contributions (including salary sacrifice contributions)
- personal contributions for which a tax deduction is allowed (see below).

Can I claim a tax deduction for contributions?

Generally, individuals may be able to claim an income tax deduction for personal superannuation contributions.

Individuals aged 67 or more, at the time of making the contribution will need to meet the 'work test' or 'work test exemption' in order for the ATO to recognise their deduction. The 'work test' requires an individual to have been 'gainfully employed'* for at least 40 hours in a consecutive 30 day period during the financial year the contribution is made. The 'work test exemption' applies if all of the following are satisfied:

- you have not met the 'work test' for that financial year
- you have met the 'work test' for the previous financial year
- you had a total superannuation balance below \$300,000 on 30 June of the previous financial year, and
- you have not already relied on the 'work test exemption' for a previous financial year.

No personal contributions may be made, and no income tax deduction claimed, after 28 days from the end of the month in which you turn 75.

* 'Gainfully employed' means being employed or self-employed for gain or reward in any business, trade, profession, vocation, calling, occupation or employment.

Before you can claim a deduction you will need to give the Trustee a 'Notice of intent to claim or vary a deduction for personal super contributions' form available at onepath.com.au or from the ATO website. The notice is only effective once the Trustee acknowledges that it has accepted your notice (conditions apply). Please contact Customer Care on 133 667 or the ATO for more information.

A tax deduction for personal contributions may only be claimed on a proportional basis if we receive a 'Notice of intent to claim a tax deduction for super contributions' form after we have paid a partial withdrawal or rollover. You cannot give a notice to claim a deduction for contributions that have been used in whole or part to start a pension, or if you have already lodged your tax return for that year (other conditions apply). Please see your tax adviser to determine your eligibility to claim a tax deduction.

Caps on concessional contributions

An annual cap on concessional contributions applies on a financial year basis. The cap for the 2022/23 financial year is \$27,500.

You may have a higher cap, if your total superannuation balance at 30 June of the previous financial year is less than \$500,000 and you have unused cap amounts since 1 July 2018.

Concessional contributions which exceed your cap are included in your assessable income and taxed at your marginal tax rate less a 15% tax offset.

You may elect to withdraw up to 85% of your excess concessional contributions from a superannuation fund to help you pay this tax. As OneCare Super does not maintain an account balance for you, the Trustee will not be able to release amounts from the Fund. You will need to nominate a different super fund to pay the tax.

Any concessional contributions in excess of your cap not effectively withdrawn from super will also count toward your non-concessional contributions cap.

Non-concessional contributions

Generally, non-concessional contributions include:

- certain personal contributions for which no tax deduction has been allowed; and
- spouse contributions.

An annual non-concessional contributions cap applies on a financial year basis and is \$110,000 (2022/23). However, this cap is reduced to nil if your total superannuation balance as at 30 June of the previous financial year is greater than or equal to the general transfer balance cap of \$1.7 million (2022/23). If you have more than one super account, your non-concessional contributions made to all of your funds count toward the non-concessional contributions cap.

The consequence of this indexation to the transfer balance cap of an individual will depend on their personal circumstances. The ATO will calculate the entitlement to indexation and the personal transfer balance cap, which will be based on the information reported to and processed by the ATO.

Generally, if you are eligible and under age 75 at any time during the financial year, you may be able to make non-concessional contributions of up to three times the annual non-concessional contributions cap under the 'bring-forward' arrangements.

The 'bring-forward' cap is up to \$330,000 (2022/23) depending upon your total superannuation balance as at 30 June of the previous financial year. The bring-forward is automatically triggered when your non-concessional contributions exceed the annual cap (\$110,000 for 2022/23) in a particular financial year.

A terminal medical condition payment to another superannuation or pension fund is not a rollover superannuation benefit for taxation purposes. The payment is treated as if the member received it as a tax-free lump sum and made a personal contribution. Generally, the contribution is assessed against the non-concessional contributions cap or if a tax deduction has been claimed, the amount claimed is assessed against the concessional contributions cap.

You should speak to your tax adviser for further information on terminal medical condition payments as consequences may apply.

If you exceed the non-concessional contributions cap you have the following options:

- You can elect to release all of your excess non-concessional contributions and 85% of associated earnings from another super fund, or another product within the Fund (other than your OneCare Super interest which does not maintain an account balance). In this case, the full amount of associated earnings will be included in your assessable income. It will be taxed at your marginal tax rate less a 15% tax offset for tax paid in the relevant super fund.
- You can elect to leave your excess non-concessional contributions and associated earnings in another super fund and be assessed for excess non-concessional contributions tax. The excess non-concessional contributions will be taxed at 47%. The Fund will not be able to pay this tax as it does not maintain an account balance for you. You must nominate another super fund.

If you do not have any money or assets in any super fund, you can advise the ATO (or the Commissioner of Taxation may make a direction). In this case, the full amount of associated earnings will be included in your assessable income. It will be taxed at your marginal tax rate less a 15% tax offset.

Tax on benefits paid from super

For lump-sum withdrawals

Age 60 or over

A lump-sum withdrawal from your OneCare Super is tax free if you are aged 60 or over.

Under age 60

Your benefit will generally consist of two components – taxable and tax-free. You are required to draw down proportionately from these components. Tax is not payable on the tax-free component of your benefit.

The tax-free component may be increased if your payment qualifies as a disability super benefit. For more information contact your tax adviser.

The table below shows the maximum rates of tax payable on the taxable component of lump-sum withdrawals if you have provided your TFN:

Your age	Maximum rate of tax (including the Medicare levy of 2%)	
Preservation age to age 59 (inclusive)	Amount up to low rate cap*	0%
	Amount over low rate cap*	17%
Under preservation age		22%

* The low rate cap threshold for the 2022/23 financial year is \$230,000 (the amount may be indexed but in \$5,000 increments only).

For income stream payments

Age 60 or over

OneCare Super income stream payments from the Fund are generally tax free if you are aged 60 or over.

Under age 60

Your benefit will generally consist of two components – taxable and tax-free. You are required to draw down proportionately from these components. The tax-free and taxable proportions are determined at the commencement of your income stream.

Tax is not payable on the portion of the tax-free component of your payments. The taxable component of your payments are included in your assessable income and will be taxed at your marginal rate. If you have reached your preservation age or are being paid a disability super income stream, you will generally be entitled to a 15% tax offset on the taxable component.

If you received a payment while you were under age 60 at any time in the financial year, the trustee will send you a PAYG Payment Summary at the end of the year showing the income and the tax that has been withheld under PAYG withholding requirements (if any) that you will need to include in your tax return.

Transfer balance cap

Generally, the transfer balance cap limits the total amount of superannuation that can be transferred into the 'retirement phase'. The cap applies to all of your 'retirement phase' accounts.

Generally, if the cap is breached, the excess transfer balance and a notional earnings amount must be removed from retirement phase. Excess transfer balance tax applies to total notional earnings at a rate of 15% for the first breach since 1 July 2018 and 30% for any subsequent breach.

You should speak to your tax adviser for further information on the transfer balance cap as consequences may apply.

Temporary incapacity benefits

The Trustee must deduct tax at the PAYG withholding rates that apply to ordinary salary and wages. The tax offset for some superannuation benefit payments does not apply to income protection benefits.

If you do not provide your TFN, the Trustee must withhold at the rate of 47% (2022/23).

Permanent incapacity benefits

Any benefits paid as a result of permanent incapacity may be paid as a lump sum or an income stream and taxed in accordance with the tax rules for lump sum payments and income stream payments. The tax-free component may be increased if your payment qualifies as a lump sum disability super benefit.

Tax-free terminal medical condition benefit payments

Tax and superannuation laws allow members who have a 'terminal medical condition' (as defined under these laws) to receive their lump-sum payments tax free. For more information contact your tax adviser.

Taxation of super on death

The tax treatment of a death benefit payment depends on whether a death benefits dependant or non-dependant ultimately receives that benefit. The definition of a dependant for tax purposes may differ from the definition of dependant under superannuation law. For more information contact your tax adviser.

Payment of a death benefit to a dependant

A lump sum death benefit paid to a death benefits dependant is tax free. A death benefits dependant includes a spouse*, former spouse, child under 18 years of age, or someone who had an interdependency relationship with, or was financially dependent on the deceased at the time of death.

A death benefit income stream is tax free where either the deceased or the death benefit beneficiary is age 60 or over. Where both the deceased and the death benefit beneficiary are under age 60, the death benefits income stream will generally consist of only two components, taxable and tax-free. Tax is not payable on the tax-free component.

Generally, the taxable component will be taxed at the beneficiary's marginal tax rate with a 15% tax offset available.

Payment of a death benefit to a non-dependant

A lump sum death benefit paid to a person who is not classified as a death benefits dependant will generally consist of taxable and tax-free components. No tax is payable on the tax-free component. The taxable-taxed element will be taxed at a maximum rate of 17% (including Medicare levy of 2%). Where life insurance Cover was in force at the date of death, the benefit may also include a taxable-untaxed element which will be taxed at a maximum rate of 32% (including Medicare levy of 2%).

Special tax concessions apply to lump sum death benefits paid in respect of a person who dies in the line of duty as a member of the Defence Force, member of the Australian Federal Police or the police force of a State or Territory, or as a protective services officer. A non-dependant who receives a lump sum death benefit in these circumstances is taxed as if they were a death benefits dependant.

* Your spouse includes another person (whether of the same sex or a different sex) with whom you are in a relationship that is registered under a State or Territory law or a person who, although not legally married to you, lives with you on a genuine domestic basis in a relationship as a couple.

Payment of a death benefit to your estate

A lump-sum payment to your estate will be taxed depending on whether your dependants or non-dependants ultimately receive your benefit. Your Legal Personal Representative is responsible for tax arrangements when your estate pays the benefit to your beneficiary(ies). The Medicare levy does not apply to payments from an estate.

Providing your Tax File Number (TFN)

Taxation and super law does not require you to provide your TFN to the Trustee and declining to provide it is not an offence. However, for OneCare Super, if you do not provide your TFN, the Trustee will not be able to accept your application for membership of the Fund.

The Trustee and any third party engaged by the Trustee to provide superannuation administration services ("third party administrator") relating to this product are authorised to collect your TFN under super laws.

If you do provide your TFN to the Trustee or third party administrator:

- they will only use the TFN for legal purposes. This includes finding or identifying your superannuation benefits where other information is insufficient and calculating tax on any superannuation payment you may be entitled to and providing information to the ATO, such as reporting details of contributions for lost member reporting and monitoring of contribution caps
- they may provide the TFN to the trustee of another superannuation fund or a Retirement Savings Account (RSA) provider that is to receive your transferred benefits in the future. However, the Trustee and third party administrator will not pass your TFN to any other fund if you tell the Trustee or third party administrator in writing that you do not want it to pass the TFN on.

However, if you do not give the Trustee or third party administrator your TFN, either now or later:

- they will not be able to accept member contributions, and you will be liable to pay additional tax on concessional contributions
- you may pay more tax on your benefits than otherwise. (You may be able to get this back at the end of the financial year in your income tax assessment)
- it may be difficult to locate or amalgamate your superannuation benefits in the future.

The purposes for which the Trustee and third party administrator can use your TFN and the consequences of not providing it may change in the future if the law changes.

Incorrect TFNs

The ATO may notify us of any incorrect TFNs we have recorded on our system. If your TFN is incorrect, we will endeavour to contact you and/or your employer or financial planner (where authorised) to request a correct TFN. If we are unable to obtain a correct TFN for you:

- the incorrect TFN will be removed from our system
- you may be charged 'no TFN-quoted contributions tax' on concessional contributions
- we may be required to refund any personal contributions
- you will receive a notice from the ATO advising that we hold an incorrect TFN for you and what the tax consequences of this may be for you.

In these circumstances, the Trustee may be unable to continue to pay the premiums, and your insurance may be cancelled after the Insurer provides the required notice (see page 107 for more details).

In some circumstances, the ATO may provide us with a corrected TFN, which we will then update on your account. Alternatively, based on the information supplied, the ATO may not be able to confirm whether the TFN we hold for you is correct or not. In this situation, we may contact you, your employer or your financial planner (where authorised) to confirm the details provided.

Protecting Your Super Account Balances

To prevent erosion of account balances, superannuation law requires that:

- Unless members elect otherwise, trustees must not provide insurance to a member if the member's account is 'inactive' for a period of 16 months
- An account is 'inactive' if no contribution or rollover is paid into it
- Notices with prescribed content about 'inactive' accounts are to be sent to members at 9, 12 and 15 month intervals.

You should contact your financial adviser for more information on the above measures.

KEY INFORMATION YOU SHOULD KNOW

The information provided in this section does not form part of your policy.

Taxation

The taxation information provided below is based on our interpretation of the taxation laws and rulings that were current when this PDS was prepared. This PDS relies upon that legislation, and its practice and interpretation, continuing.

The information is of a general nature only, and does not constitute tax advice. We recommend you seek tax advice specific to your personal circumstances, from a tax adviser.

The information applies to types of OneCare policy ownership other than OneCare Super. For taxation information on OneCare Super, please see pages 117 to 120 of this PDS.

Cover held outside super

Whether premiums paid for OneCare Cover are tax deductible and whether OneCare benefits paid are assessable for tax depends on various factors. These factors include the type of Cover insured, who owns the policy, and who pays the premium.

Where you hold the policy for personal purposes, the premium paid is not tax deductible and benefits paid under the policy are generally not assessable as income or capital gains.

However, premiums paid for insurance Cover that is intended to replace income, such as income protection Cover, or for the purposes of carrying on a business such as Business Expense Cover are generally tax deductible. Any benefits received under such Cover will generally be assessable as income.

Where a policy is held by an employer or for business insurance purposes, the taxation implications are complex and depend upon the circumstances of the business or employer. For more information contact your tax adviser.

Cover held within super (as trustee of a self-managed super fund)

The premiums for a policy held by the trustee(s) of a self-managed super fund are generally tax deductible to the trustee depending on the extent to which they relate to the fund's liability to pay:

- a superannuation death benefit
- a superannuation benefit because of a terminal medical condition
- a disability superannuation benefit
- an income stream because of temporary incapacity.

The gross amount of any benefit that is payable under a policy held by the trustee(s) of a self-managed super fund will be paid to the trustee. The trustee is responsible for determining any tax liability in respect of a benefit that it receives into or distributes from the self-managed super fund.

The amounts received by the fund members or beneficiaries may have special tax treatment which does not necessarily depend on the nature of the original insurance claim payment.

We recommend you seek professional tax advice.

Risks of insurance

You should be aware of the following insurance risks:

- your chosen insurance may not provide appropriate Cover for your needs. Your **financial adviser** can help you choose insurance that is most appropriate for your needs and circumstances
- the amount of insurance selected may not adequately cover the life insured if they suffer **illness** or **injury**
- the cost of your Cover may increase over time and the premium rates are not guaranteed (please see pages 106 to 109 for more information about how premiums may change)
- we may not pay a benefit in some circumstances because an exclusion applies to your Cover. Please see the section, 'We will not pay a benefit in some circumstances' on pages 17 to 18 for full details
- future new Cover or increases in Cover may not be available to the life insured due to health reasons. You should not cancel existing policies or allow them to lapse until any new Cover is accepted and current

- if you do not pay the premiums when due, or in the case of OneCare Super, make contributions or rollovers to the Fund, so that the Trustee can pay premiums, we may cancel the policy after giving notice. If the policy is cancelled it will no longer provide cover and we will not pay any claims. You may apply to reinstate Cover although Cover only recommences once we approve your application, and our approval is not guaranteed
- if you do not comply with the duty to take reasonable care not to make a misrepresentation we may cancel your policy or avoid Cover and not pay any claim. The duty to take reasonable care not to make a misrepresentation is explained on page 10.
- benefits paid to the trustee of a super fund may only be released to you if permitted by the governing rules of the super fund and the law. Consult your trustee or **financial adviser** for information on whether and when benefits can be released to you.

In addition to the risks of insurance generally as set out above, you should be aware of the following risks of holding insurance through OneCare Super:

- the Trustee can only pay you a benefit if you satisfy a condition of release. Please see page 115 for information about accessing superannuation benefits
- if you change your mind about OneCare Super, you will usually be unable to receive a cash refund of contributions made, as preservation rules will generally require such amounts to be transferred to another complying superannuation fund. Please see page 115 for more information about accessing superannuation benefits
- benefits paid from the Fund are superannuation benefits for tax purposes so that, depending on your personal circumstances, more tax may be payable than would otherwise apply if the same insurance was held in non-superannuation ownership. Please see page 119 for more information about the taxation of superannuation benefits
- limits apply to the amount you can contribute to super each year. Amounts you contribute to this product will reduce the amount you may be able to contribute to other superannuation products for retirement savings. Please see page 118 for more information about caps on superannuation contributions
- paying premiums by rollover from another superannuation fund may reduce the amount of retirement savings you may otherwise have available. There may be tax implications for disability lump sum benefits or death benefits paid to non-dependants for tax purposes, where the rollover is paid from a fund which commenced before your OneCare Super membership, or which itself received rollovers from an earlier commencing fund. Please see page 113 and speak to your tax and **financial advisers** for more information
- the governing laws may change in the future, impacting the appropriateness of holding insurance in superannuation.
