GETTING TO KNOW ENCOMPASS PROTECTION

Encompass Protection provides Australians with a range of options to meet their protection needs.

The right kind of life insurance can be invaluable to your clients and their loved ones. It gives them the confidence to set and achieve their life goals, while knowing that if the worst happens, they're protected.

Encompass Protection is a life insurance product designed for that very reason – to help your clients protect what's important to them. Encompass Protection includes four cover types: Life Cover, Total and Permanent Disability (TPD) Cover, Critical Illness Cover and Income Protection Cover.

Choosing Encompass Protection means you and your clients have chosen:

- A highly rated product that provides cover for the most important needs of everyday Australians
- An outstanding service experience that's personalised and consistent, because it's delivered by marketleading Australian service business, NEOS Life
- Confidence and certainty that the benefits of life insurance will be there when needed most. Encompass Protection is issued by MLC Limited, an established and trusted life insurer with a strong track record in claims management
- An award-winning suite of claims programs designed to help customers recover and return to health before, during and after their claim.

Our business model

Encompass Protection is brought to market using a unique business structure which exploits the strengths of a number of key stakeholders:

Insurer

MLC Limited ABN 90 000 000 402 AFSL 230694 (MLC Life Insurance) issues and is responsible for Encompass Protection and the Product Disclosure Statement and Policy Document (PDS). MLC Life Insurance has been protecting Australian lives for over 130 years and in 2020, paid over \$1.1 billion in claims to its customers. So, you can be confident that your clients are in safe hands because all Encompass Protection claims are handled by the team at MLC Life Insurance.

MLC Life Insurance is responsible for product development and design, and the administration of claims for Encompass Protection, and holds commission agreements with AFS licensees.

Administrator and promoter

NEOS Life (NEOS) is a registered business name of Australian Life Development Pty Ltd ABN 96 617 129 914 AFSL 502759. NEOS is a specialist in life insurance administration. Since their launch in 2018, NEOS has changed the way life insurance is delivered in Australia by focusing on making it easy, accessible and friendly. In doing so, they've lived up to their mission of setting a new standard in life insurance. As a result, you can expect a truly outstanding customer experience when it comes to the assessment of your application and management of your Encompass Protection life insurance policy.

NEOS is responsible for, promoting, marketing and administering Encompass Protection under agreements with the insurer, and holds distribution agreements with AFS licensees.

Why Encompass Protection?

Encompass Protection is designed to give Australians more choice when it comes to finding the protection they need, at the right price, without sacrificing great customer service or confidence in the claims experience.

With Encompass Protection, you get what you've been demanding:

ENCOMPASS PROTECTION

Encompass Protection has been specifically designed for your clients with everyday needs.

As a result, Encompass Protection doesn't offer niche products like Child Cover, Business Expenses or cover for jumbo sums insured.

By removing unnecessary complexity from our product, we can deliver superior technology solutions and customer service to you and your clients.

Please refer to the Encompass Protection PDS available at **www.encompassprotect.com.au/PDS** for full product terms and conditions.

Cover types and terminology

Encompass Protection provides the below cover types.

| Cover types | Available as |
|--|---|
| Life Cover | Stand-alone |
| Total and Permanent Disability (TPD) Cover | Attached to Life Cover Linked to Life Cover Split |
| Critical Illness Cover | Stand-alone Attached to Life Cover Linked to Life Cover |
| Income Protection Cover | Stand-alone |

Stand-alone cover

Stand-alone cover operates independently of any other cover type. This means that when a benefit is paid for a stand-alone cover type, it won't reduce the sum insured for any other cover type.

Attached cover

Attached cover interacts with the other cover types it's attached to. This means that when a benefit is paid for an attached cover type, the sum insured of the cover types it's attached to will be reduced by the benefit amount paid. This also means that the premiums payable on the attached cover types will be reduced accordingly.

Linked cover

Linking is a way of bundling cover while allowing different policy owners for each cover type.

Linking is available between an Encompass Protection policy held outside of super and an Encompass Protection policy held inside of super. As with attached cover, when a benefit is paid, the sum insured of all cover types to which it's linked will be reduced by the amount of the benefit that has been paid. This also means that the premiums payable on the linked cover types will be reduced accordingly.

Split cover

Split cover is a way of splitting an individual cover type across two separate policies; one held inside of super and the other held outside of super.

Benefits (or the portion of a benefit) which are consistent with the super conditions of release will be held under the policy with ownership inside super. The remaining benefits (or the remaining portion of a benefit) will be held under the policy outside super.

The maximum benefit payable under both policies will never exceed the amount that would have been payable under a single policy held outside of super.

Encompass Protection allows TPD Cover to be split.

Interim accident cover

We provide complimentary interim accident cover, which starts as soon as we receive:

- > a fully completed application form
- a completed personal statement; and
- a completed premium deduction authority.

For Life and TPD Cover, we'll pay up to \$1,000,000, and for Critical Illness Cover, we'll pay up to \$600,000. For Income Protection Cover we'll pay up to \$10,000 per month for 12 months.

See the Encompass Protection PDS for full details.

Interim rollover cover

We provide complimentary interim rollover cover, which is designed to provide your clients with cover for accident and illness, on the terms they were accepted for, while we wait for their nominated super fund to transfer premiums to us by rollover.

Interim rollover cover starts as soon as we:

- notify you that we intend to provide Encompass Protection cover, including confirmation of the sum insured and any optional benefits and exclusions which would apply to the issued policy; and
- have received everything we need to issue the policy, including super fund premium payment details.

Interim rollover cover is available for Life, TPD and Income Protection Cover paid by rollover. It's also available for Critical Illness Cover, when linked to Life Cover paid by rollover.

See the Encompass Protection PDS for full details.

Guarantee of upgrade

Any future improvements to the benefits provided under a Encompass Protection cover type will be made available to your clients, provided they don't result in an increase in their premium and don't disadvantage them in any way.

Life Cover

Life Cover provides a lump sum payment in the event of death or terminal illness. Life Cover is available both inside and outside super.

Minimum entry age

18

Maximum entry age

- > 70 for stepped premiums
- ▶ 60 for level premiums

\$1,500

Maximum sum insured that can be applied for The maximum sum insured is the lower of:

- > \$20,000 and:
- A percentage of earnings as follows:
 - 70% of the first \$20,000 per month of earnings; plus
 - 50% of any earnings greater than \$20,000 per month.

In addition, your client can apply for:

- 20% of the Income Protection Cover sum insured for the first six months of claim under the Income Booster Option, and
- cover to protect their super contributions, with a maximum 10% of their earnings insurable under the Superannuation Contribution Option.

The combined Income Protection Cover sum insured including any Income Booster and Superannuation Contribution options cannot exceed \$30,000.

Premium types

- Stepped
- Level to age 65

Waiting periods

- ▶ 30 days
- 60 days
- > 90 days

Benefit periods

- Two years
- Five years
- To age 65

Included benefits

- Total Disability Benefit
- Partial Disability Benefit
- Death Benefit
- Waiver of Premium While on Claim Benefit
- Indexation Benefit
- Recurrent Disability
- ▶ Future Increase Benefit
- Rehabilitation Expense Benefit*

Optional benefits

- Increasing Claims Option
- Superannuation Contribution Option
- Income Booster Option

*Not available inside super

For clients with Income Protection Cover held inside super, if they are unemployed prior to becoming disabled, they may not be entitled to a benefit within super. However, if this happens, Supplementary Income Protection Insurance applies.

Supplementary Income Protection Insurance provides identical benefits to the Income Protection Cover in super without the requirement to meet the temporary incapacity condition of release.

PRICING

Pricing philosophy

We believe in charging customers fair and sustainable premiums.

To support premium rate competitiveness and stability we will:

- discount or load customer premiums appropriately, based on their risk of claiming
- reduce premium rate cross-subsidies between products and customers; and
- charge level premium rates that take into account the current interest rate environment.

By doing this we can offer highly competitive rates for healthy clients with everyday needs.

Healthy Life pricing

Encompass Protection customers applying for Life Cover, TPD Cover and/or Critical Illness Cover are eligible for lower premium rates when they meet the following eligibility criteria:

- BMI between 19 and 28.5 inclusive
- non-smoker in the last ten years; and
- no medical loadings or exclusions on the cover being applied for.

Currently, the healthy life rates are 7.5% less than the standard non-smoker rates for both stepped and level premiums if your customer meets the eligibility criteria. The healthy life rates apply to Life Cover, TPD Cover and/ or Critical Illness and do not apply for Income Protection Cover.

If your client meets the above eligibility criteria, please select 'Healthy Life' in the 'Discounts and Loadings' section in the Encompass Protection quotation system to generate an accurate quote.

If our underwriting process determines that your client doesn't meet the eligibility criteria, then the healthy life premium rates will not apply.

Please note this discount is not guaranteed and may be varied or removed at any time.

Policy discounts

Your client may be eligible for other discounts. Where applicable. these discounts will be automatically applied at time of quote.

Stamp duty

Stamp duty is charged either explicitly or implicitly on customer premiums in accordance with relevant state law. Any explicitly charged stamp duty will be shown on the quote illustration and renewal notice.

Policy fee

Encompass Protection policies don't have a policy fee.

APPLYING FOR ENCOMPASS PROTECTION

Our technology

In designing the technology suite to support our business, great care and consideration has been taken to seek out the best available systems and ensure their seamless integration.

We've then applied our decades of experience and understanding of how advisers work to create a 100% online technology solution that is simple, intuitive and highly-efficient – saving you and your staff time, money and frustration.

- Quote and application we've built our market leading quote and application system from the ground up to ensure it's simple and intuitive. It offers you complete flexibility in being able to update your client's quote, without losing information you've already entered in the application. What's more, its seamless integration with our underwriting rules engine means that application questions are automatically tailored to each individual's circumstances – meaning no unnecessary questions and a faster completion time.
- Underwriting UnderwriteMe underwriting rules engine, coupled with bespoke rules specially designed for Encompass Protection, has been designed to deliver industry leading automatic acceptance rates. This means customers get covered sooner, and you get paid faster.
- Adviser dashboard since our quote and application, adviser dashboard and policy administration systems are all within the same core system, you have real time access to all application and inforce policy information. By being able to see all customer information as and when we see it, you'll never be on the back foot with a client again.

You can access all of the above tools via your Encompass Protection Online account available at:

www.encompassprotect.com.au/adviser

Application processes

In order to streamline our technology solution, keep costs low, and ensure fast and efficient services, we have also implemented the following processes.

| Online only | Applications are only accepted through our electronic quote and application system. |
|------------------------------|---|
| Tele-interview | We have a dedicated tele-interview team who will contact customers to complete the personal statement. |
| Signature free | We don't require physical signatures from customers before issuing a Policy. |
| | This includes acceptance of revised terms which you can do on your client's behalf. |
| Lives insured | Our application system only supports one insured person per policy. |
| Policies | Our application system supports a maximum of two policies for an insured person – one super and one non-super |
| Payment methods | We accept payment via credit card or direct debit only. The available payment frequencies are monthly and annually. Payments via cheque or BPAY are not accepted. |
| | We also accept rollovers to pay the premium insurance held inside the Protect Super Plan. The available payment frequency is annual. |
| Electronic communications | We'll only communicate with customers via email (i.e. no paper post). An email address is always required for the insured person and policy owner (where applicable). |
| Commission | Encompass Protection pays commission weekly. |

UNDERWRITING SERVICES

The Encompass Protection underwriting team

Our professional underwriting team have been individually selected for their technical and relationship skills. All advisers will have a dedicated underwriter to ensure you're only ever a call away from an expert. And, if your underwriter is away, we'll make sure you know who to contact.

In addition:

- We'll assess each application in a timely and efficient manner and only request non-mandatory requirements if it will make a difference to the underwriting decision.
- We'll make quick decisions; but we'll never compromise on quality.
- We'll work closely with our service consultants to provide you with seamless service with no multiple handoffs.
- We'll keep you and your client informed of the progress of their application every step of the way.
- We'll call you with every underwriting decision we make and explain any adverse terms to support you in communicating the underwriting decision to your client.
- We'll be accountable. If we say we'll do something, you can trust that we'll deliver on our promises.

Pre-assessment service

We provide a same day pre-assessment service for all advisers.

If your client discloses a health condition or any other risk related aspect that requires an underwriting assessment, please don't hesitate to contact us. Simply email us on **preassessment@encompassprotect.com.au** or contact your dedicated underwriter to discuss.

Tele-interviewing

You can utilise our tele-interviewing service so that your client can complete their application over the phone.

This service is conducted by our highly trained teleinterviewers, who will guide your client through the application process in a friendly, helpful and sensitive manner. Our calls are recorded, which minimises disputes at claims stage. Our tele-interviewing service means you spend less time completing application forms, and more time on your business. Our tele-interviewing service is only available for applications with an annualised premium greater than \$300.

Tele-underwriting

Tele-underwriting is the fastest and simplest way to make underwriting decisions while minimising the need for further medical evidence.

Our tele-underwriting service is completed by our experienced underwriting team.

If we require additional information, we'll always call your clients, rather than have them complete a form. And we'll always keep you informed of any contact we make.

Revised terms acceptance

Revised terms are used to allow us to offer cover to a wider range of people. There are two ways your client can accept revised terms:

Online decisions – if the online underwriting decision includes a loading and/or exclusion, the submission of the application for Encompass Protection indicates acceptance of the revised terms.

Underwriter decisions – where revised terms are offered following a manual assessment (including tele-interview), you may accept these terms on behalf of your client once you've gained their agreement. Simply call or email us to confirm your client's acceptance.

We don't require a signature from your client in either instance.

Declined applications

If we're unable to offer cover to your client, we'll always try to contact you prior to sending a decline letter.

We'll delay emailing a decline letter for three working days to allow you time to contact your client prior to our communication.

If we do decline cover, your client is entitled to request further information.

When it's practical to do so, we'll also send a letter to your client's doctor outlining our reasons for declining cover, so the doctor can discuss this information with them. Encompass Pricing Protection

Applying for Encompass Protection

Policy

MEDICAL UNDERWRITING

Medical underwriting is the process we use to assess your client's medical history. All medical information gathered is strictly confidential and is only viewed by those who have a direct role in assessing your client's application.

Mandatory medical requirements

In cases of higher sums insured or older ages, we may require your client to undertake medical tests - these are called mandatory medical requirements. We have tried to minimise and simplify these requirements where possible.

While the online application system will automatically calculate any mandatory requirements, we know that it's important for you to understand the specifics of how mandatory medical requirements are calculated.

The calculation is based on:

- the sum insured being applied for
- your client's age; and
- > any existing cover that your client has with us that is not being replaced.

For the purposes of this calculation, any existing cover held with another insurer will not be included. If medical evidence has been obtained in the past six months, we may be able to use this. Please contact your dedicated underwriter or our underwriting team to discuss if this is the case.

There are four types of mandatory medical requirements that we may request:

1. Mini-checks

Mini-checks include a series of simple medical tests conducted by a doctor, or more frequently, by a nurse.

They include height and weight measurements, blood pressure and urinalysis.

Brief details of your client's medical history will also be collected.

2. MBA20 and 3. FBC

MBA20 and FBC blood tests mean a blood sample is taken and analysed by a pathology lab.

For more accurate cholesterol and glucose readings, your client should fast for eight hours before the blood test unless there are medical reasons not too.

4. PMAR

PMAR's are reports completed by the client's usual doctor. Your client is not required to visit their doctor for this report. We request reports for the level of cover or sometimes to request details for a particular condition - a brief medical report (BMR).

Mandatory medical requirements for Life, **TPD and Critical Illness Cover**

The maximum cover is \$3,000,000 for Life Cover, \$3,000,000 for TPD Cover, and \$1,000,000 for Critical Illness Cover.

The below table indicates when, based on your client's age and the sum insured being applied for, mandatory medical requirements will be needed.

| Life Cove | r 1 = Mini-check 2 = MBA20 |
|-----------|----------------------------|
|-----------|----------------------------|

| Sum insured | Age next birthday | | | | | |
|---------------------------|-------------------|-------|-------|-------|-------|-----|
| | Up to 45 | 46-50 | 51-55 | 56-60 | 61-65 | 66+ |
| \$0 - \$500,000 | Nil | Nil | Nil | Nil | Nil | Nil |
| \$500,001 - \$750,000 | Nil | Nil | Nil | Nil | 1+2 | 1+2 |
| \$750,001 - \$1,000,000 | Nil | Nil | Nil | Nil | 1+2 | 1+2 |
| \$1,000,001 - \$1,500,000 | Nil | Nil | Nil | 1+2 | 1+2 | 1+2 |
| \$1,500,001 - \$2,500,000 | Nil | 1+2 | 1+2 | 1+2 | 1+2 | 1+2 |
| \$2,500,001 - \$3,000,000 | 1+2 | 1+2 | 1+2 | 1+2 | 1+2 | 1+2 |

TPD Cover 1 = Mini-check 2 = MBA20

| Sum insured | Age next birthday | | | |
|---------------------------|-------------------|-------|-------|-------|
| | Up to 45 | 46-50 | 51-55 | 56-60 |
| \$0 - \$500,000 | Nil | Nil | Nil | Nil |
| \$500,001 - \$750,000 | Nil | Nil | Nil | Nil |
| \$750,001 - \$1,000,000 | Nil | Nil | Nil | 1+2 |
| \$1,000,001 - \$1,500,000 | Nil | Nil | 1+2 | 1+2 |
| \$1,500,001 - \$2,500,000 | Nil | 1+2 | 1+2 | 1+2 |
| \$2,500,001 - \$3,000,000 | 1+2 | 1+2 | 1+2 | 1+2 |

Critical Illness Cover

There are no mandatory medical requirements up to the product limit of \$1,000,000.

Mandatory medical requirements for Income Protection Cover

The maximum Income Protection sum insured is \$20,000 per month. The Income Booster Option and Superannuation Contribution Option allow for additional benefits above this, up to a combined maximum of \$30,000 per month.

The below table indicates when, based on your client's age and the sum insured being applied for, mandatory medical requirements will be needed.

1 = Mini-check 2 = MBA20 3 = FBC 4 = PMAR

| Sum insured | Age next birthday | | |
|---------------------|-------------------|---------|--|
| | Up to 50 | 51+ | |
| \$0-\$10,000 | Nil | Nil | |
| \$10,001-\$12,500 | Nil | 1+2 | |
| \$12,501-\$15,000 | 1 | 1+2 | |
| \$15,001-\$20,000 | 1+2 | 1+2 | |
| \$20,001 - \$30,000 | 1+2+3+4 | 1+2+3+4 | |

Arranging medical requirements

You can choose to arrange the mandatory medical requirements on behalf of your client, or we can organise these for you with our paramedical service provider.

If you choose to arrange the medical requirements yourself, the medical requirements will be shown on our quote and application output when submitting electronically. Please note that irrespective of the chosen doctor or preferred service provider used, the medical costs (including reports and any pre-approved out of pocket expenses) are paid by us.

Consent for accessing Health Information

The Encompass Protection medical authority form uses the standardised wording and authorities set out in FSC Standard No.26: Consent for accessing Health Information for the collection of health information. The authority form will inform your client about how their health information can be accessed by us and each time your client applies for cover or makes a claim, NEOS will obtain a new consent from your client.

The authority form will give us two types of authority.

- Authority 1 an authority for NEOS to request a report from your client's health provider (except consultation notes) about a specific condition/s; and
- Authority 2 an authority for NEOS to request your client's full health record (including consultation notes).

We will request a PMAR or BMR in the first instance. If we have not received the PMAR or BMR after 4 weeks, or the PMAR or BMR is incomplete, inaccurate or contained inconsistencies, we may request a copy of your client's full health record (we will need authority 2 signed to do this).

The 'Consent for accessing Health Information' form is on our website. For more information about the FSC Standard, please refer to https://fsc.org.au/resources-category/ standard/2233-standard-26-consent-for-accessinghealth-information-1/file. Pricing

Applying for Encompass Protection

FINANCIAL UNDERWRITING

Financial underwriting involves consideration of relevant financial information to assess the appropriateness of the levels of cover proposed. When assessing financial risk, we consider the following factors:

- benefit type
- sum insured
- purpose and need for cover (personal and/or business)
- income and how it is generated
- assets and liabilities
- nature of business and business structure
- number and ages of any dependents; and
- > your client's total cover in the industry.

We collect this information to ensure your underwriter clearly understands your client's financial situation, why cover is required and how the proposed sum insured was calculated.

Financial underwriting for Life, TPD and Critical Illness Cover

Every client is different. Some will be looking to protect their personal position, while others will be looking for protection for their business. Some of your clients will be working, while others may be performing equally important unpaid duties within the home. The following information provides a guideline on the maximum level of cover we would normally consider under these different circumstances.

Maximum sum insured for personal cover

The following multiples of annual income can be used as a guide to determine the maximum sum insured that would usually be considered.

Where income has fluctuated over the last few years, it's advisable to take an average of that income.

As each person's financial circumstances differ, the optimal sums insured may vary from the maximums shown below.

Calculations are based on maximum total industry cover:

| Cover Type | Maximum multiple | Calculation |
|---------------------------|---------------------|----------------------------------|
| Life Cover | x 25 | (70 – current age) x earnings |
| TPD Cover* | x 15 | (65 – current age) x earnings |
| Critical Illness Cover | x 20 | (65 – current age) x earnings |

* Where your client is not applying for (or does not hold) Income Protection Cover with a benefit period to age 65 or longer, the maximum multiple for TPD Cover will be x25.

In some circumstances, we'll consider a sum insured above the income multiples guideline. To apply for a sum insured outside these guidelines, please include a brief outline of how the sum insured was calculated and any supporting information. However, if the Life Cover or Critical Illness sum insured is less than \$500,000, we will not require further supporting information.

Please contact your dedicated underwriter or our underwriting team to discuss further.

Maximum sum insured for home duties

Based on completion of the personal statement only, the maximum sums insured we offer for home duties are listed in the following table.

| Cover | Maximum sum insured |
|------------------------|---------------------|
| Life and TPD Cover | \$1,000,000 |
| Critical Illness Cover | \$750,000 |

In some circumstances, we'll consider a sum insured above these limits depending on your client's individual circumstances, such as age, number of dependants, balance of family mortgage outstanding, spouse's income and any existing cover. Please contact your dedicated underwriter or our underwriting team to discuss further.

Financial underwriting for business cover

We can assess the appropriateness of most levels of business cover utilising the information provided in the online application.

In exceptional circumstances, we may request more formal evidence such as a financial questionnaire, business tax returns, evidence of debt or a buy-sell agreement or valuation.

If your client's total level of industry cover exceeds our maximum sums insured, please contact your dedicated underwriter or our underwriting team to discuss further.

The different types of business cover are listed below:

Key person cover

- A key person can be defined as a person whose loss from a business will cause the business significant financial strain due to the key role they hold and the special knowledge and skills they possess.
- The amount of cover applied for on a key person should equal the potential financial loss incurred by the business, considering the costs of finding a replacement plus the anticipated downturn in net profit of the business should the key person die or become disabled.

Partnership/share purchase

- Partnership insurance is used to protect the value of a business that each partner owns in the event of a partner's death or disability. The insurance benefit provides the funds for the remaining partner/s to purchase his/her share.
- In the case of this insurance arrangement, all major partners/shareholders should be covered and there should be an agreement in place to cover the partnership/share purchase arrangements.

Business debt protection

- Business debt protection is used to protect a business from exposure to financial loss due to the inability to service/pay debt in the event of the death or disablement of one of the owners.
- Generally, we'll not restrict the sum insured to the liability drawn and will insure any personal guarantees for the debts.

Mandatory financial requirements for business cover

No mandatory financial requirements for business Life Cover, TPD Cover and Critical Illness Cover are required; however, we may request discretionary requirements based on your client's total cover with other insurance providers should it exceed our maximum. Please contact your dedicated underwriter or our underwriting team to discuss.

Financial underwriting for Income Protection Cover

Generally speaking, your client's income is the primary driver when assessing Income Protection Cover. However, we'll always consider other sources of income such as sick pay and policies held with other insurance providers, when making our assessment. Guidance on how to calculate your client's insurable income is set out in the sections below.

Maximum sum insured

Replacement ratio

The maximum sum insured available for Income Protection Cover is the lower of:

- > \$20,000 per month, and
- A percentage of your client's earnings as follows;
 - 70% of the first \$20,000 per month of your client's earnings , plus
 - 50% of earnings greater than \$20,000 per month.

In addition, your client can apply for:

- 20% of the Income Protection sum insured for the first six months of claim under the Income Booster Option, and
- cover to protect their super contributions, with a maximum 10% of their earnings insurable under the Superannuation Contribution Option.

The combined Income Protection Cover sum insured, Income Booster option sum insured and Superannuation Contribution Option sum insured cannot exceed \$30,000 per month.

Restrictions to maximum sum insured for high-risk occupations

Restrictions are placed on the maximum sum insured available for certain high-risk occupations.

High-risk occupations include farmers and blue collar mining and offshore workers. For these occupations, the maximum Income Protection Cover sum insured is \$10,000 per month. About Encompass Protection

Policy

Financial assessment guidelines

Employees

If your client is an employee (with no ownership interest in the business they work), their monthly earnings include the income they're entitled to receive as remuneration from their employer. Employees may include additional elements of their salary package, provided they're not included in the original package/salary listed on their application, such as:

- motor vehicle allowance
- regular monthly overtime
- super; and
- regular and recurring bonus or commission payments (averaged over the last two years).

Income Variances - Bonuses and Commissions

We can allow the inclusion of consistent commissions/ bonuses as part of your client's income, but these will usually be limited so that they comprise no more than 30% of your client's earnings. If you have a client such as a real-estate agent or account/sales executive, where their income is mainly derived from bonuses or commission, please contact your dedicated underwriter or the underwriting team to discuss further.

Self-employed

Self-employed clients are sole traders, partners, shareholders or employees of their own business (i.e. Pty. Ltd. companies, trusts or partnerships).

If your client is self-employed, their monthly earnings are based on their share of the net business profits they're entitled to receive directly or otherwise. Business profits are calculated in the same manner that profits and losses in a business are calculated.

Some items can be added back from the profit and loss such as your client's share of:

- donations
- salary/wages and/or director's fees
- super
- salary/wages and or super income split with spouse
- a percentage of private use of a motor vehicle (if not already considered); and
- > depreciation costs, (if not already considered depending on the item and the amount).

Income from investments or passive income shouldn't be included.

Hours worked and how this could affect calculating the monthly benefits

We can only insure a maximum of 50 paid hours of work per week. If your client is employed and gets paid per hour or is self-employed, any excess will be pro-rated to the equivalent of 50 paid hours (or equivalent over the month to account for shift workers and fly-in fly-out workers).

Clients who are paid a salary package will not be impacted by this, however any client who works in excess of 60 hours a week will be considered by our underwriting team on a case-by-case basis. See page 35 for further explanation.

Passive or investment income

Income that the insured person receives, other than through personal exertion in their occupation, is known as passive income. Passive income may include such things as dividends, interest, rent or pensions. As such, passive income continues to be received by the insured person even if they become disabled, and therefore does not form part of their personal exertion income.

During the application process we may seek additional details on the insured person's passive income so that we can understand the impact on their Income Protection Cover.

Where passive income is:

- > more than \$20,000 per year (after expenses), or
- more than 25% of total income (where total income = personal exertion income + passive income),

our underwriters may adjust the Income Protection sum insured.

The Income Protection sum insured will be adjusted as follows:

((Earned income + passive income) x replacement ratio unearned income) /12

Where passive income exceeds \$150,000 per year, Income Protection Cover may not be available, and we may seek further information regarding TPD cover.

Income splitting

If a spouse is employed in your client's (the insured person) business primarily for income splitting or taxation purposes, then the income their spouse receives may be considered as part of the income generated by your client (the insured person).

If both spouses require cover, full details of each spouse's responsibilities, duties and income must be provided. In this instance, applications for both spouses are only accepted when it's clear that each spouse works in the business and is not working at home doing accounts, bookkeeping or secretarial work for the business.

Income fluctuations

Generally, we use the current full year of earnings to calculate the sum insured. However, this is overlayed with the previous year's earnings to ensure consistency of income. We allow an increase difference of 30% from the previous year.

If there has been a decrease from the previous year, we'll require full details of the reasons before we make an underwriting decision. This could result in us reducing the sum insured.

Mandatory financial requirements

There are no mandatory financial requirements for Income Protection Cover.

Policy

OTHER UNDERWRITING GUIDELINES

Back and musculoskeletal conditions

It's very common for clients to disclose a history or current symptoms of a back or musculoskeletal disorder on their application. For TPD Cover and Income Protection Cover, when a pre-existing back or musculoskeletal condition has been disclosed, the Encompass Protection URE will ask a number of reflexive questions so that we can understand the full extent of the problem.

Based on this information, we'll then assess the likelihood of an exclusion applying based on:

- the diagnosis given
- how long the client has had the symptoms
- > the date of the last symptom
- the type of treatment given
- > the amount of time the client was away from work
- > the results of tests performed (for example x-rays, MRIs, CT scans); and/or
- > the duties performed by the client in their occupation.

Where an exclusion is applied, we'll try to limit it to the area affected. An exclusion will usually be offered in the following circumstances:

- the client has permanent damage (for example a prolapsed disc or osteoarthritis of the knee)
- > there has been a long history of problems
- the client has undergone surgery
- > the client has had prolonged periods off work
- > the client is undergoing regular treatment for a previous condition; or
- > the client has already received a lump sum insurance payment for the injury.

We may not be able to offer cover in the following circumstances:

- the client is currently off work with back or musculoskeletal issues
- surgery is pending; or
- the client has severe back or musculoskeletal problems and works in a heavy manual occupation.

Bankruptcy, administration, receivership and liquidation

Careful consideration is required if your client has been declared bankrupt or an entity owned or controlled by your client has been placed under administration, into receivership or into liquidation.

When considering clients who have disclosed a history of bankruptcy, administration, receivership or liquidation, we'll require full details and depending on the information provided and the situation, we may be able to provide cover. However, if your client has not been discharged, TPD Cover and Income Protection Cover is unlikely to be available.

Depression, anxiety and stress

Unfortunately, depression, anxiety and stress are becoming more and more common. As a result, it's important that you understand our underwriting approach for these conditions.

For Life Cover and Critical Illness Cover depression, anxiety or stress usually don't pose much of a concern to underwriting, unless the condition is severe, long standing, or if suicidal tendencies are shown.

When considering a client for TPD Cover and Income Protection Cover, we consider the underlying reasons for the depression, anxiety or stress, any time required away from work, the type and duration of treatment, and their doctor's diagnosis, before we make a final underwriting decision.

Height and weight

Excess weight increases the risk of the following medical conditions:

- cardiovascular disease
- high blood pressure
- high cholesterol
- type 2 diabetes; and
- sleep apnea.

We use BMI to assess the medical implications of your client's weight compared to their height. We use the following formula to calculate BMI:

BMI = weight / (height x height)

For example:

- weight = 90kg
- height = 180cm
- BMI = 90 / (1.8 x 1.8) = 28

A BMI of 30 or over could attract a premium loading.

Pregnancy

Expecting a child is often the trigger for many people to apply for or alter their life insurance. However, we need to consider specific risks when assessing women who are pregnant.

For Life Cover, TPD Cover and Critical Illness Cover, unless there has been a history of complications, cover will usually be considered at standard rates. Where there have been serious complications in either a previous pregnancy or the current pregnancy, medical evidence may be requested. Please note that this doesn't include side effects of routine screening tests or procedures such as a caesarean section.

Where your client is more than 30 weeks pregnant and will be taking maternity leave, Income Protection Cover and own/any definition TPD Cover may not be available. Your client's return to work plans will also be considered in determining the cover available.

Residency

Your client must have permanent residency in Australia to apply for Life Cover, TPD Cover, Critical Illness Cover and Income Protection Cover. However, we'll also consider applications where your client has applied for permanent residency in Australia (but it hasn't yet been granted) or they're on a long term business or employer sponsored visa such as 482 and they've been in Australia for more than 12 months and they have a good work history in their current role.

A territorial exclusion is usually applied. This means that any claim will only be payable while the insured person remains living in Australia.

Smoking

If your client smokes over 30 cigarettes per day, this may result in the underwriter requesting further medical evidence based on your client's cardiovascular profile. Depending on the results, we may apply a loading. To be eligible for nonsmoker rates, your client must not have smoked any form of tobacco (including cigars and pipe smoking) or any other substance, within the previous 12 months.

Review of smoker rates

If your client stops smoking they can apply for non-smoker rates by submitting a Non-Smoker Declaration 12 months after cessation. If your client stops smoking due to an adverse change in their health, non-smoker rates may not be available.

Travel

When applying for cover it's important that all known overseas travel, even for holidays, is disclosed as it's an important factor in the overall underwriting decision. When underwriting the application, we'll consider cover subject to the following:

- the destination
- the duration of the stay
- the purpose; and
- the frequency of travel.

Where your client is planning on travelling overseas for a period of time for holiday or work, we'll consider Life Cover and Critical Illness Cover based on the information above.

The Department of Foreign Affairs and Trade (DFAT) provides recommendations for Australians potentially travelling outside of Australia. It's therefore important to know the exact details of where your client will be spending most of their time and the duration of their stay in each location so we can assess the risk based on DFAT's recommendations.

We use the following table as a guide.

| DFAT | Travel advice | Underwriting approach |
|---------|------------------------------------|--|
| Level 1 | Exercise normal safety precautions | No restrictions |
| Level 2 | Exercise high degree of caution | No restrictions |
| Level 3 | Reconsider your need to travel | Individual consideration based on the country, purpose and duration of the trip. If cover is available, an exclusion will apply |
| Level 4 | Do not travel | Application will be declined |

Should we apply a travel exclusion, your client can apply for a review to remove it, once they've returned to Australia with no specific plans to travel. Encompass Pricing Protection

Applying for Encompass Protection

Policy

ACTIVITIES AND PURSUITS GUIDELINES

The classification of activities and pursuits for our cover types are set out below. Alternatively, you can contact your dedicated underwriter to determine any potential loadings or exclusions resulting from your client's activities or pursuits.

If your client's circumstances are not covered in this guide, please contact your dedicated underwriter or our underwriting team to discuss. Please note that most social activities and pursuits such as squash, tennis and golf, are accepted at standard rates unless otherwise shown.

Professional Sports/Activities

If your client takes part in a sport or activity on a paid, professional basis where this is their primary occupation, TPD Cover and Income Protection Cover will not be available. There may be exceptions where your client has a usual paid occupation and also participates in a sport or activity on a professional or semi-professional basis. Please contact your dedicated underwriter or our underwriting team to discuss these cases further.

| Abbreviations used in the activities and pursuits guide | | | |

OCCUPATION GUIDELINES

Occupation categories

Life Cover and Critical Illness Cover

| Occupation category | Description |
|---------------------|--|
| A | High earning, degree qualified professionals |
| В | Medical professionals |
| С | Sedentary workers (general white collar and up to 10% light manual work) |
| D | Manual workers |
| E | Heavy manual/hazardous workers |
| Per mille loading | Hazardous occupations |
| UI | Uninsurable occupations |
| IC | Individual consideration |

TPD Cover and Income Protection Cover

| Occupation category | Description |
|---------------------|---|
| MED | Qualified medical professionals requiring membership of a professional or government body in order to practice that occupation. |
| LAW | Qualified legal professionals requiring membership of a professional or government body in order to practice that occupation. |
| WCP | White collar professionals (excluding medical and legal workers) performing no manual work duties (including some site/field work) who: |
| | have a relevant degree; or |
| | ▶ no degree, but earned at least an average of \$120,000 p.a. over the last two years. |
| WCA | White collar, administrative or clerical based occupations that don't involve any manufacturing or physical duties and are 100% sedentary. This includes most occupations which involve no manual work duties who are not eligible for categories WCP. |
| WCM | White collar workers with less than 10% manual work duties and occupations involving duties not purely desk based. E.g. most shop keeper/assistant roles performing less than 10% light manual work duties. |
| LBC | Certain light manual skilled workers such as laboratory assistants, florists and jewellers. This includes most shop keeper/assistant roles involving more than 10% light manual work duties. This also includes supervisors of blue collar workers who generally spend less than 20% of their time performing light manual work duties. |

| Occupation category | Description |
|---------------------|--|
| BC | Tradespeople and skilled workers such as trade licensed builders, qualified domestic electricians and plumbers. For certain occupations, a maximum benefit period of two or five years will apply. Any restriction to the benefit period will be shown in the occupation guide. |
| HB | Heavy manual tradespeople or other semi-skilled people with at least three years' experience, such as qualified bricklayers or trade qualified welders. Some occupations will have a maximum benefit period of two or five years. Any restriction to the benefit period will be shown in the occupation guide. |
| SRA | Special risk category for certain blue-collar occupations (for example, a concrete contractor), semi-skilled manual workers, unqualified but experienced tradespeople and some occupations involved in hazardous or very heavy manual work. In most instances, a minimum three years' experience will be required. All occupations will have a maximum benefit period of two or five years. Any restriction to the benefit period will be shown in the occupation guide. |
| | Please note that the waiting period is restricted to 90 days. |
| SRB | Special risk category for hazardous occupations. |
| | Income Protection Cover is not available. |
| SRC | Special risk category for non-hazardous occupations. |
| | Income Protection Cover is not available. |
| UI | Uninsurable occupations |
| IC | Individual Consideration |

TPD Cover and Income Protection Cover

There are many other factors that need to be considered when assessing the occupation and eligibility for TPD Cover and Income Protection Cover and these are set out below. Please contact your dedicated underwriter or our underwriting team to discuss this in more detail.

Farmers, blue collar miners and offshore workers

Income Protection Cover is generally restricted to \$10,000 per month.

Apprentices

TPD Cover and Income Protection Cover will be considered for apprentices in their final year and will be based on their chosen trade occupation class. If they're not in their final year, then Income Protection Cover will be considered as an SRA occupation class and TPD Cover will usually be covered under an 'Any occupation' definition, provided the usual occupation is eligible for this definition. Please contact your dedicated underwriter or our underwriting team to discuss further. About Encompass Protection Encompass Pricing Protection Applying for Encompass Protection

Number of hours worked

To be eligible for TPD Cover and Income Protection Cover, your client must work at least 20 hours per week. Income Protection Cover is sometimes not available for clients working up to 20 hours or more with multiple part-time occupations however, depending on the occupation classes, we'll consider this on a case-by-case basis. For example, we would usually consider occupation classes MED, LAW, WCP and WCA.

We'll also review clients who work excessive hours, usually more than 50 hours per week, taking into account the industry in which your client works, how long they've been working these hours and their future intentions.

Casual/seasonal employment

Casual and seasonal work doesn't generally offer continuous employment, is usually unreliable and outside someone's control. In this situation, we don't usually offer TPD Cover and Income Protection Cover. However, in some circumstances, such as when your client has been working for the same employer for two years, we'll consider cover on a case-by-case basis.

Newly self-employed

We'll generally consider clients who have become selfemployed within the last 3-6 months if they're doing the same type of work.

In this instance, our approach is to apply a newly selfemployed clause.

A newly self-employed clause allows for the definition of pre-disability earnings to be calculated from the date of self-employment. This will remain on your client's policy for a period of two years.

If you have a client who is newly self-employed, it's important that previous income figures are still completed.

For clients who have become self-employed within the last 12 months, please provide 'projected income figures' in the "last year" field and previous income in the "previous 12 months" field in the online application (business income and net income are the same if your client was previously an arms-length employee).

Change of occupation

If your client has completely changed their occupation in the last 12–24 months, we may consider placing a restriction on the waiting period, benefit period, sum insured and/or the occupation class.

Each case will be individually considered based on the underwriter's assessment after comparing the change in occupation and class, duties and income.

Second occupations

If your client works in a second occupation for less than 10% of their time, we'll use the occupation class of their main occupation.

For clients working more than 10% in a second occupation, where the occupation class only varies by one occupational category, we'll rate the second occupation class if it's risker.

If there is more than one class between the principal and second occupation, the underwriter will determine which occupation class should apply based on the duties and time spent in each occupation. This will usually be the riskier of the two occupations disclosed. Normally a client may only cover the income from their principal occupation; however, if your client has been generating income from their secondary occupation for a number of years, and their income continues to be consistent, we may consider including it.

Working from home

Clients working from home present difficulties at the underwriting and claims stage for TPD Cover and Income Protection Cover. One of the challenges is the inability to determine if the business will continue, or is continuing to run, even if the client is disabled. Each circumstance will be considered by your dedicated underwriter or the underwriting team to determine the best terms for your client.

Eligibility for cover will depend on the following:

- the nature and industry of the business
- > the amount of contact with clients
- how long the business has been established
- if there are any other employees who work at the home (excluding family members); and
- if there is a separate office or dedicated work space.

Policy

COMMISSIONS

How we pay commission

We pay commission on a weekly basis directly to an AFS Licensee/Dealer Group.

Initial commission for year one is payable upfront, regardless of the premium frequency.

Renewal commission from year two onwards is paid upon receipt of the premium.

Commissionable premium

- Initial commission is payable on the first year's premium for a new Insurance Policy and customer initiated increases on an existing Insurance Policy.
- > Commission is payable on the premium after all relevant discounts/rebates are applied.
- Commission is payable on all permanent and temporary loadings.
- Commission is not payable on stamp duty.
- Commission is not payable on the modal/frequency loading for monthly premium payments.
- Commission is not payable on waived or refunded premiums.
- Renewal commission only is paid on indexation and age increases.
- > Once the application is accepted, the commission structure cannot be altered.

| Syndicate | Commission type | Commission payable year one | Renewal commission payable | Premium discount | Effective dial down |
|-----------|--------------------|--------------------------------|----------------------------------|---------------------|------------------------|
| 1 | Upfront | 66% | 22% | 0% | 0% |
| 2 | Upfront | 52.8% | 17.60% | 5% | 20% |

| 13 | Level | 5.5% | 5.5% | 20% | 80% |
| 14 | Level | 0% | 0% | 25% | 100% |

All rates are inclusive of GST.

Commission rates

Write-back

Life Insurance Framework write-back rules apply.

Upfront commission types

- Any benefit that discontinues within the first 12 months of a policy will incur a 100% write-back of commission paid in the first 12 months.
- Any benefit that discontinues in the second year of a policy will incur a 60% write-back of commission paid in the first 12 months.
- Any reduction in premium (e.g. as a result of a client initiated decrease) during the responsibility period will result in a clawback of commission proportional to the amount of the decrease.
- If premiums are refunded to a client, any initial or renewal commission payable on that premium will be clawed back.

Level commission types

Any Insurance Policy or benefit calculation or discontinuance will result in a clawback of commission on a pro-rata basis depending on the number of months' premium paid.

The commission write-back applies to the commissionable adviser/s at the time of discontinuance. Where a benefit discontinues as the result of a valid claim, no commission will be written back.

Older entry ages

When the insured person is 66 years or older at entry, only a level commission is available.

Replacement business

Fully underwritten replacements

- If a benefit being replaced has been in force for less than five years, year one commission is payable on any increase in premium. Year two commission is payable on any existing premium for benefits that have been in force for more than one year. Both year one and year two commission rates will be applied on the same commission basis as the replaced benefit.
- If a benefit being replaced has been in force for more than five years but less than seven years, year one commission is payable on the full premium but at level commission rates.
- If a benefit being replaced has been in force for more than seven years, year one commission is payable on the full premium.

Transfer of ownership

If a policy is replaced due to a transfer of ownership, and we issue a replacement policy under the same terms and conditions as the policy being replaced, renewal commission is only payable on the same commission basis as the original benefit.

Buy-back options

If a policy or benefit is established on the basis of a buyback option or benefit, renewal commission is only payable on the full premium on the same commission basis as the original benefit. The policy rate must also be the same as the existing benefit.

POLICY ADMINISTRATION

General alterations

| Process | Requirements | Form signed by/ change requested by | Accepted by email/mail | Accepted by phone |
|---|---|--|---------------------------|----------------------|
| Change of address | None | Policy owner / financial adviser | Yes | Yes |
| Authority to obtain information | Letter | Policy owner / financial adviser | Yes | No |
| Beneficiary | Nomination of beneficiary form | Policy owner / financial adviser | Yes | No |
| Cancellation of benefit/policy | Letter | Policy owner / financial adviser | Yes | No |
| Change of name | Proof of new name | Policy owner / insured person / financial adviser | Yes | No |
| Change of credit card | Confirmation from the payer | Policy owner / financial adviser | Yes* | Yes |
| Change of bank account | Confirmation from the payer | Policy owner / account owner / financial adviser | Yes* | Yes |

+Within six months of cover commencement we'll consider with a declaration of continued good health. Please contact your dedicated underwriter or our underwriting team to discuss these cases further.

Reinstatements

If a policy lapses due to non-payment of premiums, your client can apply to reinstate their policy within 6 months.

| Eligibility | Requirements |
|-----------------------|--|
| < 30 days since lapse | Payment of outstanding premiums |
| 1-6 months | Reinstatement form – underwriting is required and payment of outstanding premiums if reinstatement is approved |

If more than 6 months has elapsed since the date of lapse, reinstatement is not available. A new application is required.

CLAIMS

Claims approach

Encompass Protection claims experience is supported and managed by MLC Life Insurance. Encompass Protection claimants therefore have access to Vivo. Vivo is a holistic health, wellness and recovery program available to Encompass Protection customers and their immediate family*.

Encompass Protection is about so much more than a financial payout. We want our customers to thrive by living their best lives with the people they love. We know that early intervention can make the world of difference.

Our support isn't limited to when your clients lodge a claim – Encompass Protection has their back every step of the way with Vivo. This means whether your customers are looking to improve their everyday health and wellness, dealing with a medical condition, or require recovery support, Vivo connects them with a global network of services and experts that can help.

If they do need to make a claim, we'll guide them through this process with dedicated support right from the start. We make sure the process is as quick and seamless as possible, so your clients can focus on getting better.

Claims support services

In addition to receiving the expert support through the claims assessment, Encompass Protection customers also benefit from access to Vivo.

From early intervention to recovery, from the body to the mind – your client's Encompass Protection insurance is so much more than claim payments. Specifically, Encompass Protection customers and their immediate* family members have access to Vivo services. These include:

Holistic health, wellness and recovery program

No matter where your clients are on life's journey, Vivo offers health and wellness services that provide them with care and support when they need it.

Available to customers and their immediate family^{*} at no extra cost with their Encompass Protection insurance.

Service to suit your needs

Whether your clients are looking to improve their everyday health and wellness, dealing with a medical condition, or require recovery

support, Vivo connects them with a global network of services and experts that can help.

Care and support for life's journey

Vivo offers a diverse range of support services to enable your clients to do more – at home, at work, and at play. From virtual care to referrals, from prevention to recovery, Vivo is their go-to program to access a network of health and wellness experts from around the world.

Start your health and wellness journey today

Available to Encompass Protection customers and their immediate family* at no extra cost with their Encompass Protection Insurance. They can access Vivo to support them with fitness, nutrition, mental health and recovery. Vivo is a health, wellness and recovery program that they can access today.

*Immediate family members include your client's children (under parental supervision), partner, parents and partner's parents. Access to immediate family members is limited to Vivo Virtual Care services. Mental Health Navigator is only available for those aged 18 years or older. Commissions Policy administration

How we treat exclusions at claim time

Encompass Protection provides cover for a multitude of injuries and sicknesses, noting that some conditions may be excluded under the terms of your clients policy. Each claim is assessed on its circumstances and on the evidence available at the time.

If the claimed condition was in no way associated with, nor aggravated nor complicated by an excluded condition, then consideration would be given to payment of a claim.

For instance, if an individual has a back exclusion limited to the lumbar region and was subsequently paralysed as a result of serious spinal injury in an unrelated accident, then if all other claim conditions are met, the claim would be paid. Similarly, if a disease unrelated to an exclusion, such as, cancer or osteomyelitis, suddenly afflicted the spine, providing all other requirements for the claim are met the claim would be paid.

For Income Protection Cover or TPD Cover claims, if the individual's recovery from disability is not complicated or prolonged because of an excluded condition, then we will favourably consider the payment of the claim.

The decision as to the application of an exclusion to a claim will be reasonably made by reference to the exclusion wording, the policy terms and circumstances of the claim.

How to claim

Whenever you or your client needs assistance or support, we encourage you to contact us right away. Our dedicated consultants will:

- help you through the claims process
- provide product information; and
- discuss options for claims lodgement.

We understand that for your client, the prospect of submitting a claim can often be daunting and highly emotional. That's why we've simplified our claims process to ensure that most of the information required to lodge a claim can be captured during the first phone call. However, your client will always have the choice of submitting their claim over the telephone or via paper.

Should you have further questions about our claims process or wish to submit a claim, please visit encompassprotect.com.au/adviser/claims-experience/ make-a-claim or call us on 1300 576 049 This page has been left blank intentionally
