MetLife Protect and MetLife Protect Super

Supplementary Combined Product Disclosure Statement and Policy Terms (SPDS) Issue Date 27 November 2022

This SPDS is dated 27 November 2022 and supplements the information contained in the Combined Product Disclosure Statement and Policy Terms (PDS) for MetLife Protect and MetLife Protect Super prepared 14 October 2022.

This SPDS should be read together with the PDS before making any decision about MetLife Protect or MetLife Protect Super and the insurance cover you need. The terms used in this SPDS have the same meaning as those in the PDS.

MetLife Protect is issued by MetLife Insurance Limited (ABN 75 004 274 882, AFSL 238096) ('MetLife').

MetLife Protect Super is issued by Equity Trustees Superannuation Limited (ABN 50 055 641 757, AFSL 229757, RSE Licence L0001458) (the 'Trustee') as trustee for the MetLife Australia Superannuation Fund (USI 68964712340007), which is a division of the Smart Future Trust (ABN 68 964 712 340) ('the Fund'). Each issuer, MetLife and the Trustee, takes responsibility for this SPDS.

Summary of changes

We have clarified our waiting period requirements for Standard Income Cover and the date on which the waiting period starts. These changes take effect from 27 November 2022 and, as this is a clarification, will apply to all policies on the Combined Product Disclosure Statement and Policy Terms (PDS) for MetLife Protect and MetLife Protect Super prepared 14 October 2022 and do not result in an increase in your premium. Other than the changes set out in this SPDS, the PDS remains unaltered. All other terms, conditions and exclusions will continue to apply.

The following changes are effective 27 November 2022.

Standard Income Cover: Clarification of waiting period requirements

MetLife Protect and MetLife Protect Super

Combined Product Disclosure Statement and Policy Terms
for MetLife Protect and MetLife Protect Super

Prepared 14 October 2022

About this document

Combined Product Disclosure Statement and Policy Terms

This document contains both the Product Disclosure Statement for the MetLife Protect and MetLife Protect Super products and the Policy Terms for the insurance cover available through these products. The whole of this document is referred to as the PDS, unless the context requires reference to the MetLife Protect or MetLife Protect Super Product Disclosure Statement or the Policy Terms separately.

Product Disclosure Statement

The Product Disclosure Statement sets out the key benefits, features, options, risks, fees and costs of the following products:

- MetLife Protect – issued by MetLife Insurance Limited (ABN 75 004 274 882, AFSL 238096) ('MetLife').
- MetLife Protect Super – issued by Equity Trustees Superannuation Limited (ABN 50 055 641 757, AFSL 229757, RSE Licence L0001458) (the 'Trustee') as trustee for the MetLife Australia Superannuation Fund (USI 68964712340007), which is a division of the Smart Future Trust (ABN 68 964 712 340). Although the MetLife Australia Superannuation Fund is not a standalone superannuation fund, it is referred to as 'the Fund' in this PDS.

Each issuer is jointly responsible for the entire PDS, and wholly responsible for their own products in respect of the described benefits, features, options, risks, fees and costs of such products. Notwithstanding this PDS has two issuers, throughout this PDS, references to 'we', 'us' and 'our' means MetLife Insurance Limited (ABN 75 004 274 882, AFSL 238096), ('MetLife'), not the Trustee.

For MetLife Protect, references to 'you' mean the person or persons or the entity that applies for the Policy and becomes the Policy Owner/s when we issue the Policy (and will be named on the Policy Schedule or any other Important Documents). The Policy Owner may or may not be the Life Insured.

For MetLife Protect Super, the Policy Owner is the Trustee of the Fund and 'you' includes the member, as the Life Insured.

Nevertheless, and for the avoidance of doubt, Equity Trustees Superannuation Limited is not a licensed insurer and legally not able to issue insurance Policies and MetLife is not an RSE licensee and legally not able to issue interests in superannuation funds.

Please read the PDS carefully before making any decision about MetLife Protect or MetLife Protect Super and the insurance cover you need.

Policy Terms

The full standard terms of the insurance cover available from MetLife through MetLife Protect and MetLife Protect Super are set out in the Policy Terms. These, together with any special terms and conditions you agreed to, will be used to assess any claim.

Life Insurance Code of Practice

We have adopted the Financial Services Council's Life Insurance Code of Practice (Code). The Code sets out our key commitments and obligations to you on standards of practice, disclosure and principles of conduct for our life insurance services, such as being open, fair and honest. It also sets out timeframes for us to respond to claims, complaints and requests for information. You can find details on the Code at www.fsc.org.au/life-code.

General advice

The information contained in this PDS is of a general nature and does not take into account your individual objectives, financial situation or needs. You should consider how appropriate the product is to your individual objectives, financial situation and needs, and if necessary, seek advice from your Financial Adviser that takes your

individual circumstances into account before deciding on whether to acquire the product. Any reference to General Advice throughout the PDS is provided under MetLife's AFSL Licence.

Target Market Determination

MetLife and the Trustee have prepared a Target Market Determination (TMD) for MetLife Protect and MetLife Protect Super to comply with the Design and Distribution Obligations under the Treasury Laws Amendment (Design and Distribution Obligations and Product Intervention Powers) Act 2019. The TMD is a written document which outlines who the product may be suitable for, and any conditions around how the product can be distributed. You can view the MetLife Protect and MetLife Protect Super TMD at www.metlife.com.au/insurance-solutions/personal-insurance/metlife-protect.

MetLife and the Trustee are committed to a customer-centric approach when designing and distributing products. The TMD supports this commitment to meet the needs of customers by designing products that are consistent with the likely objectives, financial situation and needs of customers for whom they are intended i.e. the target market. However, this is not a guarantee that the products will meet your individual objectives, financial situation and needs, as the TMD has not been formulated with your individual circumstances in mind. As stated above, you should consider your own individual objectives, financial situation and needs.

Changes to information in this PDS

The information in this PDS is current as at the date of preparation. Information in the PDS that is not materially adverse information is subject to change from time to time and MetLife and the Trustee may update such information by providing a notice of any such changes on MetLife's website. If you'd like a free printed or electronic copy of the updated information, please contact MetLife's Customer Experience Team on 1800 523 523 or email auprotect@metlife.com.

Information about law in this PDS is based on the law as at the preparation date of this PDS and the interpretation by MetLife and the Trustee of the laws applicable to each of them at that date.

Your Financial Adviser can help

You can only acquire MetLife Protect and MetLife Protect Super through a Financial Adviser.

If your Financial Adviser provides you with personal financial product advice, their role is to understand your needs, help you to articulate your goals and arm you with financial advice and strategies to turn your aspirations into a reality.

When it comes to applying for insurance cover with MetLife, your Financial Adviser can help you consider your options and assist with deciding on:

- the right type/s of cover for your needs;
- the appropriate amount of cover;
- whether or not to obtain cover through superannuation; and
- how to structure your insurance cost-effectively.

You should consider obtaining personal advice from your Financial Adviser that takes into account your individual circumstances, including your insurance needs, before acquiring a MetLife Protect or MetLife Protect Super product.

You should also review your insurance with your Financial Adviser periodically to ensure it remains appropriate for your insurance needs, your risks and your life stage.

MetLife may pay your Financial Adviser a commission when your Policy starts and in subsequent years. Commission is built into the insurance premiums. Your Financial Adviser will provide you with further details regarding commissions in their Financial Services Guide and Statement of Advice.

■ Why choose MetLife?

As a leading provider of life insurance, MetLife's purpose is to help more Australians protect their lifestyle – and provide help when they need it most.

Founded in the United States in 1868, MetLife has a global presence giving us scale and experience.

Its long history and financial strength means you can rely on MetLife to be there when it's needed most.

■ Things you need to know

This section contains important information that will help you understand the insurance Policy you can acquire.

Policy Terms

Your Policy and its terms are introduced on page 92, and include the parties to the contract, the cover provided and other important matters applicable to any Policy issued by us.

Defined terms

There are a number of terms in this PDS that have been capitalised. These terms have particular meanings and are explained in sections 10 (Definitions on pages 131 to 139), and 11 (Medical Definitions on pages 140 to 144).

No-Claim Periods

A key term, which appears in this PDS in relation to certain benefits, is the No-Claim Period.

The No-Claim Period is a specified period of time during which no cover is available and no benefits will be payable for any Illness, Injury or Related Condition that the Life Insured sought or obtained advice or treatment for, or had symptoms of, during that period.

Generally, this period is from Cover Commencement or, where specified, following Reinstatement of cover or when cover is increased (but only on the increased portion).

The No-Claim Period is noted in each cover section for any benefits it applies to.

Waiting Periods

Waiting Period is also a key term in this PDS and when it is noted, it refers to the minimum number of days that must elapse after the Life Insured first suffers a claim event, before entitlement to a benefit payment may accrue. For example, under Standard Income Cover, the Waiting Period is the period of time the Life Insured needs to be unable to work in any capacity, solely due to Illness or Injury before you become eligible for Total Disability Benefits.

Interim Cover

Unless you already have existing cover, which your MetLife Protect or MetLife Protect Super application is intending to replace, we will provide you with Interim Cover outside superannuation to ensure you have some form of protection while we are considering your application for insurance.

The type of Interim Cover provided will be based upon the cover that you are applying for; however, it may not be as comprehensive. Interim Cover is also subject to maximum limits and additional exclusions.

For each individual cover type, the maximum amounts we pay under Interim Cover are the lesser of the Life, TPD and Trauma

Cover Amounts, and Income Cover Monthly Cover Amount applied for, and:

- \$1 million for Life Cover;
- \$1 million for TPD Cover;
- \$500,000 for Trauma Cover; and
- \$7,500 per month for Income Cover for six months.

Please refer to the Policy Terms at sections 6.2 and 6.3 on pages 116 and 117 for full details.

Policy Schedule

If we accept your application for insurance, we will issue you a Policy Schedule. Your Policy Schedule is an important document, which contains key details of your cover, including:

- the amount/s and type/s of cover/s you have been accepted for;
- your premium amount;
- any amended terms that apply (that are different from or additional to the Policy Terms); and
- when your Policy (including any individual covers within your Policy) starts and ends.

30-day cooling off period

Once we accept your application for insurance, we will issue you a Policy Schedule or any other Important Documents. You have 30 days from the date the Policy Schedule or any other Important Documents are issued to check that the insurance meets your needs. This is the cooling off period.

If you wish, you can cancel your Policy during the cooling off period. Provided you have not made a claim, you will receive a full refund of any money you have paid. If the Policy was issued to the trustee of a superannuation fund, we will refund the premium to the superannuation fund.

Further information on the cooling off period applicable to MetLife Protect Super can be located on page 90.

Governing law

Our insurance contracts are governed by the law that applies in the State of New South Wales and is subject to the exclusive jurisdiction of the Courts of Australia.

Sanctions

We will not provide coverage and/or payment under a Policy while you are:

- listed on the United States Office of Foreign Asset Control (OFAC) Specially Designated Nationals and Blocked Persons (SDN) list, United Nations sanctions list, Australian Department

of Foreign Affairs and Trade (DFAT) list or any other international or local sanction list;

- residing in a sanctioned country as listed on the United States Office of Foreign Asset Control (OFAC) Specially Designated Nationals and Blocked Persons (SDN) list, United Nations sanctions list, or on any list maintained by Australian Department of Foreign Affairs and Trade (DFAT); or
- claiming a payment for any services received in a sanctioned country.

We shall not be liable to provide coverage, or pay a benefit or claim to the extent that such coverage, benefit or payment would expose us to any sanction, under applicable law.

Ongoing coverage

MetLife Protect and MetLife Protect Super provides ongoing coverage. This means that once your Policy has started, we can't adversely alter the terms of your cover unless permitted by law for a failure to comply with the duty to take reasonable care not to make a misrepresentation, even if there is a change in your health, occupation or pastimes while your Policy is in force. Your premiums may be subject to change as described in section 8 on page 129.

Worldwide cover

Once we issue your Policy, you will still be covered if you travel or relocate outside Australia. The Policy provides worldwide insurance cover with the following exceptions:

- Income Cover benefits which are payable for up to six months while residing overseas, with a requirement to return to and remain in Australia for benefits to continue beyond six months; and
- 'Sanctions' – as listed above on page 6.

Importance of keeping up with your premiums

If your premiums are overdue, we will send you a reminder. If your premium remains unpaid subsequent to that reminder and any others we may issue, your Policy may be cancelled as outlined on page 21.

If we take steps to cancel your Policy, we will provide you with notice of our intention to do so in writing before this occurs. We will also inform you of the cancellation when this has happened. Cancellation of your MetLife Protect Super Policy will also result in cessation of your membership of the Fund.

Please contact us to discuss the circumstances under which you can Reinstate the Policy from the date of lapse. If cancellation of your MetLife Protect Super Policy also resulted in cessation of your membership of the Fund, you must apply for membership again and you must remain eligible to contribute to the Fund (unless premiums are paid via a rollover from another superannuation fund).

If you apply for Reinstatement within one year from the date of lapse, we will ask for other relevant information to assess the Life Insured's eligibility for cover, including health and financial information (for applicable cover types). Additionally, we will ask for payment by you of the premium due from the date of lapse.

Guaranteed upgrade

If we improve any of the features or benefits available under MetLife Protect or MetLife Protect Super in the future, which don't result in a premium rate increase, we will automatically apply these improvements to your Policy. The advantage of this is that you will receive the new improvements, however, if you believe you are disadvantaged in any way by any changes, we will revert back to the features and benefits available immediately prior to the change to your Policy.

The improvements will apply to future claims only and not to past or current claims, or any claims arising from conditions or circumstances which first occurred, were first Diagnosed, or for which symptoms first became reasonably apparent, before the effective date of those improvements. If certain exclusions, loadings and/or special terms were noted on your Policy Schedule or any other Important Documents previously, these will continue to apply.

No cash value

MetLife Protect and MetLife Protect Super do not include an investment or cash component, nor do they offer a surrender value. They provide risk-insurance only.

Indexation

If Indexation applies to your Policy, we will increase your cover amount each year through Indexation, unless you ask us not to, or choose one of the Fixed Term Options (under which Indexation is not available).

Your premium will then be based on the increased cover and depending on your premium structure, your premium may also be based on other factors such as increased age. Please refer to the Policy Terms in section 7.5 on page 128 for the full details on Indexation.

Exclusions

There are circumstances where we will not pay a claim. We have described standard exclusions that apply for each cover type in this PDS and the Policy Terms.

Additional exclusions may apply if we offer you cover under amended terms as a result of our underwriting assessment, which takes into account the individual circumstances of the Life Insured, including health, occupation, pastimes and other information. This can only occur if you, or your Financial Adviser acting with written authority on your behalf, accept these terms, which are noted on your Policy Schedule or any other Important Documents.

Limitations on what we can pay

We can't make certain payments because of legislation in connection with health insurance including the Private Health Insurance Act 2007 (Cth), National Health Act 1953 (Cth) or the Health Insurance Act 1973 (Cth). We won't make a payment if it would cause us to infringe upon these or any other laws.

Replacing existing cover

If you currently hold another insurance policy, you should carefully consider the terms and conditions of both insurance policies before you replace it with a MetLife Policy under this PDS. You should also ensure that your new cover is in place with us before cancelling your existing cover.

Risks

With any insurance product, you should be aware of the risks when considering whether the product is appropriate for your needs. These risks include:

- the insurance cover you have selected may be inadequate to protect you and your dependants in certain circumstances;
- your claim may not be paid if you or the Life Insured have failed to comply with your duty to take reasonable care not to make a misrepresentation outlined on page 9, or if you have made a fraudulent claim;
- your insurance cover may be cancelled if you fail to pay premiums by the due date, as outlined on page 81;
- conditions and exclusions that apply to insurance cover under the Policy Terms and your Policy Schedule or any other Important Documents, which may affect your entitlement to insured benefits; and
- annual Indexation applies to Income Cover as outlined in section 7.5 on page 128. If your Income Cover is wholly held inside superannuation and the Indexation increase would mean that your Monthly Cover Amount is greater than 100% of your Pre-Disability Income, you will not be eligible to receive the full Monthly Cover Amount, but could be paying premiums for that amount. You can inform us that you reject Indexation to avoid paying unnecessary premiums for benefits you may not be eligible to receive. You should consider if Indexation of your benefit is an appropriate option for you.

You should also consider the information about risks of holding insurance through MetLife Protect Super on pages 88 to 89.

MetLife Protect Super

MetLife Protect Super provides you with the option to set up your insurance cover inside superannuation as a member of the MetLife Australia Superannuation Fund, a division of the Smart Future Trust. If you choose to take out insurance through MetLife Protect Super, there are some key things you should be aware of, including the following:

- by applying for MetLife Protect Super, you are applying to become a member of the MetLife Australia Superannuation Fund. Your insurance Policy will be held by the Trustee of the Fund on your behalf, and your contributions or rollovers into the Fund are used to pay your insurance premiums;
- not all cover types are allowed to be held inside superannuation under superannuation law – see ‘Structuring your cover inside and outside superannuation’ on page 24; and
- if we pay a claim, benefits are paid to the Trustee. The release of these benefits to you may be subject to certain restrictions under the Trust Deed and superannuation laws.

For further information on MetLife Protect Super refer to pages 84-90.

Product and marketing material

We, and our related companies, may use your personal information to let you know about the products and services we offer. You can opt out of receiving these marketing communications by calling our Customer Experience Team on 1800 523 523 or by sending an email to auprotect@metlife.com.

For information on the Trustee’s use of personal information associated with MetLife Protect Super, refer to pages 82-83.

Complaints about MetLife Protect

We are committed to handling your enquiries, feedback and complaints in an objective, reasonable and timely manner. Our internal dispute resolution process is outlined below:

1. First, contact us to tell us about your complaint:
Customer Experience Team
GPO Box 3319
Sydney NSW 2001
Phone: 1800 523 523
Email: auprotect@metlife.com
Your complaint will be acknowledged within 24 hours of our receipt or as soon as practicable.
2. We will look into your complaint and get in touch with you to try and resolve it. If your complaint remains unresolved or requires specialist attention, it can be escalated to the Customer Relations Team (CRT) by us, or at your request. The CRT is also contactable at the same details. Your complaint will be reviewed, and we will respond with an outcome within 30 days.
3. If you aren’t satisfied with the outcome or a response is not received within 30 days, you can contact the Australian Financial Complaints Authority (AFCA) and ask that they investigate your complaint on your behalf.

AFCA provides a fair and independent complaint resolution service that is free to consumers. Its purpose is to assist in the resolution of complaints arising out of consumers’ interactions with the financial services industry, including the provision of financial advice and financial products and services.

You can contact AFCA at:

Online: www.afca.org.au

The complaints process for MetLife Protect Super is described on page 89. We assist the Trustee of the Fund in handling complaints associated with insurance cover provided through the Fund in a manner that is consistent with our internal dispute resolution process.

If you don’t provide correct information

If you don’t provide true and correct answers to questions in your application for insurance cover or any variation to your cover, it could result in your claim being rejected or a reduction in your benefit amount. For more information, please refer to the ‘Your duty to take reasonable care not to make a misrepresentation’ section on the next page.

Your duty to take reasonable care not to make a misrepresentation ('Duty to take Reasonable Care')

! Care must be taken to answer all questions we ask as part of your insurance application honestly and accurately.

Otherwise, you may not be able to rely on your insurance when it's needed the most.

When you apply for life insurance, we will ask you a number of questions.

Our questions will be clear and specific. They will be about things such as your health and medical history, occupation, income, lifestyle, pastimes, and other insurance.

The answers given in response to our questions are very important. We use them to decide if we can provide cover to you and, if we can, the terms of the cover and the premium we will charge.

The duty to take reasonable care not to make a misrepresentation

When applying for insurance, there is a duty to take reasonable care not to make a misrepresentation.

A misrepresentation could be made if an answer is given that is false, only partially true, or that does not fairly reflect the truth. This means when answering our questions, you should respond fully, honestly and accurately.

The duty to take reasonable care not to make a misrepresentation applies any time you answer our questions as part of an initial application for insurance, an application to extend or make changes to existing insurance, or an application to reinstate insurance.

You are responsible for all answers given, even if someone assists you with your application.

We may later investigate the answers given in your application, including at the time of a claim.

Consequences of not complying with the duty

If there is a failure to comply with the duty to take reasonable care not to make a misrepresentation, it can have serious consequences for your insurance, such as those explained below:

Potential consequences	Additional explanation	Impact on claims
Your cover being avoided.	This means your cover will be treated as if it never existed.	Any claim that has been made will not be payable.
The amount of your cover being changed.	Your cover level could be reduced.	If a claim has been made, a lower benefit may be payable.
The terms of your cover being changed.	We could, for example, add an exclusion to your cover meaning claims for certain events will not be payable.	If a claim has been made for an event that is now excluded, it will not be payable.

If we believe there has been a breach of the duty to take reasonable care not to make a misrepresentation, we will let you know our reasons and the information we rely on and give you an opportunity to provide an explanation. In determining if there has been a breach of the duty, we will consider all relevant circumstances. The rights we have if there has been a failure to comply with the duty will depend on factors such as what we would have done had a misrepresentation not been made during your application process and whether or not the misrepresentation was fraudulently made.

If we decide to take some action on your cover, we will advise you of our decision and the process to have this reviewed or make a complaint if you disagree with our decision.

Guidance for answering our questions

When answering our questions, please:

- think carefully about each question before you answer. If you are unsure of the meaning of any question, please ask us before you respond.
- answer every question that we ask you.
- do not assume that we will contact your doctor for any medical information.
- answer truthfully, accurately, and completely. If you are unsure about whether you should include information, please include it or check with us.
- review your application carefully. If someone else helped prepare your application (for example, your Financial Adviser), please check every answer (and make corrections if needed) before the application is submitted.

Other important information

If the application is accepted, the Policy will be a 'consumer insurance contract'.

Before your cover starts, we may ask about any changes that mean you would now answer our questions differently. As any changes might require further assessment or investigation, it could save time if you let us know about any changes when they happen.

If, after the cover starts, you think you may not have met your duty, please contact us immediately and we will let you know whether it has any impact on your cover.

■ Support during your time of need

Often at the time a person takes out life insurance, their focus is on protecting what they've worked so hard to achieve, and that can mean a lot more than providing financial protection. The Life Insured's mental and physical wellbeing, their skills and education, the connections they have with friends, loved ones and colleagues – each of these are building blocks in creating the foundation for their success. We understand this at MetLife. That's why we provide more than just financial security when the unexpected occurs. Our approach is designed to support our customers and who they love, to deal with life's challenges when it's needed most.

Holistic support

Our approach aims to understand the Life Insured as a whole person, not just limiting focus to the immediate cause of their situation. We centre on their ability, instead of their disability, by providing access to services including rehabilitation, health services and other third parties that can help get life back on track or at least support the Life Insured in their time of need. Access to these services may be available for TPD Cover and Income Cover customers after considering whether they may be appropriate to the situation and are permitted under relevant laws. Our aim is to support the Life Insured with achieving the best possible health outcome. These services are offered, and may be provided, by MetLife. They are not offered or provided by the Trustee of the Fund.

A holistic approach to claims management

Early support

Support at the first manifestation of symptoms with advice, information and access to services to maintain health, support work and establish management mechanisms.

Care

We offer support, advice and services to you in your time of need.

Skills and retraining

Our approach to occupational rehabilitation includes an assessment of skills, and may involve funding a course of study or retraining.

Connection

There are many services and support groups which we will be able to introduce claimants to for broader support.

Return to health

We focus on your ability and health by providing support and where necessary external rehabilitation services for a return to work.

A proactive approach

We believe that receiving the right treatment, at the right time, is crucial in achieving the best recovery. Evidence shows that the longer people wait before seeking help, the harder it can be to return to health.

That's why, once you have notified us of a claim, we can discuss proactive health strategies and services aimed at supporting the best possible health outcome.

Support services

Once you have notified us of a claim, there are a number of services that may be provided at our discretion, to help you or the Life Insured plan ahead and get the Life Insured back on their feet. Whether it is help with personal challenges or planning support, we may be able to help you find the assistance you need. Our service offering includes access to the following, at no additional cost to you:

Early intervention

NON-SUPER

If the Life Insured is struggling with mental health concerns such as depression or anxiety, we may be able to connect them with our partners who offer a functional approach to mental health and can help them on the road to recovery.

Where mutually agreed, we will arrange for the costs of a program to support the Life Insured's recovery to be paid directly to our partners, up to a total maximum of \$5,000 across all MetLife Policies, for each Life Insured.

The Life Insured should first speak with their doctor about their situation and consider the support which is appropriate for them.

Grief counselling

NON-SUPER

We may provide short term support services to assist the Life Insured cope with loss.

If the Life Insured is Diagnosed with a Terminal Illness, we can facilitate the Life Insured attending up to 10 grief counselling sessions. The sessions will be arranged by MetLife with an accredited counsellor of the National Association for Loss and Grief (NALAG). The maximum amount we will pay for grief counselling is \$1,500 across all Policies for the Life Insured, and payment will be made directly to the provider. Counselling is facilitated at our discretion.

Financial advice after claim

NON-SUPER

If we pay you or your Nominated Beneficiary a benefit under Life Cover, TPD Cover and/or Trauma Cover on a Policy outside superannuation, we will pay up to \$5,000 to help cover the fees associated with the preparation of a financial plan, by a Financial Adviser for you or a Nominated Beneficiary (in the event of the Life Insured's death). Payment will be made directly to the provider.

This service remains available for up to 12 months after a claim payment. A detailed invoice must be provided containing the services provided and the costs.

This is available only once for any one Life Insured across all MetLife Protect Policies and is not available for a Policy inside superannuation.

If you need to contact us to make a claim

Your Policy Terms set out your eligibility to claim.

If you are unsure whether you can claim, please speak to your Financial Adviser. Alternatively, let us know and we will see if there is a way your Policy can help you. We aim to provide simplicity, clarity and support when providing our services.

Wherever possible, we will help the Life Insured with any rehabilitation or counselling which may help their recovery. The earlier you contact us, the better we can help you.

If your Beneficiaries or legal representative needs to make a claim under your Policy, contact us as soon as possible by:

We will talk you through the claims process and work with you to collect the relevant information we need to assess your claim.

■ Available cover types

Because people have different goals and objectives, we offer you the choice to build your insurance by making cover selections as described on the next page.

MetLife Protect and MetLife Protect Super lets you build on the four Standard Cover types with a range of Extra Cost Options and Extras Covers. These Extra Cost Options and Extras Covers provide enhanced benefits at an additional cost to you.

Choose your Standard Covers from the top row to support your financial and lifestyle goals. For Life Cover, TPD Cover and/or Income Cover you can decide to structure these Standard Covers inside or outside of superannuation (see page 23). You can then consider if any of the available Extra Cost Options and/or Extras Covers are right for your situation.

Standard Cover shaded in blue can be provided as non-superannuation or superannuation Policies.
Standard Cover shaded in green is not available inside superannuation and must be provided as a non-superannuation Policy, but can be attached as Super Linked Cover to superannuation.
Extras Covers are not available inside superannuation.

■ Applying for cover

General eligibility

To be eligible for insurance cover through MetLife Protect or MetLife Protect Super you and the Life Insured must be an Australian Resident, that is an Australian or New Zealand citizen, or an Australian permanent resident and in each instance have a residential address in Australia. You and the Life Insured must have received this PDS and be applying for cover while in Australia. Acceptance of the application is at our discretion. To apply for insurance cover through MetLife Protect Super, you (the Life Insured) must also provide your tax file number - please refer to page 86-87.

Entry age and cover expiry age

Insurance cover is only available if the Life Insured meets entry age criteria. Insurance cover ceases once the Life Insured reaches the expiry age. The Life Insured's entry age and expiry age criteria are shown in the table below.

Table 1: Cover entry and expiry ages for Standard and Extras Cover

Cover type	Premium type	Standard cover		Extras cover ¹
		Entry age	Expiry age	Entry age

What do we mean by an Occupation Class?

When you apply for cover we will assign the Life Insured with an Occupation Class, which is a category based upon the Life Insured's current occupation. If you have TPD Cover and/or Income Cover, the Life Insured's Occupation Class will be shown on your Policy Schedule or any other Important Documents.

The Occupation Class may determine the types of cover the Life Insured is eligible for (detailed in Table 3 below), and may also impact the premium you pay or the Benefit Period applicable to Income Cover.

Table 3 outlines the different Occupation Classes that may be assigned. Please contact us if you need more information on Occupation Classes and how the Life Insured might be classified.

Table 3: Occupation Classes described

Occupation Class	Summary	Description
P	Professionals	Degree-qualified white collar professionals and high income earning senior business executives.
G	Gold	Qualified professionals within the medical and legal profession.
W	White	Clerical and managerial occupations.
L	Light Blue	A broad range of occupations with low physical activity.
B	Blue	Qualified trades with a minimum two years' experience, not working at heights above 10 metres.
D	Dark Blue	A broad range of blue collar occupations, including trades without full qualifications.
R	Red	Other occupations including high risk occupations that are eligible for cover subject to benefit limitations.
O	Orange	Occupations not eligible for Income Cover.

Minimum and maximum cover amounts

Table 4 below lists the minimum and maximum cover amounts available at application depending on the Occupation Class, where the Life Insured's occupation is relevant to determine eligibility for insurance cover.

Once a Policy is in force, cover may exceed the maximums stated below, due to Indexation.

Table 4: Minimum and Maximum Cover¹ Amounts

	Occupation Class								
	P	W	G	L	B	D	R	O	
Income Cover ⁴	Minimum Monthly Cover Amount \$1,500 (excluding superannuation) Maximum Monthly Cover Amount the lower of \$30,000 (excluding superannuation) and: <ul style="list-style-type: none"> 70% of the first \$20,000 of the Life Insured's Monthly Income; plus 50% of the next \$20,000 of the Life Insured's Monthly Income; plus 20% of the next \$30,000 of the Life Insured's Monthly Income.¹ 						Minimum Monthly Cover Amount \$1,500 (excluding superannuation) Maximum Monthly Cover Amount the lower of \$5,000 (excluding superannuation) and 70% of the Life Insured's Monthly Income.		Not eligible for Income Cover
Life Cover	Minimum cover amount \$50,000 No maximum for Life Cover ¹								
TPD Cover ³	Minimum cover amount \$50,000 Maximum cover amount \$5,000,000 ^{1,2}								
Trauma Cover	Minimum cover amount \$30,000 Maximum cover amount \$2,000,000 ^{1,2}								

1. We may limit the maximum cover amount for each cover further according to financial need and the total insurance cover the Life Insured holds.

2. If applying for TPD Cover or Trauma Cover after the Life Insured's 60th birthday, the maximum cover amount is \$1,000,000.

3. Minimum 20 hours worked per week is required to be eligible for the TPD Cover - Any Occupation Benefit, TPD Cover - Limited Earnings Benefit offered under Standard TPD Cover and/or any TPD Extra Cost Options.

4. Additional limitations apply to Income Cover:

- Benefit Period selections are restricted for some Occupation Classes. Table 5 shows more detail around Benefit Period selection criteria.
- Minimum 15 hours worked per week is required when applying for Income Cover.

Table 5 below lists the Benefit Periods available for Income Cover depending on the Occupation Class.

When your Policy ends

Your Policy will end on the earliest of:

- the date you cancel all covers or the Policy;
- the date we cancel the Policy because you have not paid the premiums when due;
- the date that Linked Cover, Extra Cost Option or Extras Cover has ended or been cancelled, if the covers under the Policy are unable to exist separately to those on the Linked Policy (for example, if a Policy with Standard Cover ends, any associated Extras Cover or Extra Cost Options on a separate Policy must also end);
- the date all covers under the Policy end for any reason, including reaching expiry age, benefit payment or cancellation;
- the Policy Expiry Date shown on the Policy Schedule or any other Important Documents (if applicable);
- the date of the Life Insured's death; or
- the date we cancel and/or avoid cover in accordance with our legal rights (such as rights we have under the Life Insurance Act 1995 (Cth) or the Insurance Contracts Act 1984 (Cth)).

If your insurance is provided through MetLife Protect Super, your Policy will also end when:

- superannuation law requires us to cease your cover unless you have otherwise elected in writing to maintain your cover;
- you cease to be a member of the Fund; or
- you are no longer eligible to make personal contributions to the Fund as prescribed under superannuation law (unless you are able to meet your premium payments from rollovers from another superannuation fund). In this case, we may accept an application from you, without underwriting, for your cover to continue on the same terms under a non-superannuation Policy.

For MetLife Protect Super, if you are unable to provide a valid TFN for the relevant Life Insured we will treat the cover and any Policy in relation to that Life Insured as never having commenced. This means there will be no cover available for the relevant Life Insured.

Superannuation and non-superannuation policies

MetLife Protect and MetLife Protect Super provide you with the flexibility to structure your insurance cover inside and outside superannuation.

Insurance inside superannuation

Insurance policies within a superannuation fund are owned by the trustee of the superannuation fund. Rollovers (where applicable) and your contributions to the superannuation fund are used to pay your insurance premiums.

All insured benefits that are paid, will be paid to the trustee.

The release of these benefits by the trustee will be subject to the fund's trust deed and eligibility criteria to release the benefits under the relevant superannuation laws.

There may be tax advantages for taking out your insurance cover through a superannuation fund.

Not all cover types are allowed to be held inside superannuation under superannuation law – see 'Structuring your cover inside and outside superannuation' on page 24.

You can still have any other cover you need with a Policy that is held outside superannuation, which you will need to pay for directly.

MetLife Protect Super

You become a member of the Smart Future Trust, through the insurance-only division known as the MetLife Australia Superannuation Fund.

This enables you to structure your insurance inside superannuation with a MetLife Protect Super Policy. The owner of your Policy will be the Trustee of the Fund, Equity Trustees Superannuation Limited.

Refer to pages 84-90 for details.

Self-Managed Superannuation Fund (SMSF)

You are a member of a SMSF and your MetLife Protect Policy is issued to the trustee(s) of your SMSF.

Insurance outside superannuation

Any Policy that is not owned by the trustee of a superannuation fund is referred to as 'non-superannuation'. All cover types are available to be held under a non-superannuation Policy.

A non-superannuation Policy may be self-owned, jointly owned, owned by another individual or by a corporate entity.

You can nominate up to five individual Policy Owners on a jointly owned, non-superannuation Policy. Please note, that joint ownership is not available for policies with Income Cover.

The tax treatment of a Policy may vary depending on whether the Policy is self-owned or if it is owned by a corporate entity or another individual/s.

Benefits will be paid to the Policy Owner/s (or to the Nominated Beneficiaries).

Self-owned

Self-ownership means the Life Insured is the Policy Owner.

Not self-owned

Not self-owned means the Policy is:

- owned by an individual who is not the Life Insured;
- jointly owned by up to five individuals (not available for Income Cover); or
- owned by a corporate entity.

■ Structuring your cover inside and outside superannuation

Structuring your cover

MetLife Protect and MetLife Protect Super offers multiple ways on how you can structure your cover/s across one or multiple Policies both inside and/or outside superannuation. There are three ways that you can structure your cover/s:

1. **Standalone Cover** (explained on this page and defined on page 137);
2. **Linked Cover** (explained below on pages 24 to 27 and defined on page 134); and
3. **Super Linked Cover** (explained on pages 29 to 31 and defined on page 137).

1. Standalone Cover

Standalone Cover does not require any other covers to be held on the Life Insured. It is not Linked to any other cover inside or outside superannuation and allows benefits to be paid without reducing the benefit amount for any other cover that you may hold.

You can hold Standalone Life Cover, TPD Cover and Income Cover both inside and outside superannuation, however, due to superannuation law, Trauma Cover cannot be held inside superannuation.

Example:

Paul has a Policy with \$500,000 Life Cover linked to \$500,000 of TPD Cover. He also has a Standalone Trauma Cover of \$500,000. Paul has a TPD claim, which when paid out, reduces his Life Cover and TPD Cover Amounts to zero. As Paul also has a Standalone Trauma Cover, the Trauma Cover benefit amount remains unaffected by the TPD claim and does not reduce. In effect, Paul still has his Standalone Trauma Cover in place after the TPD Cover and Life Cover benefit amount reduces to zero.

2. Linked Cover

Linking is an important consideration in setting up cover in your Policy/Policies. You can choose to Link your TPD Cover and/or Trauma Cover with your Life Cover.

Linked Cover can save you money on premiums, while still enabling you to protect a broad range of insured events.

Note, that references to Linking in this section do not apply to Extra Cost Options or Extras Covers and their associated Standard Covers, or Super Link structure explained on page 29.

Why choose Linked Cover?

Linking TPD and/or Trauma Cover to Life Cover:

Linking TPD and/or Trauma Cover to Life Cover can be more cost-effective than Standalone Cover, but has limitations after a claim, as described later in this section.

Your Financial Adviser can help illustrate the differences between Linked Cover and Standalone Cover for you. Under Linking arrangements, claiming under one Linked Cover cancels or reduces any other Linked Cover Amount. For example, a TPD Cover benefit payment would reduce any Life Cover Amount it was Linked to, by the benefit amount paid.

At MetLife we recognise that once the Life Insured has suffered an Illness or Injury and received a TPD or Trauma Cover benefit payment, the Life Cover you hold becomes even more valuable. Our product design gives you the option to continue Life Cover following a TPD or Trauma Cover benefit payment, where you have purchased the Life Cover Buy Back Option (TPD), Life Cover Buy Back Option (Trauma), Double Benefit Option (TPD) or Double Benefit Option (Trauma), without a reduction in the Life Cover Amount. Instead, the Life Cover continues with an Accidental Injury Cover definition until the full Life Cover is restored, as described later in this section.

How Linked Cover works

Linking TPD and/or Trauma Cover to Life Cover:

Linking is a relationship between Life Cover and TPD and/or Trauma Cover. In order to Link cover you must first hold Life Cover.

If you choose to Link your cover, you can select to Link TPD Cover or Trauma Cover (or both) to your Life Cover.

Example 1:

Consider a Policy with \$1,000,000 Life Cover, \$600,000 TPD Cover and \$400,000 Trauma Cover.

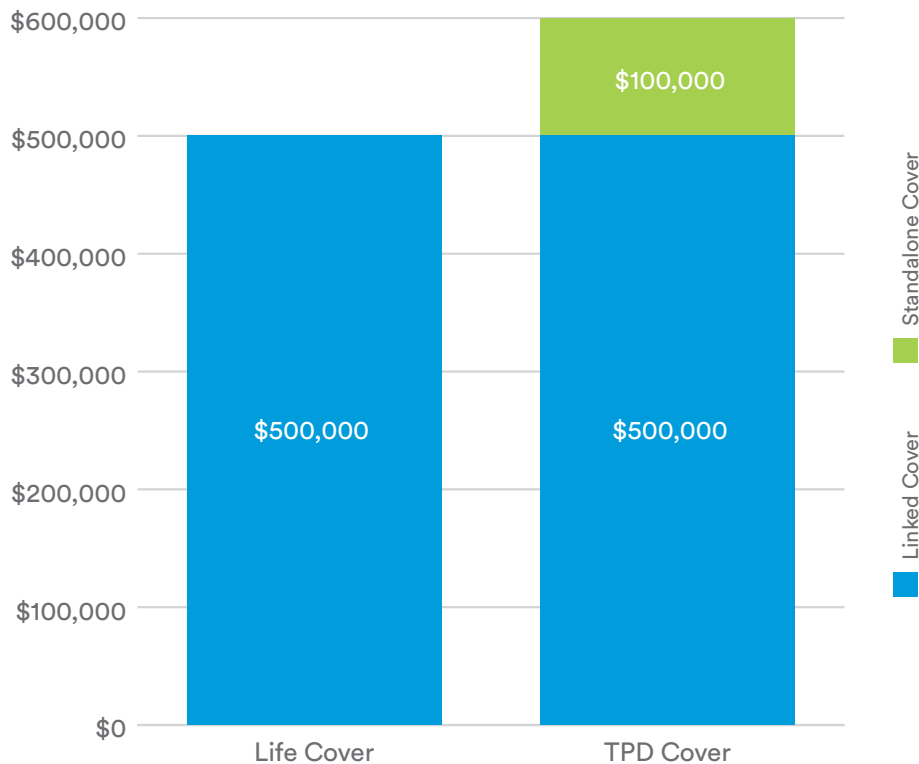

If you choose to Link the TPD Cover and Trauma Cover to your Life Cover, the full TPD Cover Amount of \$600,000 will be Linked to the Life Cover, along with the full Trauma Cover Amount of \$400,000.

If you choose to Link TPD Cover and/or Trauma Cover to your Life Cover and either the TPD Cover and/or Trauma Cover Amounts are greater than your Life Cover Amount, the portion of TPD Cover and/or Trauma Cover Amounts which exceed your Life Cover Amount (or any cover you choose to not Link) will be issued on a Standalone basis.

Example 2:

Consider a Policy with \$500,000 Life Cover and \$600,000 TPD Cover.

If you choose to Link the TPD Cover to your Life Cover, a maximum TPD Cover Amount of \$500,000 will be Linked to your Life Cover and the remaining \$100,000 will be Standalone Cover.

While your Linked Covers do not need to have the same Cover Amounts, the Linked portion of your TPD Cover and/or Trauma Cover cannot exceed the Life Cover Amount.

Cover limitations after a claim

Life Cover benefit payment (impact on Linked Cover)

If the Life Insured dies your Life Cover ends. Your entire Policy (including any Linked TPD Cover and/or Linked Trauma Cover) will also end. Note, if the Life Insured is Diagnosed with a Terminal Illness and the total Life Cover Amount is paid, any Standalone TPD Cover and/or Standalone Trauma Cover will continue.

TPD Cover benefit payment (impact on Linked Cover)

If a benefit is paid under TPD Cover (partially or in full), your TPD Cover will either be reduced or it will end. Your corresponding Life Cover and/or Linked Trauma Cover Amounts will also be reduced by an amount equal to the TPD Cover benefit paid.

If you have the Life Cover Buy Back Option (TPD) or Double Benefit Option (TPD), your corresponding Linked Life Cover Amount will not be reduced. Instead, an Accidental Injury Cover definition will apply to the amount of Life Cover (including any associated Extra Cost Options and/or Extras Cover) that corresponds with the amount of TPD Cover that was paid. The Accidental Injury Cover definition (on page 131) will cease to apply 14 days following the TPD Cover benefit payment. For more information on the Accidental Injury Cover definition, see “**What is Accidental Injury Cover?**” on page 28.

Trauma Cover benefit payment (impact on Linked Cover)

If a Tier 1, Tier 2 or Tier 3 Benefit is paid under Trauma Cover and you do not have the Trauma Cover Reinstatement Option, your Trauma Cover will either be reduced or it will end. Your corresponding Life Cover and/or Linked TPD Cover will also be reduced by an amount equal to the Trauma Cover benefit paid.

If you have the Life Cover Buy Back Option (Trauma) or Double Benefit Option (Trauma), your corresponding Linked Life Cover Amount will not be reduced. Instead, an Accidental Injury Cover definition (on page 132) will apply to the amount of Life Cover (including any associated Extra Cost Options and/or Extras Cover) that corresponds with the amount of Trauma Cover that was paid. The Accidental Injury Cover definition (on page 28) will cease to apply for the Life Cover Buy Back Option (Trauma) 12 months following the Trauma Cover benefit payment and for the Double Benefit Option (Trauma) 14 days following the full Trauma Cover benefit payment.

For more information regarding how long Accidental Injury Cover will apply for, see “Duration of the Accidental Injury Cover definition” on page 28.

Order of claims assessment (Linked and Standalone Covers)

If your TPD Cover is made up of both Linked and Standalone Cover and a benefit is payable, any partial reduction to your TPD Cover Amount (as a result of a benefit payment) will be made from your Standalone TPD Cover first. It is only where a payment also decreases your Linked TPD Cover that there is an impact on any corresponding Life Cover and/or Linked Trauma Cover.

If your Trauma Cover is made up of both Linked and Standalone Cover and a benefit becomes payable, then any benefit payment will be made under your Standalone Cover first. It is only where a benefit payment also occurs from your Linked Trauma Cover that there will be any impact on any corresponding Life Cover and/or Linked TPD Cover.

Example 1 – a partial TPD Cover benefit payment

Consider a Policy with \$500,000 Life Cover and \$500,000 Linked TPD Cover where the Life Cover Buy Back Option (TPD) applies.

If a partial benefit payment of \$125,000 is made under Linked TPD Cover, the TPD Cover Amount will reduce to \$375,000. The Life Cover Amount remains at \$500,000; however, \$125,000 of this (an amount matching the TPD Cover benefit payment) will be restricted to Accidental Injuries only.

For information regarding the Accidental Injury Cover and how long the limitation will apply for, see “Duration of the Accidental Injury Cover definition” on page 28.

Example 2 – a full TPD Cover benefit payment

Consider a Policy with \$500,000 Life Cover and \$500,000 Linked TPD Cover where the Life Cover Buy Back Option (TPD) applies.

If a full benefit payment of \$500,000 is made under Linked TPD Cover, the TPD Cover subsequently ends. The Life Cover Amount remains at \$500,000, however, for the first 14 days the Life Cover benefit payments under Life Cover will be restricted to Accidental Injuries only.

For information regarding the Accidental Injury Cover and how long the limitation will apply for, see “**Duration of the Accidental Injury Cover definition**” later in this section on page 28.

What is Accidental Injury Cover?

Accidental Injury Cover:

Means an amendment to Standard Cover, Extra Cost Options and/or Extras Cover (as specified), whereby benefits will only be payable if a claim arises as a result of suffering a new Accidental Injury (i.e. one which occurs once the Accidental Injury Cover amendment has commenced applying).

Accidental Injury:

Means a bodily Injury sustained during the period of the Policy, solely and directly as a result of external, violent and visible means, arising from an event that is unintended and unexpected.

Suicide, self-inflicted Injury (whether intended or not), Injury arising from Illness, and Injury arising as a direct or indirect result of the Life Insured's criminal activity are excluded.

Accidental Injury Cover will apply as described below where you have purchased the:

- Life Cover Buy Back Option (TPD);
- Life Cover Buy Back Option (Trauma);
- Double Benefit Option (TPD);
- Double Benefit Option (Trauma); and/or
- Trauma Cover Reinstatement Option.

Exceptions

In the event of a Linked TPD Cover benefit payment where the Life Cover Buy Back Option (TPD) or Double Benefit Option (TPD) applies.

The Accidental Injury Cover definition (following a Linked TPD Cover benefit payment) does not apply to any benefits payable under:

- Family Extras (available with Trauma Cover); and
- the Specified Events Option (available with Life Cover).

In the event of a Linked Trauma Cover benefit payment where the Life Cover Buy Back Option (Trauma) or Double Benefit Option (Trauma) applies.

The Accidental Injury Cover definition (following a Linked Trauma Cover benefit payment) does not apply to any benefits payable under the Specified Events Option (available with Life Cover).

More information on the Accidental Injury Cover definition

Premiums

Your premiums will continue to be payable as your cover continues following a Linked TPD and/or Linked Trauma benefit payment. In addition, your premiums will not be impacted or adjusted as a result of the Accidental Injury Cover definition applying.

Duration of the Accidental Injury Cover definition

Life Cover

The Accidental Injury Cover definition placed upon Life Cover (and any associated Extra Cost Options and/or Extras Cover) following a Linked TPD or Trauma Cover benefit payment will be applicable as follows:

- The limitation applies for 14 days after a Linked TPD Cover benefit payment, provided the Policy for TPD Cover includes the Life Cover Buy Back Option (TPD) or Double Benefit Option (TPD).
- The limitation applies for 12 months following a Linked Trauma Cover claim payment provided the Policy for Trauma Cover includes the Life Cover Buy Back Option (Trauma). The limitation applies for 14 days following a full Linked Trauma Cover benefit payment, provided the Policy for Trauma Cover includes the Double Benefit Option (Trauma).

Trauma Cover

The Accidental Injury Cover definition placed upon Trauma Cover (and any associated Extra Cost Options and/or Extras Cover) following a Trauma Cover benefit payment will be applicable as follows:

- The limitation applies for 12 months following a Trauma Cover benefit payment if the Trauma Cover Reinstatement Option is purchased along with Standard Trauma Cover and applies to the Trauma Cover Amount equal to the Trauma Cover benefit paid. Please refer to Trauma Cover on page 50 for full details on how the Accidental Injury Cover definition applies to Trauma Cover following a Trauma claim.

Super Linked Covers

Superannuation law limits the insurance types that you can hold inside superannuation, and the circumstances under which an insurance benefit may be paid to you as the superannuation fund member.

Life Cover, TPD Cover or Income Cover can be purchased inside superannuation. Standard Trauma Cover is not available inside superannuation but may be obtained separately as Standalone or Linked Cover on a Policy held outside superannuation. Extras Covers are not available inside superannuation but may be obtained as attached or associated benefits to Standard Cover held inside or outside superannuation.

Structuring your cover inside and outside superannuation

Table 8: Cover type and ownership structure inside and outside superannuation

Cover type	Ownership structure
Linked TPD Cover	If you have your Life Cover inside superannuation, you can choose to have your Linked TPD Cover inside or outside superannuation. If you hold this cover outside superannuation it must be a self-owned Policy outside superannuation. Your Life Cover will be owned by the trustee of the relevant superannuation fund your Life Cover is held through.
Linked Trauma Cover	If you have your Life Cover inside superannuation, you can only choose to have Linked Trauma Cover outside superannuation. Any Linked Trauma Cover must be held in a self-owned Policy outside superannuation. Your Life Cover will be owned by the trustee of the relevant superannuation fund your Life Cover is held through.
Linked Income Cover	If you have your Income Cover inside superannuation, you can only choose to have Extras Cover outside superannuation. Your Standard Income Cover will be owned by the trustee of the relevant superannuation fund your Income Cover is held through. Any cover held outside superannuation must be a self-owned Policy.
Extra Cost Options	<p>If you have Life Cover, TPD Cover and/or Income Cover inside superannuation, some corresponding Extra Cost Options permitted by superannuation law can be available in a Policy held inside superannuation. For the Extra Cost Options not available inside superannuation, they may be separately held in an associated, self-owned Policy outside superannuation. This ensures you have freedom to choose the Extra Cost Options you need, even when you choose to set up your Standard Cover inside superannuation.</p> <p>Some of the Extra Cost Options that are only available outside superannuation due to superannuation law are:</p> <ul style="list-style-type: none"> • Own Occupation Option; • Own Business Option; • Specified Events Option; • Double Benefit Option (Trauma); • Life Cover Purchase Option (Standalone Trauma); • Trauma Cover Reinstatement Option; • Life Cover Buy Back Option (Trauma); and • Premium Waiver Disability Option (Trauma Cover). <p>Where Life Cover and/or TPD Cover is held inside superannuation and corresponding Extra Cost Options have been taken out under a non-superannuation Policy, if entitlement to a benefit exists under both Policies, we will first assess your eligibility to claim under the cover provided inside superannuation before considering your eligibility to claim under the Extra Cost Options outside superannuation.</p> <p>The Extra Cost Options that are available both inside and outside superannuation are:</p> <ul style="list-style-type: none"> • Life Cover Buy Back Option (TPD); • Life Cover Purchase Option (Standalone TPD); • Double Benefit Option (TPD); • Premium Waiver Disability Option (Life Cover and TPD Cover); • Claim Indexation Option; and • Superannuation Contribution Option.

Table 8 (continued): Cover type and ownership structure inside and outside superannuation

Cover type	Ownership structure
Extras Cover	<p>If you have Life Cover, TPD Cover and/or Income Cover inside superannuation, any corresponding Extras Cover will still be available, however, it must be separately held in an associated, self-owned Policy outside superannuation. This ensures you have freedom to choose the Extras Cover you need, even when you choose to set up your Standard Cover inside superannuation.</p> <p>Under this arrangement, where Life Cover, TPD Cover and/or Income Cover is inside superannuation and corresponding Extras Cover has been taken out under a non-superannuation Policy, if entitlement to a benefit exists under both Policies, we will first assess your eligibility to claim under the cover provided inside superannuation before considering your eligibility to claim under the Extras Cover outside superannuation.</p>

How Super Linked Cover works

If you wish to hold your cover inside superannuation (whether the MetLife Australia Superannuation Fund or your SMSF) and still benefit from additional features and benefits that are restricted by superannuation law, Super Linked Cover is your solution. This structure allows you to split your cover across two Policies held inside and outside superannuation.

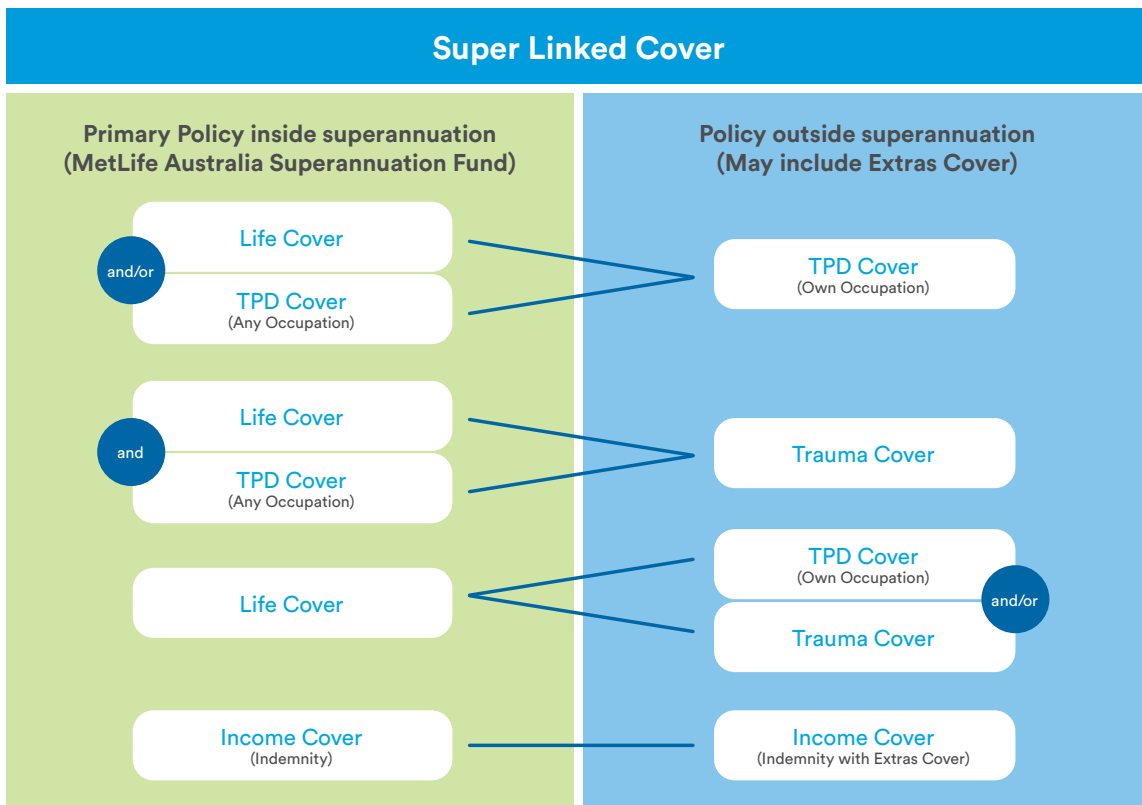

Super Linked Cover provides access to additional benefits only available outside superannuation, while still funding your primary cover from superannuation. If your primary cover is inside superannuation and you purchase any of the Extras Covers, the Extras Covers will be held in a Policy outside superannuation.

The total premium that you pay for Policies held inside and outside superannuation is the same that you would pay for a Policy wholly held outside superannuation.

The total benefits that you will be paid under both Policies may be the same as the total benefits that would have been paid under a Policy wholly held outside superannuation.

Policy Ownership

There will be two different Policy Owners on the two Policies. Your Policy inside superannuation will be owned by the Trustee of the relevant superannuation fund and the Policy outside superannuation will be owned by the Life Insured.

Super Linked Life Cover and/or TPD Cover to Trauma Cover

If you have Life Cover inside superannuation and want to structure your TPD Cover and/or Trauma Cover outside superannuation, under the Super Linked structure, your covers will be split across two Policies. Your Standard Life Cover will be held in a Policy inside superannuation and will be Super Linked to a TPD Cover and/or Trauma Cover held in a Policy outside superannuation for the additional benefits and features. Certain benefits and features are restricted under superannuation law, and they will always be structured outside superannuation.

With Super Linking, the total benefit amount paid under both Policies inside and outside superannuation may be the same as the total benefit amount that would have been paid under a Policy with the same covers structured wholly outside superannuation.

Super Linked Income Cover:

If you have Income Cover inside superannuation and want Disability Extras under the Super Linked structure, your Income Cover will be split across two Policies. Your Standard Income Cover will be held in a Policy inside superannuation which will be Super Linked for additional benefits and features restricted under superannuation law to another Income Cover Policy outside superannuation.

With Super Linked Income Cover, the total Monthly Benefit paid under both Policies inside and outside superannuation may be the same as the total Monthly Benefit that would have been paid under a Policy with the same covers structured wholly outside superannuation. The benefit payments that you receive under Income Cover are considered as assessable income. For a MetLife Protect Super Policy, before the benefit is paid to you, tax at Pay As You Go (PAYG) withholding rates from each benefit amount paid will be deducted by (or on behalf of) the trustee of the superannuation fund through with the Policy is held.

Life Cover

SUPER

NON-SUPER

Life Cover provides a lump sum benefit that is often used to pay out loans and other liabilities in the event of the Life Insured's death or Terminal Illness. It can also be used to provide for dependants.

The benefits available under Life Cover depend on whether you take out Standard Life Cover only, or if you choose to add Extra Cost Options and/or Extras Cover.

Table 9 below shows the key benefits and amounts payable.

What are the benefits and features of Life Cover?

Standard Life Cover

What else is included?

Nomination of beneficiaries

You may nominate up to five beneficiaries on a non-superannuation Policy to receive the payment if a benefit is payable due to the Life Insured’s death.

Nominations of beneficiaries is also available with MetLife Protect Super (see page 86) in respect of superannuation benefits payable from the Fund. We do not accept beneficiary nominations on Policies issued to SMSF Trustees.

■ Life Cover – Extras Cover

Life Cover – Buy/Sell Extras

Subject to eligibility criteria defined under section, 'Applying for Cover' on page 16, you may choose Buy/Sell Extras which provides additional benefits that may be relevant to your insurance needs.

This is available at an additional cost. Buy/Sell Extras expires when the Life Insured turns 65.

The superannuation law doesn't allow Buy/Sell Extras inside superannuation, but if your Standard Life Cover is inside superannuation, any corresponding Buy/Sell Extras will still be available; however, it must be taken out on a self-owned Policy held outside of superannuation. In this case, MetLife will always first assess your eligibility to claim under the Standard Life Cover inside superannuation before considering your eligibility to claim under Buy/Sell Extras.

■ Life Cover – Extra Cost Options

Subject to eligibility criteria defined under section, 'Applying for Cover' on page 16, you may choose one or all of these Extra Cost Options which provides additional benefits that may be relevant to your insurance needs:

- Specified Events Option; and
- Premium Waiver Disability Option.

These are available at an additional cost and additional eligibility criteria may apply. The Extra Cost Options expire when the Life Insured turns 65.

Exclusions applicable to Life Cover, associated Extras Cover and Extra Cost Options

13-month suicide exclusion

No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's suicide, attempted suicide, or an intentional, self-inflicted Injury within the first 13 months after Cover Commencement (or Reinstatement of cover or when cover is increased but only on the increased portion). The exclusion will be waived for an equivalent amount of cover that is held with us or another insurer, and is being replaced with a MetLife Policy under this PDS (provided the full exclusion period has already been served under the other cover).

For information on all exclusions that apply to your Life Cover and their associated Extra Cost Options and/or Extras Cover, please refer to the Policy Terms at section 6.4.1 on page 118 of the PDS.

The exclusion does not apply with respect to the following benefits:

- Life Cover - Immediate Expenses Benefit; or
- Life Cover - Immediate Business Expenses Benefit (available under Buy/Sell Extras).

Accidental Injury Cover definition (for Life Cover increased under the Life Events Increases Feature)

If you increase your Life Cover and any associated Linked TPD Cover as a result of exercising the Life Events Increases Feature, then for the first six months following the increase we will only pay benefits under that increased Cover Amount for claims arising as a direct result of Accidental Injury. After six months has passed, the Accidental Injury restriction is removed.

Benefit payments under Linked Cover

If you have Linked TPD or Trauma Cover to your Life Cover and a TPD or Trauma Cover benefit is paid, your Life Cover and any associated Buy/Sell Extras will be subject to the following:

1. Accidental Injury Cover definition following a Linked TPD Cover benefit payment with the Life Cover Buy Back Option (TPD) or Double Benefit Option (TPD)

An Accidental Injury Cover definition will apply to Life Cover and Buy/Sell Extras, following a Linked TPD Cover benefit payment. This means that claims will only be payable for events that arise as a direct result of an Accidental Injury. The portion of Life Cover subjected to this limitation will directly correspond with the Linked TPD Cover benefit paid.

The Accidental Injury Cover definition remains in place for 14 days following a benefit payment provided the Policy includes the Life Cover Buy Back Option (TPD) or Double Benefit Option (TPD).

2. Accidental Injury Cover definition following a Linked Trauma Cover benefit payment with the Life Cover Buy Back Option (Trauma) or Double Benefit Option (Trauma)

An Accidental Injury Cover definition will apply to Life Cover and Buy/Sell Extras, following a Linked Trauma Cover benefit payment. This means that claims will only be payable for events that arise as a direct result of an Accidental Injury. The portion of Life Cover subjected to this limitation will directly correspond with the Linked Trauma Cover benefit paid.

The Accidental Injury Cover definition remains in place for 12 months following a benefit payment provided the Policy includes the Life Cover Buy Back Option (Trauma).

The Accidental Injury Cover definition remains in place for 14 days following a benefit payment provided the Policy includes the Double Benefit Option (Trauma).

Please refer to the Policy Terms at section 6.4.1 on page 118 for full details of Policy Exclusions applicable to Life Cover, associated Extra Cost Options and/or Extras Cover.

Maximum Expiry Age

Life Cover expires when the Life Insured turns 130 for Policies held outside superannuation. Life Cover in MetLife Protect Super and Life Cover held in an SMSF will expire when the Life Insured turns 75 if you are paying premiums via personal contribution (unless premiums are being paid via rollover).

However, there may be other options available to you to continue cover - talk to your Financial Adviser.

Specified Events Option

NON-SUPER

■ Extra Cost Option

Available with Life Cover.

Non-superannuation policies only: The Specified Events Option is available for customers who might require extra protection to assist with unexpected expenses in case of the Life Insured's Accidental Injury. The Specified Events Option is available to Life Insureds who are employees, business owners, sole traders or non-working individuals in either Occupation Class P, W, G, L, B, D or O and is not available to Occupation Class R.

What are the benefits and features of the Specified Events Option?

The Specified Events Option is available with Standard Life Cover at an additional cost. Table 10 below highlights the benefits and features of the Specified Events Option.

Table 10: Specified Events Option benefits and features

1. These benefits are payable in addition to any other benefit payment (as a result of death) under Life Cover (Standard Cover, Extra Cost Options or Extras Cover).

Additional Exclusions

In addition to the exclusions that apply to Life Cover, the following exclusions also apply to the Specified Events Option.

Survival period

We will not pay any benefits under the Specified Events Option if the Life Insured does not survive for at least 14 days after the date they first meet the definition of the relevant Specified Event.

Specified Events Option (Osteoporosis)

If the Life Insured has been Diagnosed with Osteoporosis (either before Cover Commencement or afterwards), then following Diagnosis, the maximum number of Specified Events benefit payments that can be made for any listed Fracture over the life of the Policy is two. This includes any benefit payments that immediately preceded or led to the Diagnosis of Osteoporosis.

Specified Events Option (Self-inflicted Injury exclusion)

We won't pay any benefits if the Specified Event occurs as a direct or indirect result of the Life Insured's attempted suicide or an intentional, self-inflicted Injury.

Specified Events Option (Illness exclusion)

We won't pay any benefits if the Specified Event occurs as a direct

or indirect result of the Life Insured's Illness. This means that claims will only be payable for events that arise as a direct result of an Accidental Injury.

Specified Events Option (Multiple Dislocation claims)

A benefit for Dislocations of the same body part will only be paid once under the Specified Events Option over the life of the Policy. Example: If the Life Insured has Dislocated their right shoulder and a payment is made, we won't pay any subsequent claims for a right shoulder Dislocation.

Specified Events Option (Multiple claims originating from the same incident)

If there are multiple Specified Events occurring as a result of a single incident, we will pay for the Specified Event that renders the highest payment. You may claim on the same Specified Event provided they are triggered by different incidents.

Please refer to the Policy Terms at section 6.4.1 on page 118 for full details of Policy Exclusions applicable to Life Cover and associated Extra Cost Options and/or Extras Cover.

Maximum Expiry Age

The Specified Events Option expires when the Life Insured turns 65.

■ TPD Cover – Extra Cost Options

Subject to eligibility criteria, you may choose Extra Cost Options, which provide additional benefits that may be relevant to your insurance needs:

- Life Cover Purchase Option (Standalone TPD);
- Life Cover Buy Back Option (TPD);
- Double Benefit Option (TPD);
- Own Occupation Option;
- Own Business Option; and
- Premium Waiver Disability Option.

These are available at an additional cost. For eligibility criteria on the Extra Cost Options, please refer to the 'Eligibility for Extra Cost Options' section on page 20.

The superannuation law doesn't allow the Own Occupation Option and Own Business Option inside superannuation, but if your Standard TPD Cover is inside superannuation, the Own Occupation Option and Own Business Option will still be available, however, they must be held on a self-owned Policy outside superannuation. In this case, we will always first assess your eligibility to claim under the Standard Cover inside superannuation before considering your eligibility to claim under the Own Occupation Option or Own Business Option.

Exclusions applicable to TPD Cover and associated Extra Cost Options

Suicide exclusion on the Death Benefit

The Death Benefit under TPD Cover will not be payable if the claim arises as a direct or indirect result of the Life Insured's suicide, attempted suicide or an intentional, self-inflicted Injury within the first 13 months of the Cover Commencement or Reinstatement of cover.

The exclusion will be waived for an equivalent amount of cover that is held with us or another insurer and being replaced with a MetLife Policy under this PDS (provided the full exclusion period has already been served under the other cover).

Self-inflicted Injury exclusion

No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's attempted suicide or an intentional self-inflicted Injury. This exclusion does not apply to the Death Benefit which is instead subject to the suicide exclusion detailed above.

Accidental Injury Cover definition (for TPD Cover increased under the Life Events Increases Feature)

If you increase your TPD Cover as a result of exercising the Life Events Increases Feature, then for the first six months following the increase we will only pay benefits under that increased TPD Cover Amount for claims arising as a direct result of Accidental Injury. After six months has elapsed, the Accidental Injury restriction will be removed.

Please refer to the Policy Terms at section 6.4.2 on page 119 for full details of Policy Exclusions applicable to TPD Cover and associated Extra Cost Options.

Maximum Expiry Age

TPD Cover expires when the Life Insured turns 75.

■ Trauma Cover

NON-SUPER

Trauma Cover provides you with financial assistance if the Life Insured is Diagnosed with a medical condition that meets the criteria of one of our Trauma Conditions. It can help with expenses that arise from seeking out the most relevant medical treatment possible, paying off debts or offsetting lost earnings potential while the Life Insured is on the road to recovery.

We have used a tiered-based design that gives you access to multiple benefit payments. Our Trauma Cover Reinstatement Option ensures continuous cover after multiple benefit payments which may be possible after your first full Trauma Cover claim. This means we don't apply the traditional reduction in your Trauma Cover Amount following a Trauma Cover benefit payment. This applies irrespective of whether the Trauma Cover is taken as Linked Cover or as Standalone Cover.

What are the benefits and features of Trauma Cover?

The benefits available under Trauma Cover depend on whether you take out Standard Cover only or choose to add Extra Cost Options and/or Extras Cover. Trauma Cover (and any associated Extra Cost Option and/or Extras Cover) is not available inside superannuation. The table below highlights the benefits and features of Trauma Cover.

Within each Trauma Category, each Trauma Condition has been further classified as providing a Tier 1 Benefit, Tier 2 Benefit or Tier 3 Benefit. The tiering classification is an indicator of the severity and dictates what percentage of your Trauma Cover Amount is payable if you suffer that particular Trauma Condition (i.e. 100% for the most severe, 50% for those that may be deemed less severe, and so on). The Standard Trauma Cover benefit Table on pages 52 - 53 outlines the five Trauma Categories, the Trauma Conditions covered and payment percentages on the basis of the tiers. Your Standard Trauma Cover Amount will be adjusted when we pay you a Tier 2 Benefit or Tier 3 Benefit and will reduce to zero when you have claimed the full Trauma Cover Amount. What Trauma Conditions are covered and what is payable?

Table 22 lists all Trauma Conditions that are covered under Standard Cover, and the amounts payable. We define these Trauma Conditions in a particular way. These definitions are set out in section 11 of the Policy Terms beginning at page 140. For full details on these conditions and how they are defined, please refer to the Policy Terms at sections 4.1.1, 4.1.2 and 4.1.3 that can be found on pages 103 - 105 and section 11 on page 140 of the Policy Terms. A Life Insured will not be considered to have a Trauma Condition, and a Trauma Benefit will not be payable, unless and until the Life Insured meets all of the criteria within our definition of the Trauma Condition being claimed for.

Our Trauma Condition definitions may include methods of Diagnosing Trauma Conditions. If the methods for Diagnosing the relevant Trauma Conditions, after taking into account all evidence including evidence from you or people acting for you, are impractical to apply or have been superseded, we may consider more contemporary, appropriate and medically recognised methods that conclusively Diagnose the specified Trauma Condition with at least the same severity.

For the following Cancer, Heart and Neurological Conditions, a 90-day No-Claim Period commences after cover starts, reinstates or increases but only on the increased portion.

■ Trauma Cover – Extras Cover

Subject to eligibility criteria, you may choose any of these Extras Covers which provide additional benefits that may be relevant to your insurance needs:

- Individual Extras (outlined on page 62); and
- Family Extras (outlined on page 66).

These are available at an additional cost and expire when the Life Insured turns:

- Individual Extras – age 70
- Family Extras – age 65.

■ Trauma Cover – Extra Cost Options

Subject to eligibility criteria, you may choose any of these Extra Cost Options which provide additional benefits that may be relevant to your insurance needs:

- Life Cover Purchase Option (Standalone Trauma);
- Double Benefit Option (Trauma);
- Life Cover Buy Back Option (Trauma);
- Trauma Cover Reinstatement Option; and
- Premium Waiver Disability Option.

These are available at an additional cost. For expiry ages on the Extra Cost Options, please refer to Table 2, Extra Cost Options entry and expiry ages on page 17.

Exclusions applicable to Trauma Cover, associated Extra Cost Options and/or Extras Cover

Survival period

We will not pay any benefits under Standalone Trauma Cover (including associated Individual Extras) if the Life Insured does not survive for at least 14 days after the date they first meet the definition of the relevant Trauma Condition.

Self-inflicted Injury

No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's attempted suicide or an intentional self-inflicted Injury.

No-Claim Period

Where a No-Claim Period is noted for a Trauma Category in Table 22 on page 52-53, no benefits will be payable at any time for any Trauma Condition within that category that the Life Insured sought or obtained advice or treatment for, or had symptoms of, prior to the end of the No-Claim Period. This includes circumstances where the Life Insured sought or obtained advice or treatment for, or had symptoms of, any Related Condition/s, prior to the end of the No-Claim Period.

With respect to the No-Claim Period that applies to the Trauma Cover - Child Trauma Benefit under Family Extras, no benefits are payable for any condition for which a Dependent Child was first Diagnosed, prior to the end of the No-Claim Period.

Multiple Trauma Claims

1. Impact of claim order

If a benefit is paid for a Trauma Condition, and a subsequent claim is lodged for second Trauma Condition, which actually preceded the first (i.e. occurred earlier), we will adjust the second claim payment so that the total of this and the first don't exceed what would have been payable, had the claims been reported and paid in the Claim Event Date order of occurrence.

2. Multiple claims originating from the same event

If you are claiming for two or more Trauma Conditions that have occurred as a result of one single event, occurrence, or incidence, we will pay you for the Trauma Condition that offers the greatest benefit payment.

3. General Trauma claim payment rules

There are a number of rules that define how we calculate any benefits that are payable to you, once you have been paid a benefit on your Standard Trauma Cover and/or Individual Extras Cover more than once. They are described in the section 'How do multiple claims under Standard Trauma Cover with the Trauma Cover Reinstatement Option work?' on page 59 as well as in the section under 'How Individual Extras operates with Standard Trauma Cover' on page 63 and 'How Individual Extras operates with Standard Trauma Cover if you have also purchased the Trauma Cover Reinstatement Option' on page 64.

Please refer to the Policy Terms at section 6.4.3 on page 120 for full details of all Policy Exclusions applicable to Trauma Cover, associated Extra Cost Options and/or Extras Cover.

Maximum Expiry Age (and changes to your cover at age 70)

Trauma Cover expires when the Life Insured turns 75, however from the Life Insured's 70th birthday onwards, only Tier 1 Benefits will be covered.

Life Cover Purchase Option (Standalone Trauma)

NON-SUPER

■ Extra Cost Option

Available with Trauma Cover.

Non-superannuation policies: The Life Cover Purchase Option (Standalone Trauma) is available for customers who might require extra protection to assist with insurance costs in case the Life Insured suffers a Trauma Condition. The Life Cover Purchase Option (Standalone Trauma) is available to Life Insureds who are employees, business owners, sole traders or non-working individuals in Occupation Class P, W, G, L, B, D, R or O.

What are the benefits and features of the Life Cover Purchase Option (Standalone Trauma)?

Trauma Cover Reinstatement Option

NON-SUPER

■ Extra Cost Option

Available with Trauma Cover.

Non-superannuation policies only: The Trauma Cover Reinstatement Option is available for Life Insureds who are employees, business owners, sole traders or non-working individuals. This option is available to all Occupation Classes as an Extra Cost Option.

What are the benefits and features of the Trauma Cover Reinstatement Option?

The Trauma Cover Reinstatement Option is available with Standard Trauma Cover at an additional cost. Table 26 below highlights the benefits and features of the Trauma Cover Reinstatement Option.

Please refer to the Policy Terms at section 6.4.3 on page 120 for full details of Policy Exclusions applicable to Trauma Cover, associated Extra Cost Options and/or Extras Cover.

Maximum Expiry Age

The Trauma Cover Reinstatement Option expires when the Life Insured turns 75.

How do multiple claims under Standard Trauma Cover with the Trauma Cover Reinstatement Option work?

There are three important considerations that apply in the context of multiple claims:

1. The Trauma Category Rule;
2. Related or Progressive Trauma Conditions; and
3. The application of the Accidental Injury Cover definition.

1. The Trauma Category Rule

Your total Trauma Cover Amount is available to be paid under each of the five Trauma Categories. Where the Trauma Cover Reinstatement Option is also purchased, it is possible to be paid five times the Trauma Cover Amount for multiple claims across each Trauma Category over the life of your Policy. Once you've received 100% of your Trauma Cover Amount within a single Trauma Category, coverage for all Trauma Conditions within that category will end. This is illustrated in Table 27 below.

Table 27: Examples of the Trauma Category Rule

Example A	Example B
<p>Sarah is the Life Insured on a Policy with a Trauma Cover Amount of \$100,000 and the Trauma Cover Reinstatement Option. If she suffers a severe heart attack and receives a Tier 1 Benefit under 'Heart Condition – significantly impaired heart function', we will pay 100% of the Trauma Cover Amount. Following payment, Sarah will continue to be covered for \$100,000 of Trauma Cover; however, she will no longer be covered for any other Trauma Conditions in the Trauma Category of Heart Conditions.</p>	<p>Anna is the Life Insured on a Policy with a Trauma Cover Amount of \$100,000 and the Trauma Cover Reinstatement Option. If she suffers Cardiomyopathy and receives a Tier 2 Benefit, we will pay 50% of the Trauma Cover Amount. Following payment, Anna will continue to be covered for \$100,000 of Trauma Cover, however her cover for the Trauma Category of Heart Conditions will be reduced. This reduction is detailed below.</p> <p>18 months later Anna suffers a major heart attack and satisfies the criteria for a Tier 1 Benefit payment of 100% under 'Heart Condition – significantly impaired heart function', which is in the same Trauma Category as her first claim. The benefit we will pay for this second claim is reduced from \$100,000 to \$50,000, to ensure that Anna does not exceed the maximum payment of 100% of the Trauma Cover Amount for claims within any one Trauma Category.</p> <p>Following this second benefit payment, Anna will continue to be covered for \$100,000 of Trauma Cover; however, she will no longer be covered for any other Trauma Conditions in the Trauma Category of Heart Conditions.</p>

The maximum amount payable combined for all Trauma Conditions within each Trauma Category is the Trauma Cover Amount. This applies over the life of the Policy.

2. Related or Progressive Trauma Conditions

There are a number of Trauma Conditions that we will treat as related to a prior Trauma Cover benefit payment (referred to as Related or Progressive Trauma Conditions).

Definition

Related or Progressive Trauma Condition: Any Trauma Condition that is symptomatic of, secondary to, or otherwise connected with the underlying condition, medical cause or pathology as another Trauma Condition for which we have paid a Trauma Cover benefit.

In the case of Related or Progressive Trauma Conditions, subsequent benefit payments will be offset against previous Trauma Cover benefit payments. The maximum amount we will pay for Related or Progressive Trauma Conditions is 100% of your Trauma Cover Amount.

Example Scenario: John is a 56 year old accountant who took out a MetLife Protect Policy (as the Policy Owner as well as the Life Insured) with \$100,000 of Trauma Cover 18 months ago. He has just been Diagnosed with prostate cancer.

- Claim 1:** John is Diagnosed with prostate cancer and is paid a Tier 3 Benefit under the Trauma Condition of ‘Cancer – *early stage cancers*’. The payment amount is 10% of his Trauma Cover Amount, and so he receives \$10,000.
- Claim 2:** Despite treatment, the cancer progresses and nine months later, John is advised that the entire prostate must be removed. Due to this, he is now eligible to claim a Tier 2 Benefit under the Trauma Condition of ‘Cancer – *excluding specified early stage cancers*’. The benefit payment for this Trauma Condition is 50% of the Trauma Cover Amount (\$50,000). However, because this is a Related or Progressive Trauma Condition, the amount that John will be paid is \$40,000 as he has already received \$10,000 of his \$50,000 entitlement.
- Claim 3:** Unfortunately, as a complication of the prostate cancer, John ends up suffering from end stage kidney failure, requiring permanent dialysis. He is eligible to claim a Tier 1 Benefit under ‘Vital Organ or Digestive System Disorder – *end stage*’. The amount payable is 100% of the Trauma Cover Amount (\$100,000). However, because this is a Related or Progressive Trauma Condition and John has already received \$50,000 in total for two previous claims, he will be entitled to receive the remaining \$50,000 (\$100,000 minus the \$50,000 already paid).

3. The application of the Accidental Injury Cover definition (Only applicable if the Trauma Cover Reinstatement Option is purchased)

An Accidental Injury Cover definition in relation to Trauma Cover means that for the period during which it applies, your Trauma Cover will be limited to Trauma Conditions that arise as a result of Accidental Injury only.

Note: The Accidental Injury Cover definition does not apply to Trauma Conditions that are considered Related or Progressive Trauma Conditions.

The examples in Table 28 illustrate the application of the Accidental Injury Cover definition with examples, in scenarios with multiple claims due to unrelated Trauma Conditions. Once we pay a benefit for any Trauma Condition, we will apply a 12-month Accidental Injury Cover definition to the same Trauma Cover Amount which corresponds with the benefit payment made. For example, if you received a Tier 2 Benefit which paid you 50% of your Trauma Cover Amount, the Accidental Injury Cover definition will be applied to 50% of your Trauma Cover Amount. 12 months following benefit payment, the Accidental Injury Cover definition will be removed, and your full coverage is reinstated.

Table 28: Examples of the application of the Accidental Injury Cover definition

Example A Application of the Accidental Injury Cover definition	Example B Removal of Accidental Injury Cover definition after 12 months (reinstatement of Trauma Cover to full coverage)
<p>Duncan is the Policy Owner and Life Insured on a Policy with a Trauma Cover Amount of \$200,000 and the Trauma Cover Reinstatement Option.</p> <p>Duncan suffers a major heart attack satisfying the criteria for a Tier 1 Benefit under ‘Heart Condition – <i>significantly impaired heart function</i>’.</p> <p>We pay Duncan 100% of his Trauma Cover Amount, i.e. \$200,000. His Trauma Cover Amount remains at \$200,000, however, for the 12 months following the benefit payment he will only be able to claim for further Trauma Conditions arising from Accidental Injury.</p> <p>Six months after Duncan’s heart attack he is badly burned in a house fire which meets the definition of Accidental Injury. Fortunately, as his MetLife Protect Policy continues to provide him with Accidental Injury coverage, he is entitled to claim a Tier 2 Benefit under the Trauma Condition of ‘Burns – <i>full thickness</i>’. This results in a 50% benefit payment of \$100,000, due to the accident.</p>	<p>Simon is the Policy Owner and Life Insured on a Policy with a Trauma Cover Amount of \$200,000 and the Trauma Cover Reinstatement Option. Simon suffers a major heart attack satisfying the criteria for a Tier 1 Benefit under ‘Heart Condition – <i>significantly impaired heart function</i>’.</p> <p>We pay Simon 100% of his Trauma Cover Amount, i.e. \$200,000. His Trauma Cover Amount remains at \$200,000, however, for the 12 months following the benefit payment he will only be able to claim for further Trauma Conditions arising from Accidental Injury.</p> <p>12 months after the payment of the Trauma Cover benefit, the Accidental Injury Cover definition is removed and Simon’s Trauma Cover will be reinstated to full coverage.</p>

Premium Waiver Disability Option

NON-SUPER

■ Extra Cost Option

Available with Trauma Cover.

Non-superannuation policies: The Premium Waiver Disability Option is available for customers who might require extra protection to assist with insurance costs in case the Life Insured suffers Total Disability. The Premium Waiver Disability Option is available to Life Insureds who are employees, business owners or sole traders in Occupation Class P, W, G, L, B, or D.

What are the benefits and features of the Premium Waiver Disability Option?

The Premium Waiver Disability Option is available with Standard Trauma Cover at an additional cost. Table 29 below highlights the benefits and features of the Premium Waiver Disability Option.

Table 29: Premium Waiver Disability Option benefits and features

Benefits and features	Description	Amount payable
Premium Waiver Disability Benefit NON-SUPER	<ul style="list-style-type: none"> If you have Trauma Cover with the Premium Waiver Disability Option, premiums for your Trauma Cover and any corresponding Extra Cost Options and/or Extras Cover will be waived if the Life Insured is Totally Disabled for six consecutive months and continues to be Totally Disabled after the end of the six consecutive months. If we waive your premiums under this option, we will also refund any premiums collected on your Trauma Cover including any corresponding Extra Cost Options and/or Extras Cover during the first six consecutive months of the Life Insured's Total Disability. As long as the Life Insured continues to be Totally Disabled, we will continue to waive your premium until the Life Insured reaches age 65, returns to work, or is earning income. <p>For those who pay their premiums fortnightly or monthly</p> <p><i>We will waive the full premiums with respect to Trauma Cover (including any corresponding Extra Cost Options and/or Extras Cover) that fall due during your Total Disability Period.</i></p> <p>For those who pay their premiums annually</p> <p><i>We will waive the pro-rated premiums with respect to Trauma Cover (including any corresponding Extra Cost Options and/or Extras Cover) in relation to your Total Disability Period.</i></p>	N/A

Additional Exclusions

The Premium Waiver Disability Option is subject to the same terms that apply to Trauma Cover. There are no additional exclusions that apply to the Premium Waiver Disability Option.

Please refer to the Policy Terms at section 6.4.3 on page 120 for full details of Policy Exclusions applicable to Trauma Cover, associated Extra Cost Options and/or Extras Cover.

Maximum Expiry Age

The Premium Waiver Disability Option expires when the Life Insured turns 65.

■ Extras Cover

Available with Trauma Cover.

Non-superannuation policies only: Individual Extras is suitable for a broad range of people, and there are no additional eligibility criteria in addition to the Standard Trauma Cover.

What are the benefits and features of Individual Extras?

Individual Extras is available with Standard Trauma Cover at an additional cost. Table 30 below highlights the benefits and features of Individual Extras.

Table 30: Individual Extras benefits and features

Benefits and features	Description	Amount payable (% of the Trauma Cover Amount)
Trauma Cover - Booster Benefit NON-SUPER	<ul style="list-style-type: none"> An additional 50% of the Trauma Cover Amount is paid as a top-up to your Standard Cover, providing additional cash flow. This applies to all Tier 2 Benefits, which pay 50% of the Trauma Cover Amount, effectively boosting your benefit payment to 100%. <p><i>The Policy Owner can exercise the Booster Benefit up to two times across all MetLife Protect Policies for the same Life Insured.</i></p>	Up to 50%
Trauma Cover – Repeat Angioplasty Benefit NON-SUPER	<ul style="list-style-type: none"> Covers angioplasty on one or two arteries to treat coronary artery disease 12 months or more after a previous benefit payment for Angioplasty – single or double vessel. <p><i>Benefit payable once only.</i></p>	Up to 25% (capped at \$25,000)
Trauma Cover – Advanced Diabetes Benefit NON-SUPER	<ul style="list-style-type: none"> Covers up to 100% of the Trauma Cover Amount for severe diabetes mellitus, either insulin or non-insulin dependent if the Life Insured suffers from Diabetes – <i>severe with complications</i> (defined on page 142). This benefit will pay on top of any benefit that you may receive under Standard Trauma Cover (Diabetes - <i>insulin dependent</i> (defined on page 142)), up to a maximum of 100% of your Trauma Cover Amount. <p><i>Benefit payable once only.</i></p>	Up to 100%

How Individual Extras operates with Standard Trauma Cover

The benefits and features held within Individual Extras enhance the payment rules under Standard Cover, as explained below.

Trauma Cover – Booster Benefit

This benefit effectively doubles the Trauma Cover Amount that would otherwise be payable for a Tier 2 Benefit under Standard Trauma Cover, from 50% to 100%.

Example:

If the Life Insured is covered for a Standard Trauma Cover Amount of \$100,000 and they suffer Cardiomyopathy, the Trauma benefit payment would normally be a Tier 2 Benefit payment of \$50,000 (50% of the Trauma Cover Amount). With the Trauma Cover – Booster Benefit, the Trauma benefit paid will be \$100,000.

Trauma Cover – Repeat Angioplasty Benefit

This benefit enables the Related or Progressive Trauma Conditions rule to be overridden in certain circumstances. This means if the Life Insured undergoes Angioplasty – *single or double vessel* to treat a narrowing or blockage of one or more coronary arteries after we have paid a benefit 12 months or more ago for the same procedure, we will pay another 25% of the Trauma Cover Amount, up to \$25,000.

Example:

Sarah is the Policy Owner and Life Insured on a Policy with a Trauma Cover Amount of \$100,000.

If Sarah suffers from Coronary Artery Disease (CAD) and is paid 25% of her Trauma Cover Amount as a result of undergoing an angioplasty, ordinarily any future related claims for angioplasty as a result of CAD would be offset by previous payments received (effectively meaning Sarah could only claim on angioplasty for CAD once). However, with the Trauma Cover – Repeat Angioplasty Benefit, if Sarah requires a second angioplasty (at least 12 months after her first), then she will be entitled to claim another 25% of the Trauma Cover Amount (i.e. \$25,000).

Trauma Cover – Advanced Diabetes Benefit

This benefit offered under Individual Extras enables 100% of the Trauma Cover Amount to be paid if the Life Insured suffers from severe diabetes mellitus, insulin or non-insulin dependent, that leads to severe complications as defined under Diabetes – *severe with complications*.

Example:

If the Life Insured suffers from Diabetes – *insulin dependent*, we will pay a Tier 3 benefit of 25% of the Trauma Cover Amount capped at \$100,000 under Standard Trauma Cover. If the condition becomes severe with complications as defined under Diabetes – *severe with complications*, the Life Insured may receive the remaining 75% of their Trauma Cover Amount.

Additional Benefits included in Individual Extras with the Trauma Cover Reinstatement Option

Table 31: Individual Extras benefits and features when purchased with the Trauma Cover Reinstatement Option

Benefits and features	Description	Amount payable (% of the Trauma Cover Amount)
Trauma Cover – Unrelated Cancer Benefit NON-SUPER	<ul style="list-style-type: none"> Covers a new primary Tier 1 or Tier 2 Cancer Condition Diagnosed 12 months or more after, and unrelated to, a previous cancer benefit payment. <i>Benefit payable once only.</i>	Up to 100%
Trauma Cover – Related Cancer Benefit NON-SUPER	<ul style="list-style-type: none"> Covers a new primary Tier 1 or Tier 2 Cancer Condition Diagnosed 12 months or more after, and related to, a previous cancer benefit payment. <i>Benefit payable once only.</i>	Up to 10% <i>(capped at \$50,000)</i>
Trauma Cover – Related Heart Condition Benefit NON-SUPER	<ul style="list-style-type: none"> Covers a Tier 1 or Tier 2 Heart Condition, Diagnosed 12 months or more after a previous related benefit payment. Includes repeat heart attacks. <i>Benefit payable once only.</i>	Up to 10% <i>(capped at \$50,000)</i>

How Individual Extras operates with Standard Trauma Cover if you have also purchased the Trauma Cover Reinstatement Option

The benefits and features held within Individual Extras when purchased with the Trauma Cover Reinstatement Option enhance the payment rules under Standard Cover, as explained below.

Trauma Cover – Unrelated Cancer Benefit

This benefit enables the Trauma Category Rule for the Trauma Category of Cancer Conditions to be overridden. This means if the Life Insured suffers from a new primary Cancer Condition that pays a Tier 1 or Tier 2 Benefit, Diagnosed 12 months or more after (and unrelated to) a previous cancer claim, a new claim is possible in the Cancer Conditions category, up to the full Trauma Cover Amount.

Example:

Duncan is the Policy Owner and Life Insured on a Policy with a Trauma Cover Amount of \$100,000.

If Duncan was recently paid a 100% benefit as a result of suffering from advanced skin cancer, ordinarily he would be unable to claim for any other Cancer Conditions again (Trauma Category Rule).

However, with the Trauma Cover – Unrelated Cancer Benefit, if Duncan is Diagnosed with a new, unrelated cancer (e.g. lung cancer) at least 12 months after his previous Diagnosis of advanced skin cancer, then he will be again entitled to claim the full Trauma Cover Amount of \$100,000.

Trauma Cover – Related Cancer Benefit

This benefit enables the Trauma Category Rule for the Trauma Category of Cancer Conditions to be overridden. This means if the Life Insured suffers from a related Tier 1 or Tier 2 Cancer Condition Diagnosed 12 months or more after a previous cancer claim (Related or Progressive Trauma Condition), you are able to claim another 10% of the Trauma Cover Amount in the Cancer Condition category.

Example:

Simon is the Policy Owner and Life Insured on a Policy with a Trauma Cover Amount of \$100,000.

If Simon was recently paid a 100% benefit as a result of suffering from advanced skin cancer, ordinarily he would be unable to claim for any other Cancer Conditions again (Trauma Category Rule). However, with the Trauma Cover – Related Cancer Benefit, if Simon is Diagnosed with a new, related cancer (e.g. another advanced cancer as the skin cancer has spread) at least 12 months after his previous Diagnosis of advanced skin cancer, then he will be entitled to claim another 10% of the Trauma Cover Amount (i.e. \$10,000).

Trauma Cover – Related Heart Condition Benefit

This benefit enables the Trauma Category Rule for the Trauma Category of Heart Conditions to be overridden. This means if the Life Insured suffers from a related Tier 1 or Tier 2 Heart Condition Diagnosed 12 months or more after a previous Heart Condition claim (Related or Progressive Trauma Condition), you are able to claim another 10% of your Trauma Cover Amount in the Heart Condition category.

Example:

Anna is the Policy Owner and Life Insured on a Policy with a Trauma Cover Amount of \$100,000.

If Anna was recently paid a 100% benefit as a result of a heart attack, ordinarily she would be unable to claim for any other Heart Conditions again (Trauma Category Rule). However, with the Trauma Cover – Related Heart Condition Benefit, if Anna suffers another heart attack related to the first (at least 12 months after her first heart attack), then Anna will be entitled to claim another 10% of the Trauma Cover Amount (i.e. \$10,000).

Additional Terms

Individual Extras is subject to the exclusions that apply to Trauma Cover. There are no additional exclusions that apply to Individual Extras.

Please refer to the Policy Terms at section 6.4.3 on page 120 for full details of all Policy Exclusions applicable to Trauma Cover, associated Extra Cost Options and/or Extras Cover.

Maximum Expiry Age

Individual Extras expires when the Life Insured turns 70.

■ Extras Cover

Available with Trauma Cover.

Non-superannuation policies only: Family Extras provides cover for the Life Insured's children (including any step or adopted children) who are aged 16 and under and live with the Life Insured on a permanent basis. You do not need to provide the child's name or medical information when applying for cover.

What are the benefits and features of Family Extras?

Family Extras is available with Standard Trauma Cover at an additional cost. Table 32 below highlights the benefits and features of Family Extras.

Additional Terms

Family Extras is subject to the exclusions that apply to Trauma Cover. There are no additional exclusions that apply to Family Extras.

Please refer to the Policy Terms at section 6.4.3 on page 120 for full details of all Policy Exclusions applicable to Trauma Cover, associated Extra Cost Options and/or Extras Cover.

Maximum Expiry Age

Family Extras expires when the Life Insured turns 65.

Please note that the Child Trauma Benefit will only provide coverage for Dependent Children who are 16 or under, so over time you may wish to consider if this benefit is still suitable for your insurance needs.

Income Cover

SUPER

NON-SUPER

Income Cover provides a form of income replacement when the Life Insured suffers a loss of income during times of Illness or Injury.

The benefits available under Income Cover depend on whether you take out Standard Income Cover only, or if you choose any of the Extra Cost Options and/or Extras Cover.

What are the benefits and features of Income Cover?

Standard Income Cover

Standard Income Cover includes the benefits and features shown in Table 33 below.

Monthly Benefit is a key term which describes the monthly amount payable for the main Income Cover benefits under your Policy (i.e. Total Disability and Partial Disability Benefits). For more details on the way we calculate your Monthly Benefit - see the section, Monthly Benefit – calculating the amount we pay, on page 72.

Monthly Cover Amount is the amount we agree to insure, as reflected on your Policy Schedule or any other Important Documents.

Choice of Waiting Period

The Waiting Period is the minimum number of consecutive days that the Life Insured must be Partially Disabled or Totally Disabled, before entitlement to any Partial Disability Benefits or Total Disability Benefits can begin to accrue.

You can choose either a 30-day, 90-day or 2-year Waiting Period. A 180-day Waiting Period is also available to existing MetLife customers electing to continue their insurance through MetLife Protect and MetLife Protect Super by exercising a continuation option on a group insurance policy under which the Life Insured is covered.* The Waiting Period starts on the date the Life Insured is certified by a Medical Practitioner as unable to work in any capacity, solely due to Illness or Injury, and as at which date they meet the definition of being Totally Disabled or Partially Disabled.

Note: The Life Insured must be continuously Totally Disabled or Partially Disabled for the duration of the Waiting Period, in order to be eligible to claim Partial Disability Benefits or Total Disability Benefits. Once the Waiting Period has been served, your Benefit Period will commence and thereafter benefits are paid monthly in arrears. In order for the Life Insured to receive income replacement payments from a Policy inside superannuation, it is a legislated requirement to have ceased Gainful Employment due to Illness or Injury. Therefore, for any Policies inside superannuation, it is a condition of the Waiting Period that the Life Insured must have been completely unable to work (Totally Disabled) for at least one day during the Waiting Period, due to their Illness or Injury.

**Note that Disability Extras is only available with a 30-day or 90-day Waiting Period.*

Choice of Benefit Period

The Benefit Period is the maximum duration for which we will pay Total Disability Benefits and/or Partial Disability Benefits for any one Illness or Injury (including a Recurrent Disability) over the life of the Policy.

We offer a choice of maximum Benefit Periods as follows:

- **1 year** – benefit payable for up to a year, or to age 65 – whichever occurs first.
- **2 years** – benefit payable for up to two years, or to age 65 - whichever occurs first.
- **5 years** – benefit payable for up to five years, or to age 65 - whichever occurs first.
- **Age 65** – benefit payable to age 65.

Note: If a claim has been paid for only part of the Benefit Period when the Life Insured returns to work, the claim can be continued for the remainder of the Benefit Period if the Life Insured becomes Totally Disabled or Partially Disabled again as a result of the Recurrent Disability.

Monthly Benefit – calculating the amount we pay

The Monthly Benefit is the amount we pay under Income Cover for Total Disability or Partial Disability. Additional benefits payable under Disability Extras will be based on the Monthly Benefit.

The Monthly Benefit is a value calculated at the time of claim. For Total Disability it is an amount based on the lesser of:

- the Monthly Cover Amount we have agreed to insure; and
- the Maximum Income Replacement Amount,

as reflected on your Policy Schedule or any other Important Documents.

The Monthly Benefit that we pay will never be higher than the Monthly Cover Amount. It can also be lower than the Monthly Cover Amount.

Please see section 5.2.1.1 on page 110 for how we calculate the Monthly Benefit if the Life Insured is Totally Disabled and section 5.2.2.1 on page 111 for how we use the Total Disability Monthly Benefit in the calculation of Partial Disability Benefit payments if the Life Insured is Partially Disabled.

Where you have purchased Disability Extras with Standard Income Cover, an additional amount to the Monthly Benefit is payable or able to be received by the Life Insured in the first six months of the Benefit Period. The maximum benefit you will receive in those six months including the benefit you receive under Standard Income Cover will be limited to 90% of the Life Insured's Pre-Disability Income. The Monthly Benefit you receive will be reduced by any Post-Disability Income received by the Life Insured, any applicable Offsets and their capability to work.

Financial evidence will be requested at the time of claim.

If a benefit is only payable in relation to part of a month, the benefit will apply on a pro-rata basis, for example, 1/30th of the Monthly Benefit per day.

Important: If you have Income Cover inside superannuation and Super Linked Income Cover outside superannuation, we will pay any Total Disability Benefits or Partial Disability Benefits you are entitled to under the Policy inside superannuation, to the extent permitted under law. Any benefits or amounts you are entitled to, in excess of any limitations under superannuation law will be paid under your Super Linked Income Cover outside superannuation.

Note: We suggest that you regularly review the Monthly Cover Amount of your insurance cover. In the event of a claim, the Monthly Benefit we will pay will not exceed this Monthly Cover Amount. The calculation of the Monthly Benefit is also based initially on the lesser of the Monthly Cover Amount and the Maximum Income Replacement Amount prior to becoming Totally Disabled or Partially Disabled.

If the Life Insured's Monthly Income prior to their Total Disability or Partial Disability has decreased since you applied for cover, the Monthly Benefit that will be payable at claim may be less than the Monthly Cover Amount.

If the Life Insured's Monthly Income prior to their Total Disability or Partial Disability has increased since you applied for cover, and you have not updated your Monthly Cover Amount to reflect this, in the event of claim, the Monthly Benefit we will pay will not be reflective of the Life Insured's increased income.

Benefit Offsets

If the Life Insured accrues financial entitlements or receives payments from other sources, those entitlements and payments will reduce the Monthly Benefit payable. Entitlements and payments from other sources may include, but are not limited to:

- sick leave, maternity/parental leave, annual leave, or long service leave received and includes sick leave entitlements not received or taken by the Life Insured;
- any entitlements accrued or payments received by the Life Insured from other disability, group, sickness or accident insurance cover, including cover provided through a mortgage replacement policy or through a superannuation fund, held by or on behalf of the Life Insured, that was not disclosed to us at the time you applied for the cover;
- any entitlements accrued or payments received by the Life

Insured from workers' compensation schemes, common law damages payments and accident compensation schemes, in respect of any part that is directly attributable to the same period as income replacement; and

- any entitlements accrued or payments received by the Life Insured from other sources agreed as part of your application for cover and noted on your Policy Schedule or any other Important Documents.

Income Cover benefits will not be offset by any social security benefits paid by the Australian Government via Centrelink, including the disability support pension. If the Life Insured is in receipt of any social security benefits, they are required to report all Income Cover payments made under their Policy to Centrelink. Social Security, or similar benefits received from a government entity from a country outside of Australia may be assessed as a source of income for offset. Any lump sum benefit received for TPD, trauma or terminal illness claim will not be offset against your Total Disability or Partial Disability Benefit payments.

For full details refer to the Policy Terms at section 5.1.5 on page 109.

■ Income Cover – Extra Cost Options

Subject to eligibility criteria, you may choose the Claim Indexation Option and/or the Superannuation Contribution Option, which provide additional benefits that may be relevant to your insurance needs.

These are available at an additional cost to your Standard Income Cover and eligibility criteria may apply. The Extra Cost Options expire when the Life Insured turns 65.

Income Cover – Extras Cover

If you have a 30-day or 90-day Waiting Period, then, subject to eligibility criteria, you may choose Disability Extras which is available at an additional cost to your Standard Income Cover. Disability Extras expires when the Life Insured turns 65.

The law doesn't allow Extras Cover inside superannuation but, if your Standard Income Cover is inside superannuation, you can have Disability Extras Cover in a Policy outside superannuation.

Important: Restrictions apply to the total Monthly Benefit we can pay under a superannuation Policy, in accordance with superannuation law. Therefore, where entitlement to a benefit exists under both your superannuation Policy, Extra Cost Option and Extras Cover, any amounts payable in excess of superannuation law limitations, will be paid under your Extras Cover.

Exclusions applicable to Income Cover, Extra Cost Options and/or Extras Cover

Suicide

The Death Benefit under Income Cover will not be payable if the claim arises as a direct or indirect result of the Life Insured's suicide, attempted suicide, or an intentional, self-inflicted Injury within the first 13 months after Cover Commencement (or Reinstatement of cover or when cover is increased but only on the increased portion). The exclusion will be waived for an equivalent amount of cover that is held with us or another insurer, and being replaced with a MetLife

Policy under this PDS (provided the full exclusion period has already been served under that other cover).

Self-inflicted Injury

No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's attempted suicide or an intentional self-inflicted Injury.

This exclusion does not apply to the Death Benefit, which is instead subject to the suicide exclusion detailed above.

Elective Surgery

During the first six months after your Income Cover has commenced, a Total Disability or Partial Disability Benefit will not be payable if the Life Insured's Illness or Injury was directly or indirectly caused by complications arising from an elective surgery.

This limitation only applies for the first six months from the:

- commencement of your Income Cover;
- Reinstatement of your Income Cover; or
- increase to your Income Cover (but only on the increased portion).

Unemployment – Income Cover inside Superannuation

If your Income Cover is inside superannuation, no benefits will be payable if the Life Insured was not Gainfully Employed up to and including the day prior to the Date of Disability (unless your Policy Schedule or any other Important Documents show that you have Disability Extras, in which case any Income Cover benefits will be assessed outside superannuation). Please see the definition for Gainfully Employed in section 10 on page 132.

Accidental Injury Cover definition (for Income Cover increased under the Life Events Increases Feature)

If you increase your Income Cover as a result of exercising the Life Events Increases Feature, then for the first six months following the increase we will only pay benefits under that increased Monthly Cover Amount for claims arising as a result of Accidental Injury.

After six months has elapsed, the Accidental Injury restriction will be removed.

Accidental Injury Cover definition (after exercising the Income Cover – Cover Pause Feature)

For a period of six months following the date that you increase your Monthly Cover Amount as a result of exercising the Income Cover – Cover Pause Feature, a benefit is only payable under that increased portion of your Monthly Cover Amount for claims arising as a direct result of an Accidental Injury.

General exclusions

No benefits are payable for claims arising:

- directly or indirectly from War;
- from Uncomplicated Pregnancy or childbirth;
- from the Life Insured's participation in any criminal activity; or
- from any act or omission that results in the permanent or temporary restriction, deregistration or disqualification that prevents the Life Insured from engaging in their occupation or profession.

We can't Reimburse any expenses that are not permitted by law (including superannuation law) to Reimburse, or are regulated by the *National Health Act 1953 (Cth)* or the *Private Health Insurance Act 2007 (Cth)*.

Please refer to the Policy Terms at sections 6.4.4 on page 122 and 1.7 on page 93 for full details of all Policy Exclusions applicable to Income Cover and associated Extras Cover.

Maximum Expiry Age

Income Cover expires when the Life Insured turns 65.

Income Cover scenario and examples

Scenario

At point of application

Steve is employed as a project manager with a Monthly Income of \$20,833 (\$250,000 per year), excluding superannuation. In 2023, Steve applied for an Income Cover Policy (as Policy Owner and the Life Insured) with a Monthly Cover Amount of \$14,417, which is the maximum amount his income would support as shown in Table 4 on page 19. Steve also purchases the Superannuation Contribution Option and his Monthly Superannuation Contribution Amount was set at \$2,187 per month, being 10.5% of his Monthly Income ($10.5\% \times \$20,833 = \$2,187$).

What happens after Steve's Income Cover Policy has been issued

Assume Steve has a Stable Income and his annual income increases after he's taken out his Policy, as below:

Table 34: Steve's annual income each year

Year	Annual income
1 Jan 2023 – 31 Dec 2023	\$250,000
1 Jan 2024 – 31 Dec 2024	\$265,625
1 Jan 2025 – 31 Dec 2025	\$296,875
1 Jan 2026 – 31 Dec 2026	\$312,500
1 Jan 2027 – 31 Dec 2027	\$350,000

What happens in the event of a claim?

On 31 December 2027, Steve is in a motor vehicle accident and suffers an Injury that prevents him from working. Steve is able to satisfy the Waiting Period and other requirements on his Policy to claim for an Income Cover benefit.

Note: Steve's Monthly Cover Amount has been indexed by CPI each year and in 2027 has become \$16,990. As Steve also had insured his superannuation contributions, his Monthly Superannuation Contribution Amount has been indexed by CPI each year and has become \$2,577.

The below worked examples demonstrate how a claim payment would be calculated if Steve were to be Totally Disabled or Partially Disabled. For simplicity, assume Steve does not have any Extra Cost Options, Post-Disability Income or Offsets (payments from other sources that reduce the benefit payable) and that he meets all the rules of the Policy for a claim to be paid.

Claim outcomes - worked examples

1. Total Disability Benefit

1.1 Calculation of Total Disability Benefit

Assume that Steve is unable to work and satisfies the Total Disability definition. The below calculations illustrate the amounts payable under a Total Disability claim.

At the time of claim, we will base our benefit calculations on Steve's Pre-Disability Income (which in this case, is his average Monthly Income in the 12-month period before his Total Disability).

This will be $\$350,000/12$ which is \$29,167.

His Total Disability Monthly Benefit is the lesser of:

- (a) the indexed Monthly Cover Amount of \$16,990; and
- (b) the Maximum Income Replacement Amount of \$18,584 (70% of the first \$20,000 of Pre-Disability Income plus 50% of the next \$20,000 of Pre-Disability Income = $[70\% \times \$20,000] + [50\% \times (\$29,167 - \$20,000)] = [\$14,000 + \$4,584] = \$18,584$).

As a result, the Total Disability Monthly Benefit amount Steve will receive is \$16,990 – as this is the lesser figure.

1.2 Benefit payment with the Superannuation Contribution Option

As Steve selected the Superannuation Contribution Option with his Income Cover, we will pay \$2,577 per month which is his Monthly Superannuation Contribution Amount as a Superannuation Benefit to Steve's nominated complying superannuation fund for each month that a Total Disability Benefit is payable.

1.3 Calculation of benefit based on Steve's capability to work

Where Steve is receiving a Total Disability Benefit for five months due to Illness or Injury and we consider Steve to be capable of working in his Usual Occupation in some capacity, then he will no longer be considered to be Totally Disabled. If he is only capable of working in his Usual Occupation in a reduced capacity, he may be considered Partially Disabled. Any Partial Disability Benefit Steve is entitled to, will be reduced by the income he can reasonably be expected to earn based on his capability. When considering the extent of Steve's capability to work in his Usual Occupation, we will take into account the medical evidence and information available.

Based on the evidence, Steve is considered capable of working in his Usual Occupation in a reduced capacity and based on that capacity could be reasonably expected to earn \$6,250 per month.

Steve is no longer considered Totally Disabled but Partially Disabled. His Partial Disability Benefit will be calculated as the greater of:

- (a) his Total Disability Monthly Benefit of \$16,990, less 70% of his Post-Disability Income ($70\% \times \$6,250 = \$4,375$) which is \$12,615, and
- (b) the Maximum Income Replacement Amount of \$18,584 (70% of the first \$20,000 of Monthly Income plus 50% of the next \$20,000 of Monthly Income = $[70\% \times \$20,000] + [50\% \times (\$29,167 - \$20,000)] = \$14,000 + \$4,584 = \$18,584$) less his Post-Disability Income of \$6,250 which is \$12,334

As a result, the Partial Disability Monthly Benefit amount Steve will receive is \$12,615 – as this is the greater figure determined under the formula.

Please refer to the Policy Terms for the Total Disability Monthly Benefit (Indemnity) (section 5.2.1.1) and Partial Disability Monthly Benefit (section 5.2.2.1) on page 111.

2. Partial Disability Benefit

2.1 Calculation of Partial Disability Benefit

Assume that Steve is still able to work but only in a reduced capacity. The below calculations illustrate the amounts payable under a Partial Disability claim.

At the time of claim, we will again base our benefit calculations on Steve's average Monthly Income in a 12-month period before his disability and Post-Disability Income. Assume Steve's Post-Disability Income is \$9,375 per month and he is contributing \$984 per month into his superannuation account.

Steve's Partial Disability Benefit will be calculated as the greater of:

- (a) his Total Disability Monthly Benefit of \$16,990 less 70% of his Post-Disability Income of \$9,375 ($70\% \times \$9,375 = \$6,563$) which is \$10,428, and
- (b) the Maximum Income Replacement Amount of \$18,584 (70% of the first \$20,000 of Monthly Income plus 50% of the next \$20,000 of Monthly Income = $[70\% \times \$20,000] + [50\% \times (\$29,167 - \$20,000)] = \$14,000 + \$4,584 = \$18,584$) less his Post-Disability Income of \$9,375 which is \$9,209.

As a result, the Partial Disability Monthly Benefit amount Steve will receive is \$10,427 – as this is the greater figure determined under the formula.

Please refer to the Policy Terms for the Partial Disability Monthly Benefit in section 5.2.2.1 on page 111.

2.2 Benefit payment with the Superannuation Contribution Option

As Steve had selected the Superannuation Contribution Option with Income Cover, we will pay \$1,593 per month as a Superannuation Benefit ($\$2,577 - \$984 = \$1,593$) as this amount is lesser than the Monthly Superannuation Contribution Amount of \$2,577. This amount will be paid to Steve's nominated complying superannuation fund for each month a Partial Disability Benefit is payable.

2.3 Calculation of Partial Disability Benefit and Superannuation Benefit based on Steve's capability to work

In the instance where Steve has been Partially Disabled due to Illness or Injury and is working in his Usual Occupation less than his actual capability to work in his Usual Occupation, then we will reduce his Partial Disability Monthly Benefit by the income that he could be reasonably expected to earn based on his actual capability to work. When considering the extent of Steve's capability to work, we will take account of the medical evidence and information available.

Assume that based on the evidence Steve is considered capable of working in his Usual Occupation in a greater capacity than he is and could be reasonably expected to earn \$13,125 per month based on that capacity.

The Partial Disability Benefit will be calculated as the greater of:

- (a) the Total Disability Monthly Benefit of \$16,990 less 70% of his Post-Disability Income of \$13,125 ($70\% \times \$13,125 = \$9,188$), which is \$7,802, and
- (b) the Maximum Income Replacement Amount of \$18,584 (70% of the first \$20,000 of Monthly Income plus 50% of the next \$20,000 of Monthly Income = $[70\% \times \$20,000] + [50\% \times (\$29,167 - \$20,000)] = \$14,000 + \$4,584 = \$18,584$) less his Post-Disability Income of \$13,125 which is \$5,459.

As a result, the Partial Disability Monthly Benefit amount Steve will receive is \$7,802 – as this is the greater figure determined under the formula.

Please note: If Steve has a to age 65 Benefit Period and continues to be Totally Disabled or Partially Disabled for more than 24 months, we will assess his eligibility for a Total Disability or Partial Disability Benefit based on his inability to perform the Essential Income-Producing Duties of any occupation he is reasonably suited to perform by his education, training or experience.

Additional Terms

In addition to being subject to the exclusions that apply to Income Cover, the following exclusions apply to Disability Extras.

Accidental Injury Cover definition (after exercising the Life Events Extras Feature under Income Cover)

If you add Disability Extras to your Income Cover as a result of exercising the Life Events Extras Feature, then for the first six months following the addition we will only pay benefits under Disability Extras for claims arising as a result of Accidental Injury. After six months has elapsed, the Accidental Injury restriction will be removed.

This definition does not apply to the Income Cover – Total Disability Trauma Benefit.

No-Claim Period

The Income Cover – Total Disability Trauma Benefit will not be payable in relation to any Illness or Injury suffered by the Life Insured, for which the symptoms, Diagnosis, treatment or surgery first occurred prior to the end of the No-Claim Period. The No-Claim Period runs for 90 days from Cover Commencement (or Reinstatement of cover or when cover is increased but only on the increased portion) of Disability Extras.

Please refer to the Policy Terms at section 6.4.4 on page 122 for full details of all Policy Exclusions applicable to Income Cover and associated Extras Cover.

Maximum Expiry Age

Disability Extras expires when the Life Insured turns 65.

Partial Disability Monthly Benefit (being the greater of the Total Disability Monthly Benefit (A) less 70% of Post-Disability Income* and the Maximum Income Replacement Amount (70% x \$10,000 = \$7,000) less Post-Disability Income*) (as described in section 5.2.2.1 on page 111) *Or the income that could reasonably be expected to earn if the Life Insured has capacity to work greater than their Post-Disability Income.	\$7,000 - \$1,050 = \$5,950	
Partial Disability Benefit payable for first six months of the Benefit Period (less 100% Offsets)	\$5,950 - \$500 = \$5,450	\$7,000 - \$500 = \$6,500
Partial Disability Benefit payable after six months (less 100% Offsets)	\$5,950 - \$500 = \$5,450	\$5,950 - \$500 = \$5,450

Note: this is a worked claim example only that assumes all the rules of the Policy for a claim to be paid are met.

What you pay

Premium calculation

The amount you pay for your Policy is called the 'premium'. The premium is affected by the choices you make when applying for cover, as well as a range of other factors such as the age, sex, smoking status, health and occupation of the Life Insured.

Please contact your Financial Adviser to obtain a quote.

We will increase your cover amount each year through Indexation, unless you ask us not to or choose one of the Fixed Term Options (under which Indexation is not available). Your premium will then be based on the increased cover and depending on your premium structure may also be based on other factors such as increased age.

Premium Discounts

You may be entitled to a discount on your premium depending on:

- the combination of covers for each Life Insured;
- the cover amounts;
- if another family member or business partner takes out cover under the same application;
- health factors; and
- the time since your Policy started.

Government Charges

Your premium includes any government taxes and charges that apply, such as stamp duty, with the rate varying on a State by State basis.

Statutory fund

Premiums for the Policy are placed in MetLife's Statutory Fund No. 1 and any claims paid under the Policy will be paid from this fund.

As there is no investment component in MetLife Protect or MetLife Protect Super, your premiums paid do not accrue interest at any time and there is no surrender value.

MetLife Protect – Taxation

This section contains general information based on taxation laws in force at the time of preparation of this PDS. How the law affects you will depend on your individual circumstances.

You should consider speaking to a registered tax adviser about your tax affairs. Further information is available at www.ato.gov.au.

Tax treatment of insurance premiums and benefits

Whether premiums paid for MetLife Protect are tax deductible and whether MetLife Protect benefits paid are assessable depends on various factors such as the type of insurance, the purpose of the insurance, the Policy Owner, and who pays the premium:

- where Income Cover is owned by an individual and is intended to replace income, premiums paid will generally be deductible and benefits received subject to tax.
- apart from Income Cover, where a Policy is owned by an individual and the insurance cover is personal in nature,

premiums are generally not tax deductible, and claims benefits received are generally not assessable;

- where an entity such as a corporate entity is the Policy Owner, or otherwise pays the premiums, other taxation implications may apply, for example, fringe benefits tax. There may be other circumstances where premiums are deductible and benefits assessable. If this applies to you, we recommend you speak to your registered tax adviser or the Australian Taxation Office (ATO).

The tax treatment of premiums inside superannuation is different. See page 87 for discussion of the tax treatment of insurance premiums and benefits held through MetLife Protect Super.

Premium variations

Unless otherwise specified under Premium structure (see below), premium rates are not guaranteed and may be varied.

If there is a change in government taxes or charges, such as stamp duty, we can pass on the premium change irrespective of the premium structure.

With the exception of Life and TPD Cover under the Fixed Term Option, we reserve the right to change premium rates in the future. However, premium rate changes cannot be made to individual Policies – they can only be altered for an entire demographic group based upon pricing factors (such as Occupation Class). This means your Policy will not be singled out for any changes in premium rates. In the event of any changes, we will give you at least 30 days' written notice of any detrimental change.

Please contact your Financial Adviser to obtain a premium quote.

Premium structure

You can choose the way your premiums are structured. You can choose from:

Stepped premiums – your premium each year is based on your age and a number of other factors, such as the amount and type of cover. Your premium will usually increase every year as you get older and more likely to claim. Automatic Indexation increases also increase your cover and your premium.

Level premiums to age 65 – your premium each year is based on your entry age for your original cover amount until the end of the level premium term. As a result, you will generally have higher premiums than for stepped premiums during the initial years, but lower premiums in later years. Any automatic Indexation increases to your cover will continue to use the age-based level rate that applies for the existing cover. At the Policy Anniversary immediately before you turn 65, your Policy will switch to stepped premiums.

Level premiums to age 70 – as for level premiums to age 65. At the Policy Anniversary immediately before you turn 70, your Policy will switch to stepped premiums. Note that this premium structure is not available for Income Cover.

5-year Fixed Term Option – your premiums are adjusted to avoid age-based increases for the initial five-year term. Automatic Indexation increases do not apply. In addition, for Life and TPD Cover only, your premium is guaranteed not to increase. At the end of the five years, your Policy will switch to stepped premiums. Your cover amount will typically reduce at this time to maintain the same premium for that year only. Note, that any Standard Cover premium type selection, for example level or stepped, will always be reflected in any Extra Cost Option and/or Extras Cover you choose. In addition, the 5-year Fixed Term Option is not available for Income Cover.

10-year Fixed Term Option – your premiums are adjusted to avoid age-based increases for the initial 10-year term. Automatic Indexation increases do not apply. In addition, for Life and TPD Cover only, your premium is guaranteed not to increase. At the end of the 10 years, your Policy will switch to stepped premiums. Your cover amount will typically reduce at this time to maintain the same premium for that year only. Note, that any Standard Cover premium type selection, for example level or stepped, will always be reflected in any Extra Cost Option and/or Extras Cover you choose. In addition, the 10-year Fixed Term Option is not available for Income Cover.

Note: Any Standard Cover premium type selection, for example level or stepped, will always be reflected in any corresponding Extra Cost Option and/or Extras Cover that you choose.

Payment of premiums

Options for premium payments

All premiums are payable by fortnightly, monthly or yearly instalments.

If you choose to pay your premiums fortnightly or monthly this will be more expensive than paying yearly.

There is an additional charge of 7.5% for paying your premiums fortnightly or monthly.

You can choose any one of the following payment methods for your convenience:

- automatic debit from MasterCard, Visa, American Express;
- automatic debit from your bank, building society or credit union account; or
- superannuation rollover (however, this is only available if you pay your MetLife Protect Super premiums yearly).

You will need to provide us (or the Trustee of the Fund) with your authority to obtain the premium payment.

How to maintain your cover

To maintain your cover you must pay your premiums when they are due. If your premium becomes overdue, we will write to you to remind you to pay.

If you do not pay your premiums after we have reminded you, we will write to you again and give you at least 28 days to pay any overdue premium(s). But if this overdue premium isn't paid by the time required, we will cancel your cover. If your cover is through MetLife Protect Super this will result in the cessation of your membership of the Fund. After cancellation, you will not be able to make a claim for future events relating to the cancelled cover. However, you are able to claim for events that preceded the cancellation.

Cancelling your Policy

To cancel your Policy, you simply need to contact your Financial Adviser or MetLife either by telephone or in writing. If you pay your premiums fortnightly or monthly and you cancel the Policy, we won't refund any instalment paid. If you pay your premiums yearly, we will make a pro-rata refund to you or your superannuation fund (as applicable), based on the nearest whole month after you cancel the Policy. Refer to page 86 for information about the treatment of refunds relating to MetLife Protect Super.

Direct debit service agreement

The terms and conditions which relate to the use of direct debit payments from your bank account or credit card directly to MetLife are available online at www.metlife.com.au/content/dam/metlifecom/au/direct-debit-agreement/MetLife_Direct-Debit-Request-20201001.pdf. Privacy Policy - Trustee

When you provide instructions to Equity Trustees Superannuation Limited and/or any related bodies corporate under EQT Holdings Limited ("the EQT Group"), the EQT Group will be collecting personal information about you. This information is needed to admit you as a member of the Fund, administer your benefits and identify when you may become entitled to your benefits and to comply with Australian taxation laws and other applicable laws and regulations. If the information requested is not provided, the EQT Group may be unable to process your application or administer your benefits, or your benefits may be restricted.

Use and Disclosure

The information that you provide may be disclosed to certain organisations to which the EQT Group has outsourced functions, or which provide advice to the EQT Group and/or to Government bodies, including but not limited to:

- organisations involved in providing administration and custody services for the Fund, the Fund's insurers, accountants, auditors, legal advisers, and/or those that provide mailing and/or printing services;
- in the event that you make a claim for a disablement benefit, the insurer may be required to disclose information about you to doctors and other experts for the purposes of assessing your claim;
- the ATO, APRA, ASIC, AUSTRAC, Centrelink and/or other government or regulatory bodies; and
- those where you have consented to the disclosure and/or as required by law.

In some cases, these organisations may be situated in Australia or offshore though it is not practicable to list all of the countries in which such recipients are likely to be located.

Collection of Tax File Number (“TFN”)

We are authorised by law to collect your TFN under the Superannuation (Industry) Supervision Act 1993 (Cth). We will only use your TFN for legal purposes including calculating the tax on payments, providing information to the ATO, transferring or rolling over your benefits to another superannuation fund and for identifying or finding your superannuation benefits where other information is insufficient.

Under the law, you do not have to supply your TFN but if you do not, your benefits may be subject to tax at the highest marginal rate on withdrawal plus the Medicare Levy (note, that you cannot participate in the MetLife Australia Superannuation Fund if you do not provide your TFN).

Direct Marketing

The Equity Trustee (EQT) Group may from time to time provide you with direct marketing and/or educational material about products and services the EQT Group believes may be of interest to you.

Should you not wish to receive this information from the EQT Group (including by email or electronic communication), you have the right to “opt out” by advising the EQT Group by telephoning (03) 8623 5000, or alternatively via email at privacy@eqt.com.au.

Access and Correction

Subject to some exceptions allowed by law, you can ask for access to your personal information. We will give you reasons if we deny you access to this information. The EQT Group Privacy Policy outlines how you can request to access and seek the correction of your personal information.

Privacy complaints

The EQT Group Privacy Policy contains information about how you can make a complaint if you think the EQT Group has breached your privacy and about how EQT will deal with your complaint.

MetLife Protect Super

MetLife Protect Super is a superannuation product for the purpose of providing access to MetLife's risk-only insurance cover inside superannuation. There is no account balance or investment component in relation to MetLife Protect Super.

The Trustee

Equity Trustees Superannuation Limited (ABN 50 055 641 757, AFSL 229757) ('the Trustee') as the trustee for the MetLife Australia Superannuation Fund ('the Fund'), which is a division of the Smart Future Trust (ABN 68 964 712 340), is the issuer of MetLife Protect Super.

When you apply for insurance through MetLife Protect Super you are also applying to become a member of the Fund. Once your application for MetLife Protect Super is accepted, MetLife issue a Policy to the Trustee on your behalf, and your membership of the Fund commences.

Your MetLife Protect Super Policy will be owned by the Trustee. All premiums and benefit payments will be made through the Fund within certain restrictions under superannuation law. The terms and conditions of the MetLife Policy(ies) chosen by a member of the Fund apply to the provision of cover and the payment of benefits including eligibility criteria (which may include a member's occupation and age, maximum insured benefits, benefit expiry provisions and exclusions). When applying for insurance through the Fund, you should consider the terms and conditions for insurance cover available inside superannuation summarised in this PDS (and set out in more detail in the Policy Terms).

The Fund

The Fund is a regulated superannuation fund under the Superannuation Industry (Supervision) Act 1993 (Cth) (SIS). SIS provides members with certain protections and the Trustee must comply with all standards in the management and operation of the Fund. Non-compliance with these standards may result in penalties payable by the Trustee.

The Fund is administered by SmartMonday Solutions Limited (AFSL 236667) (ABN 48 002 288 646) Hub Customs House, Level 3, 31 Alfred Street, Sydney NSW 2000 who has in turn appointed Insurance & Superannuation Administration Services Pty Ltd (ABN 31 058 682 876) (ISAS), PO Box 1305, South Melbourne, VIC 3205, to assist with the administration of the MetLife Australia Superannuation Fund.

The Fund is governed by a Trust Deed that includes rules for the operation of and the benefits payable from MetLife Australia Superannuation Fund. The Trust Deed will prevail if there is any inconsistency with the PDS, to the extent of the inconsistency. A copy of the Trust Deed may be obtained free of charge by contacting the Customer Experience Team on 1800 523 523 or by sending an email to auprotect@metlife.com or online at www.smartmonday.com.au.

Insurance in MetLife Protect Super

The insurance cover types that are available through MetLife Protect Super are:

- Life Cover (Standard Cover);
- TPD Cover (Standard Cover); and
- Income Cover (Standard Cover).

For more information about the cover (and associated Extra Cost Options) available inside the Fund, see page 15.

The circumstances in which insured benefits are payable under these covers are consistent with restrictions inside superannuation law on the payment of superannuation benefits from superannuation funds (called "conditions of release") for death, a terminal medical condition, permanent incapacity or temporary incapacity. Relevant definitions, for the purposes of these conditions of release are summarised as follows:

Terminal medical condition: means two registered medical practitioners have certified, jointly or separately, that a member is suffering an Illness, or has incurred an Injury that is likely to result in their death within 24 months from the date of the last certification. At least one of the medical practitioners must be a specialist practicing in an area related to the Illness or Injury suffered by the member. For each of the certificates, the certification period must be current.

Permanent incapacity: means the Trustee is reasonably satisfied that, due to physical or mental ill health, the member is unlikely to engage in Gainful Employment for which the member is reasonably qualified by education, training or experience.

Temporary incapacity: means the Trustee is satisfied that, due to physical or mental ill health, the member has ceased to be Gainfully Employed (including a member who has ceased temporarily to receive any gain or reward under a continuing arrangement for the member to be Gainfully Employed), but the member is not permanently incapacitated. The amount which may be released can't exceed the member's income in the period immediately before the onset of their ill health. If the member was not Gainfully Employed when they became ill, this condition of release will not be met.

No account balance

Unlike some superannuation products, MetLife Protect Super is not an investment product and you will not have an account balance. The amount of your contribution or rollover may not exceed the insurance premium (including any associated charges) required to be paid by the Trustee to MetLife.

The contributions or rollovers will not be invested on your behalf and will not earn investment returns; and the benefit can't be transferred by you to another fund. The contributions or rollovers simply cover your premium.

How to pay the premiums through MetLife Protect Super

The Trustee will only accept personal contributions or rollovers where permitted under superannuation law, and only the amount necessary for the purpose of paying insurance premiums for your insurance Policy inside superannuation. MetLife Protect Super does not accept employer contributions, contributions from your spouse, government co-contributions or eligible contributions from the proceeds of the sale of your residential home (called 'downsizer contributions').

As soon as your application for MetLife Protect Super is accepted and you become a member of the Fund, you can start making contributions or arranging payment via rollover. You can only become a member of the Fund if MetLife accepts your application for insurance cover and the Fund is able to accept personal contributions or rollovers from you under superannuation law. Consequently, to be a member of the Fund, you must provide your tax file number to the Trustee – see page 86 for more details.

You must meet the full cost of the premium for your Policy inside superannuation by:

- making a personal contribution to the Fund for the amount of your premium (note, that contributions from your spouse, employer or the government are not accepted); or
- arranging a rollover from another complying superannuation fund.

Note: The MetLife Australia Superannuation Fund's USI is 68964712340007.

Superannuation rollovers

If you choose to pay your premium through a rollover from an eligible superannuation fund, you may only pay your premium yearly.

Your nominated superannuation fund may apply limits or other conditions on rollovers, such as minimum withdrawals, and may charge fees or costs for processing your request. You should check the terms and conditions with your nominated fund and ensure there is sufficient balance in your account to cover the rollover each year. Failure to do this can result in your MetLife Protect Super Policy (and Fund membership) being cancelled due to non-payment of premiums.

The Trustee will provide you with a rollover request form that tells the Trustee of your superannuation fund to roll over the required premium amount to the Fund when your Policy starts and then yearly as each premium is due.

If your premium is paid through a rollover, you will receive a rebate of 15% of the amount of your premium to reflect the benefit of a tax deduction that the Trustee can generally claim for premiums the Trustee pays to MetLife. In that instance, you will only need to rollover an amount equal to 85% of the premium. The rollover amount, plus the amount of rebate, must equal the yearly premium due.

The rebate is at the Trustee's discretion. Consequently, the Trustee may not provide the rebate if it does not receive the benefit of any tax deduction or it may cease to offer the rebate altogether at any time in the future where the Trustee considers it appropriate to do so.

The Trustee will not accept rollovers with an untaxed element or rollovers that contain United Kingdom (UK) transfer or New Zealand KiwiSaver transfer amounts. Rollovers that cannot be accepted will be returned to the transferring superannuation fund and you will be requested to provide alternative instructions so that the premium can be paid.

Who can make personal contributions?

You can elect to make personal superannuation contributions to fund your insurance premiums. Under superannuation law, you may only make personal superannuation contributions where the Fund holds a valid Tax File Number (TFN) for you.

Once you turn 67 (and up until you turn 74), you can only make personal contributions if you have been Gainfully Employed for at least 40 hours in any 30 consecutive day period in the financial year the contribution is made (known as the 'work test'). At this time you may be required to complete a work test declaration. The declaration must be provided annually, for each year you wish to contribute.

A one-year exemption from the work test applies for those aged over 67 with a total super balance (across all the superannuation products they participate in) of under \$300,000 as at the end of the previous financial year (30 June). Under this exception, for the first financial year that you don't meet the work test requirement you can still make after-tax contributions to your superannuation, provided you have not used the work test exemption in a previous financial year. Work test exempt contributions will be subject to the applicable contributions cap (see page 87). From 1 July 2022 the work test requirement has been repealed and is no longer required in relation to voluntary super contributions. Speak to your Financial Adviser or go the ATO website for updated information.

Once you turn 75, you are no longer eligible to make personal contributions.

If you are no longer eligible to make contributions, either because you cannot satisfy the work test or else have turned 75, you will need to fund your insurance premiums via rollover. Failure to do this will result in your MetLife Protect Super Policy being cancelled (and membership of the Fund ceasing) due to non-payment of premiums.

Please note, MetLife may also accept an application from you, without underwriting, for your cover to continue on the same terms under an equivalent MetLife non-superannuation Policy, subject to eligibility criteria.

Government co-contribution

If you have made a personal non-concessional contribution (after-tax) to a complying superannuation fund, you may qualify for a government co-contribution. Your entitlement is capped under law and will be assessed by the Australian Taxation Office (ATO).

As an insurance-only superannuation product, MetLife Protect Super is not able to accept the co-contribution. You may wish to have the ATO direct your government co-contribution to an alternative superannuation fund.

You should speak to your Financial Adviser or a qualified tax specialist or call the ATO to see if you are eligible for the government co-contribution.

Nominating beneficiaries

You can supply details of, cancel or change your Nominated Beneficiaries by completing the relevant Trustee nomination of beneficiaries form.

If you die, any insurance benefits issued under MetLife Protect Super are paid to the Trustee. You can choose who the Trustee pays benefits to in the event of your death while a member of the Fund.

You can nominate up to five beneficiaries to receive your death benefit in the event of your death. All Nominated Beneficiaries must be one of the following at the time of your death:

- your spouse (including de facto);
- a child of any age (including an adopted child and step child) of you or your spouse;
- any other dependant as permitted under superannuation law; and
- your personal legal representative (executor of the will or administrator of the estate).

For this purpose, 'spouse' means:

- a person to whom you are legally married (whether of the same or a different sex);
- a person (whether of the same or a different sex) who, although not legally married to you, lives with you on a genuine domestic basis in a relationship as a couple (such as de facto spouse); or
- a person (whether the same or a different sex) with whom you are in a relationship that is registered under a relevant law of a state or territory.

A dependant includes someone who is financially dependent on you at the time of your death. It also includes someone in an interdependency relationship with you at the time of your death (based on criteria under superannuation law).

There are two types of nomination you can make (described below). It is important that you keep your nomination up to date in line with your personal circumstances.

1. Non-binding nomination

If you give the Trustee a non-binding nomination (or your binding non-lapsing nomination is treated as a non-binding nomination – see below), the Trustee may pay your death benefit to the beneficiaries you have nominated in the proportions you chose. But the Trustee will first consider other matters such as, if your circumstances have changed since you made the nomination and if there are other dependants. A change in your circumstances can impact on a non-binding nomination so you should ensure you review it if your circumstances change. Where you have made a non-binding nomination to the Trustee, the Trustee will take your wishes into account but has complete discretion in deciding which of your beneficiaries (nominated or otherwise) will receive your death benefit.

2. Binding nomination – non-lapsing

If you gave the Trustee a binding nomination that is valid and effective (that is, that meets the Trustee's requirements for the making of a non-lapsing binding nomination), the Trustee will pay your death benefit to the beneficiaries you nominated in the proportions you chose. To be effective, you must sign a binding

nomination and have it witnessed by two adults over the age of 18 who are not your Nominated Beneficiaries. Your nomination will be treated as non-binding unless you have completed this form correctly and provided it to the Trustee.

If you have a binding nomination – non-lapsing, it will not automatically lapse because a specified period of time has elapsed (3 years) but it will lapse if you marry or divorce after it is put in place. You should revise your nomination if your circumstances change.

3. No nomination

If you don't make any nomination (non-binding or binding nomination – non-lapsing), or if you make an invalid nomination, or your nomination is ineffective at the time of your death (for example, you have nominated a person who is not your dependant), or your nomination has been revoked or lapsed at the time of your death, the Trustee will have complete discretion in deciding which of your dependant(s) and/or legal personal representative it will pay your death benefit to (and the proportions payable).

Your nomination only applies to benefits released on death (that is, death benefits).

Transfer of Fund monies

If you paid your premiums by rollover and you are due a premium refund, the money will be returned to the superannuation fund the rollover came from or, if this is not possible for any reason, to another complying superannuation fund nominated by you.

If you paid your premiums by personal contributions, any refunded premiums must be rolled over to another complying superannuation fund nominated by you.

If you do not nominate another superannuation fund, the Trustee will transfer the refund amount to the ATO.

The Trustee may also transfer any amounts or benefits held for you in the Fund to the ATO. Under recent legislative reforms, the Trustee has the ability to transfer monies to the ATO where the Trustee deems this to be in the best financial interests of a member or former member of the Fund.

Where the ATO receives an amount from the Trustee, it will seek to proactively reunite the amount with a member's active superannuation account. You can find information about ATO-held super at ato.gov.au or through a myGov account linked to the ATO.

Where possible, you will be given prior written notice if your monies are transferred out of the Fund.

Tax File Number (TFN)

The Trustee is authorised under superannuation law to collect, use and disclose your TFN. The Trustee may disclose your TFN to another superannuation provider, when transferring amounts from the Fund to that provider, unless you request in writing that your TFN not be disclosed to any other superannuation provider. The Trustee may disclose your TFN to the ATO and as otherwise permitted or required by law. Declining to quote your TFN to the Trustee is not an offence. However, giving your TFN has the following advantages:

- the Fund can accept personal contributions from you, to meet the cost of insurance cover;

- it will make it much easier to identify different superannuation accounts in your name so that you receive all your superannuation benefits when you retire;
- other than tax that may ordinarily apply, you will not pay more tax than you need to in relation to contributions to and benefits from the Fund.

The way in which the Trustee is authorised to use your TFN and the impact of not providing it may change if the tax law changes.

Important

1. Your TFN is confidential.
2. You are unable to take out a MetLife Protect Super Policy if you do not wish to supply your TFN because this superannuation product is only available to individuals who are able to make personal contributions to the Fund.
3. If you do not supply a valid TFN to the Trustee at the time of application your application will be treated as invalid and you will not be able have insurance through the Fund.

Fees and Costs

You must pay MetLife's insurance premiums including any associated insurance costs (eg. stamp duty) applicable to your insurance cover through contributions or rollovers to MetLife Protect Super. For information about MetLife's charges see page 80.

You won't be charged any additional fees for holding your insurance through MetLife Australia Superannuation Fund. What you actually pay for your insurance cover depends on whether you meet the cost of your premium by making personal contributions or rollovers to the Fund – for details see page 85.

The Trustee retains the benefit of tax deductions it receives for insurance premiums paid by making personal non-deductible contributions.

MetLife Protect Super – Taxation

This section contains general information based on taxation laws in force at the time of preparation of this PDS. How the law affects you will depend on your individual circumstances.

You should consider speaking to a registered tax adviser about your tax affairs. Further information is available at www.ato.gov.au.

Contributions caps

Contributions to superannuation funds are generally classified as either concessional or non-concessional.

Rollovers used to fund your MetLife Protect Super insurance are not treated as concessional or non-concessional contributions. Rollovers are not subject to contributions tax unless some part of the benefit is an untaxed element. The Fund does not accept rollovers with an untaxed element. If the Fund receives a rollover with an untaxed element, your rollover will usually be returned to the sending superannuation fund (see page 86).

Concessional contributions caps

Personal contributions to the MetLife Australia Superannuation Fund will be considered concessional contributions only if you claim a tax deduction. Eligibility requirements apply – see 'Tax deductions for concessional contributions' on page 88:

For concessional contributions:

- Contributions tax at a rate of 15% usually applies to concessional contributions and is payable by the Fund. Note: generally this tax will not be payable by the Fund on your concessional contributions because the tax deduction received by the Trustee for the insurance premiums it pays to MetLife offsets any contributions tax payable (this is subject to change if tax deductions are not obtained by the Trustee).
- If you contribute over the concessional contributions cap of \$27,500 (for the 2021/22 financial year, subject to future indexation) to superannuation (across all superannuation products you participate in), you will be liable to be taxed at your marginal tax rate on the excess (less a 15% offset). Your concessional contributions cap may be higher. Please contact your tax adviser for more information.
- If you are considered a high income earner, you may be liable to additional tax on concessional contributions under Division 293 of the Income Tax Assessment Act 1997 (Cth). This Division levies an additional tax of 15% on concessional contributions where your income and concessional contributions exceed the high income earner threshold as defined under the taxation laws. For the 2021/22 year, the high income earner threshold is \$250,000.
- In certain circumstances, you may be able to withdraw an amount from a superannuation fund to pay additional tax you incur, for example tax on excess concessional contributions. However, as you will not have an account balance with the MetLife Australia Superannuation Fund you will not be able to release amounts from the Fund, but you may release an amount to pay any additional tax liability above from another superannuation fund (up to the maximum available release amount for that superannuation interest). To do this, you would need to present a release authority issued by the ATO.
- Any excess concessional contributions not withdrawn under the release authority will also count towards your non-concessional contributions limit.

Non-concessional contributions caps

Personal contributions to the Fund will be treated as non-concessional contributions if you don't claim a tax deduction.

For non-concessional contributions:

- Non-concessional contributions are not usually subject to tax, provided your non-concessional contributions do not exceed the applicable cap. For the 2021/22 financial year, non-concessional contributions are capped at \$110,000 (across all superannuation products you participate in) subject to increase with any indexation. However, your non-concessional contributions cap may be lower or nil depending on your circumstances (such as your total accumulated superannuation across all superannuation products you participate in). Please see your tax adviser for more information.
- If you are under age 67, you may be able to bring forward two years of future non-concessional contributions, giving you a cap of \$330,000 over a three-year period. Transitional rules also may apply if you made non-concessional contributions in excess of the non-concessional contributions cap that applied in previous financial years. Please contact your tax adviser for more information. If you exceed your non-concessional contribution cap, you can choose to withdraw the excess and 85% of the earnings under a release authority issued by the ATO. The

earnings will be taxed at your marginal tax rate, less a 15% offset. If you choose not to withdraw your excess non-concessional contributions they will be taxed at 47%.

- As you will not have an account balance with the Fund you will not be able to release any amounts from the Fund.

The non-concessional contribution cap rules are complex so you should speak to your registered tax adviser or go to the ATO website.

Tax deductions for concessional contributions

For you to claim a tax deduction for personal contributions to the MetLife Australia Superannuation Fund you must meet certain eligibility and other requirements including:

- The contribution must be made on or before the 28th day after the month in which you turn age 75.
- If you are under age 18 at the end of the year of contribution you must have derived income from being engaged in carrying on a business or employment for the purposes of the Superannuation Guarantee legislation.
- You must have lodged with the Fund, while you are a member a valid Section 290-170 notice of intention to claim a deduction before the earlier of the date you lodge your tax return for the year in which the contribution is made, or the following 30 June after that year.
- You must have received an acknowledgement of receipt of the notice from the Fund before you lodge your tax return for the relevant year. The Trustee is not required to issue an acknowledgement in certain circumstances including if the Trustee is unable to pay any contributions tax applicable to contributions treated as tax deductible against your income.

Go to the ATO website or speak to your registered tax adviser for more information about claiming a tax deduction.

Tax rebates

The Trustee receives tax deductions for insurance premiums paid to MetLife from your account in the Fund for the cost of insurance cover. The Trustee may pass on the benefit of tax deductions it receives to you as a tax rebate.

If you are making a superannuation rollover into the Fund to pay your insurance premiums, a rebate may be available to contribute to the cost of your Policy. If so, this will be automatically calculated for you and the Trustee will request a rollover for the balance from your nominated super fund. Refer to page 85 for more information.

If you make deductible (concessional) personal contributions to the Fund to pay your insurance premiums, a rebate will be available to you which will be used to meet the Fund's contributions tax liability in respect of the contributions.

If you make non-concessional personal contributions to the Fund to pay your insurance premiums, there is no rebate available to you.

Tax Treatment of Benefit Payments

Different tax treatments apply depending on the nature of your benefit payments from the Fund. These are summarised as follows:

a. Death Benefits

MetLife Protect Super lump sum death benefits paid to a dependant (for tax purposes), or the member's estate (through the legal personal representative) where the beneficiaries are dependants of the member (for tax purposes), are not subject to tax.

For MetLife Protect Super lump sum death benefits paid to non-dependants (for tax purposes), or the member's estate to the extent the beneficiaries are not dependants for tax purposes, tax is payable at the following rates:

- There is no tax payable on any tax free element.
- Up to 15% plus any applicable levies on any taxed taxable element.
- Up to 30% plus any applicable levies on any untaxed taxable element.

Please note, that the definitions of a dependant for tax purposes and under superannuation law are different. For example, a child aged 18 or more is not a dependant for tax purposes (unless dependency is established on another basis).

b. Terminal Illness Benefits

MetLife Protect Super lump sum benefits paid to a person with a terminal medical condition (as defined under superannuation law) are not subject to tax.

c. TPD Cover Benefits

- If you are age 60 or over, there is no tax payable on lump sum TPD Cover benefits paid to you for permanent incapacity (as defined under superannuation law).
- If you are under your preservation age (your preservation age is 55-60, depending on your year of birth), the tax free component is taxed at 0% and the taxable component is taxed at a maximum of 20% (plus the Medicare levy of 2%).
- If you are between your preservation age and age 60, the tax free component is taxed at 0% and the taxable component is taxed at 0% (up to a low rate cap (\$225,000 for 2021/22) or up to 15% plus applicable levies over the cap).

d. Income Protection Benefits

Cover benefits paid to you because you are suffering temporary incapacity (as defined under superannuation law) are taxed at your marginal tax rate plus applicable levies, and PAYG tax will be deducted by MetLife from the benefits (and paid to the ATO) on behalf of the Trustee.

Risks of holding insurance through MetLife Protect Super

With any financial product, you should be aware of the risks when considering whether the product is appropriate for your needs.

With MetLife Protect Super, you should be aware that:

- there is no accumulation balance on your account;
- all contributions and rollover amounts are to fund insurance premiums and are subject to limitations (which may have tax implications) not applicable to the payment of insurance premiums for insurance outside superannuation;
- your contributions to the Fund are preserved and can't be refunded to you, even if they are refunded to the Fund from MetLife. The contributions are preserved according to superannuation law and may only be released back to you if one of the specified conditions of release occurs, for example, death or permanent incapacity. However, the MetLife Australia Superannuation Fund cannot pay a retirement benefit to you;
- if you exceed any applicable contributions cap as prescribed under tax law, your contributions to the Fund can't be refunded to you after they have been used to meet your MetLife Protect Super insurance premiums;

- your superannuation account does not have an investment component and no investment earnings will be payable on contributions or rollovers received at any time. Also, usually, no interest is payable on amounts we receive for you (including refunds and insured benefits);
- when paying insurance premiums by rollover(s) to the Fund, your premiums will result in a reduction of your account balance in the other fund and may impact your retirement savings;
- the benefit you receive from the Fund may be less than insured benefit paid by MetLife if tax applies on the payments to you, according to superannuation and taxation legislation. Benefit payments from a superannuation fund are taxed differently to benefit payments you receive directly from MetLife outside superannuation;
- in addition to the Policy Terms (and Policy Schedule or any other Important Documents) applicable to your insurance cover, the payment of benefits from the Fund is subject to the Fund's Trust Deed and Trustee obligations under superannuation laws. This means the type of insurance benefits and options available inside superannuation are different to those available outside superannuation;
- tax and superannuation laws may change in the future, which may impact the suitability of holding insurance inside superannuation;
- if your Income Cover is wholly held inside superannuation, the yearly Indexation increase may mean that your Income Cover Monthly Cover Amount and Monthly Superannuation Contribution Amount becomes greater than the amount you would be eligible to claim and may not meet the condition of release requirements under superannuation law. This means you may be paying premiums for a benefit amount you cannot receive.

While the Trustee has determined that MetLife's insurance cover can be held inside superannuation, this does not mean that the Trustee considers the Policy issued by MetLife (to the Trustee as Policy Owner, but otherwise referred to as 'your Policy') in respect of your insurance cover is suitable for your personal situation, objectives or needs. The performance of MetLife or the outcomes of your Policy are not guaranteed.

You will only be entitled to a benefit from the Fund if an insured benefit is paid by MetLife and the benefit is permitted under superannuation law.

See page 8 for information about risks associated with insurance.

Trustee communications

The Trustee produces an annual report for members each year giving important information about the Fund and any relevant changes inside superannuation legislation. You can get a copy of the annual report from the Fund's website at www.smartmonday.com.au and it will be available after the end of each financial year.

The Fund's website contains other important information from the Trustee, including this PDS, the Trust Deed and the names of each outsourced service provider to the Fund.

Information on the Trustee and executive remuneration and other information or documents required to be disclosed on the Trustee's website are available at www.egt.com.au/superannuation/etsl-registrable-superannuation-entity-disclosures.

Claims involvement

The Trustee will only make a payment to a Fund member (or the member's Nominated Beneficiaries) if the claim is admitted by MetLife. Additionally, the Trustee can only release a benefit if it is permitted to do so under the Trust Deed and superannuation law.

The Trustee does not guarantee any payment of any benefit.

The Trustee and MetLife will refer claims related disputes to a claims review committee made up of a representative of the Trustee and MetLife and an independent chair, agreed by the Trustee and MetLife, and any other committee members as may be agreed between the Trustee and MetLife.

If a benefit is paid to the Trustee for you, interest may be added to the benefit up to the date it is released, if there is an unreasonable delay in the Trustee's payment to you. The amount of interest will be determined by the Trustee at its discretion.

Enquiries and Complaints about MetLife Protect Super

If you have any questions about the Fund (including insurance cover through the Fund), please contact the Administrator on (03) 9621 7225. Your questions will be dealt with as soon as possible.

If you have a complaint, please contact the Complaints Officer using the contact details below:

Complaints Officer
PO Box 1305
South Melbourne VIC 3205
Phone: (03) 9621 7225

The Trustee has established a formal internal complaints resolution procedure for complaints relating to the operation or management of the Fund (including insurance cover through the Fund). MetLife assist the Trustee of the Fund in handling complaints associated with insurance cover provided through the Fund.

Once you have reported a complaint to us, the Trustee (or other person acting on the Trustee's behalf) will respond to any questions or complaints as soon as possible. The length of time required to resolve your complaint depends on the nature and complexity of the matter. By law, we're required to deal with your complaint within 45 days unless an alternate timeframe applies (for example a complaint about a death benefit distribution must be resolved within 90 days of the end of the 28 day objection period).

If you are not satisfied with how your complaint has been dealt with, you may also wish to lodge your complaint with Australian Financial Complaints Authority (AFCA).

You can contact AFCA at any time (see details below), although they are likely to refer you back to the Complaints Officer if you have not commenced the Trustee's internal complaints resolution process before you raise the matter with AFCA.

Melbourne VIC 3001
Phone: 1800 931 678
Email: info@afca.org.au
Website: www.afca.org.au

AFCA provides a fair and independent complaint resolution service that is free to consumers.

You should act promptly as time limits may apply in lodging complaints with AFCA. Please consult the AFCA website or contact AFCA for further information regarding applicable time limits and whether AFCA can handle your complaint.

For information about privacy complaints, see page 83.

Cooling off period

You have 30 days from the date you become a member of the Fund to ensure this superannuation product meets your needs, for example, your insurance needs.

If you exercise your right to cancel your membership of the Fund during this cooling off period, it will also affect your MetLife Protect Super insurance cover. Where applicable, provided you have not made a claim MetLife will return any premiums to the Trustee.

If your premiums were paid using rollovers from another fund, the Trustee will usually return the money to that fund or if this is not possible, to a superannuation fund of your choice.

If your premiums were paid using personal contributions, these will be rolled over to a superannuation fund of your choice.

The refund amount may be reduced for any tax payable by the Trustee to the ATO.

In some circumstances, the refund amount may be paid to the ATO - see page 86.

Please be aware that premiums returned to the Trustee are subject to the superannuation preservation rules. For more information please consult your Financial Adviser.

When does your MetLife Protect Super membership end?

Your membership with the Fund usually ends after your MetLife Protect Super insurance ends. Therefore, if you cancel all your MetLife Protect Super insurance issued to the Trustee, or all the MetLife Protect Super insurance ceases under your Policy (for example, because you reach the expiry age) your membership in the Fund also ceases.

MetLife Protect Super may also end when you are no longer eligible to contribute to superannuation which results in outstanding premiums (unless you are able to use rollovers to continue to fund your premiums).

In this instance, MetLife may accept an application from you (without underwriting), for your cover to continue on the same terms under an equivalent MetLife non-superannuation Policy, subject to eligibility criteria.

Anti-money laundering and counter terrorism financing requirements

As a result of anti-money laundering and counter terrorism financing requirements in government legislation, you may be required to provide proof of identity prior to being able to access your benefits in cash (called "customer identification and verification" requirements).

These requirements may also be applied by the Trustee from time to time in relation to the administration of your superannuation benefits as required or considered appropriate under the government's legislation. You will be notified of any requirements when applicable. If you do not comply with these requirements there may be consequences for you, for example, a delay in the payment of your benefits.

As a result of the requirements, the Trustee is subject to the supervision of another regulatory body called Australian Transaction Reports and Analysis Centre (AUSTRAC) that has responsibility for the government's legislation. The Trustee is required to provide yearly compliance reports to AUSTRAC and notify AUSTRAC of suspicious transactions. This may involve the provision of personal information about you to AUSTRAC.

You must not knowingly do anything to put the Trustee in breach of the Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth) (AML/CTF Laws) and/or its internal policies and procedures, rules and other subordinate instruments. You undertake to notify the Trustee if you are aware of anything that would put Equity Trustees Superannuation Limited in breach of AML/CTF Laws.

If requested, you agree to provide additional information and assistance and comply with all reasonable requests to facilitate the Trustee's compliance with Laws in Australia or an equivalent law in an overseas jurisdiction and/or its internal policies and procedures.

You undertake that you are not aware and have no reason to suspect that:

- the money used to fund the insurance is derived from or related to money laundering, terrorism financing or similar activities (illegal activities); and
- proceeds of insurance made in connection with this product will fund illegal activities.

In making an application pursuant to the PDS, you consent to the Trustee disclosing, in connection with AML/CTF Laws and/or its internal policies and procedures, any of your personal information as defined in the Privacy Act 1988 (Cth).

In certain circumstances, the Trustee may be obliged to freeze or block an account where it is used in connection with illegal activities or suspected illegal activities. Freezing or blocking can arise as a result of the account monitoring that is required by AML/CTF Laws and/or its internal policies and procedures. If this occurs, the Trustee is not liable to you for any consequences or losses whatsoever and you agree to indemnify the Trustee if the Trustee or its representatives are found liable to a third party in connection with the freezing or blocking of your account.

The Trustee retains the right not to provide services to any applicant that Trustee decides, in its sole discretion, that it does not wish to supply.

Policy Terms

This section introduces the contract, including the parties to any contract(s) of insurance, the insurance cover provided and other important matters applicable to any Policy issued by MetLife.

References to 'we', 'us' and 'our' in these Policy Terms refer to MetLife as the insurer in relation to all cover.

References to 'you' and 'the Policy Owner' throughout the Policy Terms refer to the person or persons or entity MetLife has entered into an insurance contract with and to whom the benefit is paid, unless otherwise indicated.

General interpretative matters

Some expressions and words used throughout these Policy Terms have an initial capital letter to indicate that they have a special meaning, which may have a bearing on your eligibility to claim. The definition for these words and phrases can be located in sections 10 and 11 on pages 131 to 144 of the Policy Terms.

Headings in these Policy Terms have been included to aid understanding but the headings do not alter how these Policy Terms are to be interpreted unless stated otherwise or the context indicates to the contrary.

Where the context allows, words indicating the singular can be taken to mean the plural and vice versa.

The words "include", "including", "for example" or "such as" are not to be interpreted as words of limitation, and when such words introduce an example, they do not limit the meaning of the words to which the example relates.

The contract of insurance is comprised of the Policy Schedule or any other Important Documents we issue to you and these Policy Terms. Unless specified, all aspects of these Policy Terms apply equally to insurance cover issued to the Trustee of a superannuation fund (inside superannuation) and all other non-superannuation insurance (non-superannuation).

We will only enter into a contract of life insurance with an Australian Resident.

Parties to the contract

Issuer

MetLife Protect is issued by MetLife Insurance Limited (ABN 75 004 274 882, AFSL 238096) ('MetLife').

Superannuation

MetLife Protect Super is issued by Equity Trustees Superannuation Limited (ABN 50 055 641 757, AFSL 229757, RSE Licence L0001458) (the 'Trustee') as trustee for the MetLife Australia Superannuation Fund (USI 68964712340007) ('the Fund'), which is a division of the Smart Future Trust (ABN 68 964 712 340).

When you take out MetLife Protect Super you will be provided insurance cover from us through the Fund. The Trustee will be the Policy Owner and is responsible for paying benefits to you (as the Life Insured) out of the Fund.

Life Insured

The Life Insured is the person whose life is insured under the Policy, as named on the Policy Schedule or any other Important Documents.

The Life Insured must be an Australian Resident when their application for insurance cover is made.

Policy Owner

The Policy Owner may or may not be the Life Insured.

For insurance inside superannuation, the Policy Owner is the Trustee of the superannuation fund. For a Policy issued through MetLife Protect Super, the insured member of the Fund, as the Life Insured, has certain rights, entitlements and obligations in relation to the Policy. In this case, a reference to 'you' or 'your' will also include the MetLife Protect Super Life Insured.

We pay the Policy Owner or (in the case of insurance outside superannuation) the Nominated Beneficiary (in the case of Death Benefits, where a nomination has been made by the Policy Owner and accepted by us) any benefits if a claim is accepted under the Policy.

Where there is more than one Policy Owner for a non-superannuation Policy, unless otherwise shown on a Policy Schedule or any other Important Documents, the Policy will be owned by them as joint tenants.

Where permitted by law, the Policy Owner may assign or transfer the ownership of a non-superannuation Policy, or a Policy issued to the trustee of an SMSF, by completing a Memorandum of Transfer and registering the assignment with us. Failure to register the assignment with us may affect the rights of the new owner to claim under the Policy. A Memorandum of Transfer form is available from us upon request.

1. The Policy

1.1 Policy Schedule and Important Documents

The Policy Schedule or any other Important Documents form part of the Policy and confirms the cover that applies for a Life Insured. It contains important details about the insurance, including details of the choices you have made in relation to each cover. For example, the cover amount of each type of cover, and which Extra Cost Options and/or Extras Covers you have selected.

We agree to pay the benefit for the cover(s) shown for each Life Insured to the Policy Owner/s or the Nominated Beneficiary in accordance with these Policy Terms.

Benefits payable are subject to the limitations, reductions and exclusions for the cover(s) you have selected, as described in these Policy Terms, and any special conditions set out on the Policy Schedule or any other Important Documents.

The covers that apply to the Life Insured start on Cover Commencement. They end on the cover Expiry Date as shown on the Policy Schedule or any other Important Documents for that Life Insured, unless cover ends earlier as set out in these Policy Terms or according to law.

1.2 Importance of keeping up with your premium

You must pay each premium on the due dates to keep the Policy in force. If your premium becomes overdue, we will write to you to remind you to pay. If the premium has not been paid in full, we will write to you to cancel the Policy including any Linked Policy and/or associated Extra Cost Options and/or Extras Cover. If we do this, your Policy and cover will end.

All Policy premiums are payable in Australian currency.

1.3 Cooling off period

Your Policy may be cancelled within 30 days of the Policy Schedule or any other Important Documents being issued by giving us notice in writing.

If you do this, we will cancel the Policy as requested, and will refund any money paid in relation to the Policy back to the Policy Owner (except any taxation or government charges which we are unable to return).

No refund of premiums will be paid if you have already made a claim for benefits under the Policy.

1.4 No surrender value

The Policy provides insurance cover only. The covers under the Policy do not include investment income or accruals from the investment of your premium. The Policy has no surrender value.

1.5 Continuing cover

You may continue the Policy each year by paying the premium, regardless of changes to the health, occupation or pastimes of the Life Insured.

1.6 When the Policy ends

Your Policy will end on the earliest of the date:

- you request us to cancel the Policy;
- we cancel and/or avoid the Policy in accordance with our legal rights;
- we cancel and/or avoid the Policy because you have not paid the premium when due;
- when all cover ends under the Policy (the circumstances in which each cover will end are set out under each cover section in these Policy Terms); or
- of the death of the Life Insured.

If your Policy ends as a result of any of the above, any Linked TPD Cover, Linked Trauma Cover, and/or associated Extra Cost Options and/or Extras Cover, which are held on a separate Policy, will also end.

For MetLife Protect Super, your Policy will also end when:

- superannuation law requires us to cease your cover unless you have otherwise elected in writing to maintain your cover;
- you cease to be a member of the Fund; or
- you are no longer eligible to make personal contributions to the Fund as prescribed under superannuation law (unless you are able to meet your premium payments from rollovers from another superannuation fund). In this case, we may accept an application from you, without underwriting, for your cover to continue on the same terms under a non-superannuation Policy.

Additionally for MetLife Protect Super, if you are unable to provide a valid TFN for the relevant Life Insured we will treat the cover and any Policy in relation to that Life Insured as never having commenced. This means there will be no cover available for the relevant Life Insured.

1.7 Worldwide cover

Your Policy provides worldwide insurance cover with the following exception for Income Cover: Monthly Benefits are payable for up to six months while residing overseas, with a requirement to return to Australia for the remaining claim duration for benefits to continue beyond six months.

1.8 Guaranteed upgrade

If we improve any of the features or benefits available under MetLife Protect or MetLife Protect Super in the future, which don't result in a premium rate increase, we will automatically apply those improvements to your Policy. If you believe you are disadvantaged in any way by any changes, and inform us, we will revert back to the features and benefits available immediately prior to the change to your Policy. The improvements will apply only to future claims and not to past or current claims, or any claims arising from conditions or circumstances which first occurred, are first Diagnosed, or for which symptoms first become reasonably apparent, before the effective date of those improvements. If certain exclusions, loadings and/or special terms were noted on your Policy Schedule or any other Important Documents previously, these continue to apply.

1.9 Replacement of insurance issued by another insurer

If we issue a cover under your Policy on the condition that it replaces other existing insurance and the insurance being replaced is not cancelled, we may reduce any benefits payable under your Policy by any benefits paid or payable under the other existing insurance.

1.10 Statutory funds

Premiums for the Policy are placed in MetLife's Statutory Fund No. 1 and any benefits paid under the Policy will be paid from this fund. We reserve the right to transfer all or any policies to any new or existing statutory fund, or sub-fund in that statutory fund, with the approval of the appropriate prudential regulator (if necessary).

1.11 Australian law and courts

The Policy is governed by the law that applies within the State of New South Wales and is subject to the exclusive jurisdiction of the Courts of Australia.

1.12 Benefit payments

All amounts payable under the Policy will be paid in Australian currency in Australia.

We may delay or withhold paying a benefit under this Policy where doing so may breach any laws or regulations in Australia, including any sanctions' regulations applicable to us. You must provide all information to MetLife which we reasonably require to comply with money-laundering, terrorism funding or economic and trade sanctions regulations.

For Policies held inside superannuation, we will not pay any benefits or other amounts that may breach the Superannuation Industry (Supervision) Act 1993 (Cth) (SIS) or any regulations made pursuant to SIS. In the event we determine a payment may be in breach of SIS or any regulations made pursuant to SIS we will determine the maximum amount payable under SIS or any regulations made pursuant to SIS and will then pay that amount in substitution of the breaching amount.

2. Life Cover

SUPER

NON-SUPER

2.1 Standard Cover

SUPER

NON-SUPER

If your Policy Schedule or any other Important Documents show that you have Life Cover for a Life Insured and cover was in force at the time of the event giving rise to claim, we will pay a benefit under the following circumstances.

2.1.1 Death Benefit

SUPER

NON-SUPER

We will pay the full Life Cover Amount if the Life Insured dies.

2.1.2 Life Cover – Terminal Illness Benefit

SUPER

NON-SUPER

We will pay the full Life Cover Amount as an advance of the Death Benefit if the Life Insured has a Terminal Illness. We will calculate the Life Cover Amount to be paid as at the date of the second certification.

2.1.3 Life Cover – Immediate Expenses Benefit

NON-SUPER

We will pay a \$30,000 advance of your Life Cover Amount as an initial payment upon notification of the Life Insured's death. The notification must be supported by satisfactory evidence of the cause of death (for example, an Australian death certificate).

Payment of this benefit will reduce the applicable Life Cover Amount by \$30,000. Payment of this benefit is not an acceptance, and does not guarantee payment, of the remaining Life Cover Amount.

2.1.4 Life Cover – Involuntary Unemployment Premium Waiver Benefit

SUPER

NON-SUPER

We will waive the Life Cover, TPD Cover and/or Trauma Cover (including any corresponding Extra Cost Options and/or Extras Cover) premiums for all Policies referable to the Life Insured for a period of up to three months, if we receive suitable evidence that the Life Insured has become Involuntarily Unemployed. Cover will not cease during this period. This waiver will only apply once in any 12-month period and for up to six months in total over the life of the Policy.

The waiver is only available if your premiums are paid up to date at the time the Life Insured becomes Involuntarily Unemployed.

For those who pay their premiums fortnightly or monthly

We will waive the full premiums with respect to Life Cover, TPD Cover and/or Trauma Cover (including any corresponding Extra Cost Options and/or Extras Cover) that fall due during the period of Involuntary Unemployment for up to three months.

For those who pay their premiums annually

We will waive the pro-rated premiums with respect to Life Cover, TPD Cover and/or Trauma Cover (including any corresponding Extra Cost Options and/or Extras Cover) in relation to the period of Involuntary Unemployment for up to three months.

■ 2.2 Extra Cost Options

2.2.1 Specified Events Option

NON-SUPER

The Specified Events Option is only available on a non-superannuation Policy. If your Policy Schedule or any other Important Documents show that you have the Specified Events Option, we will pay a benefit under the following circumstances.

If the Life Insured suffers a Specified Event as listed in Table 40 below, we will pay the corresponding benefit amount, subject to the maximum limits stated.

The Specified Events Option expires on the date the Life Insured turns 65.

Table 40: Specified Event benefits

Specified Event ¹	Benefit amount (% of the Life Cover Amount)	Maximum benefit payment limit
Loss of sight or limb/s		
Blindness Loss of Use of Limb – <i>two or more limbs</i>	75%	\$500,000
Blindness – <i>partial loss</i> Loss of Use of Limb – <i>single limb</i>	50%	\$250,000
Severe Burns		
Severe Burns to at least 20% of body surface or 50% of face	75%	\$500,000
Severe Burns to at least 4% but less than 20% of body surface	30%	\$200,000
Severe Burns to at least 50% of hand surface of either hand	15%	\$100,000
Fracture of:		
Hip (including neck of femur), pelvis (excluding sacrum), skull (excluding bones of face or nose)	10%	\$30,000
Thigh shaft (excluding neck of femur), vertebrae	4%	\$10,000
Lower leg (including kneecap), arm, sternum	3%	\$7,500
Collarbone, foot, hand, jaw, shoulder bone, wrist	2%	\$5,000
Coccyx, eye socket, sacrum	1%	\$3,000
Dislocation of:		
Hip	5%	\$15,000
Ankle, elbow, knee, wrist, shoulder	1%	\$3,000

1. Payment of a benefit under the Specified Events Option will be in addition to any other benefit payment available as a result of death available under Life Cover (Standard Cover, Extra Cost Options or Extras Cover).

2.2.2 Premium Waiver Disability Option

SUPER

NON-SUPER

This option applies if shown on the Policy Schedule or any other Important Documents.

Under this option, premiums for your Life Cover and its corresponding Extra Cost Options and/or Extras Cover will be waived by us if the Life Insured becomes Totally Disabled for six consecutive months.

If the Life Insured continues to be Totally Disabled after six months of continuous Total Disability and we are waiving your premiums, we will refund you the collected premiums for those six months. The premiums due on the Policy must still be paid during those six months of Total Disability.

If the Policy was issued through MetLife Protect Super, and you paid your premiums by rollover, we will refund the premium to the superannuation fund the rollover came from. If you paid your premiums by personal contributions, any refunded premiums must be rolled over to another complying superannuation fund nominated by you.

We will waive your premiums if the Life Insured continues to be Totally Disabled after six months until the earlier of when the Life Insured:

- returns to work;
- is earning income;
- is no longer Totally Disabled; or
- has reached age 65.

When the Life Insured meets any of the above conditions and the premiums are no longer waived, the requirement to be Totally Disabled for six continuous months will start once again.

The following terms apply to the Premium Waiver Disability Option:

- Indexation does not apply when premiums are waived under this option;
- the Life Events Increases Feature is not available when premiums are being waived under this option; and
- we will not waive premiums on restored Life Cover after any of the following options have been exercised:
 - Life Cover Buy Back Option (TPD);
 - Life Cover Buy Back Option (Trauma);
 - Life Cover Purchase Option (Standalone TPD);
 - Life Cover Purchase Option (Standalone Trauma);
 - Double Benefit Option (TPD); and
 - Double Benefit Option (Trauma).

The Premium Waiver Disability Option expires on the date the Life Insured turns 65.

■ 2.3 Extras Cover

2.3.1 Buy/Sell Extras

NON-SUPER

If your Policy Schedule or any other Important Documents show that you have Buy/Sell Extras, we will pay a benefit (or Reimburse expenses) under the following circumstances.

2.3.1.1 Life Cover – Business Exit Expenses Benefit

We will Reimburse the legal and accounting costs of executing your legally binding Buy/Sell Agreement if the Life Insured exits the Business due to death or Terminal Illness. The maximum amount we will Reimburse is \$3,000.

2.3.1.2 Life Cover – Immediate Business Expenses Benefit

We will pay a \$20,000 advance of your Life Cover Amount upon notification of the Life Insured's death. The notification must be supported by satisfactory evidence of death (for example, an Australian death certificate).

This is in addition to any Life Cover – Immediate Expenses Benefit paid under the Standard Cover as specified in section 2.1.3 on page 95.

Payment of this benefit will reduce your Life Cover Amount by \$20,000.

Payment of this benefit is not an acceptance, and does not guarantee payment, of the Death Benefit.

2.4 Life Cover Exclusions

Exclusions and No-Claim Periods apply to Life Cover, including any Extra Cost Options and/or Extras Cover as specified in section 6.4.1 on page 118.

2.5 Life Cover Features

The following features are available with Life Cover, Buy/Sell Extras and/or the Specified Events Option, as described in these Policy Terms:

- Indexation - please refer to section 7.5 on page 128.
- Life Events Increases Feature - please refer to section 7.1 on page 125.

Note: the above features are not available when your premiums are waived under the Premium Waiver Disability Option.

2.6 When Life Cover, Extra Cost Options and Extras Cover ends

Life Cover, Extra Cost Options and Extras Cover end on the Expiry Date, which is:

- For Standard Life Cover the date the Life Insured turns 130;
- For Extra Cost Options and Extras Cover the date the Life Insured turns 65.

Life Cover, Extra Cost Options and Extras Cover will end earlier than the Expiry Date if:

- your Policy ends in the circumstances set out in section 1.6 – When the Policy ends on page 93;
- we pay the full Life Cover Amount under Standard Life Cover;
- you ask us to cancel your cover;
- you have a MetLife Protect Super Policy and the relevant Life Insured turns 75 and you are no longer eligible to make personal contributions to superannuation to pay your insurance premiums (unless premiums continue to be paid via rollover);
- the cover is cancelled and/or avoided in accordance with our legal rights or because you have not paid the premiums when due; or
- the cover was offered with a limited term and an earlier Expiry Date is shown on the Policy Schedule or any other Important Documents.

3. TPD Cover

SUPER

NON-SUPER

3.1 Standard Cover

SUPER

NON-SUPER

If your Policy Schedule or any other Important Documents show that you have TPD Cover for a Life Insured, we will pay a benefit up to the TPD Cover Amount under the following circumstances (provided the TPD Cover was in force at the time of the event giving rise to that claim).

3.1.1 TPD Cover – Any Occupation Benefit

SUPER

NON-SUPER

We will pay the full TPD Cover Amount if the Life Insured:

- has been absent from work for three or more consecutive months, solely due to Illness or Injury; and
- is following the advice of their Medical Practitioner and is undergoing all reasonable rehabilitation and treatment; and
- is unlikely ever to be able to work in any occupation to which they are reasonably suited because of their education, training or experience, solely due to their Illness or Injury.

The three or more months' continuous absence from work requirement is also satisfied if the Life Insured returns to work during the three month period as part of a rehabilitation program mutually agreed between us and the Life Insured. Any return to work while participating in the rehabilitation will not restart the three-month period.

If the Life Insured was engaged in full time Home Duties immediately prior to the Date of Disablement, we will instead assess the Life Insured's eligibility under the TPD Cover – Home Duties Benefit.

If the Life Insured has:

- an Occupation Class shown on the Policy Schedule or any other Important Documents as R or O and was not engaged in full time Home Duties immediately prior to disability; or
- had their cover varied after age 65 in accordance with section 3.1.1.1 below;

we will instead assess the Life Insured's eligibility under the TPD Cover – General Disability Benefit below (section 3.1.4 on the next page).

3.1.1.1 Cover Variation after age 65 – TPD definition

If the Life Insured is aged 65 or more as at the Date of Disablement, the TPD Cover – Any Occupation Benefit (section 3.1.1 above) will only be payable if:

- the Life Insured has been working at least 20 hours per week on average in the six months immediately prior to the Date of Disablement; and
- the Life Insured satisfies the criteria set out in section 3.1.1 above.

If a Life Insured hasn't satisfied the above conditions we will assess the claim on the basis of the TPD Cover – General Disability Benefit only (refer to section 3.1.4 on the next page).

Note: when the Life Insured is approaching age 65, we will contact you and ask you to advise us if the Life Insured is working less than 20 hours per week. Where the Life Insured is working less than 20 hours per week, the TPD Cover – General Disability Benefit will apply to your TPD Cover and it's corresponding premium rates will be charged.

If the Life Insured returns to working 20 hours per week or more, the TPD Cover – General Disability Benefit will continue to apply to your TPD Cover.

3.1.2 TPD Cover – Limited Earnings Benefit

NON-SUPER

We will pay the full TPD Cover Amount if the Life Insured was working in a full-time capacity in the 12 months immediately prior to Illness or Injury, and the Life Insured:

- a. has been absent from work for three or more consecutive months due solely to Illness or Injury; and
- b. is following the advice of their Medical Practitioner and is undergoing all reasonable rehabilitation and treatment; and
- c. does not meet the criteria for a benefit to be paid under the TPD Cover – Any Occupation Benefit (refer to section 3.1.1 on this page); and is unlikely ever to be able to work again in any occupation for which they are reasonably suited because of their education, training or experience which would pay remuneration at a rate greater than 25% of their personal exertion earnings during their last 12 consecutive months of work.

The three or more months' continuous absence from work requirement is also satisfied if the Life Insured returns to work during the three-month period as part of a rehabilitation program mutually agreed between us and the Life Insured. Any return to work while participating in the rehabilitation will not restart the three-month period.

3.1.3 TPD Cover – Home Duties Benefit

SUPER

NON-SUPER

For any Policy held inside superannuation clauses a, b, c and d of this section 3.1.3 on this page must be met. For any Policy held outside superannuation, only clauses a, b and c must be met.

We will pay the full TPD Cover Amount if the Life Insured:

- a. has been unable to perform all Home Duties for three or more consecutive months solely due to Illness or Injury; and
- b. is following the advice of their Medical Practitioner and is undergoing all reasonable rehabilitation and treatment; and

- c. is unlikely ever to be able to perform all Home Duties without the assistance of another person, solely due to their Illness or Injury; and
- d. is unlikely ever to be able to work in any occupation to which they are reasonably suited because of their education, training or experience, solely due to their Illness or Injury.

3.1.4 TPD Cover – General Disability Benefit

SUPER

NON-SUPER

For any Policy held inside superannuation clauses a, b and c of this section 3.1.4 on this page must be met. For any Policy held outside superannuation, only clauses a and b must be met.

We will pay the full TPD Cover Amount if the Life Insured:

- a. has totally and irreversibly lost the ability to perform, without assistance, any two of the Activities of Daily Living due to Illness or Injury, and has been unable to do so for at least three consecutive months; and
- b. is following the advice of their Medical Practitioner and is undergoing all reasonable rehabilitation and treatment; and
- c. is unlikely ever to be able to work in any occupation to which they are reasonably suited because of their education, training or experience, solely due to their Illness or Injury.

If the Life Insured can perform any of the Activities of Daily Living on their own by using special equipment (for example, mobility activities with a walking aid), they will be considered able to perform that activity.

3.1.5 TPD Cover – Physical Disability Benefit

NON-SUPER

We will pay 25% of the TPD Cover Amount, up to \$500,000 if, solely due to Illness or Injury, the Life Insured suffers:

- a. Loss of Use of Limb – *single limb* (defined on page 143); or
- b. Blindness – *partial loss* (defined on page 140).

Payment of this benefit will reduce your TPD Cover Amount (including any associated Extra Cost Options) by the benefit amount paid.

3.1.6 Death Benefit

SUPER

NON-SUPER

We will pay \$10,000 upon notification of the Life Insured's death, if it occurred during the term of TPD Cover. If we determine the Life Insured to have been Totally and Permanently Disabled before passing away and subsequently a full benefit under TPD Cover was paid, or is eligible to be paid, the Death Benefit will not be payable.

The notification must be supported by evidence of the cause of death (for example, the full Australian death certificate). This benefit is not available where TPD Cover is Linked to Life Cover.

3.2 Extra Cost Options

3.2.1 Life Cover Buy Back Option (TPD)

SUPER

NON-SUPER

If your Policy Schedule or any other Important Documents show that you have the Life Cover Buy Back Option (TPD), the following is available in accordance with the terms and conditions listed in this section.

This option restores your Linked Life Cover 14 days following a full or partial Linked TPD Cover benefit payment, without the need for medical evidence.

Where Life Cover and Linked TPD Cover have been purchased, an Accidental Injury Cover definition applies to Linked Life Cover following a TPD Cover benefit payment. This will cease to apply 14 days following the TPD Cover benefit payment and your Life Cover is restored.

The Life Cover Buy Back Option (TPD) expires on the date the Life Insured turns 75.

3.2.2 Own Occupation Option

NON-SUPER

If your Policy Schedule or any other Important Documents show that you have the Own Occupation Option, we will pay a benefit under the following circumstances.

We will pay the full TPD Cover Amount if the Life Insured:

- has been absent from their occupation for at least three consecutive months, solely due to Illness or Injury; and
- is following the advice of their Medical Practitioner and is undergoing all reasonable rehabilitation and treatment; and
- does not meet the criteria for a benefit to be paid under Standard TPD Cover (refer to section 3.1 on page 99); and
- is unlikely ever to be able to work in their Own Occupation again, solely due to their Illness or Injury.

The three or more months' continuous absence from work requirement is also satisfied if the Life Insured returns to work during the three-month period as part of a rehabilitation program mutually agreed upon before it starts. Any return to work while participating in the rehabilitation will not restart the three-month period.

The Own Occupation Option expires on the date the Life Insured turns 65.

3.2.3 Own Business Option

NON-SUPER

If your Policy Schedule or any other Important Documents show that you have the Own Business Option, we will pay a benefit under the following circumstances.

We will pay the full TPD Cover Amount if the Life Insured:

- has been absent from their Business for at least three consecutive months, solely due to Illness or Injury; and
- is following the advice of their Medical Practitioner and is undergoing all reasonable rehabilitation and treatment; and
- does not meet the criteria for a benefit to be paid under Standard TPD Cover (refer to section 3.1 on page 99); and
- is unlikely ever to be able to return to work at their Business, solely due to their Illness or Injury.

The three or more months' continuous absence from work requirement is also satisfied if the Life Insured returns to work during the three-month period as part of a rehabilitation program mutually agreed upon before it starts. Any return to work while participating in the rehabilitation will not restart the three-month period.

The Life Insured's own Business must be actively trading at the time of the disability, or you will not be eligible to claim this benefit and we will instead assess the claim under the Own Occupation Option (refer to section 3.2.2 on page 100).

The Own Business Option will not be payable where the TPD arises in directly or indirectly if the:

- Life Insured retires;
- Life Insured's Business is deregistered;
- Life Insured's Business has a receiver or other controller appointed or to any of its assets;
- Life Insured's Business has wound up or becomes insolvent; or
- Life Insured or their Business has lost its licence to operate.

The Own Business Option expires on the date the Life Insured turns 65.

3.2.4 Premium Waiver Disability Option

SUPER

NON-SUPER

This option applies if shown on the Policy Schedule or any other Important Documents.

Under this option, premiums for your TPD Cover and its corresponding Extra Cost Options will be waived if the Life Insured becomes Totally Disabled for six consecutive months.

If the Life Insured continues to be Totally Disabled after six months of continuous Total Disability and we are waiving your premiums, we will refund you the collected premiums for those six months. The premiums due on the Policy must still be paid during those six months of Total Disability.

If the Policy was issued through MetLife Protect Super, and you paid your premiums by rollover, we will refund the premium to the superannuation fund the rollover came from. If you paid your premiums by personal contributions, any refunded premiums must be rolled over to another complying superannuation fund nominated by you.

We will waive your premiums if the Life Insured continues to be Totally Disabled after six months until the earlier of when the Life Insured:

- returns to work;
- is earning income;
- is no longer Totally Disabled; or
- has reached age 65.

When the Life Insured meets any of the above conditions and the premiums are no longer waived, the requirement to be Totally Disabled for six continuous months will start once again.

The following terms apply to the Premium Waiver Disability Option:

- Indexation does not apply when premiums are waived under this Option;
- the Life Events Increases Feature is not available when premiums are being waived under this Option; and
- we will not waive premiums on restored Life Cover after any of the following options have been exercised:
 - Life Cover Buy Back Option (TPD);
 - Life Cover Purchase Option (Standalone TPD); and
 - Double Benefit Option (TPD).

The Premium Waiver Disability Option expires on the date the Life Insured turns 65.

3.2.5 Life Cover Purchase Option (Standalone TPD)

SUPER

NON-SUPER

This option applies if shown on the Policy Schedule or any other Important Documents.

If we pay the full TPD Cover Amount, the Policy Owner will automatically receive Life Cover up to the amount of the full TPD Cover Amount paid, without the need for medical evidence.

We will automatically provide Life Cover for the Life Insured 12 months after the full TPD Cover benefit payment.

The following will apply to the new Life Cover:

- Indexation will apply to the new Life Cover;
- the Life Events Increases Feature and the Premium Waiver Disability Option are not available under the new Life Cover;
- any loadings, exclusions or special terms under the original TPD Cover will apply to the new Life Cover;
- the premium for the new Life Cover will be based on the premium rates applying when the option is exercised;
- this option can only be exercised once;
- the premium type of the new Life Cover will be the same premium type as the Life Cover Purchase Option (Standalone TPD) for the life of the Policy; and
- the Life Cover Purchase Option (Standalone TPD) cannot be exercised if either:
 - we have paid or are about to pay a Terminal Illness Benefit; or
 - we have only paid a partial TPD benefit.

The Life Cover Purchase Option (Standalone TPD) expires on the date the Life Insured turns 65.

3.2.6 Double Benefit Option (TPD)

SUPER

NON-SUPER

This option applies if shown on the Policy Schedule or any other Important Documents.

This option restores your Linked Life Cover 14 days following a full Linked TPD Cover benefit payment and waives future premiums on the restored Life Cover Amount until the Life Insured turns 65.

Where Life Cover and Linked TPD Cover have been purchased, an Accidental Injury Cover definition applies to Linked Life Cover following a Linked TPD Cover benefit payment. This will cease to apply 14 days following benefit payment. The Life Insured must survive without the use of a life support system for at least 14 days.

We will waive future premiums for the restored Life Cover Amount under this option, from the date we pay the full TPD Cover Amount.

The following will apply to the new Life Cover:

- any exclusions under the original Life Cover will apply to the new Life Cover;
- Indexation, the Life Events Increases Feature and the Premium Waiver Disability Option are not available under the restored Life Cover;
- this option can be exercised only once; and
- we will not restore Life Cover under this option if any of the following apply:
 - a benefit has been paid for Terminal Illness, we are in the process of assessing a Terminal Illness claim or you are eligible to make a claim for Terminal Illness in relation to the Life Insured;
 - the Life Insured does not satisfy the survival period of 14 days; or
 - we pay or begin to pay only a part of the TPD Cover Amount, including a Partial TPD Benefit.

The Double Benefit Option (TPD) expires on the date the Life Insured turns 65.

3.3 Order of claims assessment

If the Life Insured holds TPD Cover inside superannuation, the Own Occupation Option or the Own Business Option will be held on a Policy outside superannuation.

In the event of a claim where entitlement to a benefit exists under both Policies, we will firstly assess the claim in respect of benefits available on the Policy held inside superannuation, before considering the Life Insured's eligibility for a benefit under any Extra Cost Options held outside superannuation.

Only one payment will be made in the above scenario.

3.4 TPD Cover Exclusions

Exclusions and No-Claim Periods apply to TPD Cover, including any Extra Cost Options, as described in section 6.4.2 on page 119.

3.5 TPD Cover Features

The following features are available with TPD Cover and/or certain associated Extra Cost Options, as described in these Policy Terms:

- Indexation – please refer to section 7.5 on page 128.
- Life Events Increases Feature – please refer to section 7.1 on page 125; and
- Life Events Extras Feature – please refer to section 7.2 on page 127.

Note: the above features are not available when your premiums are waived under the Premium Waiver Disability Option.

3.6 When TPD Cover and Extra Cost Options ends

TPD Cover and Extra Cost Options end on the Expiry Date, which is:

- Standard TPD Cover – the date the Life Insured turns 75.
- Life Cover Buy Back Option (TPD) – the date the Life Insured turns 75.
- Own Occupation Option – the date the Life Insured turns 65.
- Own Business Option – the date the Life Insured turns 65.
- Premium Waiver Disability Option – the date the Life Insured turns 65.
- Life Cover Purchase Option (Standalone TPD) – the date the Life Insured turns 65.
- Double Benefit Option (TPD) – the date the Life Insured turns 65.

TPD Cover may end earlier than the Expiry Date if:

- your Policy ends in the circumstances set out in section 1.6 on page 93;
- we pay the full TPD Cover Amount;
- you ask us to cancel your cover;
- the cover is cancelled and/or avoided in accordance with our legal rights or because you have not paid the premiums when due;
- you have a MetLife Protect Super Policy and the relevant Life Insured turns 75;
- the cover was offered with a limited term and an earlier Expiry Date is shown on the Policy Schedule or any other Important Documents; or
- where TPD Cover is Linked to Life Cover, when the Linked Life Cover ends.

4. Trauma Cover

NON-SUPER

4.1 Standard Cover

NON-SUPER

The minimum benefit we will pay for any Trauma Condition is \$10,000.

If your Policy Schedule or any other Important Documents show that you have Trauma Cover for a Life Insured, we will pay a benefit under the following circumstances subject to all other terms and conditions being satisfied, including the No-Claim Period.

Your Standard Trauma Cover Amount will be reduced by the benefit amount we pay you under a Tier 1 Benefit, Tier 2 Benefit or Tier 3 Benefit and reduces to zero when you have claimed the full Trauma Cover Amount. Your Trauma Cover ends immediately after payment of a full Trauma Cover Amount.

For subsequent claims the benefit payable depends on:

- if the claim is for a Related or Progressive Trauma Condition;
- the maximum amount payable for the relevant benefit category is reached; and
- the maximum combined total benefit payable on the Policy as set out in the benefit tables in sections 4.1.1, 4.1.2 and 4.1.3 below.

We define Trauma Conditions in a particular way. Trauma Conditions are set out in section 11 on page 140 of these Policy Terms. A Life Insured will not be considered to have a Trauma Condition, and a benefit will not be payable, unless and until the Life Insured meets our definition of the Trauma Condition being claimed for.

Our definitions for Trauma Conditions in section 11 on page 140 of these Policy Terms may include methods of Diagnosing Trauma Conditions. If the methods for Diagnosing the relevant Trauma Conditions after taking into account all evidence including evidence from you or people acting for you are impractical to apply or has been superseded, we may consider more contemporary, appropriate and medically recognised methods that conclusively Diagnose the specified Trauma Condition with at least the same severity.

4.1.1 Tier 1 Benefit

We will pay the full Trauma Cover Amount subject to the maximums for further Trauma Cover claims under section 4.1.5 on page 105 and any other applicable exclusions under section 6.4.3 on page 120 if the Life Insured meets the criteria (within our Trauma Condition definition) for any of the following Trauma Conditions while the Policy is in force:

4.1.4 Trauma Cover – Medical Travel Expenses Benefit

We will Reimburse up to \$5,000 in travel expenses after we have paid a benefit under Trauma Cover (including associated Extra Cost Options and/or Extras Cover) for a Life Insured or a Dependent Child. This benefit is payable if the Life Insured or Dependent Child requires medical treatment (for the same Illness or Injury or a Related or Progressive Trauma Condition for which we paid the earlier benefit under Trauma Cover) in a hospital that is more than 100km from their residential address. A Medical Practitioner must certify that the required medical treatment is not available in a hospital that is within 100km from their residential address.

These travel expenses may include the costs of any form of public transport (not including ambulance) for the Life Insured or Dependent Child and one accompanying adult on any one occasion. It may be Reimbursed on multiple occasions up to a total maximum of \$5,000 over the life of the Policy.

4.1.5 Further Trauma Cover claims clarifications and limitations

Certain limitations apply to benefit payments for Trauma Cover. These are:

- **4.1.5.1 Maximum benefits payable per Trauma Category**

The maximum benefit amount we will pay over the life of the Policy for Trauma Conditions in any one Trauma Category is the Trauma Cover Amount per Life Insured.

If the Life Insured receives benefit payments equal to the Trauma Cover Amount in relation to Trauma Conditions in a single Trauma Category, then cover for that Trauma Category will end for the Life Insured.

- **4.1.5.2 Related or Progressive Trauma Conditions**

The maximum benefit amount we will pay over the life of the Policy for Related or Progressive Trauma Conditions is the Trauma Cover Amount.

If you or the Life Insured has received a benefit payment for a Trauma Condition and suffer a Related or Progressive Trauma Condition, any benefit payment in relation to that Related or Progressive Trauma Condition will be offset against the benefit payment for the original Trauma Condition and any other Related or Progressive Trauma Condition so that you cannot exceed the maximum benefit amount payable under this section.

- **4.1.5.3 Trauma Cover claim timing**

We will assess Trauma Cover claims and apply the rules set out in this section (section 4 on page 103) in the date and time order the event, occurrence, circumstance or incidence leading to the claim arose. We will do this even after a Trauma Cover benefit has been paid and we have subsequently been notified of a claim.

- **4.1.5.4 Trauma Cover multiple claims for the same event**

In the event a Life Insured suffers from two or more Trauma Conditions, which occurred as a result of one single event, occurrence, circumstance or incidence, we will only pay the larger of the two or more Trauma Condition benefits that the you would otherwise be entitled to.

■ 4.2 Extra Cost Options

4.2.1 Life Cover Buy Back Option (Trauma)

NON-SUPER

The option applies if shown on the Policy Schedule or any other Important Documents.

This option restores your Linked Life Cover 12 months following a full or partial Linked Trauma Cover benefit payment, without the need for medical evidence.

Where Life Cover and Linked Trauma Cover have been purchased, an Accidental Injury Cover definition applies to Linked Life Cover following a Linked Trauma Cover benefit payment. This definition will cease to apply 12 months following the benefit payment and then your Life Cover coverage is restored.

The Life Insured must survive without the use of a life support system for at least 14 days.

The Life Cover Buy Back Option (Trauma) expires on the date the Life Insured turns 75.

4.2.2 Trauma Cover Reinstatement Option

NON-SUPER

The option applies if shown on the Policy Schedule or any other Important Documents.

If we pay a Tier 1 Benefit, Tier 2 Benefit or Tier 3 Benefit, we will automatically reinstate your Trauma Cover Amount by an amount equal to the Trauma Cover benefit paid 12 months after the claim is paid. During the 12 months after benefit payment the Accidental Injury Cover definition applies to the full or partial Trauma Cover Amount that was paid.

The premiums for the Reinstated Trauma Cover will continue as shown on the Policy Schedule or any other Important Documents we issue to you.

We will apply any loadings, exclusions and special terms that applied to the original and subsequent Trauma Covers to the reinstated Trauma Cover.

This benefit can be exercised on multiple occasions. Indexation and the Premium Waiver Disability Option are not available on the Reinstated cover.

The Trauma Cover Reinstatement Option expires on the date the Life Insured turns 75.

4.2.3 Premium Waiver Disability Option

NON-SUPER

This option applies if shown on the Policy Schedule or any other Important Documents.

Under this option, premiums for your Trauma Cover and its corresponding Extra Cost Options and/or Extras Cover will be waived by us if the Life Insured becomes Totally Disabled for six consecutive months.

If the Life Insured continues to be Totally Disabled after six months of continuous Total Disability and we are waiving your premiums, we will refund you the collected premiums for those six months.

The premiums due on the Policy must still be paid during those six months of Total Disability.

We will waive your premiums if the Life Insured continues to be Totally Disabled after six months until the earlier of when the Life Insured:

- returns to work;
- is earning income;
- is no longer Totally Disabled; or
- has reached age 65.

When the Life Insured meets any of the above conditions and the premiums are no longer waived, the requirement to be Totally Disabled for six continuous months will start once again.

The following terms apply to the Premium Waiver Disability Option:

- Indexation does not apply when premiums are waived under this option;
- the Life Events Increases Feature is not available when premiums are being waived under this option; and
- we will not waive premiums on the restored Life Cover after any of the following options have been exercised:
 - Life Cover Buy Back Option (Trauma);
 - Life Cover Purchase Option (Standalone Trauma); and
 - Double Benefit Option (Trauma).

The Premium Waiver Disability Option expires on the date the Life Insured turns 65.

4.2.4 Life Cover Purchase Option (Standalone Trauma)

NON-SUPER

The option applies if shown on the Policy Schedule or any other Important Documents.

If we pay the full Trauma Cover Amount for a Tier 1 Benefit, the Policy Owner will automatically receive Life Cover up to the amount of the full Trauma Cover Amount paid, without the need for medical evidence.

We will automatically provide Life Cover for the Life Insured 12 months after the full Trauma Cover benefit payment.

The following will apply to the new Life Cover:

- Indexation will apply to the new Life Cover;
- the Life Events Increases Feature and Premium Waiver Disability Option are not available under the new Life Cover;
- any loadings, exclusions or special terms under the original Trauma Cover will apply to the new Life Cover;
- the premium for the new Life Cover will be based on the premium rates applying when the option is exercised (12 months after the full Trauma Cover benefit payment);

- this option can only be exercised once;
- the premium type of the new Life Cover will be the same premium type as the Life Cover Purchase Option (Standalone Trauma) for the life of the Policy; and
- the Life Cover Purchase Option (Standalone Trauma) cannot be exercised if either:
 - we have paid or are about to pay a Terminal Illness Benefit; or
 - we have only paid a Tier 2 or Tier 3 Benefit.

The Life Cover Purchase Option (Standalone Trauma) expires on the date the Life Insured turns 65.

4.2.5 Double Benefit Option (Trauma)

NON-SUPER

The option applies if shown on the Policy Schedule or any other Important Documents.

This option restores your Linked Life Cover 14 days following a full Linked Trauma Cover benefit payment and waives future premiums on the restored Life Cover Amount until the Life Insured turns 65.

Where Life Cover and Linked Trauma Cover have been purchased, an Accidental Injury Cover definition applies to the Linked Life Cover following a Linked Trauma Cover benefit payment. This will cease to apply 14 days following a full Linked Trauma Cover benefit payment.

The following will apply to the restored Life Cover:

- any loadings, exclusions or special terms under the original Life Cover will apply to the new Life Cover;
- Indexation, the Life Events Increases Feature and the Premium Waiver Disability Option are not available under the restored Life Cover;
- this option can be exercised only once; and
- we will not restore Life Cover under this option if any of the following apply:
 - we have paid or are about to pay a Terminal Illness Benefit;
 - we have only paid a Tier 2 Benefit or Tier 3 Benefit; and
 - the Life Insured does not satisfy the survival period of 14 days.

The Double Benefit Option (Trauma) expires on the date the Life Insured turns 65.

■ 4.3 Extras Cover

4.3.1 Individual Extras

NON-SUPER

If your Policy Schedule or any other Important Documents show that you have Individual Extras for a Life Insured, we will pay a benefit under the following circumstances.

4.3.1.1 Trauma Cover – Booster Benefit

If we are paying a Tier 2 Benefit for the Life Insured, we will pay an additional 50% of the Trauma Cover Amount (subject to the maximums for further Trauma claims under section 4.1.5 on page 105).

This additional amount may increase the total amount paid across all cover to up to 100% of the Trauma Cover Amount, after including any previous claims under the same Trauma Category (for example, Cancer Conditions).

This benefit is only available twice over the life of the Policy.

4.3.1.2 Trauma Cover – Repeat Angioplasty Benefit

If the Life Insured undergoes Angioplasty – *single or double vessel* to treat a narrowing or blockage of one or more coronary arteries after we have paid a benefit 12 months or more ago for the same procedure, we will pay another 25% of the Trauma Cover Amount, up to \$25,000. This benefit is available only once over the life of the Policy.

4.3.1.3 Trauma Cover – Advanced Diabetes Benefit

If the Life Insured suffers from diabetes mellitus which results in complications and meets the criteria within our definition of Diabetes – *severe with complications*, we will pay up to 100% of the Trauma Cover Amount.

If a partial benefit is paid under Diabetes – *insulin dependent*, and the condition continues to deteriorate, we will pay the remaining Trauma Cover Amount if and when the Life Insured meets the Diabetes – *severe with complications* definition.

The full benefit is available once only over the life of the Policy.

The following Benefits are only available if you have purchased Individual Extras with the Trauma Cover Reinstatement Option

4.3.1.4 Trauma Cover – Unrelated Cancer Benefit

We will pay 100% of the Trauma Cover Amount if the Life Insured is Diagnosed with a new primary Tier 1 or Tier 2 Cancer Condition (please refer to section 4.1.1 on page 103 or section 4.1.2 on page 104) at least 12 months after a previous benefit payment for a Tier 1 Cancer Condition or Tier 2 Cancer Condition, provided it is not a Related or Progressive Trauma Condition.

This benefit is available once only over the life of the Policy.

4.3.1.5 Trauma Cover – Related Cancer Benefit

If the Life Insured is Diagnosed with a Tier 1 or Tier 2 Cancer Condition (refer to section 4.1.1 on page 103 or 4.1.2 on page 104) at least 12 months after a previous benefit was paid for a Related or Progressive Trauma Condition, we will pay 10% of the Trauma Cover Amount, up to \$50,000.

This benefit is available only once over the life of the Policy.

4.3.1.6 Trauma Cover – Related Heart Condition Benefit

If the Life Insured is Diagnosed with a Tier 1 or Tier 2 Heart Condition (refer to section 4.1.1 on page 103 or 4.1.2 on page 104) at least 12 months after a benefit was paid for a Related or Progressive Trauma Condition, we will pay 10% of the Trauma Cover Amount, up to \$50,000.

This benefit is available only once over the life of the Policy.

4.3.2 Family Extras

NON-SUPER

If your Policy Schedule or any other Important Documents show that you have Family Extras for a Life Insured, we will pay a benefit (or Reimburse expenses) under the following circumstances.

4.3.2.1 Trauma Cover – Child Trauma Benefit

We will pay 10% of the Trauma Cover Amount, up to \$50,000, if a Dependent Child is first Diagnosed with any of the following while the Family Extras was in force at the date of the event:

- Bacterial Meningitis (defined on page 140);
- Cancer – *excluding specified early stage cancers* (defined on page 141);
- Crohn's Disease – *severe* (defined on page 141);
- Cystic Fibrosis (defined on page 141);
- Epilepsy (defined on page 142); or
- Ulcerative Colitis – *severe* (defined on page 144).

Payment of this benefit does not reduce the Trauma Cover Amount.

This benefit is payable only once in respect of any one Dependent Child. Multiple benefit payments are otherwise available up to a total maximum of \$50,000 over the life of the Policy.

The Child Trauma Benefit is subject to a three month No-Claim Period (refer to section 6.4.3.4 on page 121).

4.3.2.2 Trauma Cover – Family Assistance Expenses Benefit

We will Reimburse up to \$500 per day in accommodation expenses if an immediate family member travels more than 100km to help care for a Dependent Child after we have paid a claim on that Dependent Child under the Trauma Cover – Child Trauma Benefit (refer to section 4.3.2.1 on this page).

This benefit is payable on multiple occasions, subject to an overall maximum benefit payment of \$5,000 over the life of the Policy.

4.4 Cover restrictions after age 70

Tier 1 conditions are the only conditions that may be claimed from the Life Insured's 70th birthday onwards.

Cover for Tier 2 and Tier 3 conditions cease to be available at this time.

4.5 Trauma Cover exclusions

Exclusions and No-Claim Periods apply to Trauma Cover, including any Extra Cost Options and Extras Cover as described in section 6.4.3 on page 120.

4.6 Trauma Cover features

The following features are available with Trauma Cover and/or certain associated Extras Covers or Extra Cost Options as described in these Policy Terms:

- Indexation - please refer to section 7.5 on page 128.
- Life Events Extras Feature - please refer to section 7.2 on page 127.

4.7 When Trauma Cover, Extra Cost Options and Extras Cover end

Trauma Cover, Extras Cover and Extra Cost Options ends on the Expiry Date, which is:

- Standard Trauma Cover – the date the Life Insured turns 75;
- Life Cover Buy Back Option (Trauma) - the date the Life Insured turns 75;
- Trauma Cover Reinstatement Option – the date the Life Insured turns 75;
- Premium Waiver Disability Option – the date the Life Insured turns 65;
- Life Cover Purchase Option (Standalone Trauma) – the date the Life Insured turns 65;
- Double Benefit Option (Trauma) – the date the Life Insured turns 65;
- Individual Extras - the date the Life Insured turns 70; or
- Family Extras - the date the Life Insured turns 65.

Trauma Cover will end earlier than the Expiry Date if:

- your Policy ends in the circumstances set out in section 1.6 on page 93;
- we pay the full Trauma Cover Amount (unless the Trauma Cover Reinstatement Option applies);
- we receive notification from you to cancel your cover;
- the cover is cancelled and/or avoided in accordance with our legal rights or because you have not paid the premiums when due;
- the cover was offered with a limited term and an earlier Expiry Date is shown on the Policy Schedule or any other Important Documents; or
- where Trauma Cover is Linked to Life Cover, when the Linked Life Cover ends.

5. Income Cover

SUPER

NON-SUPER

5.1 Key concepts

5.1.1 Waiting Period

Your Policy Schedule or any other Important Documents shows the Waiting Period that applies to your Income Cover. This is the minimum number of continuous days that must fully elapse before any entitlement to a Total Disability Benefit, or Partial Disability Benefit commences.

You can choose either a 30-day, 90-day or two-year Waiting Period. A 180-day Waiting Period is also available to existing MetLife customers electing to continue their cover through MetLife Protect and MetLife Protect Super by exercising a continuation option on a group insurance policy under which the Life Insured is covered.*

The Waiting Period starts on the date a Medical Practitioner certifies the Life Insured as unable to work in any capacity due to Illness or Injury, and on which date the Life Insured is Partially Disabled or Totally Disabled.

The Life Insured must be continuously Totally Disabled or Partially Disabled for the duration of the Waiting Period.

It is a condition of the Waiting Period for any Policy held inside superannuation that the Life Insured must have ceased Gainful Employment for at least one day during the Waiting Period, solely due to their Illness or Injury, to become eligible to receive Total Disability Benefit or Partial Disability Benefit payments.

**Note that Disability Extras is only available with a 30-day or 90-day Waiting Period.*

5.1.2 Benefit Period

Your Policy Schedule or any other Important Documents will show the Benefit Period that applies to the Life Insured's Income Cover. The Benefit Period represents the maximum duration that Total Disability Benefits or Partial Disability Benefits can be payable for any one Illness or Injury (including a Recurrent Disability), over the life of the Policy. The Benefit Period starts on the day after the Waiting Period ends.

Duration of payments

While the Life Insured remains Totally Disabled or Partially Disabled, the maximum duration that we will pay benefits in relation to any one Illness or Injury (including a Recurrent Disability) is:

- For Policies with a 1-year Benefit Period, one year, or until the Life Insured turns 65 – whichever occurs first.
- For Policies with a 2-year Benefit Period, two years, or until the Life Insured turns 65 - whichever occurs first.
- For Policies with a 5-year Benefit Period, five years, or until the Life Insured turns 65 - whichever occurs first.
- For Policies with a 'to age 65' Benefit Period, until the Life Insured turns 65.

5.1.3 Monthly Benefit and Monthly Cover Amount

The amount we pay for individual benefits provided under Income Cover (Standard Cover, Extra Cost Options and Extras Cover) is the Monthly Benefit.

The Monthly Benefit is a value calculated at the time of claim (and over the Benefit Period). Please see section 5.2.1.1 on page 110 for how we calculate the Monthly Benefit if the Life Insured is Totally Disabled and section 5.2.2.1 on page 111 for how we calculate the Monthly Benefit if the Life Insured is Partially Disabled.

The Monthly Benefit that we will pay will never be higher than the Monthly Cover Amount we have agreed to insure, as reflected on your Policy Schedule or any other Important Documents.

Where the Superannuation Contribution Option is selected, any amount we contribute towards the nominated complying superannuation fund under section 5.3.2 on page 112 will be in addition to the Monthly Benefit.

5.1.4 Recalculating Monthly Benefits

At any time during your claim, or after the expiration of your Benefit Period, if it is determined that the Monthly Income we calculated in respect of your claim was incorrect, we will either:

- pay any underpayment of Monthly Benefit to you;
- recover any overpaid Monthly Benefit in full from you; or
- reduce the amount of any future Monthly Benefits payable until the excess amount paid has been recovered.

5.1.5 Offsets

If the Life Insured accrues financial entitlements or receives payments or benefits from other sources, those entitlements and payments will reduce the Monthly Benefit payable. These other sources may include, but are not limited to:

- sick leave, maternity/parental leave, annual leave, or long service leave received and includes sick leave entitlements not received or taken by the Life Insured;
- any entitlements accrued or payments received by the Life Insured from other disability, group, sickness or accident insurance cover, including cover provided through a mortgage replacement policy or a superannuation fund, that was not disclosed to us at the time you applied for cover, this excludes lump sum benefits provided under TPD cover, Trauma cover and Terminal Illness cover;
- any entitlements accrued or payments received by the Life Insured from workers' compensation schemes, common law damages payments and accident compensation schemes, in respect of any part that is attributable to the same period as income replacement; and
- any entitlements accrued or payments received by the Life Insured from other sources agreed as part of your application for cover and noted on your Policy Schedule or any other Important Documents.

In calculating Offsets, we will convert any regular payments or other entitlements that the Life Insured receives at intervals other than monthly into equivalent monthly amounts.

If any compensation for loss of earnings is made as a lump sum, it will be treated as having a monthly amount equivalent to 1/60th of the lump sum payable over a 60-month Benefit Period. Where the amount of the lump sum which relates to loss of earnings is not separately identified, we will determine on a reasonable basis how much of that lump sum represents compensation for loss of earnings in order to determine the Offset that applies.

Income Cover benefits will not be offset by any social security benefits paid by the Australian government via Centrelink, including the disability support pension.

■ 5.2 Standard Cover

SUPER

NON-SUPER

To be eligible for Income Cover the Life Insured must be working for at least 15 hours per week at the time of application.

If your Policy Schedule or any other Important Documents show that you have Income Cover in respect of a Life Insured, the following benefits and features are available (provided the event giving rise to the claim occurred before the cover has ended).

5.2.1 Total Disability Benefit

SUPER

NON-SUPER

The Total Disability Benefit applies if the Life Insured is Totally Disabled as defined on page 138.

For 1-year, 2-year, and 5-year Benefit Periods, and for the first 24 months of a to age 65 Benefit Period, the definition of Total Disability requires, among other things, that the Life Insured is not capable of working in any capacity in their Usual Occupation solely due to Illness or Injury.

After the first 24 months of a to age 65 Benefit Period, or for Life Insureds who are in Occupation Class R or on leave* or unemployed for more than 12 months at the Date of Disability, the definition of Total Disability requires, among other things, that the Life Insured is not capable of working in any capacity in any occupation they are reasonably suited to perform by their education, training or experience solely due to Illness or Injury.

Payment of the Total Disability Benefit will commence at the expiration of the Waiting Period.

The Total Disability Benefit is paid monthly in arrears and will end at the earliest of:

- the date the Life Insured is no longer Totally Disabled;
- the end of the Benefit Period;
- the Life Insured reaching the Expiry Date; or
- the Life Insured dies.

The amount we will pay is the Total Disability Monthly Benefit less any Post-Disability Income that the Life Insured receives and any applicable Offsets.

If a period of payment is less than a month, we will pay a pro-rata amount (for example if the period is one day in September, we will pay 1/30th of the Total Disability Monthly Benefit).

5.2.1.1 Total Disability Monthly Benefit (Indemnity)

SUPER

NON-SUPER

Where your Policy Schedule or other Important Document states the Income Cover definition as 'Indemnity', this is the Monthly Benefit we pay if the Life Insured is Totally Disabled. The formula used to calculate the Total Disability Monthly Benefit payable:

is the lesser of:

- the Monthly Cover Amount shown on the Policy Schedule or any other Important Documents; and
 - the Maximum Income Replacement Amount,
- less any Post-Disability Income that the Life Insured receives and any applicable Offsets.

Becoming Totally or Partially Disabled when on leave

If the Life Insured becomes Totally Disabled or Partially Disabled while on leave*, the benefit will be paid from the later occurrence of:

- the end of their Waiting Period; and
- the nominated date of return by the Life Insured before they went on leave.*

Capability to work

The definition of Total Disability requires, among other things, that the Life Insured is not capable of working in any capacity, either in their Usual Occupation or any occupation they are reasonably suited to perform by their education, training or experience (as applicable), solely due to Illness or Injury. If a Life Insured is not working but is capable of working in some capacity, they will not be Totally Disabled and a Total Disability Benefit will not be payable. Depending on the extent of their capability, they may instead be Partially Disabled (in which case a Partial Disability benefit will be payable), or not Totally Disabled or Partially Disabled at all.

In assessing the Life Insured's capability to work, we will take into account the medical evidence and any information available related to the Life Insured's medical condition.

**Parental, sabbatical or long service leave approved in writing by the Life Insured's employer.*

5.2.2 Partial Disability Benefit

SUPER

NON-SUPER

The Partial Disability Benefit applies if the Life Insured is Partially Disabled as defined on page 135.

For 1-year, 2-year, and 5-year Benefit Periods, and for the first 24 months of a to age 65 Benefit Period, the definition of Partial Disability requires, among other things, that the Life Insured is not capable of working at their full capacity in their Usual Occupation or another occupation solely due to Illness or Injury.

After the first 24 months of a to age 65 Benefit Period, the definition of Partial Disability requires, among other things, that the Life Insured is not capable of working at their full capacity in any occupation they are reasonably suited to perform by their education, training or experience solely due to Illness or Injury.

Payment of the Partial Disability Benefit will commence at the latest of:

- the expiration of the Waiting Period; or
- the date the Life Insured ceases to be Totally Disabled if the Life Insured is Partially Disabled at that date.

The Partial Disability Benefit is paid monthly in arrears and will end at the earliest of:

- the date that the Life Insured is no longer Partially Disabled;
- the end of the Benefit Period;
- the Life Insured reaching the Expiry Date; or
- the Life Insured dies.

If the Life Insured's Monthly Income while Partially Disabled is negative, it will be considered to be zero.

5.2.2.1 Partial Disability Monthly Benefit

The Partial Disability Monthly Benefit is the amount we pay if the Life Insured is Partially Disabled.

Subject to an overall maximum of the Monthly Cover Amount, the formula used to calculate the Partial Disability Monthly Benefit is:

- the higher of the following:
 - the Total Disability Monthly Benefit less either:
 - 70% of the Life Insured's Post-Disability Income; or
 - where the Life Insured is capable of working in their Usual Occupation in a greater capacity than they are, less 70% of the income they could reasonably be expected to earn based on that capacity if that is greater than their Post-Disability Income; and
 - the Maximum Income Replacement Amount less either:
 - 100% of the Life Insured's Post-Disability Income; or
 - where the Life Insured is capable of working in their Usual Occupation in a greater capacity than they are, less the income they could reasonably be expected to earn based on that capacity if that is greater than their Post-Disability Income,
- less any applicable Offsets.

Capability to work

Where the Life Insured is Partially Disabled, in calculating the Partial Disability Monthly Benefit payable above, we will consider the Life Insured's capability to work in either their Usual Occupation or any occupation they are reasonably suited to perform by their education, training or experience (as applicable).

In assessing the Life Insured's capability to work, we will take into account the medical evidence and any information available related to the Life Insured's medical condition.

5.2.3 Death Benefit

SUPER

NON-SUPER

We will pay three times the Monthly Benefit upon notification of the Life Insured's death while they were receiving or are entitled to receive a Total Disability Benefit or Partial Disability Benefit from us, subject to a maximum of \$60,000 across all Income Cover Policies held with us.

The notification of the Life Insured's death must be supported by satisfactory evidence of the cause of death (for example, an Australian death certificate).

5.2.4 Income Cover – On Claim Premium Waiver Benefit

SUPER

NON-SUPER

You don't have to pay premiums for Income Cover and corresponding Extra Cost Options and/or Extras Cover while we are paying a Total Disability Benefit or Partial Disability Benefit in respect of the Life Insured. This includes the situation where the benefit entitlement is reduced to nil due to Post-Disability Income and/or Offsets.

Premiums will be waived after the end of the Waiting Period and the collected premium during the Waiting Period will be refunded when you start receiving the Total Disability Benefit or Partial Disability Benefit.

If the Policy was issued through MetLife Protect Super, and you paid your premiums by rollover, we will refund the premium to the superannuation fund the rollover came from. If you paid your premiums by personal contributions, any refunded premiums must be rolled over to another complying superannuation fund nominated by you.

Note: Cover continues while we are paying a Total Disability Benefit or Partial Disability Benefit. If the Policy was issued through MetLife Protect Super, and you paid your premiums by rollover, we will refund the premium to the superannuation fund the rollover came from. If you paid your premiums by personal contributions, any refunded premiums must be rolled over to another complying superannuation fund nominated by you.

For those who pay their premiums fortnightly or monthly

We will waive the full premiums with respect to Income Cover (including any corresponding Extra Cost Options and/or Extras Cover) that fall due during the Benefit Period.

For those who pay their premiums annually

We will waive the pro-rated premiums with respect to Income Cover (including any corresponding Extra Cost Options and/or Extras Cover) in relation to the Benefit Period.

5.2.5 Income Cover – Involuntary Unemployment Premium Waiver Benefit

SUPER

NON-SUPER

Income Cover premiums will be waived for a period of up to three months if we receive objective evidence that the Life Insured has become Involuntarily Unemployed. Cover will not cease during this period.

We will only provide this benefit once in any 12-month period and for up to six months in total over the life of the Policy. The waiver is only available if your premiums are paid up to date at the time you become Involuntarily Unemployed.

If the Policy was issued through MetLife Protect Super, and you paid your premiums by rollover, we will refund the premium to the superannuation fund the rollover came from. If you paid your

premiums by personal contributions, any refunded premiums must be rolled over to another complying superannuation fund nominated by you.

For those who pay their premiums fortnightly or monthly

We will waive the full premiums with respect to Income Cover (including any corresponding Extra Cost Options and/or Extras Cover) that fall due during the period of Involuntary Unemployment.

For those who pay their premiums annually

We will waive the pro-rated premiums with respect to Income Cover (including any corresponding Extra Cost Options and/or Extras Cover) in relation to the period of Involuntary Unemployment.

5.2.6 Income Cover – Recurrent Disability Benefit

SUPER

NON-SUPER

We will waive the Waiting Period if the Life Insured suffers a Recurrent Disability within 12 months after we have ceased paying a Total Disability Benefit or Partial Disability Benefit.

If you exercise the Income Cover - Cover Pause Feature within those 12 months, we will continue to waive the Waiting Period if you suffer a Recurrent Disability during the cover pause period. Within those 12 months and irrespective of the cover pause period, the Recurrent Disability Benefit will be considered as a continuation of the previous Benefit Payment and Benefit Period.

5.2.7 Income Cover – Retraining Expenses Benefit

SUPER

NON-SUPER

We will Reimburse each of the following after mutually agreeing to the participation in a retraining plan to aid the Life Insured's return to work:

- retraining expenses;
- rehabilitation expenses; and
- rehabilitation programs.

We will Reimburse an additional amount up to a maximum of 12 times the Monthly Benefit if the Life Insured has been receiving Total Disability Benefits or Partial Disability Benefits and if we have mutually agreed before the Life Insured incurs the expense.

Retraining programs are provided through our partners and the benefit will be paid directly to the service provider. We will not Reimburse any expenses that are:

- not permitted by law to be Reimbursed by us; or
- regulated by the National Health Act 1953; or
- regulated by the Health Insurance Act 1973 or the Private Health Insurance Act 2007.

We will not unduly delay or place unreasonable conditions on our agreement to the retraining plan and/or rehabilitation program.

5.3 Extra Cost Options

5.3.1 Claim Indexation Option

SUPER

NON-SUPER

This option applies if shown on the Policy Schedule and any other Important Documents.

If we are paying you Total Disability Benefits or Partial Disability Benefits in respect of the Life Insured, we will automatically adjust their Monthly Cover Amount, Pre-Disability Income and Maximum Income Replacement Amount used to calculate Monthly Benefit by applying CPI Claim Indexation to your benefit calculation, after each full year of receiving a payment. In the event of a negative CPI rate being published, MetLife will apply a 0% rate.

Where your Income Cover is held inside superannuation, the yearly increase will be limited to 5% and your Monthly Benefit may be reduced so that it does not exceed 100% of your Pre-Disability Income.

Where you have purchased the Superannuation Contribution Option with your Income Cover, this increase will also be applied to the Monthly Superannuation Contribution Amount and the Life Insured's average monthly superannuation contributions for the 12-month period prior to becoming Totally Disabled or Partially Disabled.

5.3.2 Superannuation Contribution Option

SUPER

NON-SUPER

This option applies if shown on the Policy Schedule or any other Important Documents.

If we are paying you Total Disability Benefits or Partial Disability Benefits in respect of the Life Insured, we will direct your Superannuation Benefit to a nominated complying superannuation fund.

The amount we will pay each month will be the lesser of:

- the Monthly Superannuation Contribution Amount; and
- 100% of the Life Insured's Pre-Disability Superannuation Contributions.

The maximum Monthly Superannuation Contribution Amount that we will insure will be the lower of 15% of the Life Insured's Monthly Income and \$5,000 per month.

At the time of application, you may request we use a Monthly Superannuation Contribution Amount greater or lesser than the Superannuation Guarantee (SG) amount according to your situation. The Monthly Superannuation Contribution Amount may include contributions made by the Life Insured's employer including any salary sacrifice arrangements, as well as personal concessional contributions made by the Life Insured if not included in their Monthly Income, but excludes non-concessional contributions made from after tax Monthly Income.

If the Life Insured is Partially Disabled and is receiving a Post-Disability Income, we will not pay a Superannuation Benefit with respect to the Post-Disability Income that the Life Insured receives.

The nominated superannuation fund must be a regulated superannuation fund or retirement savings account.

We will reduce your Monthly Superannuation Contribution Amount by any amount being contributed to the nominated superannuation fund or funds during the period in which the Life Insured is Totally Disabled or Partially Disabled.

We won't be able to make any payments to a superannuation account if superannuation or taxation laws prevent us from making the payment.

■ 5.4 Extras Cover

5.4.1 Disability Extras

NON-SUPER

If you have a 30-day or 90-day Waiting Period and your Policy Schedule or any other Important Documents show you have Disability Extras, the Life Insured has access to the following benefits and features:

5.4.1.1 Income Cover – Partial Disability definition and Partial Disability Assessment Benefit

Under this benefit:

- the definition of Partial Disability will be enhanced to the definition set out below; and
- for the first six months of the Benefit Period, the Life Insured will be able to earn up to 20% of their Pre-Disability Income from their personal exertion without that earned income impacting the Partial Disability Monthly Benefit payable under your Standard Income Cover.

Enhanced Partial Disability Definition

Under this benefit 'Partial Disability' means that the Life Insured, solely due to Illness or Injury is:

- unable to perform at least one of the Essential Income-Producing Duties of their Usual Occupation, and is working in their Usual Occupation in a reduced capacity with reduced earnings; and
- unable to perform Essential Income-Producing Duties of their Usual Occupation for no more than 10 hours per week (or 5 hours per week if the Life Insured is working up to 20 hours per week before becoming Partially Disabled); and
- unable to generate more than 20% of their Pre-Disability Income which they were receiving prior to becoming Partially Disabled.

Benefits under this feature are conditional on:

- a Medical Practitioner certifying that the Life Insured was unfit to work in their full capacity solely due to Illness or Injury during the month for which there is a claim for a Partial Disability Benefit; and
- the Life Insured has been under the regular care of a Medical Practitioner and following medical advice, including any reasonable rehabilitation, treatment or counselling that may assist in their return to work.

Important: If you have Income Cover inside superannuation, we will first pay any Partial Disability Benefits you are entitled to under the

Policy inside superannuation, to the maximum amount permitted under law. Any benefits or amounts payable in excess of that will be paid under your Disability Extras Policy outside superannuation. Your overall Monthly Benefit across the two policies will not be reduced as a result of the above.

5.4.1.2 Partial Disability Assessment Benefit for first six months of claim

If you have purchased Disability Extras with your Standard Income Cover and a Partial Disability Benefit becomes payable, the Partial Disability Assessment Benefit allows the Life Insured to earn up to 20% of their Pre-Disability Income from their personal exertion without the earned income impacting the Partial Disability Benefit payable under your Standard Income Cover during the first six months of the Benefit Period.

However, the sum of the additional 20% of Pre-Disability Income that the Life Insured earns and the Partial Disability Monthly Benefit we pay you under the Standard Income Cover, must not exceed 90% of the Life Insured's Pre-Disability Income.

This ability of the Life Insured to earn up to 20% of their Pre-Disability Income without it affecting the Partial Disability Monthly Benefit in the way described above will only apply for the first six months of the Benefit Period on your Policy. After six months, the Partial Disability Monthly Benefit you receive will be reduced by any Post-Disability Income received by the Life Insured and any applicable Offsets.

5.4.1.4 Income Cover – Total Disability Trauma Benefit

We will pay up to an additional 2/7ths (28.57%) of your Total Disability Monthly Benefit if the Life Insured suffers one of the following specified medical conditions:

- Cancer – excluding specified early stage cancers (defined on page 141);
- Heart Attack – with specified clinical (defined on page 142);
- Stroke – with persisting clinical symptoms (defined on page 144); or
- Coronary Artery Bypass Surgery (defined on page 141).

The Life Insured will not be considered to have suffered one of the specified medical conditions unless and until they meet the definition of the condition. The Total Disability Trauma Benefit is subject to a 90-day No-Claim Period (refer to section 6.4.4.4 on page 122).

This additional Total Disability Monthly Benefit is payable:

- for the first six months of the Benefit Period;
- for more than one Trauma Condition over the life of the Policy; and
- when you receive a Total Disability Benefit for the same condition.

The maximum benefit we will pay in the first six months of the Benefit Period including the benefit that you receive under the Standard Income Cover will be limited to 90% of the Life Insured's Pre-Disability Income. The Total Disability Benefit we will pay will be reduced by any Post-Disability Income received and any applicable Offsets.

5.4.1.5 Income Cover – Home Help Expenses Benefit

We will Reimburse the cost of specified home assistance expenses up to an amount equal to 2/7ths (28.57%) of the Total Disability Monthly Benefit for the first six months of the Benefit Period. The benefit will be payable while the Life Insured is Totally Disabled and is confined to bed for three consecutive days or more solely due to their Illness or Injury. The nursing care or other services cannot be provided by a Spouse, parent, child, sibling or business partner of the Life Insured or Policy Owner.

The benefit is payable after the end of the Waiting Period and when we pay you the Total Disability Benefits, under the Standard Income Cover. The benefit is payable for the first six months of a Benefit Period and for multiple new claims over the life of the Policy.

The following home assistance expenses may be Reimbursed for the Life Insured:

- child care expenses (for the Life Insured’s Dependent Children);
- registered nurse care expenses (when confined to bed);
- cleaning and garden maintenance (for the Life Insured’s domestic residence);
- pet care (for example, dog walking or bird cage cleaning);
- fresh food delivery (delivery charges only; does not include the cost of items); and
- cost of transportation incurred by the Life Insured for their medical visits.

We require a paid invoice from a licensed business to provide the service that is being claimed. This must be provided within 90 days of the date of service, or as soon as reasonably practicable. We will only cover costs that aren’t recoverable from any other source, and that are additional to regular expenses.

The Income Cover – Home Help Expenses Benefit is subject to a six month No-Claim Period (refer to section 6.4.4.4 on page 122).

5.5 Income Cover Exclusions

Exclusions and No-Claim Periods apply to Income Cover, including any Extra Cost Options and/or Extras Cover, as described in section 6.4.4 on page 122.

5.6 Income Cover Features

5.7 When Income Cover, Extra Cost Options and/or Extras Cover ends

Income Cover, Extra Cost Options and/or Extras Cover ends on the Expiry Date, which is the date the Life Insured turns 65.

Income Cover will end earlier than the Expiry Date if:

- your Policy ends in the circumstances set out in section 1.6 on page 93;
- you ask us to cancel your cover;
- the cover is cancelled and/or avoided in accordance with our legal rights or because you have not paid the premiums when due;
- you have a MetLife Protect Super Policy and are no longer eligible to make personal contributions to superannuation to pay your insurance premiums (unless premiums continue to be paid via rollover); or
- the cover was offered with a limited term and an earlier Expiry Date is shown on the Policy Schedule or any other Important Documents.

■ 6. Underwriting and exclusions

6.1 Underwritten Cover

Underwriting involves an assessment of risk, which takes into account the individual circumstances of the Life Insured's health, occupation, financial position, family medical history, pastimes and other information. After we have completed this assessment in full, we will either accept the application for cover under the standard terms of the Policy or offer amended terms where additional loadings and/or exclusions and/or special terms will apply. We will notify you of any offer of amended terms for you to consider if you would like to proceed. In some circumstances, we will decline cover altogether.

When applying for underwritten cover, or any increase in underwritten cover, the Life Insured is bound by a duty to take reasonable care not to make a misrepresentation (explained on page 9).

6.2 Interim Cover

Interim Cover is provided to you at no charge when you submit your completed application for cover and have fully completed the personal statement. The following conditions also apply:

- the application must include a valid direct debit authority, credit card authorisation, or superannuation rollover request (as applicable), for the payment of the first premium;
- benefit limits apply (see Benefit Limits – Interim Cover, section 6.3.1 on page 117). The amount we will pay is the lower of the amount of cover you applied for and the applicable maximum benefit limits shown in section 6.3.1 on page 117. No cover is available for amounts exceeding the Interim Cover limits until the underwriting assessment is complete, and a Policy has been issued;
- additional terms apply (see Exclusions – Interim Cover, section 6.3.2 on page 117); and
- if the cover applied for is through MetLife Protect Super the Interim Cover will be issued outside superannuation to the Life Insured. Any benefits payable under the Interim Cover in this circumstance are payable directly to the Life Insured.

Interim Cover in respect of the cover applied for, will automatically cease on the earliest of:

- the date we accept or decline the application for cover in respect of the Life Insured;
- the date you withdraw the application;
- 90 days after the completed application was submitted;
- the date we cancel the Interim Cover in accordance with our legal rights by written notice to you; or
- 14 days from the date we offer varied terms of acceptance of the application, such as a premium loading or exclusion.

Interim Cover does not apply if the cover applied for is to replace existing insurance that is still in force (whether with MetLife or another insurer), or would normally be declined at the time the application is submitted to MetLife.

If multiple policies are applied for, the total maximum payable across all policies shall be equal to the maximum benefit across one Policy.

The Policy exclusions applicable to all cover will also apply to Interim Cover (refer to section 6.4 on pages 117 to 123).

6.3 Restrictions on Interim Cover applications

6.3.1 Benefit Limits – Interim Cover

The limits for Interim Cover applications are as follows:

Table 44: Interim Cover benefit limits

Cover type	Interim Cover – benefits available	Maximum benefit
Life Cover	Death Benefit only	\$1,000,000
TPD Cover	TPD Cover – Any Occupation Benefit only <i>Note: Occupations R and O - General Disability definitions only.</i>	\$1,000,000
Trauma Cover	Tier 1 or Tier 2 Benefits only for conditions arising as a result of an Accidental Injury only	\$500,000
Income Cover	Total Disability Benefit Maximum six-month Benefit Period <i>Note: The Waiting Period that will apply to Interim Cover for the relevant Life Insured will correspond with the Waiting Period selected on the application for insurance.</i>	\$7,500 per month <i>(maximum of \$5,000 per month for occupations we classify as 'R').</i>

6.3.2 Exclusions – Interim Cover

If you claim for Interim Cover, we will not commence assessing the claim until our underwriting assessment of the application is complete. Where on the day the Interim Cover started we would have offered cover subject to cover limits and/or special terms and conditions, those cover limits and/or special terms and conditions will apply to the Interim Cover. If under our underwriting assessment, we would not have offered any cover, your Interim Cover claim will not be payable.

In addition to the above, no benefit will be payable under Interim Cover if a claim results directly or indirectly from:

- an act of War; or
- taking part in a sport, pastime or occupation that would not normally be covered or would not normally be accepted on standard terms or at standard price under MetLife's underwriting rules that applied at the time of the application.

The Policy exclusions applicable to all cover (refer to section 6.4 below) will also apply to Interim Cover.

6.4 Policy exclusions

General

- We won't pay a benefit for anything we have specifically excluded the Life Insured for, as noted on the Policy Schedule or any other Important Documents.
- We won't pay claims for anything we have automatically excluded, as detailed below in:
 - Section 6.4.1 Life Cover (including Extra Cost Options and Extras Cover) Exclusions on pages 118 to 119;
 - Section 6.4.2 TPD Cover (including Extra Cost Options) Exclusions on pages 119 to 120;
 - Section 6.4.3 Trauma Cover (including Extra Cost Options and Extras Cover) Exclusions on pages 120 to 121; and
 - Section 6.4.4 Income Cover (including Extra Cost Options and Extras Cover) Exclusions on pages 122 to 123.
- We can't Reimburse expenses or pay benefits that we are not permitted by law to Reimburse or which are regulated by the *National Health Act 1953* (Cth) or the *Private Health Insurance Act 2007* (Cth). We also will not Reimburse any expenses that may be Reimbursed from another source.

6.4.1 Life Cover (including Extra Cost Options and Extras Cover) Exclusions

The below exclusions apply to Life Cover, associated Extra Cost Options and Buy/Sell Extras Cover, as specified.

Table 45: Life Cover exclusions

<p>6.4.1.1</p> <p><i>Suicide and self-inflicted Injury exclusion</i></p>	<p>The following exclusion applies with respect to Life Cover including any associated Extra Cost Options and/or Extras Cover.</p> <p>No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's suicide, attempted suicide, or an intentional, self-inflicted Injury within the first 13 months after Cover Commencement (or Reinstatement of cover or when increasing cover but only on the increased portion of the cover).</p> <p>If this Policy is replacing similar existing cover (held with MetLife or another insurer), we will reduce the 13-month exclusion period for an equivalent amount of Life Cover, as that which is being replaced.</p> <p>We will reduce the exclusion period by the number of complete days that your previous cover was continuously in force immediately before your Cover Commencement, or for the full exclusion period of 13 months, whichever is less.</p> <p>Note that your previous policy must have been cancelled immediately after the issue of this Policy, and there must have been continuity of cover between the two.</p> <p>This exclusion does not apply to the Life Cover – Immediate Expenses Benefit; or the Life Cover – Immediate Business Expenses Benefit (available under Buy/Sell Extras Cover).</p>
<p>6.4.1.2</p> <p><i>Self-inflicted Injury exclusion</i></p>	<p>The following exclusion applies to the Specified Events Option.</p> <p>No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's attempted suicide or an intentional, self-inflicted Injury.</p>
<p>6.4.1.3</p> <p><i>Survival period</i></p>	<p>The following exclusion applies to the Specified Events Option.</p> <p>We won't pay any benefits if the Life Insured suffers a Specified Event but does not survive for at least 14 days from the date they first meet the definition of the Specified Event.</p>
<p>6.4.1.4</p> <p><i>Illness exclusion</i></p>	<p>The following exclusion applies to the Specified Events Option.</p> <p>We won't pay any benefits if the Specified Event occurs as a direct or indirect result of the Life Insured's Illness. This means that claims will only be payable for events that arise as a direct result of an Accidental Injury.</p>
<p>6.4.1.5</p> <p><i>Specified Events Option (Osteoporosis)</i></p>	<p>The following exclusion applies to the Specified Events Option.</p> <p>If the Life Insured has been Diagnosed with Osteoporosis (either before Cover Commencement or afterwards), then following Diagnosis, the maximum number of Specified Event benefit payments which can be made for any listed Fracture over the life of the Policy is two. This includes any benefit payments that immediately preceded or led to the Diagnosis of Osteoporosis.</p>
<p>6.4.1.6</p> <p><i>Specified Events Option (Multiple Dislocation claims)</i></p>	<p>The following exclusion applies to the Specified Events Option.</p> <p>A benefit payment for Dislocations will only be paid once for each individual body part (i.e. left/right hip, ankle, elbow, knee, wrist and shoulder) over the life of the Policy.</p>
<p>6.4.1.7</p> <p><i>Specified Events Option (Multiple claims originating from the same incident)</i></p>	<p>The following exclusion applies to the Specified Events Option.</p> <p>If there are multiple Specified Events occurring as a result of a single incident, we will pay for the single Specified Event that renders the highest payment. You may be entitled to be paid a benefit multiple times for the same Specified Event over the life of the Policy, provided they are triggered by different incidents.</p>

Table 45 (continued): Life Cover exclusions

<p>6.4.1.8</p> <p><i>Accidental Injury Cover definition following Linked TPD Cover benefit payment</i></p>	<p>The following exclusion applies to Life Cover and associated Buy/Sell Extras (only applies if the Life Cover Buy Back Option (TPD) or Double Benefit Option (TPD) is purchased with Standard TPD Cover).</p> <p>An Accidental Injury Cover definition will apply following a benefit payment under Linked TPD Cover (including associated Extra Cost Options), which means that benefits will only be payable for events that arise as a direct result of an Accidental Injury. The portion of Life Cover impacted by this definition will directly correspond with the Linked TPD Cover amount paid.</p> <p>The Accidental Injury Cover definition remains in place for 14 days from the date we paid the benefit under Linked TPD Cover, provided the Policy includes the Life Cover Buy Back Option (TPD) or Double Benefit Option (TPD). Accidental Injury and Accidental Injury Cover are defined in section 10 on page 131.</p>
<p>6.4.1.9</p> <p><i>Accidental Injury Cover definition following Linked Trauma Cover benefit payment</i></p>	<p>The following exclusion applies to Life Cover and associated Buy/Sell Extras (only applies if the Life Cover Buy Back Option (Trauma) or Double Benefit Option (Trauma) is purchased with Standard Trauma Cover).</p> <p>An Accidental Injury Cover definition will apply following a benefit payment under Linked Trauma Cover (including associated Extra Cost Options and/or Extras Cover), which means that benefits will only be payable for events that arise as a direct result of an Accidental Injury. The portion of Life Cover impacted by this limitation will directly correspond with the Linked Trauma Cover Amount paid.</p> <p>The Accidental Injury Cover definition remains in place for 12 months from the date we paid the benefit under Linked Trauma Cover (or associated Extra Cost Options and/or Extras Cover) provided the Policy includes the Life Cover Buy Back Option (Trauma) and the Accidental Injury Cover definition remains in place for 14 days provided the Policy includes Double Benefit Option (Trauma).</p> <p>Accidental Injury and Accidental Injury Cover are defined in section 10 on page 131.</p>
<p>6.4.1.10</p> <p><i>Accidental Injury Cover definition following exercise of the Life Events Increases Feature</i></p>	<p>The following exclusion applies to Life Cover and all associated Extra Cost Options and/or Extras Cover.</p> <p>For a period of six months following the date you increase your cover amount by exercising the Life Events Increases Feature, a benefit will only be payable under that increased cover amount for claims arising as a direct result of an Accidental Injury.</p> <p>Accidental Injury and Accidental Injury Cover are defined in section 10 on page 131.</p>

6.4.2 TPD Cover (including Extra Cost Options) Exclusions

The below exclusions apply to TPD Cover and associated Extra Cost Options, as specified.

Table 46: TPD Cover exclusions

<p>6.4.2.1</p> <p><i>Suicide and self-inflicted Injury exclusion</i></p>	<p>The following exclusion applies to the Death Benefit available under TPD Cover.</p> <p>No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's suicide, attempted suicide, or an intentional, self-inflicted Injury within the first 13 months after Cover Commencement (or Reinstatement of cover or when increasing cover but only to the increased portion of the cover).</p> <p>If this Policy is replacing similar existing cover (held with MetLife or another insurer), we will reduce the 13-month exclusion period for an equivalent amount of Life Cover, as that which is being replaced.</p> <p>We will reduce the exclusion period by the number of complete days in which your previous cover was continuously in force immediately before your Cover Commencement, or for the full exclusion period of 13 months, whichever is less.</p> <p>Note, that your previous policy must have been cancelled immediately after the issue of this Policy, and there must have been continuity of cover between the two.</p>

Table 46 (continued): TPD Cover exclusions

<p>6.4.2.2</p> <p><i>Self-inflicted Injury exclusion</i></p>	<p>The following exclusion applies to TPD Cover and all associated Extra Cost Options.</p> <p>No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's attempted suicide or an intentional, self-inflicted Injury.</p> <p>This exclusion does not apply to the Death Benefit available with TPD Cover (which is instead subject to the Suicide and self-inflicted Injury exclusion in section 6.4.2.1 on page 119).</p>
<p>6.4.2.3</p> <p><i>Accidental Injury Cover definition following exercise of the Life Events Increases Feature</i></p>	<p>The following exclusion applies to TPD Cover and any associated Own Occupation Option or Own Business Option.</p> <p>For a period of six months following the date you increase your cover amount by exercising the Life Events Increases Feature, a benefit will only be payable under that increased cover amount for claims arising as a direct result of an Accidental Injury.</p> <p>Accidental Injury and Accidental Injury Cover are defined in section 10 on page 131.</p>
<p>6.4.2.4</p> <p><i>Accidental Injury Cover definition following exercise of the Life Events Extras Feature</i></p>	<p>The following exclusion applies to Own Occupation Option and Own Business Option available with TPD Cover.</p> <p>For a period of six months following the date you add either the Own Occupation Option or Own Business Option to your TPD Cover by exercising the Life Events Extras Feature, a benefit will only be payable under that additional Extra Cost Option for claims arising as a direct result of an Accidental Injury.</p> <p>Accidental Injury and Accidental Injury Cover are defined in section 10 on page 131.</p>

6.4.3 Trauma Cover (including Extra Cost Options and Extras Cover) Exclusions

The below exclusions apply to Trauma Cover and associated Extra Cost Options, Individual Extras and Family Extras cover, as specified.

Table 47: Trauma Cover exclusions

<p>6.4.3.1</p> <p><i>Self-inflicted Injury exclusion</i></p>	<p>The following exclusion applies to Trauma Cover and all associated Extra Cost Options and Extras Cover.</p> <p>No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's attempted suicide or an intentional, self-inflicted Injury.</p>
<p>6.4.3.2</p> <p><i>Survival period</i></p>	<p>The following exclusion applies to Standalone Trauma Cover and associated Individual Extras.</p> <p>We won't pay any benefits if the Life Insured suffers a Trauma Condition but does not survive for at least 14 days from the date they first meet the definition of the Trauma Condition.</p>
<p>6.4.3.3</p> <p><i>No-Claim Period (Trauma Cover)</i></p>	<p>The following exclusion applies to Trauma Cover and associated Individual Extras, in relation to any Trauma Conditions which fall into the below Trauma Categories, or any Related Conditions:</p> <ul style="list-style-type: none"> • Cancer Conditions; • Heart Conditions; and • Neurological Conditions. <p>No benefits are payable for any such Trauma Conditions for which the symptoms, Diagnosis, treatment or surgery occurred prior to the end of the No-Claim Period. The No-Claim Period runs for 90 days from Cover Commencement (or Reinstatement of cover or when increasing cover and only to the increased portion of the cover).</p> <p>If this Policy is replacing similar existing cover (held with MetLife or another insurer), we will reduce the No-Claim Period which otherwise applies for an equivalent amount of cover as that which is being replaced.</p> <p>We will reduce your No-Claim Period by the number of complete days in which your previous cover was continuously in force immediately before your Cover Commencement, or for the full exclusion period, whichever is less. Note, that there must be continuity of cover between your previous policy ending and the Cover Commencement under this Policy.</p>

Table 47 (continued): Trauma Cover exclusions

<p>6.4.3.4</p> <p><i>No-Claim Period (Trauma Cover – Child Trauma Benefit)</i></p>	<p>The following exclusion applies to the Trauma Cover – Child Trauma Benefit available with Family Extras.</p> <p>No benefits are payable for any condition for which a Dependent Child was first Diagnosed, prior to the end of the No-Claim Period. The No-Claim period runs for 90 days from Cover Commencement (or Reinstatement of cover or when increasing cover and only to the increase portion) of the Trauma Cover – Family Extras Cover.</p> <p>If this Policy is replacing similar existing cover (held with MetLife or another insurer), we will reduce the No-Claim Period which otherwise applies for an equivalent amount cover as that which is being replaced.</p> <p>We will reduce your No-Claim Period by the number of complete days in which your previous cover was continuously in force immediately before your Cover Commencement, or for the full exclusion period, whichever is less. Note, that there must be continuity of cover between your previous policy ending and the Cover Commencement under this Policy.</p>
<p>6.4.3.5</p> <p><i>Trauma Cover Category Limit</i></p>	<p>The following exclusion applies to Trauma Cover and associated Individual Extras (when the Trauma Cover Reinstatement Option is purchased).</p> <p>We won't pay a benefit for any Trauma Condition within a Trauma Category, once the Life Insured has been paid 100% of the Trauma Cover Amount for any Trauma Condition/s within that same Trauma Category.</p> <p>If Individual Extras is attached to Trauma Cover for a Life Insured and the Trauma Cover Reinstatement Option is purchased, the Trauma Cover Category Limit Exclusion will not apply in respect of the following benefits:</p> <ul style="list-style-type: none"> • Trauma Cover – Unrelated Cancer Benefit (refer to section 4.3.1.4 on page 107); • Trauma Cover – Related Cancer Benefit (refer to section 4.3.1.5 on page 107); and • Trauma Cover – Related Heart Condition Benefit (refer to section 4.3.1.6 on page 108).
<p>6.4.3.6</p> <p><i>Accidental Injury Cover definition following Trauma Condition benefit payment</i></p>	<p>The following exclusion applies to Trauma Cover and associated Individual Extras (only applies if the Trauma Cover Reinstatement Option is purchased with Standard Trauma Cover).</p> <p>An Accidental Injury Cover definition will apply following a benefit payment under Trauma Cover (including associated Extra Cost Options and/or Extras Cover), which means that claims will only be payable for events that arise as a direct result of an Accidental Injury. The portion of Trauma Cover impacted by this definition will directly correspond with the Trauma Cover Amount paid.</p> <p>The Accidental Injury Cover definition remains in place for 12 months from the date we paid the benefit under Trauma Cover (or associated Extra Cost Options and/or Extras Cover).</p> <p>The Accidental Injury Cover definition will not apply in respect of future claims for Related and Progressive Conditions.</p> <p>Accidental Injury and Accidental Injury Cover are defined in section 10 on page 131.</p>
<p>6.4.3.7</p> <p><i>Multiple Trauma Cover claims - impact of claim order and cause of claim</i></p>	<p>The following exclusion applies to Trauma Cover and associated Individual Extras.</p> <p>If a benefit is paid for a Trauma Condition, and we are notified of a subsequent claim for a Trauma Condition with a Claim Event Date that precedes the date of the aforementioned benefit payment, any benefit payable under the second claim will be no greater than the amount that would otherwise be payable, had the claims been notified and paid in the Claim Event Date order of occurrence.</p> <p>If you are claiming for two or more Trauma Conditions which have occurred as a result of one single event, occurrence, or incidence, we will pay you for the Trauma Condition which offers the greatest benefit payment.</p>

6.4.4 Income Cover (including Extra Cost Options and/or Extras Cover) Exclusions

The below exclusions apply to Income Cover and associated Extra Cost Options and Disability Extras cover as specified.

Table 48: Income Cover exclusions

<p>6.4.4.1</p> <p><i>Suicide and self-inflicted Injury exclusion</i></p>	<p>The following exclusion applies to the Death Benefit available with Income Cover (refer to section 5.2.3 on page 111);</p> <p>No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's suicide, attempted suicide, or an intentional, self-inflicted Injury within the first 13 months after Cover Commencement (or Reinstatement of cover or when increasing cover and only to the increased portion of the cover).</p> <p>If this Policy is replacing similar existing cover (held with MetLife or another insurer), we will reduce the 13-month exclusion period for an equivalent amount of cover as that which is being replaced.</p> <p>We will reduce the exclusion period by the number of complete days that your previous cover was continuously in force immediately before your Cover Commencement, or for the full exclusion period of 13 months, whichever is less. Note, that your previous policy must have been cancelled immediately after the issue of this Policy, and there must have been continuity of cover between the two.</p>
<p>6.4.4.2</p> <p><i>Income Cover General Exclusions</i></p>	<p>The following exclusion applies to Income Cover and all associated Extra Cost Options and/or Extras Cover.</p> <p>No benefits are payable for claims arising:</p> <ul style="list-style-type: none"> • directly or indirectly from War (defined on page 139); • from Uncomplicated Pregnancy (defined on page 144) or childbirth; • from the Life Insured's participation in any criminal activity; or • from any act or omission that results in the permanent or temporary restriction, deregistration or disqualification that prevents the Life Insured from engaging in their occupation or profession.
<p>6.4.4.3</p> <p><i>Self-inflicted Injury exclusion</i></p>	<p>The following exclusion applies to Income Cover and all associated Extra Cost Options and/or Extras Cover.</p> <p>No benefits are payable if a claim arises as a direct or indirect result of the Life Insured's attempted suicide or an intentional, self-inflicted Injury.</p> <p>This exclusion does not apply to the Death Benefit available with Income Cover (which is instead subject to the Suicide and self-inflicted Injury exclusion in section 6.4.4.1 above).</p>
<p>6.4.4.4</p> <p><i>No-Claim Period</i></p>	<p>The following exclusion applies to these benefits defined on pages 113 and 114:</p> <ul style="list-style-type: none"> • Income Cover – Total Disability Trauma Benefit available under Disability Extras; and • Income Cover – Home Help Expenses Benefit available under Disability Extras. <p>No benefits are payable in relation to any Illness or Injury suffered by the Life Insured, for which the symptoms, Diagnosis, treatment or surgery first occurred prior to the end of the No-Claim Period. The No-Claim Period starts on Cover Commencement (or Reinstatement of cover or when increasing cover and only on the increased portion) of the relevant Extras Cover, and extends for a duration of 90 days for the Income Cover – Total Disability Trauma Benefit and six months for the Income Cover – Home Help Expenses Benefit.</p> <p>If this Policy is replacing similar existing cover (held with MetLife or another insurer), we will reduce the No-Claim Period, which otherwise applies, for an equivalent amount cover as that which is being replaced.</p> <p>We will reduce your No-Claim Period by the number of complete days that your previous cover was continuously in force immediately before your Cover Commencement, or for the full exclusion period, whichever is less. Note, that there must be continuity of cover between your previous policy ending and the Cover Commencement under this Policy.</p>
<p>6.4.4.5</p> <p><i>Accidental Injury Cover definition following exercise of the Life Events Increases Feature</i></p>	<p>The following exclusion applies to Income Cover and all associated Extra Cost Options and/or Extras Cover.</p> <p>For a period of six months following the date you increase your Monthly Cover Amount by exercising the Life Events Increases Feature, a benefit will only be payable under that increased Monthly Cover Amount for claims arising as a direct result of an Accidental Injury.</p> <p>Accidental Injury and Accidental Injury Cover are defined in section 10 on page 131.</p>

<p>6.4.4.6</p> <p><i>Accidental Injury Cover definition following exercise of the Life Events Extras Feature</i></p>	<p>The following exclusion applies to Disability Extras available with Income Cover.</p> <p>For a period of six months following the date you add Extras Cover to your Income Cover by exercising the Life Events Extras Feature, a benefit will only be payable under that additional Extras Cover for claims arising as a direct result of an Accidental Injury.</p> <p>The Accidental Injury Cover definition does not apply to the following benefits that are already subject to a No-Claim Period:</p> <ul style="list-style-type: none"> • Income Cover – Total Disability Trauma Benefit available under Disability Extras; and • Income Cover – Home Help Expenses Benefit available under Disability Extras. <p>Accidental Injury and Accidental Injury Cover are defined in section 10 on page 131.</p>
<p>6.4.4.7</p> <p><i>Accidental Injury Cover definition following exercise of the Income Cover – Cover Pause Feature</i></p>	<p>The following exclusion applies to Income Cover and associated Extra Cost Options and/or Extras Cover.</p> <p>For a period of six months following the date that you increase your Monthly Cover Amount as a result of exercising the Income Cover – Cover Pause Feature, a benefit is only payable under that increased portion of your Monthly Cover Amount for claims arising as a direct result of an Accidental Injury.</p> <p>Accidental Injury and Accidental Injury Cover are defined in section 10 on page 131.</p>
<p>6.4.4.8</p> <p><i>Unemployment</i></p>	<p>The following exclusion applies to Income Cover and associated Extra Cost Options held on a Policy inside superannuation.</p> <p>No benefits are payable if the Life Insured was not Gainfully Employed immediately prior to the Date of Disability, in accordance with relevant superannuation legislation.</p>

7. Variations to the cover amount

7.1 Life Events Increases Feature

SUPER

NON-SUPER

The Life Events Increases Feature allows you to increase your cover within maximum cover amounts, when certain life or business events occur without needing to undergo further medical underwriting. You may apply for an increase using this feature within 30 days of the Policy Anniversary following the event. When you provide details confirming the event, and if the application is accepted, your premium will increase to correspond with the increased Life Cover Amount, TPD Cover Amount and/or increased Income Cover Monthly Cover Amount (including any corresponding Extra Cost Options and/or Extras Covers) effective from the date of the increased Cover Commencement. Any increase using this feature will be in addition to any increase under Indexation.

Life events increases are automatically available on your Policy for the following events, if you have the applicable cover as shown on your Policy Schedule or other Important Documents.

7.1.1 Life Events Increase Events

Table 49: List of life events increase events

Event Type	Event	Description	Increase available (cover types and maximum cover amounts)
Personal – Income Cover	Salary increase	The Life Insured's salary increases by up to 15% in a 12-month period.	<p>Increases can be applied on:</p> <ul style="list-style-type: none"> Income Cover <p>The maximum available is the lesser of 15% of your Monthly Cover Amount and 70% of the monthly salary increase (excluding superannuation), provided the total Monthly Cover Amount does not exceed the Maximum Income Replacement Amount.</p> <p><i>Note: You can use the Life Events Increases Feature to increase your Monthly Cover Amount up to four times over the life of the Policy.</i></p>
Personal – Life and TPD Covers	Marriage or civil union	The Life Insured marries or enters into a civil union.	<p>Increases can be applied on:</p> <ul style="list-style-type: none"> Life Cover Life Cover with Linked TPD Cover TPD Cover <p>Each time you exercise this feature, the maximum amount that you can increase your cover amount by is capped at the lesser of 25% of the original cover amount and \$200,000.</p> <p>The maximum amount of all increases under the Life Events Increases Feature cannot exceed the lesser of:</p> <ul style="list-style-type: none"> the original Life and TPD Cover Amount; or \$1,000,000. <p><i>Note: Maximum cover amount limits apply to Life and TPD Covers. This option can be exercised once in any 12-month period.</i></p>
	Birth or adoption of a child	The Life Insured or their Spouse gives birth to a child or legally adopts a child.	
	Becoming a carer for the first time	The Life Insured becoming a carer for the first time (financially responsible, and/or physically providing care to a sick or disabled parent or child).	
	Child starts school for the first time	The Life Insured's child starts school for the first time.	
	Completing an undergraduate degree	The Life Insured completing an undergraduate degree.	
	Completing a postgraduate degree	The Life Insured completing a postgraduate degree.	
	Salary increase	The Life Insured's salary increases by minimum of \$10,000 annually. <i>Note: The Life Insured's salary does not include non-regular payments such as commissions or bonuses. Any increase in cover will be limited to 10 times the increase in the Life Insured's base annual salary.</i>	
Death of a Spouse	Death of the Life Insured's Spouse or de-facto partner.		

Table 49 (continued): List of life events increase events

Event Type	Event	Description	Increase available (cover types and maximum cover amounts)
Personal – Life and TPD Covers	Home loan	The Life Insured takes out a new home loan or increases their loan on their principal place of residence.	<p>Increases can be applied on:</p> <ul style="list-style-type: none"> • Life Cover • Life Cover with Linked TPD Cover • TPD Cover <p>Each time you exercise this feature, the maximum amount that you can increase your cover amount by is capped at the lesser of 50% of the original cover amount and \$500,000.</p> <p>The maximum amount of all increases under the Life Events Increases Feature cannot exceed the lesser of:</p> <ul style="list-style-type: none"> • the original Life and TPD Cover Amount; or • \$1,000,000. <p><i>Note: Maximum cover amount limits apply to Life and TPD Covers. This option can be exercised once in any 12-month period.</i></p>
	Business equity	The Life Insured is a Business owner or a key person in that Business, and their share of their Business increases in value, by percentage and/or by size.	<p>Increases can be applied on:</p> <ul style="list-style-type: none"> • Life Cover • Life Cover with Linked TPD Cover • TPD Cover <p>Each time you exercise this feature, the maximum amount that you can increase your cover amount by is capped at the lesser of 50% of the original cover amount and \$500,000. You can make Life Events increases up to six times over the life of the Policy. The maximum amount of all increases under the Life Events Increases Feature cannot exceed the lesser of:</p> <ul style="list-style-type: none"> • the original Life and TPD Cover Amount; or • \$3,000,000. <p><i>Note: Maximum cover amount limits apply to Life and TPD Covers. This option can be exercised once in any 12-month period and is available until you turn 55. You can only exercise this feature for business events up to six times over the life of the Policy.</i></p>
Business – Life and TPD Covers	Business loan	The Life Insured takes out a new Business loan or increases the Business loan amount on their Business.	

The Life Events Increases Feature may only be exercised while the applicable Standard Cover remains in force. Please note, that in exercising this feature, the total cover amount on your Policy will not be allowed to exceed the product maximums as specified in Table 4: Minimum and maximum cover amounts on page 19.

The increased cover amount does not apply until we have confirmed it in writing and your premium will be recalculated based on the age of the Life Insured at the time of increase.

At a time and within the 12 months, you may apply for an increase for only one personal or business event across all Policies issued by us covering the Life Insured.

The maximum cover amount cap noted under the personal and business events will also apply to reinstated Policies.

The maximum cover limits apply. This means if you have reached the cover limits across all Policies issued by us for the Life Insured, you will not be able to exercise this feature. Please refer to page 19 for cover limits.

This feature is not available if:

- medical loadings above 100%, more than two medical exclusions, a medical loading of 50% with more than one medical exclusion, a medical loading greater than 50% with one medical exclusion, or a medical loading of 100% with any number of medical exclusions is applied to the Life Insured;
- the Life Insured is on claim, has claimed, intends to claim, or is eligible to claim under the applicable cover (including any Linked Covers and Extra Cost Options and/or Extras Covers) at the time of the Life Events Increases request;
- your premiums are being waived under the Premium Waiver Disability Option; or
- the Life Insured is aged 55 and above.

For the first six months after you increase your cover using the Life Events Increases Feature, a benefit is only payable under the increased Life and/or TPD Cover Amount, and Income Cover Monthly Cover Amount for claims arising as a result of an Accidental Injury. Please refer to section 6.4 on page 117 for full details.

Any exclusions and loadings that applied on the original cover will also apply on the increased cover amount.

7.2 Life Events Extras Feature

SUPER

NON-SUPER

The Life Events Extras Feature gives the ability to add Extra Cost Options and/or Extras Cover to a Policy, with limited underwriting. You may request to add Extra Cost Options and/or Extras Cover where you have TPD, Trauma and/or Income Cover in place, without the usual underwriting, if a listed event occurs for the Life Insured. We may ask you to supply additional information and all other eligibility of the Extra Cost Options and/or Extras Cover must be satisfied.

The request to exercise the Life Events Extras Feature must be made within 30 days of the Policy Anniversary following the event occurring for the Life Insured and is subject to a maximum entry age of 60 for the Extra Cost Options and/or Extras Cover (age 54 if the associated Standard Cover is currently under a 5-year or 10-year Fixed Term Option, and age 59 for Disability Extras under Income Cover).

Table 50: List of life events extras events

Event type	Description	If you have which cover types:	You can add which Extra Cost Options and/or Extras Covers:
Salary increase	The Life Insured's income (excluding superannuation) first exceeds \$120,000.	Income Cover	Disability Extras
Professional registration	The Life Insured first graduates or first receives registration in their professional field.	TPD Cover	Own Occupation Option
Tradesperson experience	The Life Insured attains two years of experience as a qualified tradesperson.	TPD Cover	Own Occupation Option
Birth or adoption of a child	The Life Insured or their Spouse gives birth to a child or legally adopts a child.	Trauma Cover	Family Extras
Marriage or civil union	The Life Insured marries or enters into a civil union.	Trauma Cover	Family Extras

This feature is not available if:

- medical loadings above 100% apply to the Life Insured; or
- the Life Insured is being or has been paid a benefit, has claimed for a benefit, or is eligible to claim for a benefit under the applicable cover (including any Linked Covers, Extra Cost Options and/or Extras Cover) at the time of the request to exercise the Life Events Extras Feature.

For the first six months after you add an Extra Cost Option and/or Extras Cover using the Life Events Extras Feature, unless specified otherwise, a benefit may only be payable under that additional Extra Cost Option and/or Extras Cover for claims arising as a result of an Accidental Injury. Please refer to section 6.4 on page 117 for full details.

Any exclusions, special terms and loadings that applied on your Standard Cover, will also apply to any associated Extra Cost Option and/or Extras Cover.

7.3 Income Cover – Cover Pause Feature

SUPER

NON-SUPER

Included with Standard Income Cover

If the Life Insured takes unpaid parental leave or unpaid sabbatical leave from their employer, or suffers from financial hardship, the Income Cover – Cover Pause Feature enables you to request to reduce your Income Cover Monthly Cover Amount to 25% of the existing Monthly Cover Amount. Under this feature you can subsequently increase the Income Cover Monthly Cover Amount again up to the original Monthly Cover Amount, without medical underwriting, on the earlier of:

- 30 days of the Life Insured's return to work; or
- within 12 months from first using the Income Cover – Cover Pause Feature.

To exercise this feature, your Income Cover must have been in force for at least 24 consecutive months and is paid up to date. In addition, the Life Insured must remain employed throughout the duration of unpaid leave and the leave approval must be evidenced in writing from the Life Insured's employer.

If you have not subsequently increased your Income Cover Amount up to the original Monthly Cover Amount 12 months after first using the Income Cover – Cover Pause Feature, we will automatically increase the Income Cover Amount to the original Monthly Cover Amount.

For the first six months after your cover is automatically increased to the original Monthly Cover Amount using the feature, a benefit is only payable under the increase in Monthly Cover Amount for claims arising as a result of an Accidental Injury.

You can exercise the Income Cover – Cover Pause Feature multiple times throughout the life of your Policy as long as the above requirements are maintained.

7.4 Cover variation evidence

When you request to increase or vary your cover using the Life Events Increases Feature or Life Events Extras Feature, you will need to supply us with satisfactory evidence of the event. We require a copy of certain documentation (which will be outlined in the application to increase cover) confirming the life or business event. This must be provided to us with your request to increase or vary your cover.

7.5 Indexation

SUPER

NON-SUPER

Indexation on Life, TPD and Trauma Covers

If your Policy Schedule or any other Important Documents shows that Indexation increases apply to your cover, we will automatically increase your Life, TPD and Trauma Cover Amounts each year by the greater of CPI or 5%.

Indexation on Income Cover

Your Income Cover Monthly Cover Amount will increase each year by CPI. The amount we will increase your cover by is the percentage increase in the CPI as published by the Australian Bureau of Statistics. If the CPI is negative over the relevant period, we will consider CPI to be zero and your cover amount will not change.

Additional Information

We will apply Indexation on each Policy Anniversary date from 1 March onwards, using the CPI for the 12-month period ending 30 September of the previous calendar year.

As your Life, TPD and Trauma Cover Amounts and Income Cover Monthly Cover Amounts are increased each year at your Policy Anniversary, your premium will be adjusted to reflect the new increased amounts.

You may decline Indexation in any year by notifying us that you do not want the increase to your Life, TPD and Trauma Cover Amounts or Income Cover Monthly Cover Amount. This must be done no later than one month after the increase was to take effect. Please note, Indexation is available on an 'all or nothing' basis which means it will apply to all covers on your Policy, including any Linked TPD and/or Linked Trauma and/or Extra Cost Options and/or Extras Cover you have taken outside superannuation, connected to your superannuation Policy (and vice versa). You can decline Indexation permanently or on a one-off basis. If you want Indexation to apply to your Policy, you may request this subject to limited underwriting. The next Indexation increase will take effect at your next Policy Anniversary, using the CPI rate for the 12-month period ending 30 September in the previous calendar year.

If one of the Fixed Term Options is selected or if your Policy is attached to a Policy with a Fixed Term Option, Indexation does not apply.

Important: If your Income Cover is wholly held inside superannuation, the yearly Indexation increase may mean that your Income Cover Monthly Cover Amount becomes greater than the amount you would be eligible to claim and may not meet the condition of release requirements under superannuation law.

7.6 Other requests for increases and decreases in cover

You may request to increase, decrease or alter your cover during the course of the Policy.

- Requests to reduce your cover, or remove covers, do not require any further underwriting; you simply need to contact us.
- Improved cover options or increases in cover (other than automatic increases under Indexation) must be applied for and may require further underwriting, and confirmation from you that the premium increase is accepted.
- If we accept variations to your Policy, we will issue an Important Document containing updated cover and premium details.

8. Premiums, charges and fees

8.1 About the premium

The premium for the Policy includes the cost of cover selected for each Life Insured under the Policy. The premium also includes any government charges and administration charges.

The premium is calculated by us at the Policy Commencement date and at each Policy Anniversary. The premium payable will be shown on the Policy Schedule or any other Important Documents.

8.2 Reviewable premium rates

We calculate the premium by reference to a table of premium rates for the covers (and any options) selected. In setting the premium rates, we take into consideration the risk group and the cost of administering the Policy.

We may change the premium rates or vary any applicable premium factors (which includes loadings and discounts) at any time, but only after giving you 30 days' notice of any detrimental change and only with effect from the Policy Anniversary after the change. Premium rates can't increase for an individual Policy within a defined risk group unless all premium rates for all policies in that risk group are increased.

The five-year and 10-year Fixed Term Options use guaranteed premiums for any Life Cover and any TPD Cover. The guaranteed premium will not increase during the fixed term.

We will pass on any applicable changes in the rates of Government charges, stamp duty or tax for all premium structures.

8.3 Premium structure

The way we calculate the premium depends on the premium type you select. The premium type applying to each cover under the Policy is shown on the Policy Schedule or any other Important Documents. The premium structures are:

- **Stepped premium** – the premium is recalculated on each Policy Anniversary, based on the Life Insured's age at that time. Premiums will also change when cover changes (including Indexation increases and other requested changes to the amount insured). Premium rate reviews may apply for stepped premiums (refer to section 8.2 on this page).

- **Level age 65** – the premium is calculated on an age-based premium rate determined by the Life Insured's age as at the cover start date. This rate will apply on this basis until the Policy Anniversary before the Life Insured is age 65, and will also extend to any automatic Indexation increases. If any premiums are payable beyond this date the premiums will be calculated as a stepped premium. If the amount insured is increased due to requested changes then the increased portion of cover will be based on the Life Insured's age at the time of increase and the level premium rate for that age. Premium rate reviews may apply for level premiums (refer to section 8.2 on this page).
- **Level age 70** – as for Level age 65, however the rate will apply until the Policy Anniversary before the Life Insured is age 70.
- **5-year Fixed Term Option** – premiums are adjusted to avoid age-based increases on the selected level of cover for five years. At the end of the five years, your Policy will switch to stepped premiums, and your cover amount will be adjusted to the level of cover available for the premium you have been paying. If your Extra Cost Options and/or Extras Cover is on a Fixed Term Option and the Standard Cover it is attached to is not on a Fixed Term Option, we will not alter your cover amount at the end of the fixed term. Premiums are guaranteed not to increase for Life and TPD Cover for the five-year period, however premium rate reviews may still apply to any Trauma Cover (refer to section 8.2 on this page) with the Fixed Term Option. The 5-year Fixed Term Option is not available for Income Cover.
- **10-year Fixed Term Option** – as for the 5-year Fixed Term Option; however premiums are adjusted to avoid age-based increases on the selected level of cover for ten years. The 10-year Fixed Term Option is not available for Income Cover.

8.4 Government charges

We will pay any stamp duty, tax, excise or other charges of the Commonwealth, or of a State or Territory Government, which may apply to the Policy. However, we reserve the right to recoup these charges through the premium, and the right to increase the premium to cover any increase in, or addition to, these charges.

We reserve the right to charge a fee to recoup the costs of administering any function required of us in respect of the Policy, by any Commonwealth, State or Territory Government.

■ 9. Claims and payments

If you are making a claim to receive benefits under the Policy you should notify us as soon as reasonably possible, and you must provide the information required by us to establish the occurrence of the event giving rise to the claim. The payment of a benefit under the Policy is also subject to proof of eligibility and entitlement, including proof of the Life Insured's age, for example their birth certificate.

If the Life Insured's age has been misstated, we will either:

- adjust the benefits under the Policy to those that the premium paid would have purchased for the Life Insured's correct age; or
- refund any overpaid premium.

In the event of a claim, you must (at your expense) provide us with all the information and details that we may reasonably require to assess the claim. Depending on the type of claim made we may require the Life Insured to be examined by a Medical Practitioner or by an assessor as to the Life Insured's current and vocational capacity.

If the Life Insured is required to undergo any medical examinations or current or vocational capacity assessment at our request, these will be conducted at our expense, unless the costs can be recovered from another source.

For financial based claims we may need you or the Life Insured to verify financials provided to us. We may need to audit Business or personal finances depending on the type of claim made.

All amounts payable under the Policy will be paid in Australian currency.

9.1 Additional requirements for Income Cover claims

In addition to the requirements listed above, you must:

- tell us as soon as reasonably possible if the Life Insured is Totally Disabled or Partially Disabled for more than seven days. We will then commence your claim assessment;
- give us full information if there is a claim. This includes any medical reports from people who have treated the Life Insured for the Illness or Injury; and
- ensure the Life Insured seeks regular medical advice and treatment from a Medical Practitioner for as long as the Life Insured is receiving a benefit payment. We require this to pay the benefit.

Claims notified more than 12 months after the:

- Date of Disability, or
- end of the Waiting Period,

may take longer to assess if the delay impacts the availability and/or collection of required information.

During the course of a claim we are entitled to ask for proof that the Life Insured is disabled and that you are still entitled to receive benefits. If proof is not provided, or you are no longer entitled to benefits, we may reduce or cease paying benefits under the Policy.

9.2 Taxes and other government charges

If we are required to pay any tax, duty or government charge or levy in respect of any payment to the Policy Owner or a Nominated Beneficiary under the Policy, we may reduce the amount paid by the amount of the tax, duty or government charge or levy.

10. Definitions

**Parental, sabbatical or long service leave approved in writing by the Life Insured's employer.*

Pre-Disability Superannuation Contributions

Means the Life Insured's average monthly superannuation contributions for the 12-month period immediately prior to the Date of Disability.

If the Life Insured becomes Totally Disabled or Partially Disabled while on leave*, then Pre-Disability Superannuation Contributions means the higher of the following:

- 100% of the Life Insured's average monthly superannuation contributions for the 12-month period immediately prior to going on leave*; and
- 100% of the Life Insured's average monthly superannuation contributions for any consecutive 12-month period in the two years immediately prior to the start of the Waiting Period.

**Parental, sabbatical or long service leave approved in writing by the Life Insured's employer.*

R

Recurrent Disability

Means in relation to Income Cover (and associated Extras Cover), a reoccurrence of the same Illness or Injury or Related Condition for which we have previously paid Total Disability or Partial Disability Benefits and those payments have ceased. The reoccurrence must occur within 12 months of the Total or Partial Disability Benefits payments having ceased. The Recurrent Disability Benefit will be considered a continuation of the previous Benefit Payment and Benefit Period.

Reimburse, Reimbursed, Reimbursing or Reimbursement

If we agree in advance to the use of a service provider that you pay for directly, we will Reimburse the cost up to the amount we agreed after you provide evidence that you have paid.

Where we have a direct relationship with the service provider, we will pay the service provider directly.

If your Policy is inside superannuation, you can still access the services we agree to, but we are required to pay the service provider directly. These are a claims expense, and made at our discretion.

We can't Reimburse any expenses that we are not permitted by law to Reimburse, or are regulated by the *National Health Act 1953* (Cth) or the *Private Health Insurance Act 2007* (Cth).

Means the Total Disability benefit amount we will pay in a single monthly instalment under Income Cover, before taking into account Post-Disability Income and any applicable Offsets. The Monthly Benefit is calculated in accordance with section 5.2.1.1 on page 110.

TPD Cover

Means insurance cover provided in accordance with section 3.1 on page 99.

TPD Cover Amount

Means the maximum amount of TPD Cover we have agreed to insure you for, as shown in your most recent Policy Schedule or any other Important Documents.

TPD Cover – Any Occupation Benefit

Means an inbuilt benefit of TPD Cover, payable in accordance with section 3.1.1 on page 99.

TPD Cover – Double Benefit Option (TPD)

Means an Extra Cost Option benefit of TPD Cover, payable in accordance with section 3.2.6 on page 102.

TPD Cover – General Disability Benefit

Means an inbuilt benefit of TPD Cover, payable in accordance with section 3.1.4 on page 100.

TPD Cover – Home Duties Benefit

Means an inbuilt benefit of TPD Cover, payable in accordance with section 3.1.3 on page 99.

TPD Cover – Life Cover Buy Back Option (TPD)

Means an Extra Cost Option of Standard TPD Cover which operates in accordance with section 3.2.1 on page 100.

TPD Cover – Life Cover Purchase Option (Standalone TPD)

Means an Extra Cost Option of Standard TPD Cover which operates in accordance with section 3.2.5 on page 101.

TPD Cover – Limited Earnings Benefit

Means an inbuilt benefit of TPD Cover, payable in accordance with section 3.1.2 on page 99.

TPD Cover – Own Business Option

Means an Extra Cost Option of an Own Business TPD definition, payable in accordance with section 3.2.3 on page 100.

TPD Cover – Own Occupation Option

Means an Extra Cost Option of an Own Occupation TPD definition, payable in accordance with section 3.2.2 on page 100.

TPD Cover – Physical Disability Benefit

Means an inbuilt benefit of TPD Cover, payable in accordance with section 3.1.5 on page 100.

Trauma Category

Means Trauma Conditions that have been pooled together into a group. There are five Trauma Categories: Cancer Conditions; Heart Conditions; Neurological Conditions; Vital Organ and Digestive System Disorders; and Disability Conditions and Accidental Incidents and these are set out in section 4.1 on page 103.

Trauma Conditions

Means a listed condition as shown in sections 4.1.1 (Tier 1 Benefit on Page 103), 4.1.2 (Tier 2 Benefit on Page 104) and 4.1.3 (Tier 3 Benefit on Page 104) that we will pay a benefit for under Trauma Cover.

Trauma Cover

Means insurance cover provided in accordance with section 4.1 on page 103.

Trauma Cover Amount

Means the maximum amount of Trauma Cover we have agreed to insure you for, as shown in your most recent Policy Schedule or any other Important Documents.

Trauma Cover Reinstatement Option

Means an Extra Cost Option of Standard Trauma Cover which operates in accordance with section 4.2.2 on page 106.

Trauma Cover – Booster Benefit

Means an inbuilt benefit of Individual Extras, payable in accordance with section 4.3.1.1 on page 107.

Trauma Cover – Child Trauma Benefit

Means an inbuilt benefit of Family Extras, payable in accordance with section 4.3.2.1 on page 108.

Trauma Cover – Advanced Diabetes Benefit

Means the inbuilt benefit of Individual Extras, payable in accordance with section 4.3.1.3 on page 107.

Trauma Cover – Double Benefit Option (Trauma)

Means an Extra Cost Option benefit of Trauma Cover, payable in accordance with section 4.2.5 on page 107.

Trauma Cover – Family Assistance Expenses Benefit

Means an inbuilt benefit of Family Extras, payable in accordance with section 4.3.2.2 on page 108.

Trauma Cover – Life Cover Buy Back Option (Trauma)

Means an Extra Cost Option of Standard Trauma Cover which operates in accordance with section 4.2.1 on page 106.

Trauma Cover – Life Cover Purchase Option (Standalone Trauma)

Means an Extra Cost Option of Standard Trauma Cover which operates in accordance with section 4.2.4 on page 106.

Trauma Cover – Medical Travel Expenses Benefit

Means an inbuilt benefit of Standard Trauma Cover, payable in accordance with section 4.1.4 on page 105.

Trauma Cover – Related Cancer Benefit

Means an inbuilt benefit of Individual Extras when purchased with the Trauma Cover Reinstatement Option, payable in accordance with section 4.3.1.5 on page 107.

Trauma Cover – Related Heart Condition Benefit

Means an inbuilt benefit of Individual Extras when purchased with the Trauma Cover Reinstatement Option, payable in accordance with section 4.3.1.6 on page 108.

Trauma Cover – Repeat Angioplasty Benefit

Means an inbuilt benefit of Individual Extras, payable in accordance with section 4.3.1.2 on page 107.

Trauma Cover – Unrelated Cancer Benefit

Means an inbuilt benefit of Individual Extras when purchased with the Trauma Cover Reinstatement Option, payable in accordance with section 4.3.1.4 on page 107.

Trust Deed

Trust Deed means the Trust Deed dated 25 June 1990, as amended from time to time, that established the Fund.

Trustee

Means Equity Trustees Superannuation Limited as defined on page 92.

U

Usual Occupation

Means, for all Occupation Classes:

- the occupation the Life Insured was employed in immediately before the onset of the Total or Partial Disability, or
- if the Life Insured was unemployed at the Date of Disablement the occupation the Life Insured was most recently employed in.

V

Variable Income

Means income that is not Stable Income.

Vital Organ and Digestive System Disorders

Means one of the five Trauma Categories which encompasses a range of Trauma Conditions, as specified in section 4.1 on page 103.

W

Waiting Period

Means as outlined in the Policy Terms, as specified in section 5.1.1 on page 109.

The Waiting Period is shown on your Policy Schedule or any other Important Documents.

War

Means any act of war (declared or undeclared) or terrorism, revolution, invasion, rebellion or civil unrest. War also includes any peace keeping or national service activity in a country outside of Australia.

11. Medical Definitions

A

Angioplasty – single or double vessel

Means undergoing angioplasty on one or two arteries in a single procedure to treat coronary artery disease.

The procedure must be considered the necessary and appropriate treatment by a Medical Specialist, and supported by angiographic evidence of the coronary artery disease.

Angioplasty – triple vessel

Means undergoing an angioplasty on each of the three main coronary arteries (left anterior descending, left circumflex, right coronary), either in a single procedure, or multiple procedures within two months of the original procedure.

The procedure must be considered the necessary and appropriate treatment by a Medical Specialist, and supported by angiographic evidence of coronary artery disease in each of the three main coronary arteries.

It specifically excludes any other angioplasty, intra-arterial procedures and other non-surgical procedures.

Aplastic Anaemia

Means the Diagnosis of aplastic anaemia that results in anaemia, neutropenia and thrombocytopenia and requires interventionist treatment, such as the use of immunosuppressive agents, marrow stimulating agents or a bone marrow transplant.

B

Bacterial Meningitis

Means the Diagnosis of bacterial meningitis, causing Permanent Neurological Deficit.

It specifically excludes bacterial meningitis in the presence of HIV infection and all other forms of meningitis, including viral and other immunocompromised states.

Benign Brain Tumour

Means the Diagnosis of a non-cancerous tumour of the brain or spinal cord as evidenced by imaging studies such as CT or MRI scan.

The Medical Specialist must recommend surgery, radiotherapy, chemotherapy, laser therapy or equivalent medical intervention as necessary and appropriate.

It specifically excludes tumours of the pituitary gland, cysts, granulomas and cerebral abscesses, malformations of the arteries or veins, and haematomas.

Blindness

Means the permanent loss of sight in both eyes, whether aided or unaided, as a result of Injury or Illness such that visual acuity is reduced to 6/60 or less in both eyes, or such that the visual field is reduced to 20 degrees or less of arc.

Blindness – partial loss

Means the partial loss of sight, whether aided or unaided, as a result of Injury or Illness such that:

- visual acuity is reduced to 6/60 or less in one eye, or the visual field of one eye is reduced to 20 degrees or less of arc; or
- visual acuity is reduced to 6/24 in both eyes.

Burns – full thickness

Means burns through the full thickness of the skin to:

- at least 9% of the body as measured by the 'Rule of Nines' or the Lund and Browder Body Surface Chart;
- 50% or more of both hands, requiring surgical debridement and/or grafting;
- 50% or more of both feet, requiring surgical debridement and/or grafting;
- 50% or more of the face, requiring surgical debridement and/or grafting; or
- the whole of the skin of the genitalia, requiring surgical debridement and/or grafting.

C

Cancer – advanced

Means the Diagnosis of one of the following advanced cancers where all reasonable treatment options have been exhausted and there is evidence of progression, and the condition is unlikely to be cured:

- any carcinoma which has metastasised to another part of the body and classified as at least Stage III using the TNM clinical staging system;
- lymphoma with a Lugano Classification III, Ann Arbor stage III or above;
- leukaemia having progressed to at least RAI stage III; or
- sarcoma having progressed to at least Stage III using the TNM clinical staging system.

Cancer – early stage cancers

Means the Diagnosis of any of the following early stage cancers, characterised by the uncontrolled growth and spread of malignant cells:

- Carcinoma In Situ of the breast where there is no immediate requirement for Major Cancer Treatment;

- cervical adenocarcinoma in situ or cervical intraepithelial neoplasia at stage CIN III;
- Carcinoma In Situ of the testicle or ovary;
- prostate cancer – Diagnosed after age 55 as clinical stage T1a using the TNM clinical staging system, or T1c where no immediate treatment is recommended;
- melanomas where the Breslow thickness is less than 1mm; or
- cutaneous lymphoma at Ann Arbor Stage I.

It specifically excludes all tumours which are histologically classified as any of the following:

- pre-malignant;
- non-invasive;
- high-grade dysplasia; or
- having either borderline malignancy or low malignant potential.

Cancer – excluding specified early stage cancers

Means the Diagnosis of a malignant cancer with histological or cytological confirmation and characterised by the uncontrolled growth of malignant cells and invasion and destruction of normal tissue.

The term ‘malignant cancer’ includes carcinoma, leukaemia, sarcoma and lymphoma.

It specifically excludes:

- all tumours which are histologically classified as any of the following:
 - pre-malignant;
 - non-invasive;
 - high-grade dysplasia; or
 - having borderline malignancy or low malignant potential.
- Carcinoma In Situ, except where it requires Major Cancer Treatment;
- all cancers of the prostate unless:
 - Diagnosed before age 55 and progressed to at least clinical stage T1a, T1b or T1c using the TNM clinical staging system;
 - progressed to at least clinical stage T1b or T1c on the TNM clinical staging system;
 - histologically classified as having a Gleason score of 7 or above; or
 - Major Cancer Treatment is required.
- cutaneous lymphoma (lymphoma confined to the skin) unless having progressed beyond Ann Arbor Stage I;
- chronic lymphocytic leukaemia unless progressed to at least RAI Stage I;
- squamous cell carcinoma of the skin unless there has been a spread to other organs (including bone or lymph nodes);
- all hyperkeratosis or basal cell carcinomas of the skin; and
- all melanoma skin cancers, unless the Breslow thickness is 1mm or more or ulceration is present.

Carcinoma In Situ

Means a cancer Diagnosed as carcinoma in situ or which is classified as FIGO Stage 0, or which has a TNM classification as Tis.

Cardiomyopathy

Means the Diagnosis of cardiomyopathy with permanently impaired ventricular function resulting in significant permanent physical impairment to the degree of Class 3 or more of the New York Heart Association or equivalent classification of cardiac impairment.

Colostomy or Ileostomy

Means the creation of a permanent non-reversible opening, linking the colon and/or ileum to the external surface of the body.

Coma – 72 hours

Means the total failure of cerebral function characterised by total unconsciousness and unresponsiveness to all external stimuli, resulting in a documented Glasgow Coma Scale of 6 or less with the use of a life support system, for a continuous period of at least 72 hours.

It specifically excludes medically induced comas.

Coronary Artery Bypass Surgery

Means the undergoing of Coronary Artery Bypass Surgery to one or more coronary arteries as the necessary and appropriate treatment of coronary artery disease.

Crohn’s Disease – severe

Means the Diagnosis of Crohn’s disease that has failed to be controlled by treatment other than biological treatment and will require at least a period of 12 consecutive months treatment.

Cystic Fibrosis

Means the Diagnosis of Cystic Fibrosis.

D

Deafness

Means the permanent loss of hearing through Illness or Injury so that, even with a hearing device, the loss is at least 91 dB in both ears, averaged over frequencies of 500Hz, 1000Hz and 2000Hz as confirmed by a Medical Specialist.

Deafness – partial hearing loss

Means the permanent loss of hearing through Illness or Injury so that, even with a hearing device, the loss is at least:

- 91 dB in one ear, or
- 71 dB in both ears,

averaged over frequencies of 500Hz, 1000Hz and 2000Hz as confirmed by a Medical Specialist.

Dementia including Alzheimer’s Disease

Means the Diagnosis of dementia or Alzheimer’s disease resulting in a permanent loss of cognitive function, for which no other recognisable cause has been identified. A Mini-Mental State Examination score of 20 or less out of 30 is required.

Diabetes – insulin dependent

Means the Diagnosis of type 1 insulin dependent diabetes mellitus, first Diagnosed after age 30.

Diabetes – severe with complications

Means diabetes mellitus, either insulin or non-insulin dependent, that a certified consultant endocrinologist has confirmed and results in at least two of the following complications as a direct result of diabetes:

- severe diabetic retinopathy resulting in visual acuity (whether aided or unaided) and corrected of 6/36 or worse in both eyes;
- severe diabetic neuropathy resulting in motor and/or autonomic impairment;
- diabetic gangrene resulting in surgical intervention; or
- severe diabetic nephropathy causing chronic irreversible renal impairment as demonstrated with a glomerular filtration rate less than 30 ml/min (stage 4 kidney disease).

Dislocate or Dislocation

Means damage to a joint where one or more bones are completely out of place. It excludes partial dislocations, for example where the bone ends are out of place but still touching.

E

Epilepsy

Means the Diagnosis of epilepsy, after two or more observed generalised motor seizures and as confirmed by Medical Specialist.

F

Fracture

Means the disruption in the continuity of the bone, with or without displacement, confirmed by radiographic or scanning techniques. Stress fractures, greenstick fractures, avulsion fractures, buckle fractures and linear fractures are excluded.

H

Heart Attack – with specified clinical evidence

Means the Diagnosis of myocardial infarction (death of a portion of the heart muscle) as a result of inadequate blood supply to the relevant area, as measured by the tests specified below. The Diagnosis must be supported by a diagnostic rise and/or fall of cardiac biomarkers with at least one value above the 99th percentile of the upper reference limit and at least one of the following:

- symptoms of ischaemia consistent with myocardial infarction;
- ECG changes indicative of new ischaemia (new ST-T changes or new left bundle branch block);
- development of new pathological Q waves on the ECG; or
- new regional wall motion abnormality persisting for at least six weeks and confirmed on cardiac imaging including echocardiogram, cardiac CT, cardiac MRI or cardiac radio nuclear scan.

If the above tests are inconclusive or unable to be met, we will consider other appropriate and medically recognised tests.

The above specifically excludes:

- a rise in biological markers as a result of an elective keyhole procedure for coronary artery disease;
- pulmonary embolisms;
- viral myocarditis; and
- other acute coronary syndromes including but not limited to angina pectoris.

Heart Condition – significantly impaired heart function

Means the Diagnosis of a heart condition which has resulted in permanent physical impairment of at least Class 3 of the New York Heart Association classification of cardiac impairment and the left ventricular ejection fraction is less than 40% tested twice at least three months apart.

Heart Valve Surgery – keyhole procedure

Means the undergoing of heart surgery using an endoscopic procedure, or via a catheter, or endovascular method, to treat a heart valve defect or heart valve abnormality.

Heart Surgery – open heart surgery

Means surgery with a sternotomy or thoracotomy (surgical division of the breast bone) to the heart, heart valves or aorta confirmed by a Medical Specialist as the necessary and appropriate treatment.

It specifically excludes angioplasty, intra-arterial procedures and treatment without surgery, even where these are necessary and recommended.

HIV Infection – acquired medically, at work or from an assault

Means the Human Immunodeficiency Virus (HIV) acquired:

- from a blood transfusion or organ transplant performed by a registered Health Professional, where the relevant Health Authority provides proof that the procedure caused the infection;
- while performing the normal duties of the Life Insured's Usual Occupation with appropriate care; or
- as a victim of a physical or sexual assault.

There must have been a negative HIV antibody test within 14 days of the relevant incident, followed by a positive HIV antibody test within six months of the event. We must have access to all the blood test results and blood samples used.

It specifically excludes HIV infection from any other cause, such as recreational intravenous drug use.

Hydrocephalus – requiring surgery

Means a Diagnosis of hydrocephalus resulting from injury, infection or tumour, where there is excessive cerebrospinal fluid within the brain causing increased intra-cranial pressure. A Medical Specialist must certify that surgery is needed to treat the condition.

L

Limb

Means an arm (including the wrist and entire hand) or a leg (including the knee and the entire foot).

Loss of Independence

Means the Diagnosis of an Illness or Injury which results in deteriorated functional ability to the extent that the Life Insured has totally and irreversibly lost the ability to perform any two of the Activities of Daily Living without the assistance of another person.

The loss of independence must be verified by a Medical Specialist or occupational therapist.

Loss of Use of Limb – *single limb*

Means the total and permanent loss of use of a Limb, due to paralysis or physical loss.

Loss of Use of Limb – *two or more limbs*

Means the total and permanent loss of use of two or more Limbs, due to paralysis or physical loss.

Lung Removal – *excluding donors*

Means undergoing surgery to remove an entire lung, confirmed by a Medical Specialist as the necessary and appropriate treatment.

It specifically excludes lung removal as a donor.

M

Major Cancer Treatment

Means any of the following as the necessary and appropriate treatment to arrest the spread of malignancy of a cancer:

- surgery to remove the entire prostate to treat prostate cancer;
- surgery to remove all breast tissue to treat breast cancer (including where performed with nipple and skin sparing surgery) to treat breast cancer;
- breast conserving surgery accompanied by adjuvant therapy (such as radiotherapy and/or chemotherapy). The surgery and treatment must be undertaken specifically to arrest the spread of malignancy, and be considered the appropriate and necessary treatment as confirmed by an appropriate specialist doctor;
- radiotherapy; or
- chemotherapy.

Motor Neurone Disease

Means the Diagnosis of a permanent and progressive form of motor neurone disease confirmed by neurological investigation.

Multiple Sclerosis

Means the Diagnosis of a permanent and progressive form of multiple sclerosis.

Muscular Dystrophy

Means the Diagnosis of a muscular dystrophy resulting in a Permanent Neurological Deficit.

N

Neurological Condition – *permanent neurological deficit*

Means the Diagnosis of a recognised neurological condition, for example a stroke, with Permanent Neurological Deficit with deteriorating function, as clinically evidenced over a period of at least six consecutive months.

O

Osteoporosis

Means the Diagnosis of osteoporosis, being a condition where the bones become brittle and fragile from loss of tissue.

Osteoporosis – *before age 55*

Means the Diagnosis of osteoporosis before age 55:

- that has caused a vertebral body fracture or a fracture in the neck of femur; and
- with bone mineral density reading with a T-score of less than -2.5 bone density (that is, 2.5 standard deviations below the young adult mean for bone density), measured in at least two sites by dual energy x-ray absorptiometry (DEXA).

P

Parkinson's Disease

Means the Diagnosis of permanent and progressive Parkinson's disease or Parkinsonisms.

It specifically excludes Parkinsonism secondary to medication.

Permanent Neurological Deficit

Means dysfunction of the nervous system that is present on clinical examination and the prognosis is that it will last throughout life.

Examples of dysfunction include impairment to:

- motor function (due to hemiplegia, monoplegia, hemiparesis, monoparesis, paralysis, lack of co-ordination, tremors, numbness or localised weakness); or
- communication (due to dysarthria, aphasia, dysphagia).

The following are excluded:

- an abnormality seen on brain or other scans without definite related clinical symptoms;
- neurological signs occurring without symptomatic abnormality, for example brisk reflexes without other symptoms; and
- symptoms of psychological or psychiatric origin.

Pulmonary Arterial Hypertension

Means the Diagnosis of pulmonary arterial hypertension associated with right ventricular enlargement established by cardiac catheterisation and resulting in significant permanent physical impairment to the degree of at least Class 3 of the New York Heart Association classification of cardiac impairment.

S

Severe Burns

Means burns that involve damage or destruction of the skin to its full depth through to the underlying tissue.

Stroke – *with persisting clinical symptoms*

Means the Diagnosis of a stroke with an acute onset of new objective neurological symptoms lasting more than 24 hours.

The Diagnosis must be supported by neuroimaging evidence of a lesion consistent with the neurological symptoms.

It specifically excludes:

- transient ischaemic attacks;
- brain or spinal cord damage due to an accident, Injury, infection, or non-vasculitic inflammatory disease;
- vascular disease affecting the eye or optic nerve;
- ischaemic disorders of the vestibular system;
- strokes caused by or related to illicit drug use or substance abuse;
- migraine; and
- hypoxic events.

U

Ulcerative Colitis – *severe*

Means the Diagnosis of ulcerative colitis that has failed to be controlled by treatment other than biological treatment and will require at least a period of 12 consecutive months treatment.

Uncomplicated Pregnancy

Means pregnancy which may include circumstances such as morning sickness, backache, varicose veins, ankle swelling, bowel or bladder problems, multiple pregnancy, threatened miscarriage, and participation in an IVF or similar program.

V

Vital Organ or Digestive System Disorder – *end stage*

Means:

- the Diagnosis of any of the following:
 - end stage liver failure with permanent jaundice and presenting with ascites or encephalopathy;
 - end stage renal failure with chronic irreversible failure of both kidneys that needs permanent dialysis or renal transplantation;
 - end stage lung disease requiring permanent supplementary oxygen, confirmed by a Medical Specialist;
 - end stage chronic obstructive pulmonary disease (COPD) with a persistent FEV1 less than 30% predicted or DLCO less than 40% predicted (according to current Thoracic Society of Australia and New Zealand treatment guidelines) measured on two separate occasions at least three months apart while on optimal therapy; or
- being required to be placed on an Australian waiting list to receive a transplant of a heart, kidney, liver, lung, pancreas, small bowel, or bone marrow as confirmed by a Medical Specialist.

Viral Encephalitis

Means the Diagnosis of viral encephalitis, causing Permanent Neurological Deficit.
